NOTICE OF SPECIAL MEETING OF STOCKHOLDERS

A special meeting of the stockholders of Assure Energy, Inc. will be held on _____, 2003, at ___ a.m., at the offices of Gottbetter & Partners, LLP., 630 Third Avenue, 5th Floor, New York, New York 10017, for the purpose of voting upon a proposal to change the incorporation of the company from Nevada to Alberta, Canada. The continuance will be accomplished through the adoption of the proposed plan of conversion. If we complete the continuance, Assure Energy, Inc. will be continued under the Alberta Business Corporations Act and cease to be incorporated in Nevada and as a result will be governed by the Alberta

Edgar Filing: ASSURE ENERGY INC - Form S-4

Business Corporations Act.

Only stockholders of record at the close of business on _____, 2003 are entitled to notice of and to vote at the meeting.

At the meeting, we will also transact such other business as may properly come before the meeting or any adjournments or postponements thereof.

Stockholders of record are not entitled to appraisal rights of the fair value of their shares.

Your vote is important. To insure your shares are represented, you should complete, sign and date the enclosed proxy and return it promptly in the enclosed envelope, whether or not you expect to attend the special meeting. You may revoke your proxy and vote in person if you decide to attend the meeting and your shares are not held in street name.

ASSURE ENERGY INC.'S BOARD OF DIRECTORS BELIEVES THAT THE CONTINUANCE IS ADVISABLE AND IN THE BEST INTEREST OF SHAREHOLDERS AND RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE PROPOSAL.

By Order of the Board of Directors,

Harvey Lalach
President and Chief Executive Officer
_____, 2003

3

_____, 2003

Dear Assure Energy Inc. stockholder:

You are cordially invited to attend a special meeting of stockholders to be held on _____, 2003 at ____ p.m. at the offices of Gottbetter & Partners, LLP., 630 Third Avenue, 5th Floor, New York, New York 10017. The purpose of the meeting is to allow you to vote on the proposed conversion plan that would change the company's domicile from Nevada to Alberta, Canada. If we complete the conversion and continuance, the company will be governed by the Alberta Business Corporations Act.

We believe that the continuance to Canada will more accurately reflect our present operations as an oil and gas company, which have always been in Canada. Since engaging in this line of business, we have never had any employees or operations in the U.S. We also believe the continuance to Canada will enable us to benefit from investor interest in Canada for Canadian oil and gas companies and other Canadian sources of financing more readily available to Canadian companies.

Assure Nevada common stock is currently listed for trading on the Over-the-Counter Bulletin Board under the symbol "ASUR"

Our Board of Directors has declared the continuance and conversion plan advisable and recommends that you vote in favor of the continuance of the company from Nevada to Canada.

We are calling a special meeting of the stockholders to vote on the plan of

Edgar Filing: ASSURE ENERGY INC - Form S-4

continuance and conversion and are soliciting proxies for use at the meeting. The record date for voting at the meeting is _____, 2003.

Stockholders of record are not entitled to appraisal rights of the fair value of their shares if they vote against the plan of conversion.

SEE "RISK FACTORS," BEGINNING ON PAGE 12 FOR A DISCUSSION OF CERTAIN RISKS, INCLUDING TAX EFFECTS, RELATING TO THE CONVERSION AND THE OWNERSHIP OF COMMON SHARES IN ASSURE NEVADA.

This proxy statement/prospectus is first being mailed to holders of Assure Energy, Inc. common stock on or about _____, 2003.

PLEASE NOTE THAT NEITHER THE SEC NOR ANY STATE SECURITIES COMMISSION HAS APPROVED OR DISAPPROVED OF THESE SECURITIES OR DETERMINED IF THIS PROSPECTUS IS TRUTHFUL OR COMPLETE. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

SUMMARY

THIS SUMMARY PROVIDES AN OVERVIEW OF THE INFORMATION CONTAINED IN THIS PROSPECTUS AND DOES NOT CONTAIN ALL OF THE INFORMATION YOU SHOULD CONSIDER. THEREFORE, YOU SHOULD ALSO READ THE MORE DETAILED INFORMATION SET FORTH IN THIS DOCUMENT, THE FINANCIAL STATEMENTS OF THE COMPANY AND THE OTHER INFORMATION THAT IS INCORPORATED BY REFERENCE. THE SYMBOL "\$" REFERS TO UNITED STATES DOLLARS.

In this prospectus, unless otherwise indicated or the context otherwise requires, we will refer to Assure Nevada and Assure Canada as "we", "us", "our" or "the company".

THE COMPANY

We are actively engaged in the exploration, development, acquisition and production of petroleum and natural gas properties primarily located in Western Canada. We own varying interests through farmout participations, asset purchases, and acquisitions of crown land rights of both producing and prospective oil and gas properties. For a more detailed discussion of our operations see "Business of Assure Energy, Inc." on page 34. Our principal executive office is located at 2750-140 4th Avenue, S.W., Calgary, Alberta, Canada, telephone (403) 266-2787.

After the continuance, we will be a Canadian corporation governed by the Alberta Business Corporations Act. We will continue to conduct the business in which we are currently engaged. Our operations and employees presently exist entirely within Canada, and therefore there will be no material effect on operations. Our business and operations following the conversion will be identical in most respects to our current business, except that we will no longer be subject to the corporate laws of the State of Nevada but will be subject to the Alberta Business Corporations Act. The Canadian company hereinafter referred to as Assure Canada, will be liable for all the debts and obligations of the Nevada company, hereinafter referred to as Assure Nevada, and the officers and

Edgar Filing: ASSURE ENERGY INC - Form S-4

directors of the Canadian company will be the officers and directors of the Nevada company. The differences between the laws will not materially affect our business but will affect your rights as a stockholder. The differences between the applicable laws of the two jurisdictions is discussed in greater detail under the heading "Comparative Rights of Stockholders" on page 28.

FACTORS YOU SHOULD CONSIDER

The conversion, which will have the effect of transferring our domicile from Nevada to Alberta, Canada will not have any effect on your relative equity or voting interests in our business. You will continue to hold exactly the same shares which you currently hold. The continuance will, however, result in changes in your rights and obligations under applicable corporate laws. In addition, the continuance may have tax consequences for you.

REASONS FOR THE CONVERSION

7

We believe that the continuance to Canada will more accurately reflect our operations, all of which are based in Canada. Since entering our current line of business, we have not had any operations in the U.S. We also believe the continuance to Canada may enable us to benefit from new financing opportunities that may be available to us as a Canadian corporation.

RISK FACTORS RELATED TO THE CONVERSION TRANSACTION

Factors such as possible adverse tax consequences and stock price volatility of our common stock following the continuance may affect your interest in owning Assure Canada common shares. In evaluating the merits of the proposed conversion, you should carefully consider the risk factors and the other information included beginning on page 12 of this prospectus.

Although you are entitled to dissent from the proposed continuance and plan of conversion, Nevada law does not grant dissenters' rights in a conversion.

MATERIAL TAX CONSEQUENCES FOR STOCKHOLDERS

The following is a brief summary of the material tax consequences the continuance will have for stockholders. Stockholders should consult their own tax advisers with respect to their particular circumstances. A more detailed summary of the factors affecting the tax consequences for stockholders is set out under "Material United States Federal Tax Consequences" and "Material Canadian Income Tax Consequences."

UNITED STATES FEDERAL INCOME TAX CONSEQUENCES

On the date of the continuance, the Nevada company must recognize any gain but not any losses to the extent that the fair market value of any of its assets exceeds its taxable basis in such assets. The calculation of any potential gain will need to be made separately for each asset held. No loss will be allowed for any asset that has a taxable basis in excess of its fair market value. We do not believe that any of our assets have a fair market value which is greater or significantly greater than their respective tax basis. Accordingly, we do not expect to recognize material taxable gains as a result of the continuance.

U.S. holders and Canadian holders of our stock will not be required to recognize any gain or loss as a result of the continuance. A U.S. stockholder's adjusted basis in the shares of the Canadian company will be equal to such stockholder's

Edgar Filing: ASSURE ENERGY INC - Form S-4

adjusted basis in the shares of the Nevada company. A U.S. stockholder's holding period in the shares of the Canadian company will include the period of time during which such stockholder held his or her shares in the Nevada company. For a more complete discussion of the U.S. Income Tax Consequences, please see "Material United States Federal Income Tax Consequences" on page 22.

CANADIAN INCOME TAX CONSEQUENCES

On our continuance to Canada, the Canadian company will be deemed to dispose of and to immediately re-acquire its assets at their fair market value. If the fair market value of the assets

8

exceed the taxable basis in the assets a tax will be due. Pre-continuance losses are available for use in Canada.

A Canadian stockholder will not realize a disposition of their Nevada shares on the continuance to Canada. To the extent a deemed dividend is paid by the Nevada company to a Canadian stockholder, the amount of the dividend will be included in their income. For a more complete discussion of the Canadian Income Tax Consequences, please see "Material Canadian Income Tax Considerations" on page 25.

HOW THE CONVERSION WILL AFFECT YOUR RIGHTS AS A STOCKHOLDER

You will continue to hold the same shares you now hold following the continuance of the company to Canada. However, the rights of stockholders under Nevada law differ in certain substantive ways from the rights of stockholders under the Alberta Business Corporations Act. Examples of some of the changes in stockholder rights which will result from continuance are:

- o Under Nevada law, unless otherwise provided in the charter, stockholders may act without a meeting by written consent of the majority of the voting power of the outstanding common stock entitled to vote on the matter, and notice need not be given to stockholders. Under Canadian law, stockholders may only act by way of a resolution passed at a duly called meeting unless all stockholders otherwise entitled to vote consent in writing.
- o Under Nevada law, a charter or bylaw amendment requires approval by vote of the holders of a majority of the outstanding stock. Under Canadian law, an amendment to a corporation's charter requires approval by two-thirds majority of the stockholders.
- o Dissenter's rights are available to stockholders under more circumstances under Canadian law than under Nevada law.
- o Stockholders have a statutory oppression remedy under Canadian law that does not exist under Nevada statute. It is similar to the common law action in Delaware for breach of fiduciary duty, but the Canadian remedy does not require stockholders to prove that the directors acted in bad faith.
- o A director's liability may not be limited under Canadian law as it may under Nevada law.

Edgar Filing: ASSURE ENERGY INC - Form S-4

PRICE VOLATILITY

We cannot predict what effect the continuance will have on the market price prevailing from time to time or the liquidity of our shares.

ACCOUNTING TREATMENT OF THE CONVERSION

For U.S. accounting purposes, conversion of our company from a Nevada corporation to a Canadian one represents a transaction between entities under common control. Assets and

9

liabilities transferred between entities under common control are accounted for at historical cost, in accordance with the guidance for transactions between entities under common control in Statement of Financial Accounting Standards No. 141, Business Combinations. The historical comparative figures of Assure Canada will be those of Assure Nevada.

Upon the effective date of the conversion, we will be subject to the securities laws of the province of Alberta. We will qualify as a foreign private issuer in the United States. Before our continuance in Canada, we prepared our consolidated financial statements in accordance with generally accepted accounting principles ("GAAP") in the United States. As a Canadian domestic issuer, we will be required to prepare our annual and interim consolidated financial statements in accordance with Canadian generally accepted accounting principles. For purpose of our annual disclosure obligations in the United States, we will annually file in the United States consolidated financial statements prepared in accordance with Canadian GAAP together with a reconciliation to US GAAP.

OUR RECOMMENDATION TO STOCKHOLDERS

Taking into consideration all of the factors and reasons for the conversion set forth above and elsewhere in this proxy statement/prospectus, our board of directors has approved the conversion and recommends that our stockholders vote FOR approval of the continuance and plan of conversion.

THE SPECIAL MEETING

MATTER TO BE VOTED ON

Our stockholders will be asked to approve the continuance and conversion plan. This plan will have the effect of changing our domicile from Nevada to Alberta, Canada.

VOTE NEEDED TO APPROVE THE PLAN OF CONVERSION

Approval of the plan of conversion requires the affirmative vote of stockholders holding at least a majority of the outstanding shares of Assure Nevada common stock.

SUMMARY FINANCIAL INFORMATION

THE FOLLOWING SUMMARY FINANCIAL INFORMATION FOR THE YEARS ENDED DECEMBER 31, 2002 AND DECEMBER 31, 2001 INCLUDES BALANCE SHEET AND STATEMENT OF OPERATIONS DATA FROM THE AUDITED CONSOLIDATED FINANCIAL STATEMENTS OF ASSURE NEVADA. THE INFORMATION CONTAINED IN THIS TABLE SHOULD BE READ IN CONJUNCTION WITH OUR "PLAN OF OPERATION" AND THE CONSOLIDATED FINANCIAL STATEMENTS AND ACCOMPANYING NOTES

INCLUDED HEREIN.

The financial statements of Assure Nevada have been prepared in accordance with accounting principles generally

10

accepted in the United States. The application of Canadian generally accepted accounting principles, which will be applicable to our financial statements following the conversion, would not result in any material differences from the Assure Nevada financial statements.

RISK FACTORS

An investment in our common shares involves certain risks. In evaluating us and our business, investors should carefully consider the following risk factors in addition to the other information included or incorporated by reference in this prospectus.

Edgar Filing: ASSURE ENERGY INC - Form S-4

RISKS RELATING TO THE CONTINUANCE

We May Owe Taxes As A Result Of The Continuance If Our Conclusions Relating To The Value Of Our Assets Are Incorrect

For U.S. tax purposes, on the date of continuance, we will be treated as though we sold all of our property and received the fair market value for those properties. We will be taxed on any income or gain realized on that "sale." If the fair market value of any of our assets is greater than our tax basis in such assets, we will have taxable gain on the deemed "sale".

We reviewed our assets, liabilities and paid-up capital and believe that we will not owe material U.S. federal income taxes as a result of the continuance. We believe that the fair market value of most of our assets is not in excess of our tax basis in such assets. We further believe that the fair market value for those assets with a fair market value that is in excess of the tax basis for such assets is not materially excessive. Accordingly, we believe that little or no U.S. taxes will be owed as a result of the proposed continuance. It is possible that the facts on which we based our assumptions and conclusions could change before the continuance is completed. We have not applied to the federal tax authorities for a ruling on this matter and do not intend to do so. We have also made certain assumptions regarding the tax treatment of this transaction in order to reach our conclusions and it may be possible for some of these assumptions to be interpreted in a different manner which would be less favorable to us. You should understand that it is possible that the federal tax authorities will not accept our valuations or positions and claim that we owe more taxes than we expect as a result of this transaction.

The Stock Price Of Our Common Shares May Be Volatile. In Addition, Demand In The United States For Our Shares May Be Decreased By The Change In Domicile.

The market price of our common shares may be subject to significant fluctuations in response to variations in results of operations and other factors. Developments affecting the oil and gas industry including oil and gas price fluctuations could also have a significant impact on the market price for our shares. In addition, the stock market has experienced a high level of price and volume volatility. Market prices for the stock of many similar companies have experienced wide fluctuations which have not necessarily been related to the operating performance of such companies. These broad market fluctuations, which are beyond the control of the company, could have a material adverse effect on the market price of our shares.

We cannot predict what effect, if any, the conversion will have on the market price prevailing from time to time or the liquidity of our common shares. The change in domicile may decrease

12

the demand for our shares in the United States. The decrease may not be offset by increased demand for our shares in Canada.

RISKS RELATING TO THE COMPANY

We Have A Limited Operating History With Respect To Our Current Business. This Makes An Evaluation Of Our Business Difficult.

Assure Nevada was formed in Delaware in August 1999 to engage in a toy business. No operations in this area were ever commenced. Commencing with its

Edgar Filing: ASSURE ENERGY INC - Form S-4

April 23, 2002 acquisition of Assure Oil & Gas Corp., followed by Assure Oil & Gas Corp.'s May 30, 2002 acquisition of Westerra 2000 Inc., Assure Delaware became an oil and gas company. Through Assure Canada, we are committed to continue and expand these operations. Both Assure Oil & Gas Corp. and Westerra 2000 Inc. have limited operating histories. Accordingly, we have limited performance history on which you can evaluate our future performance. We are at an early stage of development and it is possible that we may not achieve the revenues that we anticipate. If that occurs, we will receive less than our anticipated income from our operations and our profitability will suffer. Before investing, you should carefully evaluate the risks, uncertainties, expenses and difficulties frequently encountered by early stage companies.

Our Future Success Is Dependent On The Performance And Continued Service Of Our Executive Officers And Key Employees, And Our Ability To Attract And Retain Skilled Personnel.

Our performance and future operating results are dependent on the continued service and performance of Harvey Lalach, our president and chief executive and financial officer. To the extent that the services of Mr. Lalach become unavailable, our business or prospects may be adversely affected. Should we be required to do so, we do not know whether we would be able to employ an equally qualified person or persons to replace Mr. Lalach. We do not currently maintain "key man" insurance for any of our executive officers or other key employees and do not intend to obtain this type of insurance following the completion of this offering. If we are successful in further developing our business, we will require additional managerial, administrative and support personnel. Competition for highly-qualified personnel is intense, and we cannot assure that we can retain our key employees or that we will be able to attract or retain qualified personnel in the future. The loss of the services of any of our management or other key employees and our inability to attract and retain other necessary personnel could have a material adverse effect on our financial condition, operating results, and cash flows. See "Directors, Executive Officers, Promoters and Control Persons".

Our Competitors Have Greater Financial and Human Resources Than We Do. This May Give Them A Competitive Advantage

The oil and gas industry is highly competitive. We encounter competition from numerous companies in all of our activities, particularly in acquiring rights to explore for crude oil and natural gas. Most of our competitors are larger and have substantially greater financial and human resources than we do.

The oil and gas business involves large-scale capital expenditures and risk-taking. In the search for new oil and gas reserves, long lead times are often required from successful exploration to subsequent production. Operations in the oil and gas industry depend on a depleting natural resource. The number of areas where it can be expected that oil and gas will be discovered in commercial quantities is constantly diminishing and exploration risks are high. Areas where oil or gas may be found are often in remote locations where exploration and development activities are capital intensive and operating costs are high.

