Item 1.02 Termination of a Material Definitive Agreement, and Item 2.04 Triggering Events That Accelerate or Increase a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement.

On August 18, 2006 Team Financial, Inc. (the Company) chose to redeem all of the Team Financial Capital Trust I 9.50% Subordinated Debentures, due August 10, 2031 (the Securities) at a redemption price equal to 100% of the principal amount of the Securities, or \$16,005,160, plus interest accrued and unpaid up to, but not including, the redemption date of September 18, 2006. The Company provided written notice of the intent to redeem to Wilmington Trust Company, (the Trustee) and the Trustee notified the Trust's preferred and common security holders of the call within the redemption period provided in the Trust Agreement. The Securities trade on the NASDAQ Global Market under the symbol TFINP, however, trading will cease upon redemption.

Team Financial Capital Trust I, a wholly owned statutory trust of the Company, issued the Securities in August 2001, with the option to redeem all or part of the debentures at any time on or after August 10, 2006. At the time of the issuance, the Company incurred offering expenses and underwriting commissions estimated to be \$1.0 million, which the Company has been amortizing straight-line over the original life of the debentures.

As a result of the redemption of the debentures, the Company will incur a pretax charge to earnings of approximately \$824,000 on the redemption date of the debentures. This charge is the unamortized portion of the offering cost that was being amortized over the original life of the debentures.

To fund the redemption of the Securities, the Company intends to replace the called debentures with a pooled trust preferred security of \$22 million at a variable rate of 1.65% above the 90-day LIBOR. The new trust preferred security will have a 30-year term and a callable option after 5 years of the issuance date and will not have a placement or annual trustee fee associated with it. The Company expects to save approximately \$338,000 annually based on the reduction in interest rates.
