PROXY STATEMENT

FOR THE 2004 ANNUAL MEETING OF STOCKHOLDERS

June 10, 2004

QUESTIONS AND ANSWERS ABOUT THIS PROXY MATERIAL AND VOTING

WHY AM I RECEIVING THESE MATERIALS?

We sent you this proxy statement and the enclosed proxy card because the Board of Directors of **RIGEL PHARMACEUTICALS, INC.** (sometimes referred to as the "Company" or "Rigel") is soliciting your proxy to vote at the 2004 Annual Meeting of Stockholders. You are invited to attend the annual meeting and vote on the proposals described in this proxy statement. However, you do not need to attend the meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card, or follow the instructions below to submit your proxy over the telephone or on the Internet.

The Company intends to mail this proxy statement and accompanying proxy card on or about May 10, 2004 to all stockholders of record entitled to vote at the annual meeting.

WHO CAN VOTE AT THE ANNUAL MEETING?

Only stockholders of record at the close of business on April 28, 2004 will be entitled to vote at the annual meeting. On this record date, there were 18,213,287 shares of common stock outstanding and entitled to vote.

Stockholders of Record: Shares Registered in Your Name

If on April 28, 2004 your shares were registered directly in your name with Rigel's transfer agent, Wells Fargo Bank Minnesota, N.A., then you are a stockholder of record. As a stockholder of record, you may vote in person at the meeting or vote by proxy. Whether or not you plan to attend the meeting, we urge you to fill out and return the enclosed proxy card or vote by proxy over the telephone or on the Internet as instructed below to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on April 28, 2004 your shares were held, not in your name, but rather in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in "street name" and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered to be the stockholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct your broker or other agent

Edgar Filing: RIGEL PHARMACEUTICALS INC - Form DEF 14A

on how to vote the shares in your account. You are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker or other agent.

WHAT AM I VOTING ON?

There are two matters scheduled for a vote:

Election of two directors; and

Ratification of the selection of Ernst & Young LLP as independent auditors of the Company for its fiscal year ending December 31, 2004.

HOW DO I VOTE?

You may either vote "For" all the nominees to the Board of Directors or you may "Withhold" your vote for any nominee you specify. For each of the other matters to be voted on, you may vote "For" or "Against" or abstain from voting. The procedures for voting are fairly simple:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the annual meeting or, vote by proxy using the enclosed proxy card, vote by proxy over the telephone, or vote by proxy on the Internet. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person if you have already voted by proxy.

To vote in person, come to the annual meeting and we will give you a ballot when you arrive.

To vote using the proxy card, simply complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the annual meeting, we will vote your shares as you direct.

To vote over the telephone, dial toll-free 1-800-560-1965 using a touch-tone phone and follow the recorded instructions. You will be asked to provide the company number and control number from the enclosed proxy card. Your vote must be received by 12:00 noon, Central Daylight Time, on June 9, 2004 to be counted.

To vote on the Internet, go to <http://www.eproxy.com/rigl> to complete an electronic proxy card. You will be asked to provide the company number and control number from the enclosed proxy card. Your vote must be received by 12:00 noon, Central Daylight Time, on June 9, 2004 to be counted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than from Rigel. Simply complete and mail the proxy card to ensure that your vote is counted. Alternatively, you may vote by telephone or over the Internet as instructed by your broker or bank. To vote in person at the annual meeting, you must obtain a valid proxy from your broker, bank, or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

WE PROVIDE INTERNET PROXY VOTING TO ALLOW YOU TO VOTE YOUR SHARES ON-LINE, WITH PROCEDURES DESIGNED TO ENSURE THE AUTHENTICITY AND CORRECTNESS OF YOUR PROXY VOTE INSTRUCTIONS. HOWEVER, PLEASE BE AWARE THAT YOU MUST BEAR ANY COSTS ASSOCIATED WITH YOUR INTERNET ACCESS, SUCH AS USAGE CHARGES FROM INTERNET ACCESS PROVIDERS AND TELEPHONE COMPANIES.

HOW MANY VOTES DO I HAVE?

On each matter to be voted upon, you have one vote for each share of common stock you own as of April 28, 2004.

WHAT IF I RETURN A PROXY CARD BUT DO NOT MAKE SPECIFIC CHOICES?

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted "For" the election of both nominees for director and "For" ratification of Ernst & Young LLP as independent auditors of the Company for its fiscal year ending December 31, 2004. If any other matter is properly presented at the meeting, your proxy (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

WHO IS PAYING FOR THIS PROXY SOLICITATION?

We will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We will also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

WHAT DOES IT MEAN IF I RECEIVE MORE THAN ONE PROXY CARD?

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please complete, sign and return **each** proxy card to ensure that all of your shares are voted.

CAN I CHANGE MY VOTE AFTER SUBMITTING MY PROXY?

Yes. You can revoke your proxy at any time before the final vote at the meeting. If you are the record holder of your shares, you may revoke your proxy in any one of three ways:

You may submit another properly completed proxy card with a later date.

You may send a written notice that you are revoking your proxy to Rigel's Secretary at 1180 Veterans Boulevard, South San Francisco, California 94080; or

You may attend the annual meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy.

If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions provided by your broker or bank.

WHEN ARE STOCKHOLDER PROPOSALS DUE FOR NEXT YEAR'S ANNUAL MEETING?

To be considered for inclusion in next year's proxy materials, your proposal must be submitted in writing by January 10, 2005 to the Rigel's Secretary at 1180 Veterans Boulevard, South San Francisco, California 94080. If you wish to submit a proposal that is not to be included in next year's proxy materials, you must do so between February 10, 2005 and March 14, 2005. Stockholders are also advised to review our bylaws, which contain additional requirements with respect to advance notice of stockholder proposals and director nominations.

HOW ARE VOTES COUNTED?

Votes will be counted by the inspector of election appointed for the annual meeting, who will separately count "For" and "Withhold" and, with respect to proposals other than the election of

directors, "Against" votes, abstentions and broker non-votes. Abstentions will be counted towards the vote total for each proposal, and will have the same effect as "Against" votes for proposal 2. Broker non-votes have no effect and will not be counted towards the vote total for any proposal.

