TO BE HELD ON JUNE 14, 2011**

GENERAL INFORMATION ABOUT VOTING

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of Atlantic Tele-Network, Inc., a Delaware corporation, for use at the 2011 Annual Meeting of Stockholders to be held on June 14, 2011, or any adjournments or postponements thereof.

We are mailing this proxy statement together with our Annual Report to Stockholders for the year ended December 31, 2010 on or about May 10, 2011. Our Annual Report to Stockholders includes a copy of our Annual Report on Form 10-K for the fiscal year ended December 31, 2010, excluding exhibits.

Important Notice Regarding Internet Availability of Proxy Materials for the Annual Meeting of Stockholders to be held on June 14, 2011: This Proxy Statement and our 2010 Annual Report to Stockholders are available at <https://materials.proxyvote.com/049079>.

Who Can Vote

Only stockholders of record at the close of business on April 21, 2011 are entitled to vote at the Annual Meeting. On that date, 15,392,930 shares of common stock, par value \$0.01 per share, were outstanding, each share entitled to one vote. If your shares are registered directly in your name with our transfer agent, you are considered the stockholder of record with respect to those shares. If your shares are held in a brokerage account or by a bank or other holder of record, you are considered the beneficial owner of those shares. As a beneficial owner, you may direct your broker or other holder of record on how to vote your owned shares by following their instructions.

Voting

You may vote your shares held of record either by attending the meeting and voting in person or by proxy. To vote in person, you must attend the Annual Meeting and cast your vote. You do not need to register in advance to attend the Annual Meeting. If you choose to vote by proxy, you must complete, sign and date the enclosed proxy card and return it in the enclosed postage prepaid envelope. No postage is necessary if the proxy card is mailed in the United States. If you vote by mail and your proxy card is received in time for voting and not revoked, your shares will be voted at the Annual Meeting in accordance with your instructions as set forth on your signed proxy card. If no instructions are indicated, the shares represented by the proxy card will be voted by the proxy holders:

FOR the approval of an amendment to the Company's 2008 Equity Incentive Plan to increase the number of shares available for issuance under the plan;

FOR the approval of the compensation of our named executive officers;

FOR an advisory vote to approve the compensation of our named executive officers to take place EVERY THREE YEARS;

FOR the election of the director nominees named herein;

Table of Contents

FOR the ratification of the appointment of PricewaterhouseCoopers LLP (PwC) as our independent auditor; and

in accordance with the judgment of the proxy holders named on the proxy card as to any other matter that is properly brought before the Annual Meeting, or any adjournments or postponements thereof.

If you hold your shares through a bank, broker or other nominee, they will give you separate instructions for voting your shares and you must make arrangements with your broker, bank or other nominee in advance of the Annual Meeting to vote your shares in person.

Quorum

The holders of a majority of the outstanding shares of common stock entitled to vote at the Annual Meeting, whether present in person or represented by proxy, will constitute a quorum for the transaction of business at the Annual Meeting. If a quorum is not present at the Annual Meeting, the stockholders present may adjourn the Annual Meeting from time to time, without notice, other than by announcement at the meeting, until a quorum is present or represented. At any such adjourned meeting at which a quorum is present or represented, any business may be transacted that might have been transacted at the original meeting. Abstentions, votes withheld and broker non-votes will be counted for purposes of determining whether a quorum is present at the Annual Meeting.

Votes Required

Proposal 1, the vote to approve an amendment to the Company's 2008 Equity Incentive Plan to increase the number of shares available for issuance under the plan, requires the affirmative vote of a majority of the shares present, or represented by proxy, and entitled to vote on the matter.

Proposal 2, the advisory vote on the compensation of our named executive officers, requires the affirmative vote of a majority of the shares present, or represented by proxy, and entitled to vote on the matter.

Proposal 3, the advisory vote to determine the frequency of future advisory votes on the compensation of our named executive officers, requires an affirmative vote of a plurality of the shares cast and entitled to vote on the matter.

Proposal 4, the election of each director nominee, requires the affirmative vote of a plurality of the shares cast and entitled to vote on the matter.

Proposal 5, the ratification of the appointment of PricewaterhouseCoopers LLP (PwC) as our independent auditor for 2011, requires the affirmative vote of a majority of the shares present, or represented by proxy, and entitled to vote on the matter.

We will not count shares that abstain from voting ("abstentions") on a particular matter as votes in favor of such matter. Similarly, we will not count broker non-votes as votes in favor of such matter. A broker non-vote occurs when a broker cannot vote a customer's shares registered in the broker's name because the customer did not send the broker instructions on how to vote on the matter and the broker is prohibited by law or stock exchange regulations from exercising its discretionary voting authority in the particular matter. Accordingly, broker non-votes will have no effect on the outcome of voting on Proposals 1, 2, 3 or 4. Brokers will be entitled to vote a customer's shares in their discretion on Proposal 5, so there will be no broker non-votes on that proposal. However, abstentions will be considered to be votes present and entitled to vote on Proposals 1, 2 and 5, and they will have the effect of a vote against these proposals. Inspectors of election appointed by our Board will tabulate votes.

Revocability of Proxies

A proxy may be revoked at any time before it is exercised by delivering a written revocation or a duly executed proxy card bearing a later date to Atlantic Tele-Network, Inc., Attn: Secretary, 600 Cummings Center, Beverly, MA 01915. If you hold your shares through a bank, broker or other nominee, you must make arrangements with your broker, bank or other nominee to revoke your proxy.

Solicitation Expenses

We will bear all costs of solicitation of proxies. In addition to solicitations by mail, our directors, officers and regular employees, without additional remuneration, may solicit proxies by telephone, telecopy and personal interviews. We will request brokers, banks, and other holders of record to forward proxy soliciting material to beneficial owners. To our knowledge, based solely on review of the copies of such forms furnished to us and written representations from our executive officers and directors, for the fiscal year ended December 31, 2010, all Section 16(a) reports applicable to our executive officers, directors and 10% stockholders were timely filed, except as described below.

PROPOSAL 1: AMENDMENT TO THE 2008 EQUITY INCENTIVE PLAN TO INCREASE THE NUMBER OF SHARES AVAILABLE FOR ISSUANCE UNDER THE PLAN

On March 16, 2011, our Board of Directors approved an amendment to the ATN 2008 Plan to increase the number of shares of our common stock ("ATN Common Stock") available for issuance under the Atlantic Tele-Network, Inc. 2008 Equity Incentive Plan, as amended (the "ATN 2008 Plan"), from 1,500,000 to 2,000,000 shares, subject to the approval of the Company's stockholders. The primary reason for this increase is to facilitate the new equity compensation arrangements that the Company has put in place in connection with its new subsidiary, Allied Wireless Communications Corporation ("AWCC"), as described below, as well as to have these shares available for general use under the terms of the ATN 2008 Plan.

Background

In the second quarter of 2010, we completed our acquisition of a portion of the former Alltel business from Verizon Wireless (the "Alltel Acquisition"), the largest and most significant acquisition we have undertaken. As a result, we entered the competitive U.S. retail wireless business, established a headquarters for this business in Little Rock, Arkansas, recruited a management team for our AWCC subsidiary to operate the wireless assets as a stand-alone business and hired approximately 800 employees, many of whom are former employees of Alltel Corporation.

In order to provide competitive compensation opportunities for our new AWCC employees, we established the Allied Wireless Communications Corporation 2011 Equity Incentive Plan (the "AWCC Plan") in January 2011. As discussed in our Form 10-K filed with the Commission on March 16, 2011, employees of AWCC are eligible to receive equity incentive awards of up to an aggregate of 1,050,000 shares of AWCC common stock, or approximately 10.5%, of the outstanding common stock of AWCC. AWCC has granted awards in the form of Restricted Stock and Stock Options to its employees representing an aggregate of 1,043,000 underlying shares of AWCC common stock under the AWCC Plan.

Beginning in September 2012, employees who received Restricted Stock under the AWCC Plan have the ability to require AWCC to repurchase up to 650,000 shares of their vested Restricted Stock, subject to certain conditions (the "AWCC Employee Put Rights"). AWCC may satisfy the AWCC Employee Put Rights by purchasing such shares in cash or, at its election, in shares of ATN Common Stock (or a combination thereof) and pursuant to the terms and conditions of the Form of Shareholder Agreement filed herewith as *Appendix A* (the "AWCC Shareholder Agreement"). Any shares of ATN Common Stock issued in satisfaction of the AWCC Employee Put Rights would be issued pursuant to the ATN 2008 Plan.

Table of Contents

The AWCC Shareholder Agreement, along with the AWCC Plan and the Form of Restricted Stock Grant Agreement, which were filed as Exhibit 10.17 and 10.18, respectively, to our Form 10-K filed with the Commission on March 16, 2011, are collectively referred to as the "AWCC Plan Documents" and are incorporated herein by reference. Capitalized terms that are used but not defined in this summary have the meanings given to them in the AWCC Plan Documents.

Purpose of Increase in ATN 2008 Plan

We believe that the equity incentives provided in the AWCC Plan Documents, including the AWCC Put Rights in the AWCC Shareholder Agreement, will provide an effective means of recognizing employee contributions to the successful transition of our newly acquired U.S. retail wireless business, motivate high levels of performance for the future growth of our U.S. Wireless segment as a whole and help us to attract and retain high-performing employees. As a privately held subsidiary, AWCC does not have publicly available shares whose value can be traded for cash on an open market. The purpose of the AWCC Employee Put Rights is to provide a direct means for selected AWCC employees to participate in the value they have created at AWCC and the Company, by providing liquidity in the form of cash or ATN Common Stock. Increasing the size of the ATN 2008 Plan will give us the flexibility to issue shares under the ATN 2008 Plan to satisfy, in part or in whole, the payment of the AWCC Employee Put Rights. If this Proposal is not approved, we may not have the flexibility to satisfy, in part or whole, any AWCC Employee Put Right with shares of ATN Common Stock and instead would be required to make such payments in cash or greatly reduce the reserve of shares available for issuance to all other Company employees under the ATN 2008 Plan.

Furthermore, we reserve the right to use the increased size of the ATN 2008 Plan generally to make grants or awards, including awards of incentive stock options, to eligible persons in accordance with the terms of the ATN 2008 Plan. Our Board of Directors believes it is important to our continued success that we have an adequate reserve of shares available for issuance under the ATN 2008 Plan for use in attracting, motivating and retaining qualified employees, officers, directors and consultants.

