REFERENCE TO CURRENCY

Unless the context otherwise requires, all references herein to currency are references to Canadian dollars. FORWARD-LOOKING STATEMENTS

This Prospectus, together with the documents incorporated by reference herein and therein, contain forward-looking statements about expected events and the financial and operating performance of TELUS.

Forward-looking statements include any statements that do not refer to historical facts. They include, but are not limited to, statements relating to the Company's objectives and its strategies to achieve those objectives, its targets, outlook, updates, and its multi-year dividend growth program. Forward-looking statements are typically identified by the words "assumption", "goal", "guidance", "objective", "outlook", "strategy", "target" and other similar expressions, or future or conditional verbs such as "aim", "anticipate", "believe", "could", "expect", "intend", "may", "plan", "predict", "seek", "should", "strive" and "will".

By their nature, forward-looking statements are subject to inherent risks and uncertainties and are based on assumptions, including assumptions about future economic conditions and courses of action. These assumptions may ultimately prove to have been inaccurate and, as a result, the Company's actual results or events may differ materially from expectations expressed in or implied by the forward-looking statements. An update to the Company's trends and assumptions for 2018 is presented in the Company's Management's Discussion and Analysis of financial results for the three-month period ended March 31, 2018.

Risks and uncertainties that could cause actual performance or events to differ materially from the forward-looking statements made herein and in other TELUS filings include, but are not limited to, the following:

Competition including: the Company's ability to continue to retain customers through an enhanced customer service experience, including through the deployment and operation of evolving wireless and wireline networks; the ability of industry competitors to successfully launch their respective platforms and to combine a mix of long distance, high-speed Internet access and, in some cases, wireless services under one bundled and/or discounted monthly rate, along with their existing broadcast or satellite-based TV services; the success of new products, new services and supporting systems, such as Internet of Things services for Internet-connected devices; continued intense rivalry across all services among wireless and wireline telecommunications companies, cable-TV providers, other communications companies and over-the-top ("OTT") services, which, among other things, places pressures on current and future average billing per subscriber unit per month ("ABPU"), average revenue per subscriber unit per month ("ARPU"), cost of acquisition, cost of retention and churn rate for all services, as do customer usage patterns, flat-rate pricing trends for voice and data, inclusive rate plans for voice and data and availability of Wi-Fi networks for data; mergers and acquisitions of industry competitors; pressures on high-speed Internet and TV ARPU and churn rate resulting from market conditions, government actions and customer usage patterns; residential and business network access line losses; subscriber additions and retention volumes, and associated costs for wireless, TV and high-speed Internet services; and the Company's ability to obtain and offer content on a timely basis across multiple devices on wireless and TV platforms at a reasonable cost.

Technological substitution including: reduced utilization and increased commoditization of traditional wireline voice local and long distance services from impacts of OTT applications and wireless substitution, a declining overall market for paid TV services, including as a result of content piracy and signal theft and as a result of a rise in OTT direct to consumer video offerings and virtual multichannel video programming distribution platforms; the increasing number of households that have only wireless and/or Internet-based telephone services; potential wireless ABPU and ARPU declines as a result of, among other factors, substitution to messaging and OTT applications; substitution to increasingly

Table of Contents

available Wi-Fi services; and disruptive technologies such as OTT IP services, including Network as a Service in the business market, that may displace or re-rate the Company's existing data services.

Technology including: subscriber demand for data that may challenge network and spectrum capacity levels in the future and may be accompanied by increases in delivery cost; the Company's reliance on information technology and its need to streamline its legacy systems; technology options, evolution paths and roll-out plans for video distribution platforms and telecommunications network technologies (including broadband initiatives, such as fibre to the premises ("FTTP"), wireless small-cell deployment, 5G wireless and availability of resources and ability to build out adequate broadband capacity); the Company's reliance on wireless network access agreements, which have facilitated the Company's deployment of wireless technologies; choice of suppliers and those suppliers' ability to maintain and service their product lines, which could affect the success of upgrades to, and evolution of, technology that it offers; supplier concentration and market power for network equipment, TELUS TV® and wireless handsets; the performance of wireless technology; the Company's expected long-term need to acquire additional spectrum capacity through future spectrum auctions and from third parties to address increasing demand for data; deployment and operation of new wireline broadband network technologies at a reasonable cost and availability and success of new products and services to be rolled out using such network technologies; network reliability and change management; self-learning tools and automation that may change the way the Company interacts with customers; and uncertainties around the Company's strategy to replace certain legacy wireline network technologies, systems and services to reduce operating costs.

