Packaging Group, Inc.

Fellow Shareholders,

We started fiscal year 2001 with high expectations for improvements in sales and operating earnings in all quarters, and indeed, we achieved this in the first two quarters of the year. Reflective of the downturn in the economy, sales started to slow in the third quarter. Accordingly, sales and operating profits declined in the second half of the year, leaving operating income from continuing operations approximately equal for the year.

While disappointed that we were not able to achieve our original plan, we were pleased with the continued progress we made during 2001 in reducing operating costs, improving operating efficiency and quality, and integrating our sales and marketing efforts across all three divisions. We also invested in new technologies and equipment to enable the company to take advantage of opportunities for new business in the future.

Our outlook for 2002, particularly in the aftermath of the tragic events of September 11 and the grieving and uncertainty that it has created, is guarded but optimistic that this strong country is pulling together, and our economy will return to its long term history of growth and optimism.

While we are proceeding very cautiously in light of the current economic environment, we will continue to reduce costs and improve the levels of quality and service we offer to meet the rapidly changing needs of our customers and the markets we serve.

We believe that our strategy of focusing on our core business of folding cartons, improving internal operations and increasing sales has resulted in a stronger foundation for future growth and profitability. This, combined with prudent management of our assets, will result in continuing decreases in our outstanding debt levels and increasing returns to our shareholders.

Sincerely,

/s/ Walter E. Rose

PROXY STATEMENT

The accompanying proxy is solicited by the Board of Directors of Gibraltar Packaging Group, Inc. (the "Company") for use at the 2001 Annual Meeting of Stockholders to be held on November 7, 2001, and at any adjournments thereof (the "Annual Meeting"). The Annual Meeting will be held at 12:00 p.m., Central Time, at the Comfort Inn, 2903 Osborne Drive West, Hastings, Nebraska. If the accompanying proxy is properly executed and returned, the shares it represents will be voted at the meeting in accordance with the directions noted on the proxy or, if no direction is indicated, it will be voted in favor of the proposals described in this Proxy Statement. In addition, the proxy confers discretionary authority to the persons named in the proxy authorizing those

Edgar Filing: GIBRALTAR PACKAGING GROUP INC - Form DEF 14A

persons to vote, in their discretion, on any other matters properly presented at the Annual Meeting. The Board of Directors is not currently aware of any other matters to be considered. Any stockholder giving a proxy has the power to revoke it by oral or written notice to the Secretary of the Company at any time before it is voted.

The approximate date on which this Proxy Statement and the accompanying proxy, together with the Company's annual report to stockholders on form 10-K for the fiscal year ended June 30, 2001, will first be sent to stockholders is October 3, 2001.

VOTING RIGHTS AND QUORUM

At the close of business on September 10, 2001, the record date for the determination of stockholders of the Company entitled to receive notice of and to vote at the Annual Meeting, 5,041,544 shares of the Company's common stock, par value \$0.01 per share (the "Common Stock"), were outstanding. Each share of Common Stock is entitled to one vote upon each of the matters to be voted on at the Annual Meeting. The presence, in person or by proxy (including abstentions and "broker non-votes"), of at least a majority of the outstanding shares of Common Stock is required for a quorum. A broker non-vote occurs when a broker holding stock in "street name" indicates on the proxy that it does not have discretionary authority to vote with respect to non-routine matters.

The affirmative vote of the holders of a plurality of the votes of the shares of Common Stock present in person or represented by proxy at the Annual Meeting is required for the election of directors. Ratification of Deloitte & Touche LLP as the Company's independent public accountants requires the affirmative vote of the holders of a majority of the shares of Common Stock present in person or represented by proxy at the Annual Meeting.

