PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON

MAY 23, 2003

This Proxy Statement is being mailed on or about April 25, 2003, to stockholders of record on April 11, 2003 of Ribapharm, Inc. (the Company or Ribapharm) in connection with the solicitation of proxies by the Ribapharm Board of Directors for use at the 2003 Annual Meeting of Stockholders to be held on May 23, 2003, or any adjournments or postponements thereof (the Annual Meeting), for the purposes set forth in this Proxy Statement and in the accompanying Notice of Annual Meeting of Stockholders.

When a proxy in the form enclosed with this Proxy Statement is returned properly executed, the shares represented thereby will be voted at the Annual Meeting in accordance with the directions indicated thereon or, if no direction is indicated, the shares will be voted in accordance with the recommendations of the Board of Directors. A stockholder who executes and returns the enclosed proxy may revoke it at any time prior to its exercise by giving written notice of such revocation to the Secretary of the Company, at the address of the Company, by revoking it in person at the Annual Meeting or by voting at the Annual Meeting. Stockholders may also revoke a prior proxy by executing a later-dated proxy and submitting it to any person; provided that such person ultimately delivers such later dated proxy to the Secretary of the Company prior to the Annual Meeting. Attendance at the Annual Meeting by a stockholder who has executed and returned the enclosed proxy does not alone revoke the proxy. If shares are held by a broker or other intermediary, a properly executed proxy from the record holder of such shares must be presented in order to vote such shares at the Annual Meeting.

VOTING SECURITIES

Only stockholders of record at the close of business on April 11, 2003 will be entitled to notice of and to vote at the Annual Meeting. As of the close of business on April 11, 2003, there were outstanding 150,000,000 shares of the Company's Common Stock, par value \$.01 per share (the Common Stock), held of record by approximately 2,840 stockholders, each of which shares is entitled to one vote at the Annual Meeting.

PROPOSAL I ELECTION OF DIRECTORS

Edgar Filing: RIBAPHARM INC - Form DEF 14A

The Company's Amended and Restated Certificate of Incorporation provides for the number of directors of the Company to be fixed by resolution of the Board of Directors from time to time. The Board of Directors has fixed the number of directors at 6 persons. These directors are to be elected at the Annual Meeting, each to serve until the 2004 Annual Meeting of Stockholders and until his successor is elected and qualified. The nominees of the Board of Directors are Gregory F. Boron, Santo J. Costa, Dr. Andre C. Dimitriadis, Daniel J. Paracka, James J. Pieczynski, and Dr. Roberts A. Smith. If for any reason any nominee should not be available for election or be unable to serve as a director, the accompanying proxy will be voted for the election of such other person, if any, as the Board of Directors may designate. The Board of Directors has no reason to believe that any nominee will be unavailable for election or unable to serve.

When a proxy in the form enclosed with this Proxy Statement is returned properly executed, unless marked to the contrary, such proxy will be voted in favor of our six nominees listed above. If any other matters are properly presented at the Annual Meeting for action, which is not presently contemplated, the proxy holders will

Edgar Filing: RIBAPHARM INC - Form DEF 14A

vote the proxies (which confer discretionary authority upon such holder to vote on such matters) in accordance with their best judgment.

The presence, in person or by proxy, of the holders of a majority of the shares of Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum for the transaction of business at the Annual Meeting. The affirmative vote of a plurality of the votes cast by the holders of the Common Stock present in person or represented by proxy at the Annual Meeting and entitled to vote their Common Stock, is required to elect directors. Abstentions and broker non-votes in connection with the election of directors shall have no effect on such matters since directors are elected by a plurality of the votes cast at the Annual Meeting. As of the close of business on April 11, 2003, ICN Pharmaceuticals, Inc. (ICN) held 120,100,000 shares of Common Stock, or 80.1% of the outstanding shares of Common Stock. Accordingly, ICN has the ability to elect the members of the Board of Directors at the Annual Meeting.

The Board of Directors of the Company recommends that the stockholders vote FOR the election of the six nominees for director proposed by your Board: Gregory F. Boron, Santo J. Costa, Dr. Andre C. Dimitriadis, Daniel J. Paracka, James J. Pieczynski, and Dr. Roberts A. Smith.

INFORMATION CONCERNING NOMINEES AND DIRECTORS

The Board of Directors consists of six members: Gregory F. Boron, Santo J. Costa, Dr. Andre C. Dimitriadis, Daniel J. Paracka, James J. Pieczynski, and Dr. Roberts A. Smith, all of whom are standing for election at the Annual Meeting.

The Board of Directors previously consisted of the following persons: Dr. Johnson Y.N. Lau, Kim Campbell, Dr. Roger Guilleman, Arnold H. Kroll, Dr. Roberts A. Smith, Hans Thierstein and Dr. John Vierling. On August 23, 2002, Dr. Roger Guilleman resigned as a member of the Board; at that time, no person was elected to fulfill his remaining term. On December 23, 2002, ICN, the holder of approximately 80.1% of the Common Stock, acted by written consent to remove each person then serving on the Board of Directors, other than Dr. Smith, (the Former Directors).

On January 22, 2003 in connection with the settlement of litigation between ICN and the Former Directors, Dr. Johnson Y.N. Lau, Chairman, President and Chief Executive Officer of the Company, resigned as an officer and director of the Company, and board members Kim Campbell, Arnold H. Kroll, Hans Thierstein and Dr. John Vierling also resigned as directors. On January 23, 2003, Dr. Smith, the sole remaining director of the Company, elected Messrs. Paracka, Costa, Boron and Pieczynski to serve as directors. Mr. Paracka was also elected to serve as Chairman. - (8) Consisted of the following: Payment for surrender of options under the ICN Option Plan upon Change in Control (\$96,210); Company-paid premiums for international life insurance (\$965); Company-paid premiums for executive life insurance (\$153); and matching contributions to the Company's 401(k) plan (\$5,457).

