PROXY STATEMENT FOR THE 2003 ANNUAL MEETING OF STOCKHOLDERS To be held on June 5, 2003

QUESTIONS AND ANSWERS ABOUT THIS PROXY MATERIAL AND VOTING

WHY AM I RECEIVING THESE MATERIALS?

We sent you this proxy statement and the enclosed proxy card because the board of directors of Nektar Therapeutics is soliciting your proxy to vote at the 2003 annual meeting of stockholders. We invite you to attend the annual meeting and request that you vote on the proposals described in this proxy statement. However, you do not need to attend the meeting to vote your shares. Instead, you may simply complete, date, sign and return the enclosed proxy card, or follow the instructions below to submit your proxy over the telephone or on the Internet.

We intend to mail this proxy statement and accompanying proxy card on or about April 30, 2003 to all stockholders of record entitled to vote at the annual meeting.

WHO CAN VOTE AT THE ANNUAL MEETING?

Only stockholders of record at the close of business on April 7, 2003 will be entitled to vote at the annual meeting. On this record date, there were 55,684,409 shares of common stock outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If on April 7, 2003, your shares were registered directly in your name with our transfer agent, Mellon Investor Services LLC, then you are a stockholder of record. As a stockholder of record, you may vote in person at the meeting or vote by proxy. Whether or not you plan to attend the meeting, we urge you to fill out and return the enclosed proxy card or vote by proxy over the telephone or on the Internet as instructed below to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

Edgar Filing: NEKTAR THERAPEUTICS - Form DEF 14A

If on April 7, 2003, your shares were held in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in "street name" and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker or other agent.

WHAT AM I VOTING ON?

There are two matters scheduled for a vote:

1. Election of three directors to serve until the 2006 annual meeting of stockholders; and

2. Ratification of Ernst & Young LLP as our independent auditors for the fiscal year ending December 31, 2003.

HOW DO I VOTE?

For the first matter, you may either vote "For" all the nominees to the board or you may abstain from voting for any nominee you specify. For the second matter, you may vote "For," "Against" or "Abstain." The procedures for voting are fairly simple:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the annual meeting or vote by proxy using the enclosed proxy card. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person if you have already voted by proxy.

1. To vote in person, come to the annual meeting and we will give you a ballot when you arrive.
2. To vote using the proxy card, simply complete, date and sign the enclosed proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the annual meeting, we will vote your shares as you direct.
3. To vote over the telephone, dial toll-free (800) 435-6710 using a touch-tone telephone and follow the recorded instructions. You will be asked to provide the company number and control number from the enclosed proxy card. Your vote must be received by 11:00 p.m. Eastern Time on June 4, 2003 to be counted.
4. To vote on the Internet, go to www.eproxy.com/nktr to complete an electronic proxy card. You will be asked to provide the company number and control number from the enclosed proxy card. Your vote must be received by 11:00 p.m. Eastern Time on June 4, 2003 to be counted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than from us. Simply complete and mail the proxy card or follow such other instructions provided by your broker or bank to ensure that your vote is counted. To vote in person at the annual meeting, you must obtain a valid proxy from your broker, bank, or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

We provide Internet proxy voting to allow you to vote your shares on-line, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your Internet access, such as usage charges from Internet access providers and telephone companies.

HOW MANY VOTES DO I HAVE?

On each matter to be voted upon, you have one vote for each share of common stock you own as of April 7, 2003.

WHAT IF I RETURN A PROXY CARD BUT DO NOT MAKE SPECIFIC CHOICES?

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted "For" the election of all the nominees to the board and "For" the ratification of Ernst & Young LLP

2

as our independent auditors for the fiscal year ending December 31, 2003. If any other matter is properly presented at the meeting, your proxy (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

WHO IS PAYING FOR THIS PROXY SOLICITATION?

We will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Our directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

WHAT DOES IT MEAN IF I RECEIVE MORE THAN ONE PROXY CARD?

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please complete, sign and return **each** proxy card to ensure that all of your shares are voted.

CAN I CHANGE MY VOTE AFTER SUBMITTING MY PROXY?

Yes. You can revoke your proxy at any time before the final vote at the meeting. You may revoke your proxy in any one of three ways:

1. You may submit another properly completed proxy card with a later date.
2. You may send a written notice that you are revoking your proxy to our Secretary at 150 Industrial Road, San Carlos, California 94070.
3. You may attend the annual meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy.

WHEN ARE STOCKHOLDER PROPOSALS DUE FOR NEXT YEAR'S ANNUAL MEETING?

To be considered for inclusion in next year's proxy materials, your proposal must be submitted in writing by December 20, 2003, to our Secretary at 150 Industrial Road, San Carlos, California 94070. If you wish to submit a proposal that is not to be included in next year's proxy materials, you must do so no earlier than the close of business on March 7, 2004 and no later than the close of business on April 6, 2004.

HOW ARE VOTES COUNTED?

Votes will be counted by the inspector of election appointed for the meeting, who will separately count "For," and with respect to the second proposal, "Against" votes, abstentions and broker non-votes. "Broker non-vote" occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that proposal and has not received instructions with respect to that proposal from the beneficial owner (despite voting on at least one other proposal for which it does have discretionary authority or for which it has received instructions.). Abstentions will be counted towards the vote total for each proposal, and will have the same effect as "Against" votes, except for Proposal 1. Broker non-votes have no effect and will not be counted towards the vote

total for any proposal.

HOW MANY VOTES ARE NEEDED TO APPROVE EACH PROPOSAL?

1. For Proposal 1, the election of directors, the three nominees receiving the most "For" votes (among votes properly cast in person or by proxy) will be elected. Broker non-votes will have no effect.

