Summary of Business Report

On March 31, 2003, Kookmin Bank filed a business report with the Financial Supervisory Commission of Korea pursuant to the Securities and Exchange Act of Korea (the Business Report). This is a summary of the Business Report translated into English. Non-material or previously disclosed portions were omitted or abridged.

All references to Kookmin Bank mean Kookmin Bank on a non-consolidated basis, and all references to we or us the Bank mean Kookmin Bank and, as the context may require, its subsidiaries. Kookmin Bank means a new entity established by a merger with former Kookmin Bank and H&CB on the merger date of October 31, 2001. Sometimes we refer it to New Kookmin Bank. On the other hand, we use the Former Kookmin Bank for the name of the former Kookmin Bank, which had been another entity before it merged H&CB.

We were formed through a merger between the Former Kookmin Bank and H&CB, which merged into a new corporation named Kookmin Bank effective November 1, 2001. Accordingly, financial information in this Business Report since the merger date reflects the impact of the merger. Under generally accepted accounting principles in Korea, the Former Kookmin Bank is deemed the accounting acquiror of H&CB in the merger, and we have accounted for the acquisition using the purchase method of accounting. However, trust accounts are not accounted by the purchase method accounting according to the Korean Financial Supervisory Service s guidelines.

Therefore, unless indicated otherwise, any comparative description or table of year 2000 or before 1) for bank accounts is based on the Former Kookmin Bank s results and 2) for trust accounts is based on simple consolidated numbers of Former Kookmin Bank s and H&CB s results.

All references to Won or W in this document are to the currency of the Republic of Korea.

1. Exercise price = 51,200 Won x (1 + the increase rate of KOSPI Banking Industry Index x 0.4) / 100. The increase rate of KOSPI Banking Industry Index = (KOSPI Banking Industry Index as of the starting date of exercise period - 207.25) / 207.25 x 100.
2. Conditional options up to 200,000: Additional shares shall be granted if the average closing price of Kookmin Bank's stock from August 17, 2004 to November 16, 2004 (or for the three months prior to his resignation, if he resigns earlier than his original tenure) is higher than the stock prices of any other bank listed on the Korea Stock Exchange. The number of options to be granted shall be based on total score, which calculated by the earned total scores of both ROE and market capitalization on November 17, 2004 (or on the date of his

Table of Contents**2. Business****2.1. Business Overview**

We are the largest commercial bank in Korea in terms of assets, deposits, branch network and retail customer base. Our primary focus is branch-based lending to and deposit-taking from retail customers and small and medium-sized enterprises. The principal components of our business are general household, mortgage and small and medium-sized enterprise lending, credit card operations and investment trust account management business and capital market activities. We also make loans and provide banking services to large domestic corporate customers.

We have developed one of the most extensive domestic branch networks, with 1,190 domestic branches and sub-branches as of December 31, 2002. Our extensive branch network and retail customer base have provided us with a source of stable and low cost funding.

2.5. Property, Plants and Equipment

2.5.1. Branch Network

As of December 31, 2002, we had 1,128 branches and 62 sub-branches in Korea, the largest number of branches among Korean commercial banks. We believe that our extensive branch network in Korea and retail customer base provide us with a source of stable and relatively low cost funding. Approximately 42% of our branches and sub-branches are located in Seoul.

-
1. Includes credit card receivables and cash advances.
 2. Sales include credit card receivables and cash advances. This is the result of Kookmin Credit Card, our KOSDAQ-registered, majority-owned subsidiary.
 3. Kookmin Bank recognizes fee revenues under a fee agreement with Kookmin Credit Card. These amounts are the revenues Kookmin Bank received from Kookmin Credit Card pursuant to the fee agreement. Besides, Kookmin Bank also recognizes non-operating revenue in connection with consolidation of Kookmin Credit Card under equity method.

Table of Contents

We also have three subsidiaries in Luxemburg, Hong Kong and London and three branches in Tokyo, New York and Auckland.

