On July 31, 2006, the management of iChargeit engaged Malone & Bailey, PC ("Malone & Bailey") as its independent public accountants to audit its financial statements for the fiscal year ending June 30, 2001, June 30, 2002, June 30, 2003, June 30, 2004, June 30, 2005 and June 30, 2006. During the most recent fiscal year and any subsequent interim period prior to engaging Malone & Bailey, iChargeit did not consult with Malone & Bailey regarding either (i) the application of accounting principals to a specified transaction, either completed or proposed; or the type of audit opinion that might be rendered on the Company's financial statements; or (ii) any matter that was either the subject matter of a disagreement (as defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions) or a reportable event (as defined in Item 304(a)(1)(v) of Regulation S-K). ITEM 8A. CONTROLS AND PROCEDURES

(a) As required by Rule 13a-15 under the Exchange Act, as of the end of the period covered by this report, being June 30, 2003, we have carried out an evaluation of the effectiveness of the design and operation of our company's disclosure controls and procedures. This evaluation was carried out under the supervision and with the participation of our management, including our president and chief executive officer. Based upon that evaluation, our chief executive officer and chief financial officer concluded that our disclosure controls and procedures were not effective as of the end of the period covered by this report. Controls were not effective primarily because of failure to timely file reports and in the course of performing their audit, our independent auditors determined there were numerous audit adjustments in various areas due to a lack of resources devoted to the accounting and financial reporting

4

function. There have been no significant changes in our internal controls over financial reporting that occurred during our most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect our internal controls over financial reporting.

Disclosure controls and procedures are controls and other procedures that are designed to ensure that information required to be disclosed in our company's reports filed or submitted under the Securities and Exchange Act of 1933 is recorded, processed, summarized and reported, within the time periods specified in the Securities and Exchange Commission's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in our reports filed under the Exchange Act is accumulated and communicated to management, including our president and chief executive officer as appropriate, to allow timely decisions regarding required disclosure.

(b) Changes in internal controls

There were no significant changes in our internal controls or in other factors that could significantly affect these controls subsequent to the date of the evaluation of those controls by the chief executive officer and principal financial officer.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors
Ichargeit, Inc.
(Development Stage Company)
Rockwall, TX

We have audited the accompanying balance sheet of iChargeit, Inc. ("iChargeit") as of June 30, 2003 and the related statements of expenses, stockholders' deficit, and cash flows for the two years then ended and the period from July 1, 2001 (re-entering the development stage) through June 30, 2002. These financial statements are the responsibility of iChargeit's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit also includes

Edgar Filing: FREESTONE RESOURCES, INC. - Form 10KSB

examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of iChargeit as of June 30, 2003 and the results of operations and cash flows for the two years ended June 30, 2003 and the period from July 1, 2001 (re-entering the development stage) through June 30, 2002, in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that iChargeit will continue as a going concern. As discussed in Note 2 to the financial statements, iChargeit suffered recurring losses from operations and has a working capital deficiency, which raises substantial doubt about its ability to continue as a going concern. Management's plans regarding those matters also are described in Note 2. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

F-5

ICHARGEIT, INC.
Notes To Financial Statements
June 30, 2003

NOTE 1 - NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities, History and Organization:

Ichargeit, Inc. was involved in the operation of an internet computer supply business until its operations were discontinued in 2001. It has had no business since that time. IChargeit was incorporated as Para-Link, Inc. in Texas on January 22, 1997 and on March 10, 1999, Para-Link acquired 100% of the outstanding capital stock of iChargeit Inc., which was incorporated on January 6, 1999 in Nevada. On March 17, 1999, iChargeit changed its name to iChargeit, Inc. On November 5, 1999 iChargeit was reincorporated in Delaware.

Income Taxes:

Income taxes are computed using the asset and liability method. Under the asset and liability method, deferred income tax assets and liabilities are determined based on the differences between the financial reporting and tax bases of assets and liabilities and are measured using the currently enacted tax rates and laws. A valuation allowance is provided for the amount of deferred tax assets that, based on available evidence, are not expected to be realized.

Earnings per Share:

Edgar Filing: FREESTONE RESOURCES, INC. - Form 10KSB

Basic net loss per share is calculated by dividing the net loss by the weighted average number of common shares outstanding for the period covered. As iChargeit has no potentially dilutive securities, therefore fully diluted loss per share is identical to basic loss per share.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Re-entering the Development Stage:

iChargeit disposed of all of its operations during the year ended June 30, 2001. Since it had no operations, it re-entered the development stage and will continue in the development stage until it generates revenues from operations.

Recently Issued Accounting Pronouncements:

iChargeit does not expect the adoption of recently issued accounting pronouncements to have a significant impact on its results of operations, financial position or cash flow.

F-6

NOTE 2 - GOING CONCERN

As reflected in the accompanying financial statements, iChargeit incurred operating losses, and has a negative working capital position as of June 30, 2003. The above factors raise substantial doubt about iChargeit's ability to continue as a going concern. iChargeit's continued existence is dependent on its ability to obtain additional equity and/or debt financing to fund its operations. iChargeit plans to raise additional financing and to increase sales volume. There is no assurance that iChargeit will obtain additional financing or achieve profitable operations or cash inflows. The financial statements do not include any adjustments relating to the recoverability or classification of recorded asset amounts or the amount and classification of liabilities that might be necessary as a result of this uncertainty.

NOTE 3 - NOTES PAYABLE

iChargeit has two notes payable, both originating from the discontinued operations of iChargeit's subsidiary in 2001, of \$316,000 and \$75,351. No interest is charged on the \$316,000 note. The \$75,351 note is in default, accrues interest at 18% and is secured by all assets of iChargeit except cash. As of June 30, 2003, interest of \$18,852 was included in the balance of this note.

NOTE 4 - INCOME TAXES

Edgar Filing: FREESTONE RESOURCES, INC. - Form 10KSB

iChargeit has adopted Statement of Financial Accounting Standards No. 109, Accounting for Income Taxes (SFAS No. 109), which requires the use of the liability method in the computation of income tax expense and the current and deferred income taxes payable. iChargeit had net losses for the years ended June 30, 2003 and 2002 and therefore had no tax liability. The cumulative net operating loss carry-forward is approximately \$4,976,180 and will expire between 2004 and 2024.

iChargeit's net deferred tax amounts are as follows:

Deferred tax asset attributable to:	
Net operating loss carryover	\$ (1,691,901)
Less: Valuation allowance	1,691,901

Net deferred tax asset	\$ 0
	=====

NOTE 5 - SUBSEQUENT EVENTS

On August 22, 2006 iChargeit was reincorporated in the State of Nevada under the laws of the State of Nevada. On August 22, 2006, iChargeit changed its name to Freestone Resources, Inc.