3

2. To be approved, Proposal 2, the ratification of Ernst & Young LLP as our independent auditors for the fiscal year ending December 31, 2003, must receive a "For" vote from the majority of the shares present and entitled to vote either in person or by proxy. If you do not vote, or "Abstain" from voting, it will have the same effect as an "Against" vote. Broker non-votes will have no effect.

WHAT IS THE QUORUM REQUIREMENT?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if at least a majority of the outstanding shares are represented by votes at the meeting or by proxy. On the record date, there were 55,684,409 shares outstanding and entitled to vote.

Your shares will be counted towards the quorum only if you submit a valid proxy vote or vote at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, the chairman of the meeting or a majority of the votes present at the meeting may adjourn the meeting to another date.

HOW CAN I FIND OUT THE RESULTS OF THE VOTING AT THE ANNUAL MEETING?

Preliminary voting results will be announced at the annual meeting. Final voting results will be published in our quarterly report on Form 10-Q for the second quarter of 2003.

PROPOSAL 1

ELECTION OF DIRECTORS

Our board is divided into three classes. Each class consists, as nearly as possible, of one-third of the total number of directors, and each class has a three-year term. Vacancies on the board may be filled only by persons elected by a majority of the remaining directors. A director elected by the board to fill a vacancy in a class shall serve for the remainder of the full term of that class, and until the director's successor is elected and qualified. This includes vacancies created by an increase in the number of directors.

The board presently has nine members. There are three directors in the class whose term of office expires in 2003: Robert B. Chess, James B. Glavin and Roy A. Whitfield. If elected at the annual meeting, each of these nominees would serve until the 2006 annual meeting and until his successor is elected and has qualified, or until the director's death, resignation or removal.

BOARD COMMITTEES AND MEETINGS

During the fiscal year ended December 31, 2002, our board held nine meetings and acted by unanimous written consent two times. Our board has an audit committee, an organization and compensation committee and a nominating and corporate governance committee.

The audit committee oversees our corporate accounting and financial reporting process. For this purpose, the audit committee performs several functions. The audit committee evaluates the performance of and assesses the qualifications of the independent auditors; determines the engagement of the independent auditors; determines whether to retain or terminate the existing independent auditors or to appoint and engage new independent auditors; reviews and approves the retention of the independent auditors to perform any proposed non-permissible audit services; monitors the rotation of partners of the independent auditors on our engagement team as required by law; reviews the financial statements to be included in our Annual Report on Form 10-K; and discusses with management and the independent auditors the results of the

annual audit and the results of our quarterly financial statements. Three

7

non-employee directors comprise the audit committee: Mr. Kuebler, Dr. Perelman and Mr. Whitfield. The audit committee met seven times during the fiscal year ended December 31, 2002. All members of the audit committee are independent (as independence is currently defined in Rule 4200(a)(14) of the NASD listing standards). The board has adopted a written audit committee charter, which was amended and restated in April 2003 and is attached as Appendix A to these proxy materials.

In March 2003, the board reconstituted the compensation committee as the organization and compensation committee. The organization and compensation committee reviews and approves our overall compensation strategy and policies. The organization and compensation committee reviews and approves corporate performance goals and objectives relevant to the compensation of our executive officers and other senior management; reviews and approves the compensation and other terms of employment of our Chief Executive Officer and other executive officers; and has the authority to administer our stock option and purchase plans, and other similar programs. Three non-employee directors comprise the organization and compensation committee: Messrs. Brown, Glavin and Lerner (the board appointed Mr. Brown on September 5, 2002). The organization and compensation committee met seven times during the fiscal year ended December 31, 2002 and acted by unanimous written consent two times.

In April 2003, the board reconstituted the nominating committee as the nominating and corporate governance committee. The nominating and corporate governance committee interviews, evaluates and nominates individuals for membership on our board and its various committees. No procedure has been established for the consideration of nominees recommended by stockholders. The nominating and corporate governance committee administers and oversees all aspects of our corporate governance functions on behalf of the board, and recommends to the board regarding corporate governance issues. Three non-employee directors comprise the nominating and corporate governance committee: Messrs. Brown, Lerner and Whitfield (the board appointed Mr. Brown on March 6, 2003). The nominating committee met once during the fiscal year ended December 31, 2002.

During the fiscal year ended December 31, 2002, all directors except Dr. Patton attended 75% or more of the aggregate of the meetings of the board and of the committees on which he served, held during the period for which he was a director or committee member, respectively. Dr. Patton attended the regular meetings of the board held during the fiscal year ended December 31, 2002; however, he was unable to attend three special meetings of the board.

CORPORATE GOVERNANCE

We believe in good corporate governance practices and have adopted formal corporate governance guidelines to enhance our effectiveness. These guidelines are available on our website at www.nektar.com in connection with "Investor Relations" materials.

In 2003, we intend to adopt a code of ethics that applies to our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. We intend to post the text of our code of ethics on our website at www.nektar.com in connection with "Investor Relations" materials. In addition, we intend to promptly disclose: (1) the nature of any amendment to our code of ethics that applies to our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions and (2) the nature of any waiver, including an implicit waiver, from a provision of our code of ethics that is granted to one of these specified officers, the name of such person who is granted the waiver and the date of the waiver on our website in the future.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The audit committee has selected Ernst & Young LLP as our independent auditors for the fiscal year ending December 31, 2003 and has further directed that management submit the selection of independent auditors for ratification by the stockholders at the annual meeting. Ernst & Young LLP has audited our financial statements since our inception in 1990. Representatives of Ernst & Young LLP are expected to be present at the annual meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Edgar Filing: NEKTAR THERAPEUTICS - Form DEF 14A

Neither our bylaws nor other governing documents or law require stockholder ratification of the selection of Ernst & Young LLP as our independent auditors. However, the audit committee is submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the audit committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the audit committee in its discretion may direct the appointment of different independent auditors at any time during the year if the audit committee determines that such a change would be in our best interest and in our stockholders' best interest.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the annual meeting will be required to ratify the selection of Ernst & Young LLP. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

AUDIT FEES. During the fiscal years ended December 31, 2002 and December 31, 2001, Ernst & Young LLP billed us aggregate fees of \$262,000 and \$387,000, respectively, for the audit of our financial statements for such fiscal years, the review of our interim financial statements, fees for comfort letters, statutory audits, attest services and consents and assistance with and review of documents filed with the Securities and Exchange Commission (the "*SEC*").