Subsequent Events

On January 22, 2003, the Company, ICN, the Named Executive Officers and the former directors of the Company, other than Dr. Smith, entered into a Settlement Agreement (the "Settlement Agreement") dismissing certain litigation among the parties. Under the terms of the Settlement Agreement, Dr. Lau and Messrs. Loomis and Stankovich released Ribapharm and ICN from claims related to their employment, except for claims related to certain provisions of their Employment Agreements which survived termination; rights under stock option agreements with either Ribapharm or ICN; and other specified rights. The three executives also received severance payments they were entitled to under their Employment Agreements in the following amounts: Dr. Lau (\$2,519,500); Mr. Stankovich (\$1,081,000); and Mr. Loomis (\$1,195,000), and also received accrued compensation for services performed through termination of employment in the following amounts: Dr. Lau (\$76,535); Mr. Stankovich (\$34,775); Mr. Loomis (\$35,440). As contemplated by their Employment Agreements, each executive is eligible to continue to receive certain benefits after termination of employment, and all options to purchase shares of Ribapharm or ICN Common Stock held by the executives vested and will become exercisable for the original terms of the options, subject to certain restrictions on the exercisability of options to purchase Ribapharm Common Stock. See "Option Grant Information". The Company remains obligated to make additional cash payments covering excise taxes payable by the executives under Section 4999 of the Internal Revenue Code in connection with such payments. See "Certain Employment Agreements and Arrangements - Prior Executive Officers."

On February 21, 2003, the Company granted the following options to purchase Common Stock to the current executive officers of the Company: Dr. Kim David Lamon 1,000,000 shares; William M. Comer, Jr. 200,000 shares, and Mel D. Deutsch 200,000 shares. The exercise price of the options is \$4.65 per share, the fair market value of the Common Stock on the date of the grant.

Option Grant Information

The following table sets forth information with respect to options to purchase shares of Common Stock granted to Named Executive Officers in 2002.

OPTION GRANTS IN LAST FISCAL YEAR

Name	Number of Securities Underlying Options Granted(1)	Percent of Total Options Granted to Employees	Exercise Price (\$/Share)	Expiration Date	Grant Date Present Value\$(3)
		in Fiscal Year(2)			
Johnson Y. N. Lau	1,200,000	30.4%	\$ 10.00	4/11/12	7,114,080
Johnson Y. N. Lau	259,300	6.6%	\$ 5.60	12/4/12	860,850
Roger D. Loomis, Jr.	350,000	8.9%	\$ 10.00	4/11/12	2,074,940
Roger D. Loomis, Jr.	99,000	2.5%	\$ 5.60	12/4/12	328,670
Thomas Stankovich	350,000	8.9%	\$ 10.00	4/11/12	2,074,940
Thomas Stankovich	71,700	1.8%	\$ 5.60	12/4/12	238,037

(1) All options were granted pursuant to the Company's 2002 Stock Option and Award Plan (the "Option Plan"). The options have ten-year terms, and vest and become exercisable according to the following schedule: 25% on the first anniversary of the date of grant and 25% on each of the next succeeding three anniversary dates of the grant date. Upon a change in control (as such term is defined under the Named Executive Officers' employment agreements), these options will vest immediately and become fully exercisable. However, even vested options may not be exercised until the earlier of (i) the completion of a spin-off of the Company by ICN (if at all), (ii) the date on which ICN becomes ineligible under U.S. tax laws to effect the spin-off of the Company on a tax-free basis or abandons the spin-off, or (iii) September 30, 2003 (the "First Exercise Date"). Notwithstanding the foregoing, but subject to the restrictions relating to the First Exercise Date, the Compensation Committee may accelerate the vesting and/or exercisability of options at any time. All options were granted with an exercise price equal to the fair market value of the underlying shares on the date of grant.

The election of directors at the 2002 and 2001 Annual Meetings of Stockholders of ICN resulted in a change in control. As a result, upon termination of their employment in January 2003, the options granted to Dr. Lau and Messrs. Stankovich and Loomis presented in the table vested, and will be fully exercisable on the First Exercise Date. The options may be exercised at any time prior to the expiration date.

(2) A total of 3,942,050 options were granted to employees, including the Named Executive Officers, during 2002.

(3) Based on the Black-Scholes option pricing model adapted for use in valuing executive stock options. The estimated values under that model are based on assumptions as to variables such as risk free interest rate (2.55%), stock price volatility (77%), weighted-average life in years (4.17) and the weighted-average fair value of the option granted (\$5.28). The expected dividend yield per share was not used in this calculation since the Company currently does not pay dividends and does not anticipate paying dividends in the foreseeable future. The actual value, if any, an executive may realize will depend on the excess of the stock price on the date the option is exercised over the exercise price. There is no assurance the value realized by an executive will be at or near the value estimated by the Black-Scholes model.

AND FISCAL YEAR-END OPTION VALUES

- (1) Each of the Named Executive Officers served as an officer of ICN prior to the initial public offering of the Company's Common Stock and received options to purchase ICN Common Stock pursuant to ICN's Amended and Restated 1998 Stock Option Plan (the "ICN Option Plan"). As of December 31, 2002, the Named Executive Officers also held options to purchase the following amounts of ICN Common Stock: Dr. Lau (23,673 shares); Mr. Loomis (15,364 shares); and Mr. Stankovich (77,542 shares). ICN has advised the Company that, if ICN decides to complete the possible tax-free spin-off of its shares of the Company's Common Stock, it has not yet determined what action, if any, it intends to take with respect to the ICN Option Plan to account for the spin-off. ICN's actions may include requiring the Company to grant to holders of ICN options, including the Named Executive Officers, options to acquire the Company's Common Stock.

- (3) These options vested as a result of the Change in Control and subsequent termination of the employment of the Named Executive Officers in January 2003, and will be exercisable on the First Exercise Date. See "Certain Employment Agreements and Arrangements - Prior Executive Officers."

Compensation of Directors

The Company has adopted the 2002 Amended and Restated Non-employee Director Retainer Fee Plan (the "Director Plan"). The Director Plan is intended to further the growth, development and financial success of the Company by strengthening its ability to attract and retain experienced and knowledgeable non-employee directors. Pursuant to the Director Plan, directors who are not also employees of the Company receive a quarterly fee of \$7,500 payable at the end of each calendar quarter. Prior to February 2003, the Director Plan provided that such directors received one-half of their fees in cash and one-half in Common Stock, and were entitled to elect to receive such fees in varying portions of cash or Common Stock. If the fee is paid in Common Stock, the number of shares paid to the director is determined by dividing the amount of the fee by the fair market value of the Common Stock on the payment date. Shares were fully vested upon issuance.

