Accrued real estate taxes	36,174
Prepaid rents, deferred revenue and security deposits	101,879
Total liabilities	\$ 308,255
Minority Interest	\$ 1,836,304

See accompanying notes to consolidated financial statements.

**AMERIVEST PROPERTIES INC.**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

**MARCH 31, 2004**

**(unaudited)**

**1 Organization**

AmeriVest Properties Inc. (the Company) is incorporated under the laws of the State of Maryland and operates as a self-administered and self-managed real estate investment trust (REIT). The Company primarily invests in and operates commercial office buildings in selective markets and leases the commercial office buildings to small and medium size tenants. At March 31, 2004, the Company owns and operates, through its wholly-owned subsidiaries, 27 office properties located in metropolitan Denver, Dallas, Phoenix and Indianapolis and several small cities in Texas.

**2 Interim Financial Statements**

The unaudited consolidated financial statements included herein were prepared from the records of the Company in accordance with accounting principles generally accepted in the United States of America and reflect all adjustments which are, in the opinion of management, necessary to provide a fair statement of the results of operations and financial position for the interim periods. Such financial statements generally conform to the presentation reflected in the Company's Form 10-KSB filed with the Securities and Exchange Commission for the year ended December 31, 2003. The consolidated results of operations for the three months ended March 31, 2004 are not necessarily indicative of the results that may be expected for the year ending December 31, 2004. These financial statements and notes should be read together with the financial statements and notes included in the Company's Form 10-KSB for the year ended December 31, 2003.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Certain prior period balances have been reclassified to conform to current period presentation.

**3 Equity-Based Compensation**

The Company applies Accounting Principles Board (APB) Opinion No. 25 and related interpretations in accounting for its equity-based compensation. Accordingly, the Company does not recognize compensation cost for options granted to employees whose exercise price is equal

Edgar Filing: AMERIVEST PROPERTIES INC - Form 10-Q

to or exceeds the fair value of the underlying stock as of the grant date and which qualify for fixed plan accounting.

Equity-based compensation issued to non-employees is accounted for based on the fair value of the equity instruments issued. The measurement date is considered to be the issuance date, or if there are performance vesting provisions, when earned.

Edgar Filing: AMERIVEST PROPERTIES INC - Form 10-Q

The Company has adopted the disclosure-only provisions of Statement of Financial Accounting Standards (SFAS) No. 148, Accounting for Stock-Based Compensation Transition and Disclosure, an amendment of FASB Statement No. 123. Had compensation cost for the Company's stock option plan been determined based on the fair value at the grant date consistent with the provisions of SFAS No. 148, the Company's net (loss)/income and (loss)/earnings per share for the three months ended March 31, 2004 and 2003 would have been changed to the pro forma amounts indicated below:

	For the three months ended March 31,	
	2004	2003
Net (loss)/income as reported	\$ (375,011)	\$ 404,964
Plus: Recognized equity-based compensation	88,326	9,187
Less: Total equity-based compensation expense based on fair value	(37,423)	(23,724)
Net (loss)/income pro forma	\$ (324,108)	\$ 390,427
(Loss)/earnings per basic share as reported	\$ (0.02)	\$ 0.04
(Loss)/earnings per diluted share as reported	\$ (0.02)	\$ 0.04
(Loss)/earnings per basic share pro forma	\$ (0.02)	\$ 0.04
(Loss)/earnings per diluted share pro forma	\$ (0.02)	\$ 0.03

The fair value of each grant is estimated on the date of grant using the Black-Scholes option-pricing model with the following weighted-average assumptions:

	2004	2003
Dividend yield	7.5%	7.9%
Volatility	27.0%	27.0%
Discount rate	2.7%	2.9%
Expected life (years)	5.0	4.6

#### 4 Transactions

##### *Camelback Lakes acquisition*

On March 16, 2004, the Company acquired the Camelback Lakes office complex located in Phoenix, Arizona. The purchase price for Camelback Lakes was \$31,980,000, which was paid with \$21,000,000 from the \$42,000,000 senior secured revolving line of credit with Fleet National Bank (the Secured Fleet Facility) and the balance from the \$30,000,000 unsecured revolving line of credit with Fleet (the Unsecured Fleet Facility).