Regulatory decisions and developments including: the potential of government intervention to further increase wireless competition; the potential for appeals of, or government intervention further to, the impact from the Canadian Radio-television and Telecommunications Commission's (the "CRTC") determinations for wholesale GSM-based domestic roaming and the setting of such rates charged to wireless service providers ("WSPs") on a retroactive basis; future spectrum auctions and spectrum policy determinations, including the amount of spectrum TELUS is able to acquire and its cost under the recently announced Technical, Policy and Licensing Framework for Spectrum in the 600 MHz Band, as well as cost and availability of spectrum in the 3500 MHz band; restrictions on the purchase, sale and transfer of spectrum licences; the impact of the CRTC's wireline wholesale services review, with a formal review of rates for wholesale FTTP access still to be commenced for TELUS; changes to the cost burden associated with CRTC-mandated network interconnections; disputes with certain municipalities regarding rights-of-way bylaws; and other potential threats to unitary federal regulatory authority over telecommunications, including provincial wireless and consumer protection legislation; the potential impacts of the CRTC's decision to require pro-rated refunds when customers terminate their services; the CRTC's proposed phase-out of the local service subsidy regime and corresponding establishment of a broadband funding regime to support the enhancement of high-speed Internet services focusing on underserved areas in Canada; the impact of the review of the Minister of Canadian Heritage's new Creative Canada policy framework announced on September 28, 2017; the CRTC's consultation and report on distribution models of the future; vertical integration in the broadcasting industry resulting in competitors owning broadcast content services, and timely and effective enforcement of related regulatory safeguards; the review of the *Copyright Act*, which began in early 2018; the federal government's stated intention to review the *Broadcasting Act* and *Telecommunications Act* as announced in the March 22, 2017 federal budget; the outcome of TELUS' applications for renewal of its broadcasting distribution licences; the North American Free Trade Agreement renegotiation; and restrictions on non-Canadian ownership and control of TELUS Common Shares and the ongoing monitoring and compliance with such restrictions.

Capital expenditure levels and potential outlays for spectrum licences in spectrum auctions or from third parties, due to: the Company's broadband initiatives, including connecting more homes and businesses directly to fibre; the Company's ongoing deployment of newer wireless technologies, including wireless small cells to improve coverage and capacity and prepare for a more efficient and timely evolution to 5G wireless services; utilizing acquired spectrum; investments in network resiliency and reliability; subscriber demand for data; evolving systems and business processes; implementing efficiency initiatives; supporting

Table of Contents

large complex deals; and future wireless spectrum auctions held by Innovation, Science and Economic Development Canada. The Company's capital expenditure levels could be impacted if it does not achieve its targeted operational and financial results.

Human resource matters including: recruitment, retention and appropriate training in a highly competitive industry, and the level of employee engagement.

nor will such Additional Amounts be paid with respect to any payment on any Debt Security to a holder of Debt Securities or beneficial owner who is a fiduciary or partnership or other than the sole beneficial owner of such Debt Security to the extent that a beneficiary or settlor with respect to such fiduciary, or a member of such partnership or a beneficial owner thereof would not have been entitled to receive a payment of such Additional Amounts had such beneficiary, settlor, member or beneficial owner received directly its beneficial or distributive share of such payment.

- (iv) Liens securing any Indebtedness of a Restricted Subsidiary owing to the Company or to another Restricted Subsidiary;
- (v) Liens on Property of the Company or a Restricted Subsidiary securing indebtedness or other obligations issued by Canada or the United States of America or any province, state or any department, agency or instrumentality or political subdivision of Canada or the United States of America or any state, or by any other country or any political subdivision of any other country, for the purpose of financing all or any part of the purchase price of, or, in the case of real property, the cost of construction on or improvement of, any property or assets subject to the Liens, including Liens incurred in connection with pollution control, industrial revenue or similar financings;
- (vi) Liens securing any extension, renewal or replacement (or successive extensions, renewals or replacements) in whole or in part of any Permitted Lien pursuant to the Trust Indentures; provided, however, that such new Lien is limited to the Property which was subject to the prior Lien immediately before such extension, renewal or replacement, and provided, further, that the principal amount of