Shares Currently Available Under the ATN 2008 Plan

Through April 21, 2011, we have granted awards of 370,875 options (excluding forfeitures) and 111,341 shares of restricted stock that remain outstanding under the ATN 2008 Plan, leaving us unused capacity of approximately 1,017,100 shares based on the authorized shares in effect prior to this Proposal. If approved by stockholders, we will add 500,000 additional shares of ATN Common Stock to the ATN 2008 Plan, for a total of 2,000,000 shares authorized for issuance under the ATN 2008 Plan. As of April 21, 2011, there were 15,392,930 shares of ATN Common Stock outstanding and the closing price of the Common Stock on NASDAQ on April 21, 2011, was \$35.41 per share.

As of April 21, 2011, the following options had been granted and remain outstanding under the ATN 2008 Plan to the individuals and groups indicated: an aggregate of 211,000 options to our named executive officers, including 80,000 options to our CEO, Michael T. Prior, 46,000 options to our CFO, Justin D. Benincasa, 28,000 options to our Senior Vice President, Corporate Development, William F. Terms of the ATN 2008 Plan

A summary of the significant terms of the ATN 2008 Plan is set forth as *Appendix B* to this Proxy Statement, and the ATN 2008 Plan itself is set forth as *Appendix C* to this Proxy Statement. We are not proposing any changes to the existing ATN 2008 Plan, other than the increase in the authorized shares thereunder. *Appendix B* is intended to provide only a summary of the principal features of the ATN 2008 Plan and is in all respects qualified by, and subject to, the actual terms and provisions of the attached ATN 2008 Plan.

The amendment described in this Proposal would increase the number of authorized shares under the ATN 2008 Plan to approximately 13% of the total outstanding ATN Common Stock as of April 21, 2011, from a number which currently represents about 10% of such outstanding shares. At this time, we cannot determine the exact number of shares of ATN Common Stock needed to satisfy the AWCC Employee Put Rights, as this number depends on several variables, including (i) the extent to which the AWCC Restricted Stock vests; (ii) the extent to which employees exercise their AWCC Employee Put Rights; (iii) the purchase price calculation, as described below; (iv) whether we elect to satisfy the purchase price with shares of ATN Common Stock or cash at the time of each exercise; and (v) the closing trading price of the ATN Common Stock at the time of each exercise. Our Board, however, believes that the level of increase sought in the Proposal is a reasonable request for this purpose, including for general awards under the ATN 2008 Plan.

AWCC Employee Put Rights

As noted above, of the 1,043,000 shares of AWCC common stock subject to outstanding awards, 650,000 shares of AWCC common stock that were awarded to certain executives of AWCC contain an AWCC Employee Put Right. These AWCC Employee Put Rights only apply to a designated number of vested shares (the "Puttable Shares") and the vesting occurs over a four-year graded vesting schedule commencing on an executive's hire date with AWCC (the "Effective Date"). The AWCC Employee Put Rights are exercisable in an amount up to (i) 50% of the Puttable Shares between the third and fifth anniversary of the Effective Date and (ii) all or a portion of the amount of the remaining Puttable Shares following the fifth anniversary of the Effective Date. Notwithstanding the foregoing, an executive may not "put" to AWCC more than 25% of his or her Puttable Shares in one fiscal quarter. The AWCC Employee Put Rights expire upon any change in control of AWCC or the Company.

If the AWCC Employee Put Right is exercised, the purchase price payable by AWCC equals the "fair value" of the AWCC common stock as of the date of exercise of the AWCC Employee Put Right, determined as follows: The fair value of AWCC common stock generally means a per share value that is determined by applying an implied multiple to AWCC's historical EBITDA (earnings before interest, taxes, depreciation and amortization). This implied multiple is based on the relationship between the Company's prior 60-day average trading price and its historical EBITDA. In other words, subject to certain adjustments for cash, indebtedness and preferred equity in AWCC held by the Company, AWCC common stock is generally valued for purposes of the AWCC Employee Put Right by applying the same EBITDA to price multiple to AWCC's EBITDA as is reflected by the multiple derived from the Company's trading price in relation to its EBITDA. At AWCC's sole discretion, it may pay the purchase price in cash or by issuing shares of ATN Common Stock (or a combination thereof). The value of any ATN Common Stock to be issued is determined based on the last reported sale price on NASDAQ on the trading day immediately prior to such date of determination. Any shares issued to AWCC executives in payment of purchase price shall be issued from the ATN 2008 Plan. No payments pursuant to the AWCC Put Rights have been made as of the date of this Proxy Statement.

Our Board has approved the performance of the Company's obligation under the AWCC Shareholder Agreements, including the issuance of shares of ATN Common Stock, at AWCC's election, in payment of the AWCC Put Rights and as further described herein.

Table of Contents

The foregoing is only a summary of the principal features of the AWCC Shareholder Agreement, and is in all respects qualified by, and subject to, the actual terms and provisions of AWCC Shareholder Agreement attached hereto as Appendix A.

New Plan Benefits

If the amendment of the ATN 2008 Plan is approved, our Board and Compensation Committee will be able to grant awards to eligible participants at its discretion. Consequently, with the exception noted below with respect to non-employee directors, it is not possible to determine at this time the amount or dollar value of awards to be provided under the ATN 2008 Plan. We grant to each of our non-employee directors (excluding our Chairman) an annual retainer, which includes shares of common stock valued at \$35,000 on the date of grant. No payments pursuant to the AWCC Put Rights have been made as of the date of this Proxy Statement.

Required Vote

The approval of the amendment of the ATN 2008 Plan to increase the number of shares available for issuance under the ATN 2008 Plan by 500,000 shares requires a majority of the votes present, or represented by proxy, at the Annual Meeting and entitled to vote thereon.

PROPOSAL 2: ADVISORY VOTE ON EXECUTIVE COMPENSATION

Our Board is providing stockholders with the opportunity to cast an advisory vote on the compensation of our named executive officers for the fiscal year ended December 31, 2010. This proposal, also commonly referred to as a "Say on Pay" vote, gives our stockholders the opportunity to approve or not approve our executive compensation policies and programs and the compensation actually paid to our named executive officers. This resolution is required pursuant to Section 14A of the Securities Exchange Act.

Please review the Compensation Discussion and Analysis beginning on page 23 and the accompanying tabular and other disclosures on executive compensation beginning on page 30, and cast a vote either to endorse or not endorse our executive compensation program. A vote "For" this proposal is an advisory vote approving the compensation of our named executive officers, including its compensation practices and principles and their implementation, as discussed and disclosed pursuant to the Securities and Exchange Commission's compensation disclosure rules in the Compensation Discussion and Analysis, the compensation tables, and any narrative executive compensation disclosure contained in this proxy statement.

The Compensation Committee and the Board believe our executive compensation programs use appropriate structures and policies that are effective in achieving our Company goals and objectives. Accordingly, the Board recommends that you vote in favor of the following resolution:

"RESOLVED, that the stockholders approve the compensation of the Company's named executive officers, as disclosed in the Compensation Discussion and Analysis and Executive Compensation sections contained in this Proxy Statement."

The Say on Pay vote is advisory in nature, and therefore, is not binding on our Compensation Committee or Board. Although the vote is non-binding, our Compensation Committee will review the voting results, seek to determine the cause or causes of any significant negative voting, and take them into consideration when making future decisions regarding executive compensation programs.

Required Vote

The approval, on an advisory and non-binding basis, of the compensation of our named executive officers requires the affirmative vote of a majority of the shares present, or represented by proxy, and entitled to vote thereon.

Recommendation of our Board of Directors

OUR BOARD RECOMMENDS THAT YOU VOTE **FOR** APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.

**PROPOSAL 3: ADVISORY VOTE ON FREQUENCY
OF EXECUTIVE COMPENSATION VOTE**

The following proposal gives our stockholders the opportunity to inform us as to how often you wish the Company to include a "Say on Pay" proposal (similar to Proposal 2) in our Proxy Statement. This resolution is required pursuant to Section 14A of the Securities Exchange Act. You may elect to have the vote held every year, every two years or every three years, or you may abstain. While our Board intends to carefully consider the stockholder vote resulting from the proposal when making decisions regarding the inclusion of "Say on Pay" proposals in future proxy statements, the final vote is advisory in nature and will be non-binding. At least once every six years, stockholders will be asked to vote on the frequency with which a "Say on Pay" proposal should be included in future proxy statements.

The Board of Directors recommends that you vote to hold an advisory vote on executive compensation every three years. We believe that a triennial vote on executive compensation will provide stockholders with a more accurate window for evaluating Company performance trends and allow our Board the time for more thoughtful analysis in weighing our compensation policies against the Company's performance. We believe in taking a long term approach to operating our Company's business, and believe that our approach to management compensation should mirror this strategy. By reviewing executive compensation every three years, stockholders will have the benefit of multiple performance periods to better evaluate the way our Board has measured executive compensation against Company performance over that time period.

Required Vote

The Stockholders will indicate their selection, on an advisory and non-binding basis, the frequency with which "Say on Pay" proposals are included in future proxy statements by a plurality of the votes cast.

Recommendation of our Board of Directors

OUR BOARD RECOMMENDS THAT YOU VOTE **FOR** APPROVAL OF AN ADVISORY VOTE ON EXECUTIVE COMPENSATION OCCURRING EVERY THREE YEARS.

PROPOSAL 5: RATIFICATION OF SELECTION OF INDEPENDENT AUDITOR

The Audit Committee of our Board of Directors has selected PricewaterhouseCoopers LLP (PwC) as our independent auditor to perform the audit of our financial statements and our internal control over financial reporting for 2011. In making its selection, the Audit Committee conducted a thorough review of PwC's performance, including consideration of the following:

PwC's performance on the audit, including the quality of the engagement team and the firm's experience, client service, responsiveness and technical expertise;

The record of the firm against comparable accounting firms in various matters such as regulatory, litigation and accounting matters;

The firm's financial strength and performance; and

The appropriateness of fees charged by the firm.

PwC was our independent auditor for the year ended December 31, 2010.