With respect to the election of directors, votes may be cast in favor or withheld. Votes that are withheld will be excluded entirely from the vote and will have no effect. Abstentions may be specified on the ratification of Deloitte & Touche LLP as the Company's independent public accountants and will be counted as shares that are present and entitled to vote for a proposal, but will not be counted as votes in favor of such proposal. Accordingly, an abstention from voting by a stockholder present in person or represented by proxy at the Annual Meeting will have the same legal effect as a vote "against" the ratification of Deloitte & Touche LLP as the Company's independent public accountant even though the stockholder or interested parties analyzing the results of the voting may interpret such vote differently. Broker non-votes are not shares entitled to vote, will not be counted in the total number of votes, and thus will have no effect on the outcome of voting.

Report of the Compensation Committee of the Board of Directors

The Compensation Committee of the Board of Directors of the Company currently consists of Messrs. Chandler and Shaw, neither of whom are officers or employees of the Company. The Committee is responsible for evaluating and establishing the level of executive compensation and administering the Company's stock option and stock appreciation rights plans.

It is the philosophy of the Company and the Compensation Committee that in order to achieve continual growth and financial success, the Company must be able to attract and retain qualified executives. The Company's executive compensation programs are designed to attract and retain executives capable of leading the Company to meet its business objectives and to motivate them to enhance long-term stockholder value. The Compensation Committee regularly reviews the Company's compensation programs to insure that salary levels and incentive opportunities are competitive and reflect the performance of the Company. The Company's compensation package for its executive officers can consist of a cash salary, a cash incentive bonus, stock option grants, and stock appreciation rights.

Base salary levels are largely determined through comparisons with industrial companies of similar size, complexity, and performance. The determination of the comparable companies was based upon choices made by the Compensation Committee and the Board of Directors. Actual salaries are based on individual performance contributions within a competitive salary range for each position that is established through job evaluation and market comparisons. Upon the appointment of a new Chief Operating Officer of the Company in October 1997, Mr. Rose's active involvement was reduced. Mr. Rose no longer receives a base salary from the Company.

The Company uses annual bonuses to motivate its executive officers and reward individuals for their initiative and outstanding performance. Bonuses are determined annually based upon achievement of performance-oriented indicators, which include improvement in sales and net income, the control of working capital and cash flow, and the achievement of specified operating objectives that favorably impact the Company's overall financial performance.

The Compensation Committee believes that by providing the executives who have substantial responsibility for the management and growth of the Company with an opportunity to increase their ownership of Common Stock of the Company,

Edgar Filing: GIBRALTAR PACKAGING GROUP INC - Form DEF 14A

the best interest of stockholders and executives will be closely aligned. Therefore, executives are eligible to receive stock options from time to time, giving them the right to purchase Common Stock of the Company. While various factors such as the potential of the recipient, prior grants, and the performance of the Company are considered in selecting the recipients and determining the size of the grant, the Company does not adhere to any firmly established formulas or schedules for the issuance of options, and options are awarded when considered appropriate. No stock options were awarded in fiscal 2001.

The Committee believes that granting stock appreciation rights ("SARs"), like stock options, can increase stockholder value by aligning the interests of the SAR's recipient with the Company's stockholders. Once the SARs reach maturity, they will provide cash incentives to key executives only if the then current value of the Common Stock has reached predetermined levels. No SARs were granted in fiscal 2001.

The foregoing report is given by the following members of the Compensation Committee:

David G. Chandler
Robert G. Shaw

Compensation Committee Interlocks and Insider Participation

The Compensation Committee consists of Messrs. Chandler and Shaw. No member of the Compensation Committee was an officer or employee of the Company, or any of its subsidiaries, during fiscal 2001. Messrs. Rose and Strautnieks serve on the Board of Directors of Rostra, which board makes all compensation-related decisions for that company.

Section 16(a) of the Exchange Act requires the Company's directors and officers, and persons who own more than ten percent of the Company's Common Stock, to file initial reports of ownership and reports of changes in ownership of Common Stock with the SEC. Officers, directors, and greater than ten percent stockholders are required by SEC regulation to furnish the Company with copies of all such forms that they file.

