AEGIS REALTY, INC. AND SUBSIDIARIES
Notes to Consolidated Financial Statements
March 31, 2001
(Unaudited)

Edgar Filing: AEGIS REALTY INC - Form 10-Q

Note 1 - General

Aegis Realty, Inc. (the "Company") is a Maryland corporation that has qualified as a real estate investment trust ("REIT") under the Internal Revenue Code of 1986 as amended (the "Code"). The Company was formed to acquire, own, operate and renovate primarily supermarket-anchored neighborhood and community shopping centers. As of March 31, 2001, the Company owned a portfolio of 28 retail properties (the "Retail Properties") containing a total of approximately 3.0 million gross leaseable square feet, held partnership interests in two suburban garden apartment properties (the "Multifamily Properties") and held one FHA insured participating mortgage secured by a suburban garden apartment property (the "FHA Mortgage").

The Company is governed by a board of directors comprised of two independent directors and three directors who are affiliated with Related Capital Company ("Related"), a nationwide, fully integrated real estate services firm. The Company has engaged Related Aegis LP (the "Advisor"), a Delaware limited partnership and an affiliate of Related, to manage its day to day affairs.

The Company owns all of its assets directly or indirectly through Aegis Realty Operating Partnership, LP, a Delaware limited partnership (the "Operating Partnership" or "OP"), of which the Company is the sole general partner and holder of 91.31% of the units of partnership interest (the "OP Units") at March 31, 2001. Also, at March 31, 2001, 5.54% of the OP Units are held by the sellers of three of the Retail Properties and 3.15% by affiliates of Related.

The consolidated financial statements include the accounts of the Company and its subsidiary partnerships. All intercompany accounts and transactions with the subsidiary partnerships have been eliminated in consolidation. Unless otherwise indicated, the "Company", as hereinafter used, refers to Aegis Realty, Inc. and its consolidated subsidiary partnerships.

The accompanying financial statements have been prepared without audit. In the opinion of management, the financial statements contain all adjustments (consisting of only normal recurring adjustments) necessary to present fairly the financial position of the Company as of March 31, 2001 and the results of its operations and its cash flows for the three months ended March 31, 2001 and 2000. However, the operating results for the interim periods may not be indicative of the results for the full year.

Certain information and footnote disclosures normally included in annual financial statements prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") have been condensed or omitted. It is suggested that these financial statements should be read in conjunction with the financial statements and notes thereto included in the Company's Form 10-K for the year ended December 31, 2000.

The consolidated financial statements of the Company are prepared on the accrual basis of accounting in conformity with GAAP, which requires the Advisor to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements as well as the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Because the Company has no items of other comprehensive income, the Company's net income and comprehensive income are the same for all periods presented.

SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities" establishes accounting and reporting standards for derivative instruments,

Edgar Filing: AEGIS REALTY INC - Form 10-Q

including certain derivative instruments embedded in other contracts, and for hedging activities. It was implemented for the Company beginning on January 1, 2001. Because the Company does not utilize derivatives, implementation of this statement did not have a material effect on the Company's financial statements.

Certain amounts in the 2000 financial statements have been reclassified to conform to the 2001 presentation.

On December 21, 2000, the Company entered into a definitive acquisition agreement to acquire a portfolio of 19 shopping centers and several retail development opportunities (the "Acquisition Transaction") from Dallas, Texas-based P.O'B. Montgomery & Company (and its investment partners) ("POB"). Under the terms of the acquisition agreement, Aegis has agreed to pay POB a total of \$203.5 million, comprised of cash, Aegis common shares and assumption of debt encumbering the acquired shopping centers. As a condition to the Acquisition Transaction, Aegis would terminate its advisory agreement and acquire the assets of the Company's property manager, terminate the property management, and internalize those management functions. The Advisor will be entitled to certain fees should the Acquisition Transaction be completed. Aegis originally expected to close the acquisition transaction in late Spring 2001, subject to stockholder approval. Certain stockholders have raised concerns about the transaction. Aegis is currently considering those concerns and is engaged in discussions with POB, which may or may not result in material changes to the transaction as previously announced. The Acquisition Transaction is subject to Aegis' stockholder approval and customary conditions.