The Board of Directors recommends that stockholders ratify the selection of PwC as our independent auditor. Although ratification is not required by our bylaws or otherwise, the Board is submitting the selection of PwC to our stockholders for ratification as a matter of good corporate practice. If the selection is not ratified, the Audit Committee will consider whether it is appropriate to select another registered public accounting firm. Even if the selection is ratified, the Audit Committee in its discretion may select a different registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

Required Vote

The ratification of the appointment of PwC as our independent auditor for 2011 requires the affirmative vote of a majority of the shares present, or represented by proxy, at the Annual Meeting and entitled to vote thereon.

Recommendation of our Board of Directors

CORPORATE GOVERNANCE

General

The role of the Board of Directors is to ensure that we are managed for the long-term benefit of our stockholders. The Board periodically reviews and advises management with respect to our annual operating plans and strategic initiatives. The Board has adopted corporate governance principles to assure full and complete compliance with all applicable corporate governance standards.

During the past year, we have reviewed our corporate governance practices in comparison to the practices of other public companies and to ensure they comport with guidance and interpretations provided by the SEC and the Nasdaq Stock Market.

We have adopted a written Code of Ethics that applies to all of our employees and agents, including, but not limited to, our principal executive officer, principal financial officer and principal accounting officer, or persons performing similar functions. Our Code of Ethics, Compensation Committee Charter and Audit Committee Charter are available on our website at ir.atni.com and may be obtained free of charge upon request by writing to us at Atlantic Tele-Network, Inc., Attn: Secretary, 600 Cummings Center, Beverly, MA 01915.

Board Leadership Structure

Our Board of Directors is committed to maintaining responsible and effective corporate governance and is focused on the interests of our stockholders. It has determined that its leadership structure, including Mr. Cornelius B. Prior, Jr. serving as Chairman, our Chief Executive Officer serving as a director, and the composition of independent directors for each of the Audit and Compensation Committees of the Board, best serves the Company and its stockholders. Our Board brings strong leadership and industry expertise to inform the management and direction of the Company on behalf of our stockholders. Mr. C.B. Prior, Jr., who has served as our Chairman since 1997, was also our Chief Executive Officer until December 2005. He controls approximately 36% of our outstanding common stock and possesses extensive investment and financial management experience and has a long history and familiarity with the Company and many of its Caribbean operating markets. Management and the Board of Directors work together to try to focus the Board on major questions of governance, succession and setting the Company's overall operating and investment strategy.

Determination of Independence

Nasdaq rules require that a majority of our directors be "independent" and that we maintain a minimum three-person audit committee whose members satisfy heightened independence requirements. A director qualifies as "independent" if our Board affirmatively determines that the director does not have a relationship with us, an affiliate of ours, or otherwise which, in the opinion of the Board, would interfere with the exercise of independent judgment in discharging his or her duties as a director. Nasdaq rules preclude an affirmative determination by the Board that a director is independent if:

a director who is, or was at any time during the past three years, employed by us or by any subsidiary of ours;

a director who accepted or has a family member who accepted any compensation from us or any subsidiary of ours in excess of \$120,000 during any period of twelve consecutive months within the three years preceding the determination of independence, other than: (i) compensation for board or board committee service, (ii) compensation paid to a family member who is an employee (other than the executive officer) of the company, or (iii) benefits under a tax-qualified retirement plan, or non-discretionary compensation;

a director who is a family member of an individual who is, or at any time during the past three years was, employed by us or a subsidiary of ours as an executive officer;

Table of Contents

a director who is, or has a family member who is, a partner in, or a controlling stockholder or an executive officer of, any organization to which we made, or from which we received, payments for property or services in the current or any of the past three fiscal years that exceed the greater of 5 percent of the recipient's consolidated gross revenues for that year, or \$200,000, whichever is more, other than: (i) payments arising solely from investments in our securities or (ii) payments under non-discretionary charitable contribution matching programs;

a director who is, or has a family member who is, employed as an executive officer of another entity where at any time during the past three years any of our executive officers have served on the compensation committee of such other entity; or

a director who is, or has a family member who is, a current partner of our outside auditor, or was a partner or employee of our outside auditor who worked on our audit at any time during any of the past three years.

Based on the Nasdaq rules, our Board has determined that Messrs. Budd, Cunningham, Flynn and Roesslein are independent for purposes of SEC rules and Nasdaq listing compliance. Our Board's determinations included reviewing the following relationships and transactions, which the Board concluded did not affect the independence of the applicable director or director nominee:

Mr. Budd. Mr. Budd is a former partner of the law firm of Day, Berry and Howard, LLP, which is now known as Day Pitney LLP ("Day Pitney"), and had served as our general outside counsel for a number of years until his retirement on December 31, 2006. From time to time, our Chairman has engaged, in an individual capacity, Day Pitney for legal services.

Mr. Cunningham. Baltimore Technology Park, LLC, which is majority owned by Mr. Cunningham and his wife, manages the web hosting facilities of the University of the Virgin Islands Research and Technology Park (the "Technology Park"), located in the US Virgin Islands. Tropical Tower, Ltd., a separate company majority owned by our Chairman, has provided certain telecommunications services to the Technology Park.

Director Nomination Process

Our Board does not have a standing nominating committee or any other committee performing similar functions or a charter governing the nomination process. Instead, our independent directors consider director nominees, whether proposed by a stockholder or identified through the Company's processes, in accordance with our Nominating Guidelines and Procedures, as adopted by the Board in February 2007. The independent directors do not rely on a fixed set of qualifications for director nominees but apply general criteria intended to ensure that the Board includes members with significant breadth of experience, knowledge and abilities as well as financial and industry expertise to assist the Board in performing its duties. Minimum qualifications for director nominees include: a reputation for integrity, honesty and adherence to high ethical standards; demonstrated business acumen, experience and judgment related to the objectives of the Company; and the commitment to understand the Company and its industry and actively participate on the Board. Our Board is committed to diversity, and also considers nominees based on their differences of viewpoint, professional experience, education, skill and other characteristics. Director nominees are then recommended to the Board by a majority of our independent directors. In view of the responsibility conferred on the independent directors and the procedures and criteria identified in the Nominating Guidelines and Procedures, our Board feels that there is no additional benefit to us or to our stockholders from the creation of a nominating committee at this time.

In selecting director nominees pursuant to the Nominating Guidelines and Procedures, the Board's independent directors shall consider candidates submitted by stockholders and shall evaluate such candidates in the same manner and using the same criteria as all other director nominee candidates. To submit a director nominee candidate, stockholders should submit the following information: (a) the

Table of Contents

candidate's name, age and address, (b) a brief statement of the reasons the candidate would be an effective director, (c) the candidate's principal occupation or employment for the past five years and information about any positions on the board of directors of other companies, (d) any business or other significant relationship the candidate has had with us and (e) the name and address of the stockholder making the submission. The Board's independent directors may also seek additional information regarding the director nominee candidate and the stockholder making the submission. All submissions of director nominee candidates made by stockholders should be sent to Atlantic Tele-Network, Inc., Attn: Secretary, 600 Cummings Center, Beverly, MA 01915 and must comply with applicable timing requirements.

Risk Management and Risk Assessment

In accordance with Nasdaq requirements, our Audit Committee has the primary responsibility for the oversight of risk management and risk assessment, including the Company's major financial risk exposures and the steps management has undertaken to control such risks. Our Board of Directors remains actively involved in such oversight of risk management and assessment and receives periodic presentations from our executive officers and certain of their direct reports, as the Board of Directors may deem appropriate. This includes discussions of the Company's balance sheet and capital structure in light of potential capital needs and projections of operating cash flows and the risks to such cash flows. While the Board of Directors maintains such oversight responsibility, management is responsible for the day-to-day risk management processes and makes detailed recommendations on sources and uses of capital. The Board of Directors believes this division of responsibility is the most effective approach for addressing the risks facing the Company. As a general matter, management and the Board of Directors' seek to mitigate major risks to the Company's financial condition by striving to maintain a level of debt to cash flows that allows the Company to survive short-term unforeseen reductions in cash flow or unanticipated large capital spending needs. To date, the Board of Directors believes that the Company has maintained a much more conservative level of debt (relative to cash flows) than most of its peers in the telecommunications industry.

For the year ended December 31, 2011, our management, in consultation with the Board, reviewed the Company's compensation policies and practices for employees generally as they relate to risk management. As part of this process, management reviewed the Company's cash and equity incentive compensation plans and practices applicable to all employees to determine whether such programs create incentives that might motivate inappropriate or excessive risk-taking. In the course of such review, the following mitigating features of the Company's incentive compensation programs were considered: (1) the Company's focus on multiple year vesting periods for all equity compensation; (2) management's practice of conservative awards of annual cash bonus payments; (3) the relatively low level of stock option participation among senior management; and (4) the use of restricted stock awards to encourage management to balance "upside" and "downside" risk. As a result of this process, there were no recommended changes to the Company's incentive compensation programs.

Compensation Committee

The Compensation Committee met twice during 2010, and the Chairman of the Compensation Committee consulted and met several times with our Chief Executive Officer. The Compensation Committee also met once during 2011 to discuss 2010 compensation and bonus awards. The functions of the Compensation Committee include:

Reviewing and determining the compensation of our Chief Executive Officer and reviewing and recommending to the Board the compensation of our other executive officers;

Reviewing with the Chief Executive Officer the non-equity compensation of the managers of the Company's key operating units;

Developing, administering and taking all action required or permitted to be taken by the Board under our stock-based incentive plan;

Reviewing and recommending to the Board the compensation of our directors;

Reviewing and making recommendations to the Board regarding the level, coverage, and competitiveness (based on industry data) of our compensation (including salary and bonus), incentives (both current and long-term), benefits (including profit sharing, group health coverage, disability coverage and life insurance benefits, and use of our stock in option, bonus, or appreciation arrangements), and other perquisites; and

Undertaking such other functions as are assigned to the Compensation Committee by the Board.

The Compensation Committee meets several times each year to carry out these responsibilities. Early in the year, the Compensation Committee begins its analysis by reviewing the compensation trends and practices of the Company's identified peer group against the current compensation of the Company's Chief Executive Officer and to some extent, the Company's other executive officers. Following this review, the Chief Executive Officer typically meets with the Chairman in order to discuss the draft compensation recommendations, performance analysis and future objectives of each of the executive officers of the Company and provides the Compensation Committee with a memorandum detailing the Company's performance and individual executive officer performance for the year. Upon the request of the Compensation Committee, the Chief Executive Officer may engage in a detailed discussion of the performance of an executive officer or a manager of the Company's key operating units. The Compensation Committee, upon authorization by the Board of Directors, has delegated to the Chief Executive Officer the power to make a limited number of awards under the Company's 2008 Equity Plan to certain key employees of the Company, following consultation with the Compensation Committee.