If your shares are held by your broker as your nominee (that is, in "street name"), you will need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker to vote your shares. If you do not give instructions to your broker, your broker can vote your shares with respect to "discretionary" items, but not with respect to "non-discretionary" items. Discretionary items are proposals considered routine under the rules of the New York Stock Exchange ("NYSE") on which your broker may vote shares held in street name in the absence of your voting instructions. On non-discretionary items for which you do not give your broker instructions, the shares will be treated as broker non-votes.

HOW MANY VOTES ARE NEEDED TO APPROVE EACH PROPOSAL?

For the election of directors, the two nominees receiving the most "For" votes (among votes properly cast in person or by proxy) will be elected. Only votes "For" or "Withheld" will affect the outcome.

To be approved, Proposal No. 2, ratification of the selection of Ernst & Young LLP as independent auditors of the Company for its fiscal year ending December 31, 2004, must receive a "For" vote from the majority of shares present and entitled to vote either in person or by proxy. If you "Abstain" from voting, it will have the same effect as an "Against" vote. Broker non-votes will have no effect.

WHAT IS THE QUORUM REQUIREMENT?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if at least a majority of the outstanding shares are represented by stockholders present at the meeting or by proxy. On the record date, there were 18,213,287 shares outstanding and entitled to vote. Thus, 9,106,644 shares must be represented by stockholders present at the meeting or by proxy to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, a majority of the votes present at the meeting may adjourn the meeting to another date.

HOW CAN I FIND OUT THE RESULTS OF THE VOTING AT THE ANNUAL MEETING?

Preliminary voting results will be announced at the annual meeting. Final voting results will be published in the Company's quarterly report on Form 10-Q for the second quarter of 2004.

PROPOSAL 1

ELECTION OF DIRECTORS

Our amended and restated certificate of incorporation and bylaws provide that our Board of Directors shall be divided into three classes, with each class having a three-year term. Vacancies on the Board of Directors may be filled by persons elected by a majority of the remaining directors. A director elected by the Board to fill a vacancy (including a vacancy created by an increase in the number of directors) shall serve for the remainder of the full term of the class of directors in which the vacancy occurred and until such director's successor is elected and qualified.

Rigel's Board of Directors is presently composed of nine members. There are two directors in Class I, the class whose term of office expires in 2004. Each of the nominees for election to this class is currently a director who was previously elected by our stockholders. If elected at the annual meeting, each of the nominees would serve until our 2007 annual meeting of stockholders and until his successor is elected and has qualified, or until his earlier death, resignation or removal.

Directors are elected by a plurality of the votes present in person or represented by proxy and entitled to vote at the annual meeting. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the two nominees named below. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as the Nominating Committee of the Board of Directors may propose. Each person nominated for election has agreed to serve if elected, and we have no reason to believe that any nominee will be unable to serve.

Set forth below is biographical information for each person nominated and each person whose term of office as a director will continue after the annual meeting.

INFORMATION REGARDING THE BOARD OF DIRECTORS AND ITS COMMITTEES

Independence of the Board of Directors

As required under The Nasdaq Stock Market ("Nasdaq") listing standards, a majority of the members of a listed company's Board of Directors must qualify as "independent," as affirmatively determined by the Board of Directors. The Board consults with the Company's counsel to ensure that the Board's determinations are consistent with all relevant securities and other laws and regulations regarding the definition of "independent," including those set forth in pertinent listing standards of the Nasdaq, as in effect time to time.

Consistent with these considerations, after review of all relevant transactions or relationships between each director, or any of his or her family members, and the Company, its senior management and its independent auditors, the Board affirmatively has determined that all of the Company's directors are independent directors within the meaning of the applicable Nasdaq listing standards, except for Mr. Gower, Chairman of the Board of Directors and Chief Executive Officer, and Dr. Payan, Executive Vice President and Chief Scientific Officer.

As required under new Nasdaq listing standards, the Company's independent directors will meet in regularly scheduled executive sessions at which only independent directors are present.

The Board has three committees: an Audit Committee, a Compensation Committee and a Nominating Committee. Below is a description of each committee of the Board of Directors. The Board of Directors has determined that each member of each committee meets the applicable rules and regulations regarding "independence" and that each member is free of any relationship that would interfere with his individual exercise of independent judgment with regard to the Company.

AUDIT COMMITTEE

The Audit Committee of the Board of Directors oversees the Company's corporate accounting and financial reporting process, provides oversight assistance in connection with legal and ethical compliance programs established the Board of Directors and management of the Company and has

been designated as the Company's Qualified Legal Compliance Committee. For these purposes, the Audit Committee performs several functions.

The Audit Committee evaluates the performance of and assesses the qualifications of the independent auditors; determines and approves the engagement of the independent auditors; determines whether to retain or terminate the existing independent auditors or to appoint and engage new independent auditors; reviews and approves the retention of the independent auditors to perform any proposed audit, review and attest services and any permissible non-audit services; monitors the rotation of partners of the independent auditors on the Company's audit engagement team as required by law; confers with management and the independent auditors regarding the effectiveness of internal controls over financial reporting; establishes procedures, as required under applicable law, for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters; reviews the financial statements to be included in the Company's Annual Report on Form 10-K; discusses with management and the independent auditors the results of the annual audit and the results of the Company's quarterly financial statements; and reviews the results of management's efforts to monitor compliance with the Company's programs and policies designed to ensure adherence to applicable laws and rules and the Code of Conduct. Three directors comprise the Audit Committee: Messrs. Frazier and Renton and Dr. Sherwin. The Audit Committee met five times during the 2003 fiscal year. The Audit Committee has adopted a written Audit Committee Charter that is attached as Appendix A to these proxy materials and is also available at our website at http://www.rigel.com/rigel/audit_charter.

The Board of Directors annually reviews the Nasdaq listing standards definition of independence for Audit Committee members and has determined that all members of the Company's Audit Committee are independent (as independence is currently defined in Rule 4350(d)(2)(A) of the Nasdaq listing standards and Rule 10A-3(b)(1) of the Exchange Act). The Board of Directors has determined that Messrs. Frazier and Renton each qualifies as an "audit committee financial expert," as defined in applicable SEC rules. The Board made a qualitative assessment of Messrs. Frazier's and Renton's level of knowledge and experience based on a number of factors, including their formal education and Mr. Frazier's experience as a chief financial officer for a public reporting company and a former certified public accountant, and Mr. Renton's experience as a chief executive officer and chief financial officer for a public reporting company.