Our future success will depend, to a significant extent, on our ability to make good decisions regarding our capital expenditures, especially when taking into consideration our limited resources. We can give no assurance that we will be able to overcome the competitive disadvantages we face as a small

Edgar Filing: ASSURE ENERGY INC - Form S-4

company with limited capital.

We Do Not Intend To Pay Dividends On Our Common Stock For The Foreseeable Future.

We have not paid any cash dividends, nor do we contemplate or anticipate paying any dividends upon our common stock in the foreseeable future.

We May Need Additional Financing Which May Not Be Available And, If Available, Might Only Be Available On Unfavorable Terms. Our Failure To Obtain Financing, If Needed, Would Hinder Our Operations And Our Ability To Achieve Profitability.

We have principally funded our operations to date through sales of our equity and debt securities. We expect to continue to raise funds in the future through sales of our debt or equity securities and through loans until such time, if ever, as we are able to operate profitably. There can be no assurance given that we will be able to obtain funds in such manner or on terms that are beneficial to us. Our inability to obtain needed funding can be expected to have a material adverse effect on our operations and our ability to achieve profitability.

We Have A History Of Losses And An Accumulated Deficit And Expect To Continue to Incur Losses Until We Establish Profitable Business Operations. This Could Drive The Price Of Our Stock Down

We have experienced operating losses since our inception. As at March 31, 2003 we had accumulated deficit in the amount of \$1,241,726. We expect to incur additional operating losses until we are able to establish profitable business operations. If we fail to establish profitable business operations and continue to incur losses, the price of our common stock can be expected to fall.

The Continuance Into Canada May Materially Affect Shareholders' Rights.

Canadian law is materially different from Nevada law, under which Assure Nevada is currently incorporated. We cannot assure you that the differences between Canadian law and Nevada law will not materially affect the interests of our shareholders. See "Comparative Rights of Shareholders."

14

Our Existing Shareholders Will Continue To Control Us After This Offering. Their Interests May Be Different From And Conflict With Yours.

The interests of our existing shareholders could conflict with yours. After the continuance, our existing shareholders will beneficially own a majority of our outstanding common stock. Accordingly, if they act together, they will have the power to approve corporate transactions and control the election of all of our directors and other issues for which the approval of our shareholders is required. This concentration of ownership may also delay, deter or prevent a change in control of our company and may make some transactions more difficult or impossible to complete without the support of these stockholders. As a result, if you purchase shares of our common stock you may have no effective voice in our management. See "Principal Stockholders" and "Certain Transactions".

Sales Of Shares Eligible For Future Sale Could Depress The Market Price For Our Common Stock.

We presently have issued and outstanding 16,433,000 shares of our

Edgar Filing: ASSURE ENERGY INC - Form S-4

common stock, options to purchase 120,000 shares of our common stock at an exercise price of \$2.75 per share, and warrants to purchase 10,383,500 shares of our common stock at exercise prices ranging from \$.333 to \$3.10 per share. We also have issued and outstanding 17,500 shares of convertible Series A Preferred Stock and 5,250 shares of convertible Series B Preferred Stock. Most of our outstanding convertible securities are not presently convertible. Market sales of large amounts of our common stock, or the potential for those sales even if they do not actually occur, may have the effect of depressing the market price of our common stock. In addition, if our future financing needs require us to issue additional shares of common stock or securities convertible into common stock, the supply of common stock available for resale could be increased which could stimulate trading activity and cause the market price of our common stock to drop, even if our business is doing well.

There Is A Limited Public Market For Our Common Stock. Unless Such Market Is Expanded You May Have Difficulty Selling Shares Of Our Common Stock.

To date there has been only a limited and sporadic public market for our common stock. There can be no assurance that an active and more reliable public market will develop in the future or, if developed, that such market will be sustained. Purchasers of shares of our common stock may, therefore, have difficulty in reselling such shares. As a result, investors may find it impossible to liquidate their investment in us should they desire to do so. Our common stock is currently traded in the over-the-counter market and quoted on the OTC Bulletin Board. As at the date hereof, we are not eligible for inclusion in NASDAQ or for listing on any national stock exchange. At the present time, we are unable to state when, if ever, we will meet the Nasdaq application standards. Unless we are able to increase our net worth and market valuation substantially, we will never be able to meet the eligibility requirements of NASDAQ. Moreover, even if we meet the minimum requirements to apply for inclusion in The Nasdaq SmallCap Market, there can be no assurance that approval will be received or, if received, that we will meet the requirements for continued listing on the

15

Nasdaq SmallCap Market. Further, Nasdaq reserves the right to withdraw or terminate a listing on the Nasdaq SmallCap Market at any time and for any reason in its discretion. If we are unable to obtain or to maintain a listing on the Nasdaq SmallCap Market, quotations, if any, for "bid" and "asked" prices of the common stock would be available only on the OTC Bulletin Board where our common stock is currently quoted or in the "pink sheets". This can result in an investor's finding it more difficult to dispose of or to obtain accurate quotations of prices for our common stock than would be the case if our common stock were quoted on the Nasdaq Small Cap Market. Irrespective of whether or not our common stock is included in the Nasdaq SmallCap system, there can be no assurance that the public market for our common stock will become more active or liquid in the future.

Market transactions in our common stock are subject to the "Penny Stock Rules" of the Securities and Exchange Act of 1934, which are discussed in more detail below. These rules could make it difficult to trade our common stock because compliance with them can delay or preclude certain trading transactions. This could have an adverse effect on the ability of an investor to sell any shares of our common stock.

The Penny Stock Rules Apply To Our Common Stock. This May Make It More Difficult For Holders Of Our Common Stock To Resell Their Shares.

Edgar Filing: ASSURE ENERGY INC - Form S-4

As discussed above, at the present time, our common stock is not listed on The Nasdaq SmallCap Stock Market or on any stock exchange. Although dealer prices for our common stock are listed on the OTC Bulletin Board, trading has been sporadic and limited since such quotations first appeared.

The Securities Enforcement and Penny Stock Reform Act of 1990 requires special disclosure relating to the market for penny stocks in connection with trades in any stock defined as a "penny stock". Commission regulations generally define a penny stock to be an equity security that has a market price of less than \$5.00 per share and is not listed on the Nasdaq SmallCap Stock Market or a major stock exchange. These regulations subject all broker-dealer transactions involving such securities to the special "Penny Stock Rules" set forth in Rule 15c-2 of the Securities Exchange Act of 1934 (the "34 Act"). It may be necessary for the Selling Shareholder to utilize the services of broker-dealers who are members of the NASD. The current market price of our common stock is substantially less than \$5 per share and such stock can, for at least for the foreseeable future, be expected to continue to trade in the over-the-counter market at a per share market price of substantially less than \$5. Accordingly, any broker-dealer sales of our shares will be subject to the Penny Stock Rules. These Rules affect the ability of broker-dealers to sell our securities and also may affect the ability of purchasers of our common stock to sell their shares in the secondary market, if such a market should ever develop.

The Penny Stock Rules also impose special sales practice requirements on broker-dealers who sell securities to persons other than their established customers or "Accredited Investors." Among other things, the Penny Stock Rules require that a broker-dealer make a special suitability determination respecting the purchaser and receive the purchaser's written agreement to the transaction prior to the sale. In addition, the Penny Stock Rules require that a broker-dealer deliver, prior to any transaction, a disclosure schedule prepared in accordance with the requirements of the Commission relating to the penny stock market. Finally, monthly statements have to be sent to any holder of such penny stocks disclosing recent price information for the penny stock held in the account and information on the limited market in penny stocks. Accordingly, for so long as the Penny Stock Rules are applicable to our common stock, it may be difficult to trade such stock because compliance with such Rules can delay or preclude certain trading transactions. This could have an adverse effect on the liquidity and price of our common stock.

CONTINUANCE AND CONVERSION PROPOSAL

BACKGROUND OF THE PROPOSAL

The Board of Directors of Assure Nevada has determined that it is advisable to change the company's domicile from Nevada to Alberta, Canada. Management has determined that a conversion will be the most effective means of achieving the desired change of domicile. The Nevada Revised Statutes allow a corporation that is duly incorporated, organized, existing and in good standing under Nevada law to convert into a foreign entity pursuant to a plan of conversion approved by the stockholders of the Nevada corporation.

Under the continuance and conversion, articles of conversion will be filed with the Secretary of State of Nevada. Articles of Continuance will also be filed with the Director of Business Corporations in Canada. Upon the filing, the company will be continued as a Canadian company and will be governed by the laws of Alberta, Canada. The assets and liabilities of the Canadian company immediately after the consummation of the conversion will be identical to the

Edgar Filing: ASSURE ENERGY INC - Form S-4

assets and liabilities of the Nevada company immediately prior to the conversion. The current officers and directors of the Nevada company will be the officers and directors of the Canadian company. The change of domicile will not result in any material change to the business of Assure Nevada and will not have any effect on the relative equity or voting interests of our stockholders. Each previously outstanding share, option and warrant of Assure Nevada will become one share, option and warrant of the Canadian company. The change in domicile will, however, result in changes in the rights and obligations of current Assure Nevada stockholders under applicable corporate laws. For an explanation of these differences see "Comparative Rights of Stockholders". In addition, the merger may have adverse tax consequences for stockholders. For a more detailed explanation of the circumstances to be considered in determining the tax consequences, see "Material United States Federal Tax Consequences" and "Material Canadian Tax Consequences."

Pursuant to Section 92A.120 of the Nevada Revised Statutes, the board of directors of Assure Nevada has adopted a resolution approving the plan of conversion. The effect of this conversion will be to change the domicile of Assure Nevada from Nevada to Alberta, Canada. Assure Nevada shall file with the Secretary of State of Nevada the Plan of Conversion and file a notice of registered office, a notice of directors and Articles of Continuance with the Director under the Alberta Business Corporations Act. Upon the filing of the Plan of Conversion in accordance with Section 92A.205 of the Nevada Revised Statutes and payment to the Secretary of State of all fees prescribed thereto, the conversion shall become effective in accordance with Section 92A.240 of the Nevada Revised Statutes. Upon receipt of the Articles of Continuance and payment of all applicable fees, the Director shall issue a Certificate of Continuance, and the continuance shall be effective on the date shown in the certificate.

REASONS FOR THE CHANGE OF DOMICILE

17

We believe that the continuance to Alberta, Canada will more accurately reflect our present operations as an oil and gas company, which have always been in Canada. Further, all of our employees are located in Canada. We also believe the continuance to Canada may enable us to benefit from new financing opportunities which may become available to us. Furthermore, a majority of our issued and outstanding common stock is owned of record by non-U.S. residents. Accordingly, upon the continuance, we will be considered a "foreign private issuer" under the Securities Act of 1933, as amended.

EFFECTIVE TIME OF THE CONVERSION

The continuance and conversion will become effective upon:

- o The approval of the plan of conversion by the stockholders of Assure Nevada.
- o The delivery of duly executed articles of conversion to the Secretary of State of the State of Nevada in accordance with Section 92A.205 of the Nevada Revised Statutes.
- o The issuance of a Certificate of Continuance by the Director of Business Corporations under the Alberta Business Corporations Act.

We anticipate that the Articles of Conversion and Articles of Continuance will be filed promptly after the special meeting of Assure Nevada stockholders.

Edgar Filing: ASSURE ENERGY INC - Form S-4

Therefore, the only condition required for the Company to adopt the plan of conversion and become continued into Canada is that the stockholders must duly approve the plan of conversion.

CONDITIONS TO THE CONSUMMATION OF THE CONVERSION

The Board of Directors of Assure Nevada has adopted and approved the plan of conversion. The only other material consents, approvals or authorizations of or filings required to consummate the conversion are the approval of the stockholders of Assure Nevada in accordance with Section 92A. 120 of the Nevada Revised Statutes, the filing of the Articles of Conversion with the Secretary of State of Nevada and the filing of Articles of Continuance with the Alberta Director of Business Corporations.

EXCHANGE OF SHARE CERTIFICATES

No exchange of certificates that, prior to the effective time of the continuance, represented shares of Assure Nevada common stock is required with respect to the continuance and the transactions contemplated by the conversion plan. Promptly after the effective time of the conversion, we shall mail to each record holder of certificates that immediately prior to the effective time of the conversion represented shares of Assure Nevada common stock, a letter of transmittal and instructions for use in surrendering those certificates. Upon the surrender of each certificate formerly representing Assure Nevada stock, together with a properly completed letter of

18

transmittal, we shall issue in exchange a share certificate of Assure Canada and the stock certificate representing shares in the Assure Nevada shall be cancelled.

STOCK OPTIONS AND WARRANTS

As of the effective time of the conversion, all warrants and options to purchase shares of Assure Nevada common stock granted or issued prior to the effective time of the conversion will become warrants and options to purchase shares in Assure Canada as continued under the Alberta Business Corporations Act.

RECOMMENDATION OF THE BOARD OF DIRECTORS

THE BOARD OF DIRECTORS HAS UNANIMOUSLY APPROVED THE CONTINUANCE AND PLAN OF CONVERSION DESCRIBED IN THIS PROSPECTUS

In reaching its decision, the board reviewed the fairness to Assure Nevada and its stockholders of the proposed continuance and considered, without assigning relative weights to, the following factors:

- o The fact that all of the company's operations, assets and employees and current principal executive offices are currently located in Canada.
- o The belief of the board of directors that the continuance may provide new financing opportunities for the company.
- o The belief that there will be minimal or no tax consequences to Assure Nevada from the proposed continuance.
- o The fact that the stockholders have an opportunity to vote on

Edgar Filing: ASSURE ENERGY INC - Form S-4

the proposed continuance.

Without relying on any single factor listed above more than any other factor, the board of directors, based upon their consideration of all such factors taken as a whole, have concluded that the proposals are fair to Assure Nevada and its stockholders.

ACCORDINGLY, THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE PROPOSAL CONTAINED IN THIS PROXY/PROSPECTUS

VOTING AND PROXY INFORMATION

SPECIAL MEETING

A special meeting of the Assure Nevada stockholders will be held at _____ p.m. on _____, 2003, at the offices of Gottbetter & Partners, LLP., 630 Third Avenue, 5th Floor, New York, New York 10017 (or at any adjournments or postponements thereof) to consider and

19

vote on a proposal to effect a plan of conversion, which will have the effect of transferring the jurisdiction of incorporation of Assure Nevada from the State of Nevada to Alberta, Canada, and to vote on any other matters that may properly come before such meeting. The presence, in person or by proxy, of stockholders holding a majority of the outstanding shares of Assure Nevada common stock will constitute a quorum. The vote of any stockholder who is represented at the special meeting by proxy will be cast as specified in the proxy. If no vote is specified in a duly executed and delivered proxy such vote will be cast for the proposal. Any stockholder of record who is present at the special meeting in person will be entitled to vote at the meeting regardless of whether the stockholder has previously granted a proxy for the special meeting.

THE BOARD OF DIRECTORS OF ASSURE NEVADA HAS APPROVED THE CONTINUANCE AND RECOMMENDS THAT STOCKHOLDERS VOTE IN FAVOR OF ITS APPROVAL.

PROXY SOLICITATION

The total cost of soliciting proxies will be borne by us. Proxies may be solicited by officers and regular employees of Assure Nevada without extra remuneration, by personal interviews, telephone and by electronic means. We anticipate that banks, brokerage houses and other custodians, nominees and fiduciaries will forward soliciting material to stockholders and those persons will be reimbursed for the related out-of-pocket expenses they incur.

RECORD DATE

Only those stockholders of record at the close of business on _____, 2003, as shown in Assure Nevada's records, will be entitled to vote or to grant proxies to vote at the special meeting.

VOTE REQUIRED FOR APPROVAL

Approval of the conversion plan requires the affirmative vote of the stockholders of Assure Nevada holding a majority of the shares of Assure Nevada common stock. Abstentions and broker "non-votes" will not have any effect on the vote. As of July 18, 2003, there were 16,433,000 shares of common stock outstanding held by approximately 41 holders of record.

Edgar Filing: ASSURE ENERGY INC - Form S-4

PROXY INSTRUCTIONS

Each Assure Nevada stockholder as of _____, 2003, will receive a proxy card. A stockholder may grant a proxy to vote for or against, or to abstain from voting on, the proposals by marking his or her proxy card appropriately and executing it in the space provided.

Holders of our common stock whose names appear on the stock records of Assure Nevada should return their proxy card to our transfer agent, Continental Stock Transfer & Trust Company, in the envelope provided with the proxy card. Stockholders who hold their common stock in the name of a bank, broker or other nominee should follow the instructions provided by their bank, broker or nominee on voting their shares.

20

TO BE EFFECTIVE, A PROXY CARD MUST BE RECEIVED PRIOR TO THE SPECIAL MEETING. ANY PROPERLY EXECUTED PROXY WILL BE VOTED IN ACCORDANCE WITH THE SPECIFICATION INDICATED ON THE PROXY CARD. A PROPERLY EXECUTED AND RETURNED PROXY CARD IN WHICH NO SPECIFICATION IS MADE WILL BE VOTED FOR THE PROPOSAL.

If any other matters are properly presented at the special meeting for consideration, including consideration of a motion to adjourn the meeting to another time and/or place (including adjournment for the purpose of soliciting additional proxies), the persons named in the proxy card and acting under its authority will have discretion to vote on such matters in accordance with their best judgment.

PROXY REVOCATION

Holders of Assure Nevada common stock whose names appear on the stock records of Assure Nevada may revoke their proxy card at any time prior to its exercise by:

- o Giving written notice of such revocation to the corporate secretary;
- o Appearing and voting in person at the special meeting; or
- o Properly completing and executing a later-dated proxy and delivering it to the corporate secretary at or before the special meeting.

