## PROXY STATEMENT

### Annual Meeting of Shareholders to Be Held on May 19, 2016

The accompanying proxy is being solicited by the Board of Trustees (the "Board of Trustees" or the "Board") of Vornado Realty Trust, a Maryland real estate investment trust ("we," "us," "our" or the "Company"), for exercise at our 2016 Annual Meeting of Shareholders (the "Annual Meeting") to be held on Thursday, May 19, 2016, beginning at 11:30 A.M., local time, at the Saddle Brook Marriott, Interstate 80 and the Garden State Parkway, Saddle Brook, New Jersey 07663. Our principal executive office is located at 888 Seventh Avenue, New York, New York 10019. Our proxy materials, including this proxy statement, the Notice of Annual Meeting of Shareholders, the proxy card or voting instruction form and our 2015 Annual Report are being distributed and made available on or about [ ] [ ], 2016.

In accordance with rules and regulations adopted by the U.S. Securities and Exchange Commission (the "SEC"), we have elected to provide our shareholders access to our proxy materials on the Internet. Accordingly, a notice of Internet availability of proxy materials will be mailed on or about April 8, 2016 to our shareholders of record as of the close of business on March 21, 2016. Shareholders may (1) access the proxy materials on a website referred to in the notice or (2) request that a printed set of the proxy materials be sent, at no cost to them, by following the instructions in the notice. **You will need your 12-digit control number that is included with the notice mailed on or about [ ] [ ], 2016, to authorize your proxy for your shares through the Internet. If you have not received a copy of this notice of internet availability, please contact our investor relations department at 201-587-1000 or send an e-mail to [ircontact@vno.com](mailto:ircontact@vno.com). If you wish to receive a printed version of these materials, you may request them at [www.proxyvote.com](http://www.proxyvote.com) or by dialing 1-800-579-1639 and following the instructions at that website or phone number.**

#### *How do you vote?*

If you hold your shares of record in your own name, you may vote in person at the Annual Meeting or you may authorize your proxy over the Internet (at [www.proxyvote.com](http://www.proxyvote.com)), by telephone (at 1-800-690-6903) or by executing and returning a proxy card. Once you authorize a proxy, you may revoke that proxy by timely (1) executing and submitting a later-dated proxy card, (2) subsequently authorizing a proxy through the Internet or by telephone, (3) sending a written revocation of proxy to our Secretary at our principal executive office or (4) attending the Annual Meeting and voting in person. Attending the Annual Meeting without submitting a new proxy or voting in person will not automatically revoke your prior authorization of your proxy. To be effective, later-dated proxy cards, voting instruction forms, proxies authorized via the Internet or telephone or written revocations of proxies must be received by us by 11:59 P.M., New York City time, on Wednesday, May 18, 2016.

If you hold your common shares in "street name" (that is, as beneficial owner through a bank, broker or other nominee), your nominee will not vote your shares (other than with respect to the ratification of the appointment of our independent registered public accounting firm) unless you provide instructions to your nominee on how to vote your shares. If you hold shares in "street name," you will receive instructions from your nominee that you must follow in order to have your proxy authorized, or you may contact your nominee directly to request these voting instructions. You should instruct your nominee how to vote your shares by following the directions provided by your nominee.

We will pay the cost of soliciting proxies. We have hired MacKenzie Partners, Inc. to solicit proxies for a fee not to exceed \$5,500. In addition to solicitation by mail, by telephone and by e-mail or the Internet, arrangements

---

## 2 VORNADO REALTY TRUST 2016 PROXY STATEMENT

may be made with brokerage houses and other custodians, nominees and fiduciaries to send proxies and proxy materials to their principals and we may reimburse them for their expenses in so doing. Trustees or members of management of the Company may also solicit votes.

### *Who is entitled to vote?*

Only holders of record of our common shares of beneficial interest, par value \$0.04 per share (the "Shares") as of the close of business on March 21, 2016 are entitled to notice of and to vote at the Annual Meeting. We refer to this date as the "record date." On that date, [ ] of our Shares were outstanding. Holders of Shares as of the record date are entitled to one vote per Share on each matter properly presented at the Annual Meeting.

### *How do you attend the meeting in person?*

If you hold your Shares in your own name, you will need only to present satisfactory evidence of your identity. If you hold your Shares in "street name" and would like to attend the Annual Meeting in person, you will need to bring an account statement or other evidence acceptable to us of ownership of your Shares as of the close of business on the record date. If you hold Shares in "street name" and wish to vote in person at the Annual Meeting, you will need to contact your bank, broker or other nominee and obtain a legal proxy from your nominee and bring it to the Annual Meeting. Directions to attend the Annual Meeting and vote in person are available upon request to the Secretary of the Company at its offices.

### *How will your votes be counted?*

The holders of a majority of the outstanding Shares as of the close of business on the record date, present in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting. Any proxy, properly executed and returned, will be voted as directed and, if no direction is given, will be voted as recommended by the Board of Trustees in this proxy statement and in the discretion of the proxy holder as to any other matter that may properly come before the meeting. A broker non-vote and any proxy marked "withhold" or an abstention, as applicable, will count for the purposes of determining a quorum, but will have no effect on the result of the vote on the election of Trustees or the ratification of the appointment of our registered independent public accounting firm, or the non-binding, advisory vote on executive compensation. However, because the vote required to amend our Declaration of Trust (the "Declaration") to eliminate the classification of our Board of Trustees (the "Amendment") is based on votes entitled to be cast at the meeting (rather than votes cast at the meeting), abstentions and broker non-votes, if any, will have the effect of a vote against the Amendment. A broker non-vote is a vote that is not cast on a non-routine matter because the shares entitled to cast the vote are held in street name, the broker lacks discretionary authority to vote the shares on that matter and the broker has not received voting instructions from the beneficial owner.

The approval of the Amendment requires the affirmative vote by holders of not less than a majority of our Shares outstanding and entitled to vote thereon. The election of each of our nominees for Trustee requires a plurality of the votes cast at the Annual Meeting, however, any nominee for Trustee who does not receive the approval of a majority of the votes cast (more "for" votes than "withhold" votes) will be required, pursuant to our Corporate Governance Guidelines (the "Guidelines"), to tender his or her offer of resignation to the Board of Trustees for its consideration. The ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm and the approval of the non-binding, advisory vote on executive compensation require a majority of the votes cast on such matter at the Annual Meeting.

## **PROPOSAL 1: ELECTION OF TRUSTEES**

### **TRUSTEES STANDING FOR ELECTION**

Our Board has nine Trustees. On February 11, 2016, our Board, on the recommendation of our Corporate Governance and Nominating Committee, nominated each of Ms. Candace K. Beinecke, Mr. Robert P. Kogod and Dr. Richard R. West, Jr. for election at our Annual Meeting. Such persons will be elected to the class of

2016 PROXY STATEMENT VORNADO REALTY TRUST 3

Trustees to serve until the Annual Meeting of Shareholders in 2019 and until their respective successors are duly elected and qualified. Each of these nominees currently serves as a member of our Board. Our organizational documents currently provide that our Trustees are divided into three classes, as nearly equal in number as reasonably possible, as determined by the Board. One class of Trustees is elected at each Annual Meeting to hold office for a term expiring at the third succeeding annual meeting and until their respective successors have been duly elected and qualified. If the Amendment is approved, our organizational documents will provide that the Trustees elected at this annual meeting will serve until the 2019 annual meeting of shareholders, the Trustees elected at the 2017 annual meeting of shareholders will be elected for a one-year term to serve until the 2018 annual meeting of shareholders, the Trustees elected at the 2018 annual meeting of shareholders will be elected for a one-year term to serve until the 2019 annual meeting and, beginning with the 2019 annual meeting of shareholders, all Trustees will be elected as a single class annually, in each case to hold office for a term expiring at the next succeeding annual meeting and until their respective successors have been duly elected and qualified.

Unless you direct otherwise in your signed and returned proxy, each of the persons named in the accompanying proxy will vote your shares for the election of the three nominees for Trustees listed below. If any nominee at the time of election is unavailable to serve, it is intended that each of the persons named in the proxy will vote for an alternate nominee who will be recommended by the Corporate Governance and Nominating Committee of our Board and nominated by the Board. Alternatively, the Board may reduce the size of the Board and the number of nominees. Proxies may be exercised only for the nominees named or such alternates. We do not currently anticipate that any nominee for Trustee will be unable to serve as a Trustee.

**The Board of Trustees recommends that shareholders vote "FOR" the election of each of the nominees listed below to serve as a Trustee until the Annual Meeting of Shareholders in 2019 and until his or her respective successor has been duly elected and qualified.**

Under our Amended and Restated Bylaws (the "Bylaws"), a plurality of all the votes cast at the Annual Meeting, if a quorum is present, is sufficient to elect a Trustee. However, any Trustee who does not receive the affirmative vote of a majority of the votes cast for his or her election to the Board (a greater number of "for" votes than "withhold" votes) in an uncontested election (such as this election) will be required, pursuant to our Corporate Governance Guidelines, to tender his or her offer of resignation to the Board for its consideration. Under Maryland law, proxies marked "withhold" will have no effect on the result of this vote. A broker non-vote will also have no effect on the result of this vote.