Note 2 - Real Estate

The components of real estate are as follows:

	March 31, 2001	December 31, 2000
	-----	-----
Land	\$ 40,252,075	\$ 40,267,037

	\$174,772,156	\$175,156,729
	=====	=====

Amounts estimated to be recoverable from future operations and ultimate sales are greater than the carrying value of each property owned at March 31, 2001. However, the carrying value of certain properties may be in excess of their fair value as of such date.

Note 3 - Deferred Costs

The components of deferred costs are as follows:

	March 31, 2001	December 31, 2000
	-----	-----
Deferred loan costs	\$ 3,422,809	\$ 3,437,672

(a) The Credit Facility is shared among Fleet Bank (28.57%), KeyBank National Association (28.57%), Citizens Bank of Rhode Island (28.57%) and Sovereign Bank (14.29%).

(b) The interest rate under the Credit Facility can float 1/2% under Fleet Bank's base rate or can be fixed in 30, 60, 90 and 180 day periods at various spreads over the indicated Euro-contract, ranging from 1.75% to 2.125% depending on the Company's ratio of total debt to total assets. The Company has currently elected the 30 day rate which was 5.125% at March 31, 2001.

(c) Outstanding balance of a \$80 million senior revolving credit facility ("Credit Facility").

Edgar Filing: AEGIS REALTY INC - Form 10-Q

(d) Note was assumed upon purchase of the property by the Company on March 31, 1998.

(e) Note was assumed upon purchase of the property by the Company on April 22, 1998.

(f) Note was assumed upon purchase of the property by the Company on November 24, 1998.

(g) Note was assumed upon purchase of the property by the Company on December 9, 1998.

(h) The Credit Facility was collateralized at March 31, 2001 by nineteen Retail Properties, one investment in a partnership and one Mortgage Loan with carrying values of \$109,744,786, \$5,040,221 and \$3,157,399, respectively. In addition, the obligation under the Credit Facility is guaranteed by the Company, Summit Insured I, Summit Insured II (two of the Company's subsidiaries) and TCR-Pinehurst Limited Partnership (one of the two partnerships in which the Company has invested).

Note 5 - Common Stock

Each independent director is entitled to receive annual compensation for serving as a director in the aggregate amount of \$17,500 payable in cash (maximum of \$7,500 per year) and/or shares of Common Stock valued based on the fair market value at the date of issuance. As of March 31, 2001 and December 31, 2000, 3,357 and 2,376 shares, respectively, having an aggregate value at the date of issuance of \$32,500 and \$22,500, respectively, have been issued to each of the Company's two independent directors as compensation for their services.

Note 6 - Related Party Transactions

Pursuant to the Advisory Agreement, the Advisor receives (i) acquisition fees equal to 3.75% of the acquisition prices of properties acquired; (ii) mortgage selection fees based on the principal amount of mortgage loans funded; (iii) asset management fees equal to .375% of the total invested assets of the Company; (iv) a liquidation fee based on the gross sales price of the assets sold by the Company in connection with a liquidation of the Company's assets; and (v) reimbursement of certain administrative costs incurred by the Advisor on behalf of the Company.

The Company's Retail Properties are managed by RCC Property Advisors (the "Property Manager"), an affiliate of the Advisor, for a fee equal to 4.5% of the gross rental receipts from the Retail Properties, which is competitive with such fees paid in the areas in which the properties are located. The Property Manager also receives standard leasing commissions for space leased to new tenants and for lease renewals and is reimbursed for certain expenses.

The costs incurred to related parties for the three months ended March 31, 2001 and 2000 were as follows:

	Three Months Ended March 31,	
	2001	2000
Expense reimbursement	\$ 70,112	\$ 69,895

Note 7 - Earnings Per Share

Basic and diluted net income per share in the amount of \$.15 and \$.21 for the three months ended March 31, 2001 and 2000, respectively, equals net income for the periods (\$1,178,039 and \$1,653,193, respectively), divided by the weighted average number of shares outstanding for the periods (8,050,487 and 8,048,032, respectively).

There is no difference between basic and diluted net income per share with respect to the conversion of the minority interests' OP Units outstanding at March 31, 2001 and 2000 into an additional 765,780 and 777,213 shares, respectively, of Common Stock because the earnings of an OP Unit are equivalent to the earnings of a share of Common Stock.

