Notice Regarding The Internet Availability Of Proxy Materials

We have posted materials related to the 2012 annual meeting on the Internet. The following materials are available on the Internet at <http://materials.proxyvote.com/19623P>:

This proxy statement for the 2012 annual meeting,
Colony's 2011 annual report to shareholders, and
Colony's annual report on Form 10-K filed with the Securities and Exchange Commission.

VOTING

General

The securities which can be voted at the Annual Meeting consist of Colony Bankcorp's \$1.00 par value common stock ("Colony Bankcorp stock"), with each share entitling its owner to one vote on each matter submitted to the shareholders. The record date for determining the holders of Colony Bankcorp stock who are entitled to notice of and to vote at the Annual Meeting is April 13, 2012. On the record date, 8,439,258 shares of Colony Bankcorp stock were outstanding and eligible to be voted.

Quorum and Vote Required

The presence, in person or by proxy, of a majority of the outstanding shares of Colony Bankcorp stock is necessary to constitute a quorum at the Annual Meeting. In determining whether a quorum exists at the Annual Meeting for purposes of all matters to be voted on, all votes “for” or “against” as well as all abstentions (including votes to withhold authority to vote) will be counted.

In voting for the proposal to elect eight directors (Proposal No. 1), you may vote in favor of all nominees or withhold your votes as to all or as to specific nominees. The vote required to approve Proposal No. 1 is governed by Georgia law and is a plurality of the votes cast by the holders of shares entitled to vote, provided a quorum is present. Any other matter which may be submitted to shareholders at the meeting will be determined by a majority of the votes cast at the meeting. Votes withheld and broker non-votes will not be counted and will have no effect.

In voting on the proposal to approve the advisory (non-binding) vote on executive compensation (Proposal No. 2), you may vote for or against the proposal or abstain. The proposal will be deemed approved if a majority of the votes cast at the meeting are voted for Proposal No. 2. The vote is advisory, and will not be binding upon the directors.

As of March 15, 2012 our directors and executive officers held 1,079,867 shares of Colony Bankcorp stock, or approximately 12.80% of all outstanding stock, and we believe that all of those shares will be voted in favor of both proposals.

Proxies

All properly executed proxy cards delivered pursuant to this solicitation and not revoked will be voted at the Annual Meeting in accordance with the directions given. In voting by proxy with regard to the election of directors, you may vote in favor of all nominees, withhold your votes as to all nominees or withhold your votes as to specific nominees. You should specify your choices on the proxy card. If no specific instructions are given with regard to the matters to be voted upon, the shares represented by a signed proxy card will be voted “for” the proposals listed on the proxy card. If any other matters properly come before the Annual Meeting, the persons named as proxies will vote upon such matters according to their judgment.

All proxy cards delivered pursuant to this solicitation are revocable at any time before they are voted by giving written notice to our Secretary, Terry L. Hester, at 115 South Grant Street, Fitzgerald, Georgia 31750, by delivering a later dated proxy card, or by voting in person at the Annual Meeting.

All expenses incurred in connection with the solicitation of proxies will be paid by us. Solicitation may take place by mail, telephone, telegram, or personal contact by our directors, officers, and regular employees of the Company without additional compensation. Leadership Structure of the Board

In accordance with the Company's Bylaws, the Board of Directors elects our Chief Executive Officer and our Chairman, and each of these positions may be held by the same person or may be held by two persons. Currently, B. Gene Waldron serves as both Chairman of the Company and the Bank and James D. Minix serves as both Interim Chief Executive Officer of the Company and the Bank and Interim President of the Company and the Bank. The Board of Directors believes that separating the Chairman and Chief Executive Officer roles fosters clear accountability, effective decision-making, and alignment on corporate strategy and provides an effective leadership model for the Company. In light of the active involvement by all independent directors, the Board of Directors has not specified a lead independent director at this time. The Board of Directors believes that the current structure of the Board of Directors is appropriate to effectively manage the affairs of the Company and the best interests of the Company's stockholders.

