Item 1. Description of Business

THE COMPANY

RSI Holdings, Inc. (the "Company") was incorporated in North Carolina in 1978. The Company's executive offices are located at 28 East Court Street, Greenville, South Carolina, 29601. Its telephone number is (864) 271-7171.

From January 2000 to March 2002, the Company did not conduct any business other than seeking acquisition opportunities and liquidating assets of its prior business. On January 18, 2002, the Company executed a letter of intent to acquire substantially all of the assets of Employment Solutions, LLC, a South Carolina limited liability company. On March 4, 2002, the Company acquired substantially all of the assets of Employment Solutions, LLC, through a newly-formed, wholly-owned subsidiary, Employment Solutions, Inc., a South Carolina corporation ("Employment Solutions"). Employment Solutions is in the business of locating and providing labor to industrial companies.

SERVICES

The Company operates through its wholly-owned subsidiary, Employment Solutions, and is in the business of locating and providing labor to industrial companies from its facility in Greenwood, South Carolina. The Company makes arrangements with its client companies to provide the client companies with manual labor. The Company's client companies request workers according to their needs and the Company fills the vacancies from a pool of available labor. The client companies pay the Company for the hours worked at a negotiated hourly rate and the Company is responsible for paying the workers for the hours worked plus the related payroll taxes, insurance and other payroll costs. The workers work at the client company's job site under the direction of the client company's personnel.

CLIENT CUSTOMERS

The Company is in the business of locating and providing labor to industrial companies. Normally experience or skill in a particular industry is not required for the labor. Revenues from each of the Company's four largest client companies exceeded 10% of net revenues during the fiscal year ended August 31, 2004. Revenues from these four client companies accounted for a substantial majority of the net revenues of the Company during the 2003-2004 fiscal year.

BILLING PRACTICES

The Company collects from its client companies and the workers are paid each week for work performed during the previous week. Typically at the beginning of each week the Company invoices its client companies for the hours

Edgar Filing: RSI HOLDINGS INC - Form 10KSB

worked during the previous week and the client companies typically pay during that same week.

COMPETITION

The manual labor sector of the staffing industry is highly fragmented and highly competitive. The Company's competitors include a large number of sole proprietorships, as well as regional and national organizations. Many of them are large corporations with substantially greater resources than the Company. The Company believes that its reputation for trustworthiness, overall business experience, connections to the labor market and ability to respond quickly to client requests allow it to compete in this sector of the staffing industry.

1

REGULATIONS

The Company is required to comply with applicable state and federal wage and hour laws. These laws require payment of employees at minimum wage and overtime rates. The Company is also required to comply with laws regulating the employer/employee relationship, such as tax withholding or reporting social security, antidiscrimination and workers' compensation. In addition, the Company must comply with all immigration laws, including the Immigration Reform and Control Act.

EMPLOYEES

At August 31, 2004, the Company's total employees consisted of four (4) full time employees and 250 full time employees who are joint employees of the Company's subsidiary, Employment Solutions, and Quality H. R. Services, Inc., an unrelated professional employer organization. Most of the Company's laborers are foreign nationals; however, the Company is an equal opportunity employer and does not discriminate on the basis of race, religion, color, age, sex, national origin or handicapping conditions. The Company's primary sources of laborers are (1) recruiters, who are not employees of the Company and who are paid on commission, and (2) individuals who contact Employment Solutions seeking work.

ENVIRONMENTAL MATTERS

The Company is subject to federal, state and local environmental laws and regulations, however, due to the nature of the Company's current activities, such laws and regulations do not have a direct, substantial impact on the Company's business operations.

SUBSEQUENT EVENT

During August 2004, the Company announced that Buck A. Mickel, President, the Company's Chief Executive Officer and a director, Charles C. Mickel, the Company's Vice President and a Director, and their sibling, Minor Mickel Shaw (collectively, the "Mickel siblings") intended to initiate a going-private transaction with respect to the Company. The Mickel siblings beneficially own approximately 76% of the Company's stock. In October 2004, BCM Acquisition Corp. ("BCM"), a South Carolina corporation newly formed by the Mickel siblings, made a filing with the Securities and Exchange Commission (the "SEC") that included an Offer to Purchase (a tender offer statement) for the SEC's review. In November 2004, BCM filed a revised Offer to Purchase with the SEC, again for review only. This document is accessible at the SEC's website (www.sec.gov).