Limitation on Sale and Lease-Back Transactions

The Trust Indentures contain provisions to the effect that neither the Company nor any Restricted Subsidiary may enter into any Sale and Lease-Back Transaction (as defined under " Certain Definitions" below), except for:

- (i) any Sale and Lease-Back Transaction constituting a Permitted Lien under the Trust Indentures (other than clause (vii) or (viii)) under "Negative Pledge" above;
- (ii) any Sale and Lease-Back Transaction that is not otherwise permitted under clause (i) above or (iii) below, and in respect of which the Company or such Restricted Subsidiary would be entitled, in the manner described under "Negative Pledge" above, to incur Indebtedness secured by a Lien on the applicable Property at least equal in amount to the Attributable Debt in respect of such Sale and Lease-Back Transaction without equally and ratably securing the Debt Securities (any Sale and Lease-Back Transaction entered into in compliance with this clause (ii) being an "Unrestricted Sale and Lease-Back Transaction"); or

Events of Default

The Trust Indentures provide that an event of default with respect to any series of Debt Securities means any one of the following events (whatever the reason for such event of default and whether it is voluntary or involuntary or is effected by operation of law or pursuant to any judgment, decree or order of any government authority):

- (i) a default in the payment by the Company of the principal of (or premium, if any, on) any Debt Securities of such series when the same becomes due and payable at maturity, upon acceleration, redemption or otherwise, or in any obligation to repurchase Debt Securities of such series when required pursuant to the Indentures;
- (ii) a default in the payment by the Company of interest on any Debt Securities of such series when the same becomes due and payable, and such default continues for a period of 30 days;

- (iv) if any representation or warranty made by the Company in relation to a series of Debt Securities was incorrect in any material respect when made and, if it is capable of being corrected with reference to the presently existing facts and circumstances, such representation or warranty is not corrected within 60 days after written notice to the Company by the applicable Trustee or the holders of at least 25% of the unpaid aggregate principal amount of the outstanding Debt Securities of such series;
- (v) any failure by the Company or any Subsidiary to pay when due or within any applicable grace period, any payment of Indebtedness of the Company or any Subsidiary in an aggregate principal amount in excess of US\$75 million (or its equivalent in any other currency or currencies), or any default occurs in respect of any Indebtedness of the Company or any Subsidiary in respect of any series of Debt Securities having an aggregate principal amount exceeding US\$75 million (or its equivalent in any other currency or currencies) after the expiration of any applicable grace period, if such default has resulted in such Indebtedness in excess of such aggregate principal amount becoming due prior to its stated maturity;

certain events of bankruptcy, insolvency or reorganization of the Company or any Subsidiary.

Under each of the Trust Indentures, the Company is required to file with the applicable Trustee an annual officers' certificate as to the absence of certain defaults under the applicable Trust Indenture.

The Canadian Trust Indenture provides that if an event of default (other than an event of default specified in clause (vii) above in relation to the Company) shall occur and be continuing with respect to a series of Debt Securities issued thereunder, the Canadian Trustee may in its discretion and shall upon request of the holders of not less than 25% in principal amount of the outstanding Debt Securities of such series declare the principal of, together with accrued interest on, all Debt Securities of such series to be due and payable. In certain cases, the holders of a majority in aggregate principal amount of such series of Debt Securities or a majority in principal amount of such series voted at a duly constituted meeting may on behalf of the holders of all such Debt Securities waive any past default or event of default and rescind and annul any such declaration and its consequences.

The Canadian Trust Indenture further provides that if an event of default specified in clause (vii) above in relation to the Company occurs, the principal of and any accrued interest on the Debt Securities then outstanding shall become immediately due and payable; provided however that at any time after an automatic acceleration with respect to the Debt Securities has been made, the holders of a majority in aggregate principal amount of such series of Debt Securities or a majority in principal amount of such series voted at a duly constituted meeting may, under certain circumstances, rescind and annul such acceleration and its consequences.

The Canadian Trust Indenture contains a provision entitling the Canadian Trustee, subject to its duty during a default to act with the required standard of care, to be indemnified by the holders of Debt Securities of such series before proceeding to exercise any right or power under the Canadian Trust Indenture at the request of such holders. The Canadian Trust Indenture provides that no holder of Debt Securities of any series may pursue a remedy with respect to the Canadian Trust Indenture except in the case of failure of the applicable Canadian Trustee to act.

