PROXY STATEMENT

VOTING AND OTHER MATTERS

General

The enclosed proxy is solicited on behalf of Comstock Homebuilding Companies, Inc., a Delaware corporation, by our Board of Directors for use at our Annual Meeting of Stockholders to be held on Thursday, June 2, 2005 at 9:00 a.m., or at any adjournment thereof, for the purposes set forth in this proxy statement and in the accompanying meeting notice. The meeting will be held at Westfields Conference Center, 14750 Conference Center Drive, Chantilly, Virginia.

These proxy solicitation materials were first mailed on or about April 21, 2005 to all stockholders entitled to vote at the meeting.

Voting Securities and Voting Rights

Stockholders of record at the close of business on April 8, 2005, which we have set as the record date, are entitled to notice of and to vote at the meeting. On the record date, there were issued and outstanding 8,887,786 shares of our Class A common stock and 2,733,500 shares of our Class B common stock. Each holder of Class A common stock voting at the meeting, either in person or by proxy, may cast one vote per share of Class A common stock held on all matters to be voted on at the meeting. Each holder of Class B common stock voting at the meeting, either in person or by proxy, may cast 15 votes per share of Class B common stock held on all matters to be voted on at the meeting.

The presence, in person or by proxy, of the holders of a majority of the voting power of the stock outstanding constitutes a quorum for the transaction of business at the meeting. Assuming that a quorum is present, a plurality of affirmative votes properly cast in person or by proxy will be required to elect directors and a majority of affirmative votes properly cast in person or by proxy will be required to ratify the appointment of PricewaterhouseCoopers LLP as the independent registered public accounting firm of our Company for the fiscal year ending December 31, 2005.

Votes cast by proxy or in person at the meeting will be tabulated by the inspector of elections appointed for the meeting and will determine whether a quorum is present. The inspector of elections will treat abstentions and broker non-votes as shares that are present and entitled to vote for purposes of determining the presence of a quorum. In the election of directors, broker non-votes will be disregarded and have no effect on the outcome of the vote. With respect to the ratification of the appointment of PricewaterhouseCoopers LLP as the independent registered public accounting firm of our Company, abstentions from voting will have the same effect as a vote against such matter and broker non-votes will be disregarded and have no effect on the outcome of the vote.

Voting of Proxies

When a proxy is properly executed and returned, the shares it represents will be voted at the meeting as directed. If no specification is indicated, the shares will be voted (1) for the election of the nominees set forth in this proxy statement, and (2) for the ratification of the appointment of PricewaterhouseCoopers LLP as the independent registered public accounting firm of our Company for the fiscal year ending December 31, 2005.

Revocability of Proxies

Any person giving a proxy may revoke the proxy at any time before its use by delivering to us either a written notice of revocation or a duly executed proxy bearing a later date or by attending the meeting and voting in person.

Solicitation

We will pay for this solicitation. In addition, we may reimburse brokerage firms and other persons representing beneficial owners of shares for expenses incurred in forwarding solicitation materials to such beneficial owners. Proxies also may be solicited by certain of our directors and officers, personally or by telephone or e-mail, without additional compensation.

Annual Report and Other Matters

Our 2004 Annual Report to Stockholders, which was mailed to stockholders with or preceding this proxy statement, contains financial and other information about our Company, but is not incorporated into this proxy statement and is not to be considered a part of these proxy soliciting materials or subject to Regulations 14A or 14C or to the liabilities of Section 18 of the Securities Exchange Act of 1934, as amended. The information contained in the Compensation Committee Report on Executive Compensation, Report of the Audit Committee, and Performance Graph below shall not be deemed filed with the Securities and Exchange Commission, or the SEC, or subject to Regulations 14A or 14C or to the liabilities of Section 18 of the Exchange Act.

We will provide, without charge, additional copies of our annual report on Form 10-K for the year ended December 31, 2004 as filed with the SEC to each stockholder of record as of the record date that requests a copy in writing. Any exhibits listed in the Form 10-K report also will be furnished upon request at the actual expense we incur in furnishing such exhibit. Any such requests should be directed to our Company's secretary at our executive offices set forth in this proxy statement.

ELECTION OF DIRECTORS

Nominees

Our certificate of incorporation and bylaws provide that the number of our directors shall be fixed from time to time by resolution of our Board of Directors. Presently, the number of directors is fixed at eight and that number of directors is divided into three classes, with one class standing for election each year for a three-year term. At each annual meeting of stockholders, directors of a particular class will be elected for three-year terms to succeed the directors of that class whose terms are expiring. James A. MacCutcheon and David M. Guernsey are in the class of directors whose term expires at the meeting, and Messrs. MacCutcheon and Guernsey have been nominated by our board for re-election for three-year terms expiring in 2008. Robert P. Information Relating to Corporation Governance and the Board of Directors

Our Board of Directors has determined, after considering all the relevant facts and circumstances, that each of Messrs. Guernsey, MacCutcheon, Martin and Perfall are independent directors, as independence is defined by Nasdaq, because they have no relationship with us that would interfere with their exercise of independent judgment.