The following table lists the nominees and the other present members of the Board who will continue to serve following the 2016 Annual Meeting. For each such person, the table lists the age, principal occupation,

The Board has determined that Ms. Beinecke and Messrs. Kogod, Lynne, Mandelbaum, Tisch and Wight and Dr. West are independent under the Corporate Governance Standards of the NYSE, with the result that seven of our nine Trustees are independent. The Board reached this conclusion after considering all applicable

---

relationships between or among such Trustees and the Company or management of the Company. These relationships are described in the sections of this proxy statement entitled "Relationships Among Our Trustees" and "Certain Relationships and Related Transactions." Among other factors considered by the Board in making its determinations regarding independence was the Board's determination that these Trustees met all of the "bright-line" requirements of the NYSE Corporate Governance Standards as well as the categorical standards adopted by the Board as contained in our Corporate Governance Guidelines.

### **Shareholder Engagement and Governance Changes**

Our Company has a long history of engaging with shareholders. During the past two years we have adopted or are proposing a number of significant governance changes following outreach to our shareholders for their views. During the last year, we met with or spoke to holders of more than 50% of our shares, and based on that outreach, we believe the combination of actions we have taken present an overall governance structure that they consider responsive to their views, including on the election standard for trustees and whether to provide for an independent chair. The changes implemented include:

#### Changes made for 2016

- n Amending our Corporate Governance Guidelines to provide that, in an uncontested election, if a nominee for Trustee does not receive majority support for election to the Board (more "for" votes than "withhold" votes), that Trustee must offer to resign from the Board.
- n Recommending that our shareholders approve an amendment to our Declaration of Trust that would provide for the phased-in annual election of our Board of Trustees, with the Board fully declassified in 2019.
- n Appointing Ms. Candace K. Beinecke as our new Lead Trustee.
- n Amending our Corporate Governance Guidelines to provide for increased clarity and emphasis on diversity as a criteria for the selection of new Trustees.

#### Changes made in 2015

- n Increasing the power and authority of our Lead Trustee to reflect best practices.
- n Increasing Trustee equity ownership requirements to five times (from four times) their annual retainer.
- n Designating an additional member of the Audit Committee to be an "audit committee financial expert."
- n Adopting an anti-hedging policy.
- n Adopting a claw-back policy.

**Lead Trustee**

On March 16, 2016, our independent Trustees elected Ms. Beinecke to serve as Lead Trustee for a one-year term. The responsibilities and duties of the Lead Trustee are described in our Corporate Governance Guidelines. They include the following authorities and responsibilities:

- n presiding at all meetings of the Board at which the Chairman is not present, including executive sessions of the independent Trustees;
- n serving as liaison between the Chairman and the independent Trustees;
- n consulting with the Chairman regarding, and approving:
  - n the schedule of Board meetings;
  - n Board meeting agenda items;
  - n materials sent in advance of Board meetings; and
- n calling meetings of the independent Trustees when necessary and appropriate.

In addition, if requested by major shareholders, the Lead Trustee will ensure that he is available for consultation and direct communication.

**Board Leadership Structure**

Our Board is deeply focused on our corporate governance practices. We value independent board oversight as an essential component of strong corporate performance to enhance shareholder value. Our commitment to independent oversight is demonstrated by the fact that all of our

Trustees are independent, except our current and former Chief Executive Officers. In addition, all of the members of our Board's committees, except the Executive Committee, are independent.

Our Board of Trustees has an active, independent Lead Trustee and the positions of Chairman and Chief Executive Officer are held by the same person, Mr. Roth. Our Board believes that this leadership structure is best for Vornado and its shareholders at this time. Steven Roth is our Chairman and CEO. In his dual role, Mr. Roth uses the in-depth focus and perspective gained in building and running our Company for over 35 years through many real estate cycles to effectively and efficiently guide our Board. He fulfills his responsibilities in chairing a very independent board through close interaction with our Lead Trustee, Candace K. Beinecke, who was recently elected to serve in that capacity by the independent Trustees of our Board.

---

## 12 VORNADO REALTY TRUST 2016 PROXY STATEMENT

In reaching the conclusion that the roles of Chairman and CEO should be held by one person, the Board considered views expressed by our shareholders and other constituents, as expressed in shareholder votes and in direct outreach with shareholders and other constituents, and the particular circumstances affecting the Company. The Board concluded that Mr. Roth, as a well-seasoned leader with a track record of leading the Company over a long period of growth in shareholder value, is the best person to continue to lead the Board. The Board also considered the actual Board relationships and determined that there is actual and effective independent oversight of management with Ms. Beinecke serving as independent Lead Trustee, providing significant independent oversight of the Board, being overwhelmingly comprised of members independent of management, also serving as an actual and effective independent voice.

The strong working relationships among the Lead Trustee, Chairman and other Trustees are supported by a board governance culture that fosters open communications among the members, both during meetings and in the intervals between meetings. Open communication is important to develop an understanding of issues, promote appropriate oversight, and encourage the frank discussion of matters essential to leading a complex and dynamic enterprise.

### **Committees of the Board of Trustees**

The Board has an Executive Committee, an Audit Committee, a Compensation Committee and a Corporate Governance and Nominating Committee. Other than the Executive Committee, each committee is comprised solely of independent Trustees.

The Board held seven meetings during 2015. Each Trustee attended at least 75% of the combined total of the meetings of the Board and all committees on which he or she served during 2015.

In addition to full meetings of the Board, non-management Trustees met five times in sessions without members of management present. Until March 16, 2016, Mr. Wight, as Lead Trustee, acted as presiding member during these non-management sessions. Since March 16, 2016, Ms. Beinecke acts as Lead Trustee. We do not have a policy with regard to Trustees' attendance at Annual Meetings of Shareholders. All of our Trustees serving at the time of our 2015 Annual Meeting of Shareholders were present at the meeting.

#### *Executive Committee*

The Executive Committee possesses and may exercise certain powers of the Board in the direction of the management of the business and affairs of the Company. The Executive Committee consists of three members, Mr. Roth, Ms. Beinecke and Mr. Wight. Mr. Roth is the Chairman of the Executive Committee. The Executive Committee did not meet in 2015.

#### *Audit Committee*

The Audit Committee held four meetings during 2015. The members of the Audit Committee are Dr. West, as Chairman, Mr. Kogod and Mr. Tisch.

The Board has adopted a written Audit Committee Charter, which sets forth the membership requirements and responsibilities of the Audit Committee, among other matters. The Audit Committee Charter is available on our website ([www.vno.com](http://www.vno.com)). The Board has determined that all existing Audit Committee members meet the NYSE and SEC standards for independence and the NYSE standards for financial literacy. In addition, at all times, at least one member of the Audit Committee has met the NYSE standards for financial management expertise.

The Board has determined that each of Dr. West and Mr. Tisch is an "audit committee financial expert," as defined by SEC Regulation S-K, and thus has at least two such experts serving on its Audit Committee. The Board reached this conclusion based on the relevant experience of each of Dr. West and Mr. Tisch, including as described above under "Biographies of our Trustees."

---

## 2016 PROXY STATEMENT VORNADO REALTY TRUST 13

The Audit Committee's purposes are to: (i) assist the Board in its oversight of (a) the integrity of our financial statements, (b) our compliance with legal and regulatory requirements, (c) the independent registered public accounting firm's qualifications and independence and (d) the performance of the independent registered public accounting firm and the Company's internal audit function; and (ii) prepare an Audit Committee report as required by the SEC for inclusion in our annual proxy statement. The function of the Audit Committee is oversight. The management of the Company is responsible for the preparation, presentation and integrity of our financial statements and for the effectiveness of internal control over financial reporting. Management is responsible for maintaining appropriate accounting and financial reporting principles and policies and internal controls and procedures that provide for compliance with accounting standards and applicable laws and regulations. The independent registered public accounting firm is responsible for planning and carrying out a proper audit of our annual financial statements, reviewing our quarterly financial statements prior to the filing of each Quarterly Report on Form 10-Q and annually auditing the effectiveness of internal control over financial reporting and other procedures. Persons interested in contacting our Audit Committee members with regard to accounting, auditing or financial concerns will find information on how to do so on our website ([www.vno.com](http://www.vno.com)).

*Compensation Committee*

The Compensation Committee is responsible for establishing the terms of the compensation of the executive officers and the granting and administration of awards under the Company's omnibus share plans. The committee, which held five meetings during 2015, consists of the following members: Mr. Lynne, as Chairman, Dr. West and Mr. Tisch. All members of the Compensation Committee have been determined by the Board to be independent. The Board has adopted a written Compensation Committee Charter which is available on our website ([www.vno.com](http://www.vno.com)).

Compensation decisions for our executive officers are made by the Compensation Committee. Decisions regarding compensation of other employees are made by our Chief Executive Officer and are subject to review and approval of the Compensation Committee. Compensation decisions for our Trustees are made by the Compensation Committee and/or the full Board.

The agenda for meetings of the Compensation Committee is determined by its Chairman with the assistance of the Company's Secretary and/or other members of management. Compensation Committee meetings are attended from time to time by members of management at the invitation of the Compensation Committee. The Compensation Committee's Chairman reports the committee's determination of executive compensation to the Board. The Compensation Committee has authority under its charter to elect, retain and approve fees for, and to terminate the engagement of, compensation consultants, special counsel or other experts or consultants as it deems appropriate to assist in the fulfillment of its responsibilities. The Compensation Committee reviews the total fees paid by us to outside consultants to ensure that such consultants maintain their objectivity and independence when rendering advice to the committee. The Compensation Committee may receive advice from compensation consultants, special counsel or other experts or consultants only after consideration of relevant factors related to their fees, services and potential conflicts of interests, as outlined in the Compensation Committee's Charter.