NO TENDER OFFER HAS COMMENCED, AND THIS DESCRIPTION OF THE PLANS AND PROPOSALS OF THE MICKEL SIBLINGS IS NOT INTENDED TO BE LEGALLY BINDING IN ANY

Edgar Filing: RSI HOLDINGS INC - Form 10KSB

WAY. IF A TENDER OFFER IS COMMENCED, IT WILL BE MADE IN ACCORDANCE WITH ALL APPLICABLE SECURITIES LAWS AND WILL INCLUDE THE FILING OF APPROPRIATE MATERIALS WITH THE SEC AND THE MAILING OF APPROPRIATE MATERIALS TO THE STOCKHOLDERS OF THE COMPANY. THE COMPANY'S STOCKHOLDERS AND OTHER INTERESTED PARTIES ARE URGED TO READ BCM'S TENDER OFFER STATEMENT AND RELATED EXHIBITS MAILED TO THEM AND FILED WITH THE SEC WHEN THEY BECOME AVAILABLE BECAUSE THEY WILL CONTAIN IMPORTANT INFORMATION. COMPANY STOCKHOLDERS WILL ALSO BE ABLE TO OBTAIN SUCH DOCUMENTS FREE OF CHARGE AT THE COMMISSION'S WEBSITE, WWW.SEC.GOV,

The Offer to Purchase filed with the SEC describes BCM's potential offer to purchase all the outstanding shares of the common stock of the Company at a price of \$.10 per share, subject to certain terms and conditions. The offer as described in the Offer to Purchase is conditioned on, among other things, there being validly tendered and not withdrawn sufficient shares of the Company's common stock such that, after those shares are purchased pursuant to the offer and the Mickel siblings have contributed their shares to BCM, BCM would own at least 90% of the Company's common stock. Upon satisfaction or waiver of the conditions of the offer, the Mickel siblings would contribute their Company shares to BCM and, if BCM owned at least 90% of the common stock of the Company upon consummation of the offer and contribution by the Mickel siblings, BCM would effect a short-term merger of the Company into BCM. Assuming completion of the tender offer and the merger, the Mickel siblings would own 100% of the Company's stock.

2

ITEM 2. DESCRIPTION OF PROPERTY

The Company leases approximately 3,000 square feet of floor space located at 28 East Court Street, Greenville, South Carolina on a month-to-month basis to serve as its principal executive offices. The Company believes that the property is adequate and suitable for executive office space. The monthly rental expense is \$2,550. This lease includes office furniture and equipment. The lessor for this office space is CTST, LLC which is owned by the Mickel siblings. The Company believes that this lease contains provisions as favorable to the Company as could be obtained from a third-party landlord.

Employment Solutions leases a warehouse and office facility in Greenwood, South Carolina containing approximately 3,000 square feet under a one year lease arrangement that expires April 4, 2005 and requires rent of \$1,200 per month plus an additional common maintenance fee of \$75 per month.

The Company carries such insurance as it considers reasonable and necessary to cover its casualty and liability exposures. The Lessors provide the insurance on the facilities described above.

ITEM 3. LEGAL PROCEEDINGS

The Company is a party from time to time to routine litigation in the ordinary course of its business, including but not limited to various regulatory proceedings, employment disputes, workers compensation and personal injury claims, contract breach litigation and the like. Such litigation is incidental to the Company's business and does not depart from the normal kind of such actions. The Company believes that no such actions should have a material adverse effect on its results of operations or financial condition taken as a whole.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

No matters were submitted to a vote of securities holders during the fourth quarter of the Company's 2004 fiscal year.

PART II

ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION.

GENERAL

SPECIAL CAUTIONARY NOTICE REGARDING FORWARD-LOOKING STATEMENTS.

Edgar Filing: RSI HOLDINGS INC - Form 10KSB

This Report on Form 10-KSB contains forward-looking statements within the meaning of Section 27A of the Securities Act and 21E of the Exchange Act. Forward-looking statements are indicated by such terms as "expects", "plans", "anticipates", and words to similar effect. Such forward-looking statements are subject to known and unknown risks, uncertainties and other factors that may cause the actual results, performance or achievements of the Company to be materially different from future results, performance or achievements expressed or implied by such forward-looking statements. Important factors ("Cautionary Statements") that could cause the actual results, performance or achievements of the Company to differ materially from the Company's expectations are disclosed in this Report on Form 10-KSB. All written or oral forward-looking statements attributable to the Company are expressly qualified in their entirety by the Cautionary Statements.

GOING CONCERN

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America that apply to established operating enterprises on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. As shown in the financial statements during the years ended August 31, 2004 and 2003, the Company incurred losses of \$138,123 and \$15,635, respectively. At August 31, 2004, the Company's liabilities exceeded its assets by \$331,679 and it had a working capital deficit of \$202,265. The outstanding unpaid interest that has been deferred at August 31, 2004 was \$231,833. These conditions raise substantial doubt about the Company's ability to continue as a going concern.