Board's Role in Risk Oversight

The Board of Directors is actively involved in oversight of risks that could affect the Company and the Bank. This oversight is conducted primarily through committees of the Board, as disclosed in the descriptions of each of the committees below, but the full Board has retained responsibility through full reports by each committee chair regarding the committee's considerations and actions, as well as through regular reports directly from officers responsible for oversight of particular risks within the Company and the Bank.

Committees of the Board of Directors

The Executive Committee is appointed by the Chairman of the Board of Directors of the Company, subject to election by the full Board. The purpose of the Executive Committee is to conduct necessary business and make decisions on behalf of the full Board between regular Board meetings. Mr. Harrell, Mr. Minix, Mr. Downing, Mr. Waldron, Mr. A. Ross and Mr. Coleman were members of this committee during the year. Mr. Ross and Mr. Coleman served on the committee until their resignations in October 2011 and February 2011, respectively. Mr. Massee was appointed to the committee in February 2012. The committee met four times during the year.

The Compensation Committee is appointed by the Chairman of the Board of Directors of the Company, subject to election by the full Board. The purpose of the Compensation Committee is to ensure that the Chief Executive Officer, other executive officers and key management of the Company are compensated effectively in a manner consistent with the compensation strategy of the Company, internal equity considerations, competitive practice, and any requirements of appropriate regulatory bodies, to establish guidelines and oversee the administration of executive compensation plans and arrangements as well as certain employee benefit plans and to recommend any changes to the Director's compensation package. The Compensation Committee does not use the services of a compensation consultant. The Chief Executive Officer makes recommendations to the Compensation Committee on executive compensation except for his own compensation. The Compensation Committee does not delegate its authority to other persons or groups. Mr. Downing, Mr. Harrell, Mr. Minix, Mr. Waldron and Mr. Coleman were members of this committee during the year. Mr. Minix served on this committee until October 2011 when he was elected Interim President and Chief Executive Officer. Mr. Coleman served on the committee until his resignation in February 2011. As of December 31, 2011, the members of the Compensation Committee met the independence requirements of the Company's Corporate Governance Guidelines and the rules of NASDAQ. The committee met two times during the year. The Compensation Committee operates under the Corporate Governance Charter which was provided in the 2011 Proxy Statement as Exhibit B. The Charter was not amended in 2011. The Corporate Governance Charter is not available on the Company's website.

The Governance Committee is appointed by the Chairman of the Board of Directors of the Company, subject to election by the full Board. The purpose of the Governance Committee is to take a leadership role in shaping the corporate governance of the Company, to develop and recommend to the Board a set of corporate governance guidelines and to address committee structure and operations. Mr. Harrell, Mr. Myler, Mr. Minix, Mr. Downing and Mr. Coleman were members of this committee during the year. Mr. Minix served on this committee until October 2011 when he was elected Interim President and Chief Executive Officer. Mr. Coleman served on the committee until his resignation in February 2011. The Asset-Liability Management Committee is appointed by the Chairman of the Board of Directors of the Company, subject to election by the full Board. Asset/Liability Management Policy. Mr. Hester, Mr. Downing, Mr. Roberts and Mr. Myler were members of this committee during the year. Messrs. Dwozan, King and Waldron were appointed to the committee in February 2012. The committee met three times during the year.