In February 2003, the Board amended the Director Plan to provide that all fees would be paid in cash. Committee chairmen also receive an additional \$1,000 per quarter. Each non-employee director also receives \$1,000 for each board and committee meeting attended, and reimbursement of reasonable expenses incurred to attend board and committee meetings.

Non-employee directors are also eligible to receive options to purchase Common Stock under the Company's Option Plan as compensation for services as directors. The Option Plan provides for each new non-employee director to receive options to purchase 15,000 shares of Common Stock, and for directors to receive an

Edgar Filing: RIBAPHARM INC - Form DEF 14A

annual grant of 15,000 shares after each annual stockholder meeting. Options are granted at the fair market value of the Common Stock on the date of grant. Options have ten year terms, and vest in four equal parts beginning one year following the date of grant and on each subsequent anniversary of the date of grant, but may not be exercised before the First Exercise Date.

Messrs. Paracka, Costa, Pieczynski and Boron received options to purchase 15,000 shares of Common Stock on January 23, 2003, at an exercise price of \$6.45 per share. Dr. Dimitriadis received options to purchase 15,000 shares of Common Stock on February 21, 2003 at an exercise price of \$4.65 per share

At the time of the initial public offering of the Company's Common Stock in April 2002, each non-employee director, other than Dr. Roger Guillemin, received options to purchase 15,000 shares of common stock at the initial public offering price. These options vested upon the Change in Control triggered by the election of ICN's directors at ICN's 2002 and 2001 Annual Stockholders Meetings, as described above, may be exercised on the First Exercise Date, and remain exercisable for six months after the First Exercise Date. Of the directors who received these options, only Dr. Smith is currently a director or nominee for director of the Company.

Certain Employment Agreements and Arrangements

Current Executive Officers

Effective January 2003, the Company entered into a two-year employment agreement with Dr. Lamou pursuant to which Dr. Lamou has been engaged as the Company's President and Chief Executive Officer. The Company is obligated to pay Dr. Lamou an annual salary of \$425,000 or such greater amount as the Board of Directors may approve from time to time (the "Base Salary"). Under the terms of the employment agreement, Dr. Lamou also received a signing bonus in the amount of \$400,000. Dr. Lamou is obligated to repay the signing bonus if he terminates his employment with the Company without good reason (as defined) or if the Company terminates his employment for cause (as defined) prior to January 2005. Dr. Lamou is eligible for an annual performance bonus of between 80% and 160% of the Base Salary based on certain performance targets, except that the bonus for fiscal year 2003 has been guaranteed at \$340,000. In accordance with the terms of his employment agreement, Dr. Lamou received an option under the Option Plan to purchase 1,000,000 shares of Common Stock at a per share price of \$4.65, which vests 25% on each of the first four anniversaries of his start date. The Company also is obligated to reimburse Dr. Lamou for all costs incurred in maintaining his existing residence, through January 2004, plus a gross up of taxes payable on such amounts to the extent they are not deductible by Dr. Lamou in connection with his personal income taxes.

If Dr. Lamou's employment is terminated by the Company without cause or by Dr. Lamou for good reason, or if the Company does not renew the agreement after the end of its then current term, then Dr. Lamou will be entitled to receive a payment equal to two times the sum of the Base Salary plus the average of the annual cash bonus received over the prior two fiscal years (the "Bonus Amount"); provided, that Dr. Lamou will only be entitled to such payments if he agrees not to compete with the Company or engage in certain other prohibited activities for a period of one year following his termination. If Dr. Lamou's employment is terminated as a result of his death or disability, then he or his beneficiaries will receive a pro rated bonus for the year of termination, and his initial stock option will immediately vest in full. If Dr. Lamou's employment is terminated by the Company without cause or by Dr. Lamou for good reason within 12 months following a change in control, he will be entitled to (i) life insurance, disability, health benefits and, if the Company adopts an excess retirement plan which covers him, a retirement benefit for the lesser of two years or until his 65th birthday, (ii) an amount equal to three times the sum of the Base Salary plus the Bonus Amount and (iii) immediate vesting of all of his outstanding stock options. For purposes of the foregoing severance payments and benefits, change in control includes both a change in control of the Company and a change in control of ICN. Change in Control is defined as: (i) the acquisition by any person of 30% or more of the Company's combined voting power; (ii) the failure of the Incumbent Board (as defined) to constitute 2/3 of the Board (unless the new directors were approved by 2/3 of the Incumbent Board); and (iii) approval by the stockholders of an agreement to sell all or substantially all of

Edgar Filing: RIBAPHARM INC - Form DEF 14A

the Company's assets or a merger or consolidation where the existing stockholders do not own more than 70% of the outstanding voting securities of the surviving corporation; provided, that none of the events in (i), (ii) or (iii) will constitute a change in control if ICN continues to hold a majority of the Company's outstanding voting securities. In addition, change in control is defined as (iv) liquidation or dissolution of ICN; (v) the failure of ICN's Incumbent Board (as defined) to constitute 2/3 of the ICN Board (unless the new directors were approved by 2/3 of the Incumbent Board); and (vi) approval by the stockholders of an agreement to sell all or substantially all of ICN's assets or a merger or consolidation where the existing stockholders of ICN do not own more than 70% of the outstanding voting securities of the surviving corporation, provided, that none of the events in (iv), (v) or (vi) will constitute a change in control if ICN does not hold a majority of the Company's outstanding voting securities.

The Company also is obligated to reimburse Dr. Lamont for any excise tax imposed on compensation or benefits payable to him in connection with a change in control.