AUDIT-RELATED FEES. During the fiscal years ended December 31, 2002 and December 31, 2001, Ernst & Young LLP billed us aggregate fees of \$135,000 and \$528,000, respectively, for employee benefit plan audits, due diligence related to mergers and acquisitions, accounting assistance and audits in connection with mergers and acquisitions, internal control reviews, attest services that are not required by statute or regulation and consultation concerning financial accounting and reporting standards.

TAX FEES. During the fiscal years ended December 31, 2002 and December 31, 2001, Ernst & Young LLP billed us aggregate fees of \$107,000 and \$184,000, respectively, for tax compliance, tax planning and tax advice.

ALL OTHER FEES. During fiscal years ended December 31, 2002 and December 31, 2001, Ernst & Young LLP did not bill us for professional services other than audit, audit-related and tax fees.

The audit committee has determined the rendering of the non-audit services by Ernst & Young LLP is compatible with maintaining the auditor's independence.

In April 2003, we adopted a new independent auditors policy that prohibits our independent auditors from performing non-financial consulting services for us. Under this policy, we may still continue to use our independent auditors to perform services for us in areas such as acquisition due diligence, 401(k) plan audits, reviews of SEC filings and registrations and tax compliance and planning. In addition, in accordance with applicable laws and regulations, the audit committee reviews and pre-approves both the non-audit services to be performed by our independent auditors to ensure that the work does not compromise their independence in performing their audit services as well as the audit services.

Our 2000 Non-Officer Equity Incentive Plan (the "*Non-Officer Plan*"), in effect as of December 31, 2002, was adopted without the approval of our security holders. The essential features of the Non-Officer Plan are outlined below.

2000 NON-OFFICER EQUITY INCENTIVE PLAN

GENERAL

The Non-Officer Plan provides for the grant of nonstatutory stock options, stock bonuses and restricted stock purchase awards. Nonstatutory stock options granted under the Non-Officer Plan are not intended to qualify as incentive stock options under the Internal Revenue Code of 1986, as amended (the "*Code*"). To date, we have granted only stock options under the Non-Officer Plan. An aggregate of 12,750,000 shares of common stock are reserved for issuance under the Non-Officer Plan.

PURPOSE

The board adopted the Non-Officer Plan to provide a means by which our and our affiliates' employees and consultants who are not officers and directors may be given an opportunity to purchase our stock, to assist in retaining the services of such persons, to secure and retain the services of persons capable of filling such positions and to provide incentives for such persons to exert maximum efforts for our success and our affiliates' success.

ADMINISTRATION

The board administers the Non-Officer Plan. Subject to the provisions of the Non-Officer Plan, the board has the power to construe and interpret the Non-Officer Plan and to determine the persons to whom and the dates on which awards will be granted, the number of shares of common stock to be subject to each award, the time or times during the term of each award within which all or a portion of such award may be exercised, the exercise price, the type of consideration and other terms of the award.

The board has the power, which it has not yet exercised, to delegate administration of the Non-Officer Plan to a committee composed of not fewer than one member of the board. As used herein with respect to the Non-Officer Plan, the "board" refers to any committee the board appoints as well as to the board itself.

STOCK SUBJECT TO THE NON-OFFICER PLAN

An aggregate of 12,750,000 shares of common stock is reserved for issuance under the Non-Officer Plan. If awards granted under the Non-Officer Plan expire or otherwise terminate without being exercised, the shares of common stock not acquired pursuant to such awards again become available for issuance under the Non-Officer Plan. If we reacquire unvested stock issued under the Non-Officer Plan, the reacquired stock will again become available for reissuance under the Non-Officer Plan for awards.

ELIGIBILITY

Our employees and consultants, and our affiliates' employees and consultants, who are neither officers nor directors, are eligible to receive awards under the Non-Officer Plan.

TERMS OF AWARDS

Exercise Price; Payment. The exercise price of options and purchase price of restricted stock purchase awards are determined by the board. Stock bonuses may be awarded in consideration for past services actually rendered to us or any of our affiliates.

The exercise price of options granted under the Non-Officer Plan must be paid either: (i) in cash at the time the option is exercised; or (ii) at the discretion of the board at the time of the grant by delivery to us of our common stock, pursuant to a deferred payment arrangement (except as restricted by applicable laws and regulations) or in any other form of legal consideration acceptable to the board. The purchase price of restricted stock purchase awards granted under the Non-Officer Plan must be paid: (i) in cash at the time of purchase; (ii) at the discretion of the board, according to a deferred payment arrangement (except as restricted by applicable laws and regulations); or (iii) in any other form of legal consideration acceptable to the board.

Vesting. Awards granted by the board under the Non-Officer Plan may become exercisable or released from our repurchase option in cumulative increments as determined by the board. The board has the power to accelerate the time at which an award may vest or be exercised. In addition, options granted under the Non-Officer Plan may include an early exercise provision to permit exercise prior to vesting, but the unvested portion may be subject to our repurchase option or to any other restriction determined by the board as appropriate.

