ANNUAL GENERAL MEETING OF SHAREHOLDERS

PORTUGAL TELECOM, SGPS S.A.

27 April 2012

**PROPOSAL OF SHAREHOLDERS**

**ITEM 4 ON THE AGENDA:**

*(To resolve on a general appraisal of the Company's management and supervision)*

In order to comply with article 455-1 of the Portuguese Companies Code, which establishes that the Annual General Meeting of Shareholders shall resolve on the general appraisal of the company's management and supervision;

Taking into account the performance of the Board of Directors during the 2011 financial year, which, in a particularly adverse economic environment that was marked by the crisis in internal and external financial markets, further aggravated by the crisis of the sovereign risk in the Euro area, guided the Portugal Telecom Group's businesses by seeking to make the operational and organizational structure the more profitable, led the development in all business segments, consolidated its investment in Brazil and maximised the strategic value of its various international assets, which led to well-known results;

Further taking into account that the management of the Company pursued and achieved with great success the consolidation of its wager on innovation and development, notably on Meo, which exceeded the ambitious target of one million customers in the launching of new applications, such as MEO GO, MEO REMOTE and, this year, MEO KANAL, this latter one being an innovation at world level, and on the Mobile Broadband, thus contributing to an increase in the Portugal Telecom Group's structural competitive advantage and a leadership reinforcement in the telecommunications and technology business in Portugal;

Similarly, the Company's management successfully pursued its goal to keep the leadership in the fibre implementation in Portugal, where there already exist around 1.6 million homes passed ranking Portugal as the country with one of the greatest FTTH penetration. Also achieved was the coverage of almost 100% of the base stations, which permitted, in this year, the 4G launch aimed at covering over 90% of the country by the end of 2012;

Taking into account as well the successful outcome of the Vivo transaction following the strategic partnership entered into, in due time, with the Oi Group, the completion, in March 2011, of the acquisition of investments in Telemar Norte Leste, S.A. (Oi) and in Contax, S.A., and the

agreement with their controlling shareholders, which made it possible for PT to acquire an actual 25.3% share in Oi and 14.1% in Contax, thus ensuring the scale as required to ensure the sustainability of the Portugal Telecom Group's corporate project;

Further taking into consideration the highly professional and diligent manner in which the Audit Committee and the Statutory Auditor performed their duties, contributing in a significant way to the Company's good performance;

We propose that the General Meeting of Shareholders approve a special praise to the Chairman of the Board of Directors and to the Chief Executive Officer for their conduct of the activities of the Board of Directors and the operational and financial performance of the Company, throughout the period under appraisal, in spite of the challenging economic framework;

We further propose that the General Meeting of Shareholders express to the Board of Directors, the Executive Committee, the Audit Committee and the Statutory Auditor the Company's appreciation for their conduct and to approve a vote of confidence and a general praise on these corporate bodies and each of their members.

Lisbon, 22 March 2012