Our bylaws authorize our Board of Directors to appoint among its members one or more committees, each consisting of one or more directors. Our Board of Directors has established two standing committees: an Audit Committee and a Compensation Committee. The Board of Directors has no standing nominating committee. It is the Board of Directors' view, given its relatively small size and majority of independent directors, that it is sufficient to select or recommend director nominees itself. Each director has the opportunity to suggest any nominee and such suggestions are comprehensively reviewed by the independent directors. Director nominees are recommended for selection by the Board of Directors by a majority of the independent directors. The Board of Directors does not have a charter for the Company's nominating process. However, the qualities and skills sought in prospective members of the Board of Directors generally require that director candidates be qualified individuals who, if added to the Board of Directors, would provide the mix of director characteristics, experience, perspectives and skills appropriate for the Company. Criteria for the selection of candidates include, but are not limited to: (i) business and financial acumen, as determined by the independent directors in their discretion, (ii) qualities reflecting a proven record of accomplishment and ability to work with others, (iii) knowledge of the Company's industry, (iv) relevant experience and knowledge of corporate governance practices, and (v) expertise in an area relevant to the Company. Such persons should not have commitments that would conflict with the time commitments of a director of the Company.

The Board of Directors does not have a specific policy for consideration of nominees recommended by security holders due to the fact that most of the voting control of the Company is held by two individuals. However, security holders can recommend a prospective nominee for the Board of Directors by writing to our corporate secretary at the Company's corporate headquarters and providing the information required by our bylaws, along with any additional supporting materials the security holder considers appropriate. To date there have been no recommended nominees from security holders. The Company pays no fees to third parties for evaluating or identifying potential nominees. Messrs. Pincus and Verses were initially recommended as candidates for director by our Chief Executive Officer, and were subsequently recommended for selection as nominees by our independent directors.

Our Board of Directors has adopted charters for the Audit and Compensation Committees describing the authority and responsibilities delegated to each committee by the Board of Directors. Our Board of Directors has also adopted Corporate Governance Guidelines, a Code of Conduct, a Code of Ethics for the CEO and Senior Financial Officers, and a Whistleblower Policy. We post on our website, at www.comstockhomebuilding.com, the charters of our Audit and Compensation Committees; our Corporate Governance Guidelines, Code of Conduct, Code of Ethics for the CEO and Senior Financial Officers, and Whistleblower Policy, and any amendments or waivers thereto; and any other corporate governance materials required by SEC or Nasdaq National Market regulations. These documents are also available in print to any stockholder requesting a copy in writing from our corporate secretary at our executive offices

set forth in this proxy statement. A copy of the Audit Committee charter is included with this proxy statement as Appendix A.

Interested parties may communicate with our Board of Directors or specific members of our Board of Directors, including our independent directors and the members of our various Board of Directors committees, by submitting a letter addressed to the Board of Directors of Comstock Homebuilding Companies, Inc. c/o any specified individual director or directors at the address listed herein. Any such letters are sent to the indicated directors.

The Audit Committee

The purpose of the Audit Committee is to oversee the accounting and financial and reporting processes of our Company and the audits of the financial statements of our Company and to provide assistance to our Board of Directors with respect to its oversight of the integrity of the financial statements of our Company, our Company's compliance with legal and regulatory requirements, the independent registered public accounting firm's qualifications and independence, and the performance of our Company's internal audit function, if any, and independent audit. The primary responsibilities of the Audit Committee are set forth in its charter and include various matters with respect to the oversight of our Company's accounting and financial reporting process and audits of the financial statements of our Company on behalf of our Board of Directors. The Audit Committee also selects the independent auditor to conduct the annual audit of the financial statements of our Company; reviews the proposed scope of such audit; reviews accounting and financial controls of our Company with the independent auditor and our financial accounting staff; and reviews and approves transactions between us and our directors, officers, and their affiliates.

The Audit Committee currently consists of Messrs. MacCutcheon and Perfall, each of whom is an independent director of our Company under the Nasdaq rules as well as under rules adopted by the SEC pursuant to the Sarbanes-Oxley Act of 2002. The Board of Directors has determined that Mr. Perfall (whose background is detailed above) qualifies as an Audit Committee financial expert in accordance with applicable rules and regulations of the SEC. Mr. Perfall serves as the Chairman of the Audit Committee. We expect that Mr. Pincus will join the Audit Committee following his election to the Board of Directors.