Term. The term of options granted under the Non-Officer Plan are determined by the board in its sole discretion. Options granted under the Non-Officer Plan generally terminate three months after termination of the holder's continuous service with us unless: (i) such termination is due to the holder's permanent and total disability, in which case the Non-Officer Plan provides that the option may be exercised (to the extent the option was exercisable at the time of the termination of service) at any time within 12 months of such termination or the expiration of the term of the option as set forth in the option agreement; (ii) the holder dies before the holder's service has terminated or within a certain time period following termination of service, in which case the Non-Officer Plan provides that the option may be exercised (to the extent the option was exercisable at the time of the holder's death) at any time within 18 months following death; or (iii) the option by its terms specifically provides otherwise. A holder may designate a beneficiary who may exercise the option following the holder's death. Individual option grants by their terms may provide for exercise within a longer or shorter period of time following termination of service.

The option term generally is extended in the event that exercise of the option within these periods is prohibited. A holder's option agreement may provide that if the exercise of the option following the termination of the holder's service would result in liability under the Securities Act of 1933, as amended (the "*1933 Act*"), then the option shall terminate on the expiration of three months after the termination of the holder's service during which the exercise of the option would not be in violation of such registration requirements.

RESTRICTIONS ON TRANSFER

Options may be transferable to the extent provided in the option agreement. If the option does not provide for transferability, then the option shall not be transferable except by will or by the laws of descent and distribution, and shall be exercisable during the lifetime of the holder only by the holder. The holder may designate a third party to exercise the option in the event of the death of the holder. Stock awards may be transferable only upon such terms and conditions as set forth in the stock award agreement, so long as such stock awarded remains subject to the agreement.

ADJUSTMENT PROVISIONS

Transactions not involving receipt of consideration by us, such as a merger, consolidation, reorganization, recapitalization, reincorporation, stock dividend, dividend in property other than cash, stock split, liquidating dividend, combination of shares, exchange of shares, change in corporate structure or other transactions not involving the receipt of consideration by us, may change the type(s), class(es) and number of shares of common stock subject to the Non-Officer Plan and outstanding awards. In that event, the Non-Officer Plan will be appropriately adjusted as to the type(s), class(es) and the maximum number of shares of common stock subject to the Non-Officer Plan, and outstanding awards will be adjusted as to the type(s), class(es), number of shares and price per share of common stock subject to such awards.

EFFECT OF CERTAIN CORPORATE TRANSACTIONS

Edgar Filing: NEKTAR THERAPEUTICS - Form DEF 14A

In the event of: (i) the sale, lease or other disposition of all or substantially all of our assets; (ii) a merger or consolidation in which we are not the surviving corporation; or (iii) a reverse merger in which we are the surviving corporation but the shares of common stock outstanding immediately preceding the merger are converted by virtue of the merger into other property (collectively, "*corporate transaction*"), then any surviving or acquiring corporation shall assume awards outstanding under the Non-Officer Plan or shall substitute similar awards. If any surviving or acquiring corporation does not assume such awards or substitute similar awards, then with respect to awards held by holders whose service with us or an affiliate of ours has not terminated as of the effective date of the corporate transaction, the vesting of such awards (and, if applicable, the time during which such awards may be exercised) will be accelerated in full and the awards will terminate if not exercised (if applicable) at or prior to such effective date.

The Non-Officer Plan also provides that, in the event of an acquisition by any person, entity or group with the meaning of Section 13(d) or 14(d) of the Securities and Exchange Act of 1934, as amended (the "*1934 Act*"), of the beneficial ownership (within the meaning of Rule 13d-3 promulgated under the 1934 Act) of our securities representing at least fifty percent of the combined voting power entitled to vote in the election of directors and provided that such acquisition is not as a result of, and does not constitute, a corporate transaction, then with respect to stock awards held by holders whose service with us has not terminated, the vesting of such awards (and, if applicable, the time during which such stock awards may be exercised) shall be accelerated in full.

The acceleration of an award in the event of an acquisition, corporate transaction or a change in control event may be viewed as an anti-takeover provision, which may have the effect of discouraging a proposal to acquire or otherwise obtain our control.

12

DURATION, AMENDMENT AND TERMINATION

The board may suspend or terminate the Non-Officer Plan without stockholder approval or ratification at any time or from time to time. Currently, the board may amend the Non-Officer Plan without stockholder approval or ratification.

FEDERAL INCOME TAX INFORMATION

Nonstatutory Stock Options, Restricted Stock Purchase Awards and Stock Bonuses. Nonstatutory stock options, restricted stock purchase awards and stock bonuses granted under the Non-Officer Plan generally have the following federal income tax consequences.

There are no tax consequences to the holder or us by reason of the grant. Upon acquisition of the stock, the holder normally will recognize taxable ordinary income equal to the excess, if any, of the stock's fair market value on the acquisition date over the purchase price. However, to the extent the stock is subject to certain types of vesting restrictions, the taxable event will be delayed until the vesting restrictions lapse unless the participant elects to be taxed on receipt of the stock. With respect to employees, we are generally required to withhold from regular wages or supplemental wage payments an amount based on the ordinary income recognized. Subject to the requirement of reasonableness and the satisfaction of a tax reporting obligation, we will generally be entitled to a business expense deduction equal to the taxable ordinary income recognized by the holder.