2.5.2. Property

Our registered office and corporate headquarters are located at 9-1, 2-Ga, Namdaemun-Ro, Jung-Gu, Seoul, Korea. The book value of all the properties owned by us as of December 31, 2002 was 1,591,439 million Won. In addition to the properties owned by us, we also leased 1,026,344 million Won of properties for our branch space. We do not own any material properties outside of Korea.

2.5.3. Automated Banking Machines

We have established an extensive network of automated banking machines, which are located in branches and in Autobanks (unmanned outlets). These automated banking machines consist of ATMs, cash dispensers and passbook printers. As of December 31, 2002, we had 6,102 ATMs, 2,748 cash dispensers and 896 passbook printers.

5. Corporate Governance and Affiliated Companies

5.1. Board of Directors

The board of directors holds regular meetings every quarter. The board of directors consists of directors and resolves each following matter:

matters relating to business objectives and performance evaluation;

matters relating to amendments of the Articles of Incorporation;

matters relating to budget and accounting including salaries of directors and employees;

matters relating to major organizational changes such as dissolution, business transfer and merger;

matters relating to internal control standards; or

other matters determined by law and the board of directors regulations

We currently have six management committees that serve under the board:

the Board Steering Committee;

the Management Strategy Committee;

the Risk Management Committee;

the Audit Committee;

the Compensation Committee; and

the Non Executive Director Nomination Committee.

Edgar Filing: KOOKMIN BANK - Form 6-K

Each committee member is appointed by the board of directors, except for members of the Audit Committee, who are elected at the general meeting of stockholders. For list of our directors, see 7. Directors, Senior Management and Employees / 7.1. Executive Directors and 7.2. Non-Executive Directors.

5.2. Audit Committee

Audit Committee oversees our financial reporting and approves the appointment of and interaction with our independent auditors, compliance officers, management personnel and other committee advisors. The committee also reviews our financial information, auditor's examinations, key financial statement issues and the administration of our financial affairs by the board of directors. In connection with the general meetings of stockholders, the committee examines the agenda for, and financial statements and other reports to be submitted

by, the board of directors to each general meeting of stockholders. The committee holds regular meetings every quarter.

5.3. Voting Rights of Shareholders

Each outstanding share of our common stock is entitled to one vote per share.

If the method of written resolution at the general meeting of shareholders is adopted by resolution of the board of directors, at which the convening of the general meeting of shareholders is determined, the shareholders may exercise their voting rights in writing without participating the meeting in person. In this case, the Bank is required to send the documents and references necessary for exercise of voting rights, together with the convening notice.

If a shareholder intends to exercise his/her voting rights in writing, the shareholder is required to fill in and submit to the Bank one day before the date set for the general meeting of shareholders.

5.4. Compensation to the Directors

For the 12 months ended December 31, 2002, the aggregate of the remuneration paid by us to 1) the Chairman, President & CEO and our other executive directors and 2) our non-executive directors was 3,146 million Won, 515 million Won, respectively. The following table shows the breakdown of the remuneration.

(Units: in millions of Won)

Independent Auditor's Report

To the Board of Directors and Shareholders of

Kookmin Bank

We have audited the accompanying non-consolidated balance sheets of Kookmin Bank (the Bank) as of December 31, 2002 and 2001, and the related non-consolidated statements of income, appropriations of retained earnings, and cash flows for the years then ended, expressed in Korean Won. These financial statements are the responsibility of the Bank's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the Republic of Korea. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the non-consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Bank as of December 31, 2002 and 2001, and the results of its operations, the changes in its retained earnings, and its cash flows for the years then ended, in accordance with financial accounting standards generally accepted in the Republic of Korea.

Without qualifying our opinion, we draw attention to the following matters.

As discussed in Note 33 to the non-consolidated financial statements, the Bank completed the legal consolidation with H&CB as of October 31, 2001. Despite the legal form of consolidation, the business combination was accounted for as an acquisition with the Bank as acquirer of H&CB's total assets of (Won)67,742,958 million and liabilities of (Won)64,381,185 million. The Bank's registration statement with the Securities and Exchange Commission of the United States of America was declared effective on September 10, 2001, and the new shares of the Bank are listed on New York Stock Exchange as American Depositary Shares (ADS) since November 1, 2001.

