PROXY STATEMENT FOR THE
ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD ON MAY 15, 2013

This solicitation of proxies is made by the Board of Directors of United Fire Group, Inc. (“Company,” “we,” “us,” or “our,” as the context requires). Proxies will be used at the Annual Meeting of Shareholders of United Fire Group, Inc. (the “Annual Meeting”), an Iowa corporation, to be held on May 15, 2013 at 10:00 a.m., and at any adjournment or postponement thereof. This year's meeting will be held in the first floor conference room of our building located at 109 Second Street SE, in Cedar Rapids, Iowa. With respect to shares of our common stock held in the United Fire Group, Inc. Employee Stock Ownership Plan (the “ESOP”) and the United Fire Group, Inc. 401(k) Plan (the “401(k) Plan”), the Board of Directors is soliciting participants on behalf of the Trustees of those plans to direct the Trustees how to vote the shares held in those plans.

The notice of meeting, proxy statement, and form of proxy is first being mailed to shareholders and participants in the ESOP and 401(k) Plan on or about April 15, 2013.

We will solicit proxies principally by mail, but our directors and employees may also solicit proxies by telephone, facsimile, or e-mail. Our directors and employees may also conduct personal solicitations.

ANNUAL MEETING OF SHAREHOLDERS

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

What is the purpose of the Annual Meeting?

At the Annual Meeting, shareholders will act upon the matters listed in the attached Notice of 2013 Annual Meeting of Shareholders, including (i) the election of five (5) Class B directors to serve three-year terms expiring in 2016, (ii) the ratification of the Audit Committee's appointment of Ernst & Young LLP as our independent registered public accounting firm for 2013, and (iii) an advisory vote approving the compensation of our named executive officers. Our management will report on our performance during fiscal year 2012. Representatives of Ernst & Young LLP will be present at the meeting, will have the opportunity to make a statement if they so choose, and will be available to respond to appropriate shareholder questions.

Who may attend the Annual Meeting?

All shareholders of record as of March 18, 2013 or their duly appointed proxies may attend the Annual Meeting. Although we encourage you to complete and return the enclosed proxy card by mail, or to vote by telephone or via the Internet to ensure your vote is counted, you may attend the Annual Meeting and vote your shares in person.

Table of Contents

Who is entitled to vote at the Annual Meeting?

Shareholders of Record

If your shares are registered in your name with Computershare Trust Company, our dividend agent, transfer agent and registrar, you are considered a shareholder of record. Shareholders of record at the close of business on March 18, 2013, are entitled to receive notice of and to vote at the Annual Meeting or at any postponement or adjournment thereof. At the close of business on March 18, 2013, there were 25,262,170 shares of our common stock issued and outstanding. Each share of common stock entitles its record holder to one vote.

Brokerage and Other Account Holders

If your shares are held in a brokerage account or by a bank or other nominee, your name does not appear anywhere in the Company's shareholder records. Instead, the "street name" of your broker, bank or other nominee who holds the shares for you appears on our records; you are the beneficial owner of the shares. These proxy materials are being forwarded to you by your brokerage firm, bank or other nominee. As the beneficial owner, you have the right to direct your brokerage firm, bank or other nominee how to vote your beneficial shares by filling out and returning the voting instruction form provided to you. Telephone and Internet voting options may also be available to beneficial owners. As a beneficial owner, you are invited to attend the Annual Meeting, but you must obtain a legal proxy from the record holder of your shares in order to vote in person at the Annual Meeting.

ESOP and 401(k) Plan Participants

If you are a participant in either our ESOP or our 401(k) Plan, your proxy card shows the number of shares of common stock held for your benefit in those plans, plus any other shares you may own. If you hold stock through either plan, voting your proxy also serves as confidential voting instructions to the Trustees of the ESOP (Timothy G. Spain and Michael T. Wilkins) and/or to the Trustee of the 401(k) Plan (Charles Schwab & Co.). Those Trustees will vote your shares in accordance with the specific voting instructions that you indicate on your proxy card. If you provide no specific voting instructions, the Trustees of the ESOP will not vote your shares, and the Trustee of the 401(k) Plan will vote your shares in proportion to the voting instructions it receives from those plan participants who do submit voting instructions.

What constitutes a quorum for the Annual Meeting?

The presence at the Annual Meeting of a majority of the outstanding shares (50.0 percent plus one share) of our common stock represented either in person or by proxy will constitute a quorum for the transaction of business at the meeting. Based on the number of shares outstanding on March 18, 2013, 12,631,086 shares of common stock, represented in person or by proxy, will constitute a quorum for conducting business at the Annual Meeting.

Abstentions and broker non-votes will each be counted as present for purposes of determining the existence of a quorum at the Annual Meeting.

How do I vote my shares?

You may vote in the following ways:

In person: We will distribute paper ballots to anyone who wishes to vote in person at the Annual Meeting. However, if you hold your shares in street name, you must request a proxy card from your broker and bring it to the meeting in order to vote in person at the Annual Meeting.

By mail: Complete and sign your proxy card and return it by mail in the enclosed business reply envelope. If you mark your voting instructions on the proxy card, your shares will be voted as you instruct. If an additional proposal comes up for a vote at the Annual Meeting that is not on the proxy card, your shares will be voted in the best judgment of the authorized proxies, Jack B. Evans and Neal R. Scharmer.

Table of Contents

If you sign and return your proxy card without marking voting instructions, your shares will be voted FOR approval of the director nominees, FOR the ratification of the Audit Committee's appointment of Ernst & Young LLP as our independent registered public accounting firm for 2013, and FOR approval of the resolution regarding compensation of our named executive officers.

By telephone: To vote your shares by telephone, call the toll-free telephone number on your proxy card. You must have a touch-tone telephone to use this voting method. You will need to follow the instructions on your proxy card and the voice prompts to vote your shares.

Via the Internet: If you have Internet access available to you, you may go to the website listed on your proxy card to vote your shares via the Internet. You will need to follow the instructions on your proxy card and the website to vote your shares.

Telephone and Internet voting options are available 24 hours a day, seven days a week. When prompted, you will need to enter the control number shown on your proxy card. You will then be able to vote your shares and confirm that your instructions have been properly recorded. If you vote by telephone or via the Internet, your electronic vote authorizes the proxies in the same manner as if you had signed, dated and returned your proxy card by mail.

Telephone and Internet voting procedures, including the use of control numbers found on the proxy cards, are designed to authenticate shareholders' identities, to allow shareholders to vote their shares securely and to confirm that their instructions have been properly recorded. If you vote by telephone or via the Internet, you do not need to return your proxy card.

If you hold your shares in street name, you may vote by telephone or via the Internet only if your bank, broker or other nominee makes those methods available to you, in which case your bank, broker or other nominee will enclose specific instructions for using those options along with this proxy statement.

If I hold my shares in a brokerage account and do not return voting instructions, will my shares be voted?

If your shares are held in a brokerage account or by a bank or other nominee, your broker, bank or other nominee will ask you how you want your shares to be voted. If you provide voting instructions, your shares must be voted as you direct. If you do not furnish voting instructions, one of two things can happen, depending upon whether a proposal is "routine." Under the rules that govern brokers who have record ownership of shares beneficially owned by their clients, brokers have discretion to cast votes on routine matters, such as the ratification of the choice of auditor, without receiving voting instructions from their clients. Brokers are not permitted, however, to cast votes on "non-routine" matters, such as the election of directors, approval of stock incentive plans or amendments to our articles of incorporation, without receiving client voting instructions. A "broker non-vote" occurs when a broker holding shares for a beneficial owner does not vote on a particular proposal because the broker does not have discretionary voting authority for that proposal and has not received voting instructions from the beneficial owner.

Can I revoke my proxy or change my vote after I return my proxy?

Yes. Even after you submit a proxy, you may revoke your proxy or change your vote at any time before the proxy is exercised by:

• Delivering written notice to our transfer agent, Computershare Trust Company, at its proxy tabulation center at P. O. Box 43126, Providence, Rhode Island 02940-5138;

• Delivering written notice to the Corporate Secretary of United Fire Group, Inc. at P.O. Box 73909, Cedar Rapids, Iowa 52407-3909;

• Executing and delivering a later-dated proxy; or

• Appearing and voting in person at the Annual Meeting. Attendance at the Annual Meeting will not, by itself, revoke a previously granted proxy.

Table of Contents

Who pays for this proxy solicitation?

United Fire Group, Inc. will pay the total expense of this solicitation of proxies. Expenses may include reimbursement to brokerage firms and others of their cost for forwarding solicitation material to beneficial owners.

Does United Fire Group, Inc. offer an opportunity to receive future proxy materials electronically?

Yes. If you wish to receive future proxy materials over the Internet instead of receiving copies in the mail, follow the instructions provided when you vote by telephone or via the Internet. If you elect electronic delivery, United Fire Group, Inc. will discontinue mailing the proxy materials to you beginning next year and will send you an e-mail message notifying you of the Internet address or addresses where you may access next year's proxy materials and vote your shares. You may discontinue electronic delivery at any time.

What are the benefits of electronic delivery?

Electronic delivery reduces United Fire Group, Inc.'s printing and mailing costs as well as the environmental impact of the Annual Meeting. It is also a convenient way for you to receive your proxy materials and makes it easy to vote your shares over the Internet.

DELIVERY OF ONE SET OF ANNUAL MEETING MATERIALS TO SHAREHOLDERS IN A SINGLE RESIDENCE

SEC rules permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements and annual reports to shareholders with respect to two or more shareholders sharing the same address by delivering a single proxy statement and annual report to shareholders addressed to those shareholders. This process, commonly referred to as "householding," provides cost savings for companies. We and some brokers household proxy materials and annual reports to shareholders unless contrary instructions have been received from the affected shareholders.

Once you have received notice from us, your broker, or other designated intermediary that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent.

If, at any time, you no longer wish to participate in householding and would prefer to receive a printed proxy statement and annual report to shareholders, notify us by calling our transfer agent at (877) 373-6374, or submit a written request to: Computershare Trust Company, P. O. Box 43036, Providence, RI 02940-3036. Please include the Company's name, United Fire Group, Inc., and your account number(s) in any correspondence regarding householding. Street name shareholders wishing to cancel householding of their Annual Meeting materials should contact their broker directly.