The Compensation Committee may, in its discretion, delegate all or a portion of its duties and responsibilities to a subcommittee of the committee. In particular, the Compensation Committee may delegate the approval of certain transactions to a subcommittee consisting solely of members of the committee who are (i) "Non-Employee Directors" for the purposes of SEC Rule 16b-3; and (ii) "outside directors" for the purposes of Section 162(m) of the Internal Revenue Code. Currently, all members of the Compensation Committee meet these criteria.

See "Compensation Discussion and Analysis" below for a discussion of the role of executive officers in determining or recommending compensation for our executive officers. We have also included under "Compensation Discussion and Analysis" a discussion of the role of compensation consultants in determining or recommending the amount or form of executive or Trustee compensation.

### *Corporate Governance and Nominating Committee*

The Corporate Governance and Nominating Committee, which met five times during 2015, consists of Ms. Beinecke, as Chair, and Messrs. Mandelbaum and Wight. In addition, during 2015, members of the Corporate Governance and Nominating Committee led several discussions of governance matters with the full board. Further, in the past year Ms. Beinecke (and members of management) met in person or telephonically with several significant shareholders to discuss our governance practices. Each of Ms. Beinecke and Messrs. Mandelbaum and Wight has been determined by the Board to be independent. The Board has adopted a written Corporate Governance and Nominating Committee Charter which is available on our website ([www.vno.com](http://www.vno.com)). The committee's responsibilities include the selection of potential candidates for the Board and the development and review of our governance principles. It also reviews Trustee compensation and benefits, and oversees annual self-evaluations of the Board and its committees. The committee also makes recommendations to the Board concerning the structure and membership of the other Board committees as well as management succession plans. The committee selects and evaluates candidates for the Board in accordance with the criteria set out in the Company's Corporate Governance Guidelines and as are set forth below. The committee is then responsible for recommending to the Board a slate of candidates for Trustee positions for the Board's approval. Generally, candidates for a position as a member of the Board are suggested by existing Board members; however, the Corporate Governance and Nominating Committee will consider shareholder recommendations for candidates for the Board sent to the Corporate Governance and Nominating Committee, c/o Alan J. Rice, Secretary, Vornado Realty Trust, 888 Seventh Avenue, New York, New York 10019, and will evaluate any such recommendations using the criteria set forth in the Corporate Governance and Nominating Committee Charter and our Corporate Governance Guidelines.

### **THE BOARD'S ROLE IN RISK OVERSIGHT**

While day-to-day risk management is primarily the responsibility of the Company's senior management team, the Board of Trustees is responsible for the overall supervision of the Company's risk management activities. The Board's oversight of the material risks faced by our Company occurs at both the full Board level and at the committee level. The Board's role in the Company's risk oversight process includes receiving reports from members of senior management on areas of material risk to the Company, including operational, financial, legal and regulatory, strategic and reputational risks. The full Board (or the appropriate committee in the case of risks that are under the purview of a particular committee) receives these reports from the appropriate "risk owner" within our organization or in connection with other management-prepared presentations of risk to enable the Board (or committee, as applicable) to understand our risk identification, risk management and risk mitigation strategies. By "risk owner," we mean that person or group of persons who is or are primarily responsible for overseeing a particular risk. As part of its charter, the Audit Committee discusses our policies with respect to risk assessment and risk management and reports to the full Board its conclusions as a partial basis for further discussion by the full Board. This enables the Board and the applicable committees to coordinate the risk oversight role, particularly with respect to risk interrelationships. In addition to the Board's review of risks applicable to the Company generally, the Board conducts an annual strategic and personnel review.

Persons wishing to contact the independent members of the Board should call (866) 537-4644. A recording of each phone call to this number will be sent to one independent member of the Audit Committee as well as to a member of management who may respond to any such call if the caller provides a return number. This means of contact should not be used for solicitations or communications with us of a general nature. ## Edgar Filing: VORNADO REALTY TRUST - Form PRE 14A

Section 16(a) of the Securities Exchange Act of 1934 requires our Trustees and executive officers, and persons who own more than 10% of a registered class of our equity securities, to file reports of ownership of, and transactions in, certain classes of our equity securities with the SEC. Such Trustees, executive officers and 10% shareholders are also required to furnish us with copies of all Section 16(a) reports they file.

Based solely on a review of the Forms 3, 4 and 5, and any amendments thereto, furnished to us, and on written representations from certain reporting persons, we believe that there were no filing deficiencies under Section 16(a) by our Trustees, executive officers and 10% shareholders in the year ended December 31, 2015.

### COMPENSATION DISCUSSION AND ANALYSIS

#### Approach of this Compensation Discussion and Analysis Section

This Compensation Discussion and Analysis, or "CD&A," describes our executive compensation program for fiscal year 2015, certain elements of our 2016 program and the executive pay philosophy adhered to by our Compensation Committee in making executive compensation decisions. We use our executive compensation program to attract, retain and appropriately reward the members of our senior executive management team who lead our Company. In particular, this CD&A explains how the Compensation Committee made 2015 compensation decisions for our senior executive management team, including the following named executive officers (the "Named Executive Officers" or "NEOs"):

- n Steven Roth, Chairman and Chief Executive Officer (our "CEO")
- n Stephen W. Theriot, Chief Financial Officer
- n David R. Greenbaum, President, New York Division
- n Michael J. Franco, Executive Vice President and Chief Investment Officer
- n Joseph Macnow, Executive Vice President Finance and Administration, Chief Administrative Officer

Biographical information for our Named Executive Officers is available in Part III to our Form 10-K for the year ended 2015, as filed with the SEC.

Under the rules and regulations of the SEC, each year the "Summary Compensation Table" must disclose the salary paid and cash bonus earned during that year. This table also requires disclosure of all equity-based awards in the year granted, even if that year is different than the year such compensation was earned. Because the equity we grant in any one year is awarded in recognition of performance in the prior year, the SEC's approach requires that we disclose our equity awards granted in respect of 2014 performance on the 2015 line in the Summary Compensation Table. Although we believe the most appropriate disclosure of our executive compensation would combine the annual cash compensation paid in 2015 (for instance) with the equity-based compensation granted in 2016 for 2015 performance, the rules and regulations do not permit that. In other words, we grant our annual incentives and equity-based compensation and make our compensation decisions retrospectively in the first quarter of a fiscal year for the actual performance of an executive in the just-then-completed prior year. To more accurately present our compensation information in line with how our decisions are actually made (as described in more detail below under " Comparison of 2013-2015 Total Direct Compensation"), the following discussion of compensation is with respect to both the annual incentive paid with respect to a stated year combined with the equity being granted following the close of that applicable year after performance has been assessed.

#### Executive Summary

##### *Performance*

During 2015, we recorded strong financial results while continuing our simplification and focusing strategy.

- n We achieved 10.5% growth in comparable funds from operations per diluted share.

- n We made significant progress implementing our simplification and focus strategy by spinning off our strip shopping centers and malls business into Urban Edge Properties (NYSE: UE) in January 2015 and by selling over \$1 billion of non-core or non-strategic assets

Edgar Filing: VORNADO REALTY TRUST - Form PRE 14A

and by purchasing approximately \$850 million of high-quality assets in New York City (including approximately \$700 million in Manhattan).

---

*Overview of Compensation Approach*

Certain key elements of our overall approach to compensation are designed to:

- n Provide for an annual incentive award that is performance-based with a formulaic threshold and a cap.
- n Set a target for our senior management team that 50% of their equity compensation (other than grants subject to time-based vesting in lieu of cash bonus) should be in the form of performance-based equity awards.
- n Have equity ownership guidelines for senior management and our Trustees.
- n Provide for "double trigger" acceleration of the vesting of any unvested equity awards in connection with a change of control.

As an indication of the positive response of our shareholders to our approach, at our 2015 Annual Meeting approximately 89% of the votes cast on our advisory vote on executive compensation were cast FOR our compensation program. Our Compensation Committee considered the results of the 2015 votes and has continued our compensation program design which it believes embodies shareholder-friendly practices.

## 20 VORNADO REALTY TRUST 2016 PROXY STATEMENT

### *Shareholder-Friendly Aspects of the Current Program*

#### WHAT WE DO

ü **Pay for Performance.** We place a heavy emphasis on performance-based compensation. Our annual bonus plan is formula-driven. Both the minimum and maximum amount that may be funded is derived directly from specified quantifications of our Comparable FFO (as defined below) performance. Our annual equity grants are significantly tied to rigorous absolute and relative TSR-performance goals.

ü **Equity Ownership Guidelines.** We require our CEO, other Named Executive Officers and our Trustees to hold equity in the Company equal to 6x, 3x and 5x, respectively, their annual base salary or retainer.

ü **Double Trigger Equity Acceleration Upon Change-of-Control.** We require a "double trigger" for acceleration of vesting of outstanding grants following a change of control.

ü **Independent Compensation Consultant.** Our Compensation Committee uses the consulting firm of Towers Watson (now Willis Towers Watson) and has determined it is independent.

ü **Compensation Risk Assessment.** We conduct an annual compensation risk assessment.

