#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND BASIS OF PRESENTATION

AMCON Distributing Company and Subsidiaries ( AMCON or the Company ) operate two business segments:

- Our wholesale distribution segment ( Wholesale Segment ) distributes consumer products in the Central, Rocky Mountain, and Southern regions of the United States. Additionally, our Wholesale Segment provides programs and services to assist our customers in managing their business and profitability.
- Our retail health food segment ( Retail Segment ) operates fourteen health food retail stores located throughout the Midwest and Florida.

#### WHOLESALE SEGMENT

Our Wholesale Segment is one of the largest wholesale convenience store distributors in the United States serving approximately 5,000 retail outlets including convenience stores, grocery stores, liquor stores, drug stores, and tobacco shops. We currently distribute over 14,000 different consumer products, including cigarettes and tobacco products, candy and other confectionery, beverages, groceries, paper products, health and beauty care products, frozen and chilled products and institutional foodservice products. We also provide a full range of consultative services to our customers in the areas of marketing, merchandising, inventory optimization, and information systems that allow our customers to better compete and maximize their profitability. Convenience stores represent our largest customer category. In October 2012, Convenience Store News ranked us as the ninth (9th) largest convenience store distributor in the United States based on annual sales.

Our Wholesale Segment operates six distribution centers located in Illinois, Missouri, Nebraska, North Dakota, South Dakota, and Tennessee. These distribution centers, combined with cross-dock facilities, include approximately 601,000 square feet of permanent floor space. Our principal suppliers include Philip Morris USA, RJ Reynolds, Commonwealth Brands, Lorillard, Proctor & Gamble, Hershey, Mars, Quaker, and Nabisco. We also market private label lines of water, candy products, batteries, film, and other products. We do not maintain any long-term purchase contracts with our suppliers.

#### RETAIL SEGMENT

Our Retail Segment is a specialty retailer of natural and organic groceries and dietary supplements, which is a subset of the larger U.S. grocery industry. We operate fourteen retail health food stores doing business as Chamberlin s Market & Café (Chamberlin s) and Akin s Natural Foods Market (Akin s). Chamberlin s, which was established in 1935, operates six stores in and around Orlando, Florida. Akin s, which was also established in 1935, has a total of eight locations in Oklahoma, Nebraska, Missouri, and Kansas. We are also scheduled to open two new Akin s retail stores during fiscal 2013. These stores will be located in Arkansas and Nebraska.

Our stores carry over 30,000 different national and regionally branded and private label products including high-quality natural, organic, and specialty foods consisting of produce, baked goods, frozen foods, nutritional supplements, personal care items, and general merchandise. We compete against a wide range retailers including, conventional, natural, gourmet, and discount retailers, as well as warehouse clubs, independent health food stores, dietary supplement retailers, drug stores, farmers markets, mail order, online retailers, and multi-level marketers.

#### FINANCIAL STATEMENTS

The Company s fiscal year ends on September 30. The results for the interim period included with this Quarterly Report may not be indicative of the results which could be expected for the entire fiscal year. All significant intercompany transactions and balances have been eliminated in consolidation. Certain information and footnote disclosures normally included in our annual financial statements prepared in accordance with generally accepted accounting principles ( GAAP ) have been condensed or omitted. In the opinion of management, the accompanying condensed consolidated unaudited financial statements ( financial statements ) contain all adjustments necessary to fairly present the financial information included herein, such as adjustments consisting of normal recurring items. The Company believes that although the disclosures contained herein are adequate to prevent the information presented from being misleading, these financial statements should be read in conjunction with the Company s annual audited consolidated financial statements for the fiscal year ended September 30, 2012, as filed with the Securities and Exchange Commission on Form 10-K. For purposes of this report, unless the context indicates otherwise, all references to we, us, our, the Company, and AMCON

#### Table of Contents

shall mean AMCON Distributing Company and its subsidiaries. Additionally, the three month fiscal periods ended December 31, 2012 and December 31, 2011 have been referred to throughout this quarterly report as Q1 2013 and Q1 2012, respectively. The fiscal balance sheet dates as of December 31, 2012, December 31, 2011, and September 30, 2012 have been referred to as December 2012, December 2011, and September 2012, respectively.