In the Offer to Purchase filed with the SEC by the Mickel siblings (which is described in more detail in the section entitled "Description of Business - Subsequent Event" and in Note 11 to the accompanying financial statements), the Mickel siblings indicated that they do not intend to continue to support the Company financially, including advancing any future funds or extending their deferral of interest payments beyond July 2005, unless the Company becomes a private company through a going-private transaction. The Mickel siblings expect the Company to become a private company before July 2005; however, if the Company does not become a private company and the Mickel siblings demand payment of the unpaid accrued interest the Company would in all likelihood not be able to pay the previously deferred interest and be able to continue operations. Accordingly, the Company has classified the unpaid accrued interest as a current liability.

Management of the Company believes that it is highly likely that the Company will be a private company prior to July 2005 and that the Mickel siblings will not demand payment of previously deferred interest with respect to the Company notes they hold.

There are no assurances that the Company will be a private company prior to July 2005 or that the Mickel siblings will not demand payment with respect to the Company notes they hold. The accompanying financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

RESULTS OF OPERATIONS

Edgar Filing: RSI HOLDINGS INC - Form 10KSB

During the year ended August 31, 2004 the Company's revenues were \$5,055,245 as compared to revenues during the year ended August 31, 2003 of \$5,314,156. The decrease in revenues during the year ended August 31, 2004 as compared to the year ended August 31, 2003 can be attributed to a decrease in the number of workers provided. The decrease resulted from reduced demand for the Company's services from existing customers. Although the Company experienced a decrease in revenues during fiscal 2004, the Company does not believe that this represents a trend of decreasing revenues.

Employment Solutions incurred cost of services of \$4,201,137 during the year ended August 31, 2004 as compared to \$4,307,446 during the year ended August 31, 2003. These costs include wages paid directly to the employees, payroll taxes, workers compensation insurance and other costs directly associated with employment of the workers. The decrease in cost of services provided primarily results from the decrease in the number of workers provided.

General and administrative expenses were \$851,669 during the year ended August 31, 2004 as compared to \$873,441 during the year ended August 31, 2003. The table below sets forth the breakdown of these expenses.

	Year Ended August 31, 2004 -----	Year Ended August 31, 2003 -----
Exclusive of Employment Solutions Operations		
Salaries and related costs	\$347,172	\$347,333
Legal, accounting and shareholder related expense	69,455	62,263
Rent	35,700	35,600
Other administrative expense	59,814	69,468
Employment Solutions Expenses		
Selling and administrative expense	210,408	229,898
Amortization of customer-related intangibles	129,120	128,879
	-----	-----
	\$ 851,669	\$ 873,441
	=====	=====

Interest expense incurred during the year ended August 31, 2004 was \$140,658 as compared to \$149,760 during the year ended August 31, 2003. The decrease in interest expense resulted primarily from reduction in principal balances outstanding on borrowings relating to the acquisition of Employment Solutions.

INCOME TAXES

During fiscal year 2004 and 2003, net deferred tax benefits and a valuation allowance equal to the deferred tax benefits relating to temporary differences were recorded since the Company is not assured that the resulting additional deferred tax assets will be realized. See "Critical Accounting Policies" below.

LEASED PROPERTIES

Property," which is incorporated herein by reference.

7

LIQUIDITY AND CAPITAL RESOURCES

ANTICIPATED LIQUIDITY REQUIREMENTS

Employment Solutions collects from its customers and pays the related workers each week for work performed during the previous week. Typically at the beginning of each week Employment Solutions invoices its customers for the hours worked during the previous week and the customers typically pay during that same week. Although the Company's customers have paid for services provided as described above since the Company's acquisition of the Employment Solutions business in March 2002, the Company is dependent upon a few customers and can give no assurance that these customers will continue to pay in a timely manner.

At August 31, 2004, the Company's liabilities exceeded its assets by \$331,679. The Mickel siblings (and, in the past, their mother) have advanced funds and deferred payment of interest expense under the debt arrangements discussed below under "Debt Arrangements". In the Offer to Purchase filed with the SEC by the Mickel siblings (see "Description of Business - Subsequent Event"), the Mickel siblings indicated that they do not intend to continue to support the Company financially, including advancing any future funds or extending their deferral of interest payments beyond July 2005, unless the Company becomes a private company through a going-private transaction. Management expects the Company to become a private company before July 2005, and, accordingly does not believe that the Mickel siblings will require payment of interest during the next twelve months. However, if the Company does not become a private company and the Mickel siblings demand payment of the unpaid accrued interest the Company would in all likelihood not be able to pay the previously deferred interest and to continue operations.

The Company anticipates that its cash balances and cash generated by the operations of Employment Solutions will be sufficient to fund its cash requirements during the next twelve months.

CASH

The Company had cash in the amount of \$182,540 at August 31, 2004 as compared to \$233,055 as of August 31, 2003.