The Compensation Committee determines the compensation of the Chief Executive Officer in an executive session, following its review of the CEO's performance against his goals for the year, the growth and performance of the Company, his leadership skills for the previous year, his self-analysis and for the prior year's performance, and any other relevant factors.

For further information about the Compensation Committee's practices, please see "Compensation Discussion and Analysis," under "Executive Officer Compensation," below.

Compensation Committee Interlocks and Insider Participation

During or prior to the fiscal year ended December 31, 2010, no member of our Compensation Committee was an officer or employee of ours or our subsidiaries or, to our knowledge, had relationships requiring disclosure under the SEC rules. In making these statements, we have relied in part upon representations of those directors.

Table of Contents**INDEPENDENT AUDITOR**

PwC has audited our accounts since 2002. Our Audit Committee has appointed PwC to be our independent registered public accounting firm for 2011 and we are asking stockholders to ratify this appointment in Proposal 5. A representative of PwC is expected to be at the meeting and will have an opportunity to make a statement and respond to questions.

Audit Committee Pre-Approval Policy and Procedures

In accordance with its written charter, our Audit Committee pre-approves all audit and non-audit services, including the scope of contemplated services and the related fees, to be performed by PwC, our independent registered public accounting firm. The Audit Committee's pre-approval of non-audit services involves consideration of the impact of providing such services on PwC's independence. The Audit Committee is also responsible for ensuring that any approved non-audit services are disclosed to stockholders in our reports filed with the SEC. PwC did not perform any non-audit services for us in fiscal years 2010 or 2009.

Audit Committee Report

As members of the Audit Committee of the Board of Directors of Atlantic Tele-Network, Inc., we have reviewed and discussed with management our audited financial statements as of and for the year ended December 31, 2010.

The Audit Committee discussed with the independent registered public accountants the matters required to be discussed by Statement of Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

The Audit Committee received from the independent registered public accountants the written disclosures and letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accountants' communications with the Audit Committee concerning independence, discussed their independence with them and satisfied itself as to the independence of the independent registered public accountants.

EXECUTIVE OFFICER COMPENSATION

Compensation Discussion and Analysis

Our Compensation Committee of the Board of Directors has responsibility for establishing, implementing and maintaining the compensation program for our executive officers. For the purposes of this Compensation Discussion and Analysis, "executive officers" and "executives" means the individuals who served as our Chief Executive Officer and Chief Financial Officer during fiscal 2010, as well as the other individuals included in the *Summary Compensation Table* on page 30 below.

Compensation Philosophy

The primary objective of our executive compensation program is to attract, retain and reward executive officers who contribute to our long-term success and to maintain a reasonably competitive compensation structure as compared with similarly situated companies. We seek to align compensation with the achievement of business objectives and individual and Company performance. The annual cash bonus opportunity together with equity compensation that we provide our executive officers are our main incentive compensation tools to accomplish this alignment, as described below.

A core principle of our compensation philosophy is that we believe a successful compensation program requires the application of judgment and subjective determinations of individual performance. We do not apply a formulaic or mathematical approach to executive compensation. Our Compensation Committee retains discretion to apply its judgment to adjust and align each individual element of our compensation program with the broader objectives of our compensation program and the overall performance and condition of our company at the time final compensation decisions are made. We believe that our relatively lean management structure, the level of communications between our Board of Directors and our senior management team and our corporate culture give us the opportunity to use this approach.

We do not have any employment, severance or change of control agreements with any of our executive officers. To date, we have not relied on executive compensation consultants. From time to time, our Compensation Committee does consider the compensation of executive officers at other companies in order to assess the compensation that we offer our executive officers, as discussed below.

External Market Practices and Our Positioning

Generally, we seek to offer executive compensation that is reasonably competitive with companies of a similar size particularly publicly traded telecommunications companies. Defining a relevant "peer group" for us has been historically difficult because we have the complexity and geographic diversity (and attendant travel demands) of large multi-national companies but have similar total revenues and market capitalization to companies that tend to be focused on a very limited geographic area and provide limited services. Nonetheless, we believe that comparisons to certain other companies can provide us with a useful basic check, mainly for the compensation of our Chief Executive Officer and Chief Financial Officer.

For 2010, our Compensation Committee referred to the executive compensation paid in previous years at the following group of companies: Alaska Communications Systems Group, Inc., iPCS, Inc., Cincinnati Bell, Inc., Knology, Inc., NTELOS Holdings Corp., and Leap Wireless International Inc. Our Compensation Committee believed that these companies provided us with helpful indicators of competitive executive compensation levels and pay mix because, as a group, they had the following characteristics that are similar to ours: (1) they are telecommunications and technology companies; (2) several of them have both wireless and wireline operations; and (3) several of them are of similar size to the Company. However, our Compensation Committee regards comparisons of us to these companies as reference points only as such; we did not seek to establish any benchmark in reference

Table of Contents

to these companies or to require changes in our executive compensation to match changes in those companies' compensation.

Role of Chief Executive Officer in Compensation Decisions

At the end of the year, our Chief Executive Officer evaluates the performance of our other executive officers and makes compensation recommendations to our Compensation Committee based upon those evaluations. Our Board has delegated to our Compensation Committee full discretion in its determination of the compensation to be paid to our Chief Executive Officer. The Compensation Committee interacts directly with the Chief Executive Officer to evaluate his performance, in addition to conducting its own independent assessment of his performance and the performance of the Company during the year.

Elements of Compensation

Overview

Our executive compensation program is focused on three separate elements:

base salary;

annual cash bonuses; and

equity awards.

Other than as described below, our Compensation Committee does not have any specific policies or targets for the allocation or "pay mix" of these compensation elements.

Base Salary

We seek to set the base salary of each executive at a level that is competitive, taking into account the overall compensation history of the particular executive and our other executives and the base salaries paid by similarly situated companies. In addition to merit-based changes when warranted, our Compensation Committee generally recommends that base salaries increase annually at a rate that is slightly above or below cost-of-living adjustments, as represented by indicators like the Consumer Price Index. In addition to merit-based changes, larger increases (or decreases) may be made based on a change in responsibilities for the executive. Factors such as the expansion of the Company and the financial condition and prospects of the Company may also influence the amount of annual salary adjustments. From time to time, comparative market factors also may cause the Compensation Committee to make or recommend increases above or below the normal cost-of-living range.

Below is a chart showing the base salary rates for 2010 for our named executive officers, in comparison to those in effect in 2009. The base salary increases for 2010 (with the exception of our Chief Executive and Chief Financial Officers) were all roughly in the range of cost-of-living increases, with the individual increases falling above or below that range based on previous increases, the history of the executive's compensation with the Company, any expansion or diminution of the executive's

Table of Contents

responsibilities and the Board's general sense of whether the executive's compensation is at or below the executive's value to the Company.

Named Executive Officer			Annualized
	2010	2009	Percent Increase from 2009
Michael T. Prior	\$ 525,000	\$ 450,000	16.7%
Justin D. Benincasa	\$ 265,000	\$ 240,000	10.4%
William F. Kreisher	\$ 225,000	\$ 217,500	3.4%
Leonard Q. Slap(1)	\$ 225,000		
Karl D. Noone(2)	\$ 210,000		
Douglas J. Minster	\$ 162,500	\$ 157,000	3.5%
John Audet	\$ 155,000	\$ 150,000	3.3%

(1) The amount listed in the table above reflects Mr. Slap's annualized base salary. Mr. Slap joined the Company in May 2010 and actually received \$129,808 in 2010 for his partial year of service to the Company.

(2) The amount listed in the table above reflects Mr. Noone's annualized base salary. Mr. Noone joined the Company in August 2010 and actually received \$76,731 in 2010 for his partial year of service to the Company.

For 2011, the Compensation Committee determined to increase Mr. M. Prior's base annual salary to \$540,000, an increase of 2.9%, compared to his annual base salary for 2010. This increase was broadly consistent with cost of living increases for other executives. The Committee believes that Mr. Prior's salary is below market for his position, particularly considering the geographic breadth of the Company's operations and the complexity of operating in different segments and different countries and other political jurisdictions. However, Mr. Prior expressed a preference towards keeping his salary increase in line with increases for other executives.

Annual Cash and Equity Bonuses

Annual Cash Bonus

We believe that a significant bonus opportunity, as measured as a percentage of the executive's base salary, motivates executive performance because it makes a significant amount of the executive's overall compensation contingent upon individual and company performance. Further, this approach enables the Company to avoid a higher fixed cost of annual base salaries and gives us the ability to control a major piece of compensation expense if the Company ever experiences a major business reversal.

For 2010, the annual bonus opportunity for our executive officers was as follows:

Named Executive Officer	2010 Annual Bonus Opportunity Expressed as % of Base Salary
Michael T. Prior	100%
Justin D. Benincasa	75%
William F. Kreisher	50%
Leonard Q. Slap	40%
Karl D. Noone	30%
Douglas J. Minster	35%
John Audet	50%

Table of Contents

The actual amount of annual cash bonus paid is based on a highly subjective and non-formulaic review of a number of factors, including the performance of the individual, the performance of the Company as a whole and the financial condition and prospects of the Company. Actual bonuses paid can be greater or less than, or equal to, the stated bonus opportunity. Although broad performance objectives are identified at the beginning of each year as means to align individual behavior with Company objectives, it is communicated to each executive that the Compensation Committee and the Board always have the full discretion to determine the extent to which bonuses will be paid or not, regardless of the achievement of any such objectives. In general, the Compensation Committee believes that the extent to which annual bonuses are paid to the most senior members of our management team, such as our Chief Executive Officer and Chief Financial Officer, should be significantly tied to overall Company performance (as assessed by the Compensation Committee) and stock performance. Because our other executive officers exercise less influence over us as a whole than the Chief Executive Officer and Chief Financial Officer, the other executive officers' annual cash bonuses are more dependent upon an assessment of individual performance.

At the end of the year, the Compensation Committee makes an overall assessment of the quality of each executive officer's performance during the year in making its recommendations regarding annual bonuses and salaries to the Board. For executive officers other than the Chief Executive Officer, this assessment is based largely on discussions between the Compensation Committee and the Chief Executive Officer. As noted above, the Compensation Committee interacts directly with the Chief Executive Officer to evaluate his performance, in addition to conducting its own independent assessment of his performance and the performance of the Company during the year.

