PROXY STATEMENT

The board of directors of Body Central Corp. is soliciting proxies to be voted at the annual meeting of stockholders to be held on Wednesday, May 15, 2013, beginning at 9:00 a.m., eastern time, at the River Club, One Independent Drive, 35th Floor, Jacksonville, Florida 32202, and at any postponements or adjournments thereof. This proxy statement contains information related to the annual meeting. This proxy statement, the accompanying form of proxy and the Company's annual report are being sent to stockholders on or about April 4, 2013.

NOTICE OF ELECTRONIC AVAILABILITY OF PROXY MATERIALS

In accordance with regulations adopted by the Securities and Exchange Commission, instead of mailing a printed copy of our proxy materials, including our annual report to stockholders, to each stockholder of record, we may now furnish these materials on the Internet unless the stockholder has previously requested to receive these materials by mail or e-mail. On or about April 4, 2013, we mailed to our stockholders who have not previously requested to receive these materials by mail or e-mail a Notice of Internet Availability of Proxy Materials containing instructions on how to access this proxy statement and our annual report and to vote online. The Notice instructs you as to how you may access and review all of the important information contained in the proxy materials. The Notice also instructs you as to how you may submit your proxy on the Internet or by telephone. If you received the Notice by mail, you will not automatically receive a printed copy of our proxy materials or annual report unless you follow the instructions for requesting these materials included in the Notice.

ABOUT THE ANNUAL MEETING

Why did I receive these materials?

Our board of directors is soliciting proxies for the 2013 annual meeting of stockholders. You are receiving a proxy statement because you owned shares of our common stock on March 18, 2013 and that entitles you to vote at the meeting. By use of a proxy, you can vote whether or not you attend the meeting. This proxy statement describes the matters on which we would like you to vote and provides information on those matters so that you can make an informed decision.

What information is contained in this proxy statement?

The information in this proxy statement relates to the proposals to be voted on at the annual meeting, the voting process, our board and board committees, the compensation of directors and

Table of Contents

executive officers and other information that the Securities and Exchange Commission requires us to provide annually to our stockholders.

If I previously signed up to receive stockholder materials, including proxy statements and annual reports, by mail and wish to access these materials via the Internet or via electronic delivery in the future, what should I do?

If you have previously signed up to receive stockholder materials, including proxy statements and annual reports, by mail, you may choose to receive these materials by accessing the Internet or via electronic delivery in the future, which can help us achieve a substantial reduction in our printing and mailing costs.

If your shares are registered in your own name (instead of through a broker or other nominee), sign up to receive proxy materials in the future by accessing the Internet or via electronic delivery by visiting the following website: www.proxyvote.com.

Your election to receive your proxy materials by accessing the Internet or by electronic delivery will remain in effect for all future stockholder meetings unless you revoke it before the meeting by following the instructions on the Notice of Internet Availability of Proxy Materials or by calling or sending a written request addressed to:

Body Central Corp.
Attn: Timothy J. Benson
6225 Powers Avenue
Jacksonville, Florida 32217
(904) 737-0811

If you hold your shares in an account at a brokerage firm or bank participating in a "street name" program, you can sign up for electronic delivery of proxy materials in the future by contacting your broker.

If you choose to receive your proxy materials by accessing the Internet, then before next year's annual meeting, you will receive a Notice of Internet Availability of Proxy Materials when the proxy materials and annual report are available over the Internet. If you choose instead to receive your proxy materials via electronic delivery, you will receive an email containing the proxy materials.

How can I obtain paper copies of the proxy materials, 10-K and other financial information?

Stockholders can access our 2013 proxy statement, Form 10-K and other filings with the SEC, our corporate governance policies, and other stockholder information on the investor relations page of our website www.bodycentral.com (also accessible under the URL www.bodyc.com).

If you elected to receive our stockholder materials via the Internet or via electronic delivery, you may request paper copies by written request addressed to:

Body Central Corp.
Attn: Timothy J. Benson
6225 Powers Avenue
Jacksonville, Florida 32217
(904) 737-0811

We will also furnish any exhibit to the Form 10-K for the year ended December 29, 2012, if specifically requested.

Table of Contents

Who is entitled to vote at the meeting?

Holders of common stock as of the close of business on the record date, March 18, 2013, will receive notice of, and be eligible to vote at, the annual meeting and at any adjournment or postponement of the annual meeting. At the close of business on the record date, we had outstanding and entitled to vote 16,436,154 shares of common stock.

How many votes do I have?

Each outstanding share of our common stock you owned as of the record date will be entitled to one vote for each matter considered at the meeting. There is no cumulative voting.

Who can attend the meeting?

Only persons with evidence of stock ownership as of the record date or who are invited guests of the Company may attend and be admitted to the annual meeting of the stockholders. Stockholders with evidence of stock ownership as of the record date may be accompanied by one guest. Photo identification may be required (a valid driver's license, state identification or passport). If a stockholder's shares are registered in the name of a broker, trust, bank or other nominee, the stockholder must bring a proxy or a letter from that broker, trust, bank or other nominee or their most recent brokerage account statement that confirms that the stockholder was a beneficial owner of shares of stock of the Company as of the record date. Since seating is limited, admission to the meeting will be on a first-come, first-served basis.

Cameras (including cell phones with photographic capabilities), recording devices and other electronic devices will not be permitted at the meeting.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority of the common stock issued and outstanding on the record date will constitute a quorum, permitting the conduct of business at the meeting.

Proxies received but marked as abstentions and broker non-votes, if any, will be included in the calculation of the number of votes considered to be present at the meeting for purposes of a quorum.

How do I vote?

If you are a holder of record (that is, your shares are registered in your own name with our transfer agent), you can vote either in person at the annual meeting or by proxy without attending the annual meeting. We urge you to vote by proxy even if you plan to attend the annual meeting so that we will know as soon as possible that enough votes will be present for us to hold the meeting. If you attend the meeting in person, you may vote at the meeting and your proxy will not be counted. You can vote by proxy by any of the following methods.

Our board of directors has designated Brian Woolf and Timothy J. Benson, and each or any of them, as proxies to vote the shares of common stock solicited on its behalf.