The Compensation Committee

The purpose of the Compensation Committee includes determining, or recommending to our Board of Directors for determination, the compensation of the Chief Executive Officer and other executive officers of our Company, discharging the responsibilities of our Board of Directors relating to our Company's compensation programs and compensation of our Company's executives, and producing an annual report on executive compensation for inclusion in our Company's annual proxy statement in accordance with applicable rules and regulations of Nasdaq, the SEC, and other regulatory bodies. The Compensation Committee currently consists of Messrs. Guernsey and Martin, with Mr. Martin serving as Chairman. We expect that Mr. Verses will join the Compensation Committee following his election to the Board of Directors.

Board and Committee Meetings

Our Board of Directors held a total of three meetings during the fiscal year ended December 31, 2004. During the fiscal year ended December 31, 2004, the Audit Committee and the Compensation Committee did not meet. During 2004, no director attended fewer than 75% of the meetings of our Board of Directors. We encourage each of our directors to attend the annual meeting of stockholders and, to the

extent reasonably practicable, we intend to regularly schedule a meeting of the Board of Directors on the same day as our annual meeting of stockholders.

Director Compensation and Other Information

We pay each non-employee director an annual retainer fee of \$36,000, plus \$1,000 for each regular board meeting attended. We pay our non-employee directors \$5,000 to serve on the Audit Committee, \$3,000 to serve on the Compensation Committee and \$1,000 for each committee meeting attended. The chairman of the Compensation Committee is paid \$6,000, the chairman of the Audit Committee is paid \$15,000 and the Audit Committee designated financial expert is paid \$32,500. All payments to our non-employee directors are paid 50% in cash and 50% in restricted stock grants based on the stock price at the date of commencement of their term or the date of the annual meeting in the case of members not up for re-election in a given year. Directors are also eligible to participate in our equity incentive plan. We also reimburse our directors for travel and related expenses incurred in connection with attendance at board and committee meetings. Employees who also serve as directors receive no additional compensation for their services as a director.

rate shown, compounded annually, from the date of grant until the expiration of the option term. Consolidation

In May 2004, upon our incorporation, we issued an aggregate of 10,000 shares of common stock to Christopher Clemente, Gregory Benson, James Keena and Lawrence Golub.

Immediately prior to our initial public offering, we entered into a series of transactions to consolidate our operations and organization. Three of the primary holding companies through which we conducted our operations, Comstock Service, Sunset Investment Corp., Inc. and Comstock Homes, Inc., were merged with and into Comstock Holding Company, Inc., which was also one of our primary holding companies. Comstock Holding Company then merged with and into Comstock Homebuilding Companies, Inc. These transactions resulted in our issuing a total of 4,333,167 shares of our Class A common stock to Messrs. Clemente, Benson, Keena and Golub and a total of 2,733,500 shares of our Class B shares to Messrs. Clemente and Benson.

In connection with that consolidation, each of our primary holding companies distributed promissory notes to its shareholders in an amount equal to such shareholders' pro rata shares of the companies' S corporation accumulated adjustment accounts and undistributed tax basis in affiliated entities, if any, and certain amounts advanced by the shareholders to each of the four primary holding companies relating to costs incurred by those companies in connection with the offering. We used a portion of the net proceeds of the offering to fund distributions to the shareholders of the primary holding companies in payment of a portion of the amounts that were due and payable under the promissory notes. On December 17, 2004, we

made distributions to Messrs. Clemente, Benson, Keena and Golub in the amounts of \$3,187,500, \$3,187,500, \$850,000, and \$1,275,000, respectively. If we were to pay the entire outstanding balance remaining on the promissory notes at December 31, 2004, the aggregate payment would be approximately \$12.7 million.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee is composed exclusively of non-employee, independent directors. The Committee reviews the compensation program for the Chief Executive Officer and other members of senior management, including the named executive officers, and determines and administers their compensation. In the case of the Chief Executive Officer, the compensation determination made by the Committee is also subject to approval by the entire Board of Directors. The Committee also oversees the administration of employee benefits and benefit plans for the Company.

The Compensation Committee was formed in December 2004, upon the consummation of the Company's initial public offering. Accordingly, all decisions regarding the compensation of the Company's executive officers for 2004, and regarding the base salaries of executive officers for 2005, were made by the Board of Directors.

Compensation Philosophy and Objectives

The Committee's philosophy is to provide a compensation package that attracts and retains executive talent and delivers higher rewards for superior performance and consequences for underperformance. It is also the Committee's intention to provide a balanced mix of cash and equity-based compensation that the Committee believes is appropriate to align the short- and long-term interests of the Company's executives with that of its stockholders and to encourage executives to act as equity owners of the Company.

The Committee seeks to attract and retain executive talent by offering competitive base salaries, annual performance incentive opportunities, and the potential for long-term rewards under the Company's Long-Term Incentive Compensation Plan, which has been approved by the Company's stockholders. It is the Committee's intention to provide incentives that promote both the short- and long-term financial objectives of the Company. Achievement of short-term objectives is rewarded through base salary and annual performance incentives, while long-term equity-based incentive grants encourage executives to focus on the Company's long-term goals as well. These incentives are based on financial objectives of importance to the Company, including revenue and earnings growth, return on invested capital, and profitability. The Company's compensation program also accounts for individual performance, which enables the Committee to differentiate among executives and emphasize the link between personal performance and compensation.