##### *Texas Bank Buildings sale*

On March 16, 2004, the Company sold its Texas Bank Buildings for \$4,100,000. The four properties are located in Clifton, Georgetown, Henderson and Mineral Wells, Texas. The sale resulted in a gain of \$574,276 which is included in discontinued operations on the accompanying consolidated statements of operations for the three months ended March 31, 2004. See Note 7 Discontinued Operations for additional information.

5 Variable Interest Entity

Effective March 31, 2004, the Company adopted FIN 46R and applied it to its investment in Panorama Falls. The Company owns 20% of Panorama Falls as a tenant-in-common with the majority investor. The Panorama Falls property is located in Englewood, Colorado. The building has a carrying value of \$6,862,424. The Company has financed the property through the Unsecured Fleet Facility. Panorama Falls is deemed to be a variable interest entity (VIE) as defined by FIN 46R. In accordance with FIN 46R, the Company determined it is subject to the majority of the variability in the variable interests in the entity and has consolidated the assets and liabilities of Panorama Falls effective March 31, 2004 (see the note to the consolidated statements of cash flows for a detail of the assets and liabilities of Panorama Falls which have been consolidated). With respect to the consolidated statements of operations, the investment was accounted for under the equity method of accounting for the three months ended March 31, 2004. The entity had revenues of \$208,556 and a net loss of \$90,380 for the three months ended March 31, 2004 that are not reflected in the accompanying consolidated statements of operations as the entity was not consolidated until March 31, 2004, the required adoption date of FIN 46R.

6 Common Stock Offering

During March 2004, the Company completed an offering of 6,325,000 shares of common stock, including 825,000 shares to cover over-allotments, at a price of \$6.75 per share. The Company received approximately \$39,940,000, net of underwriting commissions and expenses. The proceeds were used to repay the outstanding balance on the Unsecured Fleet Facility and a portion of the outstanding balance on the Secured Fleet Facility. The Company intends to use available amounts under these facilities to fund future property acquisitions.

7 Discontinued Operations

On March 16, 2004, the Company sold its Texas Bank Buildings for \$4,100,000. The net cash proceeds of approximately \$2,700,000 are being held in escrow as the Company is considering using them to complete a tax deferred exchange under Section 1031 of the Internal Revenue Code. In accordance with SFAS No. 144, the Company has classified the operations of these properties as discontinued operations for the three months ended March 31, 2004 and 2003. The following is a summary of the operating results of these properties:

	<b>For the three months ended March 31,</b>	
	<b>2004</b>	<b>2003</b>
Rental revenue	\$ 272,003	\$ 265,901
Property operating expenses		
Operating expenses	82,141	86,773
Real estate taxes	16,373	19,923
Management fees	8,335	9,600
Interest expense	24,125	30,835
Depreciation and amortization expense	27,570	32,747
	158,544	179,878
Gain on sale	574,276	
Net income	\$ 687,735	\$ 86,023

8 (Loss)/Earnings Per Share

The following table reconciles basic weighted average common shares outstanding to diluted weighted average common shares outstanding for the three month periods ended March 31, 2004 and 2003 and details the related effects on (loss)/earnings per share:

	For the three months ended March 31,	
	2004	2003
Weighted average common shares outstanding basic	17,567,414	11,100,292
Assumed conversion of options and warrants using the treasury stock method		102,812
Weighted average common shares outstanding diluted	17,567,414	11,203,104
(Loss)/earnings per share basic	\$ (0.02)	\$ 0.04
(Loss)/earnings per share diluted	\$ (0.02)	\$ 0.04

There are no adjustments necessary to the basic weighted average common shares outstanding to arrive at the diluted weighted average common shares outstanding for the three months ended March 31, 2004 as the Company recognized a net loss and the impact would be anti-dilutive. The amounts excluded from the calculation due to their anti-dilutive effects are as follows: 40,432 options, 20,573 warrants and 92,800 shares of restricted common stock.

9 Subsequent Events

On May 7, 2004, the Company acquired the Hackberry View of Las Colinas office building located in metropolitan Dallas, Texas. The purchase price was \$16,800,000, which was paid with approximately \$12,200,000 from the assumption of the existing first and second mortgage loans and the balance in cash.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis of the consolidated financial condition and results of operations should be read in conjunction with the consolidated financial statements and notes thereto included in this Form 10-Q and elsewhere.

