**Item 1.01 Entry into a Material Definitive Agreement**

On May 10, 2006, the Company entered into an agreement with SHF IX, LLC, which amended its Amended and Restated Loan and Security Agreement, dated as of November 28, 1994, as amended, to extend the maturity of the Company's senior debt to September 30, 2006, subject to the Company's attaining certain milestones discussed in the following paragraph. The agreement provides for monthly payments of \$112,500 on account of the senior debt. The extension also provides for the Company to pay the legal expenses of the senior lender's counsel. As part of the extension, the senior debt holder agreed to continue the current deferral of interest on senior debt.

As a condition to the extension, the Company agreed to continue to take steps to effect a restructure of the senior debt in a manner which results in the payment of a significant portion of the senior debt and the issuance of secured debt and equity for the balance of the senior debt on specified terms. The agreement requires that the Company meet certain milestones that are directed at effecting such a restructure, and the extension of the maturity is conditioned upon the Company meeting the milestones. If the Company does not meet the milestones, the holder of the senior debt has the right to accelerate the maturity date.

Any such restructure will require the Company to obtain financing from a new investor. As previously announced, the Company has retained an investment banker and is actively seeking such an investor, although the Company cannot give any assurance that it will be able to obtain an investor on terms that are acceptable to the holder of the senior debt. In the event that the Company is successful in negotiating an agreement with an investor, it is likely that the Company will be required to issue a significant number of shares of common stock or convertible securities which would result in very significant dilution to the Company's present stockholders. However, the Company cannot give any assurance that any such restructure will be consummated outside of a bankruptcy reorganization.