The long-term incentive component of the Company's compensation program may consist of grants of bonus stock awards, time-vested restricted stock, stock options or stock appreciation rights, among other equity-linked vehicles. These components reflect the Committee's philosophy that long-term incentive compensation serves three purposes: to align the interests of executives with those of the Company's stockholders (through stock options or stock appreciation rights), to promote the Company's long-term performance goals (through performance-based awards), and to further executive retention (through time-vested restricted stock grants).

Compensation in 2004

The following generally describes how the Company's executive officers and, in particular, the named executive officers, were paid in 2004. As noted above, all compensation decisions for 2004 were made by the Company's Board of Directors prior to the Company's initial public offering. Please see the tables under Summary Compensation Table on page 7 for a detailed presentation of the compensation earned

by the named executive officers in 2004. The specifics of the Chief Executive Officer's compensation are addressed separately in this report.

Base Salaries

Base salaries are viewed as compensation for an executive's ongoing contribution to the performance of the Company in the area or areas for which he or she is responsible. Executive base salaries are targeted to be competitive with average base salaries paid to executives with comparable responsibilities at other companies in the home building sector. Individual salaries are reviewed annually and salary increases are based on the Company's overall performance and the executive's attainment of individual objectives during the preceding year.

Annual Incentive Awards

Annual incentive awards are paid in cash and are intended to reward executives for improved short-term performance as measured against specific performance criteria relative to both the area or areas for which he or she is responsible and the overall performance of the Company. Applicable performance criteria are established by the Company at the beginning of the fiscal year and include performance in pre-tax profit, pre-tax return on investment, lot deliveries, community count, controlled land inventory and other performance benchmarks specific to the executive's business. The Board considered the Company's strong financial position at the end of the fiscal year, including approximately \$67.5 million of cash, stockholders' equity of \$61.7 million and net profit of \$14.1 million. Additionally, the Company increased total revenues 77% to \$87 million. Based on these quantitative results and specific performance criteria for each executive, annual incentive awards were awarded to the named executive officers as set forth in the table entitled "Summary Compensation Table" on page 7.

Long-Term Incentive Compensation

Long-term incentive compensation is generally awarded in the form of grants of stock options and restricted stock under the Company's Long-Term Incentive Compensation Plan. Stock options are granted at the market price of the Company's stock at the date of grant, and provide compensation to the optionee only to the extent the market price of the stock increases between the date of grant and the date the option is exercised. In general, grants of the Company's restricted stock have vesting periods ranging from one to four years. Furthermore, such grants are subject to certain restrictions.

By providing executives with an ownership stake in the Company, grants of stock options and restricted stock are intended to align executive interests with stockholder interests and to motivate executives to continually improve the long-term performance of the Company. As shown in the table entitled "Option Grants in Last Fiscal Year" on page 9, a stock option grant was made in 2004 to one of the named executive officers. Use of restricted stock as a part of the annual grant process is intended to encourage direct share ownership by executives and to provide an additional retention incentive for members of the executive team. The named executive officers' options and restricted stock grants are reflected in the table entitled "Summary Compensation Table" on page 7.

Compensation of Chief Executive Officer in 2004

Mr. Clemente's compensation is largely driven by cash and stock-based incentives that are directly tied to the Company's financial performance. Mr. Clemente entered into an employment agreement with the Company in 2004 for a term of five years. The employment agreement provides that the Board of Directors may, in its discretion, increase Mr. Clemente's base salary from time to time, above his minimum salary of \$550,000. In 2004, Mr. Clemente's base salary was \$310,273. Mr. Clemente did not receive any

annual incentive award or cash bonus in 2004 other than installment payments on his pro-rata portion of our shareholder notes.

Under his employment agreement, Mr. Clemente is also eligible to participate in the Company's 2004 Long-Term Incentive Compensation and other similar executive compensation plans adopted from time to time. The Committee employs generally the same criteria for grants of stock options and restricted stock as apply to other executive officers, taking into consideration the Chief Executive Officer's responsibility for the total enterprise as well as Mr. Clemente's individual performance. In 2004, Mr. Clemente received a discretionary grant of 6,250 shares of restricted stock.

Section 162(m) of the Internal Revenue Code

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation over \$1,000,000 paid for any fiscal year to the Company's Chief Executive Officer and the named executive officers. The Company intends to attempt to qualify executive compensation for deductibility under applicable tax laws to the fullest extent practicable. The Committee will not, however, necessarily seek to limit executive compensation to the amount deductible under Section 162(m).