DEBT ARRANGEMENTS

On August 31, 2001, Minor H. Mickel, the mother of the Mickel siblings (Buck A. Mickel, President and Chief Executive Officer and a director and significant shareholder of the Company, Charles C. Mickel, Vice President and a director and significant shareholder of the Company, and Minor Mickel Shaw, a significant shareholder of the Company), loaned the Company \$250,000 under the terms of an unsecured note payable bearing interest at 8% per year with the principal balance due on August 14, 2006.

On February 14, 2002, Minor H. Mickel loaned the Company \$1,200,000 under the terms of an unsecured note payable bearing interest at 7% per year with the principal balance due on February 14, 2007. On February 25, 2002, each of the Mickel siblings loaned the Company \$20,000 under the terms of unsecured notes payable bearing interest at 7% per year with the principal balance due on February 25, 2007. Total proceeds of these loans, aggregating \$1,260,000, were used in the purchase of Employment Solutions.

On March 4, 2002, the Company's subsidiary, Employment Solutions,

Edgar Filing: RSI HOLDINGS INC - Form 10KSB

issued a note in the principal amount of \$800,000 to Employment Solutions, LLC as part of the purchase price of Employment Solutions' business. The note is payable in equal monthly installments of \$15,466 over five years at an interest at the rate of 6% per year and is secured by the Company's pledge of the common stock of Employment Solutions. At August 31, 2004, the outstanding balance on this note was \$429,870.

On March 25, 2004, Minor H. Mickel gave the two notes described above having principal unpaid balances of \$250,000 and \$1,200,000 and the unpaid interest in equal parts to Buck A. Mickel, Charles C. Mickel and Minor M. Shaw.

8

Buck A. Mickel, Charles C. Mickel and Minor M. Shaw (and, before March 25, 2004, Minor H. Mickel), the creditors of the three notes payable aggregating \$1,200,000, have permitted the deferral of payment of interest since the predecessor note's issuance. Since November 2003, these creditors have permitted the deferral of payment of interest under the other notes payable held by them, in the aggregate principal amount of \$310,000. These creditors have agreed that they will not require payment of interest on any of the notes held by them until July 2005 at the earliest, but they have indicated in the Offer to Purchase filed with the SEC that they do not intend to extend this payment deadline beyond then unless the Company becomes a private company through a going-private transaction. As noted above in "Anticipated Liquidity Requirements", management expects it is highly likely that the Company will be a private company prior to July 2005 and accordingly, that the Mickel siblings will not demand payment with respect to the Company notes they hold.

Management of the Company could decide at any time to pay all or part of the accrued interest if they determine that cash balances are sufficient to pay the interest without a detrimental effect on the future operations of the Company. The accrued interest portion of long-term debt and other liabilities consists of interest that has been accrued on the unsecured notes aggregating \$1,510,000 payable to Buck A. Mickel, Charles C. Mickel and Minor M. Shaw.

OFF-BALANCE SHEET ARRANGEMENTS

The Company has no significant off-balance sheet arrangements.

CRITICAL ACCOUNTING POLICIES

The Company has adopted various accounting policies which govern the application of accounting principles generally accepted in the United States of America in the preparation of our financial statements. The significant accounting policies of the company are described in the footnotes to the consolidated financial statements at August 31, 2004.

Certain accounting policies involve significant judgments and assumptions by management which have a material impact on the carrying value of certain assets and liabilities; management considers such accounting policies to be critical accounting policies. The judgments and assumptions used by management are based on historical experience and other factors, which are believed to be reasonable under the circumstances. Because of the nature of the judgments and assumptions made by management, actual results could differ from these judgments and estimates, which could have a material impact on the carrying values of assets and liabilities and the results of operations of our company.

VALUATION ALLOWANCE ON DEFERRED TAXES

The Company believes that the valuation allowance related to the

Edgar Filing: RSI HOLDINGS INC - Form 10KSB

deferred tax asset is a critical accounting policy that requires the most significant judgments and estimates used in preparation of our consolidated financial statements. When income and expenses are recognized in different periods for financial reporting purposes than for purposes of computing income taxes currently payable, deferred tax assets or liabilities are provided for such temporary differences. The Company accounts for income taxes in accordance with SFAS No. 109, Accounting for Income Taxes. Under SFAS No. 109, deferred tax assets and liabilities are recognized for the expected future consequences of events that have been recognized in the consolidated financial statements or tax return. Deferred tax assets and liabilities are measured using the enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be realized or settled.

At August 31, 2004, the Company had net operating loss carryforwards ("NOLs") available for income tax purposes of approximately \$12,800,000. Such

9

carryforwards expire in 2006 through 2024. The Company's ability to use its existing net operating loss carryforward may be jeopardized or lost if the Company undergoes an "ownership change" as defined by the Internal Revenue Code. Under SFAS No. 109, the Company can record a net deferred tax asset on its balance sheet and a net deferred tax benefit on its income statement related to its NOLs if it believes that it is more likely than not that it will be able to utilize its NOLs to offset future taxable income utilizing certain criteria required by SFAS No. 109. If the Company does not believe, based on the balance of the evidence, that it is more likely than not that it can fully utilize its NOLs, it must reduce its deferred tax asset to the amount that is expected to be realized through future realization of profits.

