**Announcement** | Lisbon | 21 April 2011

**Qualified Holding and Long Position**

A Portugal Telecom, SGPS S.A. ( PT ) hereby informs that Citigroup Global Markets Ltd. ( Citi ) now holds a qualified holding and an economic long position above 2% of PT 's share capital and corresponding voting rights.

This situation resulted of an acquisition, on 19 April 2011, and disposal, on the same date, to Telemar Norte Leste, S.A., in both cases through over-the-counter transactions, of 35,860,500 ordinary shares representing 4% of PT 's share capital and corresponding voting rights. In limited circumstances and within a determined period of time, Citi is entitled to reacquire those shares (or part thereof). As a result, a qualified holding corresponding to 36,260,183 shares representing 4,0446% of PT 's share capital and corresponding voting rights is attributed to Citi. Citi holds an economic long position in the same amount.

The qualified holding and economic long position referred to above are held by Citi as follows:

| Entity                               | Holding Type                 | No. of shares   | % share capital and voting rights |

**FORWARD-LOOKING STATEMENTS**

This document may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words anticipates, believes, estimates, expects, plans and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