Presence without voting at the special meeting will not automatically revoke a proxy, and any revocation during the meeting will not affect votes previously taken. Assure Nevada stockholders who hold their Assure Nevada common stock in the name of a bank, broker or other nominee should follow the instructions provided by their bank, broker or nominee in revoking their previously voted shares.

PROXY VALIDITY

All questions as to the validity, form, eligibility (including time of receipt), and acceptance of proxy cards will be determined by the Assure Nevada board of directors. Any such determination will be final and binding. The Assure Nevada board of directors will have the right to waive any irregularities or conditions as to the manner of voting. Assure Nevada may accept proxies by any reasonable form of communication so long as Assure Nevada can be reasonably assured that the communication is authorized by the Assure Nevada stockholder.

Edgar Filing: ASSURE ENERGY INC - Form S-4

DISSENTERS' RIGHTS

Under Chapter 92A of the Nevada Revised Statutes, stockholders of record are entitled to the fair value of all or a portion of their shares in certain corporate transactions, such as a merger. However, such appraisal rights are not available in a plan of conversion.

MATERIAL UNITED STATES FEDERAL TAX CONSEQUENCES

GENERAL

The following sections summarize material provisions of United States federal income tax laws that may affect our stockholders and us. Although this summary discusses the material United States federal income tax considerations arising from and relating to the continuance, it does not purport to discuss all of the United States consequences that may be relevant to our stockholders, nor will it apply to the same extent or in the same way to all stockholders. The summary does not describe the effect of the U.S. federal estate tax laws or the effects of any state or local tax law, rule or regulation, nor is any information provided as to the effect of any other United States or foreign tax law, other than the income tax laws of the United States to the extent specifically set forth herein.

The tax discussion set forth below is based upon the facts set out in this prospectus and upon additional information possessed by our management and upon representations of our management. The tax discussion is included for general information purposes only. It is not intended to be, nor should it be construed to be, legal or tax advice to any particular stockholder. The following does not address all aspects of taxation that may be relevant to you in light of your individual circumstances and tax situation. YOU ARE STRONGLY ADVISED AND ARE EXPECTED TO CONSULT WITH YOUR OWN LEGAL AND TAX ADVISORS REGARDING THE UNITED STATES INCOME TAX CONSEQUENCES OF THE CONTINUANCE IN LIGHT OF YOUR PARTICULAR CIRCUMSTANCES.

UNITED STATES FEDERAL INCOME TAX CONSEQUENCES

This portion of the summary applies to U.S. holders who own our common shares as capital assets. U.S. holders include individual citizens or residents of the United States, corporations (or entities treated as corporations for U.S. federal income tax purposes), and partnerships organized under the laws of the United States or any State thereof or the District of Columbia. Trusts are U.S. holders if they are subject to the primary supervision of a U.S. court and the control of one or more U.S. persons with respect to substantial trust decisions. An estate is a U.S. holder if the income of the estate is subject to U.S. federal income taxation regardless of the source of the income. U.S. holders who own interests indirectly through one or more non-U.S. entities or carry on business outside the United States through a permanent establishment or fixed place of business, or U.S. holders who hold an interest other than as a common shareholder, should consult with their tax advisors regarding their particular tax consequences.

This summary also describes certain U.S. federal income tax consequences to Canadian holders following the continuance, who are specifically those persons resident in Canada who own our common shares as capital assets. The discussion is limited to the U.S. federal income tax consequences to Canadian holders of their ownership and disposition of the common shares of the company as a result of the continuance and assumes the Canadian holders have no other U.S. assets or

activities.

22

This discussion is based on the Internal Revenue Code of 1986, as amended, adopted and proposed regulations thereunder, Internal Revenue Service ("IRS") rulings and pronouncements, reports of congressional committees, judicial decisions, and current administrative practice, all of which are subject to change, perhaps with retroactive effect. Any such change could alter the tax consequences discussed below. No ruling from the IRS will be requested concerning the U.S. federal income tax consequences of the continuance. The tax consequences set forth in the following discussion are not binding on the IRS or the courts and no assurance can be given that contrary positions will not be successfully asserted by the IRS or adopted by a court. As indicated above, this discussion does not address all aspects of U.S. federal income taxation that may be relevant to particular U.S. holders in light of their personal circumstances or to U.S. holders subject to special treatment under the U.S. Internal Revenue Code, including, without limitation, banks, financial institutions, insurance companies, tax-exempt organizations, broker-dealers, S corporations, individual retirement and other deferred accounts, application of the alternative minimum tax rules, holders who received our stock as compensation, persons who hold notes or stock as part of a hedge, conversion, or constructive sale transaction, straddle, or other risk-reduction transaction, persons that have a "functional currency" other than the U.S. dollar, and persons subject to taxation as expatriates. Furthermore, this discussion does not address the tax consequences applicable to holders that are treated as partnerships or other pass-through entities for U.S. federal income tax purposes.

This summary does not address the U.S. federal income tax consequences to a U.S. holder of the ownership, exercise, or disposition of any warrants or options.

U.S. TAX CONSEQUENCES TO THE COMPANY

While the continuance of the Company from Nevada to Alberta, Canada is actually a migration of the corporation from Nevada to Alberta, Canada, for tax purposes, the continuance is treated as the transfer of our assets to the Canadian company in exchange for stock of the Canadian company. This is to be followed by a distribution of the stock in the Canadian company to our stockholders, and then the exchange by Assure Nevada's stockholders of their Assure Nevada stock for Assure Canada stock. As a Nevada company, we must recognize gain (but not loss) on the assets held by us at the time of the conversion to the extent that the fair market value of any of our assets exceeds their respective basis in the assets. The calculation of any potential gain will need to be made separately for each asset held by Assure Nevada. No loss will be allowed for any asset that has a taxable basis in excess of its fair market value. We do not believe the current fair market value of the assets held by the company exceed or materially exceed their respective basis. Accordingly, we are not expecting Assure Nevada to recognize material taxable gains as a result of the continuance.

U.S. TAX CONSEQUENCES TO U.S. AND CANADIAN SHAREHOLDERS

The continuance should be treated by shareholders as the exchange by them, of their stock for stock of the Canadian company. The shareholders will not be required to recognize any U.S. gain or loss on this transaction. A shareholder's adjusted basis in the shares of Assure Canada received in the exchange will be equal to such shareholder's adjusted basis in the shares of

Assure Nevada surrendered in the exchange. A shareholder's holding period in the shares of Assure Canada received in the exchange should include the period of time during which such shareholder held his or her shares in Assure Nevada.

CONTROLLED FOREIGN CORPORATION CONSIDERATIONS

There is currently no single U.S. shareholder of Assure Nevada that owns (directly or indirectly) at least 10% of the Assure Nevada shares. Further, the total combined ownership of all U.S. shareholders is less than 50%. Therefore, the Controlled Foreign Corporation ("CFC") rules under Internal Revenue Code ("IRC") Sections 951 - 959 will not apply to Assure Canada and its U.S. shareholders immediately after the continuance. Any United States person who owns (directly or indirectly) 10% or more of the total combined voting power of all classes of stock entitled to vote of a foreign corporation, such as Assure Canada, will be considered a "United States shareholder" under the CFC rules. If, in the future, "United States shareholders" (as defined above) own more than 50% of the total combined voting power of all classes of Assure Canada stock entitled to vote or own more than 50% of the value of Assure Canada stock, Assure Canada will be considered to be a CFC for U.S. tax purposes. In such situation, the "United States shareholders" would likely be subject to the effects of the CFC rules, and should consult with their tax advisors regarding their particular tax consequences.

FOREIGN PERSONAL HOLDING COMPANY CONSIDERATIONS

There is not currently a group of five or fewer U.S. shareholders of Assure Nevada that owns (directly or indirectly) more than 50% of the Assure Nevada shares. Therefore, the Foreign Personal Holding Company ("FPHC") rules under IRC Sections 551 - 558 will not apply to Assure Canada immediately after the continuance. If, in the future, any group of five or fewer U.S. shareholders owns (directly or indirectly) more than 50% of Assure Canada's stock, the U.S. shareholders may be subject to the FPHC rules, depending on the type of income earned by the company. Should that situation occur, the U.S. shareholders should consult with their tax advisors regarding their particular tax consequences.

PASSIVE FOREIGN INVESTMENT COMPANY CONSIDERATIONS

After the continuance, Assure Canada and every U.S. shareholder of Assure Canada will need to annually evaluate whether Assure Canada is a Passive Foreign Investment Company ("PFIC") under IRC Sections 1291 - 1298. If, at any time after the continuance, Assure Canada were considered a PFIC, the company and all U.S. shareholders of Assure Canada would need to consider various potential reporting requirements, tax elections, and tax liabilities imposed under the PFIC rules. In such situation, the company and all U.S. shareholders should consult with their tax advisors regarding their particular tax consequences.

If Assure Canada generates revenues in any tax year that are at least 75% passive income (dividends, interest, royalties, rents, annuities, foreign currency gains, and gains from the sale of assets generating passive income), Assure Canada will be considered a PFIC for that year and for all future years. In addition, if 50% or more of the gross average value of Assure Canada's assets in any tax year consist of assets that would produce passive income (including cash and cash

Edgar Filing: ASSURE ENERGY INC - Form S-4

equivalents held as working capital), Assure Canada will be considered a PFIC for that year and for all future years.

POST-CONTINUANCE U.S. TAXATION OF INCOME, GAINS AND LOSSES

After the continuance, Assure Canada will not have any U.S. activities or operations. As long as Assure Canada does not develop a permanent establishment in the U.S., the operations of Assure Canada will not be subject to U.S. income tax. If Assure Canada receives dividends, interest, rent, or royalties from any U.S. entity, those amounts will be subject to withholding tax (which will be withheld and remitted to the US Treasury by the U.S. entity paying the dividends or interest) under the Convention Between the United States of America and Canada With Respect to Taxes on Income and Capital ("Canada - United States income tax treaty"). Depending on the particular situation, such amounts may be available to offset taxes imposed by the country of residence of a particular stockholder.

POST-CONTINUANCE SALE OF ASSURE CANADA SHARES

A U.S. shareholder who sells his or her shares of Assure Canada will generally recognize capital gain (or loss) equal to the amount by which the cash received pursuant to sale of the shares exceeds (or is exceeded by) such holder's adjusted basis in the shares surrendered. If the U.S. shareholder's holding period for the Assure Canada shares (which includes the holding period for the Assure Nevada shares) is less than one year, the U.S. shareholder will recognize ordinary income (or loss) on the sale of his or her shares.

POST-CONTINUANCE DIVIDENDS ON ASSURE CANADA SHARES

Any dividends received by U.S. shareholders of Assure Canada will be recognized as ordinary income by the shareholders for U.S. tax purposes. Any Canadian tax withheld by Canada Customs & Revenue Agency on such dividends will be available as a foreign tax credit to the U.S. shareholders. In general, any Canadian income tax withheld from dividends paid to U.S. shareholders can be used by the shareholder to offset the U.S. income tax assessed on the dividends. The amount of the Canadian taxes that can be used as a foreign tax credit will depend on the particular tax situation of each U.S. shareholder. Each U.S. shareholder should consult with a tax advisor regarding the calculation of any available foreign tax credit available in his or her particular tax consequences.

MATERIAL CANADIAN TAX CONSEQUENCES

GENERAL

The following sections summarize material provisions of Canadian federal income tax laws that may affect our stockholders and us. Although this summary discusses the material Canadian federal income tax considerations arising from and relating to the continuance, it does not purport to discuss all of the Canadian tax consequences that may be relevant to our stockholders, nor will it apply to the same extent or in the same way to all stockholders. The summary does not describe the effects of any provincial or local tax law, rule or regulation, nor is any information

provided as to the effect of any other Canadian federal or foreign tax law, other than the income tax laws of the Canada to the extent specifically set forth herein.

Edgar Filing: ASSURE ENERGY INC - Form S-4

The tax discussion set forth below is based upon the facts set out in this prospectus and upon additional information possessed by our management and upon representations of our management. The tax discussion is included for general information purposes only. It is not intended to be, nor should it be construed to be, legal or tax advice to any particular stockholder. The following does not address all aspects of taxation that may be relevant to you in light of your individual circumstances and tax situation. YOU ARE STRONGLY ADVISED AND ARE EXPECTED TO CONSULT WITH YOUR OWN LEGAL AND TAX ADVISORS REGARDING THE CANADIAN INCOME TAX CONSEQUENCES OF THE CONTINUANCE IN LIGHT OF YOUR PARTICULAR CIRCUMSTANCES.

CANADIAN INCOME TAX CONSIDERATIONS

The following general summary is our understanding of the Canadian federal income tax consequences of the proposed continuance of Assure Nevada to Canada as it applies to Assure Canada and to those individual Canadian resident stockholders to whom shares of the Nevada company constitute "capital property" for the purposes of the Income Tax Act (Canada) (the "Act"). This summary also describes the principal Canadian federal income tax consequences of the proposed continuance of Assure Nevada to Canada to non-resident individual stockholders who do not carry on business in Canada. Nevada stockholders should consult their own Canadian tax advisors on the Canadian tax consequences of the proposed continuance.

This summary is based upon our understanding of the current provisions of the Act, the regulations thereunder in force on the date hereof (the "Regulations"), any proposed amendments (the "Proposed Amendments") to the Act or Regulations previously announced by the Federal Minister of Finance and our understanding of the current administrative and assessing policies of the Canada Customs and Revenue Agency. This description is not exhaustive of all possible Canadian federal income tax consequences and does not take into account or anticipate any changes in law, whether by legislative, governmental or judicial action other than the Proposed Amendments, nor does it take into account provincial or foreign tax considerations, which may differ significantly from those discussed herein.

CONSEQUENCES OF CONTINUANCE TO CANADA

CANADIAN CORPORATION

As a result of being granted articles of continuance to Alberta, Canada, Assure Canada will be deemed to have been incorporated in Canada from that point onwards, and not to have been incorporated elsewhere.

NOT FOREIGN PROPERTY

As of the date of continuance, Assure Canada shares will not be considered foreign property for investment by a registered pension plan, registered retirement savings plan or deferred profit

26

sharing plan. It is not likely that the Assure Canada shares will ever be considered foreign property.

DEEMED DISPOSITION

As a result of the continuance to Canada, Assure Canada will be deemed to have disposed of, and immediately reacquired, all of its assets at their then fair

Edgar Filing: ASSURE ENERGY INC - Form S-4

market value. Gains arising on the deemed disposition of taxable Canadian property (if any) are taxable in Canada (subject to exclusion by the Canada-United States income tax treaty). Since all of our property is located in Canada, all of our property is taxable Canadian property.

Pre-continuance accrued gains on a subsequent disposition by Assure Canada are not subject to further Canadian tax. Pre-continuance accrued losses are available for future use in Canada. The effect of this provision is that Assure Canada's assets are re-stated for Canadian income tax purposes at their fair market value as at the time of continuance to Canada.

NEW FISCAL PERIOD

We will be deemed to have a year-end immediately prior to our continuance to Canada. For Canadian income tax purposes, Assure Canada will be able to choose a new fiscal year end falling within the 12 months following the date of continuance.

CONSEQUENCES OF CONTINUANCE TO CANADIAN STOCKHOLDERS

NO DEEMED DISPOSITION

A stockholder will not realize a disposition of their Assure Nevada shares on the continuance to Canada. For Canadian income tax purposes, the income tax cost of their Assure Canada shares will be equal to the income tax cost of their Nevada shares. On a subsequent sale of Assure Canada shares, a capital gain or loss will result equal to the proceeds of disposition less the income tax cost of their Assure Canada shares and any related selling costs.

DEEMED DIVIDEND

The deemed disposition of Assure Nevada's assets will result in a decrease in the income tax cost of certain of its assets. To the extent there is an adjustment in the income tax cost of Assure Canada's assets, a corresponding adjustment to the paid up capital of Assure Canada's shares will be made to ensure their paid up capital does not exceed the difference between the adjusted income tax cost of its assets (as adjusted by the deemed disposition) and its outstanding liabilities. Since a decrease in Assure Canada's paid up capital is required, such decrease is allocated pro-rata amongst Assure Canada's shares.

If an increase in the income tax cost of Assure Canada's asset values is realized, Assure Canada may elect to increase the paid up capital of its shares prior to continuing to Canada. In the event Assure Canada makes such an election, it will be deemed to have paid a dividend to its stockholders. Canadian stockholders that are deemed to have received such a dividend must

27

include that dividend in income. In such a situation, the amount of the dividend will be added to the stockholders' income tax cost of their Assure Canada shares. Since the tax consequences would be detrimental to individual stockholders if we were to increase the income tax cost, we will not be making such an election.

INTEREST EXPENSE

Assure Nevada's continuance to Canada will not affect the deductibility of interest incurred on money borrowed to purchase shares of Assure Nevada. Generally, interest that is currently deductible will continue to be deductible by a stockholder after our continuance to Canada, as long as the stockholder

Edgar Filing: ASSURE ENERGY INC - Form S-4

continues to own Assure Canada shares.

CONSEQUENCES OF CONTINUANCE TO NON-RESIDENT STOCKHOLDERS

On the continuance of Assure Nevada to Canada, the income tax cost of a non-resident's Assure Canada shares will be equal to their fair market value at the time of continuance to Canada. A subsequent disposition of Assure Canada shares by a non-resident stockholder will not be subject to tax in Canada provided his shares are not taxable Canadian property.

To the extent Assure Canada pays a dividend to a non-resident stockholder, such dividend is subject to a 25% withholding tax (to be reduced by an income tax treaty between Canada and the non-resident stockholder's country of residence). Under the treaty, most shareholders of Assure Canada would be subject to a 15% withholding tax. Any shareholders that are corporation and that own 10% or more of Assure Canada would be subject to a 5% withholding tax.

