Any proxy may be revoked by any stockholder who attends the meeting and gives oral notice of his or her intention to vote in person, without compliance with any other formalities. In addition, any proxy given pursuant to this solicitation may be revoked prior to the Annual Meeting by delivering an instrument revoking it or a duly executed proxy bearing a later date to the Secretary of the Company.

The Audit Committee will consider annually and, if appropriate, approve the scope of the audit services to be performed during the fiscal year as outlined in an engagement letter proposed by the independent registered public accounting firm. For permissible non-audit services, the Audit Committee will approve in advance all services to be provided by the independent registered public accounting firm in accordance with the rules of the Nasdaq Stock Market, the Securities and Exchange Commission's rules and regulations and the federal securities laws, and will determine the amount of compensation to be paid to the independent registered public accounting firm for such auditing services. The Audit Committee operates under a written charter adopted by the Board, a copy of which was filed as *Exhibit A* to the Proxy Statement for the Company's 2003 Annual Meeting. The Audit Committee works closely with management and the Company's independent registered public accounting firm. The Nominating Committee operates under a written charter adopted by the Board, a copy of which was filed as *Appendix A* to the Proxy Statement for the Company's 2004 Annual Meeting.

The Nominating Committee considers properly submitted stockholder recommendations for candidates for membership on the Board of Directors as described below under *Identification and Evaluation of Director Nominees*. In evaluating such recommendations, the Nominating Committee seeks to achieve a balance of knowledge, experience and capability on the Board members and to address the membership criteria set forth under *Director Qualifications*. Any stockholder recommendations proposed for consideration by the Nominating Committee should include the candidate's name and qualifications for membership on the Board and should be addressed to: Nominating Committee, Attention: Secretary, California Coastal Communities, Inc., 6 Executive Circle, Suite 250, Irvine, California 92614. Any such stockholder recommendations include the following information: (a) all information relating to such director nominee that is required to be disclosed pursuant to Regulation 14A under the Securities Exchange Act of 1934 (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected); (b) the name(s) and address(es) of the stockholder(s) making the nomination and the number of shares of the Company's Common Stock which are owned beneficially and of record by such stockholder(s); and (c) appropriate biographical information and a statement as to the qualification of the director nominee, and should be submitted in the time frame described under the caption *Other Matters Submission of Proposals for 2006 Annual Meeting* below.

Director Qualifications. The Nominating Committee uses a variety of criteria to evaluate the qualifications and skills necessary for members of the Board. Under these criteria, members of the Board should have the highest professional and personal ethics and values, consistent with the Company's longstanding values and standards. They should have broad experience at the policy-making level in business, real estate, finance, government, education, or public interest. They should be committed to enhancing stockholder value and should have sufficient time to carry out their duties and to provide insight and practical wisdom based on experience. Their service on other boards of public companies should be limited to a number that permits them, given their individual circumstances, to perform responsibly all director duties. Each director must represent the interests of the Company's stockholders.

Identification and Evaluation of Director Nominees. The Nominating Committee utilizes a variety of methods for identifying and evaluating nominees for director. The Nominating Committee regularly assesses the appropriate size of the Board, and whether any vacancies on the Board are expected. In the event that vacancies are anticipated, or otherwise arise, the Nominating Committee would consider various potential candidates for director. Candidates may come to the attention of the Nominating Committee through current members of the Board, professional search firms, stockholders or other persons. These candidates will be evaluated at regular or special meetings of the Nominating Committee, and may be considered at any point during the year. The Nominating Committee considers properly submitted stockholder recommendations for candidates for the Board of Directors. In evaluating such recommendations, the Nominating Committee uses the qualifications standards discussed above and seeks to achieve a balance of knowledge, experience and capability on the Board.

Strategic Planning Committee. The Strategic Planning Committee consists of Messrs. Pacini and Sabin, with Mr. Sabin serving as Chairman. The Strategic Planning Committee is responsible for evaluating various business prospects and strategic alternatives for the Company. The Strategic Planning Committee met seven times during 2004.

The Compensation Committee, and its members are named below. No member of the Compensation Committee was at any time during the 2004 fiscal year or at any other time an officer or employee of the Company. No executive officer of the Company serves as a member of the board of directors or compensation committee of any entity which has one or more executive officers serving as a member of the Company's Board of Directors or Compensation Committee.

Report of the Compensation Committee

The following Compensation Committee report shall not be deemed to be soliciting material or to be filed with the Securities and Exchange Commission under the Securities Act of 1933 or the Securities Exchange Act of 1934 nor incorporated by reference into any document so filed.

The Compensation Committee is responsible for determining the annual salary, short-term and long-term cash and stock incentive compensation, and other compensation of the executive leadership team and the overall compensation philosophy of the Company, including the executive officers named in the Summary Compensation Table set forth above. This report describes the policies and approach of the Committee in establishing executive compensation during 2004.

The overall objectives of the Company's compensation program are to retain the best possible executive talent, to motivate these executives to achieve the goals inherent in the Company's business strategy, to maximize the link between executive and stockholder interests through an equity based plan and to recognize individual contributions as well as overall business results.