Shareholders who currently receive multiple copies of the proxy statement or annual report to shareholders and would like to request householding should submit a written request to: Computershare Trust Company, P. O. Box 43036, Providence, RI 02940-3036. Please include the Company's name, United Fire Group, Inc., and your account number(s) in any correspondence regarding householding. Street name shareholders wishing to request householding of their Annual Meeting materials should contact their broker directly.

ELECTRONIC AVAILABILITY OF PROXY MATERIALS

Electronic versions of our annual proxy statement and 2012 Annual Report to Shareholders are available on our public website, www.unitedfiregroup.com by selecting "Investor Relations" and then "Annual Report and Proxy."

Our Board of Directors currently consists of 13 directors: John-Paul E. Besong, Scott L. Carlton, Christopher R. Drahozal, Jack B. Evans (Chairman), Douglas M. Hultquist, Casey D. Mahon, George D. Table of Contents

CORPORATE GOVERNANCE

In order to promote the highest standards of management for the benefit of shareholders, our Board of Directors follows certain governance practices regarding how the Board conducts its business and fulfills its duties. Among these practices are:

Board Size, Composition and Independence Determination

The Board of Directors has determined that the Board of Directors shall consist of thirteen (13) members. The Board of Directors requires a majority of our Directors to be independent, as defined in the listing rules of The NASDAQ Global Select Market (“NASDAQ”). The Board of Directors determines director independence by applying the definition of independence contained in the applicable NASDAQ Listing Rules, both for purposes of NASDAQ’s rule requiring that a majority of the board consist of independent directors and its rules requiring the Audit Committee, Nominating and Governance Committee and Compensation Committee to be made up entirely of independent directors.

In determining independence, the Board of Directors considered employment relationships, policyholder relationships, family relationships, agency relationships and the transactions, relationships and arrangements described under Transactions with Related Persons. All of the transactions, relationships and arrangements considered by the Board of Directors were made in the ordinary course of business and on substantially the same terms as those prevailing at the time for comparable relationships with other persons. The Board approved a relationship with Cedar Rapids Bank & Trust, a subsidiary of QCR Holdings, Inc., of which Mr. Hultquist serves as the President, Chief Executive Officer and a director. During 2012, Cedar Rapids Bank & Trust charged us \$236,750 for management of our daily cash balances. This service was provided by Cedar Rapids Bank & Trust in the ordinary course of business on substantially the same terms and conditions as those prevailing at the time for comparable transactions with other customers. We expect Cedar Rapids Bank & Trust to continue to provide these services to us.

The Board of Directors has analyzed the independence of each director and director nominee and determined that twelve (12) of our thirteen (13) directors are independent. The following directors are independent within the meaning of the NASDAQ Listing Rules, and each is free of any relationship that would interfere with the individual exercise of independent judgment: Ms. Mahon, Ms. Quass, and Messrs. Besong, Carlton, Drahozal, Evans, Hultquist, Milligan, Noyce, Phillips, Rife and Skogman.

Qualifications and Skills of Directors and Director Nominees

Our Nominating and Governance Committee, with input from our Chief Executive Officer, reviews and evaluates all director candidates, including incumbents. The Nominating and Governance Committee and the Board of Directors seek qualified individuals who possess the minimum qualifications and the desirable qualities or skills described under Director Nomination Process found on page 10 of this proxy statement.

All of our incumbent directors possess both the specific minimum qualifications and the desirable qualities or skills. The specific expertise and qualifications that led to each director’s inclusion on our Board of Directors are discussed in each director’s individual biography beginning on page 13 of this proxy statement.

Attendance at Directors’ and Shareholders’ Meetings

The Board of Directors met five (5) times during 2012. All of the directors attended 75 percent or more of the aggregate number of meetings of the Board of Directors and the committees on which they served. The Board of Directors’ policy requires directors to attend our Annual Meeting. All directors serving at the time of the 2012 Annual Meeting attended that meeting.

Table of Contents

Director Retirement

According to our bylaws, each director must announce his or her retirement from the Board of Directors no later than the February after he or she reaches age 72, and such retirement must be effective no later than the next Annual Meeting.

Director Stock Ownership

We believe that non-management directors should own and hold common stock of our Company to further align their interests and actions with the interests of our shareholders. Our articles of incorporation require that all of our directors own Company stock. The Board of Directors has adopted stock ownership guidelines indicating that each non-employee director should beneficially own at least 100 shares of Company stock when they join the Board of Directors and at least 5,000 shares of our common stock by the later of December 31, 2013, or five years after first being elected to the Board of Directors. Current beneficial stock ownership for each director can be found in the table on page 25 of this proxy statement.

Board Leadership Structure

Our Board of Directors is led by an independent Chairman who is responsible for providing guidance to our Chief Executive Officer, setting the agenda for Board meetings and presiding at all shareholder and director meetings. We also have an independent Vice Chairman who is responsible for presiding in the Chairman's absence. Neither our Chairman nor our Vice Chairman serves as our Chief Executive Officer. Our Chief Executive Officer is responsible for setting the strategic direction for our Company and providing day-to-day leadership. We separate the roles of Chairman and Chief Executive Officer. We feel that this is the most appropriate leadership structure for our Board of Directors and executive management because we recognize the difference between the two roles and the skill sets required to most effectively and efficiently perform these functions. Our Board of Directors does not have a formal policy requiring the positions of Chairman and Chief Executive Officer to be separate, preferring instead to preserve the freedom to decide from time to time what is in the best interest of our Company. Our Board of Directors strongly endorses the concept of an independent director being in a position to lead our independent directors. If at any time neither our Chairman nor our Vice Chairman is an independent director, the independent directors serving at that time will elect an independent director to serve as lead director.

During 2012, the Board of Directors had six (6) standing committees: Audit Committee, Compensation Committee, Executive Committee, Investment Committee, Nominating and Governance Committee and Risk Management Committee. Each committee is governed by a written charter that is reviewed and approved annually by the committee, the Nominating and Governance Committee, and the full Board of Directors. Only independent directors may serve on the Audit Committee, Compensation Committee and Nominating and Governance Committee. All committee charters are available for review either on our public website, www.unitedfiregroup.com by selecting "Investor Relations" and then "Corporate Governance," or in paper form upon written request to: United Fire Group, Inc., Attn: Investor Relations, P.O. Box 73909, Cedar Rapids, Iowa 52407-3909.

Risk Oversight by the Board of Directors

The Risk Management Committee's charter requires it to assist the Board of Directors in identifying and evaluating risks inherent in our business and to oversee and review the significant policies, procedures, and practices employed to manage risks.

Enterprise Risk Management ("ERM") is a methodology that helps us assess and manage our overall exposure to risk. In addition to our Risk Management Committee, we have an executive enterprise risk management committee ("executive ERM committee") that consists of our Chief Executive Officer, Chief Financial Officer, Executive Vice President, Vice President of Claims, Vice President of Corporate Underwriting, Chief Investment Officer, Supervisor of Audit Services, the Chief Operating Officer of our life insurance subsidiary (United Life Insurance Company), and United Life Insurance Company's independent actuary.

The executive ERM committee meets independently of the Risk Management Committee, with representatives from the Risk Management Committee in attendance. Members of the executive ERM committee are invited to attend and

Table of Contents

participate in meetings of the Risk Management Committee. During 2012, the executive ERM committee met on a quarterly basis to implement risk management strategies. During its meetings, the executive ERM committee discusses the risks that our Company faces and the controls that are in place to mitigate those risks, and identifies potential additional risks.

Collectively, the Risk Management Committee and the executive ERM committee have identified two broad categories of risk faced by our company – insurance risk and operational risk. We employ a multi-disciplinary approach to risk identification and evaluation, analyzing risk from the point of view of claims, underwriting, finance, and investments. Types of insurance risks generally include, but are not limited to, those risks associated with catastrophes, loss reserving practices, underwriting practices, policy pricing, geographical concentrations of property insured, competition and business mix. Types of operational risks we face generally include, but are not limited to, those risks associated with diversification and quality of investments, information technology, regulatory and legal compliance, business continuity planning, executive succession planning and the application of accounting policies and procedures.

ERM issues are also discussed during quarterly meetings of our full Board of Directors, where directors are updated on ERM issues and the ongoing efforts of the executive ERM committee and our Risk Management Committee. The work of our executive ERM committee, in conjunction with the Risk Management Committee and the Board of Directors, has led to the development of new tools, such as the CATography underwriting tool, which is designed to aid in the evaluation and mitigation of business risks.

Chief Executive Officer Performance Evaluation

Representatives of the Executive Committee and Compensation Committee meet each year with our Chief Executive Officer to review his goals for the current year. During the year, the Executive Committee meets regularly with our Chief Executive Officer to review his performance. The Executive Committee and the chair of the Compensation Committee annually review the performance of our Chief Executive Officer and assess his performance for that year. The Chief Executive Officer also meets with the Compensation Committee, which considers his performance for the year.

Code of Ethics

Our Board of Directors has adopted a Code of Ethics and Business Conduct that applies to all of our officers, directors, and employees. Copies of the United Fire Group, Inc. Code of Ethics and Business Conduct can be obtained free of charge by writing to United Fire Group, Inc., Attn: Investor Relations, P.O. Box 73909, Cedar Rapids, Iowa 52407-3909, or on our public website, www.unitedfiregroup.com by selecting "Investor Relations," then "Corporate Governance" and then "Code of Ethics." The Code of Ethics and Business Conduct establishes procedures regarding the reporting of a violation of the code.

Board Effectiveness Assessment

Our Nominating and Governance Committee conducts an annual survey of the directors to assess the effectiveness of our Board of Directors. The Nominating and Governance Committee reviews and considers the results of the survey, reports its findings to the Board of Directors and addresses any areas of concern. That committee also makes recommendations to the Board of Directors regarding our corporate governance practices. All standing committees of our Board of Directors also conduct annual self-assessments and report such self-assessments to the Board of Directors.

Director Compensation

We have designed the compensation of our directors to attract and retain qualified directors and to align directors' interests with the interests of our shareholders. See pages 52-54 of this proxy statement for a description of our directors' compensation program and the fees paid to our directors during 2012.

Board Agendas and Meetings

Each year the Board of Directors establishes the dates of regularly scheduled meetings of the Board of Directors. The Chairman of the Board, working with our Chief Executive Officer and Committee Chairpersons, establishes agendas for each meeting of the Board of Directors and distributes the agendas in advance of each meeting. Each director may suggest agenda items, and each director is free to raise subjects at any meeting of the Board of Directors that are not on the agenda for that meeting. At each regular meeting of the Board of Directors, the Board receives reports of each of the Committees.