Voting by Telephone or Through the Internet. If you are a registered stockholder (that is, if you own shares in your own name and not through a broker, bank or other nominee that holds shares for your account in a "street name" capacity), you may vote by proxy by using either the telephone or Internet methods of voting. Proxies submitted by telephone or through the Internet must be received by 11:59 p.m., eastern time, on May 14, 2013. Please see the Notice of Internet Availability or proxy card for instructions on how to access the telephone and Internet voting systems.

Table of Contents

Voting by Proxy Card. Each stockholder electing to receive stockholder materials by mail may vote by proxy by using the accompanying proxy card. When you return a proxy card that is properly signed and completed, the shares represented by your proxy will be voted as you specify on the proxy card.

If you hold your shares in "street name," you must either direct the bank, broker or other record holder of your shares as to how to vote your shares, or obtain a proxy from the bank, broker or other record holder to vote at the meeting. Please refer to the voter instruction cards used by your bank, broker or other record holder for specific instructions on methods of voting, including by telephone or using the Internet.

Your shares will be voted as you indicate. If you return the proxy card but you do not indicate your voting preferences, then the individuals designated as proxies will vote your shares FOR the ratification of our auditors. The board and management do not now intend to present any matters at the annual meeting other than those outlined in the notice of the annual meeting. Should any other matter requiring a vote of stockholders arise, stockholders returning the proxy card confer upon the individuals designated as proxies' discretionary authority to vote the shares represented by such proxy on any such other matter in accordance with their best judgment.

Can I change my vote?

Yes. If you are a stockholder of record, you may revoke or change your vote at any time before the proxy is exercised by filing a notice of revocation with the secretary of the Company or mailing a proxy bearing a later date, submitting your proxy again by telephone or over the Internet or by attending the annual meeting and voting in person. For shares you hold beneficially in "street name," you may change your vote by submitting new voting instructions to your broker, bank or other nominee or, if you have obtained a legal proxy from your broker, bank or other nominee giving you the right to vote your shares, by attending the meeting and voting in person. In either case, the powers of the proxy holders will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

How are we soliciting this proxy?

We are soliciting this proxy on behalf of our board of directors and will pay all expenses associated with this solicitation. We have hired Morrow & Co., LLC., a proxy solicitation firm to assist us in soliciting proxies for a fee of \$7,500 plus reimbursement for certain out-of-pocket expenses. In addition to mailing these proxy materials, certain of our officers and other employees may, without compensation other than their regular compensation, solicit proxies by further mailing or personal conversations, or by telephone, facsimile or other electronic means. We will also, upon request, reimburse brokers and other persons holding stock in their names, or in the names of nominees, for their reasonable out-of-pocket expenses for forwarding proxy materials to the beneficial owners of our stock and to obtain proxies.

Will stockholders be asked to vote on any other matters?

To the knowledge of the Company and its management, stockholders will vote only on the matters described in this proxy statement. However, if any other matters properly come before the meeting, the persons named as proxies for stockholders will vote on those matters in the manner they consider appropriate.

What vote is required to approve each item?

Directors are elected by a plurality of the votes cast at the meeting, which means that the two nominees who receive the highest number of properly executed votes will be elected as directors, even if those nominees do not receive a majority of the votes cast. A properly executed proxy marked

Table of Contents

"withhold authority" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

The advisory resolution on executive compensation, commonly referred to as a "say-on-pay" resolution, is non-binding on the board of directors. Although the vote is non-binding, the board of directors and the compensation committee will review the voting results in connection with their ongoing evaluation of the Company's compensation program.

The ratification of the appointment of PricewaterhouseCoopers LLP to serve as the Company's independent auditors for fiscal 2013 requires the affirmative vote of the majority of the votes present, in person or by proxy, and entitled to vote at the meeting.

How are votes counted?

In the election of directors, you may vote "FOR" all or some of the nominees or your vote may be "WITHHELD" with respect to one or more of the nominees. You may not cumulate your votes for the election of directors. For all other proposals, you may vote "FOR," "AGAINST" or "ABSTAIN." Abstentions are considered to be present and entitled to vote at the meeting and, therefore, will have the effect of a vote against the advisory resolution on executive compensation and the ratification of the appointment of PricewaterhouseCoopers LLP to serve as the Company's independent auditors for fiscal 2013.

If you hold your shares in street name, the Company has supplied copies of its proxy materials for its 2013 annual meeting of stockholders to the broker, bank or other nominee holding your shares of record and they have the responsibility to send these proxy materials to you. Your broker, bank or other nominee is permitted to vote your shares on the appointment of PricewaterhouseCoopers LLP as our independent auditor without receiving voting instructions from you. In contrast, all other proposals are "non-discretionary" items. This means brokerage firms that have not received voting instructions from their clients on these proposals may not vote on them. These so-called "broker non-votes" will be included in the calculation of the number of votes considered to be present at the meeting for purposes of determining a quorum, but will not be considered in determining the number of votes necessary for approval and will have no effect on the outcome of any vote because in tabulating the voting result for any particular proposal, shares that constitute broker non-votes are not considered votes cast on that proposal.

What should I do if I receive more than one set of voting materials?

You may receive more than one set of voting materials, including multiple copies of this proxy statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account in which you hold shares. If you are a stockholder of record and your shares are registered in more than one name, you will receive more than one proxy card. Please vote your shares applicable to each proxy card and voting instruction card that you receive.

**PROPOSAL NO. 1
ELECTION OF DIRECTORS**

General

The Company's amended and restated bylaws provide that the number of directors shall be fixed from time to time by resolution adopted by the affirmative vote of a majority of the total number of directors then in office. The number of authorized directors as of the date of this proxy statement is six. The board of directors is divided into three classes serving staggered three-year terms. Directors for each class are elected at the annual meeting of stockholders held in the year in which the term for their class expires.

The term for two directors will expire at this 2013 annual meeting. The two nominees named below are the only individuals that our board has nominated for election to the board at this 2013 annual meeting. Directors elected at the 2013 annual meeting will hold office for a three-year term expiring at the annual meeting in 2016 (or until their respective successors are elected and qualified, or until their earlier death, resignation or removal). All of the nominees are currently directors of the Company.

All of the nominees have indicated to the Company that they will be available to serve as directors. If any nominee named herein for election as a director should for any reason become unavailable to serve prior to the annual meeting, the board may, prior to the annual meeting, (i) reduce the size of the board to eliminate the position for which that person was nominated, (ii) nominate a new candidate in place of such person or (iii) leave the position vacant to be filled at a later time. The information presented below for the director nominees has been furnished to the Company by the director nominees and directors.

