PROXY STATEMENT

Edgar Filing: SOFTECH INC - Form DEF 14A

March 22, 2003

Proxies in the form enclosed with this Proxy Statement are solicited by the Board of Directors of SofTech, Inc. (the "Company"), a Massachusetts company, for use at the Annual Meeting of Stockholders to be held on Wednesday, April 16, 2003, at 10:00 a.m., local time, at the Company's headquarters located at Two Highwood Drive, Tewksbury, MA 01876.

Only stockholders of record at the close of business on February 28, 2003 (the "Record Date") will be entitled to receive notice of and to vote at the meeting and any adjournments thereof. As of the Record Date, 12,205,236 shares of common stock, \$.10 par value per share (the "Common Stock"), of the Company were issued and outstanding. The holders of Common Stock are entitled to one vote per share on any proposal presented at the meeting. Stockholders may vote in person or by proxy. Execution of a proxy will not in any way affect a stockholder's right to attend the meeting and vote in person. Any stockholder giving a proxy has the right to revoke it (i) by filing a later-dated proxy or a written notice of revocation with the Secretary of the Company at any time before it is exercised or (ii) by voting in person at the Annual Meeting (although attendance at the Annual Meeting will not, in itself, constitute revocation of a proxy). Any written notice of revocation or subsequent proxy should be sent so as to be delivered to SofTech, Inc., Two Highwood Drive, Tewksbury, MA 01876, Attention: Clerk, at or before the taking of the vote at the Annual Meeting.

The representation in person or by proxy of at least a majority of the outstanding Common Stock entitled to vote at the meeting is necessary to constitute a quorum for the transaction of business. Votes withheld from a nominee for election as a director, as well as abstentions and broker "non-votes" with respect to all other matters being submitted to stockholders, are counted as present or represented for purposes of determining the presence or absence of a quorum for the meeting. A "non-vote" occurs when a nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because, in respect to such other proposal, the nominee does not have discretionary voting power and has not received instructions from the beneficial owner.

In the election of the Class I, II and III directors, the nominee receiving the highest number of affirmative votes of the shares present or represented and entitled to vote at the meeting shall be elected as a director. On all other matters being submitted to stockholders, an affirmative vote of a majority of the shares present or represented and voting on each such matter is required for approval. An automated system administered by the Company's transfer agent tabulates the votes. The vote on each matter submitted to stockholders is tabulated separately. Abstentions are included in the number of shares present or represented and voting on each matter. Broker "non-votes" are not so included.

The persons named as attorneys-in-fact in the proxies, Joseph P. Mullaney and Bryan Smith, are employees and/or officers of the Company. All properly executed proxies returned in time to be counted at the meeting will be voted as stated below under "Election of Director." Any stockholder giving a proxy has the right to withhold authority to vote for any individual nominee to the Board of Directors by marking withheld in the space provided on the proxy. Where a choice has been specified on the proxy with respect to the foregoing matter, the shares represented by the proxy will be voted in accordance with the specifications and will be voted FOR if no specification is indicated.

The Board of Directors knows of no other matters to be presented at the meeting. If any other matter should be presented at the meeting upon which a vote properly may be taken and upon which the proxies may exercise discretion

Edgar Filing: SOFTECH INC - Form DEF 14A

under applicable law, shares represented by all proxies received by the Board of Directors will be voted with respect thereto in accordance with the judgment of the persons named as attorneys in the proxies.

An Annual Report to Stockholders, containing financial statements for the fiscal year ended May 31, 2002, is being mailed together with this Proxy Statement to all stockholders entitled to vote. This Proxy Statement and the form of proxy were first mailed to stockholders on or about March 22, 2003.

COMPENSATION OF DIRECTORS

Since fiscal 1998, non-employee Directors have received options in lieu of cash remuneration for their services. Employee Directors are not paid any fees or additional compensation for service as members of the Board of Directors or any committee thereof.

Pursuant to the Company's 1994 Stock Option Plan (the "1994 Stock Option Plan"), non-employee Directors may be granted non-qualified options to purchase shares of Common Stock of the Company. The Compensation Committee of the Board of Directors administers the 1994 Stock Option Plan. Under the Plan, all non-employee Directors receive 10,000 options upon appointment to the Board and receive 3,000 options on the anniversary date of the initial award for as long as the Director serves the Company in that capacity. Such options vest over a five year period in equal increments and have an expiration date ten years after award. During the fiscal year ended May 31, 2002 there were 24,000 options granted to non-employee Directors.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

General. The Compensation Committee of the Board of Directors (the "Committee") is currently composed of all of the members of the Board of Directors and meets or takes action as many times during the year as is deemed necessary. The Committee's responsibilities include making recommendations to the Board for officers on the key components of the Company's executive compensation program, base salary, annual incentive awards, long-term incentives in the form of stock options, and other benefits typically offered to executives by comparable companies.