The U.S. Trust Indenture provides that if an event of default under the U.S. Trust Indenture occurs and is continuing with respect to any series of the Debt Securities issued thereunder, then and in every such case the Trustees or the holders of not less than 25% in aggregate principal amount of the outstanding Debt Securities of such affected series may, subject to any subordination provisions thereof, declare the entire principal amount (or, if the Debt Securities of that series are original issue discount Debt Securities, such portion of the principal amount as may be specified in the terms of that series) of all Debt Securities of such series and all accrued and unpaid interest thereon to be immediately due and payable. However, at any time after a declaration of acceleration with respect to any series of the Debt Securities has been made, but before a judgment or decree for payment of the money due has been obtained, the holders of a majority in principal amount of the outstanding Debt Securities of that series, by written notice to the Company and the Trustees under certain circumstances, may rescind and annul such acceleration.

With respect to Debt Securities issued under the U.S. Trust Indenture, reference is made to the applicable Prospectus Supplement or supplements relating to each series of the Debt Securities which are original issue discount Debt Securities for the particular provisions relating to acceleration of the maturity of a portion of the principal amount of such original issue discount securities upon the occurrence of any event of default and the continuation thereof.

Defeasance of Certain Obligations under the U.S. Trust Indenture

Unless otherwise specified in the applicable Prospectus Supplement, the U.S. Trust Indenture provides that, at the Company's option, the Company will be discharged from any and all obligations in respect of the outstanding Debt Securities of any series upon irrevocable deposit with the Trustees, in trust, of money and/or Government Obligations (as defined under " Certain Definitions" below) which will provide money in an amount sufficient in the opinion of a nationally recognized firm of independent chartered professional accountants (as evidenced by an officer's certificate delivered to the Trustees) to pay the principal of (and premium, if any, and each instalment of interest, if any, and, to the extent applicable, any Additional Amounts on) the outstanding Debt Securities of such series (hereinafter in this section referred to as a "defeasance") (except with respect to the authentication, transfer, exchange or replacement of the Debt Securities or the maintenance of a place of payment and certain other obligations set forth in the U.S. Trust Indenture). Such trust may only be established if among other things:

the Company has delivered to the Trustees an opinion of counsel in the United States stating that (i) the Company has received from, or there has been published by, the Internal Revenue Service a ruling, or (ii) since the date of execution of the U.S. Trust Indenture, there has been a change in the applicable U.S. federal income tax law, in either case to the effect that the holders of the outstanding Debt Securities of such series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance had not occurred;

the Company has delivered to the Trustees an opinion of counsel in Canada or a ruling from the Canada Revenue Agency (or successor agency) to the effect that the holders of the outstanding Debt Securities of such series should not recognize income, gain or loss for Canadian federal or provincial income tax purposes as a result of such defeasance and should be subject to Canadian federal or provincial income tax on the same amounts, in the same manner and at the same times as would have been the case had such defeasance not occurred (and for the purposes of such opinion, such Canadian counsel shall assume that holders of the outstanding Debt Securities of such series include holders who are not resident in Canada);

no event of default or event that, with the passing of time or the giving of notice, or both, shall constitute an event of default shall have occurred and be continuing on the date of such deposit;

the Company is not an "insolvent person" within the meaning of the *Bankruptcy and Insolvency Act (Canada)* on the date of such deposit or at any time during the period ending on the 91st day following such deposit; and

the Company shall have delivered to the Trustees an officers' certificate and an opinion of counsel, each stating that all conditions precedent to the defeasance have been satisfied.

The Company may exercise its defeasance option notwithstanding the Company's prior exercise of its covenant defeasance option described in the following paragraph if the Company meets the conditions described in the preceding sentence at the time it exercises the defeasance option.