In selecting directors, we consider factors that are in our best interests and those of our stockholders, including diversity of backgrounds, experience and competencies that our board of directors desires to have represented. These competencies include: independence; adherence to ethical standards; the ability to exercise business judgment; substantial business or professional experience and the ability to offer our management meaningful advice and guidance based on that experience; ability to devote sufficient time and effort to his or her duties as a director; and any other criteria established by our board of directors together with any core competencies or technical expertise necessary for our committees. We believe that each director and director nominee possesses these qualities and has demonstrated business acumen and an ability to exercise sound judgment, as well as a commitment of service to us and to our board of directors.

The experience, qualifications, attributes and skills that caused the nominating and corporate governance committee and the board to determine that the persons should serve as a director of our Company are described in each director nominee's and each director's biography below.

Director Nominees for Three Year Terms That Will Expire in 2016:

Mr. Haley served nearly 20 years in Ernst & Young's audit practice and from 1998 until his retirement in 2009 served in a number of leadership roles in the firm's transaction advisory services group. Mr. Glass's professional experience, prior to Loehmann's, included CEO of Valley Advisors, a privately held furniture retailer, COO of Thrifty Drug, a \$2 billion retail drug store chain, and COO and CFO of Gold Circle Stores, a Division of Federated Department Stores. Mr. Glass received an MBA degree from Baruch College of the City University of New York.

Required Vote:

Directors are elected by a plurality of the votes cast at the meeting, which means that the two nominees who receive the highest number of properly executed votes will be elected as directors, even if those nominees do not receive a majority of the votes cast. A properly executed proxy marked "withhold authority" with respect to the election of one or more directors will not be voted with respect to that director or directors, although it will be counted for purposes of determining whether there is a quorum.

Recommendation:

Our board of directors unanimously recommends that our stockholders vote "FOR" each of the director nominees listed above.

Directors Not Being Elected in 2013:

CORPORATE GOVERNANCE

Board Composition

Our amended and restated bylaws provide that our board of directors consists of such number of directors as determined from time to time by resolution adopted by a majority of the total number of directors then in office. Our board of directors currently consists of six members. Our board of directors is divided into three classes, with each director serving a three-year term and one class being elected at each year's annual meeting of stockholders.

Upon expiration of the term of a class of directors, directors for that class will be elected for a new three-year term at the annual meeting of stockholders in the year in which the term expires. Each director's term is subject to the election and qualification of his successor, or his earlier death, resignation or removal. Any vacancies on our board of directors may be filled only by the affirmative vote of a majority of the directors then in office. Any increase or decrease in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of the directors. This classification of our board of directors makes it more difficult for a third party to acquire control of our Company.

Board Leadership Structure

Mr. Haley, a non-employee, independent director, serves as Chairman of our board of directors. We support separating the position of Chief Executive Officer and Chairman to allow our Chief Executive Officer to focus on our day-to-day business, while allowing the Chairman to lead our board of directors in its fundamental role of providing advice to, and independent oversight of, management. Our board of directors recognizes the time, effort and energy that the Chief Executive Officer is required to devote to his position as well as the commitment required to serve as our Chairman. Our board of directors also believes that this structure ensures a greater role for the independent directors in the oversight of our company and active participation of the independent directors in setting agendas and establishing priorities and procedures for the work of our board of directors.

While our amended and restated bylaws and corporate governance guidelines do not require that our Chairman and Chief Executive Officer positions be separate, our board of directors believes that having separate positions and having an independent outside director serve as Chairman is the appropriate leadership structure for us at this time.

Board Role in Risk Oversight

Risk is inherent with every business and we face a number of risks. Management is responsible for the day-to-day management of risks we face, while our board of directors, as a whole and through its audit committee, is responsible for overseeing our management and operations, including overseeing its risk assessment and risk management functions. Our board of directors has delegated responsibility for reviewing our policies with respect to risk assessment and risk management to our audit committee through its charter. Our board of directors has determined that this oversight responsibility can be most efficiently performed by our audit committee as part of its overall responsibility for providing independent, objective oversight with respect to our accounting and financial reporting functions, internal and external audit functions and systems of internal controls over financial reporting and legal, ethical and regulatory compliance. Our audit committee regularly reports to our board of directors with respect to its oversight of these important areas. Our compensation committee is responsible for overseeing the risks associated with our compensation policies and practices. Our nominating and corporate governance committee is responsible for planning and managing the risks associated with succession planning.

Compensation Policies and Practices and Risk Management

The board considers, in establishing and reviewing our compensation philosophy and programs, whether such programs encourage unnecessary or excessive risk taking. Base salaries are fixed in amount and consequently the board does not see them as encouraging risk taking. Employees are also eligible to receive a portion of their total compensation in the form of annual cash bonus awards. While the annual cash bonus awards focus on achievement of annual goals and could encourage the taking of short-term risks at the expense of long-term results, the Company's annual cash bonus awards represent only a portion of eligible employees' total compensation and are tied to both corporate performance measures and individual performance. Furthermore, the payout opportunities under the annual cash bonus plan are capped, and both the specific metrics and the required performance goals are reviewed and approved by the Compensation Committee. The board believes that the annual cash bonus awards appropriately balance risk with the desire to focus eligible employees on specific goals important to the Company's success and do not encourage unnecessary or excessive risk taking.

The compensation committee also provides named executive officers as well as other key employees long-term equity awards to help further align their interests with the Company's interests and those of our stockholders. The board believes that these awards do not encourage unnecessary or excessive risk taking since the awards are generally provided at the beginning of an employee's tenure or at various intervals to provide additional incentive to build long-term value and are subject to vesting schedules to help ensure that executives and senior managers have significant value tied to the Company's long-term corporate success and performance. In addition, as part of its 2011 compensation review, the compensation committee established stock ownership guidelines for our non-employee directors and named executive officers.

The board believes that our compensation philosophy and programs encourage employees to strive to achieve both short- and long-term goals that are important to the Company's success and building stockholder value, without promoting unnecessary or excessive risk taking. The board has concluded that our compensation philosophy and practices are not reasonably likely to have a material adverse effect on the Company.

Code of Conduct and Ethics

Our code of business conduct and ethics applies to all of our employees, officers and directors, including those officers responsible for financial reporting. Our code of business conduct and ethics is available on our website at www.bodycentral.com (also accessible under the URL www.bodyc.com). Any amendments to the code, or any waivers of its requirements, will be disclosed on our website.