Executive Sessions of Independent Directors

The independent directors meet in executive session following each meeting of the Board of Directors. The Chairman of the Board presides at meetings of the independent directors. These sessions allow the independent directors to discuss topics without management present.

Access to Management and Independent Advisers

The independent directors have access to management and, as necessary and appropriate, to independent advisers.

COMMITTEES OF THE BOARD

Audit Committee

We have a separately designated standing Audit Committee, as defined in Section 3(a)(58)(A) of the Securities Exchange Act of 1934 (the "Exchange Act"). All of the members of the Audit Committee are independent under the NASDAQ Listing Rules, applicable law, and the applicable rules and regulations of the Securities and Exchange Commission ("SEC"), including Section 10A(m)(3) of the Exchange Act, as amended. The written policy of the Board of Directors requires that each member of the Audit Committee be an independent director. The Board of Directors has determined that Messrs. Hultquist, Noyce and Rife all possess the skills necessary to qualify as audit committee financial experts. As defined by Item 407(d)(5) of Regulation S-K of the Exchange Act, each is an audit committee financial expert, and each is an independent director, as independence for audit committee members is defined in the NASDAQ Listing Rules.

The Audit Committee is governed by a charter and is directly responsible for the appointment, compensation and retention (or termination) of our independent registered public accounting firm. The Audit Committee is also responsible for oversight of our internal audit function. The Audit Committee seeks to maintain free and open communications between the directors, the independent registered public accounting firm, the internal auditors and management. Its duties consist of reviewing recommendations by the internal auditor and the independent registered public accounting firm on accounting matters and internal controls; advising the Board of Directors on the scope of audits; reviewing our annual Consolidated Financial Statements and the accounting standards and principles followed; appointing the independent registered public accounting firm; and, if necessary, conducting independent inquiries. The Audit Committee Charter requires the committee to meet at least four (4) times each year. The Audit Committee met seven (7) times during 2012, including one (1) time in a joint session with the Risk Management Committee and two (2) times in continuing education meetings.

Compensation Committee

Compensation Committee Interlocks and Insider Participation

The Board of Directors has determined that, in accordance with its policy, each member of our Compensation Committee is independent from management and free from any relationship that, in the opinion of the directors, would interfere with their exercise of independent judgment. No Compensation Committee member was an employee or former employee of our Company. No Compensation Committee member had any relationship requiring disclosure under the Transactions with Related Persons section of this proxy statement. During 2012, none of our executive officers served on the Compensation Committee (or its equivalent) or Board of Directors of another entity whose executive officer(s) served on our Compensation Committee.

Scope of Authority

The Compensation Committee is governed by a charter. The role of the Compensation Committee is to address the Board of Directors' responsibilities relating to compensation of our senior executive officers and directors. The Compensation Committee oversees all aspects of the compensation of our executive officers and directors, including our director and management equity plans and deferred compensation plans, and other management incentive compensation programs. In overseeing those plans, the Compensation Committee may delegate authority to Company officers for day-to-day plan administration and interpretation. Management provides information to assist the committee regarding participation and award levels in the management plans. The Compensation Committee may not delegate authority for matters affecting the executive officers. The Compensation Committee's primary processes with respect to compensation of our senior executive officers can be found in the Compensation Discussion and Analysis section beginning on page 30 of this proxy statement. During 2012, the Compensation Committee engaged the services of Compensation Resources, Inc. as its independent outside compensation consultant to provide advice on executive and director compensation matters. For a discussion of the specific services provided by Compensation Resources, Inc., see the Compensation Discussion and Analysis section beginning on page 30 of this proxy statement. DIRECTOR NOMINATION PROCESS

The Nominating and Governance Committee has adopted a written policy with regard to the consideration of director candidates, including candidates recommended by shareholders. The Nominating and Governance Committee evaluates candidates recommended by shareholders in the same manner as it evaluates other candidates. The committee seeks candidates with the following minimum qualifications:

• Each candidate must be prepared to represent the best interests of all of our shareholders and not just one particular constituency.

• Each candidate must be an individual who has demonstrated integrity and ethics in the candidate's personal, business, and professional life and has an established record of business and professional accomplishment.

Neither the candidate nor the candidate's family members (as defined in the NASDAQ Listing Rules), affiliates or associates (as defined in Rule 405 promulgated under the Securities Act of 1933) shall have any material personal, financial, or professional interest in any present or potential competitor of ours.

• Each candidate must, as a director, participate fully in Board of Directors activities, including active membership on at least one Board committee and attendance at, and active participation in, meetings of the

Board and the committee(s) of which he or she is a member and not have other personal, business or professional commitments that would interfere with or limit his or her ability to do so.

Each candidate must be willing to make, and financially capable of making, an investment in our common stock as required by our Articles of Incorporation and as provided for in a policy adopted by our Board of Directors.

The Nominating and Governance Committee considers it very desirable for candidates to possess the following qualities or skills:

Each candidate should contribute to the Board of Director's overall diversity, diversity being broadly construed to mean a variety of opinions, perspectives, personal experience, business experience, professional experience, and backgrounds (such as gender, race, and ethnicity), as well as other differentiating characteristics.

Each candidate should contribute positively to the existing chemistry and collaborative culture among the directors.

Each candidate should possess professional, business, and personal experience and expertise relevant to the Company's business. In this regard, the Nominating and Governance Committee will consider financial, management and business background, personal and educational background and experience, community leadership, independence and other qualifications, attributes and potential contributions.

The Nominating and Governance Committee selects and recommends each candidate to the Board of Directors each year based on its assessment of, among other things:

• The candidate's personal qualifications as discussed above;

• The past and future contributions of our current directors, and the value of continuity and prior experience on our Board of Directors;

• The existence of one or more vacancies on our Board of Directors;

• The need for a director to possess particular attributes or particular experience or expertise; and

• Other factors that it considers relevant, including any specific qualifications the Nominating and Governance Committee adopts from time to time.

Any shareholder may recommend a person to be considered as a candidate or nominate one or more persons for election as a director of our Company. A shareholder who desires to make such a recommendation must comply with Sections 8 and 9 of Article I of our bylaws. Our Board of Directors encourages shareholders who wish to recommend candidates to the Nominating and Governance Committee to send their recommendations in writing addressed to the Nominating and Governance Committee, United Fire Group, Inc., Attention: Corporate Secretary, P.O. Box 73909, Cedar Rapids, Iowa 52407-3909 using the procedures found in the Communicating with the Board of Directors section of this proxy statement.

PROPOSAL ONE – ELECTION OF DIRECTORS

Our articles of incorporation require that our Board of Directors be divided into three classes, A, B and C, with one class elected at each Annual Meeting. The Board of Directors must consist of no more than fifteen (15) and no less than nine (9) members, with the number fixed by the directors. The directors have fixed current membership of the Board of Directors at thirteen (13) and the number of Class B directors to be elected at this year's Annual Meeting at five (5), subject to such changes as the Board of Directors may make at the time of the Annual Meeting if any director nominations are made by minority shareholders, as described in the next paragraph.

According to our articles of incorporation, minority shareholders who collectively hold and vote one-fifth of our outstanding common stock are entitled to nominate and elect 20 percent of our directors. Therefore, minority shareholders collectively holding one-fifth of our outstanding common stock are entitled to nominate and elect one (1) director if we have nine (9) directors; two (2) directors if we have a total of ten (10) through fourteen (14) directors (the current number is thirteen (13)); and three (3) directors if we have fifteen (15) directors. PROPOSAL THREE – SHAREHOLDER ADVISORY VOTE TO APPROVE THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS

SAY-ON-PAY ADVISORY VOTE

Shareholders have the opportunity to vote, on a non-binding advisory basis, on the compensation of our named executive officers. Our Board of Directors is committed to corporate governance best practices and recognizes the interest of shareholders in executive compensation matters. Although the vote is advisory and is not binding on the Board of Directors, the Compensation Committee will review the voting results. The Compensation Committee will consider the constructive feedback obtained through the shareholder advisory vote in making decisions about future compensation arrangements for our named executive officers.

As discussed in the Compensation Discussion and Analysis section beginning on page 30 of this proxy statement, the Board of Directors believes that our current executive compensation program directly links executive compensation to our Company's performance and aligns the interests of our named executive officers with those of our shareholders.

For example:

• Our executive compensation encourages executive decision-making that is aligned with the long-term interests of our shareholders.

• Bonuses and equity awards for named executive officers are tied to specific performance goals.

We do not have any employment agreements with our executive officers, and we do not provide cash severance payments upon termination of employment or in connection with a change in control. Our deferred compensation plan, which applies only to certain executive officers, including the named executive officers, provides for acceleration of vesting upon the occurrence of a change in control. For information regarding payments related to our defined benefit pension plan, options and restricted stock, see Potential Payments Upon Termination Or Change In Control - 2012 beginning on page 50 of this proxy statement.

We encourage long-term stock ownership by our executive officers with award features such as 20 percent vesting of stock option awards beginning on the first anniversary of the grant and no vesting of restricted stock until the fifth anniversary of the grant.

• We have adopted stock ownership guidelines for our executive officers.

• Our compensation uses a balance of short- and long-term performance metrics to encourage the efficient management of our business and minimize excessive risk-taking.

The Board of Directors believes that United Fire Group, Inc.'s executive compensation program is designed to meet the objectives discussed in the Compensation Discussion and Analysis section beginning on page 30 section of this proxy statement. Accordingly, the Board recommends that shareholders vote in favor of the following resolution:

“RESOLVED, that the compensation paid to United Fire Group, Inc.'s named executive officers as described in this Proxy Statement under Executive Compensation, including the Compensation Discussion and Analysis section, the compensation tables and other narrative disclosure, contained therein, is hereby APPROVED.”

These awards become fully vested five years after their grant date. At December 31, 2012, we had 6,402 shares of restricted stock awards outstanding under our Nonqualified Nonemployee Director Stock Option and Restricted Stock Plan. These awards were granted in May 2012 at a fair market value of \$20.90 per share and become fully vested one year after their grant date.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 (the “Exchange Act”), as amended, requires the Company’s directors, executive officers, and persons who own more than ten percent of a registered class of the Company’s equity securities (collectively “Reporting Persons”) to file initial reports of ownership and reports of changes in ownership of the Company’s common stock and other equity securities with the SEC. SEC regulations require us to identify in this proxy statement any Reporting Person who filed a required report late during the most recent calendar year. Based solely on our review of copies of reports filed under Section 16(a) and written representations made to us by Reporting Persons, we believe that all applicable filing requirements were complied with for the fiscal year ended December 31, 2012.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

The Compensation Committee of our Board of Directors is responsible for developing the philosophy and structure of compensation for our named executive officers. The Compensation Committee is also responsible for recommending the annual performance measures and compensation of our named executive officers and submitting those to the full Board of Directors for approval.