Upon disposition of the stock, the holder will recognize a capital gain or loss equal to the difference between the selling price and the sum of the amount paid for such stock plus any amount recognized as ordinary income upon acquisition (or vesting) of the stock. Such capital gain or loss will be long-term or short-term depending on whether the stock was held for more than one year.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the 1934 Act requires our directors and executive officers, and persons who beneficially own more than ten percent of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock and other equity securities. Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, during the fiscal year ended December 31, 2002, all Section 16(a) filing requirements applicable to our officers, directors and greater than ten percent beneficial owners were complied with; except that: (1) Mr. Brown filed late one report, covering an option to purchase 12,500 shares of our common stock; (2) Mr. Glavin filed late one report, covering an option to purchase 12,500 shares of our common stock; (3) Mr. Kuebler filed late one report, covering an option to purchase 12,500 shares of our common stock; (4) Mr. Lerner filed late one report, covering an option to purchase 12,500 shares of our common stock; (5) Dr. Perelman filed late one report, covering an option to purchase 12,500 shares of our common stock; and (6) Mr. Whitfield filed late one report, covering an option to purchase 12,500 shares of our common stock.

EXECUTIVE COMPENSATION

COMPENSATION OF DIRECTORS

In September 2002, our board approved a new compensation arrangement for each of our non-employee directors. Under this new compensation arrangement, each of our non-employee directors receives an annual retainer of \$15,000, plus \$1,000 per board meeting and \$500 per committee meeting. If a non-employee director is the chairman of a committee, such director receives an additional \$2,500 per year. In the fiscal year ended December 31, 2002, we paid \$60,000 total cash compensation to our non-employee directors for service as directors. The members of the board are also eligible for reimbursement for their expenses incurred in connection with attendance at board meetings in accordance with our policy.

Upon their election and reelection, to the extent shares are available under our 1994 Non-Employee Directors' Stock Option Plan (the "*Non-Employee Directors' Plan*"), each member of our board who is not an employee is automatically granted under the Non-Employee Directors' Plan without the board's or the stockholders' further action, an option to purchase 30,000 shares of our common stock for each three-year term to which he is elected. The non-employee directors who began with a one or a two-year term when we first instituted the staggered board or who are appointed to the board mid-term were granted 10,000 and 20,000 shares of common stock, respectively. The options vest monthly over the period of the term being served (in the event a non-employee director resigns during the year, our practice has been to vest the options monthly based on such director's actual service). Only non-employee directors are eligible to receive options under the Non-Employee Directors' Plan. Options granted under the Non-Employee Directors' Plan are intended not to qualify as incentive stock options under the Code. The exercise price of options granted under the Non-Employee Directors' Plan is 100% of the fair market value of the common stock subject to the option on the date of the option grant. Option grants under the Non-Employee Directors' Plan are non-discretionary. The term of options granted under the Non-Employee Directors' Plan is ten years. In the event of a merger with or into another corporation or a consolidation in which we are the surviving corporation, with the outstanding shares of our common stock immediately preceding the merger being converted by virtue of the merger into other property, or any other capital reorganization in which 50% of our shares entitled to vote are exchanged, the vesting of each option will accelerate in full and the option will terminate if not exercised prior to the consummation of the transaction. The acceleration of an award in the event of an acquisition, corporate transaction or a change in control event may be viewed as an anti-takeover provision, which may have the effect of discouraging a proposal to acquire or otherwise obtain our control.

There are currently option to purchase 14,600 shares available under the Non-Employee Directors' Plan. To the extent shares have been unavailable under the Non-Employee Directors' Plan, our practice has been for the board of directors to make grants under our 2000 Equity Incentive Plan in the amounts to which the non-employee directors otherwise would have been entitled under the Non-Employee Directors' Plan. In September 2002, our board approved a new option arrangement for each of our non-employee directors. Each non-employee director who has served on our board will receive an option to purchase 12,500 shares of our common stock under the 2000 Equity Incentive Plan upon the date of the board's meeting in September of each year. Such options vest monthly over one year. In connection with this arrangement, each of Messrs. Brown, Glavin, Kuebler, Lerner and Whitfield and Dr. Perelman were granted options to purchase 12,500 shares of our common stock in September 2002 for the fiscal year ended December 31, 2002. Non-employee directors are also eligible for discretionary grants of options

under our 2000 Equity Incentive Plan.

Options to purchase an aggregate of 612,700 shares of common stock have been granted to current non-employee directors under the Non-Employee Directors' Plan and the 2000 Equity Incentive Plan as of March 31, 2003, of which options to purchase 150,600 shares have been exercised. Options to purchase an

17

aggregate of 4,096,292 shares of common stock have been granted to directors who are our employees as of March 31, 2003, of which options to purchase 1,468,245 shares have been exercised.

On April 1, 1999, we entered into a consulting agreement Mr. Lerner. Please see "Certain Transactions" for further detail on this arrangement.

EMPLOYMENT, SEVERANCE AND CHANGE OF CONTROL AGREEMENTS

In January 1995, the board amended the provisions of existing option grant forms under our 2000 Equity Incentive Plan to provide that upon a change in control, the vesting of all outstanding options held by executive officers would be accelerated by two years. This acceleration also applies to all subsequent grants made to executive officers. Options also accelerate and vest in full upon a change in control, asset sale, merger, consolidation or reverse merger, as described in our 2000 Equity Incentive Plan, in the event the acquiring company does not assume the options or does not substitute similar options. The options will also accelerate and vest in full upon certain securities acquisitions, as described in our 2000 Equity Incentive Plan.

The acceleration of an award in the event of an acquisition, corporate transaction or a change in control event may be viewed as an anti-takeover provision, which may have the effect of discouraging a proposal to acquire or otherwise obtain our control.

In December 2001, we entered into a letter agreement with Dr. Repta pursuant to which upon a third party acquiring 50% or more of our common stock, Dr. Repta will be entitled to a payment twice his annual target compensation if (1) his employment with the acquiring entity is terminated without cause or if Dr. Repta terminates his employment with the acquiring entity for "good reason" (as defined in the letter agreement) or (2) his employment terminates for any reason other than termination with cause within 9 months following the acquisition. Dr. Repta retired in April 2003.