COMPENSATION COMMITTEE

The Compensation Committee of the Board of Directors reviews and approves the overall compensation strategy and policies for the Company. The Compensation Committee reviews and approves corporate performance goals and objectives relevant to the compensation of the Company's executive officers and other senior management; reviews and approves the compensation and other terms of employment of the Company's Chief Executive Officer; reviews and approves the compensation and other terms of employment of the other members of senior management; recommends the compensation for Board members; and administers the Company's stock option and purchase plans, pension and profit sharing plans, stock bonus plans, deferred compensation plans and other similar programs. Three directors comprise the Compensation Committee: Drs. Deleage and Moos and Mr. Simon. All members of the Company's Compensation Committee are independent (as independence is currently defined in Rule 4200(a)(15) of the Nasdaq listing standards). The Compensation Committee met four times during the 2003 fiscal year.

NOMINATING COMMITTEE

The Nominating Committee of the Board of Directors is responsible for identifying, reviewing and evaluating candidates to serve as directors of the Company, reviewing and evaluating incumbent directors, recommending to the Board for selection candidates for election to the Board of Directors,

assessing the performance of the Board, including its committees, and serving as a focal point for communication between candidates for the Board, non-committee directors and the Company's management. The Nominating Committee charter can be found on our corporate website at http://www.rigel.com/rigel/nominating_charter. Three directors comprise the Nominating Committee: Drs. Henner, Moos and Sherwin. All members of the Nominating Committee are independent (as independence is currently defined in Rule 4200(a)(15) of the Nasdaq listing standards). The Nominating Committee did not meet time during the 2003 fiscal year, but they did correspond with each other regarding the Class I directors standing for re-election.

The Nominating Committee has not established any specific minimum qualifications that must be met for recommendation for a position on the Board of Directors of the Company. Instead, in considering candidates for director, the Nominating Committee will generally consider all relevant factors, including among others the candidate's applicable expertise and demonstrated excellence in his or her field, the usefulness of such expertise to the Company, the availability of the candidate to devote sufficient time and attention to the affairs of the Company, the candidate's reputation for personal integrity and ethics and the candidate's ability to exercise sound business judgment. Other relevant factors, including diversity, age and skills, will also be considered. Candidates for director are reviewed in the context of the existing relationship of the Board of Directors (including the qualities and skills of the existing directors), the operating requirements of the Company and the long-term interests of its stockholders.

The Nominating Committee uses its network of contacts (and those of other members of the Board of Directors) when compiling a list of potential director candidates and may also engage outside consultants (such as professional search firms). However, the Nominating Committee also has the power and authority to consider board nominees and proposals submitted by the Company's stockholders. All potential director candidates are evaluated based on the factors set forth above, and the Nominating Committee makes no distinction in its evaluation of candidates based on whether such candidates are recommended by stockholders or others. The Nominating Committee has established no special procedure for the consideration of director candidates recommended by stockholders.

The Nominating Committee will consider director candidates recommended by stockholders. Stockholders who wish to recommend individuals for consideration by the Nominating Committee to become nominees for election to the Board of Directors may do so by delivering a written recommendation to the Nominating Committee in care of Legal Department, Rigel Pharmaceuticals, Inc. at 1180 Veterans Boulevard, South San Francisco, CA 94080 at least 120 days prior to the anniversary date of the mailing of the Company's proxy statement for the last Annual Meeting of Stockholders. The deadline for nominating a director for the 2005 Annual Meeting of Stockholders is January 10, 2005. Submissions must include the full name of the proposed nominee, a description of the proposed nominee's business experience for at least the previous five years, complete biographical information, a description of the proposed nominee's qualifications as a director and a representation that the nominating stockholder is a beneficial or record owner of the Company's common stock. Any such submission must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director if elected.

MEETINGS OF THE BOARD OF DIRECTORS

The Board of Directors met eight times during the 2003 fiscal year. Each Board member attended 75% or more of the aggregate of the meetings of the Board and of the committees on which he served held during the period for which he was a director or committee member, respectively.

ATTENDANCE AT ANNUAL MEETING

To date, we have not adopted a formal policy regarding director attendance at annual meetings of stockholders. As a practical matter, however, the Board of Directors typically schedules its meetings on

the day of the annual meeting of stockholders and our directors, therefore, are encouraged to attend the annual meeting of stockholders. Two of our current directors attended the 2003 Annual Meeting of Stockholders.

STOCKHOLDER COMMUNICATIONS WITH THE BOARD OF DIRECTORS

The Board of Directors has authorized the Nominating Committee to consider recommendations for Board nominees and proposals submitted by the Company's stockholders and to establish any policies and procedures to facilitate stockholder communications with the Board of Directors. Historically, the Company has not adopted a formal process for stockholder communications with the Board. Nevertheless, every effort has been made to ensure that the views of stockholders are heard by the Board or individual directors, as applicable, and that appropriate responses are provided to stockholders in a timely manner. We believe our responsiveness to stockholder communications to the Board has been excellent. Nevertheless, the Nominating Committee will consider, from time to time, whether the adoption of a formal process for stockholder communications with the Board has become necessary or appropriate.

Persons interested in communicating with the independent directors regarding their concerns or issues may address correspondence to a particular director, or to the independent directors generally, in care of Legal Department, Rigel Pharmaceuticals, Inc. at 1180 Veterans Boulevard, South San Francisco, CA 94080. If no particular director is named, letters will be forwarded, depending on the subject matter, to the Chair of the Audit, Compensation or Nominating Committee.