Number of Meetings of the Board of Directors

The board held 14 meetings during fiscal 2012. Directors are expected to attend board meetings and committee meetings for which they serve, and to spend time needed to meet as frequently as necessary to properly discharge their responsibilities. Each incumbent director attended at least 75% of the aggregate number of meetings of the board and the board committees on which he or she served during the 2012 fiscal year.

Attendance at Annual Meetings of the Stockholders

The Company has no policy requiring directors and director nominees to attend its annual meeting of stockholders; however, all directors and director nominees are encouraged to attend.

Table of Contents

Director Independence

The rules of the Nasdaq Global Market require that our board be comprised of a majority of "independent directors" and that the audit committee, compensation committee and corporate governance and nominating committee each be comprised solely of "independent directors," as defined under applicable Nasdaq rules.

Our board of directors has determined that Messrs., Haley, Katz, Gallin, Glass and Ms. Ecton each qualify as an independent director under the corporate governance rules of the Nasdaq Global Market. In making these determinations, our board of directors affirmatively determined that Mr. Haley does not have any relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making this determination our board of directors considered that Mr. Haley sits on the board of directors of General Growth Properties, Inc., a landlord to approximately 33 of our stores.

Communications between Stockholders and the Board

Stockholders may send communications to the Company's directors as a group or individually, by writing to those individuals or the group: c/o the Corporate Secretary, 6225 Powers Avenue, Jacksonville, Florida 32217. The Corporate Secretary will review all correspondence received and will forward all correspondence that is relevant to the duties and responsibilities of the board or the business of the Company to the intended director(s). Examples of inappropriate communication include business solicitations, advertising and communication that is frivolous in nature, relates to routine business matters (such as product inquiries, complaints or suggestions), or raises grievances that are personal to the person submitting the communication. Upon request, any director may review communication that is not forwarded to the directors pursuant to this policy.

Committees of the Board of Directors

Our board of directors has established an executive committee, an audit committee, a compensation committee and a corporate governance and nominating committee. The composition and responsibilities of each committee are described below. Members will serve on these committees until their resignation or until otherwise determined by our board of directors.

The corporate governance and nominating committee considers all nominees for election as directors of the Company, including all nominees recommended by stockholders, in accordance with the mandate contained in its charter. COMPENSATION DISCUSSION AND ANALYSIS

The purpose of this compensation discussion and analysis section is to provide information about the material elements of compensation for our Chief Executive Officer and our other executive officers included in the summary compensation table below (the "Named Executive Officers" or "NEOs").

Executive Summary

Body Central is committed to a strong pay for performance compensation structure that provides competitive pay for the achievement of fiscal and operational objectives and stock price performance. The Company has worked to create a compensation structure that is based upon a pay for performance philosophy and that is also consistent with good corporate governance. Examples of these efforts are:

Executive compensation and benefits programs are administered by a compensation committee comprised solely of independent directors.

The compensation committee retains an independent outside compensation consulting firm that reports directly to the compensation committee and performs no other work for the Company.

The Company gives stockholders the right to vote on "Say-on-Pay" annually.

The Company has submitted both the annual and long-term incentive plans to stockholders for approval.

The Company's incentive plans prohibit option re-pricing.

The compensation committee has established share ownership guidelines for the NEOs and non-employee directors.

Benefits and perquisites are minimal.

The Company has adopted and enforces an insider trading policy that prohibits hedging and/or pledging of Company stock.

There are no tax gross-ups.

During 2012, the compensation committee reviewed the compensation structure to ensure that executive pay programs met the objectives of encouraging and rewarding strong financial and operating performance. The short-term incentive plan is tied to the Company's financial results, as measured by Company earnings before interest, taxes, depreciation and amortization ("EBITDA"). The compensation committee believes that EBITDA is an effective way to measure the Company's financial and operating performance. Long-term incentives are delivered in a combination of stock options and restricted stock. Stock options represent two-thirds of the total long-term grant value; restricted stock represents one-third of the total long-term grant value. Delivering long-term incentives in the form of equity closely ties the interests of executives and stockholders.

Opportunity at target for all persons

In fiscal 2012, the Company's financial results were below expectations, including:

Net revenue of \$311.0 million.

EBITDA of \$25.6 million.

A 62% decrease in shareholder value (as defined in reduction of stock price from 12/30/11 to 12/28/12).

Actual compensation paid to our NEOs for 2012 reflects the results of the compensation committee's review in 2011, a market review in 2012, and the Company's overall strong performance in 2011.

Salaries for our NEOs increased in 2012, other than with respect to Mr. Weinstein, who did not receive an increase, in order to reflect market pay levels, reward individual performance and retain key executive officers. The salary increase for our CFO also represented the increase in responsibility associated with the addition of the COO function;

There were no bonus or discretionary bonus awards earned by our NEOs for the 2012 fiscal year based on the Company's performance in fiscal 2012; and

Long-term incentive grants were made based on target market comparisons and internal parity considerations the actual future value of these awards will be determined by the Company's actual stock price performance over the four-year vesting period.

Compensation Philosophy and Objectives

Our compensation committee reviews and approves the compensation of our NEOs and oversees and administers our executive compensation approach and initiatives. We believe that our executive compensation approach motivates our NEOs by balancing fixed versus variable payments and cash payments versus equity awards. Our executive compensation approach is based upon a philosophy that is designed to:

Attract and retain talented executives experienced in our industry;

Edgar Filing: BODY CENTRAL CORP - Form DEF 14A

Reward executives whose knowledge, skills and performance are critical to our success;

Align the interests of our executive officers and stockholders by motivating executive officers to increase stockholder value and rewarding executive officers when stockholder value increases;

Provide competitive upside opportunity without encouraging undue risk-taking;

Result in below market compensation for performance that falls short of expectations; and

Recognize the individual contributions each executive officer makes to our success.

Oversight of Compensation

In determining the amount and form of compensation, the compensation committee considers a number of factors in any given year. The compensation committee considered the results from the stockholder advisory vote on executive compensation for fiscal year 2012 as support for the compensation policies and practices in place for 2012. At the 2012 annual meeting of stockholders, more than 98% of the votes cast on the stockholder advisory vote on executive compensation were in favor of our executive compensation. Our board of directors and our compensation committee value the opinions of our stockholders and are committed to ongoing engagement with our stockholders on executive compensation practices. Our board of directors has determined that our stockholders should vote on a say-on-pay proposal each year in accordance with the preference expressed by stockholders on the "say-on-pay" proposal at our 2011 annual meeting of stockholders.

