NEWS RELEASE

For Immediate Release

Xyratex Ltd Announces Results for the First Quarter Fiscal Year 2011

Havant, UK March 31, 2011 Xyratex Ltd (Nasdaq: XRTX), a leading provider of enterprise class data storage subsystems and hard disk drive capital equipment, today announced results for the first fiscal quarter ended February 28, 2011. Revenues for the first quarter were \$360.5 million, an increase of 13% compared to revenues of \$319 million for the same period last year.

For the first quarter, GAAP net income was \$4.7 million, or \$0.15 per diluted share, compared to GAAP net income of \$26.3 million, or \$0.85 per share, in the same period last year. Non-GAAP net income was \$7.5 million, or \$0.24 per diluted share, compared to non-GAAP net income of \$29.4 million, or \$0.96 per share, in the same quarter a year ago (1).

Gross profit margin in the first quarter decreased to 13.7%, compared to 18.1% in the same period last year, primarily due to significantly lower revenues and gross margins in the Storage Infrastructure business.

Revenues from sales of our Networked Storage Solutions (NSS) products were \$334.2 million as compared to \$271 million in the same quarter a year ago, an increase of 23.3%. Gross profit margin in the NSS business was 14.2% as compared to 15.2% a year ago. Revenues from sales of our Storage Infrastructure (SI) products were \$26.3 million as compared to \$48 million in the same quarter a year ago, a decrease of 45.2%. Gross profit margin in the SI business was 9.7% as compared to 34.7% a year ago.

Our first quarter results were somewhat mixed between our two businesses. Demand in our NSS business was within our expectations despite component supply challenges experienced by our largest customer. In our Storage Infrastructure business we experienced soft demand. I believe this resulted from changes in the market for 2.5 inch disk drives and also the recently announced industry consolidation among two of our customers. These factors have reduced our expectations of demand and revenues in the current fiscal year, however, in the medium to long term, I believe the consolidation will be good for the industry and our business, said Steve Barber, CEO of Xyratex. Given the current environment in both industries that we participate in and the consolidations that are taking place, we are very focused on creating new opportunities with both existing and new customers and restricting our costs to reflect the current environment. The dynamics in both industries are still very good and with good execution and the right technologies, I feel confident that our business opportunities remain strong. We will continue to work with our customers to make them more competitive in their respective markets and remain flexible in meeting their technology and product demands.

Share Repurchase Plan

The Board of Directors has authorized a recommencement of the share repurchase plan it initially approved during the first quarter of 2008, and to increase the maximum value of shares that may be repurchased. According to the revised terms of the plan, the Company may repurchase up to an additional \$50 million of its outstanding shares following April 30, 2011. As of February 28, 2011, Xyratex had 30.9 million shares outstanding.

Share repurchase transactions authorized under the plan will occur from time to time in the open market, through block trades or otherwise. Management and the Board of Directors will exercise discretion with respect to the timing and amount of any shares repurchased, based on their evaluation of a variety of factors, including current market conditions. Repurchases may be commenced or suspended at any time without prior notice. Additionally, Xyratex may initiate repurchases under a Rule 10b5-1 plan, which would permit shares to be repurchased when the Company would otherwise be precluded from doing so under insider-trading laws. The repurchase program will be funded using the Company's available cash resources, and it is intended that the repurchase program will be Rule 10b-18 compliant.

Business Outlook

The following statements are based on current expectations. These statements are forward-looking, and actual results may differ materially.

- Revenue in the second quarter of 2011 is projected to be in the range \$320 to \$365 million.
- Fully diluted earnings per share is anticipated to be a loss of between \$0.20 and \$0.02 on a GAAP basis in the second quarter. On a non-GAAP basis fully diluted earnings per share is anticipated to be between a loss of \$0.12 and earnings of \$0.06. Non-GAAP earnings per share excludes amortization of intangible assets, equity compensation expense, specified non-recurring items and related taxation expense.

Conference Call/Webcast Information

Xyratex quarterly results conference call will be broadcast live via the internet at <http://www.xyratex.com/investors> on Thursday, March 31, 2011 at 1:30 p.m. Pacific Time/4:30 p.m. Eastern Time. You can also access the conference call by dialing +1 (866) 761-0749 in the United States and +1 (617) 614-2707 outside of the United States, passcode 83850357. The press release will be posted to the company web site www.xyratex.com.

A replay will be available through April 7, 2011 following the live call by dialing +1 (888) 286-8010 in the United States and +1 (617) 801-6888 outside the United States, replay code 11656259.

(1) Non-GAAP net income and diluted earnings per share excludes (a) amortization of intangible assets, (b) equity compensation expense, and (c) the related tax effects. Reconciliation of non-GAAP net income and diluted earnings per share to GAAP net income and GAAP diluted earnings per share is included in a table immediately following the condensed consolidated statements of cash flows below.

The intention in providing these non-GAAP measures is to provide supplemental information regarding the Company's operational performance while recognizing that they have material limitations and that they should only be referred to with reference to the corresponding GAAP measure.

The Company believes that the provision of these non-GAAP financial measures is useful to investors and investment analysts because it enables comparison to the Company's historical operating results, those of competitors and other industry participants and also provides transparency to the measures used by management in operational and financial decision making. In relation to the specific items excluded: (a) intangible assets represent costs incurred by the acquired business prior to acquisition, are not cash costs and will not be replaced when the assets are fully amortized and therefore the exclusion of these costs provides management and investors with better visibility of the costs required to generate revenue over time; (b) equity compensation expense is non-cash in nature, is outside the control of management during the period in which the expense is incurred; (c) the exclusion of the related tax effects of excluding items (a) and (b) is necessary to show the effect on net income of the change in tax expense that would have been recorded if these items had not been incurred.

Safe Harbor Statement

This press release contains forward looking statements. These statements relate to future events or our future financial performance, including our projected revenue and fully diluted earnings per share data (on a GAAP and non-GAAP basis) for the second quarter. These statements are only predictions and involve known and unknown risks, uncertainties and other factors that may cause our actual results, levels of activity, performance or achievements to differ materially from any future results, levels of activity, performance or achievements expressed or implied by these forward looking statements. Factors that might cause such a difference include our inability to compete successfully in the competitive and rapidly changing marketplace in which we operate, failure to retain key employees, cancellation or delay of projects and adverse general economic conditions in the United States and internationally. These risks and other factors include those listed under **Risk Factors** and elsewhere in our Annual Report on Form 20-F as filed with the Securities and Exchange Commission (File No. 000-50799). In some cases, you can identify forward-looking statements by terminology such as *may*, *will*, *should*, *expects*, *intends*, *plans*, *anticipates*, *believes*, *estimates*, *potential*, *continue*, or the negative of these terms or other comparable terminology. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements.