COMPARATIVE RIGHTS OF STOCKHOLDERS

After the conversion, the stockholders of the former Nevada corporation will become the holders of shares in the capital of a Canadian company organized under the Alberta Business Corporations Act. Differences between the Nevada Revised Statutes and the Alberta Business Corporations Act, will result in various changes in the rights of stockholders of Assure. It is impractical to describe all such differences, but the following is a summary description of the more significant differences. This summary description is qualified in its entirety by reference to the Nevada Revised Statutes and the Alberta Business Corporations Act.

ELECTION AND REMOVAL OF DIRECTORS

NEVADA. Any director, or the entire Board, may be removed with or without cause, but only by the vote of not less than two thirds of the voting power of the company at a meeting called for that purpose. The directors may fill vacancies on the board.

CANADA. Any director, or the entire Board, may be removed with or without cause, but only by a majority vote at a meeting of shareholders called for that purpose. The directors may fill vacancies on the Board.

INSPECTION OF STOCKHOLDERS LIST

28

NEVADA. Under Nevada law, any stockholder of record of a corporation who has held his shares for more than six months and stockholders holding at least 5% of all of its outstanding shares, is entitled to inspect, during normal business hours, the company's stock ledger and make extracts therefrom. It also provides that a Nevada company may condition such inspection right upon delivery of a written affidavit stating that inspection is not desired for any purpose not related to the stockholder's interest in the company.

CANADA. Under Canadian law, where a corporation has previously distributed its shares to the public, shareholders and creditors of a corporation may, on payment of a reasonable fee may require a corporation to furnish a list setting out the names and addresses of the stockholders of a corporation and the number of shares held by each stockholder. In order to obtain such a list, an affidavit must also be provided confirming that the list will only be used in connection with an effort to influence voting of the stockholders, an offer to acquire

Edgar Filing: ASSURE ENERGY INC - Form S-4

securities of the corporation or any other matter relating to the affairs of the corporation.

TRANSACTIONS WITH OFFICERS AND DIRECTORS

NEVADA. Under Nevada law, contracts or transactions in which a director or officer is financially interested are not automatically void or voidable if (i) the fact of the common directorship, office or financial interest is known to the board of directors or committee, and the board or committee authorizes, approves or ratifies the contract or transactions in good faith by a vote sufficient for the purpose, without counting the vote or votes of the common or interested director or directors, or (ii) the contract or transaction, in good faith, is ratified or approved by the holders of a majority of the voting power, (iii) the fact of common directorship, office or financial interest known to the director or officer at the time of the transactions is brought before the board of directors for actions, or (iv) the contract or transaction is fair to the corporation at the time it is authorized or approved. Common or interested directors may be counted to determine presence of a quorum and if the votes of the common or interested directors are not counted at the meeting, then a majority of directors may authorize, approve or ratify a contract or transaction.

CANADA. Under Canadian law, a material contract or transaction between a corporation and one or more of its directors or officers, or between a corporation and another entity in which a director or officer of the corporation is a director or officer or has a material interest in is not invalid if the director or officer has disclosed the nature and extent of his interest and the contract or transaction was approved by the directors. Even if such disclosure is not made, a director or officer will not be accountable to the corporation for any profit realized in such a transaction, and the contract or transaction will not be invalid only by reason of such interest, if the contract or transaction is approved by a special resolution at a meeting of shareholders, disclosure of his interest sufficient to indicate its nature is made before shareholder approval, and the contract or transaction is reasonable and fair to the corporation at the time it was approved. Interested directors may be counted for the purpose of determining a quorum at a meeting of directors called to authorize the contract.

LIMITATION ON LIABILITY OF DIRECTORS; INDEMNIFICATION OF OFFICERS AND DIRECTORS

NEVADA. Nevada law provides for discretionary indemnification made by the corporation only as authorized in the specific case upon a determination that indemnification of the director, officer, employee or agent is proper in the circumstances. The determination must be made either: (i) by the stockholders; (ii) by the board of directors by majority vote of a quorum consisting of directors who were not parties to the actions, suit or proceeding; (iii) if a majority vote of a quorum consisting of directors who were not parties to the actions, suit or proceeding so orders, by independent legal counsel in a written opinion; or (iv) if a quorum consisting of directors who were not parties to the actions, suit or proceeding cannot be obtained, by independent legal counsel in a written opinion. The articles of incorporation, the bylaws or an agreement made by the corporation may provide that the expenses of officers and directors incurred in defending a civil or criminal action, suit or proceeding must be paid by the corporation as they are incurred and in advance of the final disposition of the actions, suit or proceeding, upon receipt of an undertaking by or on behalf of the director or officer to repay the amount if it is ultimately determined by a court of competent jurisdiction that he is not

Edgar Filing: ASSURE ENERGY INC - Form S-4

entitled to be indemnified by the corporation. The provisions do not affect any right to advancement of expenses to which corporate personnel other than directors or officers may be entitled under any contract or otherwise by law. The indemnification and advancement of expenses authorized in or ordered by a court pursuant to Nevada law does not exclude any other rights to which a person seeking indemnification or advancement of expenses may be entitled under the articles of incorporation or any bylaw, agreement, vote of stockholders or disinterested directors or otherwise, for either an action in his official capacity or an action in another capacity while holding office, except that indemnification, unless ordered by a court or for the advancement of expenses, may not be made to or on behalf of any director or officer if his acts or omissions involved intentional misconduct, fraud or a knowing violation of the law and was material to the cause of action. In addition, indemnification continues for a person who has ceased to be a director, officer, employee or agent and inures to the benefit of the heirs, executors and administrators of such a person.

CANADA. Canadian law provides that a corporation may indemnify a director or officer or former director or officer of the corporation against costs, charges and expenses, including an amount paid to settle an action or satisfy a judgment reasonably incurred by the individual, in respect of a proceeding to which such person was a party by reason of being or having been a director or officer, if the person: (i) acted honestly and in good faith with a view to the best interests of the corporation; and (ii) in the case of a criminal or administrative proceeding enforced by a monetary penalty, he had reasonable grounds for believing his conduct was lawful. Where the indemnity is in respect of an action by or on behalf of the corporation for a judgment in its favour to which the director or officer is made party, such indemnity is only available if the director or officer fulfills those conditions.

VOTING RIGHTS WITH RESPECT TO EXTRAORDINARY CORPORATE TRANSACTIONS

30

NEVADA. Approval of mergers and consolidations and sales, leases or exchanges of all or substantially all of the property or assets of a corporation, whether or not in the ordinary course of business, requires the affirmative vote or consent of the holders of a majority of the outstanding shares entitled to vote, except that, unless required by the articles of incorporation, no vote of stockholders of the corporation surviving a merger is necessary if: (i) the merger does not amend the articles of incorporation of the corporation; (ii) each outstanding share immediately prior to the merger is to be an identical share after the merger, and (iii) either no common stock of the corporation and no securities or obligations convertible into common stock are to be issued in the merger, or the common stock to be issued in the merger, plus that initially issuable on conversion of other securities issued in the merger does not exceed 20% of the common stock of the corporation outstanding immediately before the merger.

CANADA. Approvals of amalgamations (except amalgamations between a corporation and wholly owned subsidiaries), consolidations, and sales, leases or exchanges of substantially all the property of a corporation, other than in the ordinary course of business of the corporation requires approval by the stockholders by a two-thirds majority vote at a duly called meeting.

STOCKHOLDERS' CONSENT WITHOUT A MEETING

NEVADA. Unless otherwise provided in the articles of incorporation or the bylaws, any actions required or permitted to be taken at a meeting of the stockholders may be taken without a meeting if, before or after taking the

Edgar Filing: ASSURE ENERGY INC - Form S-4

actions, a written consent is signed by the stockholders holding at least a majority of the voting power, except that if a different proportion of voting power is required for such an actions at a meeting, then that proportion of written consent is required. In no instance where actions is authorized by written consent need a meeting of the stockholders be called or notice given.

CANADA. Any action required or permitted to be taken at a meeting of the stockholders may be taken by a written resolution signed by all the stockholders entitled to vote on such resolution.

STOCKHOLDER VOTING REQUIREMENTS

NEVADA. Unless the articles of incorporation or bylaws provide for different proportions, a majority of the voting power, which includes the voting power that is present in person or by proxy, regardless of whether the proxy has authority to vote on all matters, constitutes a quorum for the transactions of business. In all matters other than the election of directors, the affirmative vote of the majority of shares present in person or represented by proxy at the meeting and entitled to vote on the subject matter shall be the act of the stockholders. Directors must be elected by a plurality of the votes of the shares present in person or represented by proxy at the meeting and entitled to vote on the election of directors. Where a separate vote by a class or series or classes or series is required, a majority of the voting power of the class or series that is present or by proxy, regardless of whether the proxy has authority to vote on all matters, constitutes a quorum for the transaction of business. An act by the stockholders of each class or series is approved if a majority of the voting power of a quorum of the class or series votes for the actions.

31

CANADA. Unless the by-laws otherwise provide, a quorum of stockholders is present for a meeting if the holders of a majority of the shares entitled to vote at the meeting are present in person or represented by proxy. It is common practice for companies to provide for a quorum of stockholders to be present when only 5% of the issued and outstanding share capital is present. Our proposed bylaws contain such a provision. Except where the Canada Business Corporations Act requires approval by a special resolution, being approval by a two-thirds majority of the shares present in person or represented by proxy and entitled to vote on the resolution, a simple majority of the shares present in person or represented by proxy and entitled to vote on a resolution is required to approve any resolution properly brought before the stockholders. Where the articles of a corporation provide for cumulative voting, stockholders voting at an election of directors have the right to a number of votes equal to the votes attached to the shares held by such stockholder multiplied by the number of directors to be elected and stockholders may cast all such votes in favour of one candidate for director or may distribute the votes among the candidates in any manner. The holders of a class or series of shares are entitled to vote separately on proposals to amend the articles of a corporation where such amendment affects the rights of such class or series in a manner different than other shares of the corporation. A vote to approve any such amendment is passed if approved by a two-thirds majority of the voting power of the class or series represented in person or by proxy at a meeting called to approve such amendment.

DIVIDENDS

NEVADA. A corporation is prohibited from making a distribution to its stockholders if, after giving effect to the distribution, the corporation would not be able to pay its debts as they become due in the usual course of business

Edgar Filing: ASSURE ENERGY INC - Form S-4

or the corporation's total assets would be less than its total liabilities (plus any amounts necessary to satisfy any preferential rights).

CANADA. A corporation is prohibited from declaring or paying a dividend if there are reasonable grounds for believing that the corporation, is or would after the payment be, unable to pay its liabilities as they become due or the realizable value of the corporation's assets would be less than the total of its liabilities and stated capital of all classes.

ANTI-TAKEOVER PROVISIONS

NEVADA. Nevada's "Acquisition of Controlling Interest Statute" applies to Nevada corporations that have at least 200 shareholders, with at least 100 shareholders of record being Nevada residents, and that do business directly or indirectly in Nevada. Where applicable, the statute prohibits an acquiror from voting shares of a target company's stock after exceeding certain threshold ownership percentages, until the acquiror provides certain information to the company and a majority of the disinterested shareholders vote to restore the voting rights of the acquiror's shares at a meeting called at the request and expense of the acquiror. If the voting rights of such shares are restored, shareholders voting against such restoration may demand payment for the "fair value" of their shares (which is generally equal to the highest price paid in the transaction subjecting the stockholder to the statute). The Nevada statute also restricts a "business combination" with "interested shareholders", unless certain conditions are met, with respect to corporations which have at least 200 shareholders of record. A "combination" includes (a) any merger with an "interested stockholder," or any other corporation which is or after the merger

32

would be, an affiliate or associate of the interested stockholder, (b) any sale, lease, exchange, mortgage, pledge, transfer or other disposition of assets, to an "interested stockholder," having (i) an aggregate market value equal to 5% or more of the aggregate market value of the corporation's assets; (ii) an aggregate market value equal to 5% or more of the aggregate market value of all outstanding shares of the corporation; or (iii) representing 10% or more of the earning power or net income of the corporation, (c) any issuance or transfer of shares of the corporation or its subsidiaries, to the "interested stockholder," having an aggregate market value equal to 5% or more of the aggregate market value of all the outstanding shares of the corporation, (d) the adoption of any plan or proposal for the liquidation or dissolution of the corporation proposed by the "interested stockholder," (e) certain transactions which would result in increasing the proportionate percentage of shares of the corporation owned by the "interested stockholder," or (f) the receipt of benefits, except proportionately as a stockholder, of any loans, advances or other financial benefits by an "interested stockholder." An "interested stockholder" is a person who, together with affiliates and associates, beneficially owns (or within the prior three years, did beneficially own) 10% or more of the corporation's voting stock. A corporation to which this statute applies may not engage in a "combination" within three years after the interested stockholder acquired its shares, unless the combination or the interested stockholder's acquisition of shares was approved by the board of directors before the interested stockholder acquired the shares. If this approval was not obtained, then after the three year period expires, the combination may be consummated if all applicable statutory requirements are met and either (a) (i) the board of directors of the corporation approves, prior to such person becoming an "interested stockholder", the combination or the purchase of shares by the "interested stockholder" or (ii) the combination is approved by the affirmative vote of holders of a majority of voting power not beneficially owned by the "interested stockholder"

Edgar Filing: ASSURE ENERGY INC - Form S-4

at a meeting called no earlier than three years after the date the "interested stockholder" became such or (b) (i) the aggregate amount of cash and the market value of consideration other than cash to be received by holders of common shares and holders of any other class or series of shares meets certain minimum requirements set forth in the statutes and (ii) prior to the consummation of the "combination", except in limited circumstances, the "interested stockholder" will not have become the beneficial owner of additional voting shares of the corporation.

CANADA. There is no provision under Canadian law similar to the Nevada Acquisition of Controlling Interest Statute.

APPRAISAL RIGHTS; DISSENTERS' RIGHTS

NEVADA. Nevada law limits dissenters rights in a merger, when the shares of the corporation are listed on a national securities exchange included in the National Market System established by the National Association of Securities Dealers, Inc. or are held by at least 2,000 shareholders of record, unless the shareholders are required to accept in exchange for their shares anything other than cash or (i) shares in the surviving corporation, (ii) shares in another entity that is publicly listed or held by more than 2,000 shareholders, or (iii) any combination of cash or shares in an entity described in (i) or (ii). Also, the Nevada law does not provide for dissenters' rights in the case of a sale of assets.

33

CANADA. Under the Alberta Business Corporations Act stockholders have rights of dissent where the corporation amends its articles to change any provisions restricting or constraining the issue, transfer or ownership of shares of a class or to add change or remove restrictions on the business the corporation may carry out. Stockholders also have dissent rights where a corporation proposes to amalgamate, other than with a wholly owned subsidiary corporation, continue to another jurisdiction, sell, lease or exchange all or substantially all its property, or carry out a going private or squeezeout transaction.

ACCOUNTING TREATMENT

The continuance of our company from Nevada to Alberta, Canada represents, for U.S. accounting purposes, a transaction between entities under common control. Assets and liabilities transferred between entities under common control are accounted for at historical cost, in accordance with the guidance for transactions between entities under common control in Statement of Financial Accounting Standards No. 141, Business Combinations. The historical comparative figures of Assure will be those of Assure as a Nevada company.

Upon the effective date of the conversion, we will be subject to the securities laws of Alberta, Canada as those laws apply to Canadian domestic issuers. We will qualify as a foreign private issuer in the United States. Before our continuance in Canada, we prepared our consolidated financial statements in accordance with generally accepted accounting principles ("GAAP") in the United States. As a Canadian domestic issuer, we will be required to prepare our annual and interim consolidated financial statements in accordance with Canadian generally accepted accounting principles. For purpose of our annual disclosure obligations in the United States, we will annually file in the United States consolidated financial statements prepared in accordance with Canadian GAAP together with a reconciliation to US GAAP.

BUSINESS OF ASSURE ENERGY, INC.

Edgar Filing: ASSURE ENERGY INC - Form S-4

General

We were incorporated on August 11, 1999 in the State of Delaware under the name Inventoy.com, Inc. with the objective to license toy designs to toy manufacturers and to act as a toy inventor's agent in licensing toy designs developed by others. We expected to market such toy designs by both direct meetings with toy manufactures' representatives and through a web site that could give manufacturers the opportunity to review pictures and descriptions of new inventions at a single source to decide whether a face-to-face meeting would be useful. Given the effect of an overcrowded .com business environment, no operations in this area were ever commenced. Accordingly we looked at other ventures of merit for corporate participation as a means of enhancing shareholder value. This strategy resulted in our April 23, 2002 Acquisition Agreement with Assure Oil & Gas Corp., an Ontario, Canada corporation, and the shareholders of Assure Oil & Gas Corp.

The Acquisition Agreement principally involved our acquisition of all of Assure Oil & Gas Corp.'s issued and outstanding capital stock, making Assure Oil & Gas Corp. a wholly owned subsidiary of ours, in exchange for 2,400,000 units, each unit consisting of one share of

34

our common stock, one Class A Warrant and one Class B Warrant. Each Class A Warrant, as amended, entitles the holder thereof to acquire one share of our common stock at a price of \$.50 per share at any time or from time to time during the four year period commencing on October 1, 2003 and expiring on September 30, 2007. Each Class B Warrant, as amended, entitles the holder thereof to acquire one share of our common stock at a price of \$1.00 per share at any time or from time to time during the four year period commencing on July 1, 2004 and expiring on June 30, 2008. As the result of the September 17, 2002 3:2 forward stock split the 2,400,000 units became 3,600,000 units, consisting of 3,600,000 shares, 3,600,000 Class A Warrants and 3,600,000 Class B Warrants. Similarly, the exercise price for each Class A Warrant became \$.333 and the exercise price for each Class B Warrant became \$.667 per share. In connection with the Acquisition Agreement, Ed Kaplan, one of our directors at that time, resigned and was replaced by James Golla, a designee of Assure Oil & Gas Corp. Further, on May 1, 2002 we amended our Certificate of Incorporation to change our name from Inventoy.com, Inc. to Assure Energy, Inc.