Executive Overview

2012 continued to present challenges for us and the industry, with a continuing pattern of devastating catastrophes exemplified by Super Storm Sandy on the East Coast. We were affected by losses in both our direct and assumed books of business that had a negative impact on our year-end earnings results. Although the overall economy, the insurance market and the financial markets continued to present challenges, in 2012 we experienced rate increases across nearly all lines of business and we saw some positive signs in both the overall economy and the insurance industry, continuing a trend that started in late 2011.

During 2012, we also continued improving and tightening our underwriting guidelines based on our catastrophe experiences, strengthened our internal analysis, and updated the models we employ. Furthermore, we continued to focus on our capital management strategy by maintaining a credit facility that allowed us to reduce our cash position, and we continued to repurchase our shares.

Changes During 2012

Mercer Insurance Group, Inc.

On March 28, 2011, we completed the acquisition of Mercer Insurance Group, Inc. (“Mercer Insurance”), which expanded our business into the Mid-Atlantic and West Coast markets. The Mercer Insurance acquisition marked an important milestone for us. We not only expanded our market territory, but also significantly expanded our resources to better serve our policyholders and agents by offering additional products and services. The Mercer Insurance acquisition diversified our exposure to weather and other catastrophe risks across our geographic markets. The diversified risk, the similarity between the cultures of the companies and the companies' shared focus on underwriting profitability enable us to continue to seek strong, consistent results for our shareholders.

We financed the approximately \$191.5 million transaction using a combination of a \$50.0 million line of credit (the “Line of Credit”) with Bankers Trust Company, a \$29.9 million Federal Home Loan Bank loan and cash on hand.

During 2012 we retired all of the debt associated with the Mercer Insurance acquisition. Also during 2012 we continued the process of integrating Mercer Insurance into our accounting, billing, claims and information technology systems.

Creation of the Holding Company

On January 24, 2012, our shareholders approved our reorganization into a holding company structure, with United Fire Group, Inc. replacing United Fire & Casualty Company as the publicly held corporation. United Fire & Casualty Company is now a wholly owned subsidiary of United Fire Group, Inc. In addition to creating a more streamlined corporate structure, we took advantage of the reorganization to enhance shareholder rights by lowering the percentage of shareholders required to approve the merger or sale of all, or substantially all, company assets and to call a special meeting of shareholders.

Capital Management

In December 2011, we entered into a \$100.0 million credit agreement with a syndicate of financial institutions (the “Credit Facility”), with KeyBank National Association as the administrative agent. During 2012, we used the Credit Facility to consolidate the debt associated with the Mercer Insurance acquisition. During the third quarter, we repaid the debt under the Credit Facility in full. Financial Pacific Insurance Group redeemed all of its trust preferred securities during the first quarter of 2012. Our group is currently debt free. However, if the need for cash arises in the future, having the Credit Facility in place will allow us to reduce our cash position and use our cash to create more value for shareholders.

Compensation

In order to provide for a more comprehensive view of marketplace compensation practices, during 2012 our Compensation Committee used competitive peer group data to assist it in its executive compensation review and deliberations. Although 95.0 percent of our shareholders approved of the compensation described in our 2012 proxy statement, the Compensation Committee continued to be carefully focused on the compensation of our named executive officers. The committee did not implement significant changes to our compensation program, but it studied the results of the vote carefully in order to assure that the compensation program continues to be not only acceptable to our shareholders, but also consistent with our compensation and benefits philosophy.

Two of our named executive officers, Michael W. Wilkins, Executive Vice President, and Dianne M. Lyons, Vice President, Chief Financial Officer and principal financial officer, assumed additional duties with respect to the process of integrating Mercer Insurance into our group. Mr. Wilkins has led the process of integrating our systems and Ms. Lyons has been responsible for all financial and accounting aspects of the process. Both executives were also closely involved in the acquisition process. When establishing compensation for Mr. Wilkins and Ms. Lyons, the Compensation Committee considered their respective roles and duties in the acquisition and integration of Mercer Insurance.

During 2012, the Board of Directors adopted a restated version of the plan used to allocate equity interests to certain of our executive officers, including the named executive officers. The Board of Directors also restated our annual incentive plan. These restated versions clarified certain provisions of the plans, but did not make any substantive changes to the plans.

During 2012, we continued to phase out our flexible benefit credits program. For the 2012 benefit year, employees received basic credits equal to one half of what they would have received prior to the phase out. Employees received no basic credits for use in the 2013 benefit year.

Changes Beginning in 2013

Compensation

In November, the Board of Directors adopted the 2012 Deferred Compensation Plan for United Fire Group, Inc. Non-Employee Directors (“Directors’ Deferred Compensation Plan”). The Directors’ Deferred Compensation Plan allows non-employee directors the opportunity to defer up to 100 percent of the retainer fee they receive for service on our Board of Directors. All non-employee directors serving on our Board of Directors are eligible to participate in the Directors’ Deferred Compensation Plan beginning with the 2013 plan year. For more information on the Director’s Deferred Compensation Plan, see Deferred Compensation under Director Compensation in this proxy statement.

Consideration of Say-on-Pay Results

In 2012, 95.0 percent of our shareholders who voted on the “say-on-pay” proposal at our 2012 Annual Meeting approved the compensation of our named executive officers as described in our proxy statement. This is an increase from the 94.1 percent approval in 2011. The Compensation Committee carefully considered the results of this advisory, non-binding shareholder vote. The Compensation Committee did not implement any significant changes to the compensation programs for our named executive officers as a result of the shareholder vote.

Our Named Executive Officers

During 2012 there were no changes to our named executive officers. Our named executive officers are: Randy A. Ramlo, President, Chief Executive Officer and principal executive officer; Dianne M. Lyons, Vice President, Chief Financial Officer and principal financial officer; Michael T. Wilkins, Executive Vice President; Barrie W. Ernst, Vice President and Chief Investment Officer; and Neal R. Scharmer, Vice President, General Counsel and Corporate Secretary.

Compensation and Benefits Philosophy

Compensation arrangements for our named executive officers are designed to attract and retain qualified individuals, assure that compensation of our named executive officers is fair, reasonable and competitive with our industry peers, and provide sufficient incentive opportunities to ensure that they are focused on and encouraged to execute a sound business strategy that increases shareholder value.

The Compensation Committee Charter governs the Compensation Committee's activities and sets forth its responsibilities. Some key features of that charter include:

- The Compensation Committee must be composed of only independent directors, with a minimum of three members.
- The Compensation Committee must conduct at least two meetings each calendar year.
- The Compensation Committee is directly responsible for and has the resources and authority to retain and compensate any outside counsel, expert, consultant or advisor it deems appropriate and necessary.

The responsibilities and functions of the Compensation Committee that relate to compensation of the named executive officers and our independent directors are as follows:

- Annually review and recommend to the Board of Directors for approval the salaries, incentive awards and other compensation for all of our named executive officers.
- Review and discuss with management the information reported in the Compensation Discussion and Analysis section of the Company's proxy statement, and based on the review and discussions recommend to the Board of Directors that it be included in the proxy statement for our annual meeting and incorporated by reference in our Annual Report on Form 10-K.
- Prepare and approve the Compensation Committee Report for inclusion in the proxy statement for our annual meeting.
- Approve and grant, or recommend to the Board of Directors the approval and granting of stock options, restricted stock, and other types of equity-based compensation in accordance with the terms of our equity-based compensation plans.
- Periodically review, evaluate and report to the Board of Directors concerning the competitiveness of our compensation programs for the named executive officers. Annually evaluate the Compensation Committee Charter and the Compensation Committee's performance and make such reports to the Board of Directors as it deems warranted.

When determining compensation levels for our named executive officers, the Compensation Committee considers the following principles:

Performance. The Compensation Committee has linked the compensation of our named executive officers to the Company's attainment of key performance goals. The Compensation Committee considers the individual's performance and contribution to Company performance, and where applicable, to their business unit

Table of Contents

performance. The Compensation Committee and Board of Directors believe that tying each named executive officer's compensation to key performance indicators provides the focus and justification necessary to attain the Company's objectives.

Fairness and Reasonableness. We strive to provide compensation and benefit programs that are fair and competitive with our industry peers, while reasonably rewarding our named executive officers for their service based on their performance.

Cost. By designing compensation programs that are cost-effective and affordable, we strive to provide appropriate incentives and motivation to our named executive officers that will continue to increase value to our shareholders. Our Compensation Committee and Board of Directors use a comprehensive approach and a variety of compensation tools to determine the compensation of our named executive officers, including both currently-paid and long-term incentive compensation. Currently-paid compensation, coupled with long-term incentives, provides the Compensation Committee and the Board of Directors the flexibility necessary to design compensation for our executive officers that they consider to be fair, appropriate and competitive.

The Compensation Committee has engaged Compensation Resources, Inc. ("CRI") as an independent compensation consultant to assist it in analyzing our peer groups and benchmarking the compensation of our named executive officers. The Compensation Committee used CRI's Executive Compensation Study to assist it in recommending 2012 salaries for our named executive officers. As described below, CRI's Executive Compensation Study used both peer group data and published survey data. In 2012, the Compensation Committee expanded its use of peer organizations into two separate groups of similarly sized property and casualty companies. The first group (Peer Group A) consists of seven peers that the Compensation Committee and Board of Directors consider to be closely matched to United Fire; the second group (Peer Group B) consists of eight specialty line property and casualty companies. The Compensation Committee elected to use two separate peer groups because it believed that the two groups would present comparative information from a greater number of companies. The Compensation Committee weighted Peer Group A more heavily than Peer Group B because the committee believes the companies in Peer Group A are more comparable to the Company. The Compensation Committee did not establish a separate peer group for our life insurance segment because the life company represents a comparatively smaller percentage of our business.