The key elements of the Company's compensation program consist of fixed compensation in the form of base salary, and variable compensation in the forms of restricted stock grants, stock options, and annual incentive compensation. An executive officer's annual base salary represents the fixed component of their total compensation; however, variable compensation is intended to comprise a substantial portion of an executive's total compensation. In addition, while the elements of compensation described below are considered separately, the Compensation Committee takes into account the full compensation package afforded by the Company to the individual, including any pension benefits, insurance and other benefits, as well as the programs described below.

In determining the principal components of executive compensation, the Compensation Committee considers the following factors: (a) the overall competitive environment in executive compensation needed to attract, retain and motivate talented and experienced senior management; (b) Company performance, both year over year and in comparison to other companies within the real estate development industry, (c) comparative compensation studies; and (d) historical compensation levels at the Company.

The compensation philosophy adopted by the Compensation Committee also recognizes that distinctions in individual compensation levels are based on multiple factors, including (1) current level of contributions relative to peers; (2) expected future contributions to the Company; (3) past contributions to

the Company; and (4) comparison to market value. The Compensation Committee also reviews the compensation levels for peer-level positions of other real estate development companies.

Base Salaries. Base salaries for executive officers are determined by evaluating the responsibilities of the position held and the experience of the individual, and by reference to the competitive marketplace for executive talent including, where appropriate, a comparison to base salaries for comparable positions at other companies, and to historical levels of salary paid by the Company and its predecessors. Salary adjustments are based on a periodic evaluation of the performance of the Company and of each executive officer, and also take into account new responsibilities as well as changes in the competitive market place. The Compensation Committee, where appropriate, also considers non-financial performance measures.

CEO Compensation. The base salary established for the Company's Chief Executive Officer, Mr. Pacini, reflects the Committee's policy to maintain a level of stability and certainty with respect to the CEO's base salary from year to year. The Committee initially set the CEO's base salary in 1998, and sought to closely align Mr. Pacini's compensation with the interests of stockholders in maximizing the value of the Company. Therefore, Mr. Pacini's compensation package was structured to have his base salary compensation play a less central role by reason of a restricted stock award of 100,000 shares in 1998 and grants of stock options for 189,996 and 75,000 shares in 1997 and 1999, respectively. The stock award and stock options are also intended to provide the principal bonus component of Mr. Pacini's total compensation. In March 2005, Mr. Pacini received a cash bonus of \$125,000 in recognition of his contributions to the success of the Company's homebuilding business and the Company's profitability. The CEO's total cash compensation (base salary plus bonus) is below the average of the surveyed compensation data for similarly situated chief executive officers in the industry. Mr. Pacini holds no stock appreciation rights.

Annual Incentive Compensation Awards. The Compensation Committee evaluates whether to grant annual incentive compensation awards to the CEO based on the performance of both the Company and the CEO, while considering the objective of tying most of the CEO's variable compensation to the Company's stock performance through the granting of restricted stock and options described above. The variable compensation payable annually to the CFO is intended to consist principally of annual incentive compensation awards, based on various individual performance objectives established by the CEO and the Compensation Committee. The annual bonuses paid to the President and Senior Vice President of the Company's homebuilding subsidiary, Hearthside Homes, Inc., are based on 10% and 6%, respectively, of the after tax profits of this subsidiary. These bonuses are above the average of the surveyed compensation data for similarly situated executive officers in the industry because they are based on a formula designed to promote substantial growth of the Company's homebuilding business.

Other Incentive Compensation. Each option grant is designed to align the interests of the executive with those of the stockholders and provide each individual with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business. The number of shares subject to each option grant is based upon the executive's tenure, level of responsibility and relative position in the Company. The Compensation Committee has established certain general guidelines in making option grants to the executives in an attempt to target a fixed number of option shares based upon the individual's position with the Company and their existing holdings of options. However, the Company does not adhere strictly to these guidelines and will vary the size of the option grant made to each executive officer as it feels the circumstances warrant.

Report of the Audit Committee

The following Audit Committee report shall not be deemed to be soliciting material or to be filed with the Securities and Exchange Commission under the Securities Act of 1933 or the Securities Exchange Act of 1934 nor incorporated by reference into any document so filed.

The purpose of the Audit Committee is to assist the Board in its oversight of management's conduct of the Company's financial reporting process, and is more fully described in its charter which the Audit Committee has adopted. The Audit Committee reviews its charter on an annual basis. The Audit Committee annually reviews the Nasdaq standard of independence for audit committees and at its most recent review determined that its members meet that standard.

The Audit Committee reviews the Company's accounting and financial reporting process on behalf of the Board of Directors. Management is responsible for the preparation, presentation, and integrity of the Company's financial statements, accounting and financial reporting principles, internal controls, and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. The Company's independent auditors, Deloitte & Touche LLP, are responsible for performing an independent audit of the consolidated financial statements and expressing an opinion on the conformity of those financial statements with generally accepted accounting principles. In fulfilling its oversight responsibilities, the Audit Committee discussed with management and the independent auditors the overall scope and plans for their respective audits. The Audit Committee met with the independent auditors, with and without management present, to discuss the results of their examinations, the evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

The Audit Committee reviewed and discussed with management of the Company and Deloitte & Touche LLP the audited financial statements of the Company contained in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2004 and management's assessment of the effectiveness of the Company's internal controls over financial reporting as of December 31, 2004.