The U.S. Trust Indenture provides that, at the Company's option, unless and until the Company has exercised its defeasance option described in the preceding paragraph, the Company may omit to comply with the "Negative Pledge" covenant, certain aspects of the "Amalgamation, Consolidation, Conveyance, Transfer or Lease" covenant and certain other covenants and such omission shall not be deemed to be an event of default under the U.S. Trust Indenture and the outstanding Debt Securities upon irrevocable deposit with the Trustees, in trust, of money and/or government securities which will provide money in an amount sufficient in the opinion of a nationally recognized firm of independent chartered professional accountants (as evidenced by an officer's certificate delivered to the Trustees) to pay the principal of (and premium, if any, and each installment of interest, if any, and, to the extent applicable, any Additional Amounts on) the outstanding Debt Securities (hereinafter in this section referred to as "covenant defeasance"). If the Company exercises its covenant defeasance option, the obligations under the U.S. Trust Indenture other than with respect to such covenants and the events of default other than with respect to such covenants shall remain in full force and effect. Such trust may only be established if, among other things:

the Company has delivered to the Trustees an opinion of counsel in the United States to the effect that the holders of the outstanding Debt Securities will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such covenant defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such covenant defeasance had not occurred;

the Company has delivered to the Trustees an opinion of counsel in Canada or a ruling from the Canada Revenue Agency to the effect that the holders of the outstanding Debt Securities should not recognize income, gain or loss for Canadian federal or provincial income or other tax purposes as a result of such covenant defeasance and should be subject to Canadian federal or provincial income and other tax on the same amounts, in the same manner and at the same times as would have been the case had such covenant defeasance not occurred (and for the purposes of such opinion, such Canadian counsel shall assume that holders of the outstanding Debt Securities include holders who are not resident in Canada);

no event of default or event that, with the passing of time or the giving of notice, or both, shall constitute an event of default shall have occurred and be continuing on the date of such deposit; and

the Company is not an "insolvent person" within the meaning of the *Bankruptcy and Insolvency Act (Canada)* on the date of such deposit or at any time during the period ending on the 91st day following such deposit.

The following sets forth the terms and provisions of the existing capital of the Company. The particular terms and provisions of the Equity Securities offered by a Prospectus Supplement and the extent to which these general terms and provisions apply will be described in such Prospectus Supplement. Certain of the rights and attributes of each class are described below.

First Preferred Shares

Shares Issuable in Series

The First Preferred Shares may be issued at any time or from time to time in one or more series. Before any shares of a series are issued, the Board of Directors of the Company shall fix the number of shares that will form such series and shall, subject to the limitations set out in the articles of the Company, determine the designation, rights, privileges, restrictions and conditions to be attached to the First Preferred Shares of such series, except that no series shall be granted the right to vote at a general meeting of the shareholders of the Company or the right to be convertible or exchangeable for Common Shares, directly or indirectly.

Priority

The First Preferred Shares of each series shall rank on a parity with the First Preferred Shares of every other series with respect to dividends and return of capital and shall be entitled to a preference over the Second Preferred Shares and the Common Shares and over any other shares ranking junior to the First Preferred Shares with respect to priority in payment of dividends and in the distribution of assets in the event of liquidation, dissolution or winding-up of the Company, whether voluntary or involuntary, or any other distribution of the assets of the Company among its shareholders for the purpose of winding-up its affairs.

Voting Rights

Except as required by law, holders of the First Preferred Shares as a class shall not be entitled to receive notice of, to attend or to vote at any meeting of the shareholders of the Company, provided that the rights, privileges, restrictions and conditions attached to the First Preferred Shares as a class may be added to, changed or removed only with the approval of the holders of the First Preferred Shares given in such manner as may then be required by law, subject to a minimum requirement that such approval be given by resolution signed by the holders of not less than two-thirds of the First Preferred Shares then outstanding, or passed by an affirmative

The power of the Company to issue any voting shares and to restrict the right of any holder of voting shares of the Company to transfer or vote such voting shares is as provided in the Telecommunications Regulations, the Broadcasting Direction and the Radiocommunication Regulations, as amended from time to time (collectively, the "Applicable Regulations") or in the articles of the Company. The Company has the power to suspend voting rights, to refuse the transfer of shares, to redeem or purchase, or to sell or to require the sale of voting shares of the Company as provided in the Applicable Regulations or the articles of the Company, for the purpose of ensuring that any subsidiary of the Company is not ineligible to operate as a telecommunications common carrier pursuant to the *Telecommunications Act*, or to be granted a licence under the *Broadcasting Act* or the *Radiocommunication Act*.