Companies included in both of the peer groups met the following criteria:

• Industry group - insurance carriers and property and casualty insurance, eliminating life companies

• Geographic location - national

• Assets - near \$3.6 billion (consolidated group)

• Premium - near \$700 million (consolidated group)

Peer Group A consists of seven companies that the Compensation Committee believed to be the best match to the Company, excluding specialty companies. Peer Group B consists of eight companies with specialty lines.

The 2012 peer groups for our consolidated insurance operations consisted of the following 15 companies:

Peer Group A

• Baldwin & Lyons Inc.

• Donegal Group Inc.

• EMC Insurance Group Inc.

• Horace Mann Educators Corporation

• Meadowbrook Insurance Group Inc.

• Selective Insurance Group Inc.

• State Auto Financial Corporation

Peer Group B

Amtrust Financial Services

Employers Holdings Inc.

Navigators Group Inc.

Infinity Property & Casualty Corporation

Mercury General Corporation

OneBeacon Insurance Group

RLI Corporation

Tower Group Inc.

In addition to peer group data, the CRI market study also utilized data from the following six published salary surveys:

Benchmark Database Executive[®]; William M. Mercer

Comp Analyst; Salary.com/Kenexa for Professionals

Executive Assessor[®]; Economic Research Institute (ERI)

Executive Compensation - National Executive & Senior Management Compensation Surveys Salary Budget Survey; WorldatWork

Survey Report on Insurance Industry Management Personnel Compensation[®]; Towers Watson

CRI's Executive Compensation Study compared compensation of our named executive officers to a market consensus base salary at or near the 50th percentile of executive officers of companies within Peer Group A and Peer Group B. Peer data was compared to published survey data. Data from Peer Group A, Peer Group B and published surveys was weighted 3, 2 and 1, respectively. CRI placed a greater emphasis on peer data in relation to published survey data because it believes peer data is specific and more representative of the companies with which we compete for executive talent. CRI emphasized Peer Group A over Peer Group B because companies in Peer Group A are the best match to the Company.

The Compensation Committee used CRI's Executive Compensation Study and a number of other factors to determine overall compensation for our executive officers. The Compensation Committee also considered United Fire's performance during 2012, the cost of living and quality of life in the geographical areas in which the executive is located, the executive's experience level, the responsibilities of the executive's position, the executive's role in maintaining a culture that values our employees, our existing compensation structure, and the relationship in compensation between our named executive officers and all other United Fire employees.

The Compensation Committee determined that overall compensation of our named executive officers should be within a range of 80 percent to 100 percent of the 50th percentile of executive officers of our peer companies. As a result, for 2012, the Compensation Committee raised the base salaries of our named executive officers to place their salaries closer within that range.

We have no written employment contracts or severance agreements with any of our named executive officers. All of our named executive officers are "at-will" employees.

Risk Considerations

We believe that the design and objectives of our compensation program for named executive officers provides an appropriate balance of fixed compensation (base salary) and at-risk compensation (incentives). Total compensation of our named executive officers is intended to provide a balanced program that encourages the named executive officers to take appropriate risks aimed at improving Company performance and enhancing long-term shareholder value, while avoiding inappropriate risks. In this regard, our compensation program for named executive officers includes, among other things, the following design features:

A balanced mix of cash-based and equity-based compensation;

Table of Contents

- Variable compensation based on a variety of key performance goals, including Company metrics, business unit metrics, where appropriate, and individual performance goals;
- A balanced mix of short-term and long-term incentives;
- Threshold performance levels that must be achieved to earn incentives;
- Maximum award limits for annual incentive awards and equity-based compensation;
- Time-based vesting requirements for equity-based compensation; and
- Stock ownership guidelines for named executive officers.

Elements of Compensation

We compensate our named executive officers using direct compensation and company-sponsored benefit plans. As direct compensation, we pay competitive base salaries and performance-based cash and equity awards. Our named executive officers participate in Company-sponsored benefit plans that include health and welfare insurance plans, a flexible benefit plan and retirement plans. We provide certain perquisites to our named executive officers as discussed below.

Direct Compensation

During 2012, direct compensation consisted of (a) base salary, (b) annual performance-based cash awards, and (c) long-term equity-based awards. We pay these elements of direct compensation because we believe each of the following to be true:

- A fair, reasonable and competitive base salary is essential to attract and retain strong management.
- Annual performance-based cash awards recognize and reward both individual achievement and the named executive officer's role in overall Company performance.
- Equity-based compensation helps our named executive officers to “think like owners” and, therefore, aligns their interests with those of our shareholders.

Base Salary

We establish base salary to recruit and retain experienced executives who can help us achieve our business goals. We determine a named executive officer's initial base salary by considering a variety of factors, including the executive's experience level, the responsibilities of the executive's position, our existing compensation structure, compensation levels at peer companies, the cost of living and quality of life in the geographical area in which the executive is located and the executive's role in maintaining a culture that values our employees. In addition, to determine increases in base salary, we consider individual and Company performance, pertinent experience with us, scope of responsibility and changes in our competitive marketplace. For 2012, the base salary increases for all of our named executive officers were influenced by increased workload and responsibilities related to the acquisition of Mercer Insurance Group.

• Randy A. Ramlo - In establishing Mr. Ramlo's base salary for 2012, the Compensation Committee considered the following factors when assessing his performance as CEO:

Mr. Ramlo's performance against his goals and objectives for 2011, which included the following: attaining specified targets relating to return on equity, written premium levels, investor visits, underwriting expense ratio and life company income; the expansion of certain business products; generating additional business from newly appointed agents in geographic areas where we are underrepresented; growing certain predetermined areas identified by the Board of Directors; increasing certain business written in our service center; establishing a new unit for specific products; establishing

Table of Contents

risk and capital statements; and establishing risk tolerance levels for presentation to our Board of Directors; Factors that could hinder the achievement of Mr. Ramlo's goals include: failure to take advantage of hardening market conditions within the insurance industry, failure to successfully execute integration of the Mercer Insurance Group into our automation platform; investing in risky assets in an attempt to generate more investment yield; large weather events striking areas where we have heavy concentrations of insured risks; and the loss of key employees; The Company's performance relative to the insurance industry, with an emphasis on the performance of our peer companies; and

Mr. Ramlo's overall performance as our President and Chief Executive Officer.

The Compensation Committee also considered CRI's Executive Compensation Study and the Committee's general understanding of current compensation practices. Based on its overall assessment, the Compensation Committee recommended, and the Board of Directors approved, an increase in Mr. Ramlo's 2012 base salary to \$535,000, a 10.5 percent increase over 2011.

The Executive Committee meets with Mr. Ramlo throughout the year to discuss his progress toward his goals and his overall performance. As of year end, the Executive Committee and the chair of the Compensation Committee meet with Mr. Ramlo to evaluate his performance for the year; following that evaluation, the Compensation Committee conducts a final evaluation of Mr. Ramlo's performance.

Other Named Executive Officers - Mr. Ramlo evaluated the individual performance of, and the contributions made toward achieving the Company's business objectives by, the other named executive officers. He presented his report and salary recommendations to the Compensation Committee. The Compensation Committee considered Mr. Ramlo's assessments and recommendations along with its own evaluations to determine the compensation for these named executive officers to be recommended to the Board of Directors.

Dianne M. Lyons - Mr. Ramlo and the Compensation Committee based their evaluation of Ms. Lyons on a number of performance and experience criteria, including timeliness and accuracy of financial reporting; exemplary audit reports; employment and management of staff to perform the internal audit function in-house; continued quality and efficiency of internal controls; growth and development in her role as Chief Financial Officer; duties related to reporting under the Securities Exchange Act of 1934; duties related to the acquisition of Mercer Insurance Group, particularly related to handling financing of the acquisition, the integration of the two companies' accounting functions and the ongoing combined companies' accounting function; her successful management of our internal actuary and investor relations staff; her duties as liaison to our institutional investors and the investment community; and her contribution toward the attainment of our corporate ROE goal.

Based upon Mr. Ramlo's report, its overall assessment of Ms. Lyons' performance, CRI's Executive Compensation Study, and the Compensation Committee's general understanding of current compensation practices, the Compensation Committee recommended, and the Board of Directors approved, an increase in Ms. Lyons' 2012 base salary to \$320,000, a 10.7 percent increase over 2011.

Michael T. Wilkins - Mr. Ramlo and the Compensation Committee based their evaluation of Mr. Wilkins on the following performance and experience criteria: personal lines underwriting experience; the implementation and quality of our reinsurance program in general and our catastrophe coverage in particular, including pricing negotiations; overseeing the long-term profitability of our assumed reinsurance business; evaluation and analysis of our catastrophe exposure; management of our product development and rate setting functions; maintaining industry competitiveness through the use of information technology and web-based applications; the efficiency of our information technology operations; his duties as integration leader related to the acquisition of Mercer Insurance Group; his

contribution toward the attainment of our corporate ROE goal; and growth and development in his role as Executive Vice President.

Based upon Mr. Ramlo's report, its overall assessment of Mr. Wilkins' performance, CRI's Executive Compensation Study, and the Compensation Committee's general understanding of current compensation practices, the Compensation Committee recommended, and the Board of Directors approved, an increase in Mr. Wilkins' 2012 base salary to \$350,000, a 11.4 percent increase over 2011.

Barrie W. Ernst - Mr. Ramlo and the Compensation Committee based their evaluation of Mr. Ernst on the following performance and experience criteria: management of our investment portfolio during challenging economic times; maintaining adequate return on investments and cash flow management to meet our ongoing financial obligations; maintaining a net yield on investments comparable to other insurance companies similar to us in size and business model; hiring and management of various outside investment firms, including those responsible for the investments of our defined benefit pension plan; and the ability to limit our exposure to below investment grade securities as identified by the National Association of Insurance Commissioners.

Based upon Mr. Ramlo's report, its overall assessment of Mr. Ernst's performance, CRI's Executive Compensation Study, Mr. Ernst's current compensation being in line with our compensation comparison, and the Compensation Committee's general understanding of current compensation practices, the Compensation Committee recommended, and the Board of Directors approved, an increase in Mr. Ernst's 2012 base salary to \$290,000, a 3.9 percent increase over 2011.

Neal R. Scharmer - Mr. Ramlo and the Compensation Committee based their evaluation of Mr. Scharmer on the following performance and experience criteria: positive management and settlement of claims and other litigation, particularly as related to large or complex losses; negotiation and review of key vendor contracts; hiring and management of various outside legal counsel used by our Company; management of outside legal expenses incurred by our Company; and hiring, development and management of our in-house legal staff.