The Audit Committee discussed with Deloitte & Touche LLP the matters required by Codification of Statements on Auditing Standards No. 61, as amended, Communication with Audit Committees. The Audit Committee also received and reviewed the written disclosures and the letter from Deloitte & Touche LLP required by Independence Standards Board Standard No. 1 Independence Discussions with Audit Committees, currently in effect and discussed with that firm its independence from the Company and its management. The Audit Committee discussed with management of the Company and Deloitte & Touche LLP such other matters and received such assurances as the Audit Committee deemed appropriate, including consideration of whether certain non-audit services provided by Deloitte & Touche LLP to the Company in 2004 were compatible with maintaining auditor independence. The Audit Committee has determined that provision of those services is compatible with maintaining the independence of Deloitte & Touche LLP as the Company's independent auditors.

During fiscal 2004, the Audit Committee performed all of its duties and responsibilities under the applicable Audit Committee Charter. In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors approved, the inclusion of the audited financial statements referred to above in the Company's Annual Report on Form 10-K for the year ended December 31, 2004, which was filed with the Securities and Exchange Commission on March 15, 2005.

Following a review of their performance and qualifications, the Audit Committee approved the reappointment of Deloitte & Touche LLP as the Company's independent auditors for fiscal year 2005.

Proposal 2

APPROVAL OF THE PROPOSED SALE OF THE 103-ACRE LOWER BENCH OF THE BOLSA CHICA MESA

On August 12, 2004, the Company's agreement to sell a 103-acre area of the Bolsa Chica Mesa known as the Lower Bench to the State's Wildlife Conservation Board (WCB) for \$65 million was approved by the WCB. The Purchase and Sale Agreement and Escrow Instructions, a copy of which is attached hereto as *Exhibit A* (the Agreement) is subject to the approval of the Company's stockholders, which is now being sought. As of May 3, 2005, the Agreement was amended to extend the outside closing date (the Closing Date) to December 31, 2005. If the Company receives stockholder approval and a Coastal Development Permit (CDP) for the development of the Bolsa Chica Upper Bench (as described below) is issued before the Closing Date, the sale will be completed and the WCB's purchase of the property will be funded with bond proceeds authorized by voter-approved Proposition 50, which was passed in November 2002.

The Company agreed to the sale price, which is deeply discounted (as discussed below), in order to facilitate its pursuit of approval for development of its approximately 105-acre Upper Bench area on the Bolsa Chica Mesa. During negotiations with the WCB, the Company indicated that it would require Coastal Commission approval of the development plan for the Upper Bench prior to seeking stockholder approval, and the issuance of the CDP for that development plan before the Closing Date.

From time to time, the Company has received outside appraisals on the value of the Lower Bench. These appraisals have been made on a raw land basis and on an as developed basis . The range of those appraisals was \$185 million on a raw land basis; and \$240 million on an as developed basis. However, the ability to realize the value of an appraisal is subject to inherent risk, especially in the case of appraisals that are made on a raw land or on an as developed basis because these types of appraisals are based on speculative assumptions regarding the potential use of the land and the ability to overcome the substantial entitlement process risks associated therewith. Prior to entering into the WCB agreement, the Company engaged a real estate broker to investigate the prospects of making a raw land sale and found that, due to the substantial entitlement risks, there was no market for buyers at a price anywhere near approximating the \$185 million appraisal. In addition, since the Agreement was announced, the Company has received no offers.

In addition, the Company believes that the protracted history of its and predecessor companies' attempts to entitle development on any part of the Bolsa Chica Mesa has demonstrated that many years of entitlement effort could be required and costs approximating \$5 to \$10 million could be incurred if development of the Lower Bench was pursued in an effort to realize all or a portion of the estimated developable value. Even if such effort was expended and such costs were incurred, there can be no assurance that the Company would be permitted to develop any portion of the Lower Bench on a timely basis. However, the Company could take legal action against the State for an unconstitutional taking of the Lower Bench, in the event it was denied a permit for economically viable development of the Lower Bench.

On April 6, 2005, the California Supreme Court heard oral arguments in the appeal of a case which held that the California Coastal Commission is illegally constituted and has no present authority to issue, condition, or deny coastal development permits. If the Supreme Court affirms the decision in *Marine Forests Society v. California Coastal Commission*, the authority to determine development of both the Upper and Lower Bench of the Bolsa Chica Mesa could revert to the County of Orange, until such time as the Coastal Commission is legally reconstituted. Given the County of Orange's past and present approvals of significantly more expansive development of the entire Bolsa Chica property, the Company could benefit greatly from a decision to affirm. Of course, there can be no assurance as to (i) how this case will be concluded, (ii) whether the County of Orange would act in a manner that is more favorable to the Company, or (iii) whether new litigation efforts would be pursued by the opponents to the Company's

Bolsa Chica development efforts, which might prevent the Company from pursuing a more favorable development plan until such time as the Coastal Commission is reconstituted. The California Supreme Court is required by law to render its decision in this case by July 5, 2005. In the event that the Court's decision presents the Company with a more favorable alternative for the development of the entire Bolsa Chica property, this Proxy Statement will be supplemented to address that situation.