ü **Clawbacks.** We can recover performance-based cash and equity incentive compensation paid to executives in various circumstances.

#### Objectives of Our Executive Compensation Program

We believe that the quality, skills and dedication of our Named Executive Officers are critical factors that affect the long-term value of the Company. Accordingly, one of the fundamental objectives of our Compensation Committee is to ensure we provide a comprehensive compensation program that aids us in our efforts to attract, retain and appropriately reward a "best-in-class" executive management team. Such a program is critical to our achieving continued success in the highly-competitive commercial real estate industry. To better align the interests of our executive officers with those of our shareholders in a pay-for-performance setting, a significant portion of each executive's total compensation is variable through a combination of performance-based, short- and long-term incentives, which are described in more detail below.

In sum, the objectives of our executive compensation program are to:

n **Retain** a highly-experienced, "best-in-class" team of executives who have worked together as a team for a long period of time and who make major contributions to our success.

n **Attract** other highly-qualified executives to strengthen that team as needed.

#### WHAT WE DON'T DO

Ø **No Golden Parachute for our CEO.** Mr. Steven Roth, our CEO, does not have any contractual severance arrangement with the Company.

Ø **No Gross-Ups for Excess Parachute Payments.** We have never had any arrangements requiring us to gross-up compensation to cover taxes owed by executives.

Ø **Limited Retirement Benefits.** We do not maintain a pension plan. Executives participate in a 401(k) plan and also may participate in an elective deferral plan with no match.

Ø **No Excess Perquisites.** We have no supplemental executive retirement plans, club memberships or other significant perquisites other than the use of a company car and driver.

Ø **No Repricing of Options.** Our 2010 Omnibus Share Plan does not permit the repricing of options without shareholder approval. Vornado has never repriced options.

Ø **No Hedging or Pledging.** Our Trustees and senior executives are prohibited from hedging or engaging in any derivatives trading with respect to Company Shares and none of our Trustees or senior executives has any pledge of their Shares.

- n **Motivate** our executives to contribute to the achievement of company-wide and business-unit goals as well as pursue individual goals.
- n **Emphasize** equity-based incentives with long-term performance measurement periods and vesting conditions.
- n **Align** the interests of executives with shareholders by linking payouts under annual incentives to performance measures that promote the creation of long-term shareholder value.
- n **Achieve** an appropriate balance between risk and reward in our compensation programs that does not encourage excessive or inappropriate risk-taking.

Our executive compensation program is intended to reward the achievement of annual, long-term and strategic goals of both the Company and the individual executive. In order to achieve these intentions, our executive compensation program includes both fixed and variable components, as well as annual and long-term components, as described below. In particular, for our Chairman and CEO, a majority of his compensation has been provided in the form of equity compensation subject to multi-year TSR performance (OPP units) and/or time-based vesting provisions designed to ensure that the value of his compensation ultimately realized is based on our share price performance, further aligning his interests with those of the Company and its shareholders.

We believe the effectiveness of our compensation program in creating alignment of management and shareholder interests has contributed to our long-term performance, as evidenced by our TSR for the 10-year period through 2015 of 92.9%, which outperformed that of the FTSE NAREIT Office Index ("Office REIT") of 68.0% over the same time period. In addition, our TSR for 2015, was 3.9% and was 36.4% for 2014 while that of the Office REIT was 0.3% for 2015 and 25.9% for 2014. For 2015, we have kept flat our CEO's base compensation, cash incentive and the grant date value of restricted equity awards (as reflected in the "Total Direct Compensation Table" in this proxy statement). In addition, the total dollar value of the long-term incentive award potentially earnable ("Notional Amount") for our CEO (and our other Named Executed Officers) was also kept flat for 2015. When making compensation decisions, we use the Notional Amount of OPP awards as one of the guideposts for year-over-year changes. We made changes to the terms of the 2016 OPP awards for 2015 performance to conform more closely to the standards for such plans adopted by other companies, including our peers. As a result of these changes, the accounting cost for a grant of the same Notional Amount of outperformance award increased by 26.3% from 2014 to 2015. Consequently, while the actual salaries, bonuses, value of restricted equity awards and the Notional Amounts of outperformance awards were unchanged between 2014 and 2015, the accounting cost for the aggregate compensation for our CEO and other Named Executive Officers increased by 10.7% and 6.0%, respectively, from 2014 to 2015. The larger increase in cost for our CEO as opposed to our other Named Executive Officers is due to the fact that a greater percentage of his compensation consists of OPP awards as opposed to other Named Executive Officers.

### How Pay Aligns with Performance

#### *2015 Performance Metrics Considered*

For 2015 compensation, among the factors considered, both objectively and subjectively, were the changes in the Company's and the applicable division's operating and performance results during the year (Comparable EBITDA, Comparable FFO and FFO), our TSR for the year, and the factors mentioned below. Increases or decreases in pay and allocations for 2015, 2014 and 2013 of various compensation elements to our Named Executive Officers were based, in part, upon the results of our review of these factors. EBITDA means earnings before interest, taxes, depreciation and amortization, Comparable EBITDA means EBITDA as adjusted to exclude discontinued operations and exclude non-comparable gains and losses including impairments. FFO means funds from operations as defined by the National Association of Real Estate Investment Trusts (NAREIT). Comparable FFO (or CFFO) means FFO as adjusted to exclude non-comparable gains and losses, impairments and non-real estate-related items. Each of these metrics is provided in our regular annual and quarterly reports as well as reconciliations to the most comparable metric presented in GAAP. Although they

## 22 VORNADO REALTY TRUST 2016 PROXY STATEMENT

are non-GAAP metrics, we use these metrics in making our compensation decisions because they facilitate meaningful comparisons in operating performance between periods and among our peers. TSR means our total shareholder return (including dividends) for a given period. Our Comparable EBITDA, Comparable FFO, FFO and TSR for 2015, 2014 and 2013 are presented below.

	<b>Metrics Considered</b>		
	<b>2015</b>	<b>2014</b>	<b>2013</b>
Comparable EBITDA	\$1,533 million	\$1,447 million	\$1,387 million
Comparable FFO	\$915 million	\$825 million	\$752 million
FFO	\$1,039 million	\$911 million	\$641 million
1-year TSR	(3.9%)	36.4%	14.7%

In determining annual incentive and long-term equity compensation levels earned for 2015, our Compensation Committee sought to find a balance among (i) appropriately rewarding the significant operational achievements by the Company during the year, as highlighted above, (ii) ensuring annual incentive, long-term equity and total compensation levels were in line with the prevailing competitive market and adequate to address our recruitment and retention needs in a highly-competitive commercial real estate industry where we actively compete for business opportunities and executive talent and (iii) maintaining a balanced compensation program designed to foster alignment of management and shareholder interests in a manner that reflects evolving market "best practices" as well as views of our shareholders. No numerical weight is attributed to any one factor.

*Alignment of Pay with Performance*

Our Compensation Committee made compensation decisions for 2015 in line with our pay-for-performance philosophy.

n Base salaries were maintained at 2014 levels to focus on the performance-oriented components of compensation.

n For our CEO, approximately 57% of his equity grants were in the form of performance-based equity.

n For our other NEOs, in the aggregate, approximately 57% of their equity grants (other than grants in lieu of cash bonus which are described in footnote (2) of the Summary Compensation Table) were in the form of performance-based equity.

### How We Determine Executive Compensation

Our Compensation Committee determines compensation for our Named Executive Officers and is comprised of three independent trustees, Michael Lynne (Chairman), Daniel R. Tisch and Dr. Richard R. West. Our Compensation Committee exercises independent judgment with respect to executive compensation matters and administers our equity incentive programs, including reviewing and approving equity grants to our executives pursuant to our 2010 Omnibus Share Plan. Our Compensation Committee operates under a written charter adopted by the Board, a copy of which is available on our website ([www.vno.com](http://www.vno.com)).

## 24 VORNADO REALTY TRUST 2016 PROXY STATEMENT

We make our compensation decisions generally in the first quarter of a fiscal year. These decisions cover the prior year and are based on the prior year's performance by the Company and/or division or functional area and applicable executive. In addition, in the first quarter of a fiscal year, we establish that year's performance threshold for our formula-based, short-term annual incentive program.

Our decisions on compensation for our Named Executive Officers are based primarily upon our assessment of each executive's leadership, operational performance and potential to enhance long-term shareholder value. For our CEO, this assessment is made by the Compensation Committee. For our other Named Executive Officers, this assessment is initially made by our CEO subject to the review and approval of the Compensation Committee. Our annual, short-term incentive program provides for a minimum performance threshold for, and a cap on, a bonus pool comprising the aggregate dollar value of annual incentive awards we can make to our senior executive management team. We believe that this method, as opposed to an entirely formulaic method of determining compensation, provides us with the ability to adjust compensation based on a number of performance factors affecting an individual executive within a formulaic cap. It also has the added benefit of reducing the risk to the Company that could potentially be associated with entirely formulaic compensation decisions. Key factors we consider when making annual compensation decisions include: actual performance compared to the financial, operational and strategic goals established for the Company or the executive's operating division at the beginning of the year; the nature, scope and level of responsibilities; the contribution to the Company's financial results, particularly with respect to key metrics such as Comparable EBITDA, FFO, Comparable FFO and TSR for the year; and the executive's contribution to the Company's commitment to corporate responsibility, including success in creating a culture of unyielding integrity and compliance with applicable laws and our ethics policies. These factors may be considered on an absolute and/or relative basis with respect to other companies or indices.