Based upon Mr. Ramlo's report, its overall assessment of Mr. Scharmer's performance, CRI's Executive Compensation Study, the Compensation Committee's general understanding of current compensation practices, and the fact that certain general counsel functions are currently performed by outside counsel, the Compensation Committee recommended, and the Board of Directors approved, an increase in Mr. Scharmer's 2012 base salary to \$225,000, a 10.4 percent increase over 2011.

The following table shows the 2012 base salary for each of our named executive officers and the 2012 market consensus compensation for our peer group, which is based on CRI's Executive Compensation Study:

Base Salary Compared to Market Consensus – 2012

Name and Principal Position	2012 Market Consensus Base Salary ⁽¹⁾	2012 Base Salary

Annual Performance-Based Cash Awards

The Compensation Committee's philosophy concerning performance-based cash awards and the application of that philosophy to determine cash-based compensation did not change from 2011. We have an annual incentive plan that provides annual performance-based cash awards to all Company employees, including all named executive officers, who meet minimum year of service and hours of performance standards. This plan links a portion of each employee's annual compensation directly to performance. Our objective in using the annual incentive plan is to provide a strong financial incentive for all employees to achieve critical corporate and business unit goals. To determine the amount of performance-based cash awards for each named executive officer (except Mr. Ramlo), we measured three performance indicators, corporate return on equity ("ROE"), corporate loss ratio and cost center expense ratio. For Mr. Ramlo, we used two performance indicators, ROE and corporate premium growth, as measured by our property and casualty insurance segment's direct premiums written. We weight each performance indicator and establish minimum, target and maximum levels of performance for each performance indicator, with increasingly higher awards for attaining increasingly higher performance. Each named executive officer can receive a performance-based cash award for each performance indicator. We pay no performance-based cash award for a performance indicator if the minimum level of performance for that indicator is not attained. Attaining the highest level of performance in each of all of the applicable indicators would result in a cash award of 48.0 percent of base salary for Mr. Ramlo and 30.0 percent of base salary for our other named executive officers.

The Compensation Committee chose ROE as an annual incentive plan performance indicator because it believes that ROE is a good overall measure for evaluating our operating performance and that the value of our common stock is closely related to ROE performance. Accordingly, the Compensation Committee believes that achieving ROE target levels should enhance our stock value and shareholder return. In determining whether we have achieved our ROE target goal, we calculate ROE based on after-tax consolidated earnings divided by average equity. We exclude the impact of net unrealized appreciation and depreciation from our ROE calculation so that our employees are not penalized or rewarded as a result of extraordinary fluctuations in the equity and fixed income markets. The Compensation Committee chose corporate growth rate as an annual incentive plan performance indicator for Mr. Ramlo because growth is an important goal for us. The Compensation Committee believes that organizational growth is ultimately the responsibility of the CEO.

The Compensation Committee chose business unit loss ratio and cost center expense ratio as annual incentive plan performance indicators because it believes they are good measures of our underwriting performance and overall profitability. If we keep expenses in line with guidelines established for cost center expense ratio, the Compensation Committee believes that we are more likely to achieve profitability and value for our shareholders. In determining whether we have achieved our business unit targets, the loss ratio is calculated by dividing direct premiums earned by direct losses incurred plus direct allocated loss settlement expenses paid. The cost center expense ratio is determined by dividing direct expenses by corporate premiums written.

The following table shows the 2012 performance goals for each performance indicator and the actual results for each performance indicator and relative weightings. Payments to named executive officers under our annual incentive plan were made in March 2013 for performance during 2012 and are reported in the Summary Compensation Table - 2012 on page 44 of this proxy statement under the "Non-Equity Incentive Plan Compensation" column.

Discretionary Performance-Based Cash Awards

At its discretion, and based on a recommendation of the Compensation Committee, the Board of Directors may award discretionary performance-based cash awards that are not tied to a specific executive compensation plan. The amount and timing of any awards is solely at the discretion of the Board of Directors. In 2012, the Board of Directors did not award any discretionary performance-based cash awards to the named executive officers.

Long-Term Equity Based Awards

The Compensation Committee's approach to long-term equity based awards remained unchanged from 2011. The Company has an equity compensation program for all of our executive officers, including our named executive officers. The program utilizes our 2008 Stock Plan, approved by the shareholders in May 2008, which permits the issuance of both restricted stock and stock options, among other forms of equity compensation. The Compensation Committee believes that providing a balance of restricted stock and stock options is beneficial to us and our shareholders. The Board of Directors grants stock options and restricted stock to our named executive officers to retain those executives and to provide compensation that encourages those executives to increase shareholder value. The expense related to stock option and restricted stock awards is recognized in our Consolidated Financial Statements over the five years following the grant date of the award.

The size of awards granted to named executive officers under our equity compensation program is initially tied to each executive's base salary. Under the equity compensation program, our named executive officers are assigned to one of three "tiers." We established five levels of performance, with increasingly higher awards for attaining increasingly higher performance. Each participant within each tier receives a proportionate share of the pool of equity awards designated annually. The size of the pool is adjusted based on our prior year's return on equity, so that as the return on equity increases, our named executive officers can receive higher annual incentive awards and more equity. In a year when prior-year results fail to reach the threshold target, the awards are eliminated. The Compensation Committee and the Board of Directors have authority to make discretionary awards to our executive officers, including our named executive officers. During 2012, no discretionary awards were made to our named executive officers under the 2008 Stock Plan.

Company-Sponsored Benefit Plans

We believe the insurance and retirement benefit plans we sponsor are an important part of fair and reasonable compensation for all of our employees, including our named executive officers. We design these benefit plans to attract and retain a strong employee base, to provide a measure of financial security for our employees and to assist our employees in providing for their own financial security in a manner that recognizes individual needs and preferences. We also provide these programs because we believe that employees who have a plan for health and financial security are better employees. We apply these programs equally to all employees. Our benefit plans consist of an insurance plan that provides health, vision, dental, disability and basic term life insurance coverage, a flexible benefit plan, which has been terminated, and various retirement plans.

Deferred Compensation Plan

We maintain a non-qualified deferred compensation plan for certain officers, including our named executive officers. We use this plan to provide eligible executives the opportunity to plan and supplement their retirement income by deferring receipt of part of their base salary and/or annual performance-based cash award. We hold the amounts deferred by an executive in a separate account for the benefit of that executive.

Perquisites

We do not rely upon perquisites as a method of providing significant compensation to any of our employees, preferring instead to use direct compensation and incentive plans. We provide only those perquisites that are related to our business or that we believe are necessary to attract and retain key executive personnel. During 2012 we paid country club dues for several of our named executive officers so they have a club available for business entertainment on our behalf. For security reasons, our Board of Directors requires Mr. Ramlo to use our corporate aircraft for business travel whenever it is practical to do so. We expect our other named executive officers to use our corporate aircraft for business travel whenever it is reasonable to do so.

We permit Mr. Ramlo to use our corporate aircraft for personal travel. Mr. Ramlo did not use the aircraft for personal use during 2012. Mr. Ramlo's spouse and Mr. Ernst's spouse accompanied them on business trips at our request. Under Internal Revenue Service regulations, we were required to treat such use as personal use; accordingly, we reported the value of this travel as ordinary income to Mr. Ramlo and Mr. Ernst, and increased Mr. Ramlo's and Mr. Ernst's cash compensation to pay the income taxes associated with this tax treatment.

The Annual Compensation Process

Role of Management

Our Chief Executive Officer has a key role in determining compensation levels for all named executive officers other than his own. He directs the collection and compilation of data for consideration by the Compensation Committee.

Guided by the principles discussed under Compensation and Benefits Philosophy, our Chief Executive Officer:

- Identifies appropriate performance measures and recommends to the Compensation Committee performance targets that it and the Board of Directors may use to determine annual and long-term incentive awards;
- Develops compensation guidelines for each named executive officer position;
- Annually recommends to the Compensation Committee the base salary for each executive position; and
- Briefs each named executive officer on the performance goals and stock ownership guidelines established for that executive's position.

Role of the Compensation Committee and the Board of Directors

The Compensation Committee and the Board of Directors refer to the principles discussed under Compensation and Benefits Philosophy to guide them in determining and implementing compensation programs for our named executive officers. For named executive officers other than our Chief Executive Officer, the Compensation Committee receives and reviews Mr. Ramlo's recommendation as described above and makes recommendations to the full Board of Directors. The full Board of Directors then acts on these recommendations to set the compensation of our named executive officers.

The Compensation Committee and the Board of Directors take the following steps to approve the compensation of our Chief Executive Officer:

• The Compensation Committee identifies appropriate performance measures.

The Compensation Committee considers the various components of compensation discussed under the headings Compensation and Benefits Philosophy and Base Salary, above, and reviews data provided by CRI's Executive Compensation Study. Based on that consideration and review, it annually recommends to the Board of Directors the base salary and long-term incentive awards for our Chief Executive Officer. The Board of Directors reviews and considers the proposals of the Compensation Committee and makes its final determination based on what it believes to be in the best interests of the Company and our shareholders.

Role of Independent Consultants

Under its charter, the Compensation Committee, in its sole discretion, has the authority, resources and funds necessary to retain or obtain the advice of outside advisers, including independent compensation advisers, legal counsel and other advisers and experts. Prior to retaining or obtaining advice from such outside advisers, the committee determines their independence by reference to the NASDAQ Listing Rules.

During 2012, the Compensation Committee engaged CRI to advise it on compensation matters for our named executive officers. CRI reported directly to the Compensation Committee and provided services related to named executive officer compensation. Management did not participate in the selection process and did not recommend CRI; management does not participate in specific matters assigned to CRI by the Compensation Committee. Although particular assignments may vary, compensation consultant engagements by the Compensation Committee have generally included:

• Reviewing and advising on all principal aspects of compensation for named executive officers, including base salaries, equity awards and annual incentive plan awards for named executive officers.

• Reviewing and advising the Compensation Committee on compensation for non-employee directors.

• Providing advice on compensation matters for named executive officers and non-employee directors as requested by the Compensation Committee.

The Compensation Committee engaged CRI during 2012 to assist in evaluating our peer groups and to advise the Compensation Committee generally on compensation matters related to the compensation programs of our named executive officers.