For 2010, we paid the annual bonuses to our named executive officers described under the column entitled "Bonus" in the *Summary Compensation Table* for the reasons described below:

Our Chief Executive Officer was paid an annual bonus of \$325,000, representing 62% of his 2010 annual bonus opportunity. The Compensation Committee believes that the Chief Executive Officer performed particularly well in 2010, a year in which the Company closed a challenging and transformational transaction (the "Alltel Transaction") and rapidly expanded its US personnel and wireless operations, putting a 200-person US wireless headquarters in place. In assessing his performance, the Committee also looked at the overall performance and growth of the Company, including strong growth in US-sourced revenue, the growth of the organization and the complexity and breadth of its operations, and the actions the Chief Executive Officer took to attract and re-focus executive talent to take into account the changing operational composition of the Company. On the other hand, the Committee believed that the significant decline in the Company's stock price in 2010 should be reflected in the cash performance bonus level for the Chief Executive Officer. The Committee took note of the fact that the Company's stock price was somewhat volatile and the stock price remains well above the price before the transaction was announced, but it nevertheless believed that the stock performance should be reflected in the determination of his cash bonus payment.

Lastly, the Committee considered the Company's ranking once again on several prominent lists such as Fortune Magazine's "100 Fastest Growing Companies" as an external marker of the Company's progress and growth under leadership of our Chief Executive Officer and the broader executive team.

Our Chief Financial Officer was paid an annual bonus of \$120,000, or approximately 60% of his 2010 annual bonus opportunity. The Committee and the Board took a similar approach to the Chief Financial Officer's annual bonus for 2010 as the Committee did with the Chief Executive Officer. The Board of Directors recognized Mr. Benincasa's continued strong performance, particularly his work helping to re-shape the organization to handle the very rapid change and expansion, while at the same time maintaining a strong balance sheet. Nonetheless, as with our Chief Executive Officer, the Committee felt that due to Mr. Benincasa's very senior position, the decline in the stock price during 2010 should be reflected in the determination of his cash bonus payment.

Table of Contents

In reviewing with the Chief Executive Officer the recommendations for annual bonuses to be paid to the other executives, the Compensation Committee and the Board considered each officer's contribution to achieving the Company's financial performance and continued growth. As with our Chief Executive Officer and our Chief Financial Officer, consideration was also given to the performance of our common stock over the year, though the Committee and the Board put a lower weight on that factor with the other executives. In addition, in assessing each officer's performance and determining award amounts, the Compensation Committee and the Board acknowledged the following individual achievements:

With respect to Mr. Kreisher, his performance in reviewing and analyzing a number of strategic opportunities, his critical role in closing the Alltel Transaction (including structuring and negotiating related agreements), and additional corporate development activities, such as our federal stimulus projects;

With respect to Mr. Slap, his smooth transition into the Company as General Counsel, initiation of a number of new key internal legal initiatives, along with his work on several complex legal matters;

With respect to Mr. Noone, his progress with respect to learning about the Company's accounting structure and history and familiarizing himself with key operations;

With respect to Mr. Minster, his regulatory and political work related to the Alltel Transaction, governmental matters involving our international operations and his efforts to ensure a smooth transition from his previous role of General Counsel and the re-structuring of our legal and regulatory operations with Mr. Slap; and

With respect to Mr. Audet, his work on several key projects involving our international operations, particularly the completion of our new undersea cable into Guyana and the financial planning, restructuring and expansion of internal financial reporting lines and metrics for our international operations.

With respect to all of these officers, the Company's solid financial performance was also a positive factor. As it does every year, the Compensation Committee and the Board also considered issues of internal equity that would arise from the payment of these bonuses. Based on the foregoing, the Compensation Committee recommended to the Board, and the Board determined to pay, the following annual bonuses to the other named executive officers: William F. Kreisher, \$85,000, or 76% of his 2010 annual bonus opportunity; Douglas J. Minster, \$45,000, or 79% of his 2010 annual bonus opportunity; John P. Audet, \$55,000, or 65% of his 2010 annual bonus opportunity; Leonard Q. Slap, \$40,000 or 76% of his 2010 annual bonus opportunity (prorated to take into account his partial year of service) and Karl D. Noone, \$21,000, or 80% of his 2010 annual bonus opportunity (prorated to take into account his partial year of service).

Annual Equity Bonus

Under our 2008 Equity Incentive Plan, we may grant stock options, restricted stock and other equity awards to our directors, consultants and employees, including our executive officers. Awards made under the 2008 Plan may be granted subject to conditions and restrictions, including voting requirements, achievement of performance goals and forfeiture and recapture of shares upon certain events. Our Compensation Committee, composed entirely of independent directors, grants awards to our employees under the ATN 2008 Plan. Mr. M. Prior has authority to make limited grants under the 2008 Plan to certain key employees of the Company following consultation with the Compensation Committee.

Historically, equity compensation has not been as significant a component of our executive compensation as it is for most of our peers and other public companies, although the Compensation

Table of Contents

Committee is considering increasing that component in future years as discussed further below. We have awarded significant equity compensation in connection with the hiring or promotions of executive officers. For new hires, the awards typically are made at the next regularly scheduled Compensation Committee meeting following the hire or promotion. In general, we have awarded stock options and restricted stock with time-based vesting schedules of four years, and, in the case of stock options, have had a term of either seven or ten years.

On March 15, 2011, the Compensation Committee granted the following equity compensation to the Company's named executive officers for their 2010 achievements:

	Stock Awards (shares)	Option Awards (shares)
Michael T. Prior	7,500	35,000
Justin D. Benincasa	5,000	20,000
William F. Kreisher		8,000
Leonard Q. Slap		5,000
Karl D. Noone		
Douglas J. Minster		4,000
John P. Audet		4,000
Total	12,500	76,000

Both the stock and option awards vest ratably over a period of four years. The option awards have a ten year term and an exercise price of \$32.96 per share. In addition to these equity awards, the Compensation Committee also granted options to purchase 20,000 shares to non-executive officers of the Company. In making equity awards to our Chief Executive Officer, the Compensation Committee has considered that he is the son of the Company's Chairman and largest stockholder and therefore has awarded him less than the amount of equity that it believes would be more typical and competitive for his position with the Company and the considerable success of the Company under his leadership. The Compensation Committee has communicated this approach to the Chief Executive Officer.

In recent years, we have been increasing the amount of equity compensation we have been awarding. As we diversify and expand our business through acquisitions, we have added key employees throughout our operations and deepened and broadened our senior management team. Our key hires and expansion of management roles over the past two years included hiring teams devoted to each of our U.S. wireless and international operations, our Senior Vice President and Corporate Controller, our Senior Vice President and General Counsel and the lateral move of our former General Counsel to Vice President of Government and Regulatory Affairs. Some of the individuals we compete for have worked for companies that have made equity compensation a greater part of overall compensation than we have or otherwise have an expectation of receiving greater equity compensation. To stay competitive in attracting and retaining talent in these circumstances, we may need to offer more equity compensation than in the past.

While the Compensation Committee believes it is an important policy of the Board to seek to keep the aggregate shares underlying outstanding stock options and unvested restricted stock at a reasonable level in relation to our outstanding equity (calculated on a fully diluted basis), we believe that equity compensation will remain a critical recruitment, retention and incentive tool. In the past, the Compensation Committee has kept this level below 5% of our outstanding equity, but after a review of this policy with the full Board in 2010, the Committee determined that it would exceed that level in its recent grants and would consider going as high as 7.5% if it becomes necessary to do so in order to attract, retain and motivate talented managers and ensure a strong alignment with stockholders' interests.

Table of Contents

In approving equity incentive awards, the Compensation Committee assesses the risks associated with the adoption of these awards, and for 2010 concluded that the equity incentive awards approved would not be likely to encourage excessive risk taking. Specifically, in making awards in March 2011 for 2010 performance and to significant new hires, the Compensation Committee considered the individual's role with the Company and the importance of balancing the growth incentive represented by stock option awards with the capital preservation incentives represented by restricted stock awards. For example, the Compensation Committee feels that the Chief Executive Officer and Chief Financial Officer benefit from significant outright stock ownership in order to discourage excessive risk taking and it also felt that its newest executives, the Senior Vice President and Corporate Controller and Senior Vice President and General Counsel, were in roles that required a reasonable balance of the two.

Retirement, Benefits and Other Arrangements

In 2008, we adopted a deferred compensation plan for our then existing executives. This plan is intended to provide retirement income to our executive officers. It was adopted to offset a reduction in our annual contributions to these executives' accounts under our 401(k) retirement plan that we instituted as a result of the consolidation of our 401(k) plan with similar plans of companies that we acquired. Under this plan, we make quarterly credits equal to 8% of the executive's then current base salary to an account on behalf of the executive. In addition to these quarterly credits, we may make additional credits in our sole discretion. See the description of the deferred compensation plan under the caption *Non-Qualified Deferred Compensation Plan Transactions in 2010* for more information. Executives hired after 2008 do not participate in this plan. Except for this plan, our executive officers currently do not receive any benefits, including retirement, medical and dental, life and disability insurance, which are not also available to all of our employees.

We have no change of control agreements with, or severance plans with respect to, any of our executive officers. We reimburse employee relocation expenses on a case-by-case basis.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management and, based on such review and discussions, we recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

The amounts in this column reflect the grant date fair value presented in accordance with FASB ASC Topic 718, of awards granted pursuant to our equity incentive plans. Assumptions used in the calculation of these amounts for 2008 and 2009 awards are included in Note 9 to our Consolidated Financial Statements for the fiscal year ended December 31, 2010 included in our Annual Report on Form 10-K filed with the SEC on March 16, 2011. With respect to 2010 awards, which were granted on March 15, 2011, the grant date fair value of the options were determined using a Black Scholes option pricing model, based on the following assumptions:

Expected life	6.25 years
Expected volatility	51.24%

- (1) The amounts reported in this column are reported for fiscal 2010 in the "All Other Compensation" column of the 2010 Summary Compensation Table.