On April 14, 2005, the California Coastal Commission approved the Company's CDP application for a planned community consisting of 349 homes to be built on 68 acres of the Upper Bench. The Company believes that the agreement to sell the Lower Bench to the WCB was helpful in obtaining Coastal Commission approval and, therefore, justifies the discounted sales price; provided that the Company receives a CDP for the development plan approved by the Coastal Commission before the Closing Date. In addition, the Company believes that the agreement to sell the Lower Bench will be a disincentive to the filing of litigation by any opponents to development of the Upper Bench.

In view of the receipt of the requisite Coastal Commission approval for Upper Bench development and the high costs and uncertain process of Lower Bench development, the Company believes that the ability to sell the Lower Bench near-term for the \$65 million sale price (\$63.2 million net after commissions) is reasonable and should be approved. Even if stockholder approval is received, the sale will remain subject to receipt, prior to the Closing Date, of the CDP for the Upper Bench development plan approved by the Coastal Commission. If the Lower Bench sale is completed, the Company will use the proceeds in such manner as its management and board of directors may thereafter determine. No such determination has been made at this time and potential uses could include, but would not be limited to, debt repayment, project financing, land acquisitions, stockholder dividends and/or stock repurchases.

Therefore, the Company is asking that a majority of its stockholders, present in person or by proxy at the Annual Meeting, approve the sale of the Lower Bench as set forth below.

Stockholder Approval

Assuming the presence of a quorum, the affirmative vote of the holders of a majority of the shares of Common Stock present and entitled to vote on this item at the Annual Meeting is required to approve the proposed sale through the adoption of the following resolution:

RESOLVED, that the stockholders of the Company do hereby approve the sale of the 103-acre Lower Bench of the Company's Bolsa Chica Mesa property for \$65 million in the manner contemplated by the Agreement; provided, however, that the CDP for the Upper Bench development plan approved by the Coastal Commission on April 14, 2005 must have been received by the Company before the Closing Date.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF THE PROPOSED SALE THROUGH THE ADOPTION OF THE STOCKHOLDER RESOLUTION SET FORTH ABOVE.

Proposal 3

RATIFICATION OF APPOINTMENT OF INDEPENDENT registered public accounting firm

The Audit Committee of the Board of Directors, has appointed Deloitte & Touche LLP as independent registered public accounting firm for the 2005 fiscal year and hereby requests that stockholders ratify such appointment. Representatives of Deloitte & Touche LLP will not be present at the Annual Meeting.

The Board has also approved the decision to appoint Deloitte & Touche LLP based on the recommendation of the Audit Committee. Before making its recommendation to the Board, the Audit

Committee carefully considered that firm's qualifications as independent registered public accounting firm. This included a review of the qualifications of the engagement team, the quality control procedures the firm has established, and any issues raised by the most recent quality control review of the firm; as well as its reputation for integrity and competence in the fields of accounting and auditing. The Audit Committee's review also included matters required to be considered under the SEC's Rules on Auditor Independence, including the nature and extent of non-audit services, to ensure that they will not impair the independence of the accountants. The Audit Committee expressed its satisfaction with Deloitte & Touche LLP in all respects.

Although ratification by stockholders is not required by law, the Board has determined that it is desirable to request approval of this appointment by the stockholders. Notwithstanding its appointment, the Board, in its discretion, may appoint a new independent registered public accounting firm at any time during the year if the Board believes that such a change would be in the best interest of the Company and its stockholders. If the stockholders do not ratify the appointment of Deloitte & Touche LLP, the Board of Directors may reconsider its appointment.

Independent Auditor's Fees During 2004 and 2003

The Audit Committee appointed Deloitte & Touche LLP as the Company's independent registered public accounting firm to audit the Company's financial statements for each of the fiscal years ended December 31, 2004 and 2003. The aggregate fees billed by and paid to Deloitte & Touche LLP include fees for the following services rendered during those fiscal years are as follows:

	2004	2003
Audit fees(1)	\$ 85,943	\$ 89,186
Audit-Related Fees(2)	92,738	7,070
Financial information systems design and implementation fees	None	None
Tax Fees(3)	65,377	37,427
Other fees	None	None
	\$ 244,058	\$ 133,683

(1) **Audit Fees:** This category consists of fees for the audit of the Company's annual financial statements, review of the financial statements included in quarterly reports on Form 10-Q and services that are normally provided by the independent auditors in connection with statutory and regulatory filings or engagements for those fiscal years. This category also includes advice on audit and accounting matters that arose during, or as a result of, the audit or the review of interim financial statements, and the preparation of an annual management letter on internal control matters

(2) **Audit-Related Fees:** This category consists of assurance and related services by Deloitte & Touche LLP that are reasonably related to the performance of the audit or review of the Company's financial statements and are not reported above under Audit Fees.

(3) **Tax Fees:** This category consists of professional services rendered by Deloitte & Touche LLP for tax compliance and tax planning. The services for the fees disclosed under this category include tax return preparation and technical tax advice.

The Audit Committee discussed these non-audit services with Deloitte & Touche LLP and determined that their provision would not impair Deloitte & Touche LLP's independence.

THE AUDIT COMMITTEE AND THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS INDEPENDENT registered public accounting firm.

