Item 5. Other Events

News release

Edgar Filing: HAWAIIAN ELECTRIC INDUSTRIES INC - Form 8-K

On April 22, 2002, HEI issued the following news release:

HAWAIIAN ELECTRIC INDUSTRIES, INC. REPORTS FIRST QUARTER 2002 EARNINGS

HONOLULU -- Hawaiian Electric Industries, Inc. (NYSE - HE) today reported net income for the three months ended March 31, 2002 of \$26.9 million, or 75 cents per share, compared with \$27.7 million, or 84 cents per share, in the same quarter of 2001. Net income was down 3% for the quarter due to lower utility net income and holding company losses that were partially offset by a 12% increase in bank net income. Earnings per share were down 11% primarily due to an increase in the number of shares outstanding resulting from HEI's November 2001 common stock offering.

Electric utility net income for the first quarter was \$20.4 million compared to \$21.4 million for the same quarter last year due to higher depreciation expense and lower kilowatthour sales, partially offset by lower other operation, maintenance and interest expenses.

"We had anticipated that the Hawaii economic downturn post-September 11 would have a negative impact on kilowatthour sales. However, first quarter sales were down mainly because of cooler weather," said Robert F. Clarke, HEI chairman, president and chief executive officer. Cooling degree days were 10% lower in the first quarter of 2002 compared with the same quarter last year.

Other operation and maintenance expenses were down quarter over quarter due to post-September 11 cost containment efforts. "Our utilities made an extra effort to lower expenses to offset the lower sales," said Clarke.

Savings bank net income in the first quarter was \$13.4 million compared to \$11.9 million in the same quarter last year. The increase in net income was partly due to increases in both net interest and other noninterest income. Also, the adoption of new accounting rules calling for the discontinuation of goodwill amortization resulted in \$1 million of net income. These increases were partially offset by increases in operating, administrative and general expenses.

Net interest income increased due to an increase in the interest rate spread -the difference between the yield on earning assets and cost of funds. The interest rate spread was 3.27% in the recent quarter versus 3.01% for the same period in 2001.

HEI will hold its annual meeting tomorrow at 9:30 a.m. in Honolulu, Hawaii to elect four directors and to ratify an independent auditor.

HEI is the largest Hawaii-based company, providing electric utility services to 95% of Hawaii's residents and a wide array of banking services to consumers and businesses through the state's third largest bank.

Forward-looking Statements

This release may contain "forward-looking statements," which include statements that are predictive in nature, depend upon or refer to future events or conditions, and usually include words such as expects, anticipates, intends, plans, believes, predicts, estimates or similar expressions. In addition, any statements concerning future financial performance (including future revenues, expenses, earnings or losses or growth rates), ongoing business strategies or prospects and possible future actions, which may be provided by management, are also forward-looking statements. Forward-looking statements are based on current expectations and projections about future events and are subject to risks,

Edgar Filing: HAWAIIAN ELECTRIC INDUSTRIES INC - Form 8-K

uncertainties and assumptions about HEI and its subsidiaries, the performance of the industries in which they do business and economic and market factors, among other things. These forward-looking statements are not guarantees of future performance.

Forward-looking statements in this release should be read in conjunction with "Forward-looking statements" (which is incorporated by reference herein) set forth on page vi of HEI's Annual Report on Form 10-K for the year ended December 31, 2001 and in HEI's future periodic reports that discuss important factors that could cause HEI's results to differ materially from those anticipated in such statements. Forward-looking statements speak only as of the date of this release.

Hawaiian Electric Industries, Inc. and Subsidiaries
 GOODWILL
 (Unaudited)

The Company adopted the provisions of Statement of Financial Accounting Standards (SFAS) No. 142, "Goodwill and Other Intangible Assets" on January 1, 2002. The Company's goodwill is in the bank segment and was tested for impairment as of January 1, 2002 and will be tested for impairment annually in the third quarter. As of January 1, 2002, there was no impairment of goodwill.

Application of the nonamortization provisions of SFAS No. 142 has affected the comparability of current period results of operations with prior periods. Thus, the following "transitional" disclosures present "adjusted" net income and earnings per common share:
