## **Section 2 Financial Information**

### **Item 2.02 Results of Operations and Financial Condition.**

See statement in Item 7.01 below.

### **Item 7.01 Regulation FD Disclosure.**

In connection with certain investor presentations by Emergency Medical Services Corporation (the Registrant or EMSC ), the following information is being provided to investors. Such information is contained in Exhibit 99.1 to this report and is incorporated herein by reference.

#### **Non-GAAP Measures**

Included in this report are presentations of Reported Adjusted EBITDA, which is defined as net income (loss) attributable to EMSC before equity in earnings of unconsolidated subsidiary, income tax expense, interest and other income (expense), loss on early debt extinguishment, realized gain (loss) on investments, interest expense, equity-based compensation, related party management fee, restructuring charges, depreciation and amortization expense and net income attributable to noncontrolling interest, and Pro Forma Adjusted EBITDA, which is Reported Adjusted EBITDA as further adjusted for the items specified herein. Adjusted EBITDA measures are commonly used by management and investors as performance measures and liquidity indicators. Reported Adjusted EBITDA and Pro Forma Adjusted EBITDA are not considered measures of financial performance under U.S. generally accepted accounting principles ( GAAP ) and the items excluded therefrom are significant components in understanding and assessing EMSC 's financial performance. Reported Adjusted EBITDA and Pro Forma Adjusted EBITDA should not be considered in isolation or as an alternative to such GAAP measures as net income, cash flows provided by or used in operating, investing or financing activities or other financial statement data presented in EMSC 's consolidated financial statements as an indicator of financial performance or liquidity. Since Reported Adjusted EBITDA and Pro Forma Adjusted EBITDA are not measures determined in accordance with GAAP and are susceptible to varying calculations, these measures, as presented, may not be comparable to other similarly titled measures of other companies.

#### **Forward-Looking Statements**

Certain statements and information in this report may be deemed to be forward looking statements within the meaning of the Federal Private Securities Litigation Reform Act of 1995. Forward-looking statements may include, but are not limited to, statements relating to EMSC 's objectives, plans and strategies, and all statements (other than statements of historical facts) that address activities, events or developments that EMSC intends, expects, projects, believes or anticipates will or may occur in the future. Forward-looking statements are not guarantees of future performance and are subject to risks and uncertainties. Important factors that could cause actual results, developments and business decisions to differ materially from such forward-looking statements are described in Risk Factors in EMSC 's filings with the SEC from time to time. Among the factors that could cause future results to differ materially from those provided herein are: the impact on EMSC 's revenue of changes in transport volume, mix of insured and uninsured patients, and third party reimbursement rates and methods; the adequacy of EMSC 's insurance coverage and insurance reserves; potential penalties or changes to EMSC 's operations if EMSC fails to comply with extensive and complex government regulation of EMSC 's industry; the impact of changes in the healthcare industry; EMSC 's ability to recruit and retain