Effective January 2003, the Company entered into two-year employment agreements with each of Messrs. Deutsch and Comer (each, an Executive) pursuant to which Messrs. Deutsch and Comer have been engaged as the Company's Vice President and General Counsel, and Vice President and Chief Financial Officer, respectively. The Company is obligated to pay Messrs. Deutsch and Comer an annual salary of \$225,000 and \$185,000, respectively, or in each case, such greater amount as the Board of Directors may approve from time to time. Each Executive is eligible for an annual performance bonus of between 40% and 80% of their respective base salary. In accordance with the terms of the employment agreements, each Executive received a stock option to purchase 200,000 shares of Common Stock at a per share purchase price of \$4.65, which vests 25% on each of the first four anniversaries of the grant start date.

If an Executive's employment is terminated by the Company without cause (as defined) or by the Executive for good reason (as defined), or if the Company does not renew the agreement after the end of its then current term, then such Executive will be entitled to receive a payment equal to 1/2 the sum of the applicable base salary plus the average of the annual cash bonus received by such Executive over the prior two fiscal years (the Bonus Amount); provided, that the Executive will only be entitled to such payments if he agrees not to compete with the Company and engage in certain other prohibited activities for a period of one year following his termination. If an Executive's employment is terminated as a result of his death or disability, then he or his beneficiaries will receive a pro rated bonus for the year of termination, and his initial stock option will immediately vest in full. If an Executive's employment is terminated by the Company without cause or by Executive for good reason within 12 months following a change in control, he will be entitled to (i) life insurance, disability, health benefits and, if the Company adopts an excess retirement plan which covers him, a retirement benefit for the lesser of 6 months or until his 65th birthday, (ii) an amount equal to the sum of the Base Salary plus the Bonus Amount and (iii) immediate vesting of all of his outstanding stock options. For purposes of the foregoing severance payments and benefits, change in control is defined as: (i) the acquisition by any person of 30% or more of the Company's combined voting power; (ii) the failure of the Incumbent Board to constitute 2/3 of the Board (unless the new directors were approved by 2/3 of the Incumbent Board); (iii) approval by the stockholders of an agreement to sell all or substantially all of the Company's assets or a merger or consolidation where the existing stockholders do not own more than 70% of the outstanding voting securities of the surviving corporation; and (iv) liquidation or dissolution of ICN so long as ICN holds a majority of the Company's outstanding voting securities; provided, that none of the events described in (i), (ii) or (iii) will constitute a change in control if ICN continues to hold a majority of the Company's outstanding voting securities.

Prior Executive Officers

The Company previously entered into employment agreements (Prior Employment Agreements) with the Named Executive Officers, which were intended to retain the services of these executives and provide for continuity of management in the event of any actual or threatened change in control. Each agreement contained substantially identical terms, except that Dr. Lau's agreement guaranteed that his cash compensation received during 2002, including cash compensation received from ICN prior to the public offering of Ribapharm's

Edgar Filing: RIBAPHARM INC - Form DEF 14A

common stock, would be at least \$465,000. Each agreement had an initial term of three years, and automatically extended for successive one year terms unless the executive or the Company elected not to extend it.

The Prior Employment Agreements provided for each executive to receive a severance payment equal to three times salary and bonus, and certain other benefits, including immediate vesting of all options or awards granted by the Company or ICN, if the executive's employment was terminated without cause, or if the executive terminated employment for certain enumerated reasons following a change of control (as defined below). The executive was under no obligation to mitigate amounts payable under the Prior Employment Agreements. On May 17, 2002, the Compensation Committee of the Board, as it was then constituted, approved amendments to the Prior Employment Agreements to provide for payment of such severance benefits if the executive left the Company for any reason or without reason during the sixty-day period commencing six months after a change of control. The amendments also provided that, if any payment made to the executives under the Prior Employment Agreements, together with any amounts or benefits otherwise paid or distributed to the executives by the Company or ICN, become subject to the excise tax imposed under Section 4999 of the Internal Revenue Code, the executives will receive an additional payment sufficient to cover such taxes (and any excise or other taxes imposed on such additional payment).

Under the terms of the Company's Option Plan (unless an optionee's employment agreement provides otherwise), if the optionee's employment is terminated without cause following a change in control, options generally vest immediately, and are exercisable after the First Exercise Date for a period of six months. For option holders whose employment is subject to the terms of an employment agreement (such as the Named Executive Officers and the Company's current executive officers), a change in control under the Option Plan has the meaning set forth in the executive's employment agreement. Under the Prior Employment Agreements, a change in control occurred if, among other things, the individuals serving on the existing board of directors of ICN on May 1, 2001, and any new director (other than a director whose initial assumption of office is by reason of any agreement intended to avoid or settle any election contest or proxy contest or in connection with an actual or threatened contest, including but not limited to, a consent solicitation relating to the election of directors of ICN) whose appointment or election by the ICN Board, or nomination for election by ICN's stockholders, was approved or recommended by the affirmative vote of at least two-thirds of the ICN directors who either were directors on May 29, 2001 or whose appointment, election or nomination for election was previously so approved or recommended, cease for any reason to constitute at least a majority of ICN's board of directors.

For optionees whose employment is not subject to an employment agreement, a change in control under the Option Plan generally means any of the following events:

the acquisition by any person of beneficial ownership of more than 25% of the combined voting power of the Company's or ICN's outstanding voting securities, other than an acquisition directly from the Company or from ICN, respectively;

the individuals serving on the board of directors of the Company as of April 17, 2002, or, prior to the spin-off, the board of directors of ICN as of May 1, 2001, and any new director (other than a director whose initial assumption of office results from an actual or threatened election contest an actual or threatened solicitation of proxies or consents, or any agreement intended to avoid or settle any such election or proxy contest) whose appointment or election by the Board or nomination for election by the Company's stockholders was approved or recommended by the affirmative vote of at least two-thirds of the directors then in office who either were directors on such date, or whose appointment, election or nomination for election was previously so approved or recommended, cease for any reason to constitute at least a majority of that board of directors;

the consummation of a merger or consolidation involving the Company or ICN if the stockholders of the Company or ICN, as applicable, immediately before the merger or consolidation do not, as a result of the merger or consolidation, own, directly or indirectly, at least 50% of the combined voting power of the then outstanding voting securities of the corporation resulting from the merger or consolidation or

Edgar Filing: RIBAPHARM INC - Form DEF 14A

the ultimate controlling person of that entity; or the members of the Company's board of directors immediately prior to the execution of the agreement providing for such merger or consolidation do not constitute at least a majority of the members of the board of the corporation resulting from the merger or consolidation or the ultimate controlling person of the entity;

a complete liquidation or dissolution of the Company, or ICN, as the case may be, or the consummation of an agreement for the sale or other disposition of all or substantially all of the assets of the Company or ICN, as the case may be.