The Nomination Committee is appointed by the Chairman of the Board of Directors of the Company, subject to election by the full Board. The purpose of the Nomination Committee is to make recommendations to the Board on qualifications and selection criteria for Board members and review the qualifications of potential candidates for the Board and to make recommendations to the Board on nominees to be elected at the Annual Meeting of Stockholders. Mr. Downing, Mr. Harrell, Mr. Waldron, Mr. Minix, Mr. Roberts and Mr. Coleman were members of this committee during the year. Mr. Minix served on this committee until October 2011 when he was elected Interim President and Chief Executive Officer, while Mr. Downing served until December 2011 when he resigned from the committee due to personal health issues and Mr. Coleman served until February 2011 when he resigned. Mr. Masee was appointed to the committee in February 2012. Each of the members of the Committee was deemed independent as defined in the listing standards of NASDAQ. The Committee operates under the Corporate Governance Charter which was provided in the 2011 Proxy Statement as Exhibit B. The Charter was not amended in 2011. The Charter is not currently available on the Company's website. The Committee does not currently have a policy or process for identifying and evaluating nominees. However, in addition to meeting the qualification requirements set forth by the Georgia Department of Banking & Finance, a possible director-candidate must also meet the following criteria to be considered by the Nominating Committee: independence; highest personal and professional ethics and integrity; willing to devote sufficient time to fulfilling duties as a Director; impact on the diversity of the Board's overall experience in business, government, education, technology and other areas relevant to the Company's business; impact on the diversity of the Board's composition in terms of age, skills, ethnicity and other factors relevant to the Company's business; and number of other public company boards on which the candidate may serve (generally, should not be more than three public company boards in addition to the Company). The Committee does not currently have a policy with regard to the consideration of any director candidates recommended by shareholders. The Board of Directors has determined such a policy has been unnecessary in the past and will charge the Nomination Committee to evaluate the appropriateness of developing such a policy in the coming year. The committee met two times during the year.

The Audit Committee is appointed by the Chairman of the Board of Directors of the Company, subject to election by the full Board. The purpose of the Audit Committee is to assist the Board in fulfilling its oversight responsibilities for the Company's accounting and financial reporting processes and audits of the financial statements of the Company by monitoring the integrity of the Company's financial statements, the independence and qualifications of its external auditor, the Company's system of internal controls, the performance of the Company's internal audit process and external auditor and the Company's compliance with laws, regulations and the Directors and Senior Financial Officers Code of Ethical Conduct and the Code of Conduct. Mr. Waldron, Mr. Masee, Mr. Downing, Mr. Myler and Mr. J. Ross were members of this committee during the year. Mr. Downing served until December 2011 when he resigned from the committee due to personal health issues. Mr. Scott Downing was appointed to the committee in February 2012. As of December 31, 2011, the members of the Audit Committee met the independence requirements of the Company's Corporate Governance Guidelines and the Rules of NASDAQ. The committee met twelve times during the year.

Audit Committee Charter

The Board of Directors has adopted a written charter for the Audit Committee, a copy of which was provided in the 2011 Proxy Statement as Exhibit A. The Charter is not available on the Company's website. The Board of Directors reviews and approves changes to the Audit Committee charter annually. The Charter was not amended in 2011.

Independence of Audit Committee Members

The Company's Audit Committee is comprised of Mark H. Masee, Charles E. Myler, B. Gene Waldron, Jonathan W.R. Ross and Scott L. Downing. Each of these members meets the requirements for independence as defined by the applicable listing standards of NASDAQ and SEC regulations applicable to listed companies. In addition, the Board of Directors has determined that at least one member of the Audit Committee meets the rules of NASDAQ standard of having accounting or related financial management expertise. Mr. Myler was elected the financially sophisticated individual on the Audit Committee in lieu of naming a "financial expert." In addition, Mr. Morris Downing served as Chairman of the Audit Committee until resigning from the committee in December 2011. Mr. Waldron was elected Chairman of the Audit Committee upon Mr. Downing's resignation.

The Audit Committee does not include a financial expert as defined by the Sarbanes Oxley Act of 2002 and the Company has not named a financial expert because the Board of Directors has determined the financial acumen of each member of the Audit Committee to be very strong and capable of satisfactorily discharging their duties and responsibilities to the Board of Directors and the shareholders.