The compensation committee meets outside the presence of all of our named executive officers to consider appropriate compensation for our Chief Executive Officer. With respect to our other named executive officers, the compensation committee considers the Chief Executive Officer's input as to performance evaluations and recommended compensation arrangements. In making its decisions, the compensation committee reviews competitive market information provided by its independent advisor, Pearl Meyer & Partners, LLC ("PM&P"). The compensation committee considers this market information, input from the CEO, and its own assessment of individual and Company performance in determining annual compensation levels for the NEOs.

The compensation committee reviewed market information provided by PM&P that focused on a group of sixteen companies similar to the Company in terms of size and market focus that consisted of:

bebe stores Inc.	dELiAs Inc.
Buckle Inc. (The)	Destination Maternity Corp.
Cache Inc.	Hot Topic Inc.

This peer group data was supplemented with published compensation survey data for general industry companies of similar revenue size. The compensation committee considered this market information, in combination with its assessment of individual and company performance, in making its determinations for 2012 compensation for NEOs.

The compensation committee also reviews the Company's compensation and benefits programs from a risk perspective. The compensation committee has worked with management and its outside advisors to ensure that compensation programs have an appropriate balance of performance-oriented variability and safeguards that ensure programs do not encourage undue risk taking. For example:

Payouts under the annual incentive plan are limited to 200% of target bonus;

Performance criteria and the required levels of performance for each criterion are reviewed and approved by the compensation committee at the beginning of the year;

Financial performance criteria used to determine annual incentive payouts are reviewed and verified by the compensation committee after completion of the Company's annual financial audit;

Equity grants vest over a four-year period; and

Executives are subject to share ownership guidelines.

Elements of Compensation

Our current executive compensation approach, which was set by our compensation committee with input from our Chief Executive Officer, consists of the following components:

Base salary;

Annual cash incentive awards linked to corporate and individual performance;

Annual grants of stock options;

Annual grants of restricted stock; and

Other executive benefits and perquisites.

Executive compensation includes both fixed compensation (base salary, benefits and executive perquisites) and variable compensation (annual bonus and equity grants). Each component is linked to one or more of the compensation philosophy objectives listed above. The fixed compensation is designed to induce talented executives to join or remain with our Company. Variable cash incentive awards are tied specifically to the achievement of the Company's annual financial objectives and individual performance. Target bonus amounts generally relate to the scope of responsibility for each named executive officer. Our bonus awards are designed to align each executive's annual goals for his or her respective area of responsibility with the financial goals of the entire business. The other element to variable compensation is stock option and restricted stock awards. As part of the compensation committee's review of executive compensation, the compensation committee established target annual equity grant ranges for executives. Two-thirds of the equity grant value is awarded in the form of stock options, to link the realizable compensation of executives to stockholder value creation. The remaining one-third is delivered in restricted stock, to further promote retention of executives and their link to stockholders through long term equity ownership.

Base Salary

The base salary established for each of our NEOs is intended to reflect each individual's professional responsibilities, the skills and experience required for the job, their individual performance, business performance and a competitive salary based on market comparables. Our compensation committee, with input from the CEO, annually reviews base salaries and makes adjustments based on market information and its assessment of Company performance and individual contributions. In fiscal year 2012, based upon a market review undertaken in 2012, and in order to reward individual contributions for fiscal 2011 financial performance and to retain key executive officers, certain of our NEOs received base salary adjustments as follows: Ms. Angelo's salary was increased from \$450,000 to \$460,000. Mr. Stoltz's salary was increased from \$350,000 to \$425,000, and Mr. Swartwood's salary was increased from \$240,000 to \$260,000. Mr. Stoltz's salary increase also reflected the increase in responsibility commensurate with his promotion to Chief Operating Officer. Mr. Weinstein did not receive a salary increase in 2012.

Bonus Awards

Our compensation committee, with input from the CEO, other than for his own bonus, determines annual cash bonus awards to our NEOs. The annual cash bonuses are intended to reward the achievement of corporate objectives linked to the Company's financial results. We believe that our bonus awards help the Company attract and retain qualified and highly skilled executives, and reward and motivate NEOs who have had a positive impact on corporate results.

Table of Contents**2012 Executive Bonus Plan**

For fiscal year 2012, the compensation committee established a bonus plan for executive officers and key employees based on EBITDA targets. Each of our NEOs was eligible to receive a bonus award from the bonus pool based on (1) achievement of the EBITDA target, (2) his or her position with the Company and (3) his or her relative contribution to the achievement of the EBITDA target. Since the threshold of EBITDA was not achieved in 2012, no bonuses were paid. For 2012, EBITDA goals were established as follows:

	Threshold	Target	Maximum	2012 Actual
EBITDA	\$42.50 million	\$45.75 million	\$51.70 million	\$25.60 million
Change vs. 2011 actual	+15%	+24%	+40%	-30%
Bonus Pool	\$1.50 million	\$2.30 million	\$4.60 million	\$0.00 million

In addition to EBITDA performance, the compensation committee also considers individual management objectives for our Chief Executive Officer in determining actual incentive awards, however, as the 2012 threshold EBITDA was not met, none of the NEOs were eligible for a bonus relating to the achievement of individual objectives. Mr. Weinstein retired on August 16, 2012 and, therefore, was not eligible to receive an incentive award for 2012.

For fiscal year 2012, no bonuses were awarded under the 2012 Executive Bonus Plan due to performance below threshold.

Equity-Based Compensation

Our compensation committee believes that equity-based compensation is an important component of our executive compensation approach and that providing a significant portion of our NEOs' total compensation package in equity-based compensation aligns the incentives of our NEOs with the interests of our stockholders and with our long-term corporate success. Additionally, our compensation committee believes that equity-based compensation awards enable the Company to attract, motivate, retain and adequately compensate executive talent. As part of its 2012 compensation review, the compensation committee established target equity grant levels for executives. Currently, these annual equity grants are awarded in a combination of stock options (two-thirds of the annual grant value) and restricted stock (one-third of the annual grant value). Our compensation committee believes stock options provide our named executive officers with a significant long-term interest in the Company's success by rewarding the creation of stockholder value over time. Restricted stock grants serve as a valuable retention tool, and further align management and stockholders through equity ownership. These stock option and restricted stock grants generally vest over the course of four years with 25% of the shares vesting on the first anniversary of the grant date and the remaining portions vesting in twelve equal quarterly installments. In addition, in August 2012, in connection with his promotion to Chief Operating Officer, the Company granted Mr. Stoltz an option to purchase 50,000 shares of the Company's common stock.