To the Company's knowledge, based solely on the Company's review of the

copies of such reports received by the Company, and on written representations by certain reporting persons, the Company believes that during the fiscal year ended June 30, 2001, all Section 16(a) filing requirements applicable to its officers, directors, and ten percent stockholders were made.

AUDIT COMMITTEE REPORT

The Company's Audit Committee assists the Board in fulfilling its responsibilities of overseeing the quality and integrity of the Company's accounting, auditing, and financial reporting practices. The Audit Committee members satisfy the regulations of the National Association of Securities Dealers ("NASD") requiring that all audit committee members be "independent directors" as defined in the NASD listing standards. The Company is not required to adopt a written charter for the Audit Committee, but intends to adopt a formal charter during fiscal 2002.

During fiscal 2001, the Committee met three times, and discussed the interim financial information contained in each quarterly earnings announcement with management and independent auditors prior to public release. In connection with the Company's June 30, 2001 audited financial statements, the Audit Committee reviewed and discussed the financial statements with management. The Audit Committee also discussed with the Company's independent public accountants the matters required by Statement on Auditing Standards ("SAS") No. 61, "Communication with Audit Committees," as amended by SAS No. 90.

In discharging its oversight responsibility as to the audit process, the Audit Committee obtained from Deloitte & Touche LLP, the Company's independent public accountants, a formal written statement describing all relationships between the independent public accountants and the Company that might bear on the auditor's independence consistent with the Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," and discussed with the auditors any relationships that may impact their objectivity and independence. In considering the auditor's independence, the Audit Committee also considered whether the non-audit services performed by the auditors on the Company's behalf were compatible with maintaining the independence of the auditors. Based on this review, the Audit Committee believes appropriate independence is maintained.

Based on the Audit Committee's review and discussions with management and the Company's independent public accountants, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2001, for filing with the SEC. The Audit Committee also recommended the reappointment of the independent public accountants and the Board concurred in this recommendation, subject to the ratification of the appointment by the shareholders at the Annual Meeting.

PROPOSAL NUMBER 2:

APPROVAL OF INDEPENDENT AUDITORS

The Board of Directors of the Company has appointed the firm of Deloitte & Touche LLP as the Company's independent public accountants for the fiscal year ending June 29, 2002, subject to ratification by the Company's stockholders. Representatives of Deloitte & Touche LLP are expected to be present at the Annual Meeting of Stockholders and will have an opportunity to make a statement, if they desire to do so, and to respond to appropriate questions from those attending the meeting. Deloitte & Touche LLP has served as auditors for the Company since 1986.

For ratification, this proposal will require the affirmative vote of the holders of a majority of the shares of Common Stock represented at the meeting in person or by proxy. If the resolution is rejected, or if Deloitte & Touche LLP declines to act or becomes incapable of action, or if its employment is discontinued, the Board of Directors will appoint other independent accountants. The enclosed proxy will be voted for ratification of Deloitte & Touche LLP unless the proxy holders are otherwise instructed.

The Board of Directors recommends that stockholders vote "FOR" ratification of Deloitte & Touche LLP's appointment.

PROPOSALS OF STOCKHOLDERS

Any proposal of a stockholder intended to be presented at the next annual meeting must be in the form required by the Company's By-laws and received at the Company's principal executive offices no later than June 5, 2002, if the proposal is to be considered for inclusion in the Company's proxy statement relating to such meeting.

A shareholder may also present a proposal directly to the Company's shareholders at the 2002 Annual Meeting. However, if the Company does not receive notice of the shareholder proposal prior to the close of business on August 19, 2002, SEC rules permit management to vote proxies in their discretion on the proposed matter. If the Company receives notice of the shareholder proposal on or before the close of business on August 19, 2002, management can only vote proxies in their discretion if they advise stockholders in the Company's 2002 proxy statement about the nature of the proposed matter and how management intends to vote on the matter.