Long-Term Equity Stock Award

In 2004, the Board of Directors adopted and the shareholders approved the Colony Bankcorp, Inc. 2004 Restricted Stock Grant Plan. The plan enables our Board of Directors, or a committee thereof, to grant up to 143,500 shares of Colony Bankcorp, Inc. common stock to key officers and employees of Colony Bankcorp, Inc. and our subsidiaries. The purpose of this plan is to attract, retain and develop strong management as the Company continues to expand, and to induce key individuals who render services that contribute materially to our success to remain with us for the long-term. Shares granted vest over a three year period. During the three year vesting period and under conditions set forth in Colony Bankcorp Inc.'s 2004 Restricted Stock Grant Plan, the shares are subject to forfeiture. In the event of a change in control of the Company, as defined in the Plan, all unvested stock grants immediately become fully vested.

The Restricted Stock Grant Plan assists the Company to:

- enhance the link between the creation of stockholder value and long-term executive incentive compensation;
- provide an opportunity for increased equity ownership by executives; and
- maintain competitive levels of total compensation.

The Compensation Committee (the "Committee") recommended for the Board of Director's approval that no stock grant awards be awarded for fiscal year 2011. Factors considered by the Committee in awarding stock grants were based on the overall performance of the Company. The primary focus of the Committee is to retain key individuals and to increase equity ownership by executives with the stock grant awards. The compensation committee is motivated to keep our executive compensation packages competitive with peer companies. The compensation committee reviews, at least annually, the peer company disclosures regarding executive compensation in order to ensure that our overall compensation package compares favorably. One of the areas monitored is stock option plans or in our case a stock grant award plan. The CEO works daily with executive officers and top level officers and offers his input each year as to recommendations for stock awards based on the executive officers and top level officers' production and performance to the overall company strategy. The recommendation is for named executives other than himself and the CFO. Stock awards for the CEO and CFO are determined and set by the compensation committee, while awards for the other named executive officers and top level officers are considered upon the recommendation of the CEO. The CEO makes no recommendations in regard to his compensation. It was deemed prudent by the compensation committee to not grant any 2011 stock grant awards.

Colony Bankcorp, Inc. 401(k) Plan

The Company has adopted a 401(k) Plan which provides for the Board of Directors to make a discretionary contribution to the 401(k) Plan out of profits in an amount not to exceed 10 percent of the total annual eligible compensation of the employees eligible to participate in the plan. Employees are eligible for a Company contribution after completion of one year of service. The contribution by the Company is allocated among the participants based on participant's total eligible compensation. The employee's interest vests over a period of six years.

The Committee recommended that no contribution be made for fiscal year 2011. The Committee's recommendation to not make a company contribution was based upon company earnings performance for 2011.

Perquisites and Other Personal Benefits

The Company provides named executive officers with perquisites and other personal benefits that the Company and the Committee believe are reasonable and consistent with its overall compensation program to better enable the Company to attract and retain superior employees for key positions. The Committee periodically reviews the levels of perquisites and other personal benefits provided to named executive officers.

The named executive officers are provided use of company automobiles, membership in country clubs, term life insurance coverage and director fees as part of their perquisites and other benefits. Detailed below is an analysis of 2011 perquisites and other benefits for fiscal year ended December 31, 2011.

Name	Company Vehicle		Term Life Insurance		Country Club Membership	Director Fees
James D. Minix	\$497	(1)	\$--		\$ --	\$23,900
Al D. Ross	2,044	(1)	300	(2)	1,233	24,400
Terry L. Hester	699	(1)	1,032	(2)	--	15,600
Henry F. Brown, Jr.	--		168	(2)	--	--
M. Eddie Hoyle, Jr.	1,209	(1)	506	(2)	--	--
Lee A. Northcutt	3,337	(1)	552	(2)	--	--

(1) This represents dollar value as calculated in accordance with IRS guidelines on personal use of company automobile provided to named executive officers.