Effective as of December 5, 2008, we adopted a non-qualified deferred compensation plan for our existing executive officers. This plan is intended to provide retirement income to our executive officers and was adopted to offset a reduction in our annual contributions to those executives' accounts under our 401(k) retirement plan that we instituted as a result of the consolidation of our 401(k) plan with similar plans of companies that we acquired. Accordingly, we do not expect to add newly hired

Table of Contents

executives to this plan. Messrs. Slap and Noone are not participants in this plan. Under this plan, we make quarterly credits equal to 8% of the executive officer's then current quarterly base salary to an account in the plan on behalf of the executive. In addition to these quarterly credits, the Company may make additional credits in its sole discretion. Credits to such executive officer's account under the plan will be deemed to be invested in one or more investment funds selected by the executive officer from among alternatives approved by the Compensation Committee. Overall investment return is dependent upon the performance of each executive officer's selected investment alternatives. Credits will be fully vested at all times and the executive officers will have a nonforfeitable interest in the balance of their respective accounts. Benefits under the plan are payable upon a separation from service in a cash lump sum or in accordance with a fixed schedule elected by the executive officer. Distributions may be made prior to the executive officer's separation from service only for certain financial hardship reasons. The plan is intended to be compliant with Section 409A of the Internal Revenue Code of 1986, as amended, and to constitute a non-qualified, unfunded executive benefit plan.

Potential Payments Upon Termination or Change of Control

All of our employees, including our named executive officers, are employees-at-will and, as such, do not have employment contracts or retention agreements with us. In addition, we do not have change-in-control or severance agreements with any of our named executive officers.

Table of Contents**DIRECTOR COMPENSATION**

Our Compensation Committee has the responsibility of reviewing and making recommendations to the Board regarding director compensation. We use a combination of cash and stock-based incentive compensation to attract and retain qualified directors. In setting director compensation, we consider the time demand and the requisite knowledge and expertise required to effectively fulfill their duties and responsibilities to us and our stockholders. We also consider the compensation set by the Company's identified peer group in our determination of director compensation.

The table below summarizes the compensation paid to, or earned by, our non-employee directors for the fiscal year ended December 31, 2010. Mr. M. Prior, our Chief Executive Officer, does not receive any compensation for his Board service beyond the compensation he receives as an executive officer of the Company.

In 2010, Cornelius B. Prior, Jr. served us as the Chairman of our Board of Directors. For his service from July 2010 through June 2011, Mr. C.B. Prior, Jr. received an annual fee of \$100,000 in place of the fees and stock grants provided to our other directors, plus certain basic employee benefits including retirement, medical, and dental and life insurance. We also provided him with the use of a company car, office space and secretarial assistance. The Compensation Committee determined that these arrangements were warranted based on Mr. C.B. Prior, Jr.'s long service to the Company and his continued contributions as a resource to our executive team and Board of Directors. In his capacity as Chairman, Mr. C.B. Prior, Jr. did not participate in any of our incentive compensation programs, nor did he receive any board meeting fees, but he did receive expense reimbursement available to all other directors.

Retainers and Meeting Fees

For the fiscal year ended December 31, 2010, our non-employee directors (excluding our Chairman) received an annual retainer of \$60,000 (consisting of \$25,000 in cash and \$35,000 in stock) and an attendance fee for Board meetings of \$2,500 per meeting and \$1,500 per telephonic Board meeting in which they participate and \$1,100 for each principal meeting of a Committee of the Board and \$500 for any telephonic Committee meeting at which minutes are kept. In addition to the retainers and meeting fees, the Chair of the Audit Committee received an additional annual payment of \$15,000 and the Chair of the Compensation Committee received an additional annual payment of \$10,000.

Stock Deferral Program for Non-Employee Directors

On May 15, 2008, the stockholders of the Company approved the 2008 Equity Incentive Plan, which replaced all equity incentive plans then in effect. Until then, our non-employee directors had the option under our Directors' Remuneration Plan (the "Directors' Plan"), adopted by the board of directors in 1999, of electing to receive either 50% or 100% of their annual retainer in shares of common stock on a deferred basis. All shares issuable under this plan were fully issued as of January 2010, and no additional shares will be issued under this plan.

Restricted Stock Grant to New Board Members

Under the 2008 Equity Incentive Plan, new directors receive a one-time payment of \$30,000 paid entirely in restricted stock that vest over three years. The per share price will be determined as of the close of the Nasdaq market on the date of the director's election to the Board.

RELATED PERSON TRANSACTIONS

Policy on Related Person Transactions

Our Board has a written Related Person Transaction Policy that sets forth our policies and procedures for the reporting, review, and approval or ratification of each related person transaction. Our Audit Committee is responsible for implementing this policy and determining whether any related person transaction is in our best interests. The policy applies to transactions and other relationships that would need to be disclosed in this proxy statement as related person transactions pursuant to SEC rules. In general, these transactions and relationships are defined as those involving a direct or indirect interest of any of our executive officers, directors, nominees for director and 5% stockholders, as well as specified members of the family or household of any of these individuals or stockholders, where we or any of our affiliates have participated in the transaction(s) as a direct party or by arranging the transaction(s) and the transaction(s) involves more than \$100,000 in any calendar year. The policy also provides that certain types of transactions are deemed to be pre-approved or ratified, as applicable by our Audit Committee.

Related Person Transactions

In June 2010, we entered into a joint venture with Schuchman Consulting LLC ("Schuchman Consulting"), an entity wholly owned by Brian A. Schuchman, one of our directors. The purpose of the joint venture is to actively evaluate wireless opportunities in the Caribbean, including an investment made in Aruba in June 2010. The joint venture consists of a newly-created company called Caribbean Telecom Partners, LLC ("CTP"), in which we invested \$2,703,000 for a 51% equity interest and Schuchman Consulting invested \$2,597,000 for a 49% equity interest. CTP is governed by a three member Board of Directors, which consists of two Company designees and one member designated by Schuchman Consulting. The operating agreement of CTP contains customary provisions regarding preemptive rights with respect to any new issuances of equity by CTP in order to enable the parties to maintain their respective ownership percentages, rights of first refusal, tag-along and drag-along rights with respect to any proposed transfer of CTP equity. The parties agreed to a put-call arrangement relating to up to 29% of Schuchman Consulting's 49% equity interest in CTP, in which under specified circumstances we have either the right or the obligation to purchase such equity for the then fair market value. We provide management services to CTP and commencing on January 1, 2012, will receive a fee equal to 3% of CTP's gross revenues.

Schuchman Consulting provides the day-to-day management of CTP, including identifying new investment opportunities for CTP in the Caribbean. Pursuant to a consulting agreement between CTP and Schuchman Consulting, CTP pays Schuchman Consulting \$15,000 a month for these services and may pay Schuchman Consulting an additional annual fee of up to \$100,000 for the achievement of performance goals specified by the CTP Board of Directors. CTP has established an equity incentive pool consisting of non-voting common stock for its management team equal to 10% of its common equity, of which one-half has been issued to Schuchman Consulting. Customary non-competition and non-solicitation agreements are in place between Schuchman Consulting and CTP.

Our Audit Committee negotiated the specific structure and terms of the joint venture and unanimously approved the arrangement described above in accordance with the terms of our Related Person Transaction Policy.

1. ***Executive Put Right.***

(a) ***Right to Sell.*** Between [***third and fifth anniversary of Effective Date***], Executive shall have the right and option to sell to the Company, free and clear of all Encumbrances, up to 50% of the Putable Shares in the aggregate (but in no event more than the number of Vested Shares as of the date of the exercise of such right as herein provided), and commencing on [***fifth anniversary of Effective Date***], Executive shall have the right and option to sell to the Company, free and clear of all Encumbrances, all or any portion of the Putable Shares, for a purchase price equal to the Fair Market Value thereof measured as of the end of the then most recently completed fiscal quarter of the Company prior to the date Executive delivers notice to the Company of the exercise of such right as provided below and for which ATN has publicly reported its earnings (the "***FMV Measuring Date***"); *provided, however*, Executive shall not be entitled to exercise the right under this Section 1 to sell more than 25% of the Putable Shares in any one fiscal quarter. closing of such purchase and sale shall take place on a date designated by the Company, which shall not be more than ninety (90) days following the date the Company receives the Put Exercise Notice from the Executive; *provided, however*, if the Stock Delivery Condition has not been satisfied (for purposes of this *proviso*, with regard to shares of ATN common stock in addition to those authorized for issuance under the Atlantic Tele-Network, Inc. 2008 Equity Incentive Plan as in effect on the date hereof) prior to such 90th day, then the closing of the purchase and sale of any Puttable Shares that have not been Vested Shares for at least 6 months as of such 90th day shall take place on such later date as of which such Puttable Shares shall have been Vested Shares for at least 6 months. Upon tender of payment of such purchase price, thereupon and without any further action on the part of any person being necessary, all right, title and interest in and to the Puttable Shares being purchased shall thereupon pass to the Company or its assignee. Without limitation of the foregoing, the parties and their transferees shall execute and deliver such certificates (including the Executive making the representations and warranties set forth in Section 8 of the Restricted Stock Agreement with respect to shares of ATN common stock delivered in satisfaction of the purchase price) and other documents and take such further action as the Company or its assignee may reasonable request in order to further evidence and effect the purchase and sale of the Puttable Shares as contemplated hereby.

For such purpose, the definitions as set forth in Section 2 below shall apply.

(c) *Affect of Change of Control.* The Company's obligation to purchase any Puttable Shares from Executive in accordance with this Section 1 shall be suspended if prior to the consummation of any such purchase the Company or ATN shall enter into one or more agreements providing for a Change of Control transaction. Any such suspension shall continue for so long as such agreements remain in full force and effect pending the consummation of the Change of Control transaction contemplated thereby. The Company's obligation to purchase Puttable Shares from Executive in accordance with this Section 1 shall be reinstated upon the termination of any such agreements without the Change of Control transaction contemplated thereby being consummated. The Company's obligation to purchase Puttable Shares from Executive in accordance with this Section 1 shall terminate altogether upon the consummation of any Change of Control transaction.

(d) *No Right to Sell.* For the purpose of clarity, Executive shall have no right or option to sell to the Company, and the Company shall have no obligation to purchase, at any time, Shares held by Executive that are not Puttable Shares.