As a relatively new publicly traded company, the compensation committee felt that it was premature to grant equity with performance vesting criteria during 2011 or 2012. However, the compensation committee recognizes the market trends in this area, and may seek to grant performance-based equity in the future. At the 2012 Annual Meeting, stockholders approved the Amended and Restated 2006 Equity Incentive Plan (the "Equity Incentive Plan" or the "Plan"), which included provisions that would allow performance vesting equity grants in the future.

Stock Ownership Policy

The compensation committee believes that, in addition to providing long-term performance pay, annual equity grants are a means to encourage long-term executive stock ownership. As part of its 2011

Table of Contents

compensation review, the compensation committee established stock ownership guidelines for our non-employee directors in September 2011 and for our NEOs in March 2012. The guidelines are as follows:

Non-employee directors: 3x annual cash retainer fee

Chief Executive Officer: 3x salary

Executive Vice President(s) : 2x salary

Senior Vice Presidents: 1x salary

Executives and non-employee directors will have five years from the latter of the introduction of these guidelines or their hire/promotion/election date to achieve compliance.

Other Executive Benefits and Perquisites

To attract and retain qualified and highly skilled executives, we provide the following benefits to the NEOs who are Executive Vice Presidents and above:

Health insurance, including payment of 100% of the insurance premium;

Four weeks paid vacation;

Short-term disability as provided in certain named executive officer's employment agreements; and

Automobile allowance of \$1,000 a month.

Compensation Recovery Policy

The compensation committee will adopt, based on best practices, a policy regarding retroactive adjustments to any cash or equity based incentive compensation paid to the executive officers and other employees where the payments were predicated upon the achievement of financial results that were subsequently the subject of a financial restatement. The compensation committee will adopt a compensation recovery ("clawback") policy covering the annual and long-term incentive award plans and arrangements once the SEC issues final rules implementing the requirements of Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Retirement: 401(k) Plan

We are strongly committed to encouraging all employees to save for retirement. To provide employees with the opportunity to save for retirement on a tax-deferred basis, we sponsor a 401(k) plan pursuant to which we match a percentage of employee contributions for all employees who worked at least 1,000 hours and who were employed by us at the end of the plan year.

Nonqualified Deferred Compensation

In July 2012, the Board of Directors elected to provide our executive officers and other key executives and director-level employees with a non-qualified defined contribution program beginning with the last full pay period in September 2012. Under the program, participants may defer up to 60% of their base salary and 100% of bonuses earned. The Company did not provide any incentive or matching contribution in fiscal 2012.

Severance and Change-in-Control Benefits

The employment agreements for Mr. Stoltz and Ms. Angelo in place as of December 29, 2012, provide for compensation in the event of a termination of their employment due to death or disability,

Table of Contents

without cause, and by the executive for good reason. We believe these severance benefits are essential elements of our executive compensation package by assisting in recruiting and retaining talented executives. Ms. Angelo has subsequently resigned from her role of Chief Merchandising Officer effective as of February 22, 2013.

With respect to a termination due to death or disability, severance payments are equal to any unpaid portion of the executive's base salary, any unpaid bonus from prior years, and any other unpaid amounts and benefits to which the executive is entitled as of the termination of the executive's employment under any of our compensation plans and programs, the aggregate reduced by any insurance or disability benefits paid to the executive under our benefit plans.

With respect to a termination without cause or for good reason, except for Mr. Swartwood, severance payments are equal to the executive's base salary for 12 months, any earned and unpaid bonus from prior years, and any other unpaid amounts and benefits to which the executive is entitled as of the termination of employment under any of our compensation plans and programs. Mr. Swartwood had an employment agreement in effect in fiscal 2012 that entitled him to severance equal to 6 months base pay, should he be terminated without cause. In February 2013 that agreement was amended to entitle Mr. Swartwood to severance equal to 12 months of base pay if he were to be terminated without cause.

In March of 2013 the board of directors approved an Executive Severance Plan applicable to executives at or above the senior vice president level. The Plan provides for salary continuation for up to 12 months based upon length of service for applicable executives that are terminated without cause. The board of directors believes the Plan will assist in the Company's ability to attract and retain key talent.

The severance and change-in-control benefits are described in full under the heading "Employment Agreements and Potential Payments Upon Termination or Change-in-Control."

Section 162(m) Compliance

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code") limits deductions for federal income tax purposes to no more than \$1.0 million of compensation paid to certain executive officers in a taxable year. Compensation above \$1.0 million may be deducted if it is "performance-based compensation" within the meaning of the Code and certain awards under our Equity Incentive Plan may qualify for the exemption if certain requirements are met. However the compensation committee may choose to provide compensation that may not be deductible if it believes that such payments are appropriate to ensure that our named executive officers receive total compensation that is competitive with our peer group or reflects superior performance.

Termination of Employment Agreements and Change-in-Control Arrangements

The information below describes and quantifies certain compensation that would become payable under each named executive officer's employment agreement if, as of December 29, 2012, their employment agreements were in effect and their employment with us had been terminated. Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed below, any actual amounts paid or distributed may be different.

The employment agreements for our named executive officers, other than Mr. Swartwood, provide for compensation in the event of termination of their employment due to death or disability, without cause, and by the executive for good reason. In general, these employment agreements contain the following termination-related provisions:

Termination Due to Death or Disability. Severance payments equal to any unpaid portion of the executive's base salary, any unpaid bonus from prior years, and any other unpaid amounts and benefits to which the executive is entitled as of the termination of the executive's employment under any of our compensation plans and programs, the aggregate reduced by any insurance or disability benefits paid to the executive under our benefit plans.

Termination Without Cause or for Good Reason. Severance payments equal to the executive's base salary for the period described below, any unpaid bonus from prior years, and any other unpaid amounts and benefits to which the executive is entitled as of the termination of employment under any of our compensation plans and programs.