Note 8 - Commitments and Contingencies

The Company is subject to routine litigation and administrative proceedings arising in the ordinary course of business. Management does not believe that such matters will have a material adverse impact on the Company's financial position, results of operations or cash flows.

On or about February 8, 2001, a complaint was filed in the New York Supreme Court, County of New York, against the Advisor. Also individually named in the suit were Messrs. Boesky, Hirmes, Ross, Brenner, Allen and Fisch, each of whom is either a director of Aegis or the Advisor. Aegis was also named as a nominal defendant. The action is entitled Paul v. The Related Companies L.P., et al., Index No. 01-600669, and is purportedly a class and derivative action. On or about March 23, 2001, a second action, entitled Schnipper v. Aegis Realty, Inc., et al., Case No. 219736-V, was filed in the Circuit Court for Montgomery County, Maryland against Aegis and each of Aegis' five directors (Messrs. Boesky, Brenner, Hirmes, Allen and Fisch). Schnipper is purportedly brought as a class action. On or about April 2, 2001, a third action, entitled Opportunity Partners, L.P. v. Stuart J. Boesky, et al., Civ. No. 24-C-01-001579, was filed in the Circuit Court for Baltimore County, Maryland against, among others, Aegis, each of its five directors, and the Advisors. Opportunity Partners is purportedly a class and derivative action. Each suit alleges that the defendants breached their fiduciary duties to the Aegis stockholders by, among other things, committing Aegis to pay unwarranted fees and other consideration to the Advisor and the Property Manager. The actions seek money damages, injunctive and declaratory relief and attorneys' fees. The transaction at issue in each suit, however, was approved by Aegis' independent directors (Messrs. Allen and Fisch), who first obtained legal advice and two fairness opinions from nationally recognized investment banking firms before approving those transactions. Additionally, the transaction at issue is subject to Aegis stockholder approval and will be submitted for a vote of the Aegis stockholders after proxy materials describing that transaction are disseminated to the Aegis stockholders. Aegis intends to defend all three actions vigorously. On or about April 16, 2001, the defendants filed motions to dismiss the complaint in Paul. The defendants' times to answer in Schnipper and Opportunity Partners have not yet expired. With respect to the allegations in the lawsuits, the defendants have advised that they continue to believe that the transaction is fair and reasonable and in the best interests of Aegis and its stockholders and will be submitted for approval by a vote of the Aegis stockholders.

The Company believes that it has meritorious defenses to the claims brought in the lawsuit described above, but is unable to predict the effect of the outcome of this lawsuit on the Company's financial position, results of operations and cash flows. In addition, the timing of the final resolution of this proceeding is uncertain. No provision has been recorded on the financial statements of the

Edgar Filing: AEGIS REALTY INC - Form 10-Q

Company to reflect the above litigation.

Except for the lawsuit described above, the Company is subject to routine litigation and administrative proceedings arising in the ordinary course of business. Management does not believe that such matters will have a material adverse impact on the Company's financial position, results of operations or cash flows.

Note 9 - Subsequent Event

On April 23, 2001, the owner of Woodgate Manor sold the property to a third party. The Company received proceeds of \$3.5 million from the borrower. The carrying value of the Company's mortgage and equity loans were \$3.2 million at the date of sale.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

Liquidity and Capital Resources

The Company has initiated a focused business/strategic plan designed to increase funds from operations ("FFO") and to enhance the value of its stock over a long term horizon. The plan concentrates principally on external growth and internal growth.

The Company requires long-term financing in order to invest in and maintain its portfolio of Retail Properties and other investments. To date, this long-term liquidity has come from proceeds from the Credit Facility, notes payable assumed upon the purchase of certain properties and the issuance of shares of the Company's Common Stock or OP Units in exchange for real estate. Although the Credit Facility may be increased, the Company's Charter dictates leverage of no more than 50% of the Company's Total Market Value. On a short-term basis, the Company requires funds to pay its operating expenses and those of the Retail Properties, to make improvements to the Retail Properties, pay its debt service and make distributions to its shareholders. The primary source of the Company's short-term liquidity needs are the cash flow received from the Retail Properties and interest income.