CODE OF CONDUCT

The Company has adopted the Rigel Pharmaceuticals Code of Conduct that applies to all officers, directors and employees. The Code of Conduct is available on our website at <http://www.rigel.com/rigel/code> in connection with "Corporate Governance" materials. If the Company makes any substantive amendments to the Code of Conduct or grants any waiver from a provision of the Code to any executive officer or director, the Company will promptly disclose the nature of the amendment or waiver on its website and in a Current Report on Form 8-K.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS¹

Pursuant to a charter amended and restated on October 1, 2003, the purpose of the Audit Committee of the Board of Directors of Rigel Pharmaceuticals, Inc. (the "Company") is to act on behalf of the Board of Directors in fulfilling the Board of Directors' oversight responsibilities with respect to the Company's corporate accounting and financial reporting processes, the systems of internal accounting and financial controls and audits of financial statements, the quality and integrity of the Company's financial statements and reports and the qualifications, independence and performance of the firm or firms of certified public accountants engaged as the Company's independent outside auditors for the purpose of preparing or issuing an audit report or performing other audit, review or attest services. The Audit Committee is comprised of three independent directors, and each of the members of the Audit Committee is independent as currently defined in Rule 4350(d)(2)(A)(i) and (ii) of the listing standards of The Nasdaq Stock Market. The Audit Committee maintains a written charter that outlines its responsibilities.

¹ The material in this report is not "soliciting material," is not deemed "filed" with the SEC and is not to be incorporated by reference into any filing of Rigel under the Securities Act or Exchange Act, whether made before or after the date hereof and irrespective of any general incorporation language contained in such filing.

Edgar Filing: RIGEL PHARMACEUTICALS INC - Form DEF 14A

The Company's management has primary responsibility for preparing the Company's financial statements and establishing the financial reporting process. The Company's independent auditors are responsible for performing an audit of the Company's financial statements and expressing an opinion as to the conformity of such financial statements with accounting principles generally accepted in the United States.

The Audit Committee reviewed and discussed the audited financial statements for the fiscal year ended December 31, 2003 with management and Ernst & Young LLP. The discussions with Ernst & Young LLP also included the matters required by Statement on Auditing Standards No. 61, as well as Ernst & Young LLP's independence. The Audit Committee received and reviewed the written disclosures and letter from Ernst & Young LLP regarding its independence as required by Independence Standards Board Standard No. 1. The Audit Committee has also considered whether the independent auditors' provision of non-audit services to the Company is compatible with maintaining the auditors' independence. The Audit Committee has concluded that the independent auditors are independent from the Company and its management. The Audit Committee believes that management maintains an effective system of internal controls that results in fairly presented financial statements. We have also discussed with management and Ernst & Young LLP the process used to support the certifications of the Chief Executive Officer and Chief Financial Officer that are required to accompany the Company's periodic filings with the Securities and Exchange Act.

Based on this review and these discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2003. In addition, the Audit Committee has selected Ernst & Young LLP as the Company's independent auditors for the fiscal year ending December 31, 2004 and has presented its selection to the Board of Directors to present to the stockholders for ratification.

The undersigned members of the Audit Committee have submitted this Audit Committee Report:

Alan D. Frazier

Stephen A. Sherwin, MD

Hollings C. Renton

PROPOSAL 2**RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS**

The Audit Committee of the Board of Directors has selected Ernst & Young LLP as the Company's independent auditors for the fiscal year ending December 31, 2004 and has further directed that management submit the selection of independent auditors for ratification by the stockholders at the Annual Meeting. Ernst & Young has audited the Company's financial statements since our inception in 1996. Representatives of Ernst & Young are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither the Company's bylaws nor other governing documents or law require stockholder ratification of the selection of Ernst & Young as the Company's independent auditors. However, the Audit Committee of the Board is submitting the selection of Ernst & Young to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee of the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee of the Board in its discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the annual meeting will be required to ratify the selection of Ernst & Young. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

Stock Option Grants and Exercises

The following table sets forth summary information regarding the option grants made to our Chief Executive Officer and each of our four other most highly paid executive officers during 2003. Options granted to purchase shares of our common stock under our 2000 Equity Incentive Plan generally vest over a four-year period. The exercise price per share is equal to the fair market value of our common stock on the date of grant.

The potential realizable value is calculated based on the ten-year term of the option at the time of grant. Stock price appreciation of 5% and 10% is assumed pursuant to rules promulgated by the Securities and Exchange Commission and does not represent our prediction of our stock price performance. The potential realizable values at 5% and 10% appreciation are calculated by:

multiplying the number of shares of common stock under the option by the closing price of our stock on December 31, 2003 at a price of \$19.20 per share;

assuming that the aggregate stock value derived from that calculation compounds at the annual 5% or 10% rate shown in the table until the expiration of the options; and

subtracting from that result the aggregate option exercise price.

Percentages shown under "% of Total Options Granted to Employees in 2003" are based on an aggregate of 1,977,675 options granted to employees under our 2000 Equity Incentive Plan and our 2001 Non-Officer Equity Incentive Plan during 2003. The share numbers set forth in the table reflect a one-for-nine reverse split of shares of our outstanding common stock on June 24, 2003.

Amounts shown in the "Value of Unexercised In-the-Money Options at December 31, 2003" column are based on the closing market price on December 31, 2003 of \$19.20 per share, without taking into account any taxes that may be payable in connection with the transaction, multiplied by the number of shares underlying the option, less the aggregate exercise price payable for the shares. COMPENSATION OF DIRECTORS

Historically, we have not provided cash compensation to members of our Board of Directors for serving on the Board of Directors or for attendance at committee meetings. The members of our Board of Directors are eligible for reimbursement for their expenses incurred in connection with attendance at board meetings in accordance with Rigel policy.

In January 2004, the Board of Directors, upon recommendation of the Compensation Committee, approved an increase in the compensation of directors. Starting in fiscal year 2004, each non-employee director of the Company will receive a yearly retainer of \$15,000, the Audit Committee chair will receive an additional yearly retainer of \$10,000 and the Compensation Committee chair will receive an additional yearly retainer of \$5,000. In addition, each director will receive \$1,000 for attending each Board of Directors meeting in person and \$1,000 for each committee meeting attended in person. The Board of Directors approved these increases based upon the Compensation Committee's survey of director compensation at similar companies.

Each of our independent directors receives stock option grants under the 2000 Non-Employee Directors' Stock Option Plan, or Directors' Plan. Only non-employee directors or their affiliates are eligible to receive options under the Directors' Plan. Options granted under the Directors' Plan are not intended to qualify as incentive stock options under the Internal Revenue Code of 1986, as amended.