In determining individual pay levels and opportunities, we also consider each executive's current salary and prior-year bonus (or annual incentive award), the value of an executive's equity stake in the Company, and the appropriate balance between incentives for long-term and short-term performance and the compensation paid to the executive's peers within the Company. We also consider competitive market compensation paid by other companies that operate in our business or that compete for the same talent pool, such as other S&P 500 REITs, other real estate companies operating in our core markets and, in some cases, investment banking, hedge fund and private equity firms. However, we do not formulaically tie our compensation decisions to any particular range or level of total compensation paid to executives at these companies.

In addition, we encourage alignment with shareholders' interests through long-term, equity-based compensation. We apportion cash payments and equity incentive awards as we think best in order to provide the appropriate incentives to meet our compensation objectives both individually and in the aggregate for executives and other employees. The factors we consider in evaluating compensation for any particular year may not be applicable to determinations in other years. Typically, our Chairman and CEO receives a higher proportion of his compensation in the form of equity than other Named Executive Officers who, in turn, receive a higher proportion of their compensation in the form of equity than our other employees. This allocation is based on (1) the relative seniority of the applicable executives and (2) a determination that the applicable executives should have a greater proportion of their compensation in a form that further aligns their interests with those of shareholders. We regularly review our compensation program to determine whether we have given the proper incentives to our Named Executive Officers to deliver superior performance on a cost-effective basis and for them to continue their careers with us.

### *Role of the Corporate Governance and Nominating Committee, the Compensation Committee, the Chairman and CEO*

The Corporate Governance and Nominating Committee of our Board is responsible for evaluating potential candidates for Chairman and CEO, and for overseeing the development of executive succession plans. The Compensation Committee of our Board (1) reviews and approves the compensation of our executive officers and other employees whose total cash compensation exceeds \$200,000 per year, (2) oversees the administration and implementation of our incentive compensation and other equity-based awards, and (3) regularly evaluates the effectiveness of our overall executive compensation program.

---

## 2016 PROXY STATEMENT VORNADO REALTY TRUST 25

As part of this responsibility, the Compensation Committee oversees the design, development and implementation of the compensation program for our Chairman and CEO and our other Named Executive Officers. The Compensation Committee evaluates the performance of our Chairman and CEO and sets his compensation. Our Chairman and CEO and the Compensation Committee together assess the performance of our other senior executives and determine their compensation, based on the initial recommendations of our Chairman and CEO. The other Named Executive Officers do not play a role in determining their own compensation, other than discussing individual performance objectives with our Chairman and CEO.

In support of these responsibilities, members of our senior executive management team, in conjunction with other senior executives, have the initial responsibility of reviewing the performance of the employees reporting to him or her and recommending compensation actions for such employees.

This process involves multiple meetings among our Chairman and CEO, our Compensation Committee and our Compensation Committee's compensation consultants. Typically, in the third and fourth quarters of each year, these parties meet to discuss and establish an overall level of compensation for the year and the base compensation for the following year. For 2015, as has been our historical practice, our Chairman and CEO obtained individual recommendations from division heads as to compensation levels for those persons reporting to the division heads. These recommendations are discussed among our Chairman and CEO and the division heads prior to a recommendation being presented to the Compensation Committee. For our senior executive management team, other than our Chairman and CEO, recommendations are prepared based upon discussions among the Compensation Committee and our Chairman and CEO. These recommendations are based upon our objectives described above and may include factors such as information obtained from compensation consultants. Our Chairman and CEO discuss these recommendations with our other senior executives in one-on-one meetings. After these discussions, certain allocations or other aspects of compensation may be revised to some degree and the revised recommendations are presented to the Compensation Committee for discussion and review and, ultimately, through a continued process, approval. The compensation of our Chairman and CEO is determined in accordance with a similar process involving direct discussions among the Compensation Committee, our Chairman and CEO and the Compensation Committee's compensation consultants.

*Role of Compensation Consultants*

Our Compensation Committee has retained Towers Watson & Co. ("Towers Watson") as its independent compensation consulting firm to provide the Compensation Committee with relevant data concerning the marketplace and our peer group as well as its own independent analysis and recommendations concerning executive compensation. Towers Watson regularly participates in Compensation Committee meetings. Our Compensation Committee has the authority to set Towers Watson's compensation and to replace Towers Watson as its independent outside compensation consultant or hire additional consultants at any time. Towers Watson regularly participates in Compensation Committee meetings. In 2015, we paid Towers Watson approximately \$139,000 in compensation-related fees. In addition, in 2016 Towers Watson merged with Willis Group and is now Willis Towers Watson Public Limited Company ("Willis Towers Watson"). Historically, the Willis Group has provided us with insurance-related services including services to our captive insurance company. In 2015, we paid the Willis Group (now Willis Towers Watson) approximately \$923,000 in fees. In light of the acquisition of the Willis Group, the Compensation Committee assessed the independence of Willis Towers Watson pursuant to SEC rules (including Item 407(e)(3)(iv) of Regulation S-K) and the NYSE listing standards and concluded that no conflict of interest exists that would prevent Willis Towers Watson from independently advising the Compensation Committee. In particular, the Compensation Committee considered a presentation it received from Willis Towers Watson that described Willis Towers Watson's policies and procedures to prevent or mitigate conflicts of interest. The Compensation Committee also reviewed and was satisfied that there was no business or personal relationships between members of the Compensation Committee and the individuals at Willis Towers Watson supporting the Compensation Committee. The Compensation Committee considered that Willis Towers Watson reports directly to the Chair of the Compensation Committee and that the Compensation Committee has the authority to set Willis Towers Watson's compensation and to replace Willis Towers Watson as its independent outside compensation consultant or hire additional consultants at any time. Finally, the Compensation Committee considered other

---

26 VORNADO REALTY TRUST 2016 PROXY STATEMENT

factors relevant to Willis Towers Watson's independence from management, including all of the factors set forth in the NYSE listing standards.

For 2015 compensation decisions, Willis Towers Watson prepared, among other reports, an analysis of compensation levels and performance using the metrics described below at the following companies that it identified as peer companies within the context of the executive pay philosophy of the Compensation Committee: American Tower Corporation; Boston Properties, Inc.; CB Richard Ellis Group, Inc.; Equity Residential; General Growth Properties, Inc.; HCP, Inc.; Health Care REIT, Inc.; Host Hotels & Resorts, Inc.; Kimco Realty Corporation; ProLogis; Public Storage; Simon Property Group, Inc.; SL Green Realty Corp.; and Ventas, Inc. Our Compensation Committee has elected to use the foregoing executive compensation peer group, as the competitive landscape in which we compete for investment capital and executive talent is comprised of other publicly-traded REITs as well as real estate operating companies. Additionally, as many of our competitors in the markets in which we operate, particularly with respect to our New York division, are asset managers not structured as REITs and private entities such as real estate opportunity funds, sovereign wealth funds and pension funds, among others, our Compensation Committee, from time to time has also considered compensation levels and trends amongst our non-public competitors as obtained from surveys and other proprietary data sources.

Consistent with prior years, the Compensation Committee reviewed and discussed the analyses prepared by Willis Towers Watson, and determined that the analyses were useful in indicating that the compensation opportunities awarded to executive officers are in line with the prevailing competitive market. Furthermore, realized awards duly reflect the performance of the Company and shareholder value created.

From time to time, the Company also engages the services of FTI Consulting, Inc., as a compensation consultant, to provide assistance with gathering and presenting third-party data used in determining industry-or market-specific results.

*Analysis of Risk Associated with Our Executive Compensation Program*

Our Compensation Committee has discussed the concept of risk as it relates to our executive compensation program and the Compensation Committee does not believe our executive compensation program encourages excessive or inappropriate risk-taking for the reasons stated below.

We structure our pay to consist of both fixed and variable compensation. The fixed portion (base salary) of compensation is designed to provide a base level of income regardless of our financial or share price performance.

The variable portions of compensation (cash incentive and equity) are designed to encourage and reward both short- and long-term corporate performance. For short-term performance, cash incentives are awarded based on the formulaic funding of our annual incentive pool and assessments of performance during the prior year. For long-term performance, our options, restricted shares, restricted units, awards under our outperformance plans ("OPP") and other equity awards generally vest over three, four or five years and only have value (in the case of awards such as options, restricted units or OPP awards) or only increase in value (in the case of awards such as restricted shares) if our Share price increases over time. Furthermore, with regard to grants of OPP awards made since 2013, we require members of senior management to hold the equity received with respect to earned and vested awards for one additional year after they have vested. We believe that these variable elements of compensation are a sufficient percentage of total compensation to provide incentives to executives to produce superior short- and long-term corporate results, while the fixed element is also sufficiently high that the executives are not encouraged to take unnecessary or excessive risks in doing so. We and our Compensation Committee also believe that the mix of formulaic criteria and a non-formulaic evaluation of historic performance provides an incentive for our executives to produce superior performance without the distorting effects of providing a pre-determinable compensation award based on the performance of only one division or business unit or upon other results that may not reflect the long- or short-term results of the Company as a whole.