As described previously, the election of directors at the 2002 and 2001 ICN Annual Stockholder Meetings resulted in a Change in Control under the Prior Employment Agreements. As a result, the Company became obligated to make severance payments to Dr. Lau and Messrs. Loomis and Stankovich upon termination of their employment in January 2003 in an aggregate amount of \$4,795,500. Upon such termination, all options held by the executives vested and will be exercisable after the First Exercise Date for the original term of the option. The executives may also be entitled to additional amounts if the payments under the Prior Employment Agreements and other amounts or benefits subject the executives to the excise tax imposed under Section 4999 of the Internal Revenue Code.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee (the Committee) is composed of Messrs. Boron and Costa and Dr. Smith, each of whom is a non-employee director for purposes of Rule 16b-3 under the Securities Exchange Act of 1934. No interlocking relationship exists between any member of the Board of Directors or the Committee and any member of the board of directors or compensation committee of any other company, and no interlocking relationship has existed in the past.

Messrs. Boron and Costa and Dr. Smith were appointed to the Committee in January of 2003, and none of them served on the Committee during 2002. The members of the Compensation Committee during 2002 were Dr. John Vierling and Mr. Hans Thierstein, both of whom are no longer directors of the Company.

The following statement made by the Committee will not be deemed incorporated by reference into any filing under the Securities Act of 1933, as amended, or under the Securities Exchange Act of 1934, as amended, and will not otherwise be deemed filed under such Acts.

Compensation Committee Report

As described elsewhere in this Proxy Statement, all but one member of the Company's Board of Directors as currently constituted, were elected on January 23, 2003, at which time the Board appointed the Company's current executive officers; namely, Dr. Kim D. Lamon (President and Chief Executive Officer), William M. Comer, Jr. (Vice President and Chief Financial Officer) and Mel D. Deutsch, Esq. (Vice President and General Counsel). The current members of the Committee were appointed by the Board on February 21, 2003. Accordingly, the Committee as currently constituted did not act on any matter relating to compensation of the Company's employees in 2002. This includes matters relating to the Company's compensation structure, and the compensation of the Company's prior executive officers (including the chief executive officer) during 2002. For this reason, the Committee is not in a position to comment on such matters in this report.

The Committee has reviewed and approved the compensation arrangements entered into with Dr. Lamon and Messrs. Comer and Deutsch, which are described elsewhere in this Proxy Statement. In considering these arrangements, the Committee placed particular emphasis on (i) how these arrangements compared to the compensation arrangements of the Company's prior executive officers, (ii) the prior experience of Dr. Lamon and Messrs. Comer and Deutsch, and (iii) the need to attract to the Company, and retain, the best available

Edgar Filing: RIBAPHARM INC - Form DEF 14A

executive talent, which requires the provision of competitive compensation arrangements and performance incentives. The Committee is satisfied that the compensation arrangements made with the Company's current executive officers meet this criteria. However, the Committee intends to continue to evaluate these arrangements on an annual basis.

The Committee has been briefed by the Company's Human Resources Department with respect to the Company's compensation structure, and executive compensation during 2002. These matters are outlined below under 2002 Compensation Matters. The Committee is currently engaged in the process of evaluating the Company's compensation practices.

On April 3, 2003, the Committee adopted a Charter which it believes represents best practices with respect to compensation committee responsibilities, and also complies with applicable requirements of law and the New York Stock Exchange (on which the Company's Common Stock is listed). The Charter is attached to this Proxy Statement as Annex A.

2002 Compensation Matters

The primary responsibilities of the Committee during 2002 were to consider and recommend to the Board of Directors the base salary to be paid to the then chief executive officer, assist in the determination of the base salary for all other executive officers, make recommendations to the Board of Directors with respect to the Company's overall compensation policies, administer and grant options under the Company's Option Plan, and perform such duties as the Board of Directors may from time to time request.

In establishing and administering the Company's 2002 compensation policies and programs, the Committee considered the compensation plans and arrangements of a peer group of companies with which the Company competes for customers and executive talent, including the levels of individual compensation for similarly situated executives of the peer group, as well as factors specifically relevant to the Company. The basic objective of the Committee was to formulate compensation policies and programs intended to attract, retain, and motivate highly qualified key employees, including executive officers. Compensation of executive officers and other key employees during 2002 was comprised of three principal elements: (i) base salary, (ii) annual bonus and (iii) stock ownership. The Committee does not anticipate any change in these elements with respect to 2003 compensation.

Base Salary

The Committee believes that it is important to pay reasonable and competitive salaries. Generally, in 2002, salaries were paid within certain grades established by the Human Resources Department of the Company after reviewing data of comparable companies in the same industry (prepared by Towers-Perrin, a compensation consulting company). The Company's 2002 salary levels were in the median of compensation paid for similar positions in comparable companies. Grades are updated to reflect changes in the marketplace. The salary of an employee generally reflects his level of responsibility and position in the Company, and is reviewed on an annual basis by Human Resources and management. The Company's goals for 2002 focused on growth in operating income and growth in earnings per share. Each employee is responsible for the performance of his or her unit in relation to the plan. Specific goals and objectives for each employee are reviewed by the employee, Human Resources and his or her supervisor. In reviewing the annual performance, which will determine the employee's compensation, the supervisor assesses a performance grade based on the pre-set performance objectives. This assessment is used to determine base salary for the following year.

The salaries for Messrs. Loomis and Stankovich for 2002 were set forth in their respective prior Employment Agreements, each of which was approved by the Board of Directors as it was constituted at the time. Messrs. Loomis and Stankovich each received a salary increase in December of 2002, which was approved by the Committee as it was constituted at the time. These actions were neither considered nor approved

by the Committee as currently constituted.