(2) This represents dollar value as calculated in accordance with IRS guidelines on term life insurance provided to named executive officers.

Perquisites and other personal benefits for fiscal year ended December 31, 2011 are included in column (i) of the 2011 Summary Compensation Table above.

The Committee takes into consideration the overall compensation package in making their decisions regarding the various elements of the package. The Committee views the most significant elements of the compensation package to be base salary, performance-based cash incentive payout, stock grant awards and the profit sharing contribution. Perquisites and other personal benefits are common place for executives in the banking industry and compare favorably to other peer companies. The Committee determined that the Company's executive compensation is competitive with the peer companies.

Effect of U.S. Treasury Department Capital Purchase Program

On December 4, 2008, Colony Bankcorp, Inc. received preliminary approval for participation in the U.S. Treasury Capital Program (“CPP”), and on January 9, 2009 Colony consummated the sale of \$28,000,000 in preferred stock and related warrants to the U.S. Treasury Department (“Treasury”). Participation in CPP requires certain compensation standards that apply to the chief executive officer, chief financial officer, plus the next three most highly compensated executive officers. These standards include:

- ensuring that incentive compensation for senior executives does not encourage unnecessary and excessive risks that threaten the value of the financial institution;
- requiring claw back of any bonus or incentive compensation paid to a senior executive based on statements of earnings, gains, or other criteria that are later proven to be materially inaccurate;
- prohibiting the financial institution from making any golden parachute payment (based on the Internal Code provision) to a senior executive; and
- agreeing not to deduct for tax purposes executive compensation in excess of \$500,000 for each senior executive.

The Committee reviewed these standards and assessed being compliant with the CPP standards set forth. No modifications were immediately necessary to the compensation programs other than requiring each Named Executive Officer (“NEO”) to sign a waiver to incorporate the required claw back provisions.

Effect of Treasury Department Guidelines Announced February 4, 2009

On February 4, 2009, the Treasury announced executive compensation guidelines (the “Treasury Guidelines”). The Treasury Guidelines contain expansive new restrictions on executive compensation for financial institutions and other companies participating in the CPP. The Treasury Guidelines generally continue the existing restrictions under EESA and add substantially to them in several areas. Among other things, the Treasury Guidelines contemplate an absolute \$500,000 annual compensation limit for senior executives. The Treasury Guidelines do not define which executives would be subject to this limit, but do clarify that such limit would not apply to CPP participants unless they further participated in an exceptional assistance program or further participated in a generally available capital access program.

However, the Treasury Guidelines are general in nature and appear to contemplate new rule making by Treasury before they become effective. Further, many, but not all of the elements of the Treasury Guidelines were incorporated into ARRA, discussed below.

Effect of the America Reinvestment and Recovery Act of 2009

On February 17, 2009, President Obama signed into law the America Reinvestment and Recovery Act of 2009 (“ARRA”). ARRA contains expansive new restrictions on executive compensation for financial institutions and other companies participating in the CPP. These restrictions apply to us. ARRA amends the executive compensation and corporate governance provisions of EESA. In doing so it continues all the same compensation and governance restrictions and adds substantially to the restrictions in several areas. ARRA implements many, but not all, of the restrictions in the Treasury Guidelines and in several instances goes beyond these.

Some key features of the new executive compensation restrictions in ARRA are described below.

ARRA prohibits bonus and similar payments to top employees. ARRA prohibits the payment of any “bonus, retention award, or incentive compensation” to our 5 NEOs for as long as any CPP-related obligations are outstanding. The prohibition does not apply to bonuses payable pursuant to “employment agreements” in effect prior to February 11, 2009. ARRA does not explain how to identify the most highly-compensated employees and does not define “incentive compensation.” The Treasury Guidelines do not contain a similar limit on bonuses. Instead, the Treasury Guidelines impose a \$500,000 annual compensation cap for a company’s senior executive officers, but allow the cap to be waived for all companies other than those receiving “exceptional” assistance. We do not have any NEOs for whom this cap would be applicable.