Stockholders who wish to communicate with our Directors to report complaints or concerns related to accounting, internal accounting controls or auditing may do so by contacting the Audit Committee. Such complaint or concern should be submitted in writing and such persons lodging a complaint may remain anonymous if they so choose. Stockholders may address any such complaints to the Audit Committee of the Board at Company's main business address set forth above. Alternatively, stockholders wishing to communicate with a specific individual director should so indicate and the communication will be forwarded as appropriate. The Company does not have a policy with regard to directors' attendance at annual meetings. Mr. Pacini was the only director who attended the Company's last annual meeting.

Compliance with Section 16(a) under the Securities Exchange Act of 1934

Section 16 of the Securities and Exchange Act of 1934, as amended, requires the Company's directors and executive officers and persons who own more than 10% of a registered class of the Company's equity securities to file various reports with the Securities and Exchange Commission and the National Association of Securities Dealers concerning their holdings of, and transactions in, securities of the Company. Copies of these filings must be furnished to the Company.

Based solely on a review of the copies of such forms furnished to the Company and written representations from the Company's executive officers and directors, the Company believes that there was compliance for the fiscal year ended December 31, 2004 with all Section 16(a) filing requirements applicable to the Company's officers, directors and greater than 10% beneficial owners.

PURCHASE AND SALE AGREEMENT
AND ESCROW INSTRUCTIONS

(Upland Mesa Area Adjacent to Bolsa Chica Ecological Reserve)

This Purchase and Sale Agreement and Joint Escrow Instructions (the Agreement) dated as of August 12, 2004 (the Agreement Date), is made between Signal Landmark, a California corporation (Signal), successor by merger to Signal Bolsa Corporation and the State of California acting by and through its Department of Fish and Game, Wildlife Conservation Board (State), with reference to the following:

RECITALS

A. Bolsa Chica is the name generally used to describe an area encompassing approximately 1,600 acres located in northwestern Orange County, California, bounded on three sides by the City of Huntington Beach and located landward of the Pacific Coast Highway. The lands constituting Bolsa Chica are depicted on the aerial photograph attached hereto as *Exhibit A* (Depiction). The Depiction shows the following specified parcels:

- Bolsa Chica Ecological Reserve in the Bolsa Chica wetlands (Reserve)
- Bolsa Chica Lowlands (Lowlands)
- Upper Bench of the Bolsa Chica Mesa (Upper Bench)
- Lower Bench of the Bolsa Chica Mesa (Lower Bench)
- Ocean View School District Property
- Edwards Thumb
- Fieldstone Property
- Huntington Mesa Portion

B. The State of California acting by and through the State Lands Commission (SLC) owns the Reserve and the Lowlands.

C. Signal owns the:

- Upper Bench
- Lower Bench
- Edwards Thumb
- Huntington Mesa Portion

D. A subsidiary of Signal, Hearthside Residential Corp., owns the Fieldstone Property.

E. The Upper Bench contains approximately 105.3 acres and the Lower Bench contains approximately 103.2 acres. Together, these two areas constitute the upland mesa areas of Bolsa Chica and are collectively referred to as the Mesa. The Lower Bench surrounds the approximately 15-acre Ocean View School District Property. Signal's planned

Brightwater Upland Habitat Park (a proposed recreation/conservation open space area within the Upper Bench comprising approximately 28 acres) would separate the Upper Bench from the Lower Bench. The legal description of the Lower Bench is attached hereto as *Exhibit B*.

F. The Mesa is immediately adjacent to and overlooks the Reserve. The Reserve is an area which the California Fish and Game Commission has designated as an Ecological Reserve pursuant to California Fish and Game Code Section 1580. The Reserve supports sensitive plant populations and provides important habitat for at least four species of endangered birds, including the California brown

A-1

pelican, California least tern, Belding's savannah sparrow and Western snowy plover. The California Department of Fish and Game has jurisdiction over the Reserve pursuant to a lease with the SLC.

G. The Lowlands is an approximate 880-acre area lying inland from the Reserve, between the Bolsa Chica Mesa and the Huntington Mesa. Significant portions of the Lowlands are biologically degraded and encumbered by oil operations. For more than a decade, planning, engineering and permitting have been underway to restore the Lowlands. Wetlands restoration construction is expected to begin in late 2004.

H. The Reserve and the Lowlands together comprise one of the few remaining largely undeveloped coastal bay and lowland ecosystems in Southern California and are thus a significant ecological resource.

I. Bolsa Chica is bounded on three sides by urban development and thus presents an opportunity to educate the public on coastal fish and wildlife resources. Despite its proximity to urban development, there has been long-standing regional interest in conserving and restoring Bolsa Chica.

J. The desire of the local community to extend public ownership of Bolsa Chica beyond the Reserve and the Lowlands has led to a public position favoring the acquisition of undeveloped lands around those currently in public ownership.

K. Conversely, the Mesa has been the subject of various proposals for residential development for over 30 years and the County's General Plan and zoning regulations permit residential development on the Mesa. Signal has informed the State that it intends to develop the Mesa for residential purposes since it believes that residential development is the highest and best use for such real properties and because there is significant market demand for new homes in Huntington Beach and Orange County. Signal is currently seeking entitlements for the Upper Bench to enable it to proceed with the construction of 379 homes in a project called Brightwater.