The Committee's Conclusion

The Committee has reviewed all components of the Company's Chief Executive Officer's and other named executive officers' compensation, including salary, bonus, equity and long-term incentive compensation, the dollar value to the executive and the cost to the Company of all other personal benefits. The Committee believes that the total compensation program for the Company's Chief Executive Officer and named executive officers is consistent with the overall compensation philosophy of the Company, is appropriately positioned vis-à-vis their peers, and reflects the Committee's subjective assessment of their performance as Chief Executive Officer and executive officers, respectively.

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The firm of PricewaterhouseCoopers LLP, an independent registered public accounting firm, has audited the consolidated financial statements of our Company for the fiscal year ended December 31, 2004. Our Audit Committee has appointed PricewaterhouseCoopers LLP to audit the consolidated financial statements of our Company for the fiscal year ending December 31, 2005. Our organizational documents do not require that our stockholders ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm. We are submitting the appointment of PricewaterhouseCoopers LLP to our stockholders for ratification because we believe it is a matter of good corporate practice. In the event of a negative vote on such ratification, the Audit Committee will reconsider its selection, but may still retain PricewaterhouseCoopers LLP. We anticipate that representatives of PricewaterhouseCoopers LLP will be present at the meeting, will have the opportunity to make a statement if they desire, and will be available to respond to appropriate questions.

The Board of Directors recommends a vote **for** the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ended December 31, 2005.

Edgar Filing: Comstock Homebuilding Companies, Inc. - Form DEF 14A

The aggregate fees billed to our Company by PricewaterhouseCoopers LLP for the fiscal years ended December 31, 2004 and 2003 are as follows:

	2004	2003
Audit Fees(1)	\$ 1,025,000	\$ 1,397,385
Tax Fees(2)	\$ 191,450	\$ 50,150

(2) Tax Fees represent amounts billed for tax compliance and advisory services.

The charter of our Audit Committee provides that the duties and responsibilities of our Audit Committee include the pre-approval of all audit, audit-related, tax, and other services permitted by law or applicable SEC regulations (including fee and cost ranges) to be performed by our independent registered public accounting firm. Any pre-approved services that will involve fees or costs exceeding pre-approved levels will also require specific pre-approval by the Audit Committee. Unless otherwise specified by the Audit Committee in pre-approving a service, the pre-approval will be effective for the 12-month period following pre-approval. The Audit Committee will not approve any non-audit services prohibited by applicable SEC regulations or any services in connection with a transaction initially recommended by the independent registered public accounting firm, the purpose of which may be tax avoidance and the tax treatment of which may not be supported by the Internal Revenue Code and related regulations.

To the extent deemed appropriate, the Audit Committee may delegate pre-approval authority to the Chairman of the Audit Committee or any one or more other members of the Audit Committee provided that any member of the Audit Committee who has exercised any such delegation must report any such pre-approval decision to the Audit Committee at its next scheduled meeting. The Audit Committee will not delegate to management the pre-approval of services to be performed by the independent registered public accounting firm.

Our Audit Committee requires that our independent registered public accounting firm, in conjunction with our Chief Financial Officer, be responsible for seeking pre-approval for providing services to us and that any request for pre-approval must inform the Audit Committee about each service to be provided and must provide detail as to the particular service to be provided.

All of the services provided by PricewaterhouseCoopers LLP described above under the captions "Audit Fees" and "Tax Fees" were approved by our Audit Committee.

Appendix A

COMSTOCK HOMEBUILDING COMPANIES, INC.

AUDIT COMMITTEE CHARTER

Purpose

The purpose of the Audit Committee (the Committee) shall be as follows:

1. To oversee the accounting and financial reporting processes of Comstock Homebuilding Companies, Inc. (the Company) and audits of the financial statements of the Company.
2. To provide assistance to the Board of Directors with respect to its oversight of the following:
 - (a) The integrity of the Company's financial statements.
 - (b) The Company's compliance with legal and regulatory requirements.
 - (c) The independent auditor's qualifications and independence.
 - (d) The performance of the Company's internal audit function, if any, and independent auditor.
3. To prepare the report that SEC rules require be included in the Company's annual proxy statement.

Composition

The Committee shall consist of three or more members of the Board of Directors, each of whom is determined by the Board of Directors to be independent under the rules of the Nasdaq Stock Market and Rule 10A-3(b)(1) under the Securities Exchange Act of 1934 and each of whom must not have participated in the preparation of the financial statements of the Company or any current subsidiary of the Company during the previous three-year period.