In December 2002, the board adopted the Nektar Therapeutics Severance Benefit Plan (the "*Benefit Plan*"), pursuant to which a Named Executive Officer may participate and receive benefits. Under the Benefit Plan, the board has discretion on the amount of severance benefit a Named Executive Officer may receive.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS¹

The audit committee is currently comprised of three non-employee directors, Mr. Kuebler, Dr. Perelman and Mr. Whitfield. Under currently applicable rules, all members of the audit committee are considered independent. The board has amended the audit committee's written charter as of April 2003, which is attached as Appendix A to this proxy statement.

¹ The material in this report is not "soliciting material," is not deemed "filed" with the SEC, and is not to be incorporated by reference into any filing of the Company under the 1933 Act or 1934 Act.

The audit committee acts on behalf of the board in fulfilling the board's oversight responsibility with respect to the financial statements and financial reporting process, the systems of internal accounting and financial controls, the annual independent audit of the financial statements, and the qualifications, independence and performance of the independent auditors.

The audit committee's primary responsibility is to oversee the financial reporting process, including the direct oversight of the independent auditors. The management is responsible for preparing the financial statements, and the independent auditors are responsible for auditing the financial statements.

The audit committee held seven meetings during 2002, all of which were attended by the company's independent auditors. The meetings were designed to facilitate and encourage private communication between the audit committee and the independent auditors, Ernst & Young LLP.

Edgar Filing: NEKTAR THERAPEUTICS - Form DEF 14A

During these meetings, the audit committee reviewed and discussed the audited financial statements with management and Ernst & Young LLP. The audit committee believes that management maintains an effective system of internal controls that results in fairly presented financial statements. Based on these discussions, the audit committee recommended to the board that the audited financial statements be included in the Annual Report on Form 10-K.

The audit committee determined that the provision of the non-audit services by Ernst & Young LLP during 2002 was compatible with maintaining the principal auditors' independence.

The discussions with Ernst & Young LLP also included the matters required by Statement on Auditing Standards No. 61. The audit committee received written disclosures and the letter from Ernst & Young LLP regarding its independence as required by Independence Standards Board Standard No. 1. This information was discussed with Ernst & Young LLP.

REPORT OF THE ORGANIZATION AND COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION²

The board has delegated to the organization and compensation committee the authority to establish and administer compensation programs. The organization and compensation committee is comprised of three non-employee directors: Messrs. Brown, Glavin and Lerner. The organization and compensation committee is responsible for: (i) determining the most effective total executive compensation strategy, based upon business needs and consistent with stockholders' interests; (ii) administering executive compensation plans, programs and policies; (iii) monitoring corporate performance and its relationship to compensation of executive officers; and (iv) making appropriate recommendations concerning matters of executive compensation.

²

The material in this report is not "soliciting material," is not deemed "filed" with the SEC, and is not to be incorporated by reference into any filing of the Company under the 1933 Act or 1934 Act.

COMPENSATION PHILOSOPHY

The primary goals of the compensation program are to align compensation with the attainment of key business objectives and to enable us to attract, retain and reward capable executives who can contribute to our continued success. Equity participation and a strong alignment to stockholders' interests are key elements of our compensation philosophy. Four key goals form the basis for compensation decisions for all employees:

1. To attract and retain the most highly qualified management and employee team;
2. To emphasize sustained performance by aligning rewards with stockholder interests, especially through the use of equity participation programs;
3. To pay competitively compared to similar drug delivery and biopharmaceutical companies and to provide appropriate reward opportunities for achieving high levels of performance compared to similar organizations in the marketplace; and
4. To motivate executives and employees to achieve our annual and long-term business goals and encourage behavior toward the fulfillment of those objectives.

Edgar Filing: NEKTAR THERAPEUTICS - Form DEF 14A

To meet these goals, the organization and compensation committee has adopted a mix among the compensation elements of salary, stock options and bonuses.

BASE SALARY

The organization and compensation committee recognizes the importance of maintaining compensation practices and levels of compensation competitive with drug delivery and biopharmaceutical companies in comparable stages of development. Base salary represents the fixed component of the executive compensation program. The philosophy regarding base salaries is conservative, maintaining salaries approximately at the competitive industry median. Base salary levels are established on an annual review of marketplace competitiveness with similar biopharmaceutical and drug delivery companies and on the basis of individual performance. Periodic increases in base salary are the result of individual contributions evaluated against established performance objectives, relative success toward achieving our annual and long-term business goals, length of service with us and an annual salary survey of comparable companies in our industry. Base salaries for executives were increased for fiscal 2002 to a level consistent with the industry median. In 2002, we continued the variable compensation program implemented in 1996 for all employees, including all executive officers, which provides that a portion of total compensation is variable based on certain qualitative and quantitative criteria for both us and each employee.

23

STOCK OPTIONS

The option plans offered by us have been established to provide all the executive officers with an opportunity to share, along with stockholders, in our long-term performance. The organization and compensation committee strongly believes that a goal of the compensation program should be to provide key employees who have significant responsibility for the management, growth and our future success with an opportunity to increase their ownership and potentially gain financially from stock price increases. The interests of stockholders, executives and employees should thereby be closely aligned. Executives and employees are eligible to receive stock options generally not more often than once a year, giving them the right to purchase shares of common stock in the future at a price equal to fair market value at the date of grant. All grants must be exercised according to the provisions of the stock option plans. All outstanding options expire ten years from the date of grant.

As the base salaries for the executive officers are in the mid-range for comparable companies, the organization and compensation committee has used stock options as a primary incentive to attract and retain executive officers. Option amounts are based on an employee's level within our salary grade and our overall and such individual's performance. After considering the criteria relating to awarding stock options, the organization and compensation committee determined that all executive officers, including the Chief Executive Officer, would receive option grants in fiscal 2002. The options granted to executive officers in fiscal 2002 include options which vest monthly over five years commencing upon the date of grant, as well as providing "evergreen" options, which typically vest over a twelve month period commencing four years after the date of grant.