Assure Oil & Gas Corp. is actively engaged in the exploration, development, acquisition and production of petroleum and natural gas properties primarily located in Western Canada. In October 2000 Assure Oil & Gas Corp. commenced its oil and gas operations as part of an initiative to create cash flow by participating in a Farmout Agreement to drill a prospective Elkton zone natural gas well. To date, Assure Oil & Gas Corp. has acquired varying interests, through farmout participations, asset purchases and acquisitions of crown land rights in approximately 3200 gross acres (3040 net acres) of both producing and prospective petroleum and natural gas properties in the Western Sedimentary Basin of Western Canada. Assure Oil & Gas Corp. has seven producing oil wells with working interests therein ranging from 16.88%-95%. Assure Oil & Gas Corp.'s share of the average daily production for the past three months from these oil wells is approximately 28 barrels of oil per day. Six of these oil wells also produce gas that contributes to Assure Oil & Gas Corp. the equivalent of approximately 31 barrels of oil equivalent per day. Assure Oil & Gas Corp. has three other gas wells that contribute to Assure Oil & Gas Corp. approximately 71 barrels of oil equivalent per day. Working interests in these

Edgar Filing: ASSURE ENERGY INC - Form S-4

gas wells vary from 10.83% to 95%. Assure Oil & Gas Corp. currently has one abandoned and three shut in gas wells. No new oil or gas wells are currently being drilled by Assure Oil & Gas Corp.

Assure Oil & Gas Corp. plans to continue to explore, develop or acquire petroleum and natural gas properties to increase cash flow, and to build petroleum and natural gas reserves. Assure Oil & Gas Corp. anticipates an exploration program that could include infill drilling of current proved and producing properties, seismic interpretation of prospective properties and exploratory drilling. Acquisitions could include lands, licenses and leases, producing well bores or corporate acquisitions. Assure Oil & Gas Corp. also may from time to time acquire, or enter into strategic alliances with complementary business to achieve these objectives.

On March 14, 2002 we signed an asset purchase agreement with Inventoy.com International, Inc., through which we assigned all of our rights, titles and exclusive interests in and to all patents, trademarks, trade names, technical processes, know-how and other intellectual property that was associated with our business at that time (toy designs), including the twenty seven (27) toy designs we acquired from Kaplan Design Group upon our formation, in exchange for all of the outstanding shares of Inventoy.com International, Inc. (100 shares, par value \$.001).

35

On May 30, 2002 Assure Oil & Gas Corp. entered into a Share Purchase Agreement with the three shareholders of Westerra 2000 Inc., an Alberta, Canada corporation engaged in the exploration, development and production of oil and gas properties primarily located in Alberta and Saskatchewan, Canada. Pursuant to the Share Purchase Agreement, Assure Oil & Gas Corp. acquired all of the capital stock of Westerra 2000 Inc. The purchase price was CDN\$3,450,000 (approximately US\$2,100,000) consisting of (i) CDN\$2,677,703.55 paid, on behalf of Westerra 2000 Inc., to Alta Gas Services Inc. pursuant to a June 1, 2001 Loan Agreement between Westerra 2000 Inc. and Alta Gas Services Inc.; (ii) CDN\$422,296.45 paid to the three shareholders of Westerra 2000 Inc. on a pro rata basis in proportion to their share ownership in Westerra 2000 Inc.; and (iii) CDN\$350,000 (approximately US \$221,000) payable to the three shareholders of Westerra 2000 Inc. on a pro rata basis in proportion to their share ownership in Westerra 2000 Inc. following the resolution of title deficiencies on certain properties. The parties deemed the effective date of the Acquisition Agreement to be April 1, 2002. As a consequence thereof, Assure Oil & Gas Corp. paid an additional CDN\$34,164.98 to Alta Gas Services Inc., which represented additional interest due under the loan agreement. As a further consequence, net revenues and prepaid expenses of Westerra 2000 Inc., attributable to the period ending after April 1, 2002 but received by Westerra 2000 Inc. prior to May 30, 2002, were credited to Assure Oil & Gas Corp. The title deficiencies referred to above were resolved in January 2003 but we have not released the CDN \$350,000 to the three shareholders of Westerra 2000 Inc. based on our contention that certain Westerra 2000 Inc. wells that had been reported to us to be proven/producing wells have not, in fact, been on production. Consequently, the three shareholders commenced an action against us in Calgary, Alberta on February 19, 2003 seeking release of the CDN \$350,000 together with interest. See "Legal Proceedings."

The Share Purchase Agreement also provided that within 60 days of Assure Oil & Gas Corp.'s recoupment of the CDN\$3,450,000 Purchase Price in the form of net revenue from the acquired Westerra 2000 Inc. natural gas production, Assure Oil & Gas Corp. had to give notice thereof to the three shareholders of Westerra 2000 Inc., who within 30 days of receipt of such notice, could elect to

Edgar Filing: ASSURE ENERGY INC - Form S-4

acquire an aggregate 25% working interest in such natural gas production for no additional consideration.

Westerra 2000 Inc. owns certain natural gas and oil interests in approximately five sections of land (3,200 acres gross - 1,920 acres net) in the Lloydminster area along the provincial border of Alberta and Saskatchewan (the "Westerra interests"). Westerra 2000 Inc. has six producing oil wells with working interests therein ranging from 50% to 100%. Westerra 2000 Inc.'s share of the average daily production for the past three months from these oil wells is approximately 130 barrels of oil per day. Westerra 2000 Inc. also has eight producing gas wells, each with a working interest of 60%. Westerra 2000 Inc.'s share of the average daily production for the past three months from these gas wells is approximately 153 barrels of oil equivalent per day, based upon the standard gas conversion ratio where six million cubic feet of gas equals one barrel of oil. Westerra 2000 Inc. has one suspended and one abandoned oil well. No new oil or gas wells are currently being drilled by Westerra 2000 Inc.

On August 27, 2002 we entered into a Stock Exchange Agreement with Inventoy.com International, Inc., Kaplan Design Group, Douglas Kaplan, Ed Kaplan and Ron Beit-Halachmy. At the time of the Stock Exchange Agreement, Kaplan Design Group, Douglas Kaplan, Ed Kaplan and Ron Beit-Halachmy (collectively the "Shareholders") owned an aggregate of

36

14,440,000 shares of our common stock (the "Shares"). Pursuant to the Stock Exchange Agreement, the Shareholders exchanged the Shares for all of the issued and outstanding shares of Inventoy.com International, Inc., our inactive wholly-owned subsidiary. Inventoy.com International, Inc. owned patents, trademarks, tradenames, technical processes, know-how and other intellectual property intended to be utilized in a business involving the licensing of toy designs developed by others. The Shareholders included certain founders of ours that contributed the Inventoy assets to us upon our formation. The Shares had been received by the Shareholders in consideration of their contribution of the Inventoy assets. The decision to sell Inventoy.com International, Inc. to the Shareholders was based upon the determination that Inventoy International, Inc. did not fit into our current operations which primarily consist of the exploration, development, and acquisition of petroleum and gas properties located in Western Canada. Pursuant to the Stock Exchange Agreement, the Shares were cancelled and returned to the status of authorized but unissued shares.

On March 6, 2003 we entered into a share purchase agreement (the "Share Purchase Agreement") with 5 shareholders (the "Shareholders") of Quarry Oil & Gas Ltd., ("Quarry") an Alberta, Canada corporation respecting our proposed purchase of 6,750,000 Quarry shares from the shareholders for an aggregate purchase price of CDN \$8,962,650 (approximately US \$5,800,000) or CDN \$1.3278 per share. These shares represent 47.28% of Quarry's outstanding common shares. The transaction is tentatively scheduled to close on or before July 31, 2003. Quarry is a junior oil and gas exploration and development company based on Calgary, Alberta whose common shares are listed on the TSX Venture Exchange under the symbol "QUC". Quarry's average daily production is currently approximately 1200 barrels of oil equivalent per day. Quarry has a stable oil production base in Alberta and has recently added significant gas production from its discoveries in northeast British Columbia where it has access to a large base of undeveloped lands. It has developed an extensive portfolio of natural gas prospects to facilitate future growth.

The Share Purchase Agreement contains a covenant by us to engage in one of the following post closing activities:

Edgar Filing: ASSURE ENERGY INC - Form S-4

- o present to Quarry an experienced, previously successful management team for Quarry, subject to the reasonable consent of the Shareholders;
- o make, within 60 days of closing, an offer to acquire the remaining Quarry shares at a price of not less than CDN \$1.3278 per share; or
- o subscribe, within 90 days of closing, to a material private placement of Quarry at a subscription price per share of CDN \$1.3278.

We have yet to determine which of these alternatives we will choose.

On April 7, 2003 we entered into a Consulting Agreement with TGR Group, LLC, ("TGR") a Nevada limited liability company, pursuant to which TGR provides public relations services on our behalf. Pursuant to the Agreement, as amended, we paid a \$25,000 fee to TGR

37

and issued 100,000 5 year warrants to TGR, each exercisable for the purchase of 1 share of our restricted common at a price of \$3 per share. Piggyback registration rights apply with respect to the shares underlying the warrants. These piggyback registration rights do not apply to registration statements relating solely to employee benefit plans, business combinations or changes in domicile.

On March 25, 2003 we entered into a one year Consulting Agreement with Investormedia Group pursuant to which Investormedia Group provides us with strategic planning and media services, including assistance with creating market awareness of our company. In consideration of these services, we pay Investormedia Group a monthly retainer of \$2,500 plus a fee equal to 15% of the of the gross cost of services engaged or facilitated by Investormedia Group. In certain mutually agreed upon instances, the fee can be reduced to 5%. On June 21, 2003 we authorized Investormedia Group to include a report on us in a newsletter with an estimated circulation of 300,000 persons. In consideration thereof, we have agreed to pay Investormedia Group \$325,585 consisting of typesetting, printing and mailing costs and a 5% fee payable to Investormedia Group.

Stock Splits

Following the close of business on March 6, 2002 we effected a 4:1 forward stock split in favor of our Shareholders of record as of the close of business on February 25, 2002. Pursuant to the stock split our 5,221,000 shares of common stock issued and outstanding on the record date were increased to 20,884,000 shares of common stock.

Following the close of business on September 17, 2002 we effected a 3:2 forward stock split in favor of our shareholders of record as of the close of business on September 10, 2002. Pursuant to the stock split our 10,244,000 shares of common stock issued and outstanding on the record date were increased to 15,366,000 (2) shares.

Nevada Reincorporation

On _____, 2003 we reincorporated from Delaware to Nevada for the

Edgar Filing: ASSURE ENERGY INC - Form S-4

sole purpose of taking advantage of the Nevada continuance statute. The reincorporation was effected through a Plan and Agreement of Merger between Assure Energy, Inc., a Delaware corporation, hereinafter referred to as Assure Delaware, and Assure Nevada. The Merger was approved by the holders of a majority of the outstanding shares of Assure Delaware. Pursuant to Delaware Law, dissenting Assure Delaware shareholders were given appraisal rights.

Financing Transactions

During the period October 2000 through April 2001 we engaged in a private offering of up to 1,500,000 shares of our common stock at a price of \$.10 per share. The offering was completed in April 2001 with the sale of 1,111,000 shares of our common stock to 42 people resulting in gross proceeds of \$111,100. The offering was made in reliance on Rule 506 of Regulation D under the Securities Act of 1933, as amended.

On April 23, 2002 we completed a \$1,250,000 debt financing with an accredited investor. The debt was evidenced by our demand promissory note dated April 23, 2002 and bore interest at the

38

rate of 1% above the prime rate charged by Citicorp. The note was subsequently cancelled and the principal amount thereof was utilized to purchase \$1,250,000 of our Series A Preferred Stock. The note was issued pursuant to the exemption from registration contained in Section 4(2) of the Securities Act of 1933, as amended.

On May 8, 2002 we completed a \$1,750,000 equity financing with three accredited persons pursuant to the exemption from the registration provisions of the Securities Act of 1933, as amended, provided by Rule 506 of Regulation D. In connection therewith, we issued an aggregate of 1,400,00 units at a purchase price of \$1.25 per unit. Each unit consists of one share of our common stock and one common stock purchase warrant. Each warrant as amended, entitles the holder to purchase one share of our common stock at a price of \$1.50 per share for a period of four years commencing July 1, 2003. As the result of the September 17, 2002 3:2 forward stock split the 1,400,000 unit shares became 2,100,000 shares and the 1,400,000 warrants became 2,100,000 warrants, each with an exercise price of \$1.00 per share. Both the shares underlying the units and the shares underlying the unit warrants have piggyback registration rights.

As of June 1, 2002 we entered into a Preferred Stock Purchase Agreement with three accredited persons pursuant to which we sold them 17,500 shares of our Convertible Series A Preferred Stock at a price of \$100 per share (the "Stated Value") or an aggregate of \$1,750,000. The Series A Preferred Stock was issued pursuant to Section 4(2) of the Securities Act of 1933, as amended. One of the purchasers was the purchaser of our \$1,250,000 note described above, which pursuant to a Note Termination and Conversion Agreement with us dated as of June 1, 2002 terminated the April 23, 2002 note referred to above and applied the \$1,250,000 principal amount thereof to the purchase of 12,500 shares of our Series A Preferred Stock. The Series A Preferred Stock is convertible by the holder after 2 years, or if called for redemption by us, into units. The initial conversion price for the conversion of the Series A Preferred Stock is \$1.50 of Stated Value. Each unit consists of one share of our common stock and one common stock purchase warrant. Each warrant entitles the holder thereof to purchase one share of our common stock at a price of \$1.75 per share at any time during the four year period commencing one year after the date of issuance. Piggyback registration rights apply to the shares underlying the units and unit warrants issuable upon conversion of the Series A Preferred Stock. As the result of the

September 17, 2002 3:2 forward stock split, the initial conversion price of the Series A Preferred Stock became \$1.00 of Stated Value and the exercise price for each share underlying the unit warrants issuable upon conversion of the Series A Preferred Stock became approximately \$1.166 per share. The holders of the Series A Preferred Stock are entitled to receive out of funds legally available for the payment of dividends, dividends in cash or stock at the rate of 5% per annum on the Stated Value of each share of Series A Preferred Stock. Dividends on the Series A Preferred Stock are cumulative from the issuance date.

As of August 27, 2002 we entered into a Preferred Stock Purchase Agreement with an accredited person pursuant to which we sold such person 5,250 shares of our Convertible Series B Preferred Stock at a price of \$100 per share (the "Stated Value") or an aggregate of \$525,000. The Series B Preferred Stock was issued pursuant to Section 4(2) of the Securities Act of 1933, as amended. The Series B Preferred Stock is convertible by the holder after 2 years, or if called for redemption by us, into units. The initial conversion price for the conversion of the Series B Preferred Stock is \$1.75 of Stated Value. Each unit consists of one share of our common stock

and one common stock purchase warrant. Each warrant entitles the holder thereof to purchase one share of our common stock at a price of \$2.00 per share at any time during the four year period commencing one year after the date of issuance. Piggyback registration rights apply to the shares underlying the units and the unit warrants issuable upon conversion of the Preferred Stock. As the result of the September 17, 2002 3:2 forward stock split, the initial conversion price of the Series B Preferred Stock became approximately \$1.166 of Stated Value and the exercise price for each share underlying the unit warrants issuable upon conversion of the Series B Preferred Stock became approximately \$1.333 per share. The holders of the Series B Preferred Stock are entitled to receive out of funds legally available for the payment of dividends, dividends in cash or stock at the rate of 5% per annum on the Stated Value of each share of Series B Preferred Stock. Dividends on the Series B Preferred Stock are cumulative from the issuance date.

On December 28, 2002 Assure Oil & Gas Corp. completed a CDN \$1,000,000 debt financing with an accredited investor. The debt is evidenced by a six year promissory note which bears interest at the rate of 3 1/2% above the prime rate charged by Royal Bank of Canada in Toronto. No interest or principal is due on the note during the first year of the note. On the first anniversary of the note, all interest then due on the note is payable in full. Thereafter, for the balance of the term of the note, interest and principal is payable quarterly. The debt is subordinated to all present and future bank debt of ours, including our subsidiaries.

On February 26, 2003 we completed a \$2,400,750 equity financing in which we sold 1,067,000 units to 2 accredited investors at a price of \$2.25 per unit. Each unit consists of 1 share of our common stock and 1/2 warrant. Each full warrant entitles the holder to purchase one share of our common stock at a price of \$2.50 per share for a period of five years, commencing February 26, 2003.

On March 15, 2003 we completed a \$4,500,000 debt financing with an accredited investor. The debt is evidenced by a six year promissory note which bears interest at the rate of 3 1/2 % above prime rate charged by Citibank in New York. No interest or principal is due on the note during the first year of the note. On the first anniversary of the note, all interest then due on the note is payable in full. Thereafter, for the balances of the term of the note, interest and principal is payable quarterly. The debt is subordinated to all present and

future bank debt of ours, including our subsidiaries. In consideration of the financing, we also issued 450,000 warrants to the investor dated March 15, 2003. Each warrant entitles the holder to purchase 1 share of our common stock at a price of \$3.10 per share during the 5 year period commencing July 1, 2003.

Supplies and Suppliers

Any raw materials required by us in the operation of our business are available at competitive rates from many suppliers. We are not dependent on any one supplier for raw materials.

Research and Development

We have not engaged in any research and development activities since our inception.

Customers

40

No single customer accounts for a significant portion of our revenues.

Competition

The oil and gas industry is highly competitive. We encounter competition from numerous companies in all of our activities, particularly in acquiring rights to explore for crude oil and natural gas. Most of our competitors are larger and have substantially greater financial and human resources than we do.