Under exceptional and limited circumstances, however, one director who is not independent as defined in the rules and regulations of the Nasdaq Stock Market may serve as a member of the Committee, subject to the following:

- the director, other than in his or her capacity as a member of the Committee, the Board of Directors, or any other Board committee, does not accept any consulting, advisory, or other compensatory fee from the Company and is not an affiliated person of the Company or any subsidiary of the Company;
- the director is not a current officer or employee of the Company or a family member of such officer or employee;
- the Board determines, under exceptional and limited circumstances, that membership by the individual on the Committee is required by the best interests of the Company and its shareholders;
- the Company discloses in the next annual proxy statement subsequent to such determination (or the Form 10-K if an annual proxy statement is not filed), the nature of the relationship and the reasons for that determination;
- no such person may serve as the Chairman of the Committee; and
- no such person may serve on the Committee for more than two years.

Edgar Filing: Comstock Homebuilding Companies, Inc. - Form DEF 14A

No member of the Committee shall receive directly or indirectly any consulting, advisory, or other compensatory fees from the Company other than (1) director's fees for service as a director of the Company, including reasonable compensation for serving on Board committees and regular benefits that other directors receive; and (2) a pension or similar compensation for past performance, provided that such compensation is not conditioned on continued or future service to the Company. In addition, no

member of the Committee may be an affiliate of the Company or any subsidiary of the Company whether by being an officer or owning more than 10 percent of the Company's voting securities.

Qualifications

All members of the Committee shall be able to read and understand fundamental financial statements (including a company's balance sheet, income statement, and cash flow statement) and at least one member either must have past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background that results in the member's financial sophistication (including being or having been a chief executive officer, chief financial officer, or other senior officer with financial oversight responsibilities) or be an audit committee financial expert under the requirements of the SEC. Committee members may enhance their familiarity with finance and accounting by participating in educational programs conducted by the Company or by an outside organization.

Appointment and Removal

The members of the Committee shall be appointed by the Board of Directors. A member shall serve until such member's successor is duly elected and qualified or until such member's earlier resignation or removal. The members of the Committee may be removed, with or without cause, by a majority vote of the Board of Directors.

Chairman

Unless a Chairman is elected by the full Board of Directors, the members of the Committee shall designate a Chairman by the majority vote of the full Committee membership. The Chairman will chair all regular sessions of the Committee and set the agendas for Committee meetings.

Delegation to Subcommittees

In fulfilling its responsibilities, the Committee shall be entitled to delegate any or all of its responsibilities to a subcommittee of the Committee.

Meetings

The Committee shall meet as frequently as circumstances dictate. The Chairman of the Committee or a majority of the members of the Committee may call meetings of the Committee. Any one or more of the members of the Committee may participate in a meeting of the Committee by means of conference call or similar communication device by means of which all persons participating in the meeting can hear each other.

All non-management directors who are not members of the Committee may attend meetings of the Committee, but may not vote. In addition, the Committee may invite to its meetings any director, member of management of the Company, and such other persons as it deems appropriate in order to carry out its responsibilities. The Committee may also exclude from its meetings any persons it deems appropriate.

As part of its goal to foster open communication, the Committee shall periodically meet separately with each of management, the director of the internal auditing department, if any, and the independent auditor to discuss any matters that the Committee, the independent auditor, or the internal auditor, if any, believe would be appropriate to discuss privately. In addition, the Committee should meet with the independent auditor and management periodically to review the Company's financial statements in a manner consistent with that outlined in this Charter.

Duties and Responsibilities

The Committee shall carry out the duties and responsibilities set forth below. These functions should serve as a guide with the understanding that the Committee may determine to carry out additional functions and adopt additional policies and procedures as may be appropriate in light of changing business, legislative, regulatory, legal, or other conditions. The Committee shall also carry out any other duties and responsibilities delegated to it by the Board of Directors from time to time related to the purposes of the Committee outlined in this Charter. The Committee may perform any functions it deems appropriate under applicable law, rules, or regulations, the Company's by-laws, and the resolutions or other directives of the Board, including review of any certification required to be reviewed in accordance with applicable law or regulations of the SEC.

In discharging its oversight role, the Committee is empowered to study or investigate any matter of interest or concern that the Committee deems appropriate. In this regard and as it otherwise deems appropriate, the Committee shall have the authority, without seeking Board approval, to engage and obtain advice and assistance from outside legal and other advisors as it deems necessary to carry out its duties. The Committee also shall have the authority to receive appropriate funding, as determined by the Committee, in its capacity as a committee of the Board of Directors, from the Company for the payment of compensation to any accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review, or attest services for the Company; to compensate any outside legal or other advisors engaged by the Committee; and to pay the ordinary administrative expenses of the Committee that are necessary or appropriate in carrying out its duties.

The Committee shall be given full access to the Company's internal auditor, if any, Board of Directors, corporate executives, and independent auditor as necessary to carry out these responsibilities. While acting within the scope of its stated purpose, the Committee shall have all the authority of the Board of Directors, except as otherwise limited by applicable law.

Notwithstanding the foregoing, the Committee is not responsible for certifying the Company's financial statements or guaranteeing the independent auditor's report. The fundamental responsibility for the Company's financial statements and disclosures rests with management and the independent auditor. It also is the job of the Chief Executive Officer and senior management, rather than that of the Committee, to assess and manage the Company's exposure to risk.