Option grants under the Directors' Plan are non-discretionary. Each person who is elected or appointed for the first time to be a non-employee director automatically receives, upon the date of his or her initial election or appointment to be a non-employee director by the board or Rigel stockholders, an initial grant to purchase 6,667 shares of common stock on the terms and conditions set forth in the plan. In addition, on the day following the annual meeting of stockholders each year (except for 2003, when the annual option grants were made on the closing date of the private placement of our common stock, as provided in the Directors' Plan), each non-employee director who continues to serve as a non-employee director automatically receives an annual option to purchase 1,667 shares of common stock. These share numbers reflect a one-for-nine reverse split of shares of our outstanding common stock on June 24, 2003. No other options may be granted at any time under the Directors' Plan. The exercise price of options granted under the Directors' Plan is 100% of the fair market value of our common stock on the date of the option grant. The options vest over two years in equal monthly installments, provided that the non-employee director continues to provide services to Rigel. The term of options granted under the Directors' Plan is ten years. In the event of a merger of Rigel with or into another corporation or a consolidation, acquisition of assets or other change-in-control transaction involving us, each option either will continue in effect, if we are the surviving entity, or, if neither assumed nor substituted, will accelerate and the option will terminate if not exercised prior to the consummation of the transaction.

Edgar Filing: RIGEL PHARMACEUTICALS INC - Form DEF 14A

Pursuant to the Directors' Plan, on June 26, 2003, we granted options covering 1,667 shares of common stock to each of Jean Deleage, Walter Moos, Stephen Sherwin and Alan Frazier, each at an exercise price of \$8.49 per share. In addition, on January 12, 2004, we granted an initial option covering 6,667 shares of common stock to Hollings Renton, at an exercise price of \$22.54 per share. These options vest in 24 equal monthly installments beginning on the grant date.

In January 2004, the Board of Directors, upon recommendation of the Compensation Committee, approved an annual, supplemental option grant to each non-employee director. The Board of Directors approved these supplemental option grants based upon the Compensation Committee's survey of director compensation at similar companies. Upon approval by the Board, these supplemental option grants are issued under the 2000 Equity Incentive Plan, or the 2000 Plan. Each person who is elected or appointed for the first time to be a non-employee director will receive, upon approval by the Board, an initial supplemental grant to purchase 13,333 shares of common stock on the terms and conditions set forth in the 2000 Plan. In addition, shortly following the annual meeting of stockholders each year, each non-employee director who continues to serve as a non-employee director will receive, upon approval by the Board, a supplemental option to purchase 8,333 shares of common stock. The exercise price of options granted to non-employee directors under the 2000 Plan must be at least 85% of the fair market value of our common stock on the date of the option grant. Options granted under the 2000 Plan may become exercisable in cumulative increments, or "vest," as determined by the Board. It is expected that these options will vest over two years in equal monthly installments, provided that the non-employee director continues to provide services to Rigel. The term of options granted under the 2000 Plan is ten years. In the event of a merger of Rigel with or into another corporation or a consolidation, acquisition of assets or other change-in-control transaction involving us, each option may be assumed or substituted by the surviving or acquiring entity. If neither assumed nor substituted, then the vesting and exercisability of any options held by participants whose service with us has not terminated will be accelerated, and any such options will terminate if not exercised prior to the transaction. All other options under the 2000 Plan also will terminate if not exercised prior to the transaction.

Pursuant to the approval of the Board in January 2004, supplemental option grants of 8,333 shares of common stock were made to each of Drs. Deleage, Moos and Sherwin and Mr. Frazier, each at an exercise price of \$23.00 per share, as compensation for their service as members of the Board in 2003. In addition, we granted an initial supplemental option covering 13,333 shares of common stock to Hollings Renton, at an exercise price of \$23.00 per share, to supplement his initial grant issued under the Directors' Plan. These options vest in 24 equal monthly installments beginning on the grant date.

Each person who is elected or appointed for the first time to be a non-employee director will receive two initial option grants: one option to purchase 6,667 shares of common stock under the Directors' Plan and one option to purchase 13,333 shares of common stock under the 2000 Plan, resulting in the grant of two options to purchase a total of 20,000 shares of common stock. In addition, each non-employee director continuing to serve as a member of the Board will receive two annual option grants: one option to purchase 1,667 shares of common stock under the Directors' Plan and one option to purchase 8,333 shares of common stock under the 2000 Plan, resulting in the grant of two options for each continuing non-employee director to purchase a total of 10,000 shares of common stock.

In January 2004, the Board, upon recommendation of the Compensation Committee, approved an additional supplemental option grant to each of Drs. Sherwin and Moos to purchase 7,628 and 9,445 shares of common stock, respectively, at an exercise price of \$24.30, under the 2000 Plan for their continued service as Board members.

EMPLOYMENT CONTRACTS AND TERMINATION OF EMPLOYMENT AND CHANGE OF CONTROL ARRANGEMENTS

We have an employment agreement with Dr. Payan, our Executive Vice President and Chief Scientific Officer, dated as of January 16, 1997, which was amended in March 2003. Pursuant to the

terms of the amended agreement, Dr. Payan is entitled to receive an annualized base salary of \$185,000 and was issued 83,333 shares of our common stock. As of January 16, 2000, all such shares were fully vested and not subject to a right of repurchase by us. Either Rigel or Dr. Payan may terminate his employment at any time for any reason. If we terminate Dr. Payan's employment without cause, he will receive a severance payment equal to his annual base salary in effect at the date of termination.

We have an employment agreement with Dr. Grossbard, our Senior Vice President and Medical Director, dated as of March 18, 2002. Pursuant to the terms of the agreement, Dr. Grossbard is entitled to receive an annualized base salary of \$275,000 and was issued an option to purchase 27,778 shares of our common stock. In 2003, all of these options were tendered for cancellation and subsequently regranted at an exercise price of \$9.20 per share under the repricing plan approved by our stockholders. Either Rigel or Dr. Grossbard may terminate his employment at any time for any reason.

The share numbers set forth above reflect a one-for-nine reverse split of shares of our outstanding common stock on June 24, 2003.