The oil and gas business involves large-scale capital expenditures and risk-taking. In the search for new oil and gas reserves, long lead times are often required from successful exploration to subsequent production. Operations in the oil and gas industry depend on a depleting natural resource. The number of areas where it can be expected that oil and gas will be discovered in commercial quantities is constantly diminishing and exploration risks are high. Areas where oil or gas may be found are often in remote locations where exploration and development activities are capital intensive and operating costs are high.

Our future success will depend, to a significant extent, on our ability to make good decisions regarding our capital expenditures, especially when taking into consideration our limited resources. We can give no assurance that we will be able to overcome the competitive disadvantages we face as a small company with limited capital.

Government Regulation

As an oil and gas company with operations in Alberta, Canada and Saskatchewan, Canada we are subject to the rules and regulations of the Alberta Energy and Utilities Board (the "EUB") and the Saskatchewan Industry and Resources ("SIR"). The function of both the EUB and SIR is to insure that the discovery, development and delivery of oil and gas and other natural resources takes place in a manner that is fair, responsible and in the public interest. The EUB and SIR establish guidelines which we follow with respect to our oil and gas operations. Our operating costs are materially affected by these requirements.

Employees

Edgar Filing: ASSURE ENERGY INC - Form S-4

At the present time, our only employees are our two executive officers. We utilize independent contractors for our other service requirements.

Patents, Trademarks and Licenses

We do not have any patents, trademarks, licenses, franchises, concessions, royalty agreements or labor contracts.

Property

41

Our executive offices consist of approximately 1,836 square feet of space which Assure Oil & Gas Corp. subleases at 140-4th Avenue SW, Calgary, Alberta. The sublease which commenced on October 1, 2002 continues through December 30, 2005. Under the sublease we pay CDN\$4,674.81 per month (approximately US\$3,115 per month). Our president and our independent contractors including a production accountant, accountant, geologist, land administrator and engineer work from this location. We believe this space is sufficient to handle our present and immediate future needs. In the event our sublease is terminated for any reason or not renewed upon the expiration of the present term, space sufficient to handle our then present and expected future needs is available from several alternative sources at comparable rates.

LEGAL PROCEEDINGS

On February 19, 2003 Gary Freitag, Garth R. Keyte and Evan Stephens filed a Statement of Claim against Assure Oil & Gas Corp. in the Court of Queen's Bench of Alberta, Canada Judicial District of Calgary seeking judgment in the sum of CDN\$350,0000 (approximately US \$221,000) together with interest thereon at the rate of 6% per annum from January 15, 2003. The action relates to CDN\$350,000 that was placed in trust as part of the May 30, 2002 Share Purchase Agreement between Assure Oil & Gas Corp. and the three shareholders of Westerra 2000 Inc. Plaintiffs claim the money should have been released to them on or about January 15, 2003, the date of resolution of certain title deficiencies that existed at the time the Share Purchase Agreement was executed. We filed a Statement of Defense and Counterclaim based upon our assertion that certain of the Westerra 2000 Inc. wells that had been purchased in consideration of a report that indicated they were proven or producing wells were and are in fact non-producing and that the shareholders had represented that the wells could be brought to production at any time. We further asserted that since the wells are not on production the holdback has been forfeited and is not payable. On May 27, 2003, Messrs. Freitag, Keyte, and Stephens filed a Reply and Statement of Defense to Counterclaim alleging that the payment of the CDN \$350,000 to them was unconditional and that no representations or warranties had been made that any of Westerra 2000 Inc. wells were proven or producing. While we disagree with these statements made in the Reply and Statement of Defense to Counterclaim, and we continue to believe our position has merit we can offer no assurance as to the outcome of this matter.

On July 3, 2003, Assure Oil and Gas Corp. and Westerra 2000 Inc., hereinafter referred to as the plaintiffs, filed a Statement of Claim in the Court of Queen's Bench of Alberta, Judicial District of Calgary (Action No.: 0301-10499) naming Lloyd Venture 1 Inc., 970313 Alberta Ltd. and Roswell Petroleum Corporation as defendants. The action relates to a May 2002 Farmout and Option Agreement in which Assure Oil & Gas Corp. and Nevarro Energy Ltd. were given the ability to earn an interest in certain oil and gas interests of the defendants. Effective November 8, 2002, Nevarro Energy Ltd. assigned its interests under the

Edgar Filing: ASSURE ENERGY INC - Form S-4

Farmout and Option Agreement to Westerra 2000 Inc. The plaintiffs claim that all of the requirements to earn an interest in the properties was satisfied and that they became entitled to drill certain option wells, subject to the terms of the Farmout and Option Agreement. Consequently, two option wells were drilled and the plaintiffs also earned an interest in some of the farmout lands. On January 29, 2003, plaintiffs provided notice to defendants to drill additional option wells. On or about February 24, 2003, defendants advised plaintiffs that the notice was invalid, that they were not to occupy any further farmout lands or commence any further drilling on the farmout lands, and that the

42

Farmout and Option Agreement was terminated. The action seeks an order declaring that the plaintiffs have properly exercised their rights to drill the option wells in accordance with the Farmout and Option Agreement, an order for specific performance, and a declaration that the plaintiffs are entitled to exercise the remainder of their rights under the Farmout and Option Agreement to elect to drill further option wells and to earn a working interest in the specifically identified farmout lands. While we believe the plaintiffs claims have merit, we can offer no assurance as to the outcome of this matter.

No other legal proceedings are pending to which we or any of our property is subject, nor to our knowledge are any such proceedings threatened.

PLAN OF OPERATION

We were incorporated on August 11, 1999 in the state of Delaware with the objective to license toy designs to toy manufacturers and to act as a toy inventor's agent in licensing toy designs developed by others. We expected to market such toy designs by both direct meetings with toy manufacturers' representatives and through a web site that could give manufacturers the opportunity to review pictures and descriptions of new inventions at a single source to decide whether a face-to-face meeting would be useful. Given the effect of an overcrowded .com business environment, no operations in this area were ever commenced. Accordingly we looked at other ventures of merit for corporate participation as a means of enhancing shareholder value. This strategy resulted in our April 23, 2002 Acquisition Agreement with Assure Oil & Gas Corp. ("Assure O&G").

Assure O&G is actively engaged in the exploration, development, acquisition and production of petroleum and natural gas (P&NG) properties primarily located in Western Canada. In October 2000 Assure O&G commenced its oil and gas operations as part of an initiative to create cash flow by participating in a Farmout Agreement to drill a prospective Elkton zone natural gas well. To date, Assure O&G has acquired varying interests, through farmout participations, asset purchases, acquisitions of crown land rights and corporate acquisitions, of both producing and prospective P&NG properties in the Western Sedimentary Basin of Western Canada.

On May 30, 2002 Assure O&G entered into a Share Purchase Agreement with the 3 shareholders of Westerra 2000 Inc. ("Westerra"), wherein Assure O&G acquired Westerra, an Alberta, Canada corporation engaged in the exploration, development and production of oil and gas properties primarily located in Saskatchewan, Canada.

On March 26, 2003, we entered into a Share Purchase Agreement with certain shareholders of Quarry Oil & Gas, Ltd. whereby we expect to acquire approximately 47.28% of Quarry Oil & Gas Ltd.'s outstanding shares. We expect the purchase transaction to close on or before July 31, 2003. Quarry Oil & Gas

Edgar Filing: ASSURE ENERGY INC - Form S-4

Ltd., is an oil and gas exploration and development company.

We plan to continue to explore, develop and acquire P&NG properties over the next twelve months to increase cash flow, and to build P&NG reserves. We anticipate engaging in an exploration program that could include infill drilling of current proved and producing properties, seismic interpretation of prospective properties and exploratory drilling. Acquisitions could include lands, licenses and leases, producing well bores and corporate acquisitions. We also may from time to time acquire, or enter into strategic alliances with, complementary businesses to achieve these objectives.

43

We anticipate that our presently available capital resources together with expected oil and gas cash flow from our existing oil and gas production will be sufficient to fund our current oil and gas operations during the next twelve months. We intend to fund our acquisition strategy and new exploration programs during the next twelve months from oil and gas cash flow, working capital, sales of our securities and other available sources of financing. Our employee levels are expected to increase during the next twelve months in direct proportion to the anticipated expansion of our oil and gas exploration program and available cash resources. We do not presently anticipate any purchases or sales of plant or significant equipment other than the purchase of pump jacks which are used to enhance oil production and equipment utilized to transport gas to processing facilities. Alternatively, we may rent, lease or subcontract for the use of such equipment. We do not expect to engage in any material research and development activities during the next twelve months. The exploration of and drilling for oil and gas reserves is risky, uncertain and capital intensive. No assurance can be given that we will increase our oil and gas operations to the extent we anticipate or that if increased, our new acquisitions and exploration programs will prove to be successful.

Dividends

We have never declared any cash dividends with respect to our common stock. Future payment of dividends is within the discretion of our board of directors and will depend on our earnings, capital requirements, financial condition and other relevant factors. Although there are no material restrictions limiting, or that are likely to limit, our ability to pay dividends on our common stock, we presently intend to retain future earnings, if any, for use in our business and have no present intention to pay cash dividends on our common stock.

Recent Sales of Unregistered Securities

The information set forth below discusses the amount of securities sold on the dates provided and does not take into account the effects of our February 2002 4:1 forward stock split or our September 2002 3:2 forward stock split, except to the extent the date of issuance was after the date of one or both of the splits.

In April 2003 we issued 100,000 warrants to 1 person for consulting services, each exercisable upon issuance to purchase one share of our common stock at a price of \$3.00 per share during a five year exercise period. The issuance was made in reliance on the exemption from registration provided by Section 4(2) of the Securities Act of 1933, as amended.

On March 15, 2003 we issued a six-year, \$4,500,000 promissory note (the "Note") together with 450,000 5 year warrants (the "Warrants") to 1 person. Each Warrant entitles the holder to purchase one share of our common stock at a price of \$3.10 per share. The issuance of the Note and Warrants was made in reliance on the exemption from registration provided by Section 4(2) of the Securities Act of 1933, as amended.

On February 26, 2003 we completed a \$2,400,750 equity financing in which we sold 1,067,000 units to 2 persons at a purchase price of \$2.25 per unit. Each unit consists of 1 share of our common stock and one-half warrant. Each full warrant entitles the holder to purchase one share of our common stock at a price of \$2.50 per share for a period of five years commencing February 26, 2003. The issuance was made in reliance on the exemption from registration provided by Section 4(2) of the Securities Act of 1933, as amended.

On December 28, 2002, Assure Oil & Gas Corp. issued a six year CDN \$1,000,000 promissory note (the "Note") to 1 person. The issuance of the Note was made in reliance on the exemption from registration provided by Section 4(2) of the Securities Act of 1933, as amended.

Effective October 1, 2002 we issued 100,000 and 20,000 non statutory stock options, respectively to Harvey Lalach and James Golla, each exercisable, upon vesting, to purchase one share of our common stock at a price of \$2.75 per share during the three year period ending September 30, 2005. These issuances were made in reliance on the exemption from registration provided by Section 4(2) of the Securities Act of 1933, as amended.

Long Term Incentive Plan Awards

Edgar Filing: ASSURE ENERGY INC - Form S-4

We made no long-term incentive plan awards to the named executive officers or any other persons since our inception during the fiscal year ended December 31, 2002.

Employment Contracts, Termination of Employment, and Change-in-Control Arrangements

Effective September 12, 2002 we entered into a three-year employment agreement with Suzanne West whereby Ms. West agreed to serve as our president and chief executive officer. The agreement provided for an annual base salary of CDN \$100,000, the grant of 200,000 5 year non-statutory stock options exercisable at \$2.75 per share, and performance bonuses tied to our achievement of specified oil and gas production levels. Effective December 6, 2002 Ms. West voluntarily terminated the employment agreement to pursue other interests.

Effective September 30, 2002 we entered into a nine-month employment agreement with Harvey Lalach to serve as our Vice-President-Corporate Affairs. The agreement was automatically renewable for successive six-month terms unless either party delivered written notice of termination to the other at least 15 days prior to the end of the then existing term. Upon the December 6, 2002 resignation of Suzanne West, Mr. Lalach succeeded to the positions of president and chief executive officer and the agreement was deemed terminated except with respect to the options granted to Mr. Lalach thereunder. The agreement provided for a base salary of CDN \$3,000 per month and the grant of 100,000 3-year non-statutory stock options with an exercise price of \$2.75 per share. The options contain anti-dilution provisions. 50,000 of the options vested on March 31, 2003. The remaining 50,000 options vest on March 31, 2004. In recognition of his added duties, since December 6, 2002 we have been paying Mr. Lalach a salary of CDN\$7,500 per month (approximately US\$5,000) under a verbal month to month arrangement.

Compensation of Directors

We do not presently compensate our directors for serving as directors. Both of our present directors are also employees, however, and receive compensation from us in their employment capacities.

Report on Repricing of Options/SARs

During the fiscal year ended December 31, 2002 we did not adjust or amend the exercise price of any stock options or SARs.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In July, 2000 we issued 300,000 shares of our common stock to our founder and president Ed Kaplan in exchange for a \$300 subscription receivable, and issued 300,000 shares of our common stock to our secretary Douglas Kaplan in exchange for a \$300 subscription receivable. These shares were valued at par value, \$.01 per share.

In July, 2000 we issued 3,000,000 shares of our common stock to Kaplan Design Group in exchange for twenty-seven toy designs from Kaplan Design Group. These shares were valued at par value, \$.001 per share for a total of \$3,000. Ed Kaplan Associates paid \$3,000 for the toy designs and then transferred them to Kaplan Design Group for no additional consideration.

Edgar Filing: ASSURE ENERGY INC - Form S-4

In July, 2001 we issued 10,000 shares of common stock, at par value \$.001, to our then newly appointed director Ron Beit-Halachmy.

On August 27, 2002 we entered into a Stock Exchange Agreement with Inventoy.com International Inc., Kaplan Design Group, Douglas Kaplan, Ed Kaplan and Ron Beit-Halachmy whereby we transferred ownership of our then inactive subsidiary, Inventoy.com International Inc., to Kaplan Design Group, and Messrs. Beit-Halachmy, Kaplan and Kaplan in exchange for an aggregate of 14,440,000 shares of our common stock. For a more detailed discussion of this transaction see "Business of Assure Energy, Inc.".

Effective October 1, 2002 we issued 100,000 and 20,000 stock options, respectively, to Harvey Lalach and James Golla. The options have a three year term that expires on September 30, 2005 and are exercisable for the purchase of shares of our common stock at an exercise price of \$2.75 per share.

Effective September 12, 2002 we entered into a three year employment agreement with Suzanne West. The agreement was terminated effective December 6, 2002. See "Item 10. Executive Compensation - Employment Contracts, Termination of Employment, and Change in Control Arrangements."

Effective September 30, 2002 we entered into a nine month employment agreement with Harvey Lalach. See "Item 10. Executive Compensation - Employment Contracts, Termination of Employment, and Change in Control Arrangements."

Effective September 16, 2002 we entered into a two year employment agreement with Cameron Smigel pursuant to which he served as a vice president and as our chief financial officer until the termination of his employment with us effective December 13, 2002. The agreement provided for an annual base salary of CDN \$86,000 and the issuance of 150,000 stock options exercisable for the purchase of one share of our common stock at a price of \$2.75 per share. The options were never issued and upon Mr. Smigel's termination of his employment, our obligation to issue the options ceased.

DESCRIPTION OF CAPITAL STOCK

Our authorized capital consists of 105,000,000 shares of which 100,000,000 shares are designated as common stock, par value \$.001 per share, 4,977,250 shares are designated as blank check preferred stock, \$.0001 per share, 17,500 shares are designated as Series A Preferred Stock and 5,250 shares are designated as Series B Preferred Stock. As of July 18, 2003 16,433,000 shares of our common stock, 17,500 shares of our Series A Preferred Stock and 5,250 shares

Edgar Filing: ASSURE ENERGY INC - Form S-4

of our Series B Preferred Stock were issued and outstanding.

Common Stock

Each holder of our common stock is entitled to one vote for each share owned of record on all matters voted upon by our shareholders. In the event of a dissolution of our company, the holders of our common stock are entitled to share equally and ratably in our assets, if any, remaining after the payment of all of our debts and liabilities.

Our common stock has no preemptive rights, no cumulative voting rights, and no redemption, sinking fund, or conversion privileges. Since the holders of our common stock do not have cumulative voting rights, holders of more than 50% of our outstanding shares can elect all of our directors, and holder of the remaining shares, by themselves, cannot elect any of our directors. Holders of our common stock are entitled to receive dividends if, as, and when declared by our board of directors out of funds legally available for such purpose.

Blank Check Preferred Stock

Shares of our preferred stock may be issued from time to time one or more series or classes. Our Board of Directors is expressly authorized to provide by resolution or resolutions duly adopted prior to issuance, for the creation of each such series and class of preferred stock and to fix the designation and the powers, preferences, rights, qualifications, limitations, and restrictions relating to the shares of each such series. The authority of the Board of Directors with respect to each series of preferred stock shall include, but not be limited to, determining the following:

- o the designation of such series, the number of shares to constitute such series and the stated value thereof if different from the par value thereof;
- o whether the shares of such series shall have voting rights, in addition to any voting rights provided by law, and, if so, the term of such voting rights, which may be general or limited;
- o the dividends, if any, payable on such series, whether any such dividends shall be cumulative, and, if so, from what dates, the conditions and dates upon which such dividends shall be payable, and the preference or relation which such dividends shall bear to the dividends payable on any shares of stock of any other class or any other series of Preferred Stock;

54

- o whether the shares of such series shall be subject to redemption by us, and, if so, the times, prices and other conditions of such redemption;
- o the amount or amounts payable upon shares of such series upon, and the rights of the holders of such series in, the voluntary or involuntary liquidation, dissolution or winding up, or upon any distribution of our assets;
- o whether the shares of such series shall be subject to the operation of a retirement or sinking fund and, if so, the extent to and manner in which any such retirement or sinking

Edgar Filing: ASSURE ENERGY INC - Form S-4

fund shall be applied to the purchase or redemption of the shares of such series for retirement or other corporate purposes and the terms and provisions relating to the operation thereof;

- o whether the shares of such series shall be convertible into, or exchangeable for, shares of stock of any other class or any other series of Preferred Stock or any other securities and, if so, the price or prices or the rate or rates of conversion or exchange and the method, if any, of adjusting the same, and any other terms and conditions of conversion or exchange;
- o the conditions or restrictions, if any, upon the creation of indebtedness by us or upon the issue of any additional stock, including additional shares of such series or of any other series of Preferred Stock or of any other class; and
- o any other powers, preferences and relative, participating, options and other special rights, and any qualifications, limitations and restrictions, thereof.