#### 2. CONVERTIBLE PREFERRED STOCK:

The Company has two series of convertible preferred stock outstanding at December 2012 as identified in the following table:

	Series A	Series B	
Date of issuance:	June 17, 2004		October 8, 2004
Optionally redeemable beginning	June 18, 2006		October 9, 2006
Par value (gross proceeds):	\$ 2,500,000	\$	400,000
Number of shares:	100,000		16,000
Liquidation preference per share:	\$ 25.00	\$	25.00
Conversion price per share:	\$ 30.31	\$	24.65
Number of common shares in which to be converted:	82,481		16,227
Dividend rate:	6.785%	,	6.37%

The Series A Convertible Preferred Stock (Series A) and Series B Convertible Preferred Stock (Series B), (collectively, the Preferred Stock), are convertible at any time by the holders into a number of shares of AMCON common stock equal to the number of preferred shares being converted multiplied by a fraction equal to \$25.00 divided by the conversion price. The conversion prices for the Preferred Stock are subject to customary adjustments in the event of stock splits, stock dividends, and certain other distributions on the Common Stock. Cumulative dividends for the Preferred Stock are payable in arrears, when, and if declared by the Board of Directors, on March 31, June 30, September 30 and December 31 of each year.

In the event of a liquidation of the Company, the holders of the Preferred Stock would be entitled to receive the liquidation preference plus any accrued and unpaid dividends prior to the distribution of any amount to the holders of the Common Stock. The shares of Preferred Stock are optionally redeemable by the Company beginning on various dates, as listed in the above table, at redemption prices equal to 112% of the liquidation preference. The redemption prices decrease 1% annually thereafter until the redemption price equals the liquidation preference, after which date it remains the liquidation preference. The Preferred Stock is redeemable at the liquidation value and at the option of the holder. The Series A Preferred Stock and 8,000 shares of the Series B Preferred Stock are owned by Mr. Christopher Atayan, AMCON s Chief Executive Officer and Chairman of the Board. The Series B Preferred Stock holders have the right to elect one member of our Board of Directors, pursuant to the voting rights in the Certificate of Designation creating the Series B. Mr. Atayan was first nominated and elected to this seat in 2004.

On November 30, 2012, AMCON Distributing Company repurchased 38,000 shares of its Series B Convertible Preferred Stock, \$0.01 par value and 1,255 shares of its common stock, \$0.01 par value for \$2.5 million. The shares acquired by AMCON were purchased from an institutional investor in a privately negotiated transaction that was not effected on any trading market. Prior to the Company s repurchase of the preferred and common shares, the institutional holder of the Series B Preferred Stock converted 4,000 of its Series B share holdings into 4,056 common shares of the Company.

#### 3. INVENTORIES

Inventories consists of finished goods at December 2012 and September 2012 and are stated at the lower of cost, determined on a First-in, First-out (FIFO) basis, or market. The wholesale distribution and retail health food segment inventories consist of finished products purchased in bulk quantities to be redistributed to the Company s customers or sold at retail. Finished goods included total reserves of approximately \$1.0 million and \$0.9 million at December 2012 and September 2012, respectively. These reserves include the Company s obsolescence allowance, which reflects estimated unsaleable or non-refundable inventory based upon an evaluation of slow moving and discontinued products.

#### 4. GOODWILL AND OTHER INTANGIBLE ASSETS

Goodwill by reporting segment of the Company consisted of the following:

	Dec	December Septemb	
	2	2012	2012
Wholesale Segment	\$	4,436,950 \$	4,436,950
Retail Segment		1,912,877	1,912,877
	\$	6,349,827 \$	6,349,827

Other intangible assets of the Company consisted of the following:

	December	September
	2012	2012
Trademarks and tradenames	\$ 3,373,269	\$ 3,373,269
Non-competition agreement (less accumulated amortization of approximately \$0.2 million at		
December 2012 and \$0.1 million at September 2012)	341,667	366,667
Customer relationships (less accumulated amortization of \$0.8 million and \$0.7 million at		
December 2012 and September 2012, respectively)	1,379,792	1,446,042
	\$ 5,094,728	\$ 5,185,978

Goodwill, trademarks, and tradenames are considered to have indefinite useful lives and therefore no amortization has been taken on these assets. At December 2012, identifiable intangible assets considered to have finite lives were represented by customer relationships and the value of a non-competition agreement acquired as part of acquisitions. The customer relationships are being amortized over eight years and the value of the non-competition agreement is being amortized over five years. These intangible assets are evaluated for accelerated attrition or amortization adjustments if warranted. Amortization expense related to identifiable intangible assets was \$0.1 million during both Q1 2013 and Q1 2012.