OPTION REPRICING

In July 2003, we completed a stock option exchange program approved by our stockholders on June 20, 2003 in which we offered all of our employees (except employees on certain leaves of absence), officers, consultants and directors the opportunity to exchange outstanding options with exercise prices greater than \$9.00 for new stock options at an exercise price equal to the fair market value of our common stock at the end of the offer period. We implemented the stock option exchange program because the options eligible to be exchanged had exercise prices significantly higher than the market price of our common stock, and we believed that those options were unlikely to be exercised in the near future and were not providing proper incentives to our employees, officers, consultants and directors. By providing the stock option exchange program, we intended to maximize stockholder value by creating better performance incentives for our employees, officers, consultants and directors, to improve morale and provide a proper incentive to our employees, officers, consultants and directors by realigning our compensation programs to more closely reflect current market and economic conditions. The replacement stock options vest over three years and expire on the fifth business day following the three-year anniversary of the date of grant.

The following table shows certain information concerning the repricing of options received by all executive officers during the last ten years. The share numbers set forth in the table reflect a one-for-nine reverse split of shares of our outstanding common stock on June 24, 2003.

**REPORT OF THE COMPENSATION COMMITTEE OF
THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION²**

The Compensation Committee of the Board of Directors of Rigel Pharmaceuticals, Inc. (the "Company") is currently composed of three independent directors and, pursuant to its charter, amended and restated on October 1, 2003, is responsible for reviewing, modifying and approving the overall compensation strategy and policies for the Company. The Compensation Committee has the authority and power to: review and approve the compensation and other terms of employment of the Company's chief executive officer; recommend to the Board of Directors the compensation for the Company's directors; review and approve the corporate performance goals and objectives of the Company's other senior management; review and approve the compensation and other terms of employment of senior management; and administer the Company's equity incentive plans and grant stock options to the Company's employees and consultants pursuant to such plans.

Compensation Philosophy

The Company's compensation program seeks to align compensation with business objectives and individual performance and to enable the Company to attract, retain and motivate all employees, including executive officers, who are expected to contribute to the long-term success of the Company. The Company's compensation philosophy is based on the principles of competitive and fair compensation and sustained performance.

Compensation for the Company's employees, including executive officers, is set so as to be comparable and equitable with employees and executive officers having similar responsibilities at similar-sized publicly-traded biopharmaceutical companies located in Northern California. Every employee's salary is assessed annually, based on individual performance, corporate performance and the relative compensation of the employee as compared to data collected from surveys of comparable compensation levels.

Elements of Annual Compensation

Salary. The salary for the Company's executives officers and employees is determined by reviewing compensation for competitive positions in similar-sized publicly-traded biopharmaceutical companies in Northern California, as well as the historical compensation levels of each position. Increases in annual salaries are based on actual corporate and individual performance against targeted performance and various subjective performance criteria. Targeted performance criteria vary for each executive or employee and are based on his or her area of responsibility. Subjective performance criteria include an executive's or employee's ability to motivate others, develop the skills necessary to mature with the Company and recognize and pursue new business opportunities to enhance the Company's growth and success. The Compensation Committee does not use a specific formula based on these targeted performance and subjective criteria, but instead makes an evaluation of each employee's contributions to the long-term success of the company in light of all such criteria.

Bonus. Cash bonuses for the Company's executives and employees are awarded from time to time at the discretion of the Compensation Committee in the recognition of performance that the Compensation Committee determines to incrementally contribute to the Company's growth and increased stockholder value. No bonuses were authorized or paid in 2003.

The material in this report is not "soliciting material," is not deemed "filed" with the SEC and is not to be incorporated by reference into any filing of Rigel under the Securities Act or Exchange Act, whether made before or after the date hereof and irrespective of any general incorporation language contained in such filing.

Long-Term Incentives. In order to align the long-term interests of employees with those of stockholders by making them owners of the Company, the Company grants all employees, including executives, options to purchase stock. Options also align the Company's employee retention efforts with stockholder interests by playing a critical role in the retention of employees that the Compensation Committee determines to have a significant role in the success of the Company. Options are granted with an exercise price set at the fair market value of the Company's stock on the date of grant and provide economic value only when the price of the Company's stock increases above the exercise price. The size of option grants is generally intended to reflect the employee's position within the Company, the quantity and vesting status of options already held by an employee, if any, and the employee's contributions to both the creation of value and the long-term success to the Company. Options are subject to vesting provisions designed to encourage employees to remain with the Company. For the year ended December 31, 2003, options to purchase 1,022,916 shares were granted to the Company's executive officers, including in connection with the option repricing discussed below.

All executive officers of the Company are eligible to participate in the Company's 2000 Employee Stock Purchase Program (the "Purchase Plan"). The purchase plan is available to all employees of the Company and generally permits participants to purchase shares at a discount of approximately 15% from the fair market value at the beginning or end of the applicable purchase period.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction to publicly-held companies for compensation in excess of \$1.0 million paid to the corporation's chief executive officer and the four other most highly-compensated executive officers. Qualifying performance-based compensation will not be subject to the deduction limit if certain requirements are met. The Company generally intends to structure the stock options granted to its executive officers in a manner that complies with this statute to mitigate any disallowance of deductions under Section 162(m). However, the Compensation Committee reserves the right to use its judgment to authorize compensation payments that may be in excess of the limit when the Compensation Committee believes such payment is appropriate, after taking into consideration changing business conditions, the officer's performance and the best interests of the Company's stockholders.

Option Repricing

In July 2003, the Company completed a stock option exchange program approved by its stockholders on June 20, 2003 in which the Company offered all of its employees (except employees on certain leaves of absence), officers, consultants and directors, the opportunity to exchange outstanding options with exercise prices greater than \$9.00 for new stock options at an exercise price equal to the fair market value of the Company's common stock at the end of the offer period. The Company implemented the stock option exchange program because the options eligible to be exchanged had exercise prices significantly higher than the market price of the Company's common stock, and the Board of Directors of the Company believed that those options were unlikely to be exercised in the near future and were not providing proper incentives to the Company's employees, officers, consultants and directors. By providing the stock option exchange program, the Company intended to maximize stockholder value by creating better performance incentives for the Company's employees, officers, consultants and directors, to improve morale and provide a proper incentive to the Company's employees, officers, consultants and directors by realigning the Company's compensation programs to more closely reflect current market and economic conditions. The replacement stock options vest over three years and expire on the fifth business day following the three-year anniversary of the date of grant.