The powers, preferences and relative, participating optional and other special rights of each series of Preferred Stock, and the qualifications, limitations or restrictions thereof, if any, may differ from those of any and all other series at any time outstanding. All shares of any one series of Preferred Stock shall be identical in all respects with all other shares of such series, except that shares of any one series issued at different times may differ as to the dates from which dividends thereof shall be cumulative.

Stock Options and Warrants

As of July 18, 2003 we have 3,600,000 A Warrants; 3,600,00 B Warrants; and 3,183,500 other warrants issued and outstanding. Each A Warrant is exercisable for the purchase of one share of our common stock at a price of \$.333 per share during the four year period commencing on October 1, 2003. Each B warrant is exercisable for the purchase of one share of our common stock at a price of \$.667 per share during the four year period commencing on July 1, 2004. 2,100,000 of the other warrants are exercisable for the purchase of one share of our common stock at a price of \$1.00 per share during the four year period that commenced on July 1, 2003. 533,500 of the other warrants are exercisable for the purchase of one share of our common stock at a price of \$2.50 per share during the five year period that commenced February 26, 2003. 100,000 of the other Warrants are exercisable for the purchase of one share of our common stock

55

at a price of \$3.00 per share during the five year period that commenced on April 7, 2003. 450,000 of the other Warrants are exercisable for the purchase of one share of common stock at a price of \$3.10 per share during the five year period that commenced on July 1, 2003.

As of July 18, 2003 we have 120,000 stock options issued and outstanding, each exercisable for the purchase of one share of our common stock at a price of \$2.75 per share at any time through September 30, 2005.

Transfer Agent and Registrar

Continental Stock Transfer & Trust Company, 17 Battery Place, New York, New York 10004 is our transfer agent and the registrar for our common stock. Its phone

Edgar Filing: ASSURE ENERGY INC - Form S-4

number is (212) 509-4000.

Series A Preferred Stock

This series consists of seventeen thousand five hundred (17,500) shares of convertible Series A Preferred Stock with a stated value of one hundred dollars per share. The holders of Series A Preferred Stock are entitled to receive dividends at the rate of five percent (5%) per annum on the stated value of each share of Series A Preferred Stock. Dividends on the Series A Preferred Stock are cumulative from the date of issuance. So long as any shares of the Series A Preferred Stock are outstanding, no dividends shall be declared or paid or set apart for payment or other distribution declared or made upon junior securities including our common stock. The outstanding shares of Series A Preferred Stock are convertible into Company units as is determined by dividing the stated value by the conversion price, as defined below, at the option of the Holder in whole or in part. Each unit consists of one share of common stock and one common stock purchase warrant which may be exercised for the purchase of one additional share of common stock at an exercise price of \$1.75 per share at any time during the four year period commencing one year after the date of issuance of the units. The conversion price for the conversion of a share of Series A Preferred Stock into units is \$1.50 of stated value and is subject to anti-dilution provisions.

The shares of Series A Preferred Stock are redeemable at the sole option of the Company at any time prior to the Company's receipt of a notice of conversion to the extent funds are legally available therefor, at any time and from time to time, in whole or in part, at a redemption price equal to 105% of the stated value of each share of Series A Preferred Stock being redeemed plus accrued and unpaid dividends thereon.

The Series A Preferred Stock as to dividends, redemptions, and the distribution of assets upon liquidation, dissolution or winding up of the Company, ranks (i) prior to the Company's common stock; (ii) prior to any class or series of capital stock of the Company that, by its terms, ranks junior to the Series A Preferred Stock; (iii) junior to any class or series of capital stock of the Company which by its terms ranks senior to the Series A Preferred Stock; and (iv) pari passu with any other series of preferred stock of the Company which by its terms ranks on a parity with the Series A Preferred Stock.

56

Series B Preferred Stock

This Series consists of five thousand two hundred fifty (5,250) shares of convertible Series B Preferred Stock, with a stated value of one hundred dollars per share. The Series B Preferred Stock is pari passu with the Series A Preferred Stock and is identical in all respects, except that the warrants issuable upon conversion have an exercise price of \$2.00 per share and that the conversion price for the conversion of a share of Series B Preferred Stock into units is \$1.75 of stated value.

CAUTIONARY STATEMENT CONCERNING FORWARD-LOOKING STATEMENTS

Information included or incorporated by reference in this prospectus may include "forward-looking statements". This information may involve known and unknown risks, uncertainties and other factors which could cause actual results, financial performance, operating performance or achievements expressed or implied by such forward-looking statements not to occur or be realized. Such forward-looking statements generally are based upon our best estimates of future results, performance or achievement and based upon current conditions and the most recent results of operations. Forward-looking statements may be identified by the use of forward-looking terminology such as "believes," "could," "possibly," "probably," "anticipates," "estimates," "projects," "expects," "may," "will," or "should" or the negative thereof or other variations thereon or comparable terminology.

This prospectus contains forward-looking statements, including statements regarding, among other things, our projected sales and profitability, our growth strategies, anticipated trends in our industry and our future plans. These statements may be found under "Business", as well as in this prospectus generally. Our actual results or events may differ materially from the results discussed in forward-looking statements as a result of various factors, including, without limitation, the risks outlined under "Risk Factors" and elsewhere in this prospectus.

Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. Moreover, we do not assume responsibility for the accuracy or completeness of the forward-looking statements after the date of this prospectus.

PART II

INFORMATION NOT REQUIRED IN THE PROSPECTUS

Item 20. Indemnification of Directors and Officers.

Nevada law permits a company to indemnify its directors and officers, except for any act of dishonesty. Assure has provided in its by-laws for the indemnification of officers and directors to the fullest extent possible under Nevada law against expenses (including attorney's fees), judgments, fines, settlements, and other amounts actually and reasonably incurred in connection with any proceeding, arising by reason of the fact that such person is or was an agent of ours. In addition, Assure has the power, to the maximum extent and in the manner permitted by Nevada Revised Statutes, to indemnify each of our employees and agents (other than directors and officers) against expenses (including attorneys' fees), judgments, fines, settlements and other amounts actually and reasonably incurred in connection with any proceeding arising by reason of the fact that such person is or was an agent of Assure.

The Certificate of Incorporation of Assure limits or eliminates the personal liability of its officers and directors for damages resulting from breaches of

Edgar Filing: ASSURE ENERGY INC - Form S-4

their fiduciary duty for acts or omissions except for damages resulting from acts or omissions which involve intentional misconduct, fraud, a knowing violation of law, or the inappropriate payment of dividends in violation of Nevada Revised Statutes.

Item 22. Undertakings.

The undersigned registrant hereby undertakes that it will:

- (1) File, during any period in which it offers or sells securities, a post-effective amendment to this registration statement to:
 - (i) Include any prospectus required by Section 10(a) (3) of the Securities Act;
 - (ii) Reflect in the prospectus any facts or events which, individually or together, represent a fundamental change in the information set forth the registration statement. Notwithstanding the foregoing, any increase

Edgar Filing: ASSURE ENERGY INC - Form S-4

or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) Include any additional or changed material information on the plan of distribution.

(2) For determining liability under the Securities Act, treat each post-effective amendment as a new registration statement of the securities offered, and the offering of the securities at that time to be the initial bona fide offering.

(3) File a post-effective amendment to remove from registration any of the securities that remain unsold at the end of the offering.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 business issuer pursuant to the foregoing provisions, or otherwise, the small business issuer has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as express in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any such action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

(4) Respond to requests for information that is incorporated by reference into the prospectus within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

(5) To supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.

Independent Auditors' Report

To the Stockholders' and the Board of Directors
of Assure Energy, Inc.

We have audited the accompanying consolidated balance sheet of Assure Energy Inc. and Subsidiaries (the "Company") as of December 31, 2002, and the related consolidated statements of operations and comprehensive loss, stockholders' equity and cash flows for each of the two years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Assure Energy, Inc. and Subsidiaries at December 31, 2002, and the consolidated results of their operations and their cash flows for each of the two years then ended, in conformity with accounting principles generally accepted in the United States of America.

ASSURE ENERGY, INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2002

NOTE 1 - DESCRIPTION OF BUSINESS AND ACQUISITIONS

Assure Energy, Inc. formerly Inventoy.com (the "Company") was incorporated in the State of Delaware on August 11, 1999. From inception through March 31, 2002, the Company had been in the developmental stage. On March 14, 2002 the Company ceased business in the toy design business. On August 27, 2002 the Company sold its toy designs to certain former officers and shareholders of the Company in exchange for all of their common stock in the Company which was 21,660,000 shares. After the transaction the Company cancelled these shares and returned them to the status of authorized but unissued shares of common stock. On May 1, 2002 the Company changed its name to Assure Energy, Inc.

On February 22, 2002, the Board of Directors of the Company approved a change in the Company's fiscal year to December 31 from July 31.

The board of directors authorized a 4-for-1 common stock split with a record date of February 25, 2002 and another 3-for-2 common stock split with a record date of September 10, 2002. All share and per share information has been retroactively restated to reflect these stock splits.

Effective April 1, 2002 the Company acquired all of the issued and outstanding common stock of Assure Oil & Gas Corp., ("Oil & Gas") a Canadian corporation, engaged in the exploration, development and production of oil and gas properties in Alberta, Canada, for 3,600,000 units. Each unit consists of one share of the Company's common stock, one A warrant which entitles the holder to acquire another share of the Company's common stock at \$.33 per share and one B warrant which entitles the holder to acquire an additional share of the Company's common stock at \$.67 per share. The A warrants are exercisable from October 1, 2003 through September 30, 2007 while the B warrants are exercisable from July 1, 2004 through June 30, 2008. The purchase price was derived entirely from the fair value of the Company's common stock as the A and B warrants were determined to have de minimus value at the date of acquisition.

The acquisition of Oil & Gas was accounted for as a purchase. The purchase price of \$2,108,421 has been allocated to the assets acquired and liabilities assumed based upon their fair values at the date of acquisition. The purchase price included excess of the fair value over book basis of \$992,482 which is attributable entirely to the oil and natural gas properties based upon an independent evaluation of proved oil and natural gas reserves. Total consideration paid has been allocated as follows:

Current Assets	\$ 369,028
Oil and Natural Gas Properties	1,887,435
Accounts Payable and Accrued Expenses	(148,042)

Purchase price	\$ 2,108,421

=====

Effective April 1, 2002 the Company acquired all of the issued and outstanding common stock of Westerra 2000, Inc. ("Westerra"), a Canadian corporation, engaged in the exploration, development and production of oil and gas properties in Alberta and Saskatchewan, Canada, for \$2,060,345 in cash.

NOTE 2 - BASIS OF PRESENTATION

The accompanying consolidated financial statements present the results of operations of the Company for the years ended December 31, 2002 and 2001 and its wholly owned subsidiaries, Oil & Gas and Westerra from April 1, 2002, the effective date of the acquisitions, through December 31, 2002. All material intercompany accounts and transactions have been eliminated in consolidation.

ASSURE ENERGY, INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2002

NOTE 3 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Concentration of credit risk

Concentrations of credit risk with respect to trade receivables are limited to customers dispersed primarily across Canada. All trade receivables are concentrated in the oil and natural gas exploration and production segment of the economy; accordingly the Company is exposed to business and economic risk. Although the Company does not currently foresee a concentrated credit risk associated with these trade receivables, repayment is dependent upon the financial stability of the oil and gas industry.

Property and equipment

Oil and gas properties are accounted for using the full cost method of accounting, whereby all costs associated with acquisition, exploration and development of oil and gas properties, including directly related internal costs, are capitalized on a country by country cost center basis. The cost of drilling and equipping wells, both exploratory and development are capitalized. Capitalized costs of producing oil and gas properties, after allowance for estimated abandonment and salvage costs, are depleted using the unit of production method based upon the estimated recoverable proven oil and gas reserves.

Costs of acquiring and evaluating unproved properties are initially excluded from depletion calculations. These unevaluated properties are assessed annually to ascertain whether impairment has occurred. When proved reserves are assigned or the property is considered to be impaired, the cost of the property or the amount of impairment is included in the depletion calculation.

Edgar Filing: ASSURE ENERGY INC - Form S-4

In applying the full cost method, the Company performs a ceiling test on properties which restricts the capitalized costs less accumulated depletion from exceeding an amount equal to the estimated undiscounted value of future net revenues from proved oil and natural gas reserves, as determined by independent engineers, based upon sales prices achievable under existing contracts and posted average reference prices in effect at year end, and current costs, after deducting estimated future general and administrative expenses, production related costs, financing costs, future site restoration costs and income taxes.

Furniture and fixtures are depreciated over the estimated useful lives of the assets, generally five years. Maintenance and repairs are expensed as incurred while major renewals and improvements are capitalized.

Site Restoration

Site restoration costs are costs being accrued for the future restoration of the property back to its original condition. The accrual is based upon management's best estimate of the future costs calculated on the unit of production basis, utilizing proved producing reserves.

F-8

ASSURE ENERGY, INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2002

NOTE 3 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Impairment of long-lived assets

In accordance with Statement of Financial Accounting Standards ("SFAS") No. 144 "Accounting for the Impairment or Disposal of Long-Lived Assets" (SFAS 144), the Company reviews long-lived assets for impairment whenever circumstances and situations change such that there is an indication that the carrying amounts may not be recovered. In such circumstances, the Company will estimate the future cash flows expected to result from the use of the asset and its eventual disposition. Future cash flows are the future cash inflows expected to be generated by an asset less the future outflows expected to be necessary to obtain those inflows. If the sum of the expected future cash flows (undiscounted and without interest charges) is less than the carrying amount of the asset, the Company will recognize an impairment loss to adjust to the fair value of the asset. Management believes that there are no long-lived impaired assets at December 31, 2002.

Income Taxes

The Company uses the liability method for income taxes as required by SFAS No. 109 "Accounting for Income Taxes." Under this method, deferred tax assets and liabilities are determined based on differences between financial reporting and tax basis of assets and liabilities. Deferred tax assets and liabilities are measured using enacted tax rates and laws that will be in effect when the differences are expected to reverse. Valuation allowances are established when it is more likely

Edgar Filing: ASSURE ENERGY INC - Form S-4

than not that the deferred tax assets will not be realized.

Joint Ventures

Substantially all of the Company's operations are carried out through joint ventures with unrelated third parties. These financial statements reflect only the Company's proportionate interest in such ventures.

Revenue Recognition

Revenue from the production of oil and natural gas is earned when title passes to the customer.

Stock based compensation

The Company accounts for stock based compensation in accordance with SFAS No. 123, "Accounting for Stock-Based Compensation". Accordingly, the Company has elected use the intrinsic method to account for stock based compensation relating to employees. When the exercise price of employee stock options equals or exceeds the market price of the underlying stock as of the grant date, no compensation expense is recorded. As required, the Company provides the pro forma effects of employee stock based compensation using the fair value method. With respect to stock based compensation granted to nonemployees, the Company records an expense equal to the fair value of the option on the measurement date, which is either the earlier of the date at which a commitment for performance is reached or the date at which the service is complete.

F-9

ASSURE ENERGY, INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2002

NOTE 3 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Loss Per Share

The Company presents basic loss per share, and if appropriate, diluted earnings per share in accordance with the provisions of SFAS No. 128, "Earnings Per Share" ("SFAS 128").

Under SFAS 128 basic net loss available to common stockholders per share is computed by dividing the net loss for the year by the weighted average number of common shares outstanding for the year. Net loss available to common stockholders is computed by taking the net loss and adding cumulative dividends on preferred stock for the year. Diluted net earnings per share is computed by dividing the net earnings for the period by the weighted average number common share and common share equivalents during the year. Common stock equivalents include warrants and options issued during the year.

Comprehensive Loss

Edgar Filing: ASSURE ENERGY INC - Form S-4

Comprehensive loss consists of net income for the period and foreign currency translation adjustments.

Financial Instruments

The carrying amounts of financial instruments, including cash, accounts receivable, and accounts payable and accrued expenses approximate fair value at December 31, 2002 because of the short term maturity of the instruments. The carrying value of the due to former shareholder of business acquired approximates fair value based the purchase agreement. The carrying value of the long term debt approximates fair value as of December 31, 2002 based upon debt terms available for entities under similar terms. The carrying amount of the preferred stock is not practical to estimate without incurring excessive cost, as this instrument is not publicly traded.

Foreign Currency Translation and Transactions

The assets and liabilities of the foreign subsidiaries are translated at current exchange rates and related revenues and expenses at average exchange rates in effect during the year. Resulting translation adjustments, if material, are recorded as a separate component of stockholders' equity while foreign currency transaction gains and losses are included in operations. At December 31, 2002 the foreign currency translation adjustment was not material and included in general and administrative expenses in the consolidated statement of operations.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America required management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and revenue and expenses during the reporting period. Actual results could differ from those estimated.

F-10

ASSURE ENERGY, INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2002

NOTE 3 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

New Accounting Pronouncements

In June 2001 the Financial Accounting Standards Board ("FASB") issued SFAS No. 141, "Business Combinations" ("SFAS 141"). SFAS 141 requires the purchase method of accounting for all business combinations initiated after June 30, 2001 and eliminates the pooling-of-interest method. SFAS 141 further clarifies the criteria for recognition of

Edgar Filing: ASSURE ENERGY INC - Form S-4

intangible assets separately from goodwill.

