and incorporating herein by reference, the figures used to calculate the Company's ratio of earnings to fixed charges and ratio of earnings to combined fixed charges and preferred stock dividends for the nine months ended September 30, 2005.

For the purposes of computing these ratios pursuant to Item 503 of Regulation S-K, earnings have been calculated by adding fixed charges (excluding capitalized interest), amortization of capitalized interest and distributed income of equity investees to pre-tax income from continuing operations before adjustment for minority interests in consolidated subsidiaries or income/loss from unconsolidated partnerships. Fixed charges consist of interest costs, whether expensed or capitalized, the interest component of rental expenses, amortization of debt discounts and issue costs, whether expensed or capitalized and the preferred dividend factor consisting of the amount of pre-tax earnings required to cover any preferred stock dividend requirements.