Estimated future amortization expense related to identifiable intangible assets with finite lives is as follows at December 2012:

	December
	2012
Fiscal 2013 (1)	\$ 273,750
Fiscal 2014	365,000
Fiscal 2015	365,000
Fiscal 2016	331,667
Fiscal 2017	265,000
Thereafter	121,041
	\$ 1,721,458

(1) Represents amortization for the remaining nine months of Fiscal 2013.

#### 6. EARNINGS PER SHARE

Basic earnings per share available to common shareholders is calculated by dividing net income less preferred stock dividend requirements by the weighted average common shares outstanding for each period. Diluted earnings per share available to common shareholders is calculated by dividing income from operations less preferred stock dividend requirements (when anti-dilutive) by the sum of the weighted average common shares outstanding and the weighted average dilutive options, using the treasury stock method.

#### **7. DEBT**

The Company primarily finances its operations through a credit facility provided under an agreement with Bank of America (the Facility ). The Facility included the following significant terms at December 2012:

- April 2011 origination date and an April 2014 maturity date.
- \$70.0 million revolving credit limit.

<sup>(2)</sup> Diluted earnings per share calculation excludes dividends for convertible preferred stock deemed to be dilutive, as those amounts are assumed to have been converted to common stock of the Company.

• A financial covenant requiring a fixed charge coverage ratio of at least 1.1 as measured by the previous twelve month period then ended only if excess availability falls below 10% of the maximum loan limit as defined in the credit agreement.
Cross Default and Co-Terminus Provisions
The Company s owned real estate in Bismarck, ND, Quincy, IL, and Rapid City, SD, is financed through a term loan with BMO Harris, NA (BMO) which is also a participant lender on the Company s revolving line of credit. The BMO loan contains cross default provisions which cause the loan with BMO to be considered in default if the loans where BMO is the lender, including the revolving credit facility, is in default. There were no such cross defaults at December 2012. In addition, the BMO loan contains co-terminus provisions which require all loans with BMO to be paid in full if any of the loans are paid in full prior to the end of their specified terms.
<u>Other</u>
AMCON has issued a letter of credit in the amount of approximately \$0.4 million to its workers compensation insurance carrier as part of its self-insured loss control program.
Off-Balance Sheet Arrangements
The Company does not have any off-balance sheet arrangements.
8. EQUITY-BASED INCENTIVE AWARDS
Omnibus Plan

The Company has an Omnibus Incentive Plan (the Omnibus Plan) which provides for equity incentives to employees. The Omnibus Plan was designed with the intent of encouraging employees to acquire a vested interest in the growth and performance of the Company. The Omnibus Plan permits the issuance of up to 150,000 shares of the Company s common stock in the form of stock options, restricted stock awards, restricted stock units, performance share awards as well as awards such as stock appreciation rights, performance units, performance shares, bonus shares, and dividend share awards payable in the form of common stock or cash. The number of shares issuable under the Omnibus Plan is subject to customary adjustments in the event of stock splits, stock dividends, and certain other distributions on the Company s common stock. At December 2012, awards with respect to a total of 131,195 shares, net of forfeitures, had been awarded pursuant to the Omnibus Plan and awards with respect to another 18,805 shares may be awarded under the plan.

#### **Stock Options**

During Q1 2013, the Company issued 8,000 incentive stock options to various employees, pursuant to the provisions of the Company s Omnibus Plan. These awards vest in equal installments over three and five year service periods. The awards had an estimated fair value at the grant date of approximately \$0.1 million using the Black-Scholes option pricing model. The following assumptions were used in connection with the Black- Scholes option pricing calculation:

	Stock Option Pricing Assumptions Q1 2013
Risk-free interest rate	1.46%
Dividend yield	1.10%
Expected volatility	25.00%

Fair value of non-vested awards at December 2012:	\$258,000	\$683,000	\$967,000

<sup>(1) 8,000</sup> of the restricted stock units were vested at December 2012. The remaining 4,000 restricted stock units will vest on November 22, 2013.

- (2) 5,300 of the restricted stock units were vested as of December 2012. The remaining 10,600 restricted stock units will vest in equal amounts on October 25, 2013 and October 25, 2014.
- (3) The 15,000 restricted stock units will vest in equal amounts on October 23, 2013, October 23, 2014 and October 23, 2015.