Documents/Reports Review

1. Discuss with management and the independent auditor, prior to public dissemination, the Company's annual audited financial statements and quarterly financial statements, including the Company's disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations and discuss with the independent auditors the matters required to be discussed by Statement of Auditing Standards No. 61.
2. Discuss with management and the independent auditor, prior to the Company's filing of any quarterly or annual report, (a) whether any significant deficiencies in the design or operation of internal control over financial reporting exist that could adversely affect the Company's ability to record, process, summarize, and report financial data; (b) the existence of any material weaknesses in the Company's internal control over financial reporting; and (c) the existence of any fraud, whether or not material, that involves management or other employees who have a significant role in the Company's internal controls over financial reporting.
3. Discuss with management and the independent auditor the Company's earnings press releases (paying particular attention to the use of any pro forma or adjusted non-GAAP information), as well as financial information and earnings guidance provided to analysts and rating agencies.

4. Discuss with management and the independent auditor the Company's major financial risk exposures, the guidelines and policies by which risk assessment and management is undertaken, and the steps management has taken to monitor and control risk exposure.

Independent Auditors

5. Appoint, retain, compensate, evaluate, and terminate any accounting firm engaged by the Company for the purpose of preparing or issuing an audit report or performing other audit, review, or attest services for the Company and, in its sole authority, approve all audit engagement fees and terms as well as all non-audit engagements with the accounting firm.

6. Oversee the work of any accounting firm engaged by the Company for the purpose of preparing or issuing an audit report or performing other audit, review, or attest services for the Company, including resolving any disagreements between management and the independent auditor regarding financial reporting.

7. Pre-approve, or adopt procedures to pre-approve, all audit, audit related, tax, and other services permitted by law or applicable SEC regulations (including fee and cost ranges) to be performed by the independent auditor. Any pre-approved services that will involve fees or costs exceeding pre-approved levels will also require specific pre-approval by the Committee. Unless otherwise specified by the Committee in pre-approving a service, the pre-approval will be effective for the 12-month period following pre-approval. The Committee will not approve any non-audit services prohibited by applicable SEC regulations or any services in connection with a transaction initially recommended by the independent auditor, the purpose of which may be tax avoidance and the tax treatment of which may not be supported by the Internal Revenue Code and related regulations.

8. To the extent it deems it appropriate, delegate pre-approval authority to the Chairman of the Committee or any one or more other members of the Committee provided that any member of the Committee who has exercised such delegation must report any such pre-approval decisions to the Committee at its next scheduled meeting. The Committee will not delegate the pre-approval of services to be performed by the independent auditor to management.

9. Require that the independent auditor, in conjunction with the Chief Financial Officer, be responsible for seeking pre-approval for providing services to the Company and that any request for pre-approval must inform the Committee about each service to be provided and must provide detail as to the particular service to be provided.

10. Inform each accounting firm engaged for the purpose of preparing or issuing an audit report or to perform audit, review, or attest services for the Company that such firm shall report directly to the Committee.

11. Review, at least annually, the qualifications, performance, and independence of the independent auditor. In conducting its review and evaluation, the Committee should do the following:

(a) At least annually, obtain and review a report by the Company's independent auditor describing (i) the auditing firm's internal quality-control procedures; (ii) any material issues raised by the most recent internal quality-control review, or peer review, of the auditing firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the auditing firm, and any steps taken to deal with any such issues; and (iii) all relationships between the independent auditor and the Company.

(b) Ensure the rotation of the lead (or coordinating) audit partner at least every five years, and consider whether there should be regular rotation of the audit firm itself.

(c) Confirm with the independent auditor that the lead (or coordinating) audit partner, the concurring (or reviewing) audit partner, and each other active audit engagement team partner satisfies the rotation requirements of Rule 2-01(c)(6) of Regulations S-X.

(d) Take into account the opinions of management and the Company's internal auditors (or other personnel responsible for the internal audit function).