Section 162(m) of the Code limits us to a deduction for federal income tax purposes of no more than \$1 million of compensation paid to certain Named Executive Officers in a taxable year. Compensation above \$1 million may be deducted if it is "performance-based compensation" within the meaning of the Code. The organization and compensation committee believes that at the present time it is unlikely that the compensation paid to any Named Executive Officer in a taxable year, which is subject to the deduction limit, will exceed \$1 million. However, the organization and compensation committee has determined that stock awards granted under the Equity Incentive Plan with an exercise price at least equal to the fair market value of the common stock on the date of grant shall be treated as "performance-based compensation."

BONUSES

Bonus awards are another component of the compensation program. Bonuses, if any, are linked to the achievement of specified corporate goals, which is determined at the discretion of the board upon the recommendation of the organization and compensation committee. Corporate performance goals on which 2002 bonuses were based were: the successful attainment of anticipated milestones generating payments under current partnered projects; progress in further establishing the necessary infrastructure to support commercialization at anticipated levels; signing of new collaborative partners and converting existing collaborative partners with feasibility agreements to long-term development agreements; advancing delivery system technology by improving the performance and efficiency of the inhalation device, powder processing and powder filling; and advancing the commercial readiness of manufacturing facilities. In July 2002, the organization and compensation committee reviewed the corporate performance goals for the first half of 2002 and determined that these goals had been substantially achieved. Based on such achievement, the organization and compensation committee awarded bonuses for all executive officers. In January 2003, the organization and compensation committee reviewed the corporate performance goals for the second half of 2002 and determined that these goals had been substantially achieved. Based on such achievement, the organization and compensation committee awarded bonuses for all executive officers.

CHIEF EXECUTIVE OFFICER COMPENSATION

The organization and compensation committee determines compensation for the Chief Executive Officer by analyzing the same factors and criteria upon which other executive officers' compensation is based. In the July 2002 and January 2003 meetings, the organization and compensation committee awarded Mr. Gill a bonus of approximately 50% of his base salary based on the determination that the corporate performance goals established in 2002 had been substantially achieved. In October 2002, the organization and compensation committee agreed to recommend to the board that Mr. Gill receive an increase in salary and stock option grants for these same reasons. Under our executive compensation program, the total compensation mix for senior executives, including our Chief Executive Officer, emphasizes longer-term rewards in the form of stock options. In 2002, Mr. Gill received option grants to purchase 150,000 shares of the common stock at the fair market value of the common stock on the date of grant, of which 70,000 were evergreen grants.

SUMMARY

The organization and compensation committee believes that the compensation of the executives is appropriate and competitive with the compensation programs provided by other drug delivery and biopharmaceutical companies with which we compete for executives and employees. The organization and compensation committee believes the compensation strategy, principles and practices result in a compensation program tied to stockholder returns and linked to the achievement of our annual and longer-term financial and operational results on behalf of the stockholders.

CERTAIN TRANSACTIONS

Our bylaws provide that we will indemnify our directors and may indemnify our officers, employees and other agents to the fullest extent permitted by Delaware law. We are also empowered under our bylaws to enter into indemnification contracts with our directors and officers and to purchase insurance on behalf of any person whom we are required or permitted to indemnify.

In addition, our Amended and Restated Certificate of Incorporation, as amended, provides that the liability of directors for monetary damages shall be eliminated to the fullest extent permissible under Delaware law. Pursuant to Delaware law, our directors shall not be liable for monetary damages for breach of the directors' fiduciary duty of care to us and our stockholders. However, this provision does not eliminate the duty of care, and in appropriate circumstances, equitable remedies such as injunctive or other forms of nonmonetary relief will remain available under Delaware law. In addition, each director will continue to be subject to liability for: (i) breach of the directors' duty of loyalty to us or our stockholders; (ii) acts or omissions; (iii) violation of Section 174 of the Delaware General Corporation Law; or (iv) any transaction from which the director derived an improper personal benefit. The provision also does not affect a director's responsibilities under any other law, such as the federal securities laws or state or federal environmental laws.

Edgar Filing: NEKTAR THERAPEUTICS - Form DEF 14A

On April 1, 1999, Mr. Lerner entered into a consulting agreement with us. Pursuant to the agreement, Mr. Lerner may perform consulting services relating to product marketing and general business issues of at least four half days per year as well as telephone discussions as needed in consideration for his standard consulting fee. In November 2002, we terminated the consulting agreement with Mr. Lerner. In 2002, Mr. Lerner received no consulting fees for services performed for us.

In 2002, we paid \$300,000 as rent for a facility in Alabama to Shearwater Polymers, LLC, of which Dr. Harris is a member. Dr. Harris is the President of Nektar Therapeutics AL, Corporation. We believe the rent reflects the fair market rate for comparable facilities in the geographic area. Further, in 2002, we paid \$700,000 for legal services rendered by Alston & Bird LLP of which Paul F. Pedigo, Esq. is a partner. Mr. Pedigo is a relative by marriage to Dr. Harris. We believe this amount represents the fair market value of the services rendered.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are our stockholders will be "householding" our proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in "householding" and would prefer to receive a separate proxy statement and annual report, please notify your broker, direct your written request to our Secretary at 150 Industrial Road, San Carlos, California 94070 or contact our Secretary at (650) 631-3100. Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request "householding" of their communications should contact their broker.

28

OTHER MATTERS

The board knows of no other matters that will be presented for consideration at the annual meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.