Because the Company believes that it is more likely than not that the realization of the deferred tax assets will not be realized, SFAS No. 109 required that the Company not carry any net deferred tax asset on its balance sheet at August 31, 2004 or record any net deferred tax benefit on its income statements for the years ended on such date. If the Company had been permitted under SFAS No. 109 to record a full net deferred tax asset on its balance sheet at August 31, 2004, the amount of the net deferred tax asset would have been \$4,816,000, and if the Company had similarly been permitted to show a full net deferred tax benefit on its income statement for the year ended August 31, 2004, the amount of the benefit would have been \$51,000.

The analysis of available evidence is performed on an ongoing basis. Adjustments to the valuation allowance are made accordingly. Were the Company to become profitable before its NOLs expire or are otherwise lost, it would be able to utilize them to offset future taxable income, reducing its income tax expense and increasing its net earnings, and the Company would be able to record a net deferred tax asset on its balance sheet. There can be no assurance that the Company will become profitable or that it will be able to utilize any of its NOLs. If the Company does become profitable and utilize its NOLs, any recordable deferred tax asset could be substantially different from the August 31, 2004 amount set forth in the preceding paragraph.

CUSTOMER BASED INTANGIBLE ASSET

In accordance with SFAS No. 141, Business Combinations, the Company has determined that the intangible portion of the purchase price in conjunction with the acquisition described in Note 2 is customer related intangible assets and consists of customer list, customer contracts and related customer relationships, and noncontractual customer relationships. The Company is amortizing this asset over its estimated fifteen year life, and reviews the asset for impairment in accordance with SFAS 144, Accounting for the Impairment

Edgar Filing: RSI HOLDINGS INC - Form 10KSB

or Disposal of Long-Lived Assets.

The Company evaluates the recoverability of its identifiable intangible assets whenever events or changes in circumstances indicate that an intangible asset's carrying value may not be recoverable. The evaluation of asset impairment requires the Company to make assumptions and estimations about the future cash flows of the asset being evaluated. Differing future cash flow assumptions and estimations could result in different conclusions as to the recoverability of the asset's carrying value. The Company's evaluation of its intangible assets completed during the year resulted in no impairment loss.

RISK FACTORS

The Company is dependent on a few customers in that the majority of its revenues are from four customers. During the year ended August 31, 2004, these customers accounted for a substantial majority of the Company's revenues. The contracts that the Company has with its customers are generally short-term and the Company can give no assurance that these customers will continue to need the services that it provides.

The Company is continually subject to the risk of new regulations that could materially impact its business.

The Company must continually attract reliable workers to fill positions and may from time to time experience shortages of available temporary workers.

10

The Company can give no assurance that its supply of labor will continue to be available.

The Compensation Committee reviews and submits to the Board of Directors suggested salaries and other compensation for officers of the Company and its subsidiaries for the ensuing year.

Based solely upon a review of Forms 3, 4 and 5 and amendments thereto furnished to the Company during and with respect to its most recent fiscal year, the Company believes that all of its executive officers, directors and persons who may have been deemed to be greater than 10% stockholders during the year have timely made all filings required to be made under Section 16(a) of the Securities Exchange Act of 1934, as amended.

Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall consolidated financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to in the first paragraph present fairly, in all material respects, the consolidated financial position of RSI HOLDINGS, INC. AND SUBSIDIARIES as of August 31, 2004, and the related consolidated results of operations and cash flows for the year ended August 31, 2004 and 2003 in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1 to the financial statements, the Company has suffered recurring losses from operations and its total liabilities exceeds its total assets by \$331,679 and it has a working capital deficit of \$202,265. This raises substantial doubt about the

Edgar Filing: RSI HOLDINGS INC - Form 10KSB

Company's ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 1. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

RSI HOLDINGS, INC. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND ACTIVITIES

NATURE OF BUSINESS

On January 18, 2002, RSI Holdings, Inc. (the "Company"), executed a letter of intent to acquire substantially all of the assets of Employment Solutions, LLC, a South Carolina limited liability company.

On March 4, 2002, the Company through a newly-formed, wholly-owned subsidiary, Employment Solutions, Inc., a South Carolina corporation ("Employment Solutions"), acquired substantially all of the assets of Employment Solutions, LLC, a South Carolina limited liability company. Employment Solutions, the only business, is in the business of locating and providing labor to industrial companies in the United States. Prior to the asset purchase, the

Edgar Filing: RSI HOLDINGS INC - Form 10KSB

Company had not conducted any business since January 31, 2000 other than seeking acquisition opportunities and liquidating the assets of its prior business.