L. Upon obtaining entitlements for Brightwater and the receipt of shareholder approval pursuant to Section 6.2.2 below, Signal will offer to dedicate, without charge or cost, the Brightwater Upland Habitat Park and the Huntington Mesa Portion to the County of Orange to be preserved as open space. Dedication of the 51-acre Huntington Mesa Portion would complete the Harriett M. Wieder Regional Linear Park, a 105-acre planned regional park.

M. The Mesa contains a heron and egret rookery, a population of southern tarplant, two small seasonal wetlands, a two-acre coastal wetland known as Warner Pond, and grasslands which are not only used for raptor foraging, but also are one of the last grasslands adjacent to a coastal wetland, all within separate Environmentally Sensitive Habitat Areas. However, the Mesa supports fewer biologically sensitive resources than the Reserve and Lowlands.

N. There is public support for government acquisition of at least 100 acres of the Mesa to augment the Reserve and Lowlands in terms of preserving a sizable upland area adjacent to public lands along the coast which contain valuable ecological resources. Public acquisition of coastal lands adjacent to the Reserve would enhance the Bolsa Chica experience.

O. Currently, the SLC and Hearthside Residential Corp. are in discussions regarding the potential public acquisition of the Fieldstone Property. Hearthside Residential Corp. has indicated that it is a willing seller interested in conveying the Fieldstone Property to the SLC.

P. Edwards Thumb is subject to oil and gas operations pursuant to an oil and gas lease to a third party lessee which will terminate at the time oil and gas operations have ceased.

Q. There are thus presently opportunities for the State of California to enhance and enlarge its ownership of land within Bolsa Chica. Such opportunities are likely to diminish over time as property development continues to encroach toward the Reserve and Lowlands. Moreover, with the planned

A-2

restoration activities within the Lowlands, there is currently a potential to better integrate restoration and compatible public use of adjacent lands.

R. Proposition 50, the Water Security, Clean Drinking Water, Coastal and Beach Protection Act of 2002 (California Water Code Section 79500 et seq.) (Water Bond), among other things, appropriates funds to the State for the acquisition, protection and restoration of coastal wetlands, upland areas adjacent to coastal wetlands, and coastal watershed lands in or adjacent to urban areas, as described in Water Code Section 79572.

S. Section 79572(b) of the Water Bond states [o]f the remaining funds available, pursuant to that section, the State shall give priority to the acquisition of not less than 100 acres consisting of upland mesa areas, including wetlands therein, adjacent to the state ecological reserve in the Bolsa Chica wetlands in Orange County. These are the only lands specifically designated for priority in Section 79572.

T. The Mesa comes within the scope of upland mesa areas under Section 79572 of the Water Bond.

U. In carrying out Section 79572(b) of the Water Bond, the State has undertaken an investigation to determine the feasibility of acquiring the Mesa. In this regard, the State has taken into consideration the requirements of the Water Bond, including the fair market value and willing seller.

V. In light of Signal's plans for the Brightwater project, Signal is currently willing to sell only the approximately 103.2-acre Lower Bench to the State. Such an acquisition by the State would constitute acquisition of not less than 100 acres consisting of upland mesa areas, including wetlands therein, adjacent to the state ecological reserve in the Bolsa Chica wetlands in Orange County identified in Section 79572(b) of the Water Bond.

W. The State is in accord with acquisition of the Lower Bench, rather than the entirety of the Mesa, based on competing demands on Water Bond funds and the fact that the Lower Bench more closely adjoins the Reserve and thus, the Lower Bench has a more direct identity with the Reserve.

X. The purpose of this Agreement is to provide the terms and conditions for the purchase and sale of the Lower Bench between Signal and the State. Signal and the State together shall be referred to as the Parties.

AGREEMENT

NOW, THEREFORE, taking into account the foregoing Recitals, and in consideration of the terms and conditions set forth herein, the parties hereto agree as follows

Article 1

Sale and Purchase of Lower Bench

Signal hereby agrees to sell the Lower Bench to the State, and the State hereby agrees to purchase the Lower Bench from Signal, in accordance with the terms and conditions set forth in this Agreement.

Article 2

Purchase Price

2.1. *Purchase Price*

The State shall pay to Signal an amount equal to sixty-five million dollars (\$65,000,000.00) (Purchase Price) for the Lower Bench.

2.2. *Charitable Gift*

Signal acknowledges that the State has not made and is not making any representation or warranty as to the tax treatment of the transaction this Agreement contemplates.

A-3

Article 3
Opening Escrow

3.1. *Opening Escrow*

Within five (5) business days after approval of this Agreement by the California Department of General Services (DGS), the Parties shall cause an escrow to be opened at First American Title Insurance Company, 2 First American Way, Santa Ana, California 92707, Attn: Ronald Gomez (Title Company) by depositing a fully executed original of this Agreement with Title Company. Title Company shall insert the date of receipt of the executed copy of this Agreement into the Acceptance by Title Company on the signature page of this Agreement and shall notify the Parties of the date of such receipt (the Effective Date). Title Company shall be the party responsible for filing the required Form 1099B (or other required form) with the U.S. Internal Revenue Service.

3.2. *Escrow Instructions*

This Agreement shall also constitute the joint escrow instructions by Signal and the State to the Title Company. State and Signal shall promptly execute such supplemental escrow instructions as the Title Company shall reasonably request; provided, however, that if there is any inconsistency between the terms of this Agreement and such supplemental escrow instructions, the terms of this Agreement shall control.