As a REIT, the Company is required to distribute at least 90% of its taxable income to maintain REIT status. Funds generated from operations are expected to be sufficient to allow the Company to meet this requirement.

The Advisor believes that the stability of the Company's operations and its ability to maintain liquidity are enhanced by:

- (i) Geographic diversity of its portfolio of real estate and its mortgage note.
- (ii) 46% of total revenues for the three months ended March 31, 2001 were earned from shopping center anchor tenants which are national and/or credit tenants.
- (iii) No single asset accounts for more than 8% of total revenues for the three months ended March 31, 2001.
- (iv) Leases that provide for recovery of actual common area maintenance charges and real estate taxes, thereby minimizing any effects from inflation.

Edgar Filing: AEGIS REALTY INC - Form 10-Q

(v) Leases that provide for increases in rents based on a percentage of tenants' sales.

(vi) Maintaining and physically updating its portfolio of real estate such that the properties remain competitive in their market areas in terms of occupancy and rents.

During the three months ended March 31, 2001, cash and cash equivalents of the Company and its consolidated subsidiaries increased approximately \$2,071,000. This increase was primarily due to cash provided by operating activities (\$3,710,000) and net proceeds from notes payable (\$1,417,000) which exceeded improvements to real estate (\$889,000), an increase in deferred acquisition expenses (\$157,000), distributions paid to shareholders (\$1,932,000) and distributions paid to minority interest (\$184,000). Included in the adjustments to reconcile the net income to cash provided by operating activities is depreciation and amortization in the amount of \$1,393,000.

The Company anticipates that cash generated from operations will provide for all major repairs, replacements and tenant improvements on its real estate and will provide sufficient liquidity to fund, in future years, the Company's operating expenditures, debt service and distributions.

The Company has the following problem assets which may adversely affect future operations and liquidity:

(i) Safeway, the anchor tenant of Cactus Village Shopping Center closed its facility in December 1991 due to poor sales. The tenant continues to fully abide by all significant aspects of its lease which will expire in September 2006. The Company is actively pursuing potential replacement tenants and at the appropriate time, hopes to be able to negotiate a termination agreement with Safeway.

(ii) In July 1994, A&P closed its store in the Mountain Park Plaza Shopping Center due to reduced sales and increased competition. The Company received rental payments from the vacated tenant pursuant to the terms of the lease. In December 2000, A&P bought out its lease for \$300,000 and the Company entered into a new lease with Publix, who is expected to take physical occupancy in the third quarter of 2001.

(iii) Three of White Oaks Plaza's anchors have vacated their spaces. Two, Wal-mart and Winn-Dixie, are still paying rent and are current in their rent payments.

(iv) Office Max, one of the anchor tenants of Town West which was under sublease, vacated its space in February 2000. The original lessee is still obligated to pay rent on the space through January 2004. As of March 31, 2001, the tenant had paid all base rent payments. Beginning April 2001, the original lessee has ceased paying rent. As of May 9, 2001, the total unpaid rent was \$24,649.

(v) Food Lion, located in Barclay Place, closed its store in December 2000. It is still obligated to pay rent through the expiration of their lease, and is current with all rent payments.

In May 2001, a distribution of \$1,932,274 (\$.24 per share), which was declared in March 2001, was paid to the stockholders from cash flow from operations for the quarter ended March 31, 2001.

Management is not aware of any trends or events, commitments or uncertainties, which have not otherwise been disclosed that will or are likely to impact liquidity in a material way.

Results of Operations

Rental income decreased approximately \$191,000 for the three months ended March 31, 2001 as compared to 2000 primarily due to the decrease of percentage rent for White Oak Plaza, Pablo Plaza, Westbird and Oxford Mall and minimum unrealized straight line rent of Highland Fair, Westbird and Pablo Plaza. This was offset by the increase in concession free rent of Highland Fair, Westbird, and Pablo Plaza and minimum rent of Pablo Plaza, Governors Square and Marion City Square.

Tenant reimbursements increased approximately \$101,000 for the three months ended March 31, 2001 as compared to 2000 due to the increase of the reimbursements of common charges of Pablo Plaza, Crossroads East, Mountain View and Townwest and the reimbursements of real estate taxes of Pablo Plaza, Southgate, Southaven and Westbird.