Release. Receipt of any severance and benefits upon termination without cause or for good reason is conditioned on the executive signing a release and waiver of claims in a form satisfactory to us.

Non-Competition. Our executive officers are also generally prohibited from disclosing confidential information and trade secrets, soliciting any employee, vendor or customer for one year following termination of their employment and working with or for any competing companies during their employment and for one year thereafter.

"For Cause" Under the employment agreements, "cause" generally means (i) a material failure of the executive in performing his or her duties, (ii) willful misconduct, (iii) an act of moral turpitude, (iv) conviction of, or guilty plea or nolo contendere to, a felony or crime involving fraud, dishonesty or moral turpitude, (v) material breach of his or her employment agreement or a material policy or (vi) any breach of fiduciary duties of loyalty and trust.

"Good Reason." Under the employment agreements, "good reason" generally means (i) a reduction in the executive's responsibilities without his or her consent, (ii) attempted or actual

Table of Contents

relocation of the executive's principal workplace beyond a 50 mile radius of our location or (iii) our failure to provide the executive's compensation, benefits and perquisites under his or her employment agreement.

Thomas W. Stoltz If Mr. Stoltz terminates his employment for good reason, he must provide us with 30 days' prior written notice. Mr. Stoltz would receive 12 months of his annual base salary if his employment is terminated without cause or for good reason.

Beth R. Angelo If Ms. Angelo terminates her employment for good reason, she must provide us with 60 days' prior written notice. Ms. Angelo would receive 12 months of her annual base salary if her employment is terminated without cause or for good reason. Ms. Angelo resigned her positions with the Company effective February 22, 2013.

Matthew Swartwood Mr. Swartwood would receive six months of his annual base salary if his employment is terminated without cause. Pursuant to Mr. Swartwood's employment agreement amendment made effective in February 2013, Mr. Swartwood's severance increased from six months to twelve months.

Under our Equity Incentive Plan as currently in effect, in the event of a change in control (as defined in our Equity Incentive Plan), if the purchaser, successor or surviving corporation (or parent thereof) (the "Survivor") desires to assume an award, or issue a replacement award of the same type with similar terms and conditions, then the award shall be so assumed or replaced and shall be subject to the following: (i) one-half of the outstanding award, to the extent not already vested, shall be vested as of the date immediately prior to the date of the change of control (assuming, for any awards the vesting of which is contingent on the attainment of one or more performance goals, that performance had been met at the target level), and (ii) the remaining portion of the award shall vest in accordance with the terms of the award, provided that if the participant is terminated from service without cause within two years following the change of control, then any portion of the participant's award that is not then vested shall vest in full on the date immediately preceding the date of such termination of employment (assuming, for any awards the vesting of which is contingent on the attainment of one or more performance goals, that performance had been met at the target level). If applicable, each award which is assumed by the Survivor shall be appropriately adjusted, immediately after such change of control, to apply to the number and class of securities which would have been issuable to the participant upon the consummation of such change of control had the award been exercised, vested or earned immediately prior to such change of control, and other appropriate adjustments in the terms and conditions of the award shall be made.

To the extent the Survivor does not assume any awards, then all time-based awards shall accelerate and be deemed vested in full as of the date of the change in control and a pro rata portion of performance-based awards shall vest as of the date of the change in control based upon the number of days that have elapsed during the applicable performance period and assuming performance was met at the higher of the target level or the level that would have been achieved at the end of the performance period if achievement continued at the same rate in effect at the time of the change of control.

If a participant has in effect an employment, retention, change of control, severance or similar agreement with the Company or any Affiliate that provides a more favorable result for the participant's awards upon a change of control than is provided by the previous paragraph, then the terms of such agreement shall apply to the participant's awards.

In the event of a termination of employment (other than for death or disability), stock options remain exercisable to the extent vested for a period of three months from the date of termination. In the event a NEO's employment is terminated due to death or disability, stock options remain exercisable to the extent vested for a period of 365 days from the date of termination.

Executive Compensation Developments in 2013

Woolf Employment Agreement

On February 4, 2013, the Company entered into an employment agreement with Mr. Woolf (the "Woolf Employment Agreement") in connection with his joining the Company as Chief Executive Officer, commencing on February 5, 2013. The term of the Woolf Employment Agreement is for five years and will automatically renew for additional one-year terms following the initial term and any renewal term thereafter, unless either party provides at least sixty days' prior written notice of its intention not to renew the Woolf Employment Agreement.

The Woolf Employment Agreement provides for an annual base salary of \$750,000, an annual target discretionary bonus of 100% of his base salary and, commencing in 2014, an annual long-term grant with two-thirds of the value of the grant to be in the form of options to purchase the Company's common stock and one-third of the value of such grant to be in the form of restricted stock. The Woolf Employment Agreement also provides Mr. Woolf with an automobile allowance of \$1,000 per month, reimbursement of legal expenses incurred in negotiating the Woolf Employment Agreement (up to \$5,000) and reimbursement for reasonable out-of-pocket expenses he incurs related to moving expenses, temporary living expenses in the Jacksonville, Florida area and closing costs for any permanent residence Mr. Woolf purchases in the Jacksonville, Florida area (up to a maximum of \$30,000).

In connection with his commencement of employment, on February 5, 2013, Mr. Woolf was granted (i) an option to purchase 300,000 shares of common stock of the Company at an exercise price equal to \$7.94, vesting over four years with 25% of the shares underlying the option vesting on the first anniversary of the grant date and the remainder vesting in twelve equal quarterly installments thereafter and (ii) 150,000 shares of restricted stock, vesting in four equal annual installments on each of the first four anniversaries of February 5, 2013. The foregoing grants were made pursuant to the inducement grant exception set forth in NASDAQ listing Rule 5635(c)(4).

The Woolf Employment Agreement provides that, in the event that the Company terminates Mr. Woolf's employment without cause, or Mr. Woolf terminates his employment for good reason, each as defined in the Woolf Employment Agreement, and Mr. Woolf has complied with his obligations under the Woolf Employment Agreement and signs a general release of claims in favor of the Company, then the Company shall pay Mr. Woolf (i) an amount equal to one year of his then-current base salary, (ii) if Mr. Woolf's termination of employment occurs on or after the date the Board of Directors determined the amount of the discretionary bonus payable with respect to the preceding fiscal year but prior to the payment thereof, the amount of such discretionary bonus; and (iii) monthly payments equal to the monthly employer contribution that the Company would have made to provide Mr. Woolf health insurance if he had remained employed by the Company for a period of twelve months following termination or Mr. Woolf's COBRA continuation period, whichever ends earlier.