Bonus Plan

The Company has an Incentive Bonus Plan which is intended to provide a means of annually rewarding certain key employees, including executive officers, based on the performance of the Company. The plan is based on target goals which, for 2002, were growth in both operating income and earnings per share, and individual performance goals are compared against the target goals established. Bonuses may be paid even when the objective standards are not met if specific contributions by an employee merit a bonus or the reasons for failure to meet the objective standards are beyond the control of the Company and/or the employee.

Messrs. Loomis and Stankovich received an aggregate of \$322,000 in bonuses for 2002, which were approved in December of 2002 by the Committee as it was constituted at the time. These actions were neither considered nor approved by the Committee as currently constituted.

Equity Programs

The Committee believes that executive officers and other significant employees, who are in a position to make a substantial contribution to the long-term success of the Company and to build stockholder value, should have a significant stake in the Company's on-going success. This focuses attention on managing the Company as an owner with an equity position in the business and seeks to align these employees' interests with the long-term interests of stockholders. The Company has adopted the Option Plan (a program developed for the Company by Towers Perrin) under which stock options are granted as long-range incentives to certain employees. The Option Plan was adopted by the Board of Directors prior to the completion of the initial public offering of the Company's Common Stock in April 2002, and approved by ICN as the Company's sole stockholder at the time. The amount of options granted to any employee is tied to salary and performance, and no grant to an employee is automatic. Management recommends to the Committee those employees to whom options should be granted and the number of options to be granted to them. Generally, the number of options granted to an employee reflects his or her level of responsibility and position in the Company. To encourage employees to remain in the employ of the Company, options generally vest and become exercisable at an annual rate of 25% on the expiration of each of the first, second, third and fourth anniversaries of the date of grant. Each option generally has a term of ten years and is granted with an exercise price equal to the fair market value of the underlying shares of Common Stock on the date of grant.

Messrs. Stankovich and Loomis were granted options to purchase an aggregate of 700,000 shares of Common Stock on April 11, 2002 and an aggregate of 170,700 shares of Common Stock in December of 2002, under the terms of the Company's Stock Option Plan. The grants were approved by the Committee as it was constituted at the time. None of these grants were considered nor approved by the Committee as currently constituted.

Chief Executive Officer Compensation

In 2002, the Committee was responsible for determining the compensation of the chief executive officer based on a number of factors. The goal of the Committee during 2002 was to grant compensation consistent with compensation granted to other chief executive officers of companies in the same industry.

Dr. Lau's base salary was set forth in his prior Employment Agreement with the Company, which was approved by the Board of Directors as it was constituted at the time. Dr. Lau was granted options to purchase 1,200,000 shares of Common Stock on April 11, 2002, pursuant to the Company's Option Plan. This grant was approved by Committee as it was constituted at the time. In December of 2002, Dr. Lau received a salary increase, a bonus in the amount of \$406,500, and options to purchase 259,300 shares of Common Stock pursuant to the Company's Option Plan.

Edgar Filing: RIBAPHARM INC - Form DEF 14A

These actions were approved by the Committee as it was constituted at the time. None of these actions were considered nor approved by the Committee as currently constituted.

Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code (the "Code"), which was enacted in 1993, generally disallows a federal income tax deduction to any publicly-held corporation for compensation paid in excess of \$1,000,000 in any taxable year beginning after January 1, 1994 to the chief executive officer and any of the four other most highly compensated executive officers who are employed by the Company on the last day of the taxable year. Section 162(m), however, does not disallow a federal income tax deduction for qualified performance-based compensation, the material terms of which are disclosed to and approved by the stockholders. The application of Section 162(m) is not expected to have a material impact on the Company.

CERTAIN TRANSACTIONS

Until April 17, 2002, the Company had been a wholly-owned subsidiary of ICN. On April 17, 2002, ICN completed an underwritten public offering (the Offering) of 29,900,000 shares of Common Stock, representing 19.93% of the Company's 150,000,000 shares of Common Stock. During the fiscal year ended December 31, 2002, the Company and ICN engaged in certain transactions, as described below.

Contribution of Assets

In anticipation of the Offering, ICN contributed certain assets to the Company, including:

ICN's right, title and interest under the ribavirin license agreement with Schering-Plough, Ltd.;

all the chemical compounds contained in ICN's chemical compound library, along with all associated records, journals and data;

all intellectual property rights, including all patents, copyrights and trademarks, related to the Company's business, including all intellectual property rights held by ICN at the time of contribution in ribavirin and excluding existing approved indications for use other than as contemplated in the Schering-Plough ribavirin license, Tiazole, Adenazole, Levovirin, Viramidine and the chemical compounds in ICN's nucleoside analog library; and

all of the equipment and furniture contained in, and personnel employed in, the Company's research and development organization in its Costa Mesa, California facility.

With respect to the intellectual property rights to Tiazole and Adenazole, in an ongoing arbitration with certain Serbian governmental entities, ICN has taken the position that it has previously contributed its rights in those compounds to ICN Yugoslavia, a Yugoslavian subsidiary. The validity of that transfer is one of the issues in dispute in that arbitration. Accordingly, whether or not the Company has rights to these compounds will be impacted by the outcome of this arbitration.

Intercompany Agreements

In contemplation of the Offering, the Company and ICN entered into a number of agreements for the purpose of defining their relationship after the Offering, which are described briefly below.

Affiliation And Distribution Agreement

Until the earlier of the completion of the possible tax-free spin-off of ICN's interest in the Company or September 30, 2003, the Affiliation and Distribution Agreement imposes certain restrictions on the Company's ability to issue capital stock to ensure that the Company remains part of ICN's consolidated tax group and restricts the Company from taking actions that would limit ICN's ability to sell, pledge or otherwise dispose of its shares of Common Stock or its other rights as a stockholder, or that would cause the spin-off to fail to qualify as a tax-free spin-off. The Company has also agreed to provide ICN its financial information, consult with ICN regarding the timing and content of its earnings releases and cooperate fully with ICN in connection with its public filings with the Securities and Exchange Commission, and to engage PricewaterhouseCoopers LLP as its accountants unless such engagement is otherwise prohibited by law. The Company and ICN also agreed to indemnify each other against certain liabilities.