Apart from the Committee's employment of CRI, CRI also from time to time assists our human resources department with, among other things, structuring various compensation programs that do not discriminate in scope, terms or operation, in favor of our executive officers or directors and that are available generally to all salaried employees. To maintain independence the CRI employees who provide services to the Compensation Committee did not provide any other services to United Fire or our human resources department. Furthermore, the Compensation Committee requires the following:

• CRI employees who provide consulting services to the Compensation Committee shall not provide any other

Table of Contents

services to United Fire Group.

CRI employees who provide services to the Compensation Committee shall report only to the committee, shall not provide reports to our human resources department or to management, and shall not meet with our human resources department or management unless specifically requested to do so by the Compensation Committee.

CRI employees who provide services to the Compensation Committee shall keep confidential and separate from management all information provided by or to the Compensation Committee.

During 2012, CRI performed no work and charged no fees for work done on behalf of our human resources department or management. CRI's internal conflict of interest policy prohibits any CRI employee who is involved in any executive or board compensation engagement for the Compensation Committee from working with the human resources department or management of United Fire.

Compensation Consultant Independence

To maintain the independence of the compensation consultant, the Compensation Committee has the sole authority to retain or terminate CRI. In connection with its engagement of CRI, the Committee considers various factors bearing upon CRI's independence including, but not limited to, the amount of fees received by CRI from United Fire as a percentage of CRI's total revenue, CRI's policies and procedures designed to prevent conflicts of interest, and the existence of any business or personal relationship with a member of the Compensation Committee or management that could impact CRI's independence. After reviewing these and other factors, the Committee determined that CRI was independent and that its engagement did not present any conflicts of interest.

Named Executive Officers as Shareholders

We believe that ownership of our common stock by our executive officers, including our named executive officers, promotes the alignment of their interests with those of our Company and our shareholders. A Board of Directors policy sets forth guidelines for stock ownership by certain of our executive officers, including our named executive officers. These guidelines include target levels of stock ownership for each covered executive officer. The goal of these guidelines is to have our executive officers, including our named executive officers hold a meaningful stake in our Company.

The following table shows the target number of shares to be owned by each named executive officer and each named executive officer's share ownership as of March 18, 2013:

Name	Tier ⁽¹⁾	Target Number of Shares of Common Stock to be Held ⁽²⁾	Number of Shares of Common Stock Held at Record Date	Target Date Shares are to be Held by
Randy A. Ramlo	3	24,063	16,941	December 31, 2013
Dianne M. Lyons	2	11,602	9,699	December 31, 2013
Michael T. Wilkins	2	12,375	12,754 (3)	December 31, 2013
Barrie W. Ernst	1	8,319	11,284	December 31, 2013
Neal R. Scharmer	1	5,523	4,424	December 31, 2013

Equity ownership targets for Mr. Ramlo as a Tier 3 executive were calculated as the number of shares equal to two times his base salary on January 1, 2008 divided by the closing price of our common stock on January 1, 2008.

- (1) Equity ownership targets for named executive officers in Tier 2 were calculated as the number of shares equal to one and one half times their base salary on January 1, 2008 divided by the closing price of our common stock on January 1, 2008. Equity ownership targets for executive officers in Tier 1 were calculated as the number of shares equal to their base salary on January 1, 2008 divided by the closing price of our common stock on January 1, 2008. Shares held either directly or indirectly and any shares of restricted stock (whether vested or unvested) held by the (2) named executive officer are counted toward the target number of shares. Any unexercised stock options (whether vested or unvested) held by the named executive officer are not counted toward the target number of shares.

Table of Contents

(3) The number of shares reported in this table as beneficially held by Mr. Wilkins excludes 218,644 shares held by our employee stock ownership plan. As co-trustee of this employee benefit plan, shares held by this plan are attributed to Mr. Wilkins in accordance with SEC beneficial ownership rules. Mr. Wilkins disclaims beneficial ownership of any shares held by this plan that are not specifically allocated for his benefit.

REPORT OF THE COMPENSATION COMMITTEE

March 2013

The Compensation Committee of the Board of Directors has reviewed and discussed with management the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K. Based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's annual proxy statement and incorporated by reference in the Company's Annual Report on Form 10-K for the year ended December 31, 2012.

Amounts in this column for 2012 include amounts earned in 2012, but paid in 2013. These amounts are based on (1) the achievement of Company performance goals for 2012. These amounts were \$20,000 for Mr. Ramlo, \$12,000 for Ms. Lyons, \$14,000 for Mr. Wilkins and \$8,000 for Mr. Scharmer.

(2) Amounts in this column for 2010 represent discretionary bonuses received by the named executive officers based on performance related to the acquisition of Mercer Insurance Group, Inc.

Amounts in this column represent the aggregate grant date fair value for options issued during 2011 and 2010, calculated in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, Compensation - Stock Compensation. To calculate these amounts we use the Black-Scholes option pricing model. This model estimates the fair value of traded options, which have different characteristics than employee (3) stock options. Changes to the subjective assumptions used in the model can result in materially different fair value estimates. For a discussion of valuation assumptions used, see Note 9 to the Consolidated Financial Statements included in our Company's Annual Report on Form 10-K for the year ended December 31, 2012. Option awards represented in this column vest 20 percent each year for five years beginning with the first anniversary of the grant date; unvested options are subject to forfeiture until vested.

All employees are eligible to participate in our annual performance-based cash award plan if they (a) have worked for us for at least twelve months, (b) have 1,000 hours of service during the calendar year and (c) are in our employ at the time the cash awards for that year are paid. Employees who otherwise would be eligible to participate who (4) retire during the calendar year receive payments under this plan prorated to the date of their retirement. The amounts shown in this column are those amounts earned by the executive for the year shown. These amounts were determined and paid in the subsequent year. For example, any non-equity incentive plan awards shown for 2012 were earned in 2012, but determined and paid in 2013.

GRANTS OF PLAN-BASED AWARDS

The Board of Directors has adopted a written policy regarding the issuance of options under the 2008 Stock Plan. This policy provides that all options shall be issued at regularly scheduled meetings of the Board of Directors and that the exercise price for options issued under the 2008 Stock Plan shall be the closing market price on the option grant date. Options granted to our named executive officers by our Board of Directors under the 2008 Stock Plan have the following characteristics:

Options vest 20 percent each year on the first five anniversaries of the grant date. Options vest immediately if we enter into an agreement to dispose of all or substantially all of our assets or capital stock. The Board of Directors has the authority under the 2008 Stock Plan to accelerate vesting of stock options at their discretion.

Options expire on the sooner of:

• Ten years after the option grant date;

• One year after the termination of employment for reason of death or disability; or

• 30 days after the termination of employment for any reason other than death or disability, unless extended by the Board of Directors for up to one year after termination of employment.

• The exercise price is the closing market price for our common stock on the option grant date.

All of our employees who are 21 years of age and older automatically participate in the pension plan after completing one year of employment and 1,000 hours of service. When eligibility criteria are met, the employee participates in the plan on the next January 1 or July 1. Employees become 100 percent vested in the plan after completing five years of service. Plan benefits equal 1.25 percent of an employee's five year average annual compensation, plus .5 percent of average annual compensation in excess of covered compensation, multiplied by the lesser of years of service or 35 years. Covered compensation is determined by reference to the Social Security taxable wage base. Average annual compensation means annual compensation, averaged over the period of five consecutive years of service that produces the highest average. In most cases, the five year measurement period is the last five years of full-time employment prior to retirement. The pension plan uses only salary to determine the average annual compensation. Under federal law, for 2012 the maximum salary that can be considered is \$250,000.

The normal form of payment under the pension plan is a joint and 50 percent survivor annuity for a participant who is married on the annuity starting date and a life annuity for a participant who is unmarried on the annuity starting date. Participants may elect to receive a monthly pension over the participant's life or a term of up to 20 years or, if the actuarial equivalent of the annuity is \$10,000 or less, in the form of a lump sum cash payment. The amount of monthly pension benefits varies depending upon the term of payments elected by the participant, but the payments are in each case the actuarial equivalent of the normal form of payment.

Normal retirement age under the pension plan is 65, which is the earliest time a participant may retire under the pension plan without any benefit reduction due to age. The earliest age a participant may retire under the plan and still receive benefits is age 55. Participants electing early retirement with at least 20 years of service receive a reduction in benefits of 6 percent for each year the participant retires after age 55 and before age 60, and a reduction of benefits of 4 percent for each year the participant retires after age 60 and before age 65. If a participant elects early retirement with less than 20 years of service to us, then the participant's reduction in benefits is based on an actuarial calculation. Of our named executive officers, only Messrs. Ernst and Scharmer are currently eligible for early retirement under our pension plan.

NON-QUALIFIED DEFERRED COMPENSATION

The following table provides information about the participation by each of our named executive officers in the United Fire Group, Inc. Non-Qualified Deferred Compensation Plan:

Non-Qualified Deferred Compensation – 2012

Name	Executive Contributions in 2012 (\$) ⁽¹⁾	Aggregate Earnings in 2012 (\$)	Aggregate Withdrawals / Distributions (\$)	Aggregate Balance at 12/31/2012 (\$)
Randy A. Ramlo	\$22,000	\$3,147	\$—	\$72,636
Dianne M. Lyons	6,000	1,216	—	27,986
Michael T. Wilkins	20,000	495	—	20,495
Barrie W. Ernst	12,369	5,758	—	123,924
Neal R. Scharmer	8,595	214	—	8,809

⁽¹⁾ All amounts reported in this column were reported as part of either “Base Salary” or “Non-Equity Incentive Plan Compensation” in the Summary Compensation Table – 2012 on page 44 of this proxy statement.

The deferred compensation plan permits certain of our executive officers, including named executive officers, the opportunity to save a portion of their direct compensation for retirement. Executives must make a deferral election at least six months prior to the end of the year for the following year or, for newly eligible executives, within 30 days of attaining eligible status. We do not make contributions to the deferred compensation plan.

Table of Contents

Under the deferred compensation plan, we credit amounts deferred to notational accounts for the deferring executive. We determine the interest rate credited on these notational accounts annually, based on a reasonable rate of return, using the rate of return on our own investment portfolio as a guide.