Samil Accounting Corporation is the Korean member firm of PricewaterhouseCoopers. PricewaterhouseCoopers refers to the network of member firms of PricewaterhouseCoopers International Limited, each of which is a separate and independent legal entity.

Table of Contents

As discussed in Note 2 to the non-consolidated financial statements, during the current period, the rates for determining allowances for consumer loans and credit cards loans were changed, in preparation for the increasing risk of loan losses due to the increase of consumer loans and credit cards, as follows.

Credit Risk Classification	Allowance Rates	Allowance Rates after Changes	
	before Changes	Consumer	Credit Cards
Normal	0.50%	0.75%	1.00%
Precautionary	2.00%	8.00%	12.00%
Sub-standard	20.00%	20.00%	20.00%
Doubtful	50.00%	55.00%	60.00%
Estimated loss	100.00%	100.00%	100.00%

As a result of the changed allowance rates, the Bank provided additional allowances of (Won)274,673 million for consumer loans and (Won)87,035 million for credit cards loans for the year ended December 31, 2002, resulting in a decrease of (Won)361,708 million decrease in net income before income tax expenses for the year ended December 31, 2002.

As discussed in Note 18 to the non-consolidated financial statements, the Bank sold 65.43% of its 85.43% investment in Jooeun Leasing Co., Ltd. and (Won)172,024 million of loans to Sun Capital Inc. for (Won)145,000 million on August 30, 2002. The Bank also sold an additional 5.03% of its investment in Jooeun Leasing Co., Ltd. to Sun Capital Inc. for (Won)900 million on October 28, 2002.

As discussed in Note 18 to the non-consolidated financial statements, the Bank sold its 87.00% ownership of Kookmin Investment Trust Management Co., Ltd. and 88.66% ownership of Kookmin Leasing Co., Ltd. to Morgan Stanley Private Equity, the M&A private funds led by Morgan Stanley Global Emerging Markets Inc. and affiliated funds, and Sun Capital Inc. on May 29, 2002 and December 27, 2002, respectively.

As discussed in Note 5 to the non-consolidated financial statements, Kookmin Venture Capital Co., Ltd., Frontier Investment Co., Ltd., and Kookmin Investment Co., Ltd. were subsidiaries of the Bank. Kookmin Venture Capital Co., Ltd. merged with Frontier Investment Co., Ltd. and Kookmin Investment Co., Ltd. on December 31, 2001 and June 27, 2002, respectively, to avoid duplicate investments.

Accounting principles and auditing standards and their application in practice vary among countries. The accompanying non-consolidated financial statements are not intended to present the financial position, results of operations, and cash flows in accordance with accounting principles and practices generally accepted in countries and jurisdictions other than the Republic of Korea. In addition, the procedures and practices used in the Republic of Korea to audit such financial statements may differ from those generally accepted and applied in other countries. Accordingly, this report and the accompanying non-consolidated financial statements are for use by those who are knowledgeable about Korean accounting principles or auditing standards and their application in practice.

KOOKMIN BANK

NOTES TO NON-CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2002 and 2001

1. The Bank:

Kookmin Bank (the Bank) was established in 1963 under the Citizens National Bank Act to provide and administer funds for financing the general public and small businesses. Pursuant to the repeal of the Citizens National Bank Act effective January 5, 1995, the Bank has conducted its operations in accordance with the provisions of the General Banking Act.

The Bank merged with Korea Long Term Credit Bank (KLB) on December 31, 1998 and with Daegu, Busan, Jeonnam Kookmin Mutual Savings & Finance Co., Ltds. on August 22, 1999. Also, under the decision of the Financial Supervisory Commission in accordance with the Act concerning the Structural Improvement of the Financial Industry, the Bank purchased certain assets, including the loans classified as normal or precautionary, and assumed most of the liabilities of Daedong Bank as of June 29, 1998. The Bank completed the legal consolidation with H&CB as of October 31, 2001 (See Note 33).