By Order of the Board of Directors

Paula S. Kasler
Associate General Counsel and Assistant Secretary

April 28, 2003

The Committee shall have the sole and exclusive authority with respect to such matters and the oversight of the independent auditors as a whole.

Edgar Filing: NEKTAR THERAPEUTICS - Form DEF 14A

2. Review and determine the engagement of the independent auditors, including the overall scope and plans for their respective audits, the adequacy of staffing and compensation. Negotiate and execute, on behalf of the Company, any engagement letters with the Company's independent auditors with respect to such engagement, which actions may be pursuant to preapproval policies and procedures, including the delegation of preapproval authority to one or more Committee members so long as any such preapproval decisions are presented to the full Committee at the next scheduled meeting.

3. Establish guidelines and procedures with respect to the rotation of audit partners and other senior personnel engaged in providing audit services in accordance with applicable law and SEC and Nasdaq regulations (including regulations with respect to the independence of the independent auditors).

4. Review and approve the retention of the independent auditors for any permissible non-audit services in accordance with applicable law and SEC and Nasdaq regulations and the fees or other compensation for such services (such approval may be delegated to one or more Committee members, provided that all approvals of permissible non-audit services pursuant to this delegated authority be presented to the full Committee at its next meeting).

5. At least annually, discuss with the independent auditors and review the auditors' independence from management and the Company, including the provision of non-audit services, past employment by the independent auditors of current or prospective Company personnel, the matters included in the written disclosures required by the Independence Standards Board and other relationships or services that could affect the objectivity of the independent auditors and assess and otherwise take appropriate action to oversee the independence of the independent auditors.

6. Review with the independent auditors any management or internal control letter issued or, to the extent practicable, proposed to be issued by the independent auditors and management's response, if any, to such letter, as well as additional material written communications between the independent auditors and management.

7. Review with management and the independent auditors the scope, adequacy and effectiveness of the Company's financial reporting controls, including analysis reports prepared by management and the independent auditors of significant financial reporting issues and judgments made in connection with the preparation of the Company's financial statements, including any special audit steps taken in the event of material control deficiencies, and an analysis of the effect of alternative GAAP methods on the Company's financial statements.

8. Establish (at such time as legally required) and maintain procedures for the receipt, retention and treatment of complaints received by the Company (whether initiated by employees of the Company or third parties) with respect to accounting, internal accounting controls or auditing matters, which shall include procedures for the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters.

9. Undertake the responsibility to investigate and resolve any disagreements between the Company's management and the independent auditors regarding the Company's financial reporting, accounting practices or accounting policies.

10. Meet as deemed necessary, but not less than twice annually, with senior management and the independent auditors in separate executive sessions. In connection with separate executive sessions held

A-2

with the independent auditors, discuss matters relevant to the quality and integrity of the Company's financial reporting, the results of the independent auditors' examinations and inquire as to the independent auditors' evaluation of the Company's financial and accounting policies and controls.

11. Discuss with management and the independent auditors the results of the independent auditors' review of the Company's quarterly financial statements, prior to public disclosure or prior to the filing of the Company's Quarterly Report on Form 10-Q with the SEC. Such review shall include all matters required by applicable laws, rules and regulations to be discussed with the independent auditors prior to the filing of such report as well as such matters required to be communicated to the Committee by the independent auditors under Statement on Auditing Standards No. 61.

12. Discuss with management and the independent auditors the results of the annual audit, including the auditors' judgment about the quality, not just acceptability, of accounting principles, any changes in accounting procedures, the reasonableness of significant judgments and estimates (including material changes in estimates), the clarity of the disclosures in the financial statements and any audit adjustments noted or proposed by the auditors (whether "passed" or

Edgar Filing: NEKTAR THERAPEUTICS - Form DEF 14A

implemented in the financial statements). Such review shall include all matters required by applicable laws, rules and regulations to be discussed with the independent auditors prior to the filing of such report as well as such matters required to be communicated to the Committee by the independent auditors under Statement on Auditing Standards No. 61. Recommend to the Board whether, based on the discussion with management and the independent auditors, the financial statements should be included in the Company's Annual Report on Form 10-K.

13. Review and discuss with management and the independent auditors as appropriate, the Company's disclosures contained under the caption "Management's Discussion and Analysis of Financial Condition and Results of Operations" in its periodic reports to be filed with the SEC.

14. Review and discuss with management and the independent auditors any material financial arrangements of the Company which do not appear on the financial statements of the Company and any transactions or courses of dealing with parties related to the Company which transactions are significant in size (as required by applicable Nasdaq rules) or involve terms or other aspects that differ from those that would likely be negotiated with independent parties, and which arrangements or transactions are relevant to an understanding of the Company's financial statements.

15. Review with management and the independent auditors significant issues that arise regarding accounting principles and financial statement presentation, including the adoption of new, or material changes to, existing critical accounting policies or to the application of those policies, the potential effect of alternative accounting policies available under GAAP, the potential impact of regulatory and accounting initiatives and other matters required by applicable laws, rules and regulations to be communicated by the independent auditors to the Committee or which represent significant reporting issues or judgments.

16. Submit the minutes of all meetings of the Committee to, or discuss the matters discussed at each Committee meeting with, the Board.

17. Investigate any matter brought to the Committee's attention within the scope of the Committee's duties.

18. Prepare a report for inclusion in the Company's annual report or proxy statement that describes the Committee's composition and responsibilities and how those responsibilities were discharged.

19. Perform such other functions and to have such powers as may be necessary or appropriate in the efficient and lawful discharge of the foregoing.

A-3

AUTHORITY

The Committee shall have the authority to retain special legal, accounting or other consultants to advise the Committee as it deems necessary, at the Company's expense, to carry out its duties and to determine the compensation of any such advisors.
