### Modifications to the Preliminary Prospectus Supplement

#### *Optional Redemption - certain revised and additional defined terms*

The current definition of **Comparable Treasury Issue** at page S-9 is hereby modified by deleting the words ( **Remaining Life** ) and adding the words (assuming, for this purpose, that the notes mature on the Early Call Date) to the end of the last sentence.

The following definition of **Comparable Treasury Price** is inserted after the definition of **Comparable Treasury Issue** and the following definition of **Reference Treasury Dealer Quotations** is inserted after the definition **Reference Treasury Dealer**, each on page S-9 of the Preliminary Prospectus Supplement:

## Edgar Filing: KINDER MORGAN, INC. - Form FWP

Comparable Treasury Price means, with respect to any redemption date, (1) the average of the Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest Reference Treasury Dealer Quotations, or (2) if the Independent Investment Banker obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such quotations.

Reference Treasury Dealer Quotations means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Independent Investment Banker, of the bid and asked prices for the applicable Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker by such Reference Treasury Dealer at 5:00 p.m., New York City time, on the third business day preceding such redemption date.