---

2016 PROXY STATEMENT VORNADO REALTY TRUST 27

As demonstrated above, our executive compensation program is structured to achieve its objectives by (i) providing incentives to our Named Executive Officers to manage the Company for the creation of long-term shareholder value, (ii) avoiding the type of disproportionately large short-term incentives that could encourage our Named Executive Officers to take risks that may not be in the Company's long-term interests, (iii) requiring our Named Executive Officers to maintain a significant investment in the Company and (iv) evaluating annually an array of performance criteria in determining executive compensation rather than focusing on a singular metric that may encourage unnecessary risk-taking. We believe this combination of factors encourages our Named Executive Officers to manage the Company prudently.

**Elements of Our Compensation Program**

Our Named Executive Officers' compensation currently has three primary components:

- n annual base salary;
- n annual incentive awards, which include cash payments and/or awards of equity; and
- n long-term equity incentives, which may include restricted units, stock options and long-term incentive performance unit awards such as those awarded under our OPP.

The overall levels of compensation and the allocation among these components are determined annually by our Compensation Committee based upon an analysis of the Company's performance during the year and a review of the prevailing competitive market for executive talent in which we operate. Historically, a substantial majority of the total compensation for our CEO has been in the form of long-term equity awards, including performance-based awards subject to relative performance thresholds such as those awarded under our OPP. These longer-term awards further the Compensation Committee's desire to directly align management and shareholder interests and to provide incentives for each executive to successfully implement our long-term strategic goals.

### Annual Restricted Equity Grants

n	Align the interests of our executives with those of our shareholders.	n Equity awards that vest ratably over four years.
n	Promote the retention of executives with multi-year vesting.	n Awards are capped by the awards available to be issued under our Omnibus Share Plan.
n	Provide stable long-term compensation as a balance to a risk-taking approach.	n Members of senior management receive Restricted Units which require a two-year holding period (regardless of vesting) and a "book-up" event (typically an increase in Share price) to have value.

### Performance-Based, Long-Term Incentive Program

n	Promote the creation of long-term shareholder value as the awards will only have value if an appropriate TSR is achieved.	n Variable, performance-based long-term equity compensation.
n	Align the interests of our executives with those of our shareholders.	n Amount is earned based on a three-year period of absolute and relative TSR performance.
n	Promote the retention of executives with awards that are subject to multi-year vesting after they are earned.	n Vests over three years once (and if) they are earned.
		n Award capped on value of a fixed number of units and availability under our Omnibus Share Plan.

### *Annual Base Salary*

Base salaries for our Named Executive Officers are established based on the scope of their responsibilities, taking into account the competitive market compensation paid by other companies for similar positions as well as salaries paid to the executives' peers within the Company and any applicable employment agreement. In

---

## 2016 PROXY STATEMENT VORNADO REALTY TRUST 29

accordance with our pay-for-performance philosophy, we structure an executive's annual base salary to be a relatively low percentage of total compensation. There were no increases in our Named Executive Officers' base salary levels for 2015 over those of 2014, nor have there been any increases in our Named Executive Officers' base salary levels for the past several years.

#### *Annual Incentive Awards*

Our Compensation Committee has established an annual short-term incentive program for the senior executive management team that formulaically ties a maximum award pool to achieving a Comparable FFO performance threshold. The Company views and, we believe our shareholders view, Comparable FFO as one of the key operating metrics within the REIT industry and, we believe, a primary driver of long-term TSR performance. Under our annual compensation program, members of our senior executive management team, including all of our Named Executive Officers, will have the ability to earn annual cash incentive payments and/or equity awards if and only if the Company achieves Comparable FFO of at least 80% or more of the prior year's Comparable FFO. In the event that the Company fails to achieve Comparable FFO of 80% or more of the prior year's Comparable FFO, no incentive payments would be earned or paid under the program. Moreover, even if the Company does achieve the stipulated Comparable FFO performance requirement under the annual incentive program, the Compensation Committee always retains the right, consistent with best practices, to elect to reduce or make no payments under the program. Our Compensation Committee has elected to use Comparable FFO as the primary metric for our annual incentive award rather than total FFO. Comparable FFO excludes the impact of certain non-recurring items such as income or loss from discontinued operations, the sale or mark-to-market of marketable securities or derivatives and early extinguishment of debt, restructuring costs and non-cash impairment losses, among others, and thus the Compensation Committee believes it provides a better metric than total FFO for assessing management's performance for the year.

Aggregate incentive awards earned under the annual short-term incentive program by our senior executive management team are subject to a cap of 1.25% of Comparable FFO earned by the Company for the year, with individual award allocations under the program determined by the Compensation Committee based on an assessment of individual and overall performance. Performance criteria evaluated by the Compensation Committee when determining individual incentive awards under the annual incentive program, assuming the Company has achieved the required Comparable FFO performance threshold necessary for our senior executive management team to be eligible to earn incentive awards under the program, will include, among others, the following:

- n           TSR, both on an absolute basis and relative to the performance of the peer group and the REIT industry;
- n           Leasing performance and occupancy levels;
- n           Capital markets performance and maintenance of a strong balance sheet;

Any awards earned under the annual incentive program are payable in cash and/or equity awards, generally in the first quarter of each year for the prior year's performance.

#### *Long-Term Equity Incentives*

Compensation is typically awarded to our Named Executive Officers in the form of long-term equity incentives issued under our 2010 Omnibus Share Plan (as may be amended, the "2010 Plan") through performance-based equity awards such as those that may be earned under our OPP and future out-performance plans, grants of stock options and restricted units. The granting of equity awards links a Named Executive Officer's

**30 VORNADO REALTY TRUST 2016 PROXY STATEMENT**

compensation directly to the performance of our Share price. We believe this encourages our NEOs to make business decisions with an ownership mentality.

**OPP Awards.** Our OPP has been developed with the guidance and input of FTI Consulting, Inc. (a compensation consultant retained by the Company) and Willis Towers Watson. Changes made in 2016 to our OPP were based on advice of FTI Consulting, Inc. with the concurrence of Willis Towers Watson. These performance-based awards are earned over a three-year period which is then followed by back-end vesting requirements (during years three, four and five) to act as a retention device and provide a strong incentive to the executives to increase shareholder value long after they performed the services for which the equity awards were initially granted. In particular, the awards provide for immediate cancellation if the executive voluntarily leaves or is terminated with cause (and, in either case, such person is no longer providing services to the Company or any of its affiliates as an employee, trustee or otherwise), excluding certain outstanding awards held by retirement eligible executives and employees above the age of 65 (or above the age of 60 with at least 20 years of service to the Company). Furthermore, we require our executive officers (as defined in accordance with SEC rules, "Executives") to hold the equity received with respect to earned and vested awards for one additional year after they have vested.

Our OPP is designed to provide compensation in a "pay for performance" structure. Awards under the OPP are a class of units (collectively referred to as "OPP Units") of the Company's operating partnership, Vornado Realty L.P., issued under our 2010 Plan. If the specific performance objectives of the OPP are achieved, the earned OPP Units become convertible into Class A common units of the operating partnership (and ultimately into Shares) following vesting, and their value fluctuates with changes in the value of our Shares. If the performance objectives are not met, the OPP Units are cancelled. Generally, unvested OPP Units are forfeited if the executive leaves the Company, except that OPP Units vest automatically on death. OPP Units are intended to also provide recipients with better income tax attributes than grants of options. With regard to awards under our OPP, participants have the opportunity to earn compensation payable in the form of equity if and only if we outperform a predetermined TSR and/or outperform the market with respect to relative TSR over a three-year performance period as determined at the end of the third year. Specifically, awards under our OPP may potentially be earned if the Company (i) achieves a TSR above that of the SNL US REIT Index (the "Index") over a three-year performance period (the "Relative Component"), and/or (ii) achieves a TSR level greater than 21% (over the three-year performance period) (the "Absolute Component"). To the extent awards would be earned under the Absolute Component but the Company underperforms the Index by more than a specified margin, such awards earned under the Absolute Component would be reduced (and potentially fully negated) based on the degree to which the Company underperforms the Index. In certain circumstances, if the Company outperforms the Index, but awards would not otherwise be earned under the Absolute Component, awards may still be earned under the Relative Component. Moreover, to the extent awards would otherwise be earned under the Relative Component but the Company fails to achieve at least a 3% per annum absolute TSR level (6% for years prior to 2016), such awards earned under the Relative Component would be reduced based on the Company's absolute TSR performance, with no awards being earned in the event the Company's TSR during the applicable measurement period is 0% or negative, irrespective of the degree to which we may outperform the Index. If the designated performance objectives are achieved, OPP Units are also subject to time-based vesting requirements. This creates, in the aggregate, up to a five-year retention period (plus the additional one-year hold period for Executives) with respect to participants in the OPP. Even after achieving the performance thresholds, during the remaining two years until full vesting (plus the additional one-year hold period for Executives), holders will continue to bear the same Share price and total return risk as our shareholders and be subject to the same "book-up" requirements as apply to Restricted Units and which are described below. Share dividend payments on awards issued accrue during the performance period and are paid to participants if and only if awards are ultimately earned based on the achievement of the designated performance objectives. Furthermore, for the 2016 OPP, if the maximum award is earned (through any combination of the Relative and Absolute Components), the number of units actually awarded will be based on the Share price which cause the award to be fully earned. In prior years, the number of units actually earned was based on the highest 30-day average of the Share price achieved during a 120-day measurement period preceding the end of the three-year performance period.