The Bank had its shares listed on the Korea Stock Exchange since September 1994. As a result of the business combination with H&CB, the former shareholders of the Bank and H&CB received new common shares of the Bank on the basis of a pre-determined ratio. The new common shares of the Bank were relisted on the Korea Stock Exchange on November 9, 2001. The Bank's paid-in capital amounts to (Won)1,641,293 million as of December 31, 2002 (See Note 19). Also, as of December 31, 2002, 37,728,214 shares of the Bank are listed on the New York Stock Exchange as American Depositary Shares (ADS).

The Bank is engaged in the banking and trust business according to the provisions of the General Banking Act and the Trust Business Act and operates through 1,336 domestic branches and offices (including ATMs) and 3 overseas branches as of December 31, 2002.

2. Summary of Significant Accounting Policies:

The significant accounting policies followed by the Bank in the preparation of its financial statements are summarized below.

Basis of Non-consolidated Financial Statement Presentation -

The Bank's non-consolidated financial statements were prepared in accordance with the financial accounting standards generally accepted in the Republic of Korea and the accounting standards generally accepted for banking institutions, as modified by the accounting and reporting

Edgar Filing: KOOKMIN BANK - Form 6-K

guidelines prescribed by the banking regulatory authorities.

The Bank maintains its official accounting records in Korean Won and prepares statutory financial statements in the Korean language in conformity with the accounting principles generally accepted in the Republic of Korea. Certain accounting principles applied by the Bank that conform with financial accounting standards and accounting principles in the Republic of Korea may not conform with generally accepted accounting principles in other countries. Accordingly, these financial statements are intended for use by those who are informed about Korean accounting principles and practices. The accompanying financial statements have been condensed, restructured and translated into English from the Korean language non-consolidated financial statements. Certain information attached to the Korean language financial statements, that are not required for a fair presentation of the Bank's financial position, results of operations or cash flows are not presented in the accompanying financial statements.

The preparation of financial statements in conformity with financial accounting standards generally accepted in the Republic of Korea and the accounting standards generally accepted for banking institutions requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Due to the inherent uncertainty involved in making estimates, actual results may differ from those estimates.

The Bank operates both a commercial banking business and a trust business in which the Bank, as a fiduciary, holds and manages the property of others. Under the Trust Business Act, the trust funds are accounted for and reported separately from the Bank's own commercial banking business.

NOTES TO NON-CONSOLIDATED FINANCIAL STATEMENTS-(Continued)

December 31, 2002 and 2001

2. Summary of Significant Accounting Policies, Continued;

Recognition of Interest Income -

The Bank recognizes interest income on loans and debt securities on an accrual basis. However, interest income on delinquent and dishonored loans and debt securities, other than those subject to security deposits and guaranteed by financial institutions, is recognized on a cash basis.

Translation of Foreign Currency -

Assets and liabilities denominated in foreign currencies are translated into Korean Won at exchange rates announced by Seoul Money Brokerage Services, Ltd. at the balance sheet date. The resulting exchange gains or losses are reflected in other operating income or expenses.

The exchange rates used to translate foreign currency denominated assets and liabilities at December 31, 2002 and 2001 are (Won)1,200.4 : US\$1 and (Won)1,326.1 : US\$1, respectively.

Loans -

Until November 30, 2002, the Bank regarded granting lines of credit under import usance letters of credit, as guarantees and acceptances outstanding (acceptances on letters of credit), and provided allowances only for the transactions classified as sub-standard or below according to the credit risk classifications. However, under the revised Enforcement Regulations on Supervision of Banking Business, effective on December 1, 2002, those transactions are regarded as loans in foreign currencies (domestic usance bills) and borrowings in foreign currencies and the Bank provided allowances for loan losses under the same criteria for regular loans. As a result, as of December 31, 2002, loans in foreign currencies and borrowings in foreign currencies have been increased by (Won)981,379 million, respectively and allowances for guarantees and acceptances outstanding have been decreased by (Won)11,568 million and allowances for loan losses have been increased by (Won)18,866 million.