There is no direct cost to the recipients of the restricted stock units, except for any applicable taxes. The recipients of the restricted stock units are entitled to the customary adjustments in the event of stock splits, stock dividends, and certain other distributions on the Company s common stock. All cash dividends and/or distributions payable to restricted stock recipients will be held in escrow until all the conditions of vesting have been met.

#### Table of Contents

The restricted stock units provide that the recipients can elect, at their option, to receive either common stock in the Company, or a cash settlement based upon the closing price of the Company s shares, at the time of vesting. Based on these award provisions, the compensation expense recorded in the Company s Condensed Statement of Operations reflects the straight-line amortized fair value based on the period end closing price.

	Number of Shares	Weighted Average Fair Value
Nonvested restricted stock units at September 2012	36,700 \$	65.00
Granted	15,000	62.33
Vested	(22,100)	62.86
Expired		
Nonvested restricted stock units at December 2012	29,600 \$	64.45

#### All Equity-Based Awards (stock options and restricted stock units)

Net income before income taxes included compensation expense of approximately \$0.3 million during both Q1 2013 and Q1 2012 related to the amortization of all equity-based compensation awards. Total unamortized compensation expense related to these awards at December 2012 and December 2011 was approximately \$1.9 million and \$2.3 million, respectively.

#### 9. BUSINESS SEGMENTS

AMCON has two reportable business segments: the wholesale distribution of consumer products and the retail sale of health and natural food products. The retail health food stores—operations are aggregated to comprise the Retail Segment because such operations have similar economic characteristics, as well as similar characteristics with respect to the nature of products sold, the type and class of customers for the health food products and the methods used to sell the products. Included in the—Other—column are intercompany eliminations, and assets held and charges incurred by our holding company. The segments are evaluated on revenues, gross margins, operating income (loss), and income before taxes.

#### FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q, including the Management s Discussion and Analysis and other sections, contains forward-looking statements that are subject to risks and uncertainties and which reflect management s current beliefs and estimates of future economic circumstances, industry conditions, company performance and financial results. Forward-looking statements include information concerning the possible or assumed future results of operations of the Company and those statements preceded by, followed by or that include the words future, position, anticipate(s), expect, believe(s), see, plan, further improve, outlook, should or similar expressions. For these statements protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995. Forward-looking statements are not guarantees of future performance or results. They involve risks, uncertainties and assumptions. You should understand that the following important factors, in addition to those discussed elsewhere in this document, could affect the future results of the Company and could cause those results to differ materially from those expressed in our forward-looking statements:

- increases in state and federal excise taxes on cigarette and tobacco products,
   integration risk related to acquisitions or other efforts to expand,
   higher commodity prices which could impact food ingredient costs for many of the products we sell,
   regulation of cigarette and tobacco products by the FDA, in addition to existing state and federal regulations by other agencies,
   potential bans or restrictions imposed by the FDA on the manufacture, distribution, and sale of certain cigarette and tobacco products,
   increases in manufacturer prices,
- changes in promotional and incentive programs offered by manufacturers,

increases in inventory carrying costs and customer credit risk,

•	decreased availability of capital resources,
•	demand for the Company s products, particularly cigarette and tobacco products,
•	new business ventures or acquisitions,
•	domestic regulatory and legislative risks,
•	competition,
•	poor weather conditions,
•	increases in fuel prices,
•	consolidation trends within the convenience store and wholesale distribution industries,
•	natural disasters and domestic unrest,
•	other risks over which the Company has little or no control, and any other factors not identified herein,

#### Table of Contents

Changes in these factors could result in significantly different results. Consequently, future results may differ from management s expectations. Moreover, past financial performance should not be considered a reliable indicator of future performance. Any forward-looking statement contained herein is made as of the date of this document. Except as required by law, the Company undertakes no obligation to publicly update or correct any of these forward looking statements in the future to reflect changed assumptions, the occurrence of material events or changes in future operating results, financial conditions or business over time.

#### CRITICAL ACCOUNTING ESTIMATES

Certain accounting estimates used in the preparation of the Company s financial statements require us to make judgments and estimates and the financial results we report may vary depending on how we make these judgments and estimates. Our critical accounting estimates are set forth in our annual report on Form 10-K for the fiscal year ended September 30, 2012, as filed with the Securities and Exchange Commission. There have been no significant changes with respect to these policies during our fiscal quarter ended December 2012.

#### FIRST FISCAL QUARTER 2013 (Q1 2013)

The following discussion and analysis includes the Company s results of operations for the three months ended December 2012 and December 2011.