In addition to declarations which may be requested by the Company pursuant to the Applicable Regulations, the Company may request that a person who: (1) is or proposes to be a registered holder of voting shares of the Company; (2) holds or proposes to hold or is believed by the Company to hold voting shares of the Company on behalf of another person, other than as a registered holder; (3) subscribes for voting shares of the Company; (4) requests registration of a transfer of voting shares of the Company; (5) requests a change in registration of voting shares of the Company; or (6) elects to convert or exchange any securities into or for voting shares of the Company, file a declaration with the Company or its transfer agent within the time limit prescribed in the request. The person to whom a request is made pursuant to the articles of the Company shall submit the declaration in a form authorized by the Company, and shall contain the information requested by the Company to enable the Company to determine whether the non-Canadian share constraint is being or may be contravened.

Notwithstanding any other provision of the articles of the Company or the rules or operating procedures established pursuant to the articles of the Company, a contravention of the non-Canadian share constraint shall have no consequences except those that are expressly provided for in the articles of the Company or the Applicable Regulations. For greater certainty but without limiting the generality of the foregoing: (1) no transfer, issue or ownership of, and no title to, voting shares of the Company; (2) no resolution of shareholders (except to the extent that the result thereof is affected as a result of a determination pursuant to the Applicable Regulations to suspend the voting rights of any voting shareholders); and (3) no act of the Company, including any transfer of property to or by the Company, shall be invalid or otherwise affected by any contravention of the non-Canadian share constraint or the failure to make the adjustment in voting as may be required or permitted pursuant to the Applicable Regulations.

In administering the ownership restriction provisions of the articles of the Company and the Applicable Regulations, including, without limitation, in making any directors' determination, the Company and any of its directors, officers, employees and agents may rely on, among other things, the Company's central securities register.

The ownership restriction provisions of the articles of the Company shall cease to be binding on the Company and its shareholders upon the repeal of the Applicable Regulations, and shall cease to be applicable and binding to the extent permitted by all of the *Telecommunications Act*, the *Radiocommunication Act* and the *Broadcasting Act*, from time to time.

TELUS Shareholder Rights Plan

TELUS first adopted a shareholder rights plan in March 2000. In May 2010, the holders of the Common Shares and Non-Voting Shares ratified a substantially similar shareholder rights plan. On May 9, 2013, the holders of the Common Shares approved the amendment of, and reconfirmation of, the shareholder rights plan (the "Rights Plan"), which among other things, reflects the elimination of the Non-Voting Share class from TELUS' authorized share structure, and at the annual general meeting held on May 5, 2016, the holders of the Common Shares approved the reconfirmation of the Rights Plan. Under the Rights Plan, TELUS issued one right (a "Right") in respect of each Common Share outstanding as at such date. The Rights Plan expires upon the conclusion of TELUS' annual meeting in 2019. The Rights will separate from the Common Shares and will be exercisable eight trading days after a person has acquired, or commences to acquire, 20% or more of the Common Shares, other than by acquisition pursuant to a takeover bid permitted by the Rights Plan (a "Permitted Bid"). The acquisition by any person (an "Acquiring Person") of more than 20% of the Voting Shares (as defined in the Rights Plan), other than by way of a Permitted Bid, is referred to as a "Flip-in Event". Any Rights held by an Acquiring Person will become void upon the occurrence of a Flip-in Event. Eight trading days after the occurrence of the Flip-in Event, each Right (other than those held by the Acquiring Person), will permit the purchase of \$320 worth of Common Shares for \$160 (i.e. at a 50% discount).

DESCRIPTION OF WARRANTS

This section describes the general terms that will apply to any Warrants for the purchase of Equity Securities (the "Equity Warrants") or for the purchase of Debt Securities (the "Debt Warrants").

Warrants may be offered separately or together with Equity Securities or Debt Securities, as the case may be. Each series of Warrants will be issued under a separate Warrant agreement to be entered into between the Company and one or more banks or trust companies acting as Warrant agent. The applicable Prospectus Supplement will include details of the Warrant agreements covering the Warrants being offered. The Warrant agent will act solely as the agent of the Company and will not assume a relationship of agency with any holders of Warrant certificates or beneficial owners of Warrants. The specific terms of the Warrants, and the extent to which the general terms described in this section apply to those Warrants, will be set forth in the applicable Prospectus Supplement.