Allowances for Loan Losses -

Edgar Filing: KOOKMIN BANK - Form 6-K

The Bank applies its internal credit rating system, the Forward Looking Criteria (FLC), to corporate loans in order to classify the borrowers and to determine allowances for loan losses. Effective as of January 1, 2002, the classification of corporate borrowers changed from 10 credit risk categories (AAA, AA, A, BBB, BB, B, CCC, CC, C, D) to 12 credit risk categories (AAA, AA, A, BBB, BB, BB-, B, B-, CCC, CC, C, D). Credit risk classification under the FLC is based on a scaled valuation of financial and non-financial risks with additional consideration of the loan type, collateral and/or guarantees.

Allowances are determined by applying at minimum the following rates to the outstanding balances of each credit risk classification.

Credit Risk Classification	Credit Ratings	Credit Ratings	Allowance Rates
	before Changes	after Changes	
Normal	AAA ~ B	AAA ~ B	0.5%
Precautionary	CCC	B-, CCC	2%
Sub-standard	CC	CC	20%
Doubtful	C	C	50%
Estimated loss	D	D	100%

Continued;

Table of Contents**KOOKMIN BANK****NOTES TO NON-CONSOLIDATED FINANCIAL STATEMENTS-(Continued)****December 31, 2002 and 2001****2. Summary of Significant Accounting Policies, Continued;**Allowances for Loan Losses, Continued;

However, the Bank does not apply the FLC to small-sized corporate loans, consumer loans, and credit cards. Alternatively, the bank classifies such loans by considering the current financial status including delinquent number of days, bankruptcies and collateral value. During the current period, the rates for determining the allowances for small-sized corporate loans, consumer loans, and credit cards were changed as follows:

<u>Credit Risk Classification</u>	<u>Allowance Rates</u>	<u>Allowance Rates after Changes</u>		
	<u>before Changes</u>	<u>Small-sized Corporate</u>	<u>Consumer</u>	<u>Credit Cards</u>
Normal	0.50%	0.50%	0.75%	1.00%
Precautionary	2.00%	2.00%	8.00%	12.00%
Sub-standard	20.00%	20.00%	20.00%	20.00%
Doubtful	50.00%	50.00%	55.00%	60.00%
Estimated loss	100.00%	100.00%	100.00%	100.00%

As a result of the changed allowance rates, the Bank provided additional allowances of (Won)274,673 million for consumer loans and (Won)87,035 million for credit cards loans for the year ended December 31, 2002, resulting in a decrease of (Won)361,708 million decrease in net income before income tax expenses for the year ended December 31, 2002.

Present Value Discounts -

Troubled debt restructuring loans, which are modified as to outstanding principal, interest rate, and/or maturity under programs such as workout, court receivership, court mediation, or debt restructuring agreements of parties concerned, are carried at present value if the difference between the book value and the present value of the restructured loan is significant. When estimating the present value of the loans, the Bank applies the interest rate as of the inception of the loans, except for the interest rate of variable rate loans and extended maturity loans, which are adjusted to reflect the interest rate as of the restructuring date. The present value discounts are recorded by reclassifying allowances for loan losses and if additional allowances need to be provided for, the additional allowances are provided and recognized as provision for loan losses of the current period. These present value discounts are amortized using the effective interest method and are recognized as interest income. Allowances for loan losses on the restructured loans are provided for based on the loan balances net of present value discounts.

Edgar Filing: KOOKMIN BANK - Form 6-K

The Bank recorded (Won)21,156 million and (Won)28,868 million of present value discounts as of December 31, 2002 and 2001, respectively, on long-term deposits placed with Hansol Mutual Savings & Finance Co., Ltd. (previously, Bukook Mutual Savings & Finance Co., Ltd.), a subsidiary of the Bank sold in December 1999 (See Note 3). The receivables from the disposal of foreclosed assets that are redeemed in long-term installments are recorded in the balance sheet net of the related present value discounts.