#### Wholesale Segment

Our wholesale segment is one of the largest wholesale convenience store distributors in the United States serving approximately 5,000 retail outlets including convenience stores, grocery stores, liquor stores, drug stores, and tobacco shops. In October 2012, Convenience Store News ranked us as the ninth (9th) largest convenience store distributor in the United States based on annual sales.

We currently distribute over 14,000 different consumer products, including cigarettes and tobacco products, candy and other confectionery, beverages, groceries, paper products, health and beauty care products, frozen and chilled products and institutional food service products. We also provide consultative services to our customers in the areas of marketing, merchandising, inventory optimization, and information systems which are designed to enhance the ability of our customers to compete and maximize their profitability. Convenience stores represent our largest customer category.

#### **Retail Segment**

Our Retail Segment is a specialty retailer of natural and organic groceries and dietary supplements, which is a subset of the larger U.S. grocery industry. We operate fourteen retail health food stores doing business as Chamberlin s Market & Café ( Chamberlin s ) and Akin s Natural Foods

Market (Akin s). Chamberlin s, which was established in 1935, operates six stores in and around Orlando, Florida. Akin s, which was also established in 1935, has a total of eight locations in Oklahoma, Nebraska, Missouri, and Kansas. We are also scheduled to open two new Akin s retail stores during fiscal 2013. These stores will be located in Arkansas and Nebraska.

Our stores carry over 30,000 different national and regionally branded and private label products including high-quality natural, organic, and specialty foods consisting of produce, baked goods, frozen foods, nutritional supplements, personal care items, and general merchandise. We compete against a wide range of retailers including, conventional, natural, gourmet, and discount retailers, as well as warehouse clubs, independent health food stores, dietary supplement retailers, drug stores, farmers markets, mail order, online retailers, and multi-level marketers.

#### **Business Update** Wholesale Segment

Legislative initiatives across the country continue to take aim at many of the products sold by our convenience stores customers. Tobacco products in particular are facing higher sales and excise taxes from state and local governments struggling to deal with budget shortfalls. Other profitable products such as sugary drinks are gaining tax focus as well. Additionally, both the convenience store industry, and the wholesale distributors that serve them, are undergoing significant structural changes (i.e. consolidation, product diversification, increasing reliance on technology etc.).

Despite these considerations, the demand for convenience shopping in the United States has remained steady. The convenience store industry, which represents the largest portion of our customer base, continues to show long term growth and has demonstrated resiliency compared to that of the general economy.

#### Table of Contents

We believe the future of wholesale distribution will be less about transporting highly commoditized products and will be more about providing differentiated merchandising and technology solutions to customers. While we expect the operating environment to remain highly competitive, we believe our long legacy of serving independent and fast growing small convenience store operations positions us well in the present environment.

#### **Business Update** Retail Segment

Sales in the retail health food industry have remained strong. Industry-wide, we believe a number of key factors are influencing overall demand trends. In particular, increased media coverage regarding possible linkages between food additives and disease, as well as premature development in children, has created tremendous awareness about the benefits of natural products. Additionally, food additives such as sugars, aspartame included in diet sodas, and the use of growth hormones and antibiotics in the production of chicken, beef, and dairy products have also come under a high degree of scrutiny in terms of dietary consumption, which has increased the interest in natural products.

During Q1 2013, our Florida market stores continued to experience sales growth, benefitting from the growing demand for natural products, as well as the improved economic conditions in that region. Our Akin s stores also performed well during Q1 2013, however, we continue to see increased competition in our Akin s stores resulting from the expansion of both regional and national health food chains.

Identifying both organic and strategic growth opportunities will continue to be a top priority throughout the remainder of fiscal 2013. We are currently scheduled to open two new Akin s retail stores located in Arkansas and Nebraska during fiscal 2013 and have ongoing efforts to identify potential acquisition opportunities.

Table	of	Contents

#### **SALES:**

Changes in sales are driven by two primary components:

- changes to selling prices, which are largely controlled by our product suppliers, and excise taxes imposed on cigarettes and tobacco products by various states; and
- (ii) changes in the volume of products sold to our customers, either due to a change in purchasing patterns resulting from consumer preferences or the fluctuation in the comparable number of business days in our reporting period.

