Entry into Material Definitive Agreements

On August 6, 2007, China Natural Resources, Inc. entered into subscription agreements with six non-U.S. persons to sell and issue an aggregate of 2,187,500 units, each unit consisting of two common shares and one warrant to purchase one common share, for a purchase price of \$16.00 per unit, or an aggregate purchase price of \$35 million. Each warrant entitles the holder to purchase one common share at an exercise price of \$10.00 per share for a three year period commencing one year following the date of issuance.

The several subscription agreements provide that closings of the transactions contemplated by the agreements, at which the shares and warrants will be issued and the purchase price paid, are to take place on or before August 26, 2007. The Company has granted holders of a majority of the common shares included in the units, one demand, as well as piggy-back, registration rights covering the common shares included in the units. The demand right may be exercised commencing three months following the closing. The number of shares that may be registered is subject to limitations imposed under applicable rules and regulations of the Securities and Exchange Commission.

No commissions or other compensation have been or will be paid in connection with the sale of the units. The units will be sold pursuant to the exemption from registration provided by Regulation S under the Securities Act of 1933, as amended.

On August 8, 2007, the Company issued a press release disclosing that the Company had entered into the subscription agreements. A copy of that press release is furnished as an exhibit to this report.