BASIS OF PRESENTATION

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America that apply to established operating enterprises on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. As shown in the financial statements during the years ended August 31, 2004 and 2003, the Company incurred losses of \$138,123 and \$15,635, respectively. At August 31, 2004, the Company's liabilities exceeded its assets by \$331,679 and it has a working capital deficit of \$202,265. These conditions raise substantial doubt about the Company's ability to continue as a going concern.

In the Offer to Purchase filed with the SEC by the Mickel siblings (Note 11 - Subsequent Event"), the Mickel siblings indicated that they do not intend to continue to support the Company financially, including advancing any future funds or extending their deferral of interest payments beyond July 2005, unless the Company becomes a private company through a going-private transaction. The Mickel siblings expect the Company to become a private company before July 2005, however, if the Company does not become a private company and the Mickel siblings demand payment of the unpaid accrued interest the Company would in all likelihood not be able to pay the previously deferred interest and be able to continue operations. Accordingly, the Company has classified the unpaid accrued interest as a current liability.

Management of the Company believes that it is highly likely that the Company will be a private company prior to July 2005 and that the Mickel siblings will not demand payment with respect to the Company notes they hold.

There are no assurances that the Company will be a private company prior to July 2005 or that the Mickel siblings will not demand payment with respect to the Company notes they hold. The accompanying financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

F-8

PRINCIPLES OF CONSOLIDATION

The consolidated financial statements include the accounts of the Company and its subsidiaries (all of which are wholly-owned). All significant intercompany balances and transactions have been eliminated in consolidation.

CASH

Cash consists of highly liquid investments, which are readily convertible into cash and have maturities of three months or less at date of acquisition. The Company places temporary cash investments in high quality financial institutions. At times such investments may be in excess of FDIC insurance limits.

PROPERTY AND EQUIPMENT

Property and equipment consists of office furniture and equipment and is stated at cost. Depreciation is computed principally by the straight-line method

Edgar Filing: RSI HOLDINGS INC - Form 10KSB

over the estimated useful life of the assets. The life of the furniture and office equipment when the asset is acquired is estimated to be five years.

FAIR VALUE OF FINANCIAL INSTRUMENTS

The carrying amounts reported in the balance sheet for cash and cash equivalents, accounts receivable, accounts payable and notes payable approximate their fair values.

NET LOSS PER COMMON SHARE

Basic net loss per common share is computed on the basis of the weighted average number of common shares outstanding in accordance with Statement of Financial Accounting Standards (SFAS) No. 128, Earnings per Share. The treasury stock method is used to compute the effect of stock options on the weighted average number of common shares outstanding for the diluted method. Since the Company incurred a loss, the effect of stock options on the treasury stock method is anti-dilutive.

REVENUE RECOGNITION

Revenues are considered earned and recorded during the period in which the service is provided.

INTANGIBLE ASSETS

In accordance with SFAS No. 141, Business Combinations, the Company has determined that the intangible portion of the purchase price in conjunction with an acquisition as defined in Note 2 is customer related intangible assets and consists of customer list, customer contracts and related customer relationships, and noncontractual customer relationships. The Company is amortizing this asset over its estimated fifteen year life, and reviews the asset for impairment in accordance with SFAS 144, Accounting for the Impairment or Disposal of Long-Lived Assets.

F-9

The Company evaluates the recoverability of its identifiable intangible assets whenever events or changes in circumstances indicate that an intangible asset's carrying value may not be recoverable. The evaluation of asset impairment requires the company to make assumptions about the future cash flows of the asset being evaluated. The Company's evaluation of its intangible assets completed during the year resulted in no impairment loss.

INCOME TAXES

The consolidated financial statements have been prepared on the accrual basis. When income and expenses are recognized in different periods for financial reporting purposes than for purposes of computing income taxes currently payable, deferred taxes are provided on such temporary differences. The Company accounts for income taxes in accordance with SFAS No. 109, Accounting for Income Taxes. Under SFAS No. 109, deferred tax assets and liabilities are recognized for the expected future tax consequences of events that have been recognized in the consolidated financial statements or tax return. Deferred tax assets and liabilities are measured using the enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be realized or settled.

Edgar Filing: RSI HOLDINGS INC - Form 10KSB

STOCK OPTIONS

The Company accounts for and will continue to account for stock options under Accounting Principles Board Opinion 25, Accounting for Stock Issued to Employees. Applying SFAS No. 123, Accounting for Stock-Based Compensation, would not materially affect net loss and loss per share for fiscal 2004 and 2003. The Company provides disclosures for stock based compensation in accordance with the disclosure provisions required under SFAS No. 148, Accounting for Stock Based Compensation.