3.3. *Schedule of Closing*

The closing of the transaction provided in this Agreement (the Close of Escrow) shall occur at the time that all the conditions precedent set forth in Article 6 hereof have been satisfied or waived, all of the fully-executed documents and the Purchase Price shall have been delivered to Title Company, and on the day the Grant Deed (as defined below) is recorded with the Orange County Recorder (the Closing Date). The Closing Date shall occur no later than the Outside Date, as defined in Section 3.4 hereof.

3.4. *Outside Date*

If the Closing Date shall not have occurred on or before June 30, 2005 or such later date as mutually agreed by the Parties (the Outside Date), then this Agreement shall automatically terminate.

Article 4
Due Diligence and Title Review

4.1. *Inspection/Due Diligence*

The State shall have until five business days after the date DGS approves this Agreement (Inspection Period) to inspect the Lower Bench, including, without limitation, the environmental condition of the Lower Bench and all agreements affecting or encumbering the Lower Bench. Signal shall provide copies of such agreements to State within 10 days after the Agreement Date. State's investigation of the Lower Bench shall be in its sole discretion. State may elect during the Inspection Period not to purchase the Lower Bench for any reason. State's disapproval shall only be reflected by delivery of written disapproval to Signal. If such written disapproval is not given within the Inspection Period, it shall be presumed that the State has elected to proceed with acquisition of the Lower Bench. If the State gives notice of disapproval, the Parties will execute appropriate escrow cancellation instructions, the Escrow will be canceled, and neither party will have any further rights, duties or obligations to the other. The Inspection Period may be extended provided the Parties so agree in writing.

4.2. *Right to Inspect Lower Bench*

The State shall have the right of access to the Lower Bench to conduct such tests, surveys, inspections and investigations as it deems appropriate, including, without limitation, environmental

A-4

assessments. Notwithstanding the foregoing right to inspect the Lower Bench after the Agreement Date, State acknowledges that it shall have no further approval rights with respect to the condition or status of the Lower Bench, other than as provided in this Agreement. To the extent permitted by California Government Code Section 14662.5, State hereby agrees to indemnify and hold harmless Signal for any claim, loss, damage, cost or liability approximately caused by the exercise by the State of any of its inspection rights under this Agreement.

4.3. *Title Review*

4.3.1. *Property Title Review*

State shall have until the expiration of the Inspection Period (as defined in Section 4.1) to review any surveys and the preliminary title report (PTR) for the Lower Bench to be delivered by Signal to State, with legible copies of all exceptions reflected therein, within 10 days after the Agreement Date. No later than the expiration of the Inspection Period, State will advise Signal in writing of any exceptions in the PTR matters disclosed on any surveys, which the State desires Signal to have removed on or before the Close of Escrow. If State fails to provide Signal with timely notice of any objections to the PTR or any surveys, it shall be conclusively presumed that the State has approved the same. Within 10 days of receipt of the State s title or survey objections, Signal will notify the State as to which title or survey exceptions Signal will remove prior to Close of Escrow. If Signal fails to give the State said notice, it will be conclusively presumed that Signal is unable or unwilling to remove such exceptions. In the event Signal declines or is unable or unwilling to remove any such exception(s) to which State has objected, the State may elect to either: (i) terminate this Agreement (whether or not the Inspection Period has expired) and any applicable escrow fees shall be paid by Signal; or (ii) proceed with the purchase of the Lower Bench provided for herein subject to such exceptions. The Close of Escrow may be extended as necessary to accommodate the timely exercise of the procedures set forth in this Section 4.3.2, but in no event shall such extension be later than the Outside Date, or such later date as the Parties may agree.

4.3.2. *Intervening Exceptions*

The State shall have 10 days from such date as it is notified thereof in writing (and is provided a legible copy of the underlying exception documents) to review and object to any new exception to title that is monetary in nature or, if non-monetary, that could reasonably have a material adverse effect upon the fair market value of the Lower Bench or have a material impact upon the State s anticipated use of the Lower Bench (Intervening Exceptions). Within 10 days of receipt of the State s objections to any Intervening Exceptions, Signal will notify the State as to which Intervening Exceptions, if any, Signal will remove prior to the Close of Escrow. If Signal fails to give the State said notice, it will be conclusively presumed that Signal is unable or unwilling to remove such Intervening Exceptions. In the event Signal declines or is unable or unwilling to remove any Intervening Exceptions to which the State has objected, the State may elect either to (i) terminate this Agreement (whether or not the Inspection Period has expired), and any applicable escrow fees shall be paid by Signal, or (ii) proceed with the acquisition of the Lower Bench subject to such exceptions. The Close of Escrow may be extended as necessary to accommodate the timely exercise of the procedures set forth in this Section 4.3.2, but in no event shall such extension be later than the Outside Date, or such later date as the Parties may agree.

4.3.3. *Monetary Encumbrances*

Notwithstanding anything herein to the contrary, Signal will remove all monetary liens and encumbrances (except any statutory liens for non-delinquent real property taxes or general or special assessments and any mechanic s liens that have been fully bonded in such a manner that

they will not appear as an exception on the Title Policy) affecting any portion of the Lower Bench being conveyed upon the Close of Escrow, and if so removed or bonded, then the State shall have no right to terminate this Agreement as set forth in Section 4.3.2 above by reason of such liens or encumbrances.