2. ***Definitions.*** For the purposes of this Agreement, the following terms shall have the meanings set forth in this Section 2:

APPENDIX B

**SUMMARY OF SIGNIFICANT TERMS OF ATLANTIC TELE-NETWORK, INC.
2008 EQUITY INCENTIVE PLAN**

The following is a summary of the material terms and provisions of the Atlantic Tele-Network, Inc. 2008 Equity Incentive Plan (the "ATN 2008 Plan"). This summary is qualified in its entirety by reference to the complete text of the ATN 2008 Plan, which is attached hereto as *Appendix C* and incorporated herein by reference. To the extent that there is a conflict between this summary and the ATN 2008 Plan, the terms of the ATN 2008 Plan will govern. Capitalized terms that are used but not defined in this summary have the meanings given to them in the ATN 2008 Plan.

Eligibility. All employees, directors and consultants of the Company or any of its affiliates capable of contributing to the successful performance of the Company are eligible to be participants in the ATN 2008 Plan. Based on the number of our current employees, directors and consultants, there are approximately 1,770 individuals who currently would be eligible to participate in the ATN 2008 Plan, although we currently do not expect to make broad-based grants to all employees of the Company and its subsidiaries.

Administration. The ATN 2008 Plan will be administered by a committee composed of two or more members of the Board of Directors who are independent from Company management (the "Committee"). The Committee has the authority to adopt administrative rules and practices governing the operation of the ATN 2008 Plan and to interpret its provisions. The Committee may, subject to applicable law, delegate to one or more of our executive officers the power to make awards to participants who are not executive officers or Directors, subject to a maximum number of shares fixed by the Committee. The Board may at any time also take any such action.

Types of Awards. We may grant stock options, restricted stock, restricted stock units, stock equivalents and awards of shares of Common Stock that are not subject to restrictions or forfeiture.

Stock Options. Stock options under the ATN 2008 Plan may be ISOs or nonstatutory stock options. The maximum cumulative number of shares available for grants of ISOs under the ATN 2008 Plan is 2,000,000 shares. The Committee determines the terms of options, including the amount, exercise price, vesting schedule and term, which may not exceed ten years. The per share exercise price of an option may not be less than 100% of the fair market value of the Common Stock on the grant date.

Restricted Stock and Restricted Stock Units. These are shares of Common Stock or rights to receive the value of shares of Common Stock that are granted subject to certain restrictions during a specified period. The restricted period may be based on achieving performance or market-related goals, on the participant's continued service with the Company or on a deferred payment schedule. Restricted stock units may be settled in stock, cash or other awards or property. For awards subject to vesting, the participant generally will forfeit the award if the specified conditions are not met. Although the Committee has discretion to set the terms of shares of restricted stock and restricted stock units, including the vesting schedule, the ATN 2008 Plan contains limitations to align such awards with stockholders' interests.

Stock Equivalents. A stock equivalent is any right to receive payment from the Company based in whole or in part on the value of the Common Stock, as determined by the Committee. Stock equivalents may include, without limitation, phantom stock, performance units and SARs and may be settled in stock, cash or other awards or property. The per share exercise price of a SAR may not be less than 100% of the fair market value of the Common Stock on the grant date, and the term of a SAR may not exceed ten years.

Table of Contents

Terms of Awards. Except as may be limited by the ATN 2008 Plan or applicable law, the Committee selects participants to receive awards and determines the terms and conditions of each award, including the number of shares of Common Stock subject to awards, the price, if any, a participant pays to receive or exercise an award, the time or times when awards vest or may be exercised, settled or forfeited, any performance goals, restrictions or other conditions to vesting, exercise, or settlement of awards, and the effect on awards of the disability, death, or termination of service of participants. Awards may be made to participants who are foreign nationals or employed outside the United States on terms the Committee deems appropriate.

Performance Goals. A participant's right to earn or vest in an award may be made subject to achievement of one or more objective performance goals based on one or more of the following criteria established by the Committee: (i) net income, (ii) earnings per share, (iii) operating income, (iv) operating cash flow, (v) earnings before income taxes and depreciation, (vi) earnings before interest, taxes, depreciation and amortization, (vii) operating margins (viii) reductions in operating expenses, (ix) sales or return on sales (x) total stockholder return (xi) return on equity, (xii) return on total capital, (xiii) return on invested capital, (xiv) return on assets, (xv) economic value added, (xvi) cost reductions and savings, (xvii) increase in surplus, (xviii) productivity improvements, (xix) an executive's attainment of personal objectives with respect to any of the foregoing criteria or other criteria such as growth and profitability, customer satisfaction, leadership effectiveness, business development, negotiating transactions and sales or developing long term business goals. A Performance Goal may be measured over a Performance Period on a periodic, annual, cumulative or average basis and may be particular to a Participant or may be based, in whole or in part, on the performance of the division, department, line of business, subsidiary, or other business unit, whether or not legally constituted, in which the Participant works or on the performance of the Company generally.

Limitations on Individual Grants. We may not in any fiscal year grant to any participant stock options, SARs or other awards with respect to which performance goals apply covering more than 150,000 shares.

Transferability. The Committee has the authority to permit participants to transfer any award, provided that ISOs may be transferable only to the extent permitted by the Code.

Adjustments. Upon an equity restructuring or other corporate transaction that affects the Common Stock such that an adjustment is required in order to preserve the benefits intended to be provided by the ATN 2008 Plan, the Committee shall equitably adjust any or all of the number and kind of shares in respect of which awards may be made under the ATN 2008 Plan, the number and kind of shares subject to outstanding awards, the exercise price with respect to any of the foregoing, and the

Change in Control. The Committee may act to preserve the participants' rights in the event of a change in control of the Company as the Committee may consider equitable to participants and in the best interests of the Company, including without limitation: accelerating any time period relating to the vesting, exercise, or settlement of awards, providing for payment to participants of cash or other property with a fair market value equal to the amount that would have been received upon the vesting, exercise, or settlement of awards in connection with the change in control, adjusting the terms of awards in a manner determined by the Committee to reflect the change in control, causing awards to be assumed, or new rights substituted therefor, by another entity, or terminating awards.

No Repricing of Outstanding Stock Options and SARs. We may not, without stockholder approval, amend any outstanding option or SAR to reduce the exercise price or replace it with a new award exercisable for Common Stock at a lower exercise price.

Table of Contents

Amendment of Awards. Subject to the prohibition on repricing, the Committee may not amend, modify or terminate any outstanding award for which the respective participant's consent would be required unless the terms of the award permit such action, the Committee determines that such action is required by law, or the Committee determines that the action would not materially and adversely affect the participant.

Amendment of the Plan. The Board of Directors may amend, suspend or terminate the ATN 2008 Plan, subject to any stockholder approval it deems necessary or appropriate. For example, under the Code and Nasdaq requirements, the Board may not increase the number of shares of Common Stock issuable under the Plan (except in the case of a recapitalization, stock split or similar event) without stockholder approval.

U.S. Federal Income Tax Consequences Relating to Certain Awards under the ATN 2008 Plan

Incentive Stock Options. A participant does not realize taxable income upon the grant or exercise of an ISO under the ATN 2008 Plan. If a participant does not dispose of shares received upon exercise of an ISO for at least two years from the date of grant and one year from the date of exercise, then (a) upon sale of the shares, any amount realized in excess of the exercise price is taxed to the participant as long-term capital gain and any loss sustained will be a long-term capital loss and (b) we may not take a deduction for Federal income tax purposes. The exercise of ISOs gives rise to an adjustment in computing alternative minimum taxable income that may result in alternative minimum tax liability for the participant.

If shares of Common Stock acquired upon the exercise of an ISO are disposed of before the end of the one and two-year periods described above (a "disqualifying disposition"), the participant realizes ordinary income in the year of disposition in an amount equal to the excess (if any) of the fair market value of the shares at exercise (or, if less, the amount realized on a sale of such shares) over the exercise price. We would be entitled to a tax deduction for the same amount. Any further gain realized by the participant would be taxed as a short-term or long-term capital gain and would not result in any deduction for us. A disqualifying disposition in the year of exercise will generally avoid the alternative minimum tax consequences of the exercise of an ISO.

Nonstatutory Stock Options. No income is realized by the participant at the time a nonstatutory option is granted. Upon exercise, the participant realizes ordinary income in an amount equal to the difference between the exercise price and the fair market value of the shares on the date of exercise. We would receive a tax deduction for the same amount. Upon disposition of the shares, appreciation or depreciation after the date of exercise is treated as a short-term or long-term capital gain or loss and will not result in any further tax deduction by us.

Restricted Stock. Generally, a participant will be taxed at the time the restrictions on the shares lapse. The excess of the fair market value of the shares at that time over the amount paid, if any, by the participant for the shares will be treated as ordinary income. The participant may instead elect at the time of grant to be taxed (as ordinary income) on the excess of the then fair market value of the shares over the amount paid, if any, for the shares. In either case, we would receive a tax deduction for the amount reported as ordinary income to the participant. Upon the participant's disposition of the shares, any subsequent appreciation or depreciation is treated as a short or long-term capital gain or loss and will not result in any further tax deduction by us.

Restricted Stock Units. A participant will generally realize ordinary income in an amount equal to the fair market value of the shares (or the amount of cash) distributed to settle the restricted stock units at the time of settlement, which is generally upon vesting of the restricted stock units. In certain limited circumstances, a settlement date may be later than the vesting date, in which case the settlement would be made in a manner intended to comply with the rules governing non-qualified

Table of Contents

deferred compensation arrangements. In either case, we would receive a corresponding tax deduction at the time of settlement. If the restricted stock units are settled in shares, then upon sale of those shares any subsequent appreciation or depreciation would be treated as short-term or long-term capital gain or loss to the participant and would not result in any further tax deduction by us.

Other Tax Matters. United States tax laws generally do not allow publicly-held companies to obtain tax deductions for compensation of more than \$1 million paid in any year to any of the five most highly paid executive officers (each, a "covered person") unless the compensation is "performance-based" as defined in Section 162(m) of the Code. Stock options and SARs granted under the ATN 2008 Plan would be performance-based compensation if they have exercise prices not less than the fair market value of the Common Stock on the date of grant. In the case of restricted stock and restricted stock units, Section 162(m) requires that the general business criteria of any performance goals that are established by the Committee be approved (and they are included in the ATN 2008 Plan) and periodically reapproved by stockholders in order for such awards to be considered performance-based and deductible by us. Generally, the performance goals must be established before the beginning of the relevant performance period. Furthermore, satisfaction of any performance goals during the relevant performance period must be certified by the Committee.