USE OF ESTIMATES

The preparation of the financial statements of the Company in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts. These estimates are based on information available as of the date of the financial statements. Therefore, actual results could differ from those estimates.

RECENTLY ISSUED ACCOUNTING STANDARDS

Additional accounting standards that have been issued or proposed by the FASB that do not require adoption until a future date are not expected to have a material impact on the consolidated financial statements upon adoption.

F-10

NOTE 2 - CUSTOMER RELATED INTANGIBLE ASSETS

On March 4, 2002, the Company effected the business combination with Employment Solutions solely through the distribution of cash and by incurring liabilities. The transaction had no effect on equity or the outstanding shares of the Company or Employment Solutions. For these reasons, the Company was considered the acquirer in this business combination. In accordance with SFAS No. 141, Business Combinations, intangible assets of \$1,936,289 have been recorded as customer related intangible assets.

The transaction also includes a provision that will be accounted for as a contingency in the purchase transaction based on the future earnings of Employment Solutions. The provision provides for the payment of an annual bonus of up to 20% of earnings in excess of \$630,000. The bonus is to be paid to a former executive of Employment Solutions who has no significant ongoing responsibilities and is additional consideration for the customer related intangible assets. The amount to be paid cannot be determined beyond a reasonable doubt and adjustments to the purchase price will be made annually. Earnings of Employment Solutions during the year ended August 31, 2004 were less than \$630,000 and no bonus was accrued. The bonus paid based on the earnings during the year ended August 31, 2003 under this contingency was \$3,246.

	\$311,734

The accrued interest consists of interest that has been accrued on the unsecured notes of \$1,510,000 payable to the President and Chief Executive Officer of the Company, the Vice President of the Company and their sister. Over the past several years these noteholders have agreed to defer interest payments and have agreed that they will not require payment of interest before July 2005.

On March 25, 2004, Minor H. Mickel gave the two notes above having unpaid principal balances of \$250,000 and \$1,200,000 and the unpaid interest in equal parts to Buck A. Mickel, Charles C. Mickel and Minor M. Shaw.

Buck A. Mickel is the President and Chief Executive Officer and a director of the Company. Charles C. Mickel is a Vice President and director of the Company. Buck A. Mickel, Charles C. Mickel and Minor M. Shaw are siblings and Minor H. Mickel is their mother.

F-12

Buck A. Mickel, Charles C. Mickel and Minor M. Shaw (and, before March 25, 2004, Minor H. Mickel), the creditors of the three notes payable aggregating \$1,200,000, have permitted the deferral of payment of interest since the predecessor note's issuance. Since November 2003, these creditors have permitted the deferral of payment of interest under the other notes payable held by them, in the aggregate principal amount of \$310,000. Over the past several years these creditors have allowed the Company to defer interest payments and agreed that they will not require payment of interest before July 2005. Management of the Company could decide at any time to pay all or part of the accrued interest if it determines that cash balances are sufficient to pay the interest without a detrimental effect on the future operations of the Company. The accrued interest portion of long-term debt and other liabilities consists of interest that has been accrued on the unsecured notes aggregating \$1,510,000 payable to Buck A. Mickel, Charles C. Mickel and Minor M. Shaw.

NOTE 5 - LEASES

During fiscal 2004, the Company entered into lease arrangements under which the Company sold and leased back its two vehicles. The initial terms under this lease arrangement was one year for one of the vehicle and two years for the other vehicle.

Total rent expense incurred under these lease arrangements during fiscal 2004 was \$1,148. Property taxes, insurance, maintenance and operating expenses applicable to the leased property are obligations of the Company.

Edgar Filing: RSI HOLDINGS INC - Form 10KSB

The future minimum lease payments under the operating leases at August 31, 2004 were as follows:

Fiscal year	
2005	\$ 8,584
2006	2,549

	\$11,133
	=====

The Company leases its office and warehouse facilities under various lease arrangements not exceeding one year. The expense incurred under such arrangements was \$51,000 and \$50,900 during the fiscal years ended August 31, 2004 and 2003, respectively.

F-13

NOTE 6 - STOCK OPTION PLAN

During June 2002, the Company adopted the 2002 Stock Option Plan that authorized the Board of Directors to grant options of up to 1,500,000 shares of the Company's common stock. On January 30, 2003, the 2002 Stock Option Plan was amended to increase the aggregate number of shares that may be granted from 1,500,000 to 2,500,000.

The Company's previous Stock Option Plan was adopted during 1991 and was amended on January 27, 2000, January 21, 1999 and January 15, 1998. The previous Stock Option Plan terminated on June 27, 2000 and no options of the Company's common stock can be granted thereafter, but this termination does not affect the options previously granted to the plan participants. As of August 31, 2004, 490,000 shares have been awarded to plan participants and are outstanding under the 2002 Stock Option Plan and 152,774 shares have been awarded and are outstanding to plan participants under the previous Stock Option Plan. These options vest over a three year period. During the 2004 year, the holder of options for 966,667 shares terminated his employment and forfeited his options.