Compensation Philosophy. The Company's compensation program has been designed to:

- o Support a pay for performance policy that differentiates in compensation amounts based on Company and individual performance;
- o Provide compensation opportunities that are comparable to those offered by comparable companies, thus allowing the Company to retain and compete for fully qualified executives who are in the competitive high technology and professional services marketplace; and

Edgar Filing: SOFTECH INC - Form DEF 14A

- o Align the interests of executives with the long-term interests of stockholders through award opportunities that can result in ownership of Common Stock of the Company.

Consistent with the objectives of the compensation philosophy, the percentage of an executive's potential total compensation that is based on performance incentives increases with their level of responsibility. This results in an executive's total compensation varying from year to year based on the performance of the Company and the individual.

Base Salaries. Base salary levels for the President and COO, and other executive officers are reviewed annually by the Committee. Certain of the officers were granted base salary increases during the year based upon a number of factors, including individual performance, contributions towards the growth of the Company, and increases in responsibilities.

Annual Cash Incentives. All officers participate in incentive plans which compensate these individuals in the form of cash bonuses. Awards under these plans are based on the attainment of specific Company and individual performance measures established by the Compensation Committee at the beginning of the fiscal year. For the fiscal year ended May 31, 2002, these executive officers earned bonuses calculated in accordance with those plans as identified within this proxy in the table appearing under the heading Executive Compensation Summary.

Long Term Incentives. 1994 Stock Option Plan. The Company's 1994 Stock Option Plan is designed to align a portion of the executive compensation program with stockholder interests by providing for the grant of options to employees, directors, officers and consultants to purchase up to 1,000,000 shares of Common Stock of the Company. The 1994 Stock Option Plan was adopted at the Annual Meeting of Stockholders on November 1, 1994.

The Committee believes that stock options provide greater incentives to executives to improve the performance of the Company and thereby increase the value of its stock. It is only by increasing the Company's stock price that executives are able to realize the economic value of stock options. The Committee believes that this more closely aligns the interests of the Company's officers with those of the Company's stockholders.

The Committee administers the Plan and determines which officers will receive stock options, the number of shares subject to each stock option, the vesting schedule of the options, and the other terms and provisions of the options granted. When recommending option awards, the following guidelines were used: (i) the individual's current contribution to Company performance, (ii) the anticipated contribution in meeting the Company's long term strategic performance goals, (iii) the employee's ability to impact corporate and/or business unit results; and (iv) the employee's current incentive to maximize operating results based on stock ownership and option awards.

President and COO Compensation. Mr. Mullaney's compensation for fiscal year 2002 was composed of base salary compensation and a discretionary incentive bonus based on overall achievement of budget and other goals established for him at the beginning of the fiscal year. The discretionary 2002 bonus was awarded by the Compensation Committee

after the fiscal year end after reviewing his performance against those established goals. His base compensation for the fiscal year was \$195,000. Mr. Mullaney's bonus award for fiscal year 2002 was \$45,000.

This report is submitted by the Audit Committee of the Board, which reviews with the independent auditors and management the annual financial statements and independent auditors' opinion, reviews the results of the audit of the Company's annual financial statements and the results of the reviews of the quarterly financial statements for each of the first three quarters in the fiscal year with the independent auditors, recommends the retention of the independent auditors to the Board and periodically reviews the Company's accounting policies and internal accounting and financial controls for the fiscal year ended May 31, 2002. Messrs. Johnston, Elenbass, Bedford, Lake and Tyler served on the Audit Committee for the fiscal year ended May 31, 2002. None of Messrs. Johnston, Elenbass, Bedford, Lake or Tyler are officers or employees of the Company, and aside from being directors of the Company, each is otherwise independent of the Company (as independence is defined pursuant to Rule 4200(a)(15) of the National Association of Securities Dealers' listing standards). The Audit Committee operates under a written charter adopted by the Board of Directors.

The Audit Committee has reviewed the audited balance sheets of the Company as of May 31, 2002 and 2001, and the audited statements of operations, stockholders' equity and cash flows for each of the three years ended May 31, 2002, and has discussed them with both management and Grant Thornton LLP, the Company's independent auditors. The Audit Committee has also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees), as currently in effect. The Audit Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as currently in effect, and has discussed with Grant Thornton LLP that firm's independence. Based on its review of the financial statements and these discussions, the Audit Committee concluded that it would be reasonable to recommend, and on that basis did recommend, to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-KSB for the fiscal year