In June 2001 the FASB issued SFAS No. 142, "Goodwill and Other Intangible Assets," ("SFAS 142"). SFAS 142 eliminates the amortization of goodwill and indefinite lived intangible assets and initiates an annual review for impairment. Identifiable intangible assets with determinable useful lives will continue to be amortized. The Company adopted this Statement as of January 1, 2002 and management does not believe that this Statement will have a material impact on the financial statements.

In August 2001, the FASB issued SFAS No. 143, "Accounting for Asset Retirement Obligations" ("SFAS 143"), which is effective for fiscal years beginning after June 15, 2002. It requires that obligations associated with the retirement of a tangible long-lived asset be recorded as a liability when those obligations are incurred, with the amount of the liability initially measured at fair market value. Upon initial recognition of an accrued retirement obligation, an entity must capitalize the cost by recognizing an increase in the carrying amount of the related long-lived asset. Over time, the liability is accreted to its present value each period, and the capitalized cost is depreciated over the useful life of the related asset. Upon settlement of the liability, an entity either settles the obligation for its recorded amount or incurs a gain or loss upon settlement. Management believes the adoption of SFAS 143 will not have a significant effect on the Company's financial statements.

In July 2002, the FASB issued SFAS No. 146, "Accounting for Costs Associated with Exit or Disposal Activities" ("SFAS 146"). SFAS 146 requires that a liability for costs associated with an exit or disposal activity be recognized and measured initially at fair value only when the liability is incurred. SFAS 146 is effective for exit or disposal activities that are initiated after December 31, 2002. The Company does not expect the adoption of SFAS 146 to have a material impact on its operating results or financial position.

In November 2002, the FASB issued Interpretation No. 45, "Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness to Others, an interpretation of FASB Statements No. 5, 57 and 107 and a rescission of FASB Interpretation No. 34" ("FIN 45"). FIN 45 requires the recognition of an initial liability for the fair value of an obligation assumed by issuing a guarantee. The provision for the initial recognition and measurement of the liability will be applied on a prospective basis to guarantees issued or modified after December 31, 2002. The adoption of FIN 45 is not expected to materially affect the consolidated financial statements.

F-11

ASSURE ENERGY, INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2002

NOTE 3 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

On December 31, 2002, the FASB issued SFAS No. 148, "Accounting for Stock-Based Compensation-Transition and Disclosure." SFAS No. 148

Edgar Filing: ASSURE ENERGY INC - Form S-4

amends SFAS No. 123, and provides alternative methods of transition for a voluntary change to the fair value based method of accounting for stock-based employee compensation. In addition, SFAS 148 amends the disclosure requirements of SFAS 123 to require more prominent and more frequent disclosures in financial statements of the effects of stock-based compensation. The interim disclosure requirements of SFAS No. 148 are effective for interim periods beginning after December 15, 2002. The Company's stock-based compensation related to employees and non-employee directors is recognized using the intrinsic value method in accordance with Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees," and thus there is no compensation expense for options granted with exercise prices equal to the fair value of the Company's common stock on the date of the grant. The Company is currently evaluating the effect that SFAS 148 will have on the Company's financial statements, if any.

Management does not believe that recently issued, but not yet effective accounting pronouncements if currently adopted would have a material effect on the accompanying financial statements.

NOTE 4 - RESTRICTED CASH

Restricted cash at December 31, 2002 consists of approximately \$55,000 held by an agency of the Alberta Provincial Government which may only be utilized in the event that the Company does not fulfill its obligation regarding site restoration.

NOTE 5 - PROPERTY AND EQUIPMENT

Property and equipment, at cost, at December 31, 2002 consists of the following:

Oil and natural gas properties (including approximately \$110,000 of non producing properties)	\$5,630,705

NOTE 6 - INCOME TAXES

As of December 31, 2002, the Company has a net operating loss carryforward of approximately \$400,000 which may be utilized to offset future taxable income for United States Federal and New York State

Edgar Filing: ASSURE ENERGY INC - Form S-4

Corporate tax purposes. A portion of these net operating loss carryforwards begin to expire in 2014 with the majority beginning to expire in 2020. The Company's net operating loss carryforward may be subject to a substantial limitation due to the change of ownership rules under Section 382 of the Internal Revenue Code. There are no timing differences between financial reporting and tax reporting. This net operating loss carryforward creates a deferred tax asset of approximately \$60,000. Since it is more likely than not that the Company will not realized a benefit from these net operating loss carryforwards a 100% valuation allowance has been recorded to reduce the deferred tax asset to its net realizable value.

The Company's wholly owned subsidiaries have a net operating loss of approximately \$380,000 under The Income Tax Act (Canada). These net operating losses can be carried back three years and forward seven years to offset future taxable income. The Canadian entities have recorded a deferred tax expense of \$28,386 for the period from April 1, 2002 through December 31, 2002 relating to the timing differences between financial reporting and tax reporting relating to royalty expenses. The Canadian net operating loss creates a deferred tax asset of approximately \$152,000. Since it is more likely than not that the Canadian subsidiaries will not realize a benefit from these net operating loss carryforwards a 100% valuation allowance has been recorded to reduce the deferred tax asset to its net realizable value.

NOTE 7 - LONG TERM DEBT

On March 15, 2003 the Company entered into a six year Subordinated Promissory Note Payable (the "Subordinated Note") with a foreign entity with a principle balance of \$4,500,000. This Subordinate Note accrues interest at Citibank's prime rate (4.25% per annum at December 31, 2002) plus 3.5% per annum. No interest will be due until March 14, 2004, at which time all accrued and outstanding interest is due and payable. Thereafter, quarterly payments of principle and interest are due each June 15, September 15, December 15 and March 15. This note is subordinated to all present and future bank debt of the Company and its subsidiaries. The Company further agreed to issue 450,000 common stock purchase warrants to purchase an equal number of the Company's common stock with an exercise price of \$3.10 per share. These common stock purchase warrants may be exercised at ant time during the five years commencing July 1, 2003.

On December 28, 2002 the Company obtained a note payable in the principle amount of \$633,871. This note payable accrues interest at the Canadian bank prime rate (which was 4.5% per annum at December 31, 2002) plus 3.5% per annum. The note payable requires an interest only payment on December 28, 2003. Thereafter the note payable requires quarterly principle payments of approximately \$39,600 plus interest through December 28, 2007. This note is subordinated to all present and future bank debt of the Company and its subsidiaries.

NOTE 8 - STOCK OPTIONS

The Company has issued non statutory stock options to two employees, and an unrelated third party vendor as partial compensation for services rendered (See Note 10).

On October 1, 2002 the Company issued 20,000 options to an employee of the Company with an exercise price of \$2.75 per share (which is the fair value at the grant date), through September 30, 2005. The first 10,000 stock options vest on the earlier of March 31, 2003 or upon the Company achieving 1,000 barrels of oil per day or its natural gas equivalent (the "Initial Vesting Period"). The remaining 10,000 stock options vest on the one year anniversary of the Initial Vesting Period.

A summary of the Company's stock option activity is as follows:

NOTE 8 - STOCK OPTIONS - continued

Had the Company adopted the fair value based method for employee options at the grant date the net loss for the year ended December would have increased to \$888,316 and had no effect on the loss per share.

The Company's calculations for employee option grants during the year ended December 31, 2002 were made using an appropriate option-pricing model using the following assumptions: expected volatility 16.3%, risk free interest rate 2.3%, expected life in years 3 and dividend yield 0%.

NOTE 9 - EQUITY TRANSACTIONS

Preferred Stock

During June 2002 the Company issued shares of its Series A Preferred Stock ("Series A"). The Series A has a stated value of \$100, a cumulative 5% dividend payable in cash or shares of the Company's common stock. The Series A is convertible by the holder after two years, or if called for redemption by the Company, transferred into units of the Company on a one for one basis at \$1.00 of stated value. Units consist of one share of the Company's common stock and one common stock purchase warrant. Each common stock purchase warrant entitles the holder to purchase one share of the Company's common stock exercisable at \$1.17 per share at any time during the four year period commencing one year after the date of issuance. On April 23, 2002 the Company completed a \$1,250,000 debt financing with a foreign corporate entity. During June 2002 the debt was converted into 12,500 shares of the Company's Series A. On June 7, 2002 the Company issued an additional 5,000 shares of its Series A. At December 31, 2002 the Series A had accumulated a dividend payable of approximately \$50,000.

During August 2002 the Company issued shares of its Convertible Series B Preferred Stock ("Series B"). The Series B has a stated value of \$100, a cumulative 5% dividend payable annually in cash or common stock of the Company, and the right to convert the Series B into units commencing on the second anniversary of the issuance of the Series B. Each unit consists of one share of the Company's common stock and one common stock purchase warrant exercisable at \$1.33 per share, at any time during the four year period commencing one year from the date of issuance of the units. The initial conversion price is \$1.17 for each unit. On August 27, 2002 the Company entered into a Preferred Stock Purchase Agreement to sell 5,250 shares of the Company's Series B at a price of \$100 per share. At December 31, 2002 the Series B has a cumulative dividend of approximately \$9,000.

Common Stock

On February 15, 2002 the Board of Directors of the Company approved a plan, and filed an amended certificate of incorporation, to increase the Company's authorized capital from 20,000,000 shares to 100,000,000 shares.

NOTE 9 - EQUITY TRANSACTIONS - continued

On May 8, 2002, the Company completed an equity financing with certain accredited investors, exempt from the registration provisions of the Securities Act of 1933, as amended by Rule 506 of Regulation D. In that financing, the Company received \$1,750,000 in exchange for 2,100,000 units, each unit consisting of one share of the Company's common stock and one common stock purchase warrant entitling the holder to acquire another share of the Company's common stock exercisable at \$1.00 per share, for a period of four years commencing July 1, 2003.

During February 2003 the Company entered into Subscription Agreements to sell 1,067,000 units for an aggregate of \$2,400,750. Each unit consists of one share of the Company's common stock and one half common stock purchase warrant. Each full warrant entitles the holder to purchase one share of the Company's common stock at \$2.50 per warrant share for a period of five years commencing from the date of issuance, February 26, 2003.

During August 2000 the Company's Board of Directors authorized a Private Placement Offering (the "Offering") of the 6,666,000 Company's common stock to a limited number of sophisticated investors at a price of approximately \$.02 per share. During the first seven months of 2001 the Company completed this Offering by issuing 6,516,000 shares of its common stock for proceeds of \$7,149 net of deferred offering costs of \$101,451. As part of the Offering the Company issued 50,000 of its common stock for services rendered as deferred offering costs.

NOTE 10 - COMMITMENTS AND CONTINGENCIES

Employment and Consulting Agreements

On September 17, 2002 the Company entered into an Employment Agreement (the "Agreement") with one officer of the Company. The initial term of the Agreement is for nine months commencing on September 30, 2002. The officer became the Company's president in December 2002, his salary was increased to approximately \$56,000 annually and the Agreement was cancelled. The stock option portion of the Agreement has been retained where the officer has been granted 100,000 options to purchase to purchase an equal number of the Company's common stock at an exercise price of \$2.75 per share (which is the fair value at the grant date), through September 30, 2005. The first 50,000 stock options vest on the earlier of March 31, 2003 or upon the Company achieving 1,000 barrels of oil per day or its natural gas equivalent (the "Initial Vesting Period"). The remaining 50,000 stock options vest on the one year anniversary of the Initial Vesting Period.

On September 17, 2002 the Company entered into a Consulting Service Agreement (the "Service Agreement") with an unrelated third party (the "Consultant"). The services by the Consultant include media and investor relations. The initial term of the Service Agreement is for a

Edgar Filing: ASSURE ENERGY INC - Form S-4

period from September 23, 2002 through November 30, 2003. For this service the Company is required to pay in advance \$5,500 per month, as well as reasonable out-of-pocket expenses not to exceed \$1,500 per month. As part of the Service Agreement the Consultant has been granted 200,000 options to purchase an equal number of common stock at an exercise price of \$2.75 per share through September 30, 2004. The Company agrees to make all necessary legal and regulatory filings to enable the issuance of the option agreement to the Consultant. The Service Agreement includes piggyback registration rights.

Legal Proceedings

On February 19, 2003 an action was brought against the Company in the Court of Queen's Bench of Alberta (Canada), Judicial District of Calgary. The allegation is that the Company owes monies to the plaintiffs pursuant to a Share Purchase Agreement dated May 30, 2002. The plaintiffs are seeking approximately \$221,000 plus accrued interest at 6% per annum from January 15, 2003. The Company has filed a Statement of Defense and Counterclaim based upon management's believe that certain of the Westerra wells purchased were represented as being proven/producing when they were non producing. The Company believes its position has merit but can offer no assurance as to the outcome.

Leases

The Company has an operating lease for its corporate headquarters. The lease expires on December 31, 2005 and requires annual payments of approximately \$37,400.

NOTE 11 - CONCENTRATIONS

At December 31, 2002 all of the Company's cash is held outside of the United States. The Company had deposits with commercial financial institutions which at times, may exceed the Canadian insured limits of approximately \$40,000. Management has placed these funds in high quality institutions in order to minimize the risk.

At December 31, 2002 the Company had three customers that accounted for 50.0% of the accounts receivable. For the period from April 1, 2002 through December 31, 2002 the Company had one customer that accounted for 10.8% of the Company's revenue.

NOTE 12 - SEGMENT AND GEOGRAPHIC INFORMATION

The Company operates in one business segment which includes the exploration and production of oil and natural gas. The Company conducts all of its operations in Canada. Information about the Company's assets in different geographic locations as of December 31, 2002 is shown below pursuant to the provisions of SFAS 131, "Disclosures About

NOTE 13 - SIGNIFICANT TRANSACTION

On March 6, 2003 the Company has entered into a Purchase Agreement among certain shareholders (the "Selling Shareholders") of Quarry Oil and Gas Ltd ("Quarry"), an Alberta corporation, to acquire 47% of the outstanding common stock of Quarry for approximately \$5,800,000 in cash. As part of the Purchase Agreement the Company has agreed to one of the three following post closing activities: introduce to Quarry an experienced management team, subject to approval of the Selling Shareholders, make an offer, within 60 days of the closing, to acquire the remaining outstanding common stock of Quarry at a price of not less than the original purchase price or subscribe, within 90 days of the closing date, to a material private placement of Quarry common stock at a subscription price per share of not less than the purchase price. The Company anticipates completing this Purchase Agreement within the near term.

NOTE 14 - SUPPLEMENTAL INFORMATION (UNAUDITED)

The following supplemental information regarding oil and natural gas activities of the Company is presented pursuant to the disclosure requirements promulgated by the Securities and Exchange Commission and SFAS No. 69, "Disclosures About Oil and Gas Producing Activities." Following is a summary of the estimated quantities of the Company's crude oil and natural gas reserves for the years indicated, as estimated by a qualified engineering firm, as of December 31, 2002. All of the Company's reserves are located in Canada. Proved reserves cannot be measured exactly because the estimation of reserves involves numerous judgmental determinations. Accordingly, reserve estimates must be continually revised as a result of new information obtained from drilling production history, new geological and geophysical data and changes in economic conditions.

ASSURE ENERGY, INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS MARCH 31, 2003 (Unaudited)

Note 1 - Nature of Business

Assure Energy, Inc. (the "Company") was incorporated in the state of Delaware on August 11, 1999. The Company, through its wholly owned Canadian subsidiaries Assure Oil & Gas Corp. and Westerra 2000, Inc., is engaged in the exploration, development and production of oil and natural gas properties in the Canadian providences of Alberta and Saskatchewan.

Note 2 - Basis of Presentation

The accompanying unaudited consolidated financial statements and

Edgar Filing: ASSURE ENERGY INC - Form S-4

related footnotes have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission for Form 10-QSB. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. It is suggested that these financial statements be read in conjunction with the financial statements and footnotes thereto included in the Company's Annual Report on Form 10-KSB for the fiscal year ended December 31, 2002. The results of operations for the three-months ended March 31, 2003 are not necessarily indicative of the operating results that may be expected for the fiscal year ending December 31, 2003.

The accompanying financial statements include the accounts of the Company and its wholly owned subsidiaries. All significant intercompany balances and transactions have been eliminated in consolidation.

Note 3 - Pro forma information

The following table represents unaudited consolidated pro forma information as if Energy, Oil and Westerra had been combined as of January 1, 2002. The pro forma data is presented for illustrative purposes only and is not necessarily indicative of the combined results of operations of future periods or the results that actually would have resulted had Energy, Oil, and Westerra been a combined company during the specified periods.

Use of estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the reporting period. Actual results could differ from those estimates.

Recent accounting pronouncements

Management does not believe that any recently issued, but not yet effective accounting pronouncements, if currently adopted, would have a material effect on the accompanying consolidated financial statements.

Note 5 - Long Term Debt

On March 15, 2003 the Company entered into a six year Subordinated Promissory Note Payable (the "Subordinated Note") with a foreign entity with a principle balance of \$4,500,000. This Subordinate Note accrues interest at Citibank's prime rate (4.25% per annum at December 31, 2002) plus 3.5% per annum. No payments will be due until March 14, 2004, at which time all accrued and outstanding interest is due and payable. Thereafter, quarterly payments of principle and interest are due each June 15, September 15, December 15 and March 15. This note is subordinated to all present and future bank debt of the Company and its subsidiaries. The Company further agreed to issue 450,000 common stock purchase warrants to purchase an equal number of the Company's common stock with an exercise price of \$3.10 per share. The common stock purchase warrants may be exercised, at any time, during the five years

Edgar Filing: ASSURE ENERGY INC - Form S-4

commencing July 1, 2003. The common stock purchase warrants have a fair value at the grant date of \$181,260, which has been recorded as interest expense in the accompanying consolidated statement of operations.