Line of Credit

At the time of the Offering, ICN agreed to provide the Company with working capital financing which the Company could draw upon until August 31, 2002. As of December 31, 2002, the Company had an outstanding borrowing of \$35,000,000 from ICN under the credit facility, payable on or before December 31, 2003, which was required to fund the initial operations of the Company after the Offering. Interest is charged based upon LIBOR (1.37% at December 31, 2002) plus 200 basis points. On March 28, 2003, the Company entered into an amendment to the line of credit facility with ICN which allows the Company to make draws against the line of credit, if needed, to the extent of cumulative repayments made by the Company, up to a maximum available credit limit of \$35,000,000. Subject to approval by ICN's Board of Directors, the amended expiration date of the line of credit is the earlier of December 29, 2005 or the date on which ICN ceases to be the beneficial owner of at least 80% of the issued and outstanding common stock of the Company; however, unless and until such approval is obtained, the expiration date will remain at December 31, 2003. Additionally, it was the Company's desire, and ICN agreed as a condition to the amendment, to repay ICN on the date of the amendment the aggregate outstanding principal balance and related accrued interest, without requirement to comply with a prior notice obligation. Accordingly, on March 28, 2003, the Company repaid principal and interest in the amounts of \$35,000,000 and \$984,000, respectively.

Management Services Agreement

The Management Services Agreement requires ICN to provide administrative and corporate support services to the Company on a transitional basis, including human resource, legal, accounting, treasury, tax, and information services. ICN charges the Company for these services at its cost, and allocates the costs of third-party expenses on a good faith basis. The Company has agreed to indemnify and hold harmless ICN and certain of its affiliates from any claims, damages and expenses arising out of the services rendered under the Management Services Agreement. The agreement commenced on the date of the Offering and will continue until December 31, 2003. The Company may terminate one or more of the services provided under the agreement upon 30 days' notice. The obligation to provide legal services automatically terminates once ICN's stock ownership in the Company is less than 50%.

Confidentiality Agreement

The parties entered into a Confidentiality Agreement with respect to confidential and proprietary information, intellectual property and other information they agreed to keep (and to cause their affiliates to keep) confidential, and not to use for any unauthorized purpose.

Registration Rights Agreement

The Company has granted to ICN certain demand and piggyback registration rights relating to the shares of Common Stock held by ICN under a Registration Rights Agreement. These rights generally become effective when ICN informs the Company that it no longer intends to proceed with or complete the possible spin-off, but in no event earlier than September 30, 2003. The Company has agreed to pay all registration expenses incurred in connection with the exercise by ICN of its rights under the agreement, other than the underwriting commission, and to reimburse ICN for the reasonable fees and disbursements of its outside counsel retained in connection with any registration. The agreement also imposes customary indemnification and contribution obligations on the parties.

Tax Sharing Agreement

The Company continues to be included in ICN's consolidated federal income tax group, and its federal income tax liability is included in ICN's consolidated federal income tax liability. The parties have entered into a Tax Sharing Agreement pursuant to which the tax amounts to be paid or received by the Company with respect to ICN's federal consolidated returns are determined as though the Company files separate federal income tax returns. Under the terms of the Tax Sharing Agreement, ICN is not required to pay for the use of the Company's tax attributes that come into existence until the Company would otherwise be able to utilize these attributes.

The Company will be included in ICN's consolidated group for federal income tax purposes for so long as ICN beneficially owns at least 80% of the combined voting power and value of the Company's outstanding stock. Each member of a consolidated group is jointly and severally liable for the federal income tax liability of each other member of the consolidated group. Accordingly, although the Tax Sharing Agreement allocates tax liabilities between the parties during the period in which the Company is included in ICN's consolidated group, the Company could be liable in the event that any federal tax liability is incurred, but not paid, by any other member of ICN's consolidated group.

Lease

The Company leases from ICN approximately 61,490 square feet of its Costa Mesa, California headquarters building under a Lease. The Lease has an initial term of five years, which the Company can renew at its option for an additional five years. The Company pays ICN rent of \$416,667 per month, or \$5 million per year, which rent will be adjusted annually based on the Orange County, California consumer price index, and a pro rata portion of facility and central service costs.

Intercompany Transactions

Simultaneous with the consummation of the Offering, advances due the Company from ICN of \$222,240,000 were treated similar to a dividend and recorded by the Company as a reduction of its retained earnings. The Company was not repaid any of the advances due from ICN upon completion of the Offering. The costs of certain shared services (including legal, finance, corporate development, information systems and corporate office expenses) have been allocated between ICN and the Company. For periods prior to April 17, 2002, these costs were allocated to the Company on bases that are considered by the Company's then management to reflect most fairly or reasonably the utilization of services provided to or the benefit obtained by the Company, such as the square footage, headcount, or actual utilization. For the periods subsequent to April 17, 2002, these costs were allocated in accordance with the terms of the Management Services Agreement described above. Costs associated with certain government investigations are allocated based on a joint responsibility approach such that 50% of the costs, including any reserve for settlement, are allocated to each of ICN and Company.

Following is a summary of transactions between the Company and ICN for 2002 (table in thousands):

Note Obligations

In July 2001, ICN completed an offering of \$525,000,000 of 6½% convertible subordinated notes due 2008 (the Notes). In July and August 2002, ICN repurchased \$59,410,000 in principal amount of the Notes. The Notes, as they relate specifically to ICN's obligation, are convertible into ICN's common stock at a conversion rate of 29.1924 shares per \$1,000 principal amount of Notes, subject to adjustment. Upon completion of the Offering on April 17, 2002, the Company became jointly and severally liable for the principal and interest obligations under the Notes. Under an agreement between the Company and ICN originally entered into on July 18, 2001, and amended and restated on April 8, 2002, ICN has agreed to make all interest and principal payments related to the Notes. However, the Company is responsible for these payments to the extent ICN

Edgar Filing: RIBAPHARM INC - Form DEF 14A

defaults under that agreement and does not make these payments. In that event, the Company would have a claim against ICN for any payments ICN does not make. The Company can only amend this agreement, in a manner adverse to it, with the approval of holders of a majority of its outstanding shares of common stock, excluding shares held by ICN. In the event of a possible spin-off of the Company, the Notes will be convertible into common stock of both the Company and ICN. The converting note holders would receive ICN's common stock and the number of shares of the Company's common stock the note holders would have received had the Notes been converted immediately prior to the spin-off. If the spin-off had occurred as of December 31, 2002, and assuming 84,066,259 shares of ICN common stock were outstanding at December 31, 2002, the Notes would have been convertible into the equivalent of approximately 19,417,563 shares of common stock, which would be issuable by the Company.