Table of Contents

In the event that the Company terminates Mr. Woolf's employment without cause, or Mr. Woolf resigns for good reason, in either case within twelve months following a change of control, as defined in the Woolf Employment Agreement, and he signs a general release of claims in favor of the Company, then, in lieu of the benefits described in the paragraph above, the Company shall pay Mr. Woolf severance equal to two times the sum of Mr. Woolf's base salary then in effect and the average of the discretionary bonus received by Mr. Woolf for the two immediately preceding fiscal years (or one fiscal year if Mr. Woolf has not been employed for two such years).

Mr. Woolf's Employment Agreement also provides that, in the event that his employment terminates due to death or disability, the Company shall pay Mr. Woolf (or his estate, if applicable) a prorated discretionary bonus for the year in which the termination occurs.

Mr. Woolf's Employment Agreement also contains a provision that allows any payments otherwise due to him in connection with a change in control to be reduced to the extent necessary so that no excise taxes would be due on any such payments unless it is determined that Mr. Woolf would be better off, on a net after-tax basis, if such payments were not so reduced.

Angelo Separation Agreement

Effective February 22, 2013, Ms. Angelo resigned from her position as the Chief Merchandising Officer and Executive Vice President, and as a member of the board of directors of the Company. Ms. Angelo has agreed to provide consulting services to the Company for a period of six months after her resignation. In connection with Ms. Angelo's resignation, the Company and Ms. Angelo entered into a separation agreement (the "Angelo Separation Agreement"). Pursuant to the Angelo Separation Agreement, the Company will pay Ms. Angelo (i) a monthly fee of \$33,333 related to her consulting services for six months, (ii) severance equal to Ms. Angelo's final base salary of \$460,000, payable during the 12-month period following her termination in approximately equal bi-weekly installments in accordance with the Company's general payroll practices, (iii) approximately \$35,385 representing her accrued and unused vacation time and (iv) additional monthly payments if Ms. Angelo elects to purchase health continuation coverage through COBRA, in an amount equal to what the Company would have paid had her employment continued. Also pursuant to the Separation Agreement, Ms. Angelo executed a release in favor of the Company. All unvested stock options and stock awards held by Ms. Angelo as of her resignation were forfeited and Ms. Angelo's vested stock options will remain exercisable for 90 days after her resignation date.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related-Party Transactions Policy and Procedure

Our board of directors has adopted a written policy for the review and approval of any transaction, arrangement or relationship in which we are a participant, the amount involved exceeds \$120,000 and one of our executive officers, directors, director nominees or 5% stockholders (or their immediate family members), each of whom we refer to as a "related person," has a direct or indirect material interest.

If a related person proposes to enter into such a transaction, arrangement or relationship, which we refer to as a "related person transaction," the related person must report the proposed related person transaction to the chairman of our corporate governance and nominating committee. Additionally, in the case of 5% stockholders, we will solicit this information via an annual questionnaire. The policy calls for the proposed related person transaction to be reviewed and, if the transaction is deemed appropriate, approved by the corporate governance and nominating committee. Whenever practicable, the reporting, review and approval will occur prior to entering into the transaction. If advance review and approval is not practicable, the corporate governance and nominating committee will review and, in its discretion, may ratify the related person transaction. Any

related person transactions that are ongoing in nature will be reviewed annually and the corporate governance and nominating committee may establish guidelines for our management to follow its ongoing dealings with the related person.

A related person transaction reviewed under the policy will be considered approved or ratified if it is authorized by the corporate governance and nominating committee after full disclosure of the related person's interest in the transaction. The written policy also provides for the standing pre-approval of certain related person transactions, such as the employment compensation of executive officers, director compensation and certain charitable contributions, among other things.

We describe below transactions during our last fiscal year to which we were a party or will be a party, in which:

the amounts involved exceeded or will exceed \$120,000; and

any of our directors, executive officers, holders of more than 5% of our common stock or any member of their immediate family had or will have a direct or indirect material interest.

Registration Rights Agreement

On October 1, 2006, we entered into a registration rights agreement with certain parties that included, among others, entities advised by PineBridge Investments (which employs our director, Scott Gallin), The Doolan Family First Limited Partnership (which is affiliated with our former director, Martin Doolan), Jerrold Rosenbaum, Beth R. Angelo and Laurie Bauguss. The agreement provides specified stockholders with certain demand and "piggyback" registration rights and other registration rights, subject to lock-up arrangements.

Pursuant to our registration rights agreement, specified holders of our common stock issued upon conversion of our Series A preferred stock have the right at any time, but on not more than three occasions, to require us to register any or all of their shares under the Securities Act at our expense. Following a demand, all other holders of registrable securities may request the inclusion of any or all of their shares in the registration statement. Our obligations pursuant to this demand registration right is limited to offerings in which at least 80% of the securities to be registered are anticipated to be sold to the public. Under some circumstances, we may delay filing a registration statement for up to 180 days in a 12-month period. Additionally, all holders of registrable securities are entitled to request the inclusion of any of their shares in any registration statement, with some exceptions, at our expense whenever we propose to register any of our securities under the Securities Act. All demand and piggyback registration rights are subject to limitations that may be imposed by the managing underwriter on the number of shares to be included in the underwritten offering.

Pursuant to our registration rights agreement, specified holders of our registrable securities are also entitled to additional short-form registration rights. Commencing on the date that we become eligible to register securities on Form S-3, each holder of at least 5% of our registrable securities who is a party to the registration rights agreement may request registration of their shares if the anticipated aggregate offering amount of the shares exceeds \$1.0 million. There is no limit to the number of requests for registrations on Form S-3.

In connection with all registrations pursuant to the registration rights agreement, we have agreed to indemnify all holders of registrable securities against specified liabilities, including liabilities under the Securities Act. All stockholders requesting or joining in a registration may be required to agree to indemnify us against certain liabilities, but in no event will any single stockholder's liabilities exceed the net proceeds to that stockholder from the sale of the registrable securities.

The registration rights agreement will terminate upon the earlier of our voluntary liquidation or the sale of all or substantially all of our assets or outstanding common stock.