We pay the deferred amounts to the deferring executive officer upon termination of employment for any reason after the executive reaches age 59½. The deferring executive officer may elect to receive the benefits in monthly installments adjusted for gains or losses over a 10-year period. An executive officer with less than five years of service who defers compensation under this plan forfeits 60 percent of the deferred amounts if that executive officer terminates employment prior to attaining age 59½. An executive officer with at least five years of service but less than ten years of service who defers compensation under this plan forfeits 30 percent of the deferred amounts if that executive officer terminates employment prior to attaining age 59½. An executive officer becomes fully vested in amounts deferred under our deferred compensation plan when that executive officer has attained ten years of service or reached age 59½. If the executive officer dies or becomes disabled while employed by us, we will pay the plan benefits as directed by that executive officer. The amounts deferred are subject to our creditors. Because a deferring executive officer has a risk of forfeiture upon termination of employment prior to age 59½, we believe this plan is an important tool to retain our executive officers.

The deferred compensation plan requires us to make payments to the deferring executive in a single lump sum or in annual installments over a period of years selected by the executive, not to extend beyond the year in which the participant reaches age 75.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

All of our named executive officers are currently "at will" employees, without employment contracts, change in control agreements or severance agreements. We do not have a predefined involuntary termination severance plan or policy for our named executive officers. Upon the termination of employment for any reason, our named executive officers will receive compensation and benefits pursuant to our defined benefit pension plan, annual incentive plan and employee stock ownership plan on the same terms and arrangements that are available generally to all salaried employees. Such plans and arrangements do not discriminate in scope, terms or operation in favor of our named executive officers. Our deferred compensation plan, which applies only to certain executive officers, including the named executive officers, provides for acceleration of vesting upon the occurrence of a change in control. The information in the following tables describes the compensation that would be payable under specific circumstances if our named executive officers' employment had terminated on December 31, 2012:

Table of Contents

- (1) At December 31, 2012, none of the named executive officers had achieved normal retirement age under our benefit plans.
- (2) Payments due upon termination of employment for any reason other than death, disability or retirement. Amounts shown in this row represent the expected payments to our named executive officer by our defined benefit pension plan under the four termination scenarios shown. Death benefits are paid as an actuarial equivalent, joint and survivor annuity to a named beneficiary based on the named executive officer's vested retirement benefit.
- (3) Disability benefits represent a lump sum payment of vested benefits to the named executive officer. Retirement benefits represent vested annualized monthly life annuity payments payable to each individual upon attaining normal retirement age. Termination benefits represent vested annualized monthly life annuity payments payable to each individual upon attaining normal retirement age. If the named executive officer retires after age 55 but before age 65, retirement benefits under our defined benefit pension plan are reduced.
- (4) We do not make a payment to a participant in our annual incentive plan for a particular year unless the participant is employed by us on the date incentive payments are made, typically in March of the following year. In the case of death or retirement, and in the discretion of our Chairman of the Board and our Chief Executive Officer, we will pay an annual incentive plan payment to a participant prorated to the date of death or retirement. Amounts shown for death and retirement assume our Chairman of the Board and our Chief Executive Officer exercised their discretion to make the payment.
- (5) Upon termination of employment for any reason, all of a named executive officer's unvested options expire unless the Board of Directors, in its discretion, accelerates the vesting of any unvested option awards. Amounts shown are calculated using the fair market value of the stock underlying in-the-money vested options and in-the-money unvested options that would have become exercisable on December 31, 2012, assuming that the Board of Directors accelerated the vesting of all unvested options.
- (6) As of December 31, 2012, none of the shares of restricted stock were vested.
- (7) A participant in our ESOP is not vested until attaining three (3) years of service under the plan, at which time the participant is 100% vested in the ESOP. Vested amounts are not affected by any termination of employment. Amounts shown reflect the accumulated ESOP account balance as of December 31, 2012.
- (8) Upon termination of employment, a participating named executive officer would receive a distribution of all vested amounts deferred under the Deferred Compensation Plan (including earnings on the amounts deferred). A participant is vested 40.0 percent in any amounts deferred under the plan if they have less than five (5) years of service to us, 70.0 percent if they have five (5) years but less than ten (10) years of service to us, and 100 percent if they have ten years of service to us. Notwithstanding the foregoing, a named executive officer becomes 100 percent vested in any amounts deferred if the officer terminates employment after reaching age 59½, upon a change in control of United Fire Group, Inc. or a change in ownership of a substantial portion of our assets, or upon the death or disability of the officer while employed by us. Messrs. Ernst, Ramlo, Scharmer and Wilkins and Ms. Lyons are each 100 percent vested in the amounts they have deferred under the plan.

DIRECTOR COMPENSATION

We have designed the compensation of our directors to attract and retain qualified directors and to align director compensation with the interests of our shareholders. The Compensation Committee is responsible for making recommendations to the Board of Directors regarding compensation plans and the elements of director compensation. The Compensation Committee did not engage any compensation consultants during 2012 for advice regarding director compensation.

Direct Compensation

For the 12-month period beginning with the Annual Meeting in 2012, all non-employee directors received a retainer for service on our Board of Directors. The Chairman of our Board of Directors, Vice Chairman of our Board of Directors, and the chairpersons of the standing committees of our Board of Directors each received an additional retainer for their service in those capacities. In addition, non-employee directors receive attendance fees for their attendance at meetings of the Board of Directors and for their attendance at meetings of the committees of which they are members. We also reimburse direct expenses, such as travel expenses, incurred by non-employee directors to attend meetings of the Board of Directors and committees.

In May 2012, the Compensation Committee recommended and the Board of Directors approved the issuance to each non-employee director 582 shares of restricted stock and options to acquire 2,145 shares of our common stock under our Non-Qualified Non-Employee Director Stock Option and Restricted Stock Plan.

- (1) Stock awards represented in this column vest on the one year anniversary of the grant date and are subject to forfeiture until vested.
 Amounts in this column represent the aggregate grant date fair value for options issued during 2012, calculated in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, Compensation - Stock Compensation. To calculate these amounts we use the Black-Scholes option pricing model.
- (2) This model estimates the fair value of traded options, which have different characteristics than employee stock options. Changes to the subjective assumptions used in the model can result in materially different fair value estimates. For a discussion of valuation assumptions used, see Note 9 to the Consolidated Financial Statements included in our Company's Annual Report on Form 10-K for the year ended December 31, 2012.
- (3) Option awards represented in this column vest 20 percent each year for five years on the anniversary of the grant date and are subject to forfeiture until vested.
- (4) Mr. Besong joined the Board of Directors on February 15, 2013 and did not receive any compensation in 2012.

- (11) Aggregate options outstanding at 12/31/2012 - 82,599.
- (12) For Mr. Rife, the figure in this column represents accrued interest credited to Mr. Rife under our deferred compensation plan.

As a retired executive of United Fire & Casualty Company, Mr. Rife receives regular distributions under certain of our retirement benefit plans. Because Mr. Rife's benefit accrual was previously reported during the year in which the benefit accrued, these amounts are not subject to disclosure in the Non-Employee Director Compensation – 2012 table. During 2012, Mr. Rife received distributions of \$98,888 under our defined benefit pension plan and \$42,532 under our deferred compensation plan. For a discussion of the operation of these plans, see the Compensation Discussion and Analysis section beginning on page 30 of this proxy statement.

Deferred Compensation

In November 2012, the Board of Directors approved the creation of the 2012 Deferred Compensation Plan for United Fire Group, Inc. Non-Employee Directors ("Directors' Deferred Compensation Plan"). The Directors' Deferred Compensation Plan allows non-employee directors the opportunity to defer up to 100% of the retainer fee they receive for service on our Board of Directors. All non-employee directors serving on our Board of Directors are eligible to participate in the Directors' Deferred Compensation Plan beginning with fees paid during 2013.

In order to participate in the Directors' Deferred Compensation Plan, each non-employee director must submit an election form by December 31 prior to the plan year in which compensation will be deferred. Thereafter, the participating director can change or terminate the election by making a timely new election. Compensation amounts deferred by non-employee directors are used to acquire "credited stock units" based on the closing market price of our common stock on the date the amounts are deferred. A participating director's credited stock units are then valued on an annual basis based on the closing market price of our common stock on December 31st of each year. By tying a director's deferred compensation to the performance of our common stock, we believe this plan allows directors to quickly acquire a more meaningful stake in our company.

When a participating director leaves the Board of Directors, the director may elect to receive the cash value of the credited stock units in the director's account either in one lump sum or in equal installments paid out over five years. The participating director selects the manner of distribution when the director elects to participate in the Directors' Deferred Compensation Plan. The amount payable to a director is the value of the credited stock units in the director's account, valued at December 31st of the year the director ceases to serve as a director.

TRANSACTIONS WITH RELATED PERSONS

The Nominating and Governance Committee follows a written policy relating to transactions involving United Fire Group, Inc. and any Related Person, as that term is defined in Item 404 under Regulation S-K of the Securities Act of 1933, as amended. The policy sets forth our position and procedures with respect to review and approval or ratification of related person transactions. A related person transaction is defined to mean any transaction or series of transactions with the Company that directly or indirectly involves or proposes to involve any related person and the amount involved exceeds \$120,000. The policy requires the Nominating and Governance Committee (or the Board of Directors upon referral by the Committee) to disapprove, approve or ratify any related person transactions. Related person transactions are approved or ratified only if they are determined to be in, or not inconsistent with, United Fire Group, Inc.'s best interests. The following transactions are pre-approved: compensation or employment relationships required to be disclosed pursuant to Item 402 of Regulation S-K; relationships that arise only due to that person's position as a director of another entity or due to ownership of less than 10% of another entity, or both; standard insurance agency contracts, provided the agency contracts are on the same terms as are offered to agencies unrelated to us; and insurance products issued by us or a subsidiary to a related person, provided such products are issued on the same terms as such products are offered to the public.

Pursuant to the policy, the Nominating and Governance Committee gathers information from management and directors to determine what transactions it must review, coordinates with management to monitor for potential related person transactions, and reviews all transactions that could be considered to be a transaction with a related person. The Nominating and Governance Committee does not review transactions in the normal course of business unless the transaction involves an amount in excess of \$120,000. Except for pre-approved transactions, the Nominating and Governance Committee reviews all transactions that are not in the ordinary course of business that would be required to be reported under SEC Form 10-K, Item 13 if the amount involved exceeded \$120,000. There were no such transactions since the beginning of our last fiscal year and there are no such currently proposed transactions, except as disclosed in the Board Size, Composition, and Independence Determination section of this Proxy Statement.

OTHER MATTERS

Management knows of no other matters that will be brought before the meeting, but if other matters properly come before the meeting, the persons named in the enclosed proxy, or their substitutes, will vote in accordance with their best judgment on such matters.