Limited amount of restricted stock excluded from bonus prohibition. “Longterm” restricted stock is excluded from ARRA’s bonus prohibition, but only to the extent the value of the stock does not exceed one-third of the total amount of annual compensation of the employee receiving the stock, the stock does not “fully vest” until after all CPP-related obligations have been satisfied, and any other conditions which the Treasury may specify have been met. The Treasury Guidelines also exempt an unlimited amount of restricted stock from the \$500,000 annual compensation cap described above. Neither ARRA nor the Treasury Guidelines explain how to value various items, such as equity compensation, indirect compensation such as benefits and taxes, when assessing this limit.

Shareholder “say-on-pay” vote required. ARRA requires every company receiving CPP assistance to permit a non-binding shareholder to vote to approve the compensation of executives as disclosed in the company’s proxy statement. The Treasury Guidelines contain a similar requirement but only for companies receiving “exceptional” assistance.

Stricter restrictions on “golden parachute” payments. EESA generally limited “golden parachute” payments to senior executives to 2.99 times the executives’ base compensation. ARRA prohibits any payment to a senior executive officer or any of the next five most highly-compensated employees upon termination of employment for any reason for as long as any CPP-related obligations remain outstanding. For all companies other than companies receiving “exceptional” assistance, the Treasury Guidelines limit golden parachute payments to 1 time base compensation and only apply the limit to the senior executive officers.

Broader bonus claw back requirements. EESA required CPP-participating companies to recover any bonus or other incentive payment paid to a senior executive officer on the basis of materially inaccurate financial or other performance criteria. ARRA extends this recovery requirement to the next 20 most highly compensated employees in addition to the senior executive officers. This extension is consistent with the Treasury Guidelines.

Prohibition on compensation plans that “encourage” earnings manipulation. ARRA prohibits CPP participants from implementing any compensation plan that would encourage manipulation of the reported earnings of the company in order to enhance the compensation of any of its employees. The Treasury Guidelines do not contain a similar requirement.

Board compensation committee required. ARRA requires CPP participants to establish a board compensation committee and requires the committee to meet at least semiannually to discuss and evaluate employee compensation plans in light of an assessment of any risk to the company posed by such plans. The Treasury Guidelines do not contain a similar requirement.

New reporting and certification requirements. ARRA requires the CEO and CFO of any publicly-traded CPP-participating company to provide a written certification of compliance with the executive compensation restrictions in ARRA in the company's annual filings with the SEC (presumably its annual report on Form 10-K or proxy statement). The Treasury Guidelines require reporting and certification as well but do not detail how the reporting and certification are to be accomplished.

Policy on luxury expenditures. ARRA requires each CPP-participating company to implement a company-wide policy regarding excessive or luxury expenditures, including excessive expenditures on entertainment or events, office and facility renovations, aviation or other transportation services. This is consistent with the Treasury Guidelines which contain a similar requirement.

Treasury review of prior payments. ARRA directs the Treasury to review bonuses, retention awards, and other compensation paid to the senior executive officers and the next 20 most highly-compensated employees of each company receiving CPP assistance before ARRA was enacted, and to "seek to negotiate" with the CPP recipient and affected employees for reimbursement if it finds any such payments were inconsistent with CPP or otherwise in conflict with the public interest.

In addition to the above requirements, ARRA adopts and continues two requirements from EESA essentially unchanged:

\$500,000 annual deduction limit. Like EESA, ARRA prohibits CPP participants from deducting annual compensation paid to senior executive officers in excess of \$500,000. The Treasury Guidelines, in contrast, contain the \$500,000 annual compensation cap for senior executives described above (which may be waived by all companies other than those receiving "exceptional" assistance) but do not specifically address the deduction limit.