Original purchasers of Equity Warrants or Debt Warrants (if offered separately) will be granted a contractual right of rescission against the Company in respect of the conversion, exchange or exercise of such Equity Warrant or Debt Warrant. The contractual right of rescission will entitle such original purchasers to receive the amount paid upon conversion, exchange or exercise, upon surrender of the underlying securities gained thereby, in the event that this Prospectus (as supplemented or amended) contains a misrepresentation, provided that: (i) the conversion, exchange or exercise takes place within 180 days of the date of the purchase of the convertible, exchangeable or exercisable security under this Prospectus; and (ii) the right of rescission is exercised within 180 days of the date of the purchase of the convertible, exchangeable or exercisable security under this Prospectus. This contractual right of rescission will be consistent with the statutory right of rescission described under section 131 of the *Securities Act* (British Columbia), and is in addition to any other right or remedy available to original purchasers under section 131 of the *Securities Act* (British Columbia) or otherwise at law.

In an offering of Warrants, investors are cautioned that the statutory right of action for damages for a misrepresentation contained in the prospectus is limited, in certain provincial securities legislation, to the price at which the Warrant is offered to the public under the prospectus offering. This means that, under the securities legislation of certain provinces, if the purchaser pays additional amounts upon conversion, exchange or exercise of the security, those amounts may not be recoverable under the statutory right of action for damages that applies in those provinces. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of this right of action for damages and consult with a legal adviser.

**DESCRIPTION OF SHARE PURCHASE CONTRACTS
AND SHARE PURCHASE OR EQUITY UNITS**

The Company may issue share purchase contracts, including contracts obligating holders to purchase from the Company, and the Company to sell to the holders, a specified number of Equity Securities, at a future date or dates, or similar contracts issued on a "prepaid" basis (in each case, "Share Purchase Contracts"). The price per Equity Security and the number of Equity Securities may be fixed at the time the Share Purchase Contracts are issued or may be determined by reference to a specific formula set forth in the Share Purchase Contracts. The Share Purchase Contracts will require either the share purchase price be paid at the time the Share Purchase Contracts are issued or that payment be made at a specified future date. The Share Purchase Contracts may be issued separately or as part of units consisting of a Share Purchase Contract and Debt Securities or obligations of third parties (including U.S. treasury securities) (the "Share Purchase or Equity Units"), and may or may not serve as collateral for a holder's obligations. The Share Purchase Contracts may require holders to secure their obligations thereunder in a specified manner. The Share Purchase Contracts also may require the Company to make periodic payments to the holders of the Share Purchase Contracts or vice versa, and such payments may be unsecured or refunded on some basis.

The applicable Prospectus Supplement will describe the terms of the Share Purchase Contracts or Share Purchase or Equity Units. The description in the Prospectus Supplement will not necessarily be complete, and reference will be made to the Share Purchase Contracts, and, if applicable, collateral, depository or custodial arrangements, relating to the Share Purchase Contracts or Share Purchase or Equity Units. Material United States and Canadian federal income tax considerations applicable to the holders of the Share Purchase or Equity Units and the Share Purchase Contracts will also be discussed in the applicable Prospectus Supplement.

Original purchasers of Share Purchase Contracts or Share Purchase or Equity Units will be granted a contractual right of rescission against the Company in respect of the conversion, exchange or exercise of such Share Purchase Contract or Share Purchase or Equity Unit. The contractual right of rescission will entitle such original purchasers to receive the amount paid upon conversion, exchange or exercise, upon surrender of the underlying securities gained thereby, in the event that this Prospectus (as supplemented or amended) contains a misrepresentation, provided that: (i) the conversion, exchange or exercise takes place within 180 days of the date of the purchase of the convertible, exchangeable or exercisable security under this Prospectus; and (ii) the right of rescission is exercised within 180 days of the date of the purchase of the convertible, exchangeable or exercisable security under this Prospectus. This contractual right of rescission will be consistent with the statutory right of rescission described under section 131 of the *Securities Act* (British Columbia), and is in addition to any other right or remedy available to original purchasers under section 131 of the *Securities Act* (British Columbia) or otherwise at law.

In an offering of Share Purchase Contracts or Share Purchase or Equity Units, investors are cautioned that the statutory right of action for damages for a misrepresentation contained in the prospectus is limited, in certain provincial securities legislation, to the price at which the Share Purchase Contracts or Share Purchase or Equity Units are offered to the public under the prospectus offering. This means that, under the securities legislation of certain provinces, if the purchaser pays additional amounts upon conversion, exchange or exercise of the security, those amounts may not be recoverable under the statutory right of action for damages that applies in those provinces. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of this right of action for damages and consult with a legal adviser.