A participant who receives any accelerated vesting or exercise of options or stock appreciation rights or accelerated lapse of restrictions on restricted stock or restricted stock units in connection with a change in control might be deemed to have received an "excess parachute payment" under federal tax law. In such cases, the participant may be subject to an excise tax and we may be denied a tax deduction.

APPENDIX C

(As amended and restated and approved by the Board of Directors on March 15, 2011 and proposed for stockholder approval on June 14, 2011)

ATLANTIC TELE-NETWORK, INC. 2008 EQUITY INCENTIVE PLAN

1. Purpose.

The purpose of the Atlantic Tele-Network, Inc. 2008 Equity Incentive Plan, as amended and restated (the "Plan") is to attract and retain persons who are expected to make important contributions to the Company and its Affiliates, to provide an incentive for them to achieve the Company's goals, and to enable them to participate in the growth of the Company by granting Awards with respect to the Company's Common Stock. Certain capitalized terms used herein are defined in Section 7 below.

2. Administration.

The Plan shall be administered by the Committee; provided, that the Board may in any instance perform any of the functions of the Committee hereunder. The Committee shall have authority to adopt, alter and repeal such administrative rules, guidelines and practices governing the operation of the Plan as it shall from time to time consider advisable, and to interpret the provisions hereof in its discretion. The Committee's determinations hereunder shall be final and binding. The Committee may, subject to applicable law, delegate to one or more executive officers of the Company the power to make Awards to Participants who are not Reporting Persons or Covered Employees and all determinations hereunder with respect thereto, provided that the Committee shall fix the maximum number of shares that may be subject to such Awards.

3. Eligibility.

All directors and all employees and consultants of the Company or any Affiliate capable of contributing to the successful performance of the Company are eligible to be Participants in the Plan. Incentive Stock Options may be granted only to persons eligible to receive such Options under the Code.

4. Stock Available for Awards.

(a) Amount. Subject to adjustment under subsection (c), up to an aggregate of 2,000,000 shares of Common Stock, plus the shares subject to any Award that expires or is terminated unexercised or is forfeited, to the extent of such expiration, termination, or forfeiture, may be issued pursuant to Awards, including Incentive Stock Options, under the Plan. Shares issued under the Plan may consist of authorized but unissued shares or treasury shares. Common Stock issued through the assumption or substitution of outstanding grants from an acquired company shall not reduce the shares available for Awards under the Plan.

(b) Limit on Individual Grants. The aggregate number of shares of Common Stock that may be granted to any Participant in any fiscal year (i) subject to Options or Stock Appreciation Rights or (ii) subject to other types of Awards with respect to which Performance Goals apply, shall not exceed 150,000 shares, subject to adjustment under subsection (c).

(c) Adjustments. Upon any equity restructuring, whether a stock dividend, recapitalization, split-up or combination of shares, or otherwise, the number of shares in respect of which Awards may be made under the Plan, the number of shares subject to outstanding Awards, the exercise price with respect to any of the foregoing, and the limit on individual grants in subsection (b) shall be proportionately adjusted, provided that the number of shares subject to any Award shall always be a whole number. In the event the Committee determines that any other reorganization, recapitalization, merger, spin-off or other corporate transaction affects the Common Stock such that an adjustment is

Table of Contents

required in order to preserve the benefits intended to be provided by the Plan, the Committee shall equitably adjust any or all of the number and kind of shares in respect of which Awards may be made under the Plan, the number and kind of shares subject to outstanding Awards, the exercise price with respect to any of the foregoing, and the limit on individual grants in subsection (b), provided that the number of shares subject to any Award shall always be a whole number. Any adjustment made pursuant to this subsection shall be subject, in the case of Incentive Stock Options, to any limitation required under the Code.

5. Awards under the Plan.

(a) Types of Awards. The Committee may grant Options, Restricted Stock, Restricted Stock Units, Stock Equivalents and Awards of shares of Common Stock that are not subject to restrictions or forfeiture.

(b) Terms and Conditions of Awards.

(i) The Committee shall select the Participants to receive Awards and determine the terms and conditions of each Award. Without limiting the foregoing but subject to the other provisions of the Plan and applicable law, the Committee shall determine (A) the number of shares of Common Stock subject to each Award or the manner in which such number shall be determined, (B) the price, if any, a Participant shall pay to receive or exercise an Award or the manner in which such price shall be determined, (C) the time or times when an Award may vest or be exercised or settled, (D) any Performance Goals, restrictions or other conditions to vesting, exercise, or settlement of an Award, (E) whether an Award may be settled in the form of cash, Common Stock or other securities of the Company, Awards or other property, and the manner of calculating the amount or value thereof, (F) the duration of any Restricted Period or any other circumstances in which an Award may be forfeited to the Company, (G) the effect on an Award of the disability, death, retirement or other termination of service of a Participant, and (H) the extent to which, and the period during which, the Participant or the Participant's legal representative, guardian or Designated Beneficiary may receive payment of an Award or exercise rights thereunder.

(ii) The Committee shall determine the form of consideration and manner of payment of the exercise price of any Award. Without limiting the foregoing, the Committee may, subject to applicable law, permit such payment to be made in whole or in part in cash or by surrender of shares of Common Stock (which may be shares retained from the respective Award) valued at their Fair Market Value on the date of surrender, or such other lawful consideration, including a payment commitment of a financial or brokerage institution, as the Committee may determine. The Company may accept, in lieu of actual delivery of stock certificates, an attestation by the Participant in form acceptable to the Committee that he or she owns of record the shares to be tendered free and clear of claims and other encumbrances.

(iii) Any Award may be made alone, in addition to, or in relation to any other Award. The terms of Awards of each type need not be identical, and the Committee need not treat Participants uniformly. No Award shall be transferable except upon such terms and conditions and to such extent as the Committee determines, provided that no Award shall be transferable for value and Incentive Stock Options may be transferable only to the extent permitted by the Code. No Award to any Participant subject to United States income taxation shall provide for the deferral of compensation that does not comply with Section 409A of the Code. The achievement or satisfaction of any Performance Goals, restrictions or other conditions to vesting, exercise, or settlement of an Award shall be determined by the Committee.

(c) Provisions Applicable to Certain Types of Awards.

(i) Options and Stock Appreciation Rights. The exercise price for any Option or Stock Appreciation Right shall not be less than 100% of the Fair Market Value of the Common Stock on the

Table of Contents

Date of Grant; provided that if the Board approves the grant of an Option or Stock Appreciation Right with an exercise price to be determined on a future date, the exercise price shall be no less than 100% of the Fair Market Value of the Common Stock on such future date. No Option or Stock Appreciation Right shall have a term longer than ten years. No Incentive Stock Option may be granted more than ten years after the effective date of the Plan. The Committee shall determine the manner of calculating the excess in value of the shares of Common Stock over the exercise price of a Stock Appreciation Right.

(ii) Restricted Stock and Restricted Stock Units.

(1) Shares of Restricted Stock and shares subject to Restricted Stock Units may not be sold, assigned, transferred, pledged or otherwise encumbered, except as permitted by the Committee, during the applicable Restricted Period. Restricted Stock Units may be settled in shares of Common Stock or other securities of the Company, cash, Awards or other property as determined by the Committee. The Company shall deliver certificates with respect to shares of Restricted Stock and Restricted Stock Units that are settled in shares to the Participant or, if the Participant has died, to the Participant's Designated Beneficiary at the expiration of the Restricted Period.

(2) Notwithstanding clauses (D) or (E) of Section 5(b)(i) or Section 6(i),

a. forfeiture restrictions on shares of Restricted Stock and Restricted Stock Units that lapse solely based on the length of the Participant's service shall lapse with respect to no more than one-third of such shares per year; and

b. forfeiture restrictions on shares of Restricted Stock and Restricted Stock Units that lapse based on the achievement of Performance Goals shall lapse based on a performance period of at least one year; provided that the foregoing limitations set forth in this Section 5(c)(ii) shall not apply to (i) lapses of restrictions in connection with the disability, death, retirement or other termination of service of the Participant or in accordance with Section 6(e) or (ii) awards of Restricted Stock or Restricted Stock Units, including modifications of such awards, with respect to an aggregate number of shares not exceeding ten percent of the total number of shares authorized for issuance under the Plan.

6. General Provisions.

(a) Documentation. Each Award under the Plan shall be evidenced by documentation in the form prescribed by the Committee and delivered to or executed and delivered by the Participant specifying the terms and conditions of the Award and containing such other terms and conditions not inconsistent with the provisions hereof as the Committee considers necessary or advisable to achieve the purposes of the Plan or to comply with applicable law and accounting principles. Any such documentation may be maintained solely in electronic format.

(b) Termination and Forfeiture. The terms of any Award may include such continuing provisions for termination of the Award and/or forfeiture or recapture of any shares, cash or other property previously issued pursuant thereto relating to competition or other activity or circumstances detrimental to the Company as the Committee may determine to be in the Company's best interests.

(c) Dividends. In the discretion of the Committee, any Award may provide the Participant with dividends or dividend equivalents payable (in cash, in shares of Common Stock, or in the form of Awards under the Plan) currently or deferred and with or without interest.

(d) Committee Discretion. Except as otherwise provided hereby or in a particular Award, any determination or action with respect to an Award may be made or taken by the Committee at the time of grant or at any time thereafter.

(e) Change in Control. In order to preserve a Participant's rights under an Award in the event of a change in control of the Company (as defined by the Committee), the Committee in its discretion

(f) **Tax Withholding.** A Participant shall pay to the Company, or make provision satisfactory to the Committee for payment of, any taxes required by law to be withheld in respect of Awards under the Plan no later than the date of the event creating the tax liability. (i) **Amendment of Awards.** The Committee may amend, modify or terminate any outstanding Award, including without limitation changing the dates of vesting, exercise or settlement, causing the Award to be assumed by another entity, and converting an Incentive Stock Option to a Nonstatutory Stock Option, provided that the Participant's consent to such action shall be required unless the terms of the Award permit such action, the Committee determines that such action is required by law, or the Committee determines that the action, taking into account any related action, would not materially and adversely affect the Participant. The foregoing notwithstanding, without further approval of the stockholders of the Company, the Committee shall not authorize the amendment of any outstanding Option or Stock Appreciation Right to reduce the exercise price and no Option or Stock Appreciation Right shall be canceled and replaced with an Award exercisable for Common Stock at a lower exercise price.