Introduction

AmeriVest is a REIT which owns and operates commercial office buildings in select markets catering to small and medium size businesses. At March 31, 2004, we owned 27 properties totaling 2,365,640 square feet compared to 27 properties totaling 1,564,090 square feet at March 31, 2003. We generate revenue primarily through the rental of office space at our properties. The demand for our products is correlated, in general, to the national economy, and more specifically, to the demand for office space by small and medium size tenants in metropolitan Denver, Dallas, Phoenix and Indianapolis.

Due to the sale of the Texas Bank Buildings, the operations of these properties, including the gain on sale, have been classified as discontinued operations for the periods presented in accordance with SFAS No. 144.

Results Of Operations

*Comparison of the three months ended March 31, 2004 to March 31, 2003:*

	<b>Three months ended March 31,</b>		
	<b>2004</b>	<b>2003</b>	<b>Change</b>
<b>REAL ESTATE OPERATING REVENUE</b>			
Rental revenue	\$ 9,593,895	\$ 6,548,627	\$ 3,045,268
<b>REAL ESTATE OPERATING EXPENSES</b>			
<b>Property operating expenses</b>			
Operating expenses	2,805,894	1,548,705	1,257,189
Real estate taxes	1,237,864	751,838	486,026
Management fees	17,322	33,877	(16,555)
General and administrative expenses	932,549	837,080	95,469
Ground rent expense	161,141		161,141
Interest expense	2,722,067	1,725,435	996,632
Depreciation and amortization expense	2,777,091	1,327,966	1,449,125

Edgar Filing: AMERIVEST PROPERTIES INC - Form 10-Q

Total operating expenses	10,653,928	6,224,901	4,429,027
<b>OTHER INCOME/(LOSS)</b>			
Interest income	15,363	5,817	9,546
Equity in loss of affiliate	(18,076)	(10,602)	(7,474)
Total other income/(loss)	(2,713)	(4,785)	2,072
<b>DISCONTINUED OPERATIONS</b>			
	687,735	86,023	601,712
<b>NET (LOSS)/INCOME</b>	\$ (375,011)	\$ 404,964	\$ (779,975)

Rental revenue increased by \$3,045,000, or 47%, from the first quarter of 2003 to the same period of 2004. Approximately \$2,796,000 of the increase is due to the inclusion of the operating results from the late-2003 acquisitions (Financial Plaza, Scottsdale Norte and Greenhill Park) and \$145,000 is due to the inclusion of the Southwest Gas Building, acquired in February 2003, for a full quarter in 2004. Additionally, \$163,000 of the increase is due to the inclusion of Camelback Lakes, acquired in March 2004, for a partial month in 2004.

Property operating expenses increased by \$1,727,000, or 74%, from the first quarter of 2003 to the same period of 2004. Approximately \$1,293,000 of the increase is due to the inclusion of the late-2003 acquisitions, \$128,000 is related to the full quarter of the Southwest Gas Building operations and

\$65,000 is related to the partial month of Camelback Lakes operations. The remainder of the increase was experienced in our existing portfolio (properties owned for the full quarter of both years). The main components of the additional expense consisted of increases in property tax accruals, utilities and regional property management personnel. Property taxes for the first quarter increased from \$752,000, or 11% of revenue, in 2003 to \$1,238,000, or 13% of revenue, in 2004. Currently, eight of the thirteen core properties have been acquired in the past two years. Upon acquisition, the properties are often reassessed by the local municipalities at the purchase price and real estate taxes increase accordingly. While the Company utilizes outside property tax consulting firms to protest the valuations of any properties that are deemed to be overvalued, it accrues the expense based on the most recent property tax bills with any amounts refunded to the Company through this process recorded when realized. The Company focuses on the control of operating expenses as a percent of revenue and as it continues to grow and gain scale in each of its markets, believes that it will be able to maintain or increase its operating margins.

General and administrative expenses increased from \$837,000, or 13% of revenue, for the first quarter of 2003 to \$933,000, or 10% of revenue, for the same period in 2004. This increase is primarily due to the addition of corporate personnel hired during the latter half of 2003 to support the continued growth of the Company. Legal and accounting fees are anticipated to increase throughout 2004, particularly with respect to activities necessary to comply with the Sarbanes-Oxley Act of 2002.

