Item 8.01. Other Events.

Chris D. Holmes, Senior Vice President, adopted a prearranged trading plan on November 18, 2013, in accordance with guidelines specified by Rule 10b5-1 under the Securities and Exchange Act of 1934, and 3M Company's policies with respect to insider sales.

Rule 10b5-1 plans permit insiders to sell a specified portion of their holdings at a specified time or over a specified period of time pursuant to a plan established at a time when the insider is not in possession of material non-public information. A Rule 10b5-1 plan offers an opportunity for an insider to provide for future transactions to occur without concern about unforeseen future events that may be considered material non-public information. A Rule 10b5-1 plan may, for example, allow an insider to diversify his or her investment portfolio by selling Company shares from time to time over a pre-established period of time, without regard for future developments relating to the Company. By spreading the sales out over an extended period of time, the insider may minimize the effect of the sales on the market for the Company's stock.

Mr. Holmes' plan contemplates the sale of the net shares out of the maximum 1,213 shares of 3M common stock (acquired through Restricted Stock Units vesting), but only if the stock meets a minimum price threshold as specified in the plan. The plan is through January 2, 2015. Assuming all transactions execute, Mr. Holmes would remain above the minimum stock ownership thresholds established by the Company. Any transactions under the plan will be disclosed publicly through Form 4 and, if applicable, Form 144 filings with the Securities and Exchange Commission.