The Company also has an informal stock option plan under which stock options can be granted to certain non-employee officers and directors. During the 2004 year, such options for 19,998 shares expired and were forfeited. As of August 31, 2004, such options to purchase 75,000 shares have been granted and are outstanding.

All options under the plans were granted at not less than fair market value at dates of grant. Stock option transactions during the two years ended August 31 were as follows:

F-14

NOTE 7 - INCOME TAXES

During fiscal years 2004 and 2003, net deferred tax benefits were fully offset by a valuation allowance relating to temporary differences since the Company believes that it is more likely than not that the realization of deferred tax assets will not be realized. Significant components of the Company's deferred tax assets and liabilities are as follows:

ASSETS	
Net operating loss carryforward	\$ 4,723,000
Other	97,000

	4,820,000
Valuation allowance	4,816,000

Deferred tax assets	4,000
LIABILITIES	
Depreciation	4,000

Edgar Filing: RSI HOLDINGS INC - Form 10KSB

Net deferred taxes \$ -
=====

At August 31, 2004, the Company has net operating loss carryforwards available for income tax purposes of approximately \$12,800,000. Such carryforwards expire in 2006 through 2024. The Company's ability to use its existing net operating loss carryforward may be jeopardized or lost if the Company undergoes an "ownership change" as defined by the Internal Revenue Code.

The valuation allowance increased \$51,000 during 2004 due to the continued uncertainty of the Company's ability to generate taxable income and realize the benefits of deferred tax assets. The recognition of a net deferred tax asset is dependent upon a "more likely than not" expectation of the realization of the deferred tax asset, based upon the analysis of the available evidence. A valuation allowance is required to sufficiently reduce the deferred tax asset to the amount that is expected to be realized through future realization of profits on a "more likely than not" basis. The analysis of available evidence is performed on an ongoing basis utilizing the "more likely than not" criteria to determine the amount, if any, of the deferred tax asset to be realized. Adjustments to the valuation allowance are made accordingly. There can be no assurance that additional valuation allowances may not be recorded in the future periods.

Sales to each of three major customers exceeded 10% of net sales during the fiscal year ended August 31, 2003. Sales to these customers accounted for over 50% of net sales during the years ended August 31, 2004 and 2003.

NOTE 10 - AFFILIATED PARTY TRANSACTIONS

See Note 4 concerning notes payable with affiliated parties.

The Company leases its principal executive offices under a month-to-month lease arrangement from a limited liability company that is owned by the President, Chief Executive Officer and a director of the Company and his two adult siblings, one of whom is also the vice president and a director of the Company. Under the lease arrangement, the monthly rent during the fiscal years ended August 31, 2004 and August 31, 2003 was \$2,550 per month. Accounts receivable at August 31, 2004 included an amount for the reimbursement of expenses in the amount of \$1,051 that were incurred during August 2004 by a company that is owned by the President of the Company, his mother and his two adult siblings, one of whom is also the vice president and a director.

NOTE 11 - SUBSEQUENT EVENT (UNAUDITED)

During August 2004, the Company announced that Buck A. Mickel, President, the Company's Chief Executive Officer and a director, Charles C. Mickel, the Company's Vice President and a Director, and their sibling, Minor Mickel Shaw (collectively, the "Mickel siblings") intended to initiate a going-private transaction with respect to the Company. The Mickel siblings beneficially own approximately 76% of the Company's stock. In October 2004, BCM Acquisition Corp. ("BCM"), a South Carolina corporation newly formed by the Mickel siblings, made a filing with the Securities and Exchange Commission (the "SEC") that included an Offer to Purchase (a tender offer statement) for the SEC's review. In November 2004, BCM filed a revised Offer to Purchase with the SEC, again for review only. F-16

The Offer to Purchase filed with the SEC describes BCM's potential offer to purchase all the outstanding shares of the common stock of the Company at a price of \$.10 per share, subject to certain terms and conditions. The offer as described in the Offer to Purchase is conditioned on, among other things, there being validly tendered and not withdrawn sufficient shares of the Company's common stock such that, after those shares are purchased pursuant to the offer and the Mickel siblings have contributed their shares to BCM, BCM would own at least 90% of the Company's common stock. Upon satisfaction or

Edgar Filing: RSI HOLDINGS INC - Form 10KSB

waiver of the conditions of the offer, the Mickel siblings would contribute their Company shares to BCM and, if BCM owned at least 90% of the common stock of the Company upon consummation of the offer and contribution by the Mickel siblings, BCM would effect a short-term merger of the Company into BCM. Assuming completion of the tender offer and the merger, the Mickel siblings would own 100% of the Company's stock.