Compensation for Mr. James Gower, Chairman and CEO

The Compensation Committee believes that Mr. Gower's salary for the year ended December 31, 2003 was consistent with the criteria described above and with the Compensation Committee's evaluation of his overall leadership and management of the Company. Mr. Gower was granted options to purchase 270,000 shares of the Company's common stock as compensation for fiscal year 2003. Based on compensation data for comparable companies and the Compensation Committee's assessment of his past performance and its expectations as to his future contributions in directing the Company's long-term success, Mr. Gower's annual salary was increased from \$330,000 in 2002 to \$340,512 in 2003. Mr. Gower did not receive a cash bonus as compensation for his services during fiscal year 2003.

Summary

The Compensation Committee believes that the Company's compensation policy has been successful in attracting and retaining qualified employees and in tying compensation directly to corporate performance relative to corporate goals. The Compensation Committee believes that the Company is maintaining competitive salaries and incentives for the Company's employees and executive officers. The Company expects its compensation practices and policies to continue to evolve over time as it attempts to satisfy the expectations and needs of its employees while maintaining the Company's focus on building long-term stockholder value in a highly competitive and rapidly changing business environment.

The undersigned members of the Compensation Committee have submitted this Report of the Compensation Committee:

Jean Deleage, PhD
Walter H. Moos, PhD
Nicholas Simon, III

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Our Compensation Committee currently consists of three independent directors: Drs. Deleage and Moos and Mr. Simon. No member of the Compensation Committee is currently, or ever has been, an officer or employee of Rigel. No executive officer of Rigel has served as a member of the Board of Directors or compensation committee of any entity that has one or more executive officers serving as a member of our Board of Directors or Compensation Committee.

On June 26, 2003, we completed a private placement of common stock and warrants to purchase common stock led by MPM Capital that included Frazier Healthcare, Alta Partners and HBM BioVentures. Frazier Healthcare, Alta Partners and HBM BioVentures were stockholders of Rigel prior to the private placement. Dr. Deleage, a member of our Board of Directors and our Compensation Committee, is a managing general partner of Alta Partners. Dr. Deleage abstained from participation in meetings related to and voting on the private placement and related matters brought before the Board of Directors as he is affiliated with Frazier Healthcare, an investor who was negotiating the private placement with Rigel. In addition, Mr. Simon, a managing member of MPM BioVentures III LLC and MPM Asset Management Investors 2003 BVIII, LLC, two investors affiliated with MPM Capital, was appointed to our Board of Directors and our Compensation Committee in compliance with a contractual obligation that for so long as MPM Capital holds at least 10% of the outstanding shares of our common stock, we are required to use our commercially reasonable best efforts to (i) cause two designees of MPM Capital to be nominated and elected to our Board of Directors; (ii) appoint one designee to serve on the nominating committee of our Board of Directors; and (iii) appoint one designee to serve on the compensation committee of our Board of Directors.

PERFORMANCE MEASUREMENT COMPARISON³

The rules of the SEC require that we include in our proxy statement a line-graph presentation comparing cumulative stockholder returns on our common stock with the Nasdaq Composite Index (which tracks the aggregate price performance of equity securities of companies traded on the Nasdaq) and either a published industry or line-of-business standard index or an index of peer companies selected by us. We have elected to use the Nasdaq Biotechnology Index (consisting of a group of approximately 75 companies in the biotechnology sector) for purposes of the performance comparison that appears below.

The graph shows the cumulative total stockholder return assuming the investment of \$100 and the reinvestment of dividends and is based on the returns of the component companies weighted according to their market capitalizations as of the end of each period for which returns are indicated. No dividends have been declared on our common stock. The graph commences as of December 31, 2000. The stockholder return shown on the graph below is not necessarily indicative of future performance, and we do not make or endorse any predictions as to future stockholder returns.

CERTAIN TRANSACTIONS

On June 26, 2003, Rigel completed a private placement with net proceeds of approximately \$45 million led by MPM Capital that included Frazier Healthcare, Alta Partners and HBM BioVentures. Frazier Healthcare, Alta Partners and HBM BioVentures were stockholders of Rigel prior to the private placement. Dr. Deleage, a member of our Board of Directors, is a managing general partner of Alta Partners, and Mr. Frazier, also a member of our Board of Directors, is a managing principal of Frazier Healthcare. In the private placement, we issued 7,986,110 shares of our common stock at a price of \$5.76 per share and warrants to purchase an additional 1,597,221 shares of our common stock at an exercise price of \$5.76 per share. As a condition to the investors' execution of a purchase agreement providing for the private placement, certain of our stockholders who are affiliates of Rigel, including Alta Partners, Frazier Healthcare, James M. Gower, our chief executive officer and chairman of the board, and Donald G. Payan, our executive vice president and chief scientific officer and a director, entered into voting agreements with MPM Capital that required these stockholders to vote all of their shares of common stock in favor of approval of proposals related to the private placement at the 2003 Annual Meeting of Stockholders. Dr. Deleage and Mr. Frazier abstained from participation in meetings related to and voting on the private placement and related matters brought before the Board of Directors as both directors are affiliated with investors who were negotiating the private placement with Rigel. In connection with the closing of a private placement on June 26, 2003, Dr. Henner and Mr. Simon were appointed to our Board of Directors, Dr. Henner was appointed to our Nominating Committee and Mr. Simon was appointed to our Compensation Committee. We are contractually obligated, for so long as MPM Capital holds at least 10% of the outstanding shares of our common stock, to use our commercially reasonable best efforts to (i) cause two designees of MPM Capital to be nominated and elected to our Board of Directors; (ii) appoint one designee to serve on the nominating committee of our Board of Directors; and (iii) appoint one designee to serve on the compensation committee of our Board of Directors. In addition, or so long as MPM Capital holds at least 10% of the outstanding shares of our common stock, MPM Capital will be entitled to appoint a representative to attend all of the regularly scheduled meetings of our Board of Directors in a non-voting observer capacity. (the "Investors") are entitled to certain rights with respect to registration under the Securities Act of shares of our common stock that they hold. These rights are provided under a Second Investor Rights Agreement, dated June 26, 2003. If we propose to register any of our securities under the Securities Act, either for our own account or for the account of others, these holders are entitled to notice of the registration and are entitled to include, at our expense, their shares of common stock in the registration and any related underwriting, provided, among other conditions, that the underwriters may limit the number of shares to be included in the registration. In addition, these holders may require us, at our expense, and on not more than three occasions and subject to certain limitations, to file a registration statement under the Securities Act with respect to their shares of common stock, and we will be required to use our best efforts to effect the registration. Further, these holders may require us at our expense to register their shares on Form S-3, subject to certain limitations. Pursuant to the registration rights set forth in Section 2.1 of the Second Investor Rights Agreement, we registered an aggregate of 9,583,331 shares of common stock held by the Investors. These shares were registered on a Registration Statement on Form S-3 filed with the SEC on July 10, 2003 (File No. 333-106942), declared effective by the SEC on July 23, 2003 and a prospectus was filed that same day. A preliminary prospectus supplement was filed on February 9, 2004 and a final prospectus supplement was filed on February 20,