EQUITY COMPENSATION PLAN INFORMATION

The following table sets forth certain information as of December 31, 2002 with respect to compensation plans (including individual compensation arrangements) under which the Company's equity securities are authorized for issuance:

Plan Category ¹	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under equity compensation plans ²
Equity compensation plans approved by security holders	3,996,050	\$8.91	18,503,950

¹ Includes the Company's 2002 Stock Option and Award Plan. The Company has no equity compensation plans which were not approved by the Company's stockholders.

² Excludes securities listed in "Number of securities to be issued upon exercise of outstanding options, warrants and rights."

PROPOSAL II RATIFICATION OF THE APPOINTMENT OF INDEPENDENT PUBLIC ACCOUNTANTS

Subject to stockholder ratification and in accordance with Section 301 of the Sarbanes-Oxley Act of 2002, the Audit and Finance Committee has appointed PricewaterhouseCoopers LLP to audit the Company's financial statements for 2003. PricewaterhouseCoopers LLP has audited the Company's financial statements since the inception of the Company. The Board of Directors of the Company recommends that the stockholders vote FOR the ratification of PricewaterhouseCoopers LLP as independent accountants.

A representative of PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting and such representative will have an opportunity to make a statement if desired. Further, such representative will be available to respond to appropriate stockholder questions directed to him or her.

Audit Fees

Edgar Filing: RIBAPHARM INC - Form DEF 14A

The aggregate fees for professional services rendered by PricewaterhouseCoopers LLP for the fiscal year ended December 31, 2002 for the audit of the Company's annual financial statements and the reviews of the financial statements included in the Company's Forms 10-Q, or services that are normally provided by PricewaterhouseCoopers LLP in connection with statutory and regulatory filings on engagements for the fiscal year, were approximately \$217,000.

All Other Fees

In addition to the fees described above, aggregate fees of \$75,000 were billed by PricewaterhouseCoopers LLP during the year ended December 31, 2002, for reviews of the ribavirin license and supply agreement with Schering-Plough, Ltd. No fees were billed for professional services rendered by PricewaterhouseCoopers LLP for financial systems design or implementation.

The Audit and Finance Committee of the Company's Board of Directors has considered whether the provision of non-audit professional services rendered by PricewaterhouseCoopers LLP is compatible with maintaining their independence, and believes that the provision of such services is so compatible.

STOCKHOLDER PROPOSALS

The Company's Bylaws provide that stockholders seeking to bring business before an annual meeting of stockholders, or to nominate candidates for election as directors at an annual meeting stockholders, must provide timely notice thereof in writing. To be timely, a stockholder's notice generally must be delivered to the Secretary of the Company at its principal executive offices not later than the close of business on the 45th day nor earlier than the close of business on the 75th day before the first anniversary of the date on which the Company mailed proxy materials for the preceding year's annual meeting. PROXY SOLICITATION

The costs of preparing and mailing this Notice and Proxy Statement and the enclosed form of proxy will be paid by the Company. In addition to soliciting proxies by mail, employees of the Company may, at the Company's expense, solicit proxies in person, by telephone, telegraph, courier service, advertisement, telecopier or other electronic means. The Company has retained MacKenzie Partner, Inc. (MacKenzie) to assist in the solicitation of proxies. The Company will pay fees to MacKenzie not to exceed \$2,000 plus reasonable out-of-pocket expenses incurred. The Company will pay brokers, nominees, fiduciaries and other custodian their reasonable fees and expenses for forwarding solicitation material to principals and for obtaining their instructions.

RIBAPHARM INC.

AUDIT AND FINANCE COMMITTEE CHARTER

INTRODUCTION

Ribapharm Inc.'s executive management is primarily responsible for the completeness and accuracy of its financial reporting and the adequacy of its internal financial and operating controls. Its Board of Directors (the Board) has responsibility to oversee management's exercise of these responsibilities. To assist the Board, Ribapharm Inc. (the Corporation) has established, through its bylaws, an Audit and Finance Committee (the Committee) whose authority and responsibilities are described by this Charter.

PURPOSE

This Charter is created in order to define the Committee's objectives, the range of its authority, the scope of its activities and its duties and responsibilities. It is intended to give Committee members, management, external and internal auditors a clear understanding of their respective roles. The Committee and the Board will review and assess the adequacy of this Charter annually.

While the Committee has the powers and responsibilities set forth in this Charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Corporation's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. This is the responsibility of management and the independent public accountants. Nor is it the responsibility of the Committee to conduct investigations, to resolve disagreements, if any, between management and the independent public accountants or to assure compliance with laws and regulations and the Corporation's policies and procedures.

The Board shall appoint the Committee s Chairperson and members annually. The Committee shall be made up entirely of outside directors who are independent of management, as defined by the relevant SEC, FASB and NYSE rules. In addition, the Corporation will provide an orientation session appropriate to educate the member about the financial management and internal financial controls of the Corporation, the extent of the Corporation's relationship with its independent public accountants (and, if applicable, contracted internal auditor), and the financial condition and operations of the Corporation.

At least once every two years, each member of the Committee will have the opportunity to attend, at the expense of the Corporation and with the prior approval of the Committee Chair, at least one continuing education conference or seminar related to Committee member responsibilities and corporate governance issues appropriate in order to enhance such member's ability to carry out his or her duties and responsibilities on the Committee.
