ITEM 4.02 Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.

On April 25, 2007, management of Airtrax, Inc. (the “Company”) determined, after consultation with its independent registered public accounting firm, that a restatement of its financial statements for the year ended December 31, 2006 filed on Form 10-KSB, together with the quarterly report on Form 10-QSB for the period ending September 30, 2006 (collectively, the “Reports”), is necessary due to the issuance of convertible debentures and warrants (collectively, the “Securities”) in July 2006 for the settlement of liquidated damages from our October 2005 private placement. The Securities were not previously recorded on the Company’s books and records. Additionally, the Company determined that a correction of the accounting for the settlement of liquidated damages in July 2006, in connection with its November 2004 private placement, was also required. As a result, such financial statements included within the Reports should no longer be relied upon.

The Company has discussed this matter with its independent accounting firm.
