Under the Restated Loan Agreement, the Company can incur revolver borrowings up to the lesser of \$35.0 million and a borrowing base equal to 80.0% of eligible accounts receivable. Any outstanding principal amounts borrowed under the Restated Loan Agreement must be paid at maturity. Interest accrues at a floating rate equal to the lender's prime rate and is payable monthly. In addition, the Company is required to pay a fee of 0.35% of any unused borrowing capacity, which is payable quarterly. The Restated Loan Agreement also includes a letter of credit, foreign exchange and cash management facility up to the full amount of available credit. The credit facility matures in January 2018. The Company had no outstanding borrowings under the credit facility as of January 27, 2017; however, the lender has issued standby letters of credit, which can be drawn down from amounts available under the credit facility.

The Restated Loan Agreement contains customary conditions to borrowings, events of default and negative covenants, including covenants that restrict the Company's ability to dispose of assets, merge with or acquire other entities, incur indebtedness, incur encumbrances, make distributions to holders of capital stock, make investments or engage in transactions with affiliates. The Company is also subject to a financial covenant with respect to minimum quick ratio, tested monthly, and trailing twelve-month Adjusted EBITDA, tested quarterly. The Company's obligations under the credit facility are secured by substantially all of its assets other than its intellectual property, although the Company has agreed not to encumber any of its intellectual property without the lender's prior written consent. Subject to certain exceptions, the Company is required to maintain all of its cash and cash equivalents at accounts with the Lender.

The foregoing is a summary description of certain terms of the Restated Loan Agreement, is not complete and is qualified in its entirety by reference to the text of the Restated Loan Agreement, which will be filed as an exhibit to the Company's Quarterly Report on Form 10-Q for the quarter ended March 31, 2017.

Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.