#### 

Sales in our Wholesale Segment increased \$18.5 million during Q1 2013 as compared to Q1 2012. Significant items impacting sales during Q1 2013 included a \$6.0 million increase in sales related to price increases implemented by cigarette manufacturers, a \$4.8 million increase in sales related to the volume and mix of cigarette cartons sold, a \$4.8 million increase in sales related to higher state excise taxes during the comparative periods, and a \$2.9 million increase in sales related to higher sales in our tobacco, beverage, snacks, candy, grocery, health & beauty products, automotive, food service, and store supplies categories (Other Products).

Sales in our Retail Segment increased approximately \$0.2 million in Q1 2013 as compared to Q1 2012. This change in sales was primarily related to higher sales in our Florida market stores which continue to benefit from the growing demand for natural products, as well as the strengthening economic conditions in that region.

#### 

Our gross profit does not include fulfillment costs and costs related to the distribution network which are included in selling, general and administrative costs, and may not be comparable to those of other entities. Some entities may classify such costs as a component of cost of sales. Cost of sales, a component used in determining gross profit, for the wholesale and retail segments includes the cost of products purchased from manufacturers, less incentives we receive which are netted against such costs.

Gross profit in our Wholesale Segment increased \$0.5 million in Q1 2013 as compared to Q1 2012. This increase in gross profit was primarily related to higher sales volume and mix in our Other Products categories. Gross profit for the Retail Segment increased \$0.1 million in Q1 2013 as compared to Q1 2012. This increase was primarily related to higher sales volumes in our Chamberlin s retail stores.

#### OPERATING EXPENSE O1 2013 vs. O1 2012

Operating expense includes selling, general and administrative expenses and depreciation and amortization. Selling, general, and administrative expenses include costs related to our sales, warehouse, delivery and administrative departments for all segments. Specifically, purchasing and receiving costs, warehousing costs and costs of picking and loading customer orders are all classified as selling, general and administrative expenses. Our most significant expenses relate to employee costs, facility and equipment leases, transportation costs, fuel costs, insurance, and professional fees. Q1 2013 operating expenses increased \$0.5 million as compared to Q1 2012. This increase in operating expenses was primarily related to higher compensation and other operating expenses.

#### **Table of Contents**

#### LIQUIDITY AND CAPITAL RESOURCES

#### **Overview**

- General. The Company requires cash to pay operating expenses, purchase inventory, and make capital investments. In general, the Company finances its cash flow requirements with cash generated from operating activities and credit facility borrowings.
- Operating Activities. During Q1 2013, the Company used cash of approximately \$13.2 million for operating activities. Significant uses of
  cash during Q1 2013 included increases in inventory, prepaid assets and other current assets, and decreases in accounts payable, accrued
  expenses, and income taxes payable. These uses of cash were partially offset by decreases in accounts receivable and deferred income
  taxes, and the impact of net earnings.
  - Our variability in cash flows from operating activities is dependent on the timing of inventory purchases and seasonal fluctuations. For example, periodically we have inventory buy-in opportunities which offer more favorable pricing terms. As a result, we may have to hold inventory for a period longer than the payment terms. This generates a cash outflow from operating activities which we expect to reverse in later periods. Additionally, during the warm weather months, which is our peak time of operations, we generally carry higher amounts of inventory to ensure high fill rates and customer satisfaction.
- Investing Activities. The Company used approximately \$0.2 million of cash during Q1 2013 for investing activities, primarily related to
  capital expenditures for property and equipment.
- Financing Activities. The Company generated cash of \$12.9 million from financing activities during Q1 2013. Of this amount, approximately \$16.0 million related to net borrowings on the Company s credit facility. This was partially offset by \$0.3 million related to repayments on long-term debt, \$2.6 million related to the repurchase of shares of the Company s common stock and Series B Convertible Preferred Stock, \$0.2 million related to dividends on the Company s common and preferred stock.
- Cash on Hand/Working Capital. At December 2012, the Company had cash on hand of \$0.1 million and working capital (current assets less current liabilities) of \$66.2 million. This compares to cash on hand of \$0.5 million and working capital of \$49.9 million at September 2012.

#### **CREDIT AGREEMENT**

The Company primarily finances its operations through a credit facility provided under an agreement with Bank of America (the Facility ). The Facility included the following significant terms at December 2012:

- April 2011 origination date and an April 2014 maturity date.
- \$70.0 million revolving credit limit.
- Loan accordion allowing the Company to increase the size of the credit facility agreement by \$25.0 million.
- A provision providing an additional \$5.0 million of credit advances for certain inventory purchases.
- Evergreen renewal clause automatically renewing the agreement for one year unless either the borrower or lender provides written notice terminating the agreement at least 90 days prior to the end of the original term of the agreement or the end of any renewal period.