Other income decreased approximately \$144,000 for the three months ended March 31, 2001 as compared to 2000 due to the one time lease settlements from Marion City and White Oak Plaza in the first quarter of 2000.

Repairs and maintenance decreased approximately \$101,000 for the three months ended March 31, 2001 as compared to 2000 primarily due to an decrease in snow removal at White Oak Plaza, Marion City Square, Marketplace and Kokomo Plaza and roof repairs at Winery Square, Oxford Mall and Dunlap Village.

Operating expense increased approximately \$46,000 for the three months ended March 31, 2001 as compared to 2000 primarily due to the increase in the property management fee expense of Emporia West, Mountain Park and Winery Square and the legal expense of Pablo Plaza.

Interest expense increased approximately \$87,000 for the three months ended March 31, 2001 as compared to 2000 due to the increase in the outstanding principal balance of the Credit Facility offset by the payoff of the New York Life note payable.

General and administrative expense increased approximately \$53,000 for the three months ended March 31, 2001 as compared to 2000 due to the increase in public relations, other state income taxes and other fees.

Depreciation and amortization increased approximately \$237,000 for the three months ended March 31, 2001 as compared to 2000 primarily due to the increase in depreciation of Westbird, Governor's Square and Pablo Plaza and the increase in amortization of the Credit Facility deferred financing fees.

Other expenses decreased approximately \$50,000 for the three months ended March 31, 2001 as compared to 2000 primarily due to the decrease of abandoned projects offset by an increase in insurance.

Funds from Operations and Funds Available for Distribution

Funds from operations ("FFO"), represents net income (computed in accordance with generally accepted accounting principles) ("GAAP"), excluding gains (or losses) from debt restructuring or repayments and sales of property, plus depreciation and amortization and including funds from operations for unconsolidated joint ventures calculated on the same basis. Net income computed in accordance with GAAP includes straight-lining of property rentals for rent escalations in the amounts of \$15,426 and \$111,043 for the three months ended March 31, 2001 and 2000, respectively. FFO is calculated in accordance with the National Association of Real Estate Investment Trusts ("NAREIT") definition. FFO

Edgar Filing: AEGIS REALTY INC - Form 10-Q

does not represent cash generated from operating activities in accordance with GAAP which is disclosed in the Consolidated Statements of Cash Flows included in the financial statements, for the applicable periods and is not necessarily indicative of cash available to fund cash needs. There are no material legal or functional restrictions on the use of FFO. FFO should not be considered as an alternative to net income as an indicator of the Company's operating performance or as an alternative to cash flows as a measure of liquidity. Management considers FFO a supplemental measure of operating performance and along with cash flow from operating activities, financing activities and investing activities, it provides investors with an indication of the ability of the Company to incur and service debt, to make capital expenditures and to fund other cash needs.

Funds available for distribution ("FAD") represents FFO plus recurring principal receipts from mortgage loans less reserves for lease commissions, recurring capital expenditures (excluding property acquisitions) and debt principal amortization. FAD should not be considered an alternative to net income as a measure of the Company's financial performance or to cash flow from operating activities (computed in accordance with GAAP) as a measure of the Company's liquidity, nor is it necessarily indicative of sufficient cash flow to fund all of the Company's needs.

FFO, as calculated in accordance with the NAREIT definition, and FAD for the three months ended March 31, 2001 and 2000 are summarized in the following table:

Forward-Looking Statements

Certain statements made in this report may constitute "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended and Section 21E of the Securities Exchange Act of 1934, as amended. Such forward-looking statements include statements regarding the intent, belief or current expectations of the Company and its management and involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the Company to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Such factors include, among other things, the following: general economic and business conditions, which will, among other things, affect the demand for retail space or retail goods, availability and creditworthiness of prospective tenants, lease rents and the terms and availability of financing; adverse changes in the real estate markets including, among other things, competition with other companies; risks of real estate development and acquisition; governmental actions and initiatives; and environment/safety requirements. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date hereof.

Inflation

Inflation did not have a material effect on the Company's results for the periods presented.