The ground rent expense recognized in 2004 relates to the ground lease for Greenhill Park, acquired in December 2003. The annual rent under this lease increases every ten years; the next increase will be effective January 1, 2006, and the lease expires on December 1, 2083. The Company accounts for this lease as an operating lease.

Interest expense increased by \$997,000 from the first quarter of 2003 to the same period of 2004. This increase is due to the additional debt used to acquire the above-mentioned properties. The average outstanding debt balance increased by approximately 40% from the first quarter of 2003 to the same period of 2004 and the weighted average interest rate on this debt was flat from 2003 to 2004. The increase in interest expense is also attributable to the interest and fees related to the Unsecured Fleet Facility. This facility provides the Company with more flexibility and a readily available vehicle for financing acquisitions and other capital needs.

The increase in depreciation and amortization expense is due to the increase in depreciable assets resulting from the above-mentioned acquisitions.

Included in discontinued operations are the operations of the Texas Bank Buildings. These properties were sold on March 16, 2004 for \$4,100,000. This sale resulted in a gain of \$574,276, which is reflected in the 2004 amount.

#### Liquidity and Capital Resources

##### *Operating Activities*

Net cash flows provided by operations were approximately \$1,719,000 for the three months ended March 31, 2004. This results primarily from the Company's operating results adjusted for non-cash expenses and a general increase in our receivables in excess of the prior year period. Cash

flow from operations is the primary source to fund dividend payments, debt service and capital expenditures.

*Investing Activities*

Net cash flows used in investing activities were approximately \$31,231,000 for the three months ended March 31, 2004, of which \$31,884,000 was used to acquire Camelback Lakes. The remainder is primarily composed of capital improvement, tenant improvement and leasing commission costs offset by the net proceeds from the sale of the Texas Bank Buildings of \$4,049,000.

*Financing Activities*

Net cash flows provided by financing activities were approximately \$30,061,000 for the three months ended March 31, 2004. Included in this amount is approximately \$39,940,000 which represents the net proceeds from the March 2004 common stock offering. The offsetting amount is primarily composed of net unscheduled loan repayments, scheduled principal payments on mortgage loans, dividend payments and payments into escrow accounts as required by certain lenders.

*Future Sources of Capital*

The Company receives base rent under non-cancelable tenant leases and most leases provide for additional rent based on increases in operating expenses.

The Company desires to acquire additional properties. In order to do so, it will utilize current sources of debt financing and possibly incur additional debt and/or obtain additional equity capital. The Company also intends to obtain credit facilities for short and long-term borrowing with commercial banks or other financial institutions. The issuance of such securities or increase in debt to acquire additional properties, of which there is no assurance, could adversely affect the amount of cash available to pay dividends to stockholders.

The Company has two credit facilities with Fleet National Bank. At March 31, 2004, there was \$30,650,000 outstanding with \$11,350,000 available under the Secured Fleet Facility and there was no outstanding balance with \$30,000,000 available under the Unsecured Fleet Facility. Available amounts under these facilities will be used to acquire and improve new and existing properties, as well as for working capital.

*Future Uses of Capital, Contractual Commitments and Off-Balance Sheet Arrangements*

The following table details the contractual obligations at March 31, 2004. These include scheduled maturities of mortgage loans and notes payable as well as estimated amounts on the ground lease for Greenhill Park that resets the payment amount every ten years based on the appraised value and expires on December 1, 2083:

<b>For the years ended December 31,</b>	<b>Mortgage Loans and Notes Payable</b>	<b>Ground Lease</b>	<b>Total</b>
2004	\$ 1,623,505	\$ 481,624	\$ 2,105,129
2005	32,946,055	642,165	33,588,220
2006	16,495,075	863,016	17,358,091
2007	2,394,890	863,016	3,257,906
2008	37,136,849	863,016	37,999,865
Thereafter	64,143,486	225,671,046	289,814,532
<b>Total</b>	<b>\$ 154,739,860</b>	<b>\$ 229,383,883</b>	<b>\$ 384,123,743</b>

*Interest Rate Information*

As of March 31, 2004, approximately 80% of the total mortgage loans outstanding are fixed rate loans with a weighted-average interest rate of 6.4% and 20% are variable rate loans with a weighted-average interest rate of 3.9%.