Financial Reporting Process

12. In consultation with the independent auditor, management, and the internal auditor, if any, review the integrity of the Company's financial reporting processes, both internal and external. In that connection, the Committee should obtain and discuss with management and the independent auditor reports from management and the independent auditor regarding (a) all critical accounting policies and practices to be used by the Company and the related disclosure of those critical accounting policies under Management's Discussion and Analysis of Financial Condition and Results of Operations; (b) analyses prepared by management and/or the independent auditor setting forth significant financial reporting issues and judgments made in connection with the preparation of the financial statements, including all alternative treatments of financial information within generally accepted accounting principles that have been discussed with the Company's management, the ramifications of the use of the alternative disclosures and treatments, and the treatment preferred by the independent auditor; (c) all alternative treatments of financial statements within generally accepted accounting principals that have been discussed with the Company's management, the ramifications of the use of alternative disclosures and treatments, and the treatment preferred by the independent auditor; (d) major issues regarding accounting principles and financial statement presentations, including any significant changes in the Company's selection or application of accounting principles; (e) major issues as to the adequacy of the Company's internal controls and any specific audit steps adopted in light of material control deficiencies; (f) issues with respect to the design and effectiveness of the Company's disclosure controls and procedures, management's evaluation of those controls and procedures, and any issues relating to such controls and procedures during the most recent reporting period; (g) the effect of regulatory and accounting initiatives, as well as off-balance sheet structures on the financial statements of the Company; (h) any significant matters arising from any audit, including audit problems and difficulties, whether raised by management, the internal auditor, if any, and the independent auditor, relating to the Company's financial statements; and (i) any other material written communications between the independent auditor and the Company's management, including any management letter or schedule of unadjusted differences.

13. Review periodically the effect of regulatory and accounting initiatives, as well as off-balance sheet structures, on the financial statements of the Company.

14. Review with the independent auditor any audit problems or difficulties encountered and management's response thereto. In this regard, the Committee will regularly review with the independent auditor (a) any audit problems or other difficulties encountered by the auditor in the course of the audit work, including any restrictions on the scope of the independent auditor's activities or on access to requested information, and any significant disagreements with management and (b) management's responses to such matters. Without excluding other possibilities, the Committee may review with the independent auditor (i) any accounting adjustments that were noted or proposed by the auditor but were passed (as immaterial or otherwise), (ii) any communications between the audit team and the audit firm's national office respecting auditing or accounting issues presented by the engagement, and (iii) any management or internal control letter issued, or proposed to be issued, by the independent auditor to the Company.

15. Obtain from the independent auditor assurance that the audit of the Company's financial statements was conducted in a manner consistent with Section 10A of the Securities Exchange Act of 1934, which

sets forth procedures to be followed in any audit of financial statements required under the Securities Exchange Act of 1934.

16. Discuss the scope of the annual audit and review the form of the opinion the independent auditor proposes to issue.

17. Review and discuss with management and the independent auditor the responsibilities, budget, and staffing of the Company's internal audit function, if any.

Legal Compliance/General

18. Review periodically, with the Company's counsel, any legal matter that could have a significant impact on the Company's financial statements.

19. Discuss with management and the independent auditor the Company's guidelines and policies with respect to risk assessment and risk management. The Committee will discuss the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures.

20. Set clear hiring policies for employees or former employees of the independent auditor. At a minimum, these policies will provide that any public accounting firm may not provide audit services to the Company if the Chief Executive Officer, Chief Financial Officer, Chief Accounting Officer, Controller, or any person serving in an equivalent position for the Company was employed by the audit firm and participated in any capacity in the audit of the Company within one year of the initiation of the current audit.

21. Establish procedures for (a) the receipt, retention, and treatment of complaints received by the Company regarding accounting, internal accounting controls, or auditing matters; and (b) the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.

22. Unless specifically delegated by the Board of Directors to the Compensation Committee of the Board of Directors, review and approve all related party transactions (as specified in Item 404 of Regulation S-K) and review and make recommendations to the full Board of Directors, or approve, any contracts or other transactions with current or former executive officers of the Company, including consulting arrangements, employment agreements, change-in-control agreements, termination arrangements, and loans to employees made or guaranteed by the Company.

23. Review and reassess the adequacy of this Charter on an annual basis and recommend any changes to the Board of Directors.

Reports

24. Prepare all reports required to be included in the Company's proxy statement, pursuant to and in accordance with applicable rules and regulations of the SEC.

25. Report regularly to the full Board of Directors. In this regard, the Committee will review with the full board any issues that arise with respect to the quality or integrity of the Company's financial statements, the Company's compliance with legal or regulatory requirements, the performance and independence of the Company's independent auditor, and the performance of the internal audit function, if any.

26. The Committee shall provide such recommendations as the Committee may deem appropriate. The report to the Board of Directors may take the form of an oral report by the Chairman or any other member of the Committee

designated by the Committee to make such report.

27. Maintain minutes or other records of meetings and activities of the Committee.

A-6

Limitation of Audit Committee's Role

With respect to the foregoing responsibilities and processes, the Committee recognizes that the Company's financial management, including the internal audit staff, if any, as well as the independent auditor have more time, knowledge, and detailed information regarding the Company than do Committee members. Consequently, in discharging its oversight responsibilities, the Committee will not provide or be deemed to provide any expertise or special assurance as to the Company's financial statements or any professional certification as to the independent auditors' work.

While the Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements and disclosures are complete and accurate and are in accordance with generally accepted accounting principles and applicable rules and regulations. These are the responsibilities of management and the independent auditor. It also is not the duty of the Committee to conduct investigations or to assure compliance with laws and regulations and the Company's internal policies and procedures.
