PRESS RELEASE

### **ARCADIS FILES FOR DEREGISTRATION WITH U.S. SECURITIES AND EXCHANGE COMMISSION**

ARNHEM, The Netherlands, June 6, 2008 ARCADIS (EURONEXT: ARCAD), the international consulting, design and engineering company, today announced that it is in the process of terminating its duty to file reports with the United States Securities and Exchange Commission (SEC). It is anticipated that on June 9, 2008, the company will file a Form 15-F with the SEC to terminate the registration of its securities under Section 12(g) of the Securities Exchange Act of 1934 and to suspend its duty to file reports with the SEC. ARCADIS anticipates that the deregistration process will be finalized within 90 days.

ARCADIS ordinary shares will continue to be listed for trading on the Euronext stock exchange in Amsterdam, and its shares may be traded in the United States on the over-the-counter bulletin boards. The decision to deregister follows an earlier delisting from the NASDAQ exchange that was taken in light of the low trading volume on the Nasdaq exchange and because the costs associated with maintaining a US listing outweighed the benefits. Since the delisting the trading volume in the United States has decreased to less than 5% of total trading volume in ARCADIS shares, allowing for deregistration with the SEC.

As required by new Exchange Act Rule 12h-6, ARCADIS will continue to make available all of its annual and quarterly information as well as any other information that is required under Dutch law or under the Euronext rules to its investors through its website. ARCADIS will also continue to host all of its regular investor relations activities, and road shows, including those in the U.S.

We are committed to the U.S. market and to U.S. shareholders, but saw no need to maintain a dual listing, also given the ever increasing transparency of global equity markets. Concentrating shares under a single listing is also beneficial for liquidity, said Harrie L.J. Noy, CEO of ARCADIS.

ARCADIS is an international company providing consultancy, design, engineering and management services in infrastructure, environment and facilities, to enhance mobility, sustainability and quality of life. ARCADIS develops, designs, implements, maintains and operates projects for companies and governments. With more than 13,500 employees and over 1.5 billion in gross revenue, the company has an extensive international network that is supported by strong local market positions.