*Debt Covenants*

Certain of the Company's debt instruments contain covenants common to that type of facility or borrowing, including financial covenants establishing minimum debt service coverage and maximum leverage ratios. The Company was in compliance with all financial covenants pertaining to its debt instruments during the three months ended March 31, 2004.

Critical Accounting Policies

The discussion and analysis of the Company's financial condition and results of operations are based upon its consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of these financial statements require management to make estimates and judgments that affect the reported amounts of assets and liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from these estimates under different assumptions or conditions.

Critical accounting policies are defined as those that are reflective of significant judgments and

uncertainties, which would potentially result in materially different results under different assumptions and conditions. The Company believes that its critical accounting policies include those items described below.

*Investment in Real Estate*

Upon acquisition, the purchase price of a property is allocated to land, building and improvements and other intangible assets and associated liabilities as required by SFAS No. 141 Business Combinations. The allocation to land is based on an estimate of its fair value based on all available information including appraisals. The allocation to other intangible assets represents the value associated with the in-place leases, including leasing commission, legal and other related costs. Also required by SFAS No. 141, is the creation of an intangible asset or liability resulting from in-place leases being above or below the market rental rates on the date of acquisition. This asset or liability is amortized over the life of the related in-place leases as an adjustment to revenue.

Investment in real estate is stated at cost. Depreciation and amortization are computed on a straight-line basis over the estimated useful lives as follows:

Description	Estimated Useful Lives
Land	Not depreciated
Buildings and improvements	20 to 40 years
Furniture, fixtures and equipment	5 to 7 years
Tenant improvements, tenant leasing commissions and other intangible assets	Term of related lease

Maintenance and repairs are expensed as incurred and improvements are capitalized. The cost of assets sold or retired and the related accumulated depreciation and/or amortization are removed from the accounts and the resulting gain or loss is reflected in operations in the period in which such sale or retirement occurs. Allocating the purchase price of a property to the different components of investment in real estate, determining whether expenditures meet the criteria for capitalization and assigning depreciable lives is considered to be critical because it requires management to exercise significant judgment.

*Valuation of Real Estate Assets*

Long-lived assets to be held and used by the Company are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. The Company continually evaluates the recoverability of its long-lived assets based on estimated future cash flows from and the estimated liquidation value of such long-lived assets, and provides for impairment if such undiscounted cash flows are insufficient to recover the carrying amount of the long-lived asset. Valuation of real estate assets is considered to be critical because the evaluation of impairment and the determination of fair values involve management's assumptions relating to future economic events that could materially affect the determination of the fair value, and therefore the carrying value of real estate.

*Revenue Recognition*

Certain leases provide for tenant occupancy during periods for which no rent is due or where minimum rent payments increase during the term of the lease. Rental revenue is recorded for the full term of each lease on a straight-line basis. Accordingly, the Company records a receivable from tenants for rents that it expects to collect over the remaining lease term as deferred rents receivable. When the Company acquires a property, the term of the existing leases is considered to commence as of the acquisition date for the purposes of this calculation. Revenue recognition is considered to be critical because the evaluation of the realizability of such deferred rents receivable involves management's assumptions relating to such tenant's viability.

Inflation

Management believes that inflation should not have a material adverse effect on the Company. The Company's office leases generally require the tenants to pay increases in operating expenses should any inflationary pressures materialize.

Forward-Looking Statements

Certain statements in this Form 10-Q that are not historical facts are forward-looking statements as that term is defined under the Private Securities Litigation Reform Act of 1995. These forward-looking statements are based on the Company's current expectations, beliefs, assumptions, estimates and projections about the industry and markets in which the Company operates. Words such as expects, anticipates, intends, plans, believes, seeks, estimates and variations of such words and similar expressions are intended to identify such forward-looking statements. Information concerning expected investment balances, expected funding sources, planned investments, forecasted dates and revenue and expense growth assumptions are examples of forward-looking statements. These statements are not guarantees of future performance and involve certain risks, uncertainties and assumptions, which are difficult to predict and many of which are beyond the Company's control. Therefore, actual outcomes and results may differ materially from what is expressed, forecasted or implied in such forward-looking statements. The Company undertakes no obligation to update publicly any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by applicable law.