No excessive risks. Like EESA, ARRA requires the Treasury Department to implement limits on compensation that exclude incentives for senior executive officers of a CPP-participating company to take unnecessary and excessive risks that threaten the value of the company for as long as any CPP-related obligation remains outstanding. The Treasury Department implemented this directive under EESA by requiring periodic compensation committee review and certification of the risk characteristics of a company's incentive compensation arrangements, and presumably these same review and certification requirements would apply going forward under ARRA. ARRA requires that the compensation committee perform such a review at least semi-annually.

ARRA requires both the Treasury Department and the Securities and Exchange Commission to issue rules to implement these new executive compensation restrictions.

The above restrictions imposed by ARRA implement many, but not all, of the restrictions of the Treasury Guidelines. The fact that Congress in enacting ARRA endorsed much (but not all) of the Treasury Guidelines brings into question whether the other restrictions in the Treasury Guidelines will be enacted. On the other hand, ARRA in many instances provides broad rule-making authority to both Treasury and the SEC, and any requirement of the Treasury Guidelines not enacted by Congress in ARRA might be implemented by Treasury or the SEC through their rule-making authority. As a result, until Treasury and the SEC publish their new rules, many aspects of the above restrictions will not be clear.

The Committee will consider these new limits on executive compensation and determine how they impact the Company's executive compensation program.

DIRECTOR COMPENSATION

The Company uses cash incentive compensation to attract and retain qualified candidates to serve on the Board. In setting director compensation, the Company considers the significant amount of time that Directors expend in fulfilling their duties to the company as well as the skill-level required by the Company of members of the Board.

Cash Compensation Paid to Board Members

For fiscal year ended December 31, 2011, members of the Board (except the Chairman) received \$900 for each monthly board meeting attended (\$800 each month not in attendance) and \$200 monthly for each committee that the director serves. The Chairman received \$1,400 and the Vice-chairman received \$950 for each monthly board meeting attended in addition to the monthly committee fees. Subsidiary Director Compensation

Directors of the Company also receive compensation for attending local advisory board meetings as follows:

Directors of Colony Bank receive \$400 for each local advisory board meeting attended.

Colony Bank, wholly-owned subsidiary, has deferred compensation plans covering certain former directors and certain former directors and certain officers choosing to participate through individual deferred compensation contracts. In accordance with terms of the contracts, the Bank is committed to pay the directors deferred compensation over a specified number of years, beginning at age 65. In the event of a director's death before age 65, payments are made to the director's named beneficiary over a specified number of years, beginning on the first day of the month following the death of the director.

Liabilities accrued under the plans totaled \$1,135,956 as of December 31, 2011. Benefit payments under the contracts were \$196,501 in 2011. Provisions charged to operations totaled \$98,901 while income recognized on plan assets was \$154,210, thus a net gain for calendar year 2011 of \$55,309. No current directors of Colony Bankcorp, Inc. or Colony Bank participate in the deferred compensation plans.

Transactions with the Company

Loans. The Company's directors and officers from time to time have borrowed funds from the Company's subsidiary for various business and personal reasons. Such loans are made in strict compliance with state and Federal statutes and regulations of the Federal Deposit Insurance Corporation and the Georgia Department of Banking and Finance. Such loans were made in the ordinary course of business; were made on substantially the same terms, including interest rates and collateral, as were prevailing at the time for comparable transactions with persons not related to the lender; and did not involve more than normal risk of collectibility or present other unfavorable features.

As of December 31, 2011, certain officers, executive officers, directors, and companies in which they are an executive officer or partner or in which they have a 10% or more beneficial interest, were indebted to the bank in the aggregate amount of \$5,504,230. Such loans were (1) made in the ordinary course of business; (2) were made on substantially the same terms, including interest rates and collateral, as were prevailing at the time for comparable transactions with other persons; and (3) did not involve more than normal risk of collectibility or present other unfavorable features.

The Company and its subsidiaries utilized the services of Martin Snow, LLP during 2011. Mr. Edward J. Harrell is a director of the Company and a partner in that law firm.