Quantitative and Qualitative Disclosures About Market Risk

The debt financing used to raise capital for the acquisition of the Company's investments expose the Company to fluctuations in market interest rates. Market interest rates are highly sensitive to many factors, including governmental policies, domestic and International political considerations and other factors beyond the control of the Company.

Cash flows from the Company's investments do not fluctuate with changes in market interest rates. In addition, as of March 31, 2001, approximately 35% of the Company's total notes payable outstanding are fixed rate notes, and so the payments on these instruments do not fluctuate with changes in market interest rates. In contrast, payments required under the Credit Facility vary based on market interest rates, primarily the 30 day Euro-contract rate. Thus, an increase in market interest rates would result in increased payments under the Credit Facility, without a corresponding increase in cash flows from the Company's investments in the same amounts. For example, based on the \$43,193,000 outstanding under the Credit Facility at March 31, 2001, the Company estimates that an increase of 1% in the 30 day Euro-contract rate would decrease the Company's annual net income by approximately \$432,000; a 2% increase in the 30 day Euro-contract rate would decrease annual net income by approximately \$864,000. For the same reasons, a decrease in market interest rates would generally benefit the Company, as a result of decreased payments under the Credit Facility without corresponding decreases in cash flows from the Company's

Edgar Filing: AEGIS REALTY INC - Form 10-Q

investments. Various financial vehicles exist which would allow Company management to mitigate the impact of interest rate fluctuations on the Company's cash flows and earnings. Management may engage in such hedging strategies in the future, depending on management's analysis of the interest rate environment and the costs and risks of such strategies.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

On or about February 8, 2001, a complaint was filed in the New York Supreme Court, County of New York, against the Advisor. Also individually named in the suit were Messrs. Boesky, Hirmes, Ross, Brenner, Allen and Fisch, each of whom is either a director of Aegis or the Advisor. Aegis was also named as a nominal defendant. The action is entitled Paul v. The Related Companies L.P., et al., Index No. 01-600669, and is purportedly a class and derivative action. On or about March 23, 2001, a second action, entitled Schnipper v. Aegis Realty, Inc., et al., Case No. 219736-V, was filed in the Circuit Court for Montgomery County, Maryland against Aegis and each of Aegis's five directors (Messrs. Boesky, Brenner, Hirmes, Allen and Fisch). Schnipper is purportedly brought as a class action. On or about April 2, 2001, a third action, entitled Opportunity Partners, L.P. v. Stuart J. Boesky, et al., Civ. No. 24-C-01-001579, was filed in the Circuit Court for Baltimore County, Maryland against, among others, Aegis, each of its five directors, and the Advisors. Opportunity Partners is purportedly a class and derivative action. Each suit alleges that the defendants breached their fiduciary duties to the Aegis stockholders by, among other things, committing Aegis to pay unwarranted fees and other consideration to the Advisor and the Property Manager. The actions seek money damages, injunctive and declaratory relief and attorneys' fees. The transaction at issue in each suit, however, was approved by Aegis' independent directors (Messrs. Allen and Fisch), who first obtained legal advice and two fairness opinions from nationally recognized investment banking firms before approving those transactions. Additionally, the transaction at issue is subject to Aegis stockholder approval and will be submitted for a vote of the Aegis stockholders after proxy materials describing that transaction are disseminated to the Aegis stockholders. Aegis intends to defend all three actions vigorously. On or about April 16, 2001, the defendants filed motions to dismiss the complaint in Paul. The defendants' times to answer in Schnipper and Opportunity Partners have not yet expired. With respect to the allegations in the lawsuits, the defendants have advised that they continue to believe that the transaction is fair and reasonable and in the best interests of Aegis and its stockholders and will be submitted for approval by a vote of the Aegis stockholders.

The Company believes that it has meritorious defenses to the claims brought in the lawsuit described above, but is unable to predict the effect of the outcome of this lawsuit on the Company's financial position, results of operations and cash flows. In addition, the timing of the final resolution of this proceeding is uncertain. No provision has been recorded on the financial statements of the Company to reflect the above litigation.

Except for the lawsuit described above, the Company is subject to routine litigation and administrative proceedings arising in the ordinary course of business. Management does not believe that such matters will have a material adverse impact on the Company's financial position, results of operations or cash flows.