Securities -

Marketable securities held for short-term capital gain purposes, which exclude stocks issued by associates and debt securities held to maturity, are classified as trading securities. Securities that are not classified as trading securities are classified as investment securities.

Table of Contents**KOOKMIN BANK****NOTES TO NON-CONSOLIDATED FINANCIAL STATEMENTS-(Continued)****December 31, 2002 and 2001****2. Summary of Significant Accounting Policies, Continued;****Securities, Continued;**

Securities are recorded at cost, including incidental expenses, with cost being determined using the moving average or specific identification method. The subsequent valuation methods used for the securities are summarized as follows:

	Valuation	Recognition of Unrealized
	Method	Gains and Losses
Trading securities	Fair value	Net income
Investment securities		
Available-for-sale securities and marketable equity securities	Fair value	Capital adjustments
Held-to-maturity securities and non-marketable equity securities	Cost	N/A
Investment in associates	Equity	Net income, retained earnings, or capital adjustments per source of the gain or loss

If the fair value of the investment securities are significantly below the book value and the decrease in value is anticipated to be permanent, the Bank adjusts the investment securities to their fair value and recognizes impairment losses in non-operating expenses of the current period.

Fixed Assets and Related Depreciation -

Tangible assets are recorded at cost, except for upward revaluation of certain assets in accordance with Korean Asset Revaluation Law. Depreciation is calculated based on the estimated average useful lives of the assets and is presented as accumulated depreciation, which is a contra account of tangible assets in the financial statements.

The estimated useful lives and depreciation methods of the tangible assets are as follows:

Edgar Filing: KOOKMIN BANK - Form 6-K

Tangible assets	Amortization Method	Estimated Useful Life
Buildings and structures	Straight-line method	40 years
Leasehold improvements	Declining balance method	4 years
Equipment and vehicles	Declining balance method	4 years

Expenditures that enhance the value or extend the useful life of the assets involved are capitalized as additions to tangible assets. Routine maintenance and repairs are recognized as expenses as incurred.

Foreclosed assets acquired through, or in lieu of, loan redemption are stated at cost and are not depreciated. Valuation allowance is recorded where the latest bidding price at a public auction is below the book value, and is presented as a contra account of foreclosed assets in the financial statements.

The Bank recorded goodwill as a result of the merger with H&CB for the cost of the merger exceeding the fair value of the net assets acquired.

Intangible assets are amortized based on the following estimated average useful lives using the straight-line method and are presented in the financial statements net of accumulated amortization.

Intangible Asset	Amortization Method	Estimated Useful Life
Goodwill	Straight-line method	9 years
Trademarks	Straight-line method	1-10 years
Others	Straight-line method	7-30 years

2. Summary of Significant Accounting Policies, Continued;

Stock Issuance Costs and Debenture Issuance Costs -

Stock issuance costs are deducted from paid-in capital in excess of par value. Debenture issuance costs are recorded as discounts on debentures and amortized over the maturity of the debentures using the effective interest method.

Accrued Retirement Benefits -

Employees and directors with more than one year of service as of the balance sheet date are entitled to receive a lump-sum payment upon termination of their employment with the Bank, based on their length of service and rate of pay at the time of termination. Additionally, the Bank records the contributions to pension funds, which grant the payment rights to its employees, and contributions to the national pension fund as contra accounts of accrued retirement benefits.

Guarantees and Acceptances -

By applying the credit risk classification used for loans to the guarantees and acceptances, the Bank records an allowance for losses on outstanding guarantees and acceptances according to their classification as sub-standard, doubtful, or estimated loss (allowance rates are at minimum 20%, 50% and 100%, respectively).

Deferred Income Taxes -

The Bank records the future tax effects of temporary differences between the financial and tax bases of assets and liabilities as deferred tax assets or liabilities. The tax effects of temporary differences arising from the cumulative effects of accounting changes are adjusted in retained earnings.