4.4. *Possession*

Signal will deliver possession of the Lower Bench to State at the Close of Escrow, free and clear of anyone in possession.

4.5. *Title Insurance*

4.5.1. The term *Permitted Exceptions* shall mean the exceptions approved by the State pursuant to Sections 4.3.1 and 4.3.2 above. Signal agrees that monetary liens and encumbrances, including unpaid taxes, shall not constitute *Permitted Exceptions*.

4.5.2. Signal shall cause the Title Company, at the Close of Escrow, to provide the State with a CLTA owner's title policy or, at the State's election, an ALTA extended coverage owner's title policy in the full amount of the Purchase Price, insuring that fee simple title to the Lower Bench is vested in the State of California subject only to the *Permitted Exceptions* (the *Title Policy*). Signal will pay the premium for a CLTA policy of title insurance in the amount of the Purchase Price. The State will pay any additional premium for an ALTA extended owner's policy for the Lower Bench, together with the cost of any survey that may be required in order for the title company to issue an ALTA extended policy of title insurance to State for the Lower Bench. The State will further pay for any endorsements that it may require.

4.6. *Signal's Promise Not to Encumber the Lower Bench*

During the term of this Agreement, Signal promises not to (a) make or permit to be made, extend or permit to be extended, any leases, contracts, options or agreements affecting the Lower Bench, except any such agreements as may be terminable without penalty (unless Signal pays such penalty) on 30 days or less notice; or (b) cause or permit any lien, encumbrance, mortgage, deed of trust, right, restriction or easement to be placed upon or created with respect to the Lower Bench, except such matters as may be imposed by instruments that contain provisions which provide for or allow payment in full or release of the Lower Bench from any lien or encumbrance created thereby at or prior to the Close of Escrow and except such mechanic's liens or other involuntary liens as are fully bonded in such a manner that they will not appear as an exception on the Title Policy; or (c) cause or permit any mortgage, deed of trust or other lien to be foreclosed upon due to any actions or omissions by Signal, including failure to make a required payment or failure to obtain any required consent.

4.7. *Condemnation*

In the event of the taking of all or any material part of the Lower Bench by eminent domain proceedings, or the commencement of such proceedings prior to the Close of Escrow, the State will have the right, at its option, to terminate this Agreement by written notice to Signal and any applicable escrow fees shall be shared equally by Signal and the State, provided, however, that State will not have such right of termination if such eminent domain proceedings are initiated by any department, board, commission or other agency of the State within the California Resources Agency. If the State does not elect to terminate this Agreement, then the State shall, as applicable, either: (a) proceed to the Close of Escrow as provided herein with the Purchase Price being reduced as applicable, by the total of any awards or other proceeds received or assured to be received by Signal as a result of such proceedings, or (b) proceed to the Close of Escrow as provided herein with an assignment, as applicable, by Signal to the State of all of Signal's right, title and interest in and to all such awards and proceeds (including, if such taking also affects the

Purchase Rights, any awards or proceeds affecting the same). Signal will promptly notify the State in writing of any

A-6

actual or threatened eminent domain proceedings affecting the Lower Bench of which Signal has actual knowledge or notice.

4.8. *Obligation to Maintain Lower Bench*

During the term of this Agreement and unless otherwise specifically provided in this Agreement, Signal shall not:

4.8.1. Remove or permit the removal of any vegetation, soil or minerals from the Lower Bench or disturb or permit the disturbance of the existing contours and/or other natural features of the Lower Bench; *provided* that this covenant shall not be construed to restrict or prohibit Signal from taking any and all actions necessary to (i) prudently maintain and manage the Lower Bench with respect to fire prevention, health or safety purposes or (ii) implement any of the easements or other agreements described in the PTR; or

4.8.2. Cause or permit any agent, employee, contractor, invitee or other person within the reasonable control of Signal to release or deposit any material on the Lower Bench, including, without limitation, trash, debris, hazardous materials, or solid or liquid wastes of any kind.

4.9. *Condition Upon Close of Escrow*

Signal agrees to deliver the Lower Bench to the State at the Close of Escrow in substantially the same condition as on the Agreement Date, except for ordinary wear and tear and the impact of weather conditions and other natural forces beyond the control of Signal.

Article 5

As used in this Section 10.2, the following terms shall have the following meanings:

(i) **Hazardous Material** means any material, substance or waste which is defined as or contains any hazardous substance, pollutant or contaminant as those terms are defined, designated, classified or listed in the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. Section 9601 et seq. as amended (**CERCLA**) and the regulations promulgated thereunder, and any other material substance or waste similarly defined, designated, classified, listed or identified in any other Environmental Laws, as defined below. Signal and the State acknowledge and agree that nothing in this Section 10.2 or elsewhere in this Agreement constitutes or shall be deemed a release of Signal by the State of liability, if any, for the cleanup, investigation or remediation of hazardous materials under applicable Environmental Laws or under common law. The State hereby reserves all such rights and claims or causes of action, if any, against Signal or any other person or entity under applicable Environmental laws or under common law.