## 2016 PROXY STATEMENT VORNADO REALTY TRUST 31

The following charts show some of the key components of our awards of OPP Units and, for illustration purposes only (and not as a projection of actual performance), present our most recent awards (made in 2016) as if they had been fully earned at January 10, 2019.

*Earning and Vesting of OPP Awards*

In addition, senior executive officers, including all NEOs, are required to hold their earned and vested OPP Units for one year following vesting.

*Allocation of Wealth Created*

On an absolute total shareholder return basis, our 2016 OPP is designed to award management with equity at the rate of 2% for every dollar of shareholder value created after returning the first 21% of value created to shareholders over a three-year performance period subject to a \$50 million cap (if the full amount of the authorized OPP pool is actually awarded). While the earning of OPP awards not only requires performance under the Absolute Component, but also the Relative Component, for presentation purposes the table below is simplified to present only the results derived under the Absolute Component. Using this simplified format, the table below illustrates the rate at which OPP unitholders will share in the increases in shareholder value above the OPP initial share price along with shareholders and other unitholders.

Stock Options. None of our Named Executive Officers (or any other participant in our OPP) was awarded stock options for 2015, 2014 or 2013 performance. The most recent option award to such executives was in 2011 for 2010 performance. Executives who do not receive OPP awards may receive awards of stock options. Stock option awards issued under our 2010 Plan provide our executives the opportunity to purchase Shares at an exercise price determined on the date of grant. Historically, our stock option awards have either been in the form of at-the-money stock options, whereby the option exercise price is equal to the market price of Shares on the date of grant, or in the form of premium stock options, whereby the option exercise price is established at a level above the market price of Shares on the date of grant. In both instances, the market price of Shares must increase to a level above the option exercise price in order for the executives to achieve any value from their stock option awards. Generally, the stock options vest and become exercisable in equal annual installments over a four- or five-year period beginning one year after the date of grant, and remain exercisable for a period of ten years from the date of grant. Our 2010 Plan (i) prohibits the granting of in-the-money stock options and (ii) prohibits, without shareholder approval, the repricing of outstanding stock options that have fallen out of the money. Recipients of stock options do not receive any dividends paid on Shares on their outstanding option awards.

**32 VORNADO REALTY TRUST 2016 PROXY STATEMENT**

Restricted Shares and Units. "Restricted shares" are grants of Shares issued under our 2010 Plan that generally vest in three or four equal annual installments beginning approximately one year after the grant date. "Restricted units" are grants of limited partnership interests in Vornado Realty L.P., our operating partnership through which we conduct substantially all of our business. These units also generally vest in three or four equal annual installments beginning approximately one year after the grant date and are exchangeable on a one-for-one basis into Vornado Realty L.P.'s Class A common units in certain circumstances. These circumstances principally include the requirement that Vornado Realty L.P. must have gone through certain tax "book-up" events whereby sufficient profits have been allocated to the restricted units so that they have the same capital account (and value) as Class A common units. In addition, there is a two-year holding requirement. Vornado Realty L.P.'s Class A common units can be redeemed for Shares on a one-for-one basis (or for the equivalent value in cash at the Company's option) with only limited restrictions, such as a 60-day waiting period between the time that a redemption notice is given and the date that Shares may be delivered. Restricted units are intended to also provide recipients with better income tax attributes than restricted shares and unlike option grants, grants of restricted units do not have a term at which they expire. During the restricted period, each restricted share or restricted unit entitles the recipient to receive payments from the Company equal to the dividends on one Share. Restricted equity awards further contribute in aligning management and shareholder interests, and the multi-year vesting requirements ranging from three to five years aid in our efforts to retain our executives and key employees over the long term. Further, our Compensation Committee believes restricted equity awards are a key component of a balanced equity compensation program, because incorporating time-based restricted equity awards into the equity compensation mix, as opposed to an equity compensation program comprised solely of awards subject to performance-based vesting requirements, ensures that a portion of each executive's equity compensation retains value even in a depressed market and provides executives with a baseline of value that lessens the likelihood that executives will take unreasonable risks to keep their market-based performance equity award vehicles "in the money."

*Nonqualified Deferred Compensation Plans*

We maintain two nonqualified deferred compensation plans, the Vornado Realty Trust Nonqualified Deferred Compensation Plan ("Plan I") and the Vornado Realty Trust Nonqualified Deferred Compensation Plan II ("Plan II"). Plan I and Plan II are substantially similar, except that Plan II, which applies to deferrals on and after January 1, 2005, is designed to comply with the deferred compensation restrictions of Section 409A of the Internal Revenue Code of 1986, as amended.

Employees having annual compensation of at least \$200,000 are eligible to participate in Plan II, provided that they qualify as "accredited investors" under securities laws. Members of our Board of Trustees are also eligible to participate. To participate, an eligible individual must make an irrevocable election to defer at least \$20,000 of his or her compensation (whether cash or equity) per year. Participant deferrals are always fully vested. The Company is permitted to make discretionary credits to the Plans on behalf of participants, but as yet has not done so. Deferrals are credited with earnings based on the rate of return of specific security investments or various "benchmark funds" selected by the individual, some of which are based on the performance of the Company's securities.

Participants may elect to have their deferrals credited to a "Retirement Account" or a "Fixed Date Account." Retirement Accounts are generally payable following retirement or termination of employment. Fixed Date Accounts are generally payable at a time selected by the participant, which is at least two full calendar years after the year for which deferrals are made. Participants may elect to receive distributions as a lump sum or in the form of annual installments over no more than 10 years. In the event of a change of control of the Company, all accounts become immediately payable in a lump sum. Plan I also permits a participant to withdraw all or a portion of his or her accounts at any time, subject to a 10% withdrawal penalty.

---

*Retirement and 401(k) Plans*

We offer a 401(k) Retirement Plan to all of our employees in which we provide matching contributions (up to 75% of the statutory maximum but not more than 7.5% of cash compensation) that fully vest after five years of employment. We do not have any other retirement plan. Retirement plans are not a factor in our current compensation determinations.

*Perquisites and Other Compensation*

We provide our Named Executive Officers with certain perquisites that we believe are reasonable and in line with the prevailing competitive market. These perquisites include supplemental life insurance and an allowance for financial counseling and tax preparation services for certain Named Executive Officers. Additionally, due to the location of our corporate offices in New York City and the extensive business-related travel requirements of our Named Executive Officers, we provide certain of our Named Executive Officers with the use of a car and/or driver. Providing a car and driver allows these executive officers to use their travel time efficiently and productively for business purposes, including (i) telephonic meetings and (ii) visiting our properties and meeting with our tenants. Accordingly, we believe providing these benefits serves the best interests of our shareholders as it allows our executives to continue to focus on Company matters while traveling. While providing a car and driver does provide incidental personal benefit to the executive, the cost of this personal benefit constitutes only a small percentage of the executive's total compensation. Nevertheless, the amounts disclosed in this proxy statement for car and driver costs include the entire value of the benefit, both business purpose and personal.

**Equity Ownership Guidelines**

In order to further foster the strong ownership culture among our senior executive management team and ensure the continued direct alignment of management and shareholder interests, and consistent with emerging corporate governance trends, we have adopted executive equity ownership guidelines requiring that our NEOs and other members of our senior executive management team maintain a minimum ownership level of Shares or related Company equity. The equity ownership requirements (comprised of common Shares and certain securities convertible or redeemable for Shares) for our executives are as follows:

Chairman and CEO	6 times his annual base salary
All Other Executive Officers	3 times their annual base salary

Executive officers have five years from the date of becoming an executive officer to satisfy the ownership requirement. All of our Named Executive Officers satisfy these guidelines.

We have also adopted equity ownership guidelines for our Board of Trustees. Under the equity ownership guidelines adopted for our Board of Trustees, all non-employee Trustees are required to maintain a minimum ownership level of Shares equal to at least five times their annual cash retainer. Non-employee Trustees have five years to satisfy the guidelines. All non-employee Trustees currently satisfy these guidelines.

**Comparison of 2013-2015 Total Direct Compensation**

Under the rules and regulations of the SEC, each year the "Summary Compensation Table" must disclose the salary paid during that year, the annual incentive earned for that year and the equity-based, long-term incentive granted during that year, which for us represents the equity-based, long-term incentive award earned for the *prior* year. As discussed above, because the equity-based pay we award in the first quarter of each year (similar to the cash bonus paid in the first quarter of each year) was earned based on performance in the prior year, the SEC's approach prevents us from showing together all the pay salary, annual cash incentive and equity-based pay earned for any one year. In order to provide our shareholders with the aggregate amount of compensation *earned* by each Named Executive Officer for a given calendar year, we are including below a supplemental Total Direct Compensation Table. We believe the Total Direct Compensation Table enables a more meaningful year-over-year compensation comparison than the Summary Compensation Table presented

## 34 VORNADO REALTY TRUST 2016 PROXY STATEMENT

later in this proxy statement. The Total Direct Compensation Table consists of (i) the actual salary paid for the year, (ii) the annual incentives awarded for the year and (iii) the annual grant date fair value of equity grants awarded for service and performance for the year, irrespective of when such amounts ultimately were granted, paid and/or vested. This table illustrates one of the analyses undertaken by our Compensation Committee in determining each element of our Named Executive Officers' compensation for the particular year in light of such executive's performance during the year. We also believe it demonstrates further the ongoing correlation between the executive's pay and overall Company performance.