Bonds under Repurchase/Resale Agreements -

Securities bought under resale agreements are recorded in loans as bonds purchased under resale agreements. Securities sold under repurchase agreements are recorded in borrowings as bonds sold under repurchase agreements.

Derivatives Instruments -

The Bank records the rights and obligations arising from derivative contracts on the balance sheet as assets and liabilities based on the fair values of such rights and obligations. Resulting unrealized gains or losses are included in net income.

The Bank applies hedge accounting only to the derivative instruments whose hedging relationship is expected to be highly effective in offsetting changes in fair value attributable to the hedged risk during the period that the hedge is designated. At inception of the hedge, the bank has formal documentation of the hedging relationship and the entity's risk management objective and strategy for undertaking the hedge, including identification of the hedging instrument, the hedged item, the nature of the risk being hedged, and how the hedging instrument's effectiveness in offsetting the exposure to changes in the hedged item's fair value attributable to the hedged risk will be assessed.

Stock Options -

The Bank had applied the fair value method using an option-pricing model in measuring compensation cost until the prior period. However, starting from the current period, expecting a high probability of grant and exercise as stock appreciation rights, the Bank changed the measurement method to the intrinsic value method. As a result, previous amounts recorded in capital adjustments (stock options) have been reclassified into accrued expenses (See Note 14).

2. Summary of Significant Accounting Policies, Continued;

National Housing Fund -

The Bank, as designated by the Korean Government under the Housing Construction Promotion Law, manages the sources and uses of funds of the National Housing Fund (the NHF) and records the related NHF account in other liabilities. In addition, the Bank pays interest, which is computed by multiplying the average balance of the NHF account by the passbook deposit interest rate, to the NHF.

Gains and Losses on Trust Management -

The Bank's trust accounts (the Trust Accounts) recognize as an expense the trust commissions paid to the banking accounts, which is equivalent to the total trust revenue less total trust expenses and trustee benefits (including the guaranteed principal and minimum rate of return). The Bank recognizes these trust commissions as a gain on trust management in other operating income. The trust fees on money trusts consist of base fees of 0.5% ~ 2.0% (depending on trust fund types) and special fees applied to the invested capital.

Under the Trust Business Act, reserves for future losses are set up in the trust accounts for losses related to those trust funds with a guarantee of the principal or of a certain minimum rate of return. The reserves are used to provide for the losses on such trust funds and, if the losses are incurred in excess of the reserves for future losses, the excess losses are compensated by the Bank. Accordingly, the banking accounts recognize the compensation paid as a loss on trust management in other operating expenses and the trust accounts recognize the corresponding compensation as compensation from banking accounts. There were no compensation paid for the year ended December 31, 2002 and the Bank recorded loss on trust management amounting to (Won)31,479 million for the year ended December 31, 2001.

Translation of the Foreign Currency Financial Statements of Foreign Entities -

Accounting records of the overseas branches are maintained in a foreign currency prevailing in their respective countries. For purpose of presentation in the accompanying financial statements, the financial statements of the branches have been translated into Korean Won, using exchange rates published by Seoul Money Brokerage Services, Ltd. as of balance sheet dates.

Statement of Cash Flows -

Edgar Filing: KOOKMIN BANK - Form 6-K

In preparation of the statement of cash flows, the Bank has presented net amounts of cash inflows and cash outflows for loans and deposits.

Application of the Statements of Korean Financial Accounting Standards -

The Korean Accounting Standards Board (KASB) has published a series of Statements of Korean Financial Accounting Standards (SKFAS), which will gradually replace the existing financial accounting standards established by the Korean Financial and Supervisory Board. SKFAS No. 2 through No. 9 become effective for the Bank as of January 1, 2003, and the Bank plans to adopt these SKFASs from January 1, 2003.

The loans, or portions thereof, that are approved for debt restructuring by issuance or grants of equity are separately classified as loans due for equity conversion as of the agreement date. The loans due for equity conversion are stated at the lower of nominal amount or the fair value of the to-be-converted equity interest. The difference between the nominal amount and the fair value of equity interest is adjusted in the related allowance for loan losses.