- Prepayment penalty equal to one-fourth of one percent (1/4%) if the Company prepays the entire Facility or terminates it in year two of the agreement. The prepayment penalty is calculated based on the maximum loan limit.
- The Facility bears interest at either the bank s prime rate, or at LIBOR plus 175 basis points, at the election of the Company.
- Lending limits subject to accounts receivable and inventory limitations.
- An unused commitment fee equal to one-quarter of one percent (1/4%) per annum on the difference between the maximum loan limit and average monthly borrowings.

- Secured by collateral including all of the Company s equipment, intangibles, inventories, and accounts receivable.
- Provides that the Company may not pay dividends on its common stock in excess of \$1.00 per share on an annual basis.
- A financial covenant requiring a fixed charge coverage ratio of at least 1.1 as measured by the previous twelve month period then ended only if excess availability falls below 10% of the maximum loan limit as defined in the credit agreement.

The amount available for use on the Facility at any given time is subject to a number of factors including eligible accounts receivable and inventory balances that fluctuate day-to-day. Based on our collateral and loan limits as defined in the Facility agreement, the credit limit of the Facility at December 2012 was \$69.6 million, of which \$30.4 million was outstanding, leaving \$39.2 million available.

At December 2012, the revolving portion of the Company s Facility balance bore interest based on the bank s prime rate and various short-term LIBOR rate elections made by the Company. The average interest rate was 2.52% at December 2012.

During Q1 2013, our peak borrowings under the Facility were \$45.9 million, and our average borrowings and average availability under the Facility were \$33.9 million and \$34.0 million, respectively. Our availability to borrow under the Facility generally decreases as inventory and accounts receivable levels increase because of the borrowing limitations that are placed on collateralized assets.

#### **Cross Default and Co-Terminus Provisions**

The Company s owned real estate in Bismarck, ND, Quincy, IL, and Rapid City, SD, is financed through a term loan with BMO Harris, NA (BMO) which is also a participant lender on the Company s revolving line of credit. The BMO loan contains cross default provisions which cause the loan with BMO to be considered in default if the loans where BMO is the lender, including the revolving credit facility, is in default. There were no such cross defaults at December 2012. In addition, the BMO loan contains co-terminus provisions which require all loans with BMO to be paid in full if any of the loans are paid in full prior to the end of their specified terms.

#### **Dividends Payments**

The Company paid cash dividends on its common stock and convertible preferred stock totaling approximately \$0.2 million during both Q1 2013 and Q1 2012.

#### **Contractual Obligations**

There have been no significant changes to the Company s contractual obligations as set forth in the Company s annual report on Form 10-K for the fiscal period ended September 30, 2012.

AMCON has issued a letter of credit in the amount of approximately \$0.4 million to its workers compensation insurance carrier as part of its self-insured loss control program.

#### **Off-Balance Sheet Arrangements**

The Company does not have any off-balance sheet arrangements.

#### **Liquidity Risk**

The Company s liquidity position is significantly influenced by its ability to maintain sufficient levels of working capital. For our Company and industry in general, customer credit risk and ongoing access to bank credit heavily influence liquidity positions.

The Company does not currently hedge its exposure to interest rate risk or fuel costs. Accordingly, significant price movements in these areas can and do impact the Company s profitability.

#### Table of Contents

The Company believes its liquidity position going forward will be adequate to sustain operations. However, a precipitous change in operating environment could materially impact the Company s future revenue stream as well as its ability to collect on customer accounts receivable or secure bank credit.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

Not applicable.

Item 4. Controls and Procedures

#### **Evaluation of Disclosure Controls and Procedures**

Disclosure controls and procedures are controls and other procedures that are designed to ensure that information required to be disclosed in company reports filed or submitted under the Securities Exchange Act of 1934 (the Exchange Act ) is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission s rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in company reports filed or submitted under the Exchange Act is accumulated and communicated to management, including our principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosure.

As required by Rules 13a-15(b) and 15d-15(b) under the Exchange Act, an evaluation of the effectiveness of our disclosure controls and procedures as of December 31, 2012 was made under the supervision and with the participation of our senior management, including our principal executive officer and principal financial officer. Based upon that evaluation, our principal executive officer and principal financial officer concluded that our disclosure controls and procedures were effective as of the end of the period covered by this report.