The Company's operating results depend primarily on income from its properties, which are substantially influenced by supply and demand for such properties, operating expense levels, property level operations and the pace and price at which the Company can develop, acquire or dispose of such properties. Capital and credit market conditions, which affect the Company's cost of capital, also influence operating results. See the Company's 2003 Form 10-KSB Item 1. Description of Business for a more complete discussion of risk factors that could impact the Company's future financial performance.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Our future earnings, cash flows and fair values relevant to financial instruments depend upon prevalent market rates for those financial instruments. Market risk is the risk of loss from adverse changes in market prices and interest rates. We manage our market risk by matching projected cash inflows from operating, investing and financing activities with projected cash outflows to fund debt service, acquisitions, capital expenditures, dividends and other cash requirements. The majority of our outstanding debt obligations have fixed interest rates which limit the risk of fluctuating interest rates. At March 31, 2004, our interest rate risk only related to our \$42,000,000 Secured Fleet Facility and our \$30,000,000 Unsecured Fleet Facility, of which there was \$30,650,000 and \$0 outstanding, respectively. Based on the amounts outstanding at March 31, 2004, the annual impact of a 1% change in interest rates would be approximately \$307,000.

Item 4. Controls and Procedures

The Company carried out an evaluation under the supervision and with participation of the Company's management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the Company's disclosure controls and procedures pursuant to Rule 13a-15 under the Securities Exchange Act of 1934 as of March 31, 2004. Based on their evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that disclosure controls and procedures were effective as of the end of the period covered by this report to ensure that information required to be disclosed by the Company in its reports that it files or submits under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms. There was no change in the Company's internal controls over financial reporting that occurred during the period covered by this report that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

Part II. Other Information

Item 1. Legal Proceedings

**Background** On August 23, 2002, a lawsuit was filed in the District Court, County of Arapahoe, Colorado, against the Company's wholly-owned subsidiary, AmeriVest Broadway Properties Inc., Sheridan Realty Advisors, LLC, Porter Construction Services, Inc. and others by Jane Doe alleging that the defendants were negligent in maintaining security at our Panorama Falls building. The plaintiff alleges that due to the acts and omissions of the defendants, she was sexually assaulted and continues to suffer from physical injuries and mental anguish. The plaintiff seeks monetary relief, including exemplary damages, and pre- and post-judgment interest as provided by law, costs of the lawsuit and such other relief to which the plaintiff may be justly entitled.

**Update** On April 8, 2004, these parties entered into a formal Stipulation of Settlement, which was filed with the Denver District Court, under which AmeriVest Broadway Properties Inc. would receive a full release. The Stipulation of Settlement is awaiting final judicial approval. The Stipulation of Settlement, if so ordered by the presiding judge, would have no impact to the company's consolidated statements of operations or consolidated financial position.

Item 2. Changes in Securities and Use of Proceeds

During the three month period ended March 31, 2004, the Company issued 87,752 shares of common stock upon exercise of previously issued warrants. The issuance of the shares of common stock was made pursuant to an exemption from registration in accordance with Section 4(2) of the Securities Act based on a representation to us from the entity receiving the shares that such entity was a sophisticated investor who was knowledgeable about our operations and financial condition and was able to evaluate the risks and merits of receipt of the shares.

Item 6. Exhibits and Reports on Form 8-K

(a) Exhibits

10.1 Second Amendment to Revolving Credit Agreement between AmeriVest Properties Inc. and Fleet National Bank, as administrative agent, and the lenders party thereto, dated March 16, 2004.

10.2 First Amendment to Unsecured Revolving Credit Agreement between AmeriVest Properties Inc. and Fleet National Bank, as administrative agent, and lenders party thereto, dated March 16, 2004.

## Edgar Filing: AMERIVEST PROPERTIES INC - Form 10-Q

10.3 Consulting Agreement between AmeriVest Properties Inc. and Alexander S. Hewitt, dated December 31, 2003.

31. Certifications of Chief Executive Officer and Chief Financial Officer pursuant to section 302 of the Sarbanes-Oxley Act of 2002.

32. Certification of Chief Executive Officer and Chief Financial Officer pursuant to section 906 of the Sarbanes-Oxley Act of 2002.

(b) Reports on Form 8-K

1. Current Report on Form 8-K dated March 16, 2004 (filed March 24, 2004). (Camelback Lakes)

2. Current report on Form 8-K dated March 25, 2004 (filed March 26, 2004).

### SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.