2004 in connection with a public offering of a portion of the registered shares. In addition to the registration rights described above, pursuant to the Second Investor Rights Agreement, each Investor, so long as it holds at least 10% of our outstanding common stock, will have the right to participate in certain securities offerings we do by purchasing its pro rata share of any common or preferred stock or other securities issued by us in the future. Such right of participation will be subject to certain customary exclusions. In addition, we will be prohibited from offering participation rights, rights of first refusal, rights of first offer or similar rights to any holder or prospective holder of our securities on terms more favorable than, or in preference to, the participation rights granted to the Investors.

We have entered into indemnification agreements with our directors and certain officers for the indemnification and advancement of expenses to these persons to the fullest extent permitted by law. We also intend to enter into those agreements with our future directors and officers.

We have an employment agreement with Dr. Payan, our Executive Vice President and Chief Scientific Officer, dated as of January 16, 1997, which was amended in March 2003. Pursuant to the terms of the amended agreement, Dr. Payan is entitled to receive an annualized base salary of \$185,000 and was issued 83,333 shares of our common stock. As of January 16, 2000, all such shares were fully vested and not subject to a right of repurchase by us. Either Rigel or Dr. Payan may terminate his employment at any time for any reason. If we terminate Dr. Payan's employment without cause, he will receive a severance payment equal to his annual base salary in effect at the date of termination.

We have an employment agreement with Dr. Grossbard, our Senior Vice President and Medical Director, dated as of March 18, 2002. Pursuant to the terms of the agreement, Dr. Grossbard is entitled to receive an annualized base salary of \$275,000 and was issued an option to purchase 27,778 shares of our common stock. In 2003, all of these options were tendered for cancellation and subsequently regranted at an exercise price of \$9.20 per share under the repricing plan approved by our stockholders. Either Rigel or Dr. Grossbard may terminate his employment at any time for any reason.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries, such as brokers, to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are Rigel stockholders may be "householding" our proxy materials. A single proxy statement may be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in "householding" and would prefer to receive a separate proxy statement and annual report, please notify your broker directly or direct your written request to: Secretary, Rigel Pharmaceuticals, Inc., 1180 Veterans Boulevard, South San Francisco, CA 94080 or contact Secretary, Rigel Pharmaceuticals, Inc. at (650) 624-1100. Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request "householding" of their communications should contact their broker.

OTHER MATTERS

Our Board of Directors knows of no other matters that will be presented for consideration at the annual meeting. If any other matters are properly brought before the annual meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.

By Order of the Board of Directors

James H. Welch
Secretary

April 29, 2004

A copy of our Annual Report on Form 10-K for the fiscal year ended December 31, 2003 is available without charge upon written request to: Investor Relations, Rigel Pharmaceuticals, Inc., 1180 Veterans Boulevard, South San Francisco, CA 94080.

16. To review with the Auditors and, if appropriate, management, any management or internal control letter issued or, to the extent practicable, proposed to be issued by the Auditors and management's response, if any, to such letter, as well as any additional material written communications between the Auditors and management.

audit steps taken in the event of material control deficiencies. The Committee shall also review with the Auditors and management the annual internal control report of management and the Auditors' attestation report proposed to be included in the Company's Annual Reports on Form 10-K to be filed with the SEC.

19. Periodically, to meet in separate sessions with the Auditors and management to discuss any matters that the Committee, the Auditors or management believe should be discussed privately with the Committee.

20. To consider and review with management, the Auditors, outside counsel, as appropriate, and, in the judgment of the Committee, such special counsel, separate accounting firm and other consultants and advisors as the Committee deems appropriate, any correspondence with regulators or governmental agencies and any published reports that raise material issues regarding the Company's financial statements or accounting policies.

21. To oversee established procedures, when and as required by applicable laws and rules, for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and the confidential and anonymous submission by employees, consultants, vendors, etc. of concerns regarding questionable accounting or auditing matters.

22. To review with counsel, the Auditors and management, as appropriate, any significant regulatory or other legal or accounting initiatives or matters that may have a material impact on the Company's financial statements, compliance programs and policies if, in the judgment of the Committee, such review is necessary or appropriate.

23. To review the results of management's efforts to monitor compliance with the Company's programs and policies designed to ensure adherence to applicable laws and rules, as well as to its Code of Conduct, including review and approval of related-party transactions as required by Nasdaq rules.

24. To investigate any matter brought to the attention of the Committee within the scope of its duties if, in the judgment of the Committee, such investigation is necessary or appropriate.

25. To prepare the report required by the rules of the SEC to be included in the Company's annual proxy statement.

26. To review and assess the adequacy of this charter annually and recommend any proposed changes to the Board for approval.

27. 28. To adopt written procedures for the confidential receipt, retention and consideration of any report of evidence of a material violation under Rule 205.3 of the Rules of Professional Conduct.

29. To carry out the responsibilities of a QLCC as set forth in the Rules of Professional Conduct.

30. To perform such other functions and to have such powers as may be necessary or appropriate in the efficient and lawful discharge of the foregoing.

It shall be the responsibility of management to prepare the Company's financial statements and periodic reports and the responsibility of the Auditors to audit those financial statements.