Legal Proceedings

There are no "material" pending legal proceedings, other than ordinary routine litigation incidental to the business of the Company, to which the Company or its subsidiary is a party or of which any of their property is subject. Material proceedings are defined as claims for damages where the amount involved, exclusive of interest and cost, exceeds ten percent of the current assets of the Company and its subsidiary on a consolidated basis.

During the previous ten (10) years, no director, person nominated to become a director, or executive officer of the Company was the subject of a legal proceeding that is material to an evaluation of the ability or integrity of any such person.

Shareholder Communication with the Board of Directors

Our Board of Directors does not have an established written policy or process from security holders to send communications to the Board of Directors. However, it has been the practice of the Company to direct any such communications to the Chairman of the Board, who would, in his or her discretion, discuss the communications with the Board at a regular Board meeting. The Board has determined this policy and process to be satisfactory in allowing security holders to communicate directly with the Board of Directors.

The Company does not have a formal policy regarding director attendance at the Company's Annual Meeting. However, directors are encouraged to attend and all were in attendance at last year's Annual Meeting.

Proposal No. 2 – Approval of Advisory (non-binding) Vote On Executive Compensation

The American Recovery and Reinvestment Act of 2009 requires the Company to permit a nonbinding advisory vote on the compensation of its Named Executive Officers, as described and presented in the “Executive Compensation” section of this 2011 Proxy Statement, and the accompanying tables and narrative disclosure, during the period in which any obligation arising from the Company’s participation in the CPP remains outstanding.

This proposal, commonly known as a “say-on-pay” proposal, gives the Company’s shareholders the opportunity to endorse or not endorse our executive compensation program and policies through the following resolution:

“Resolved, that the compensation of the Company’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K located in the “Executive Compensation” section of the 2012 Proxy Statement, and the accompanying executive compensation tables and narrative discussions is hereby APPROVED.”

Because your vote is advisory, it will not be binding upon the Board of Directors. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation.

The Board of Directors unanimously recommends a vote “FOR” this proposal.

Future Advisory Votes on Executive Compensation

At the 2011 Annual Meeting of Shareholders, Shareholders were provided an additional advisory, non-binding, vote on the frequency at which shareholder advisory votes on executive compensation (like the one provided above) should be held. A majority of the votes cast at the 2011 Annual Meeting of Shareholders voted in favor of holding such votes on an annual basis, and the Company has determined to hold such votes on an annual basis until the next frequency vote, which is required to occur not less than every six years. Accordingly, the next Shareholder advisory vote to approve the Company’s compensation of its named executive officers will be held at the 2013 Annual Meeting of Shareholders.

Shareholder Proposals for Next Year's Meeting

Shareholder proposals that are intended to be presented at our 2013 Meeting of Shareholders must be received by us no later than December 29, 2012, in order to be included in our proxy statement and related proxy materials for that meeting. Any notice of a shareholder proposal not received by us on or before March 15, 2013 will not be considered timely and will not be submitted to the shareholders at the 2013 Annual Meeting. Any such proposal must comply with the rules and regulations of the Securities and Exchange Commission.

Other Matters Which May Come Before the Annual Meeting

Our Board of Directors knows of no matters other than those referred to in the accompanying Notice of Annual Meeting of Shareholders which may properly come before the Annual Meeting. However, if any other matter should be properly presented for consideration and voting at the Annual Meeting or any adjournments thereof, it is the intention of the persons named as proxies on the enclosed form of proxy card to vote the shares represented by all valid proxy cards in accordance with their judgment of what is in Colony Bankcorp's best interest.

Annual Reports

Upon receipt of a written request, we will furnish, without charge, any owner of common stock of the Company a copy of its annual report as filed with the Securities and Exchange Commission on form 10-K (the "10-K") for the fiscal year ended December 31, 2011, including financial statements and the schedules thereto.