#### **Limitations on Effectiveness of Controls**

Our management, including our Chief Executive Officer and Chief Financial Officer, do not expect that our disclosure controls and procedures will prevent all errors and fraud. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable, not absolute, assurance of achieving the desired control objectives. Further, the design of a control system must reflect the fact that there are resource constraints, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within the Company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty, and that breakdowns can occur because of simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people, or by management s override of the control.

The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions. Over time, controls may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate. Because of the inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and not be detected.

#### **Changes in Internal Control Over Financial Reporting**

There were no changes in our internal control that occurred during the fiscal quarter ended December 31, 2012, that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II OTHER INFORMATION
Item 1. Legal Proceedings
None.
Item 1A. Risk Factors
There have been no material changes to the Company s risk factors as previously disclosed in Item 1A Risk Factors of the Company s annual report on Form 10-K for the fiscal year ended September 30, 2012.
Item 2. Unregistered Sales of Equity Securities and Use of Proceeds
On October 23, 2012, our company awarded restricted stock units (RSUs) and incentive stock options (Options) under the AMCON Distributing Company 2007 Omnibus Incentive Plan (the Plan), including RSUs to two executives of our company (namely: Christopher H. Atayan and Andrew C. Plummer) and Options to one executive of our company (namely: Eric J. Hinkefent). The RSUs provide the award recipient with the right to receive, subject to being employed on the applicable vesting date, (i) an amount of cash equal to the per share fair market value of our company s common stock as of the vesting date multiplied by the number of shares underlying the RSUs then becoming vested and held by the award recipient or (ii) a number of shares of common stock equal to the whole number of shares underlying the RSUs then becoming vested and held by the award recipient, as elected by the award recipient. Each Option has an exercise price of \$62.33 per share, which represents the closing trading price for our common stock on the NYSE MKT on the grant date. Subject to earlier forfeiture under certain limited circumstances, the RSUs and Options each vest as to one-third of the award on each of October 23, 2013, October 23, 2014, and October 23, 2015. If all RSUs were to fully vest and be settled in shares of our company s common stock, a total of 8,000 shares of our company s common stock would be issued.
On October 25, 2012, our company issued a total of 4,975 shares of common stock, par value \$.01 per share, pursuant to the settlement of restricted stock units previously awarded under the Plan to four executives of our company (namely: Christopher H. Atayan, Andrew C. Plummer, Eric J. Hinkefent, and Philip E. Campbell).
On October 26, 2012, our company issued a total of 12,394 shares of common stock, par value \$.01 per share, pursuant to the settlement of restricted stock units previously awarded under the Plan to four executives of our company (namely: Christopher H. Atayan, Andrew C. Plummer, Eric J. Hinkefent, and Philip E. Campbell).

On November 22, 2012, our company issued a total of 3,531 shares of common stock, par value \$.01 per share, pursuant to the settlement of restricted stock units previously awarded under the Plan to four executives of our company (namely: Christopher H. Atayan, Andrew C. Plummer, Eric J. Hinkefent, and Philip E. Campbell).

The securities described above in this item were issued for services and in furtherance of the Plan s purpose of encouraging employees of our company and its affiliates to acquire a proprietary and vested interest in the growth and performance of our company. The securities were issued in reliance on the exemption from registration provided by Section 4(2) of the Securities Act of 1933 for transactions not involving any public offering. Our company received no payment in connection with such issuances. No underwriters were involved with the issuance of the securities described in this item and no commissions were paid in connection with such issuances. There was no advertisement or general solicitation made in connection with the issuance of the securities described in this item.

Pursuant to the exercise of conversion rights with respect to the Company s Series B Convertible Preferred Stock on October 4 and 26, 2012, a total of 4,056 shares of our Company s common stock were issued pursuant to the conversion of 4,000 shares of Series B Convertible Preferred Stock. The shares of common stock issued pursuant to such conversion were issued in reliance on the exemption from registration provided by Section 3(a)(9) of the Securities Act of 1933, which exemption is available for transactions involving securities exchanged by the issuer with its existing security holders exclusively where no commission or other remuneration is paid or given directly or indirectly for soliciting such exchange. Our company received no payment in connection with the issuances of such shares. No underwriters were involved with the issuance of the shares of common stock described above and no commissions were paid in connection with such issuances. There was no advertisement or general solicitation made in connection with the issuance of the shares of common stock described above.