The principal difference between the Total Direct Compensation Table and the Summary Compensation Table is that the Total Direct Compensation Table achieves "apples to apples" presentation of both cash and equity-based incentives by showing the value of equity awards in the year to which such grants relate, rather than the year in which such grants were made, as reflected in the Summary Compensation Table. Other companies may calculate Total Direct Compensation differently than we do.

### Current Year Compensation Decisions

As explained above, we make our incentive compensation decisions generally in the first quarter of a fiscal year with respect to the prior year. In addition, in the first quarter of 2016, we established the 2016 performance thresholds for our formula-based short-term annual incentive program.

The compensation levels discussed in this Compensation Discussion and Analysis section are not directly comparable to the amounts presented in the Summary Compensation Table later in this proxy statement for the reasons discussed above under "How We Determine Executive Compensation" and "Comparison of 2013-2015 Total Direct Compensation."

In addition, in the discussion below, when we discuss the "Fair Value" of equity awards, we refer to the "fair value" for such awards determined in accordance with applicable securities and accounting rules (excluding the impact of estimated forfeitures related to service-based vesting conditions). Fair Value is the method used for presenting values for equity awards in our "Summary Compensation Table" and elsewhere under "Executive Compensation." When we discuss the "Market Value" of equity awards we refer to values based on the market price of our Shares at the date of grant (the values considered by our Compensation Committee in making compensation decisions).

#### *Total Compensation of Our CEO*

Overall, for 2015, Mr. Roth's total compensation (with equity determined at Fair Value) was \$10,850,880, compared to \$9,801,951 in the prior year (a 10.7% increase). However, as discussed earlier, the aggregate value for all of Mr. Roth's compensation other than OPP awards did not increase from 2014 to 2015 and the total dollar value of the long-term incentive award potentially earnable (the "Notional Amount") of the OPP awards made to Mr. Roth for 2015 was unchanged from 2014. Accordingly, the increase in compensation for Mr. Roth from 2014 to 2015 was due solely to an increase in the accounting cost for OPP awards with the same notional value. For 2014, Mr. Roth's total compensation (with equity determined at Fair Value) was \$9,801,951, compared to \$7,333,549 in the prior year (a 33.7% increase). Our one-year TSR for 2015 was -3.9% and for 2014 was 36.4%. In the aggregate over the two years of 2014 and 2015, our TSR was 31.1% compared to an increase in the compensation of our CEO of 48.0% (33.6%, if you exclude the effect of the increase in the accounting cost for the OPP award made for 2015 despite it having the same Notional Amount as the award for 2014).

Mr. Roth's salary, incentives and equity awards were based on an evaluation of those factors previously described and were approved by the Compensation Committee. Among the factors considered, both objective and subjective, were the strategic position of the Company, the changes in the Company's operating and performance metrics over the applicable period (Comparable EBITDA and Comparable FFO and FFO per Share), our TSR over the applicable period and the other factors previously described. These factors were considered as a whole and no numerical weight was attributed to any particular factor. The majority of Mr. Roth's compensation is in the form of equity to further align his interests with those of our shareholders.

#### *Cash Compensation of Our CEO*

Mr. Roth has served as our CEO from April 15, 2013. Mr. Roth's base salary of \$1,000,000 was established in March 2001 and has remained unchanged since then. Mr. Roth's short-term annual incentive (also referred to as his "bonus") for 2015 (awarded in 2016) and for 2014 (awarded in 2015) was paid in cash while in 2013 (awarded in 2014), the incentive was principally in the form of equity. His total cash compensation for 2015, 2014 and 2013 was \$2,000,000, \$2,001,900 and \$1,020,900, respectively.

#### *Equity Compensation of Our CEO*

Mr. Roth's long-term equity incentive compensation award for 2015 performance (granted in 2016) was 165,626 OPP Units and 43,025 restricted units (collectively having a Market Value of \$9,050,881). The aggregate Fair Value at the date of grant of these OPP and restricted units was \$8,850,880 and represents a

---

## 36 VORNADO REALTY TRUST 2016 PROXY STATEMENT

13.5% increase in the aggregate value of long-term equity grants of restricted and OPP units compared to the prior year. For 2014 performance, Mr. Roth was granted (in 2015) long-term equity incentive compensation of 112,920 OPP Units and 32,265 restricted units (collectively having a Market Value of \$8,000,053). The aggregate Fair Value at the date of grant of these OPP and restricted units was \$7,800,051 and represents a 45.5% increase in the aggregate value of long-term equity grants of restricted and OPP units compared to the prior year. For 2013 performance, Mr. Roth was granted (in 2014) long-term equity incentive compensation of 86,314 OPP units and 30,166 restricted units (collectively having a Market Value of \$5,500,043). The aggregate Fair Value at the date of grant of these OPP and restricted units was \$5,362,563 and represented a 0.001% increase in the aggregate value of long-term equity grants of OPP units and restricted units granted as compared to the prior year. In addition, Mr. Roth's bonus paid for 2013 (awarded in 2014) was paid in restricted units having a Fair Value of approximately \$950,000. The number of restricted units awarded to Mr. Roth in lieu of cash bonus for 2013 was 10,952.

### *Basis for Compensation of Other Named Executive Officers*

For our other Named Executive Officers (Messrs. Theriot, Greenbaum, Franco and Macnow), such executive's salary, annual incentive and long-term equity awards were based on an evaluation of those factors previously described and were approved by the Compensation Committee. Among the factors considered, both objectively and subjectively, were the strategic position of the Company, the changes in the Company's operating and performance metrics over the applicable period (Comparable EBITDA and Comparable FFO and FFO per Share), our TSR over the applicable period and the other factors previously mentioned. With regard to Messrs. Theriot and Macnow, we considered these factors as they apply to our Company as a whole as their responsibilities are company-wide. For Messrs. Greenbaum and Franco, we also considered these factors as they pertain to the division which such executive heads. Mr. Greenbaum is President New York Division and Mr. Franco is Executive Vice President Chief Investment Officer. In all cases, these factors were considered as a whole and no numerical weight was attributed to any particular factor. In the aggregate, total compensation (with equity determined at Fair Value) awarded to these Named Executive Officers for 2015 increased by 6% as compared to the prior year.

### **Other Compensation Policies and Practices**

#### *Equity Grant Practices*

All of our equity-based compensation awards are made under our shareholder-approved 2010 Plan. The 2010 Plan provided that we were able to issue up to 6,000,000 Share equivalents with each award of a Share (or other securities that have the value equivalent to one Share when earned or vested) counting as one Share equivalent and each award of an option to acquire our Shares (or other securities that by their terms require the payment of an exercise price or deduction of a strike price) counting as one-half of a Share equivalent. Under the 2010 Plan, the exercise price of each stock option awarded must be (or must have been) no less than the average of the high and low price of Shares on the New York Stock Exchange on the date granted by the Compensation Committee. The vast majority of our equity awards are determined and granted in the first quarter of each year at the same time as management and the Compensation Committee conclude their annual evaluation of the performance of our senior executive management team as a group and each executive individually. In addition and from time to time, additional equity awards may be granted in connection with new hires or promotions. We have never repriced options and our 2010 Plan does not permit repricing of options without shareholder approval.

#### *Employment, Severance and Change of Control Agreements*

We do, from time to time, enter into employment agreements with some members of our senior executive management team. Otherwise, our senior executive management team and other employees serve "at will." Except as may be provided in these employment agreements or pursuant to our compensation plans generally, we have not entered into any separate severance or change of control agreements. For those of our senior executive management team who have employment agreements, these agreements generally provide for a severance payment (for termination by us without cause or by the executive with good reason (each as

2016 PROXY STATEMENT VORNADO REALTY TRUST 37

defined in the applicable employment agreement and further described below under "Employment Contracts")) and change of control payment (if employment is terminated following a change of control) in the range of one to three times the applicable executive's annual salary and incentive. Since 2012, the agreements evidencing awards under the 2010 Plan have provided for the satisfaction of a "double trigger" as a condition to the acceleration of the vesting of any unvested equity awards. These change of control arrangements are designed to compensate management in the event of a termination following a fundamental change in the Company, their employer, and to provide an incentive to these executives to continue with the Company at least through such time. Severance and change of control arrangements do not generally affect other compensation arrangements for a particular period. A more complete description of employment agreements, severance and change of control arrangements pertaining to the Named Executive Officers is set forth under "Employment Contracts" and "Severance and Change of Control Arrangements."

*Tax Deductibility of Compensation*

The tax efficiency of compensation is one of many factors that enter into the design of our compensation programs. We look at a combination of the rates at which our executives will be taxed and the value of any deduction that we may be entitled to when developing our approach to compensation. We believe that the limitation of Section 162(m) of the Internal Revenue Code (which limits the corporate tax deduction for certain executive officer compensation that exceeds \$1 million a year) does not apply to most of the compensation we paid to our Named Executive Officers for 2014 and only a small portion of their compensation may not be deductible due to that limitation.

**COMPENSATION COMMITTEE REPORT**

The Compensation Committee of the Board of Trustees of Vornado Realty Trust, a Maryland real estate investment trust (the "Company"), has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K of the Securities and Exchange Commission with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in the proxy statement and incorporated by reference in the Company's Annual Report on Form 10-K for the year ended December 31, 2015.

The Compensation Committee of the Board  
of Trustees:
