VODAFONE LAUNCHES SIMPLE TARIFF FOR LAPTOP INTERNET ACCESS FROM ABROAD

Competitive price makes service straightforward alternative to WiFi

Vodafone continues to lead mobile industry in reducing the cost of roaming in Europe

Laptop users will have a reliable and competitively-priced alternative to WiFi starting this summer, when from 2 July Vodafone drops its laptop data roaming prices to 12 per day (excl. VAT) for wireless roaming across Vodafone subsidiaries in Europe, Egypt, Australia and New Zealand, and with partners in France, Switzerland, Austria and Belgium (see Notes to Editors).

With Vodafone Connect Abroad customers will be able to use their laptops when overseas to surf the internet, check emails and access their company intranet, whether they are sitting in a hotel room, in a café or on the beach. The new tariff ensures the comfort of straightforward pricing combined with a familiar and reliable service. In countries where there is an HSDPA network, Vodafone Connect Abroad customers using a Vodafone Mobile Connect USB modem or a Vodafone Mobile Connect 3G broadband data card will be able to connect just as they do in their home country and benefit from download speeds of up to 3.6Mbps.

Any Vodafone customer who uses a wireless data product, uses their mobile handset as a modem or has a laptop with an embedded SIM card, can sign-up for Vodafone Connect Abroad free of charge. Customers will pay nothing until they choose to connect abroad for a 24hr session. They can access the internet, emails or business network as many times as they choose for 12 (excl. VAT) in the same 24 hr period on any Vodafone or partner network included in the offer.

The move to introduce Vodafone Connect Abroad, which was first announced in March 2007, builds on the success of the company's innovative voice roaming tariff, Vodafone Passport, which since June 2005 has brought lower, reassuring prices to over 12 million European customers' mobile phone bills when travelling overseas.

Commenting on the new tariff, Frank Rovekamp, Global Chief Marketing Officer, Vodafone, said:

With Vodafone Connect Abroad, customers can now access internet services on their laptops for a simple, daily rate, competitive to hotel WiFi and DSL services.

Tariff details

The Vodafone Connect Abroad tariff replaces complex per Megabyte tariffs with a simple flat fee for practically unlimited data usage. The daily tariff structure enables Vodafone customers to send or receive data at ease within a 24 hour period or one calendar day (depending on the Vodafone market) for a fixed fee of 12 (excl. VAT). The fixed fee covers consumption within either a 24 hour period or a calendar day, of up to 50 MB of data, after which the customer's standard per-megabyte rate applies.

Vodafone will launch the tariff across the majority of its European footprint on 2 July. It will be introduced into the remaining European markets soon thereafter. There is no activation charge for opting into the Vodafone Connect Abroad tariff.

The 12 (excl. VAT) flat rate tariff is applicable when a Vodafone customer is roaming on a Vodafone network in Europe, Egypt, Australia and New Zealand, and partner networks in France, Switzerland, Austria and Belgium (see Notes to Editors). If customers use their Vodafone Connect USB modem or Vodafone Connect 3G broadband data card on other networks, other costs are incurred for international roaming.

(1) Conditional awards of shares were granted on 24 July 2007 by the Company. The awards have been granted in accordance with the Vodafone Global Incentive Plan. The vesting of these awards is conditional on continued employment with the Vodafone Group and on the satisfaction of a performance condition approved by the Remuneration Committee. The performance measure is comparative total shareholder return (TSR). The TSR of Vodafone Group Plc over the three year performance period, 1 April 2007 to 31 March 2010, is compared to those companies in the top 50% of the FTSE Global Communications index by market capitalisation and companies are ranked by reference to their relative TSR performance. If Vodafone's TSR performance is such as to position it in the top half of the performance ranking of the constituent companies, 25% of the award will vest rising on a straight line basis to full vesting if the Company's performance is within the top 20% of companies in the peer group.

(2) The share options were granted on 24 July 2007 by the Company in accordance with the Vodafone Global Incentive Plan. The options will be exercisable at a price per share of 167.8p, subject to continued employment with the Vodafone Group and the satisfaction of a performance condition approved by the Remuneration Committee. The performance condition is that the compound annual growth in adjusted earnings per share over the three-year performance period must be at least 5% per annum. If annualised EPS growth of 5% per annum is achieved, 25% of the option will vest rising on a straight line basis to full vesting for achievement of annualised EPS growth of at least 8% per annum. The options are normally exercisable at any time between three and ten years from the date of grant.

(3) These awards are also conditional on the directors and other PDMRs being compliant with the Company's share ownership guidelines, which provide that they will acquire and maintain minimum levels of shareholding. The levels are four times salary for the Chief Executive, three times salary for other Board directors and two times salary for the other PDMRs, who are members of the Executive Committee.
