The approximate date that this Proxy Statement and the enclosed form of proxy are first being sent to our shareholders is April 30, 2007. Shareholders should review the information provided herein in conjunction with our 2006 Annual Report on Form 10-K, which accompanies this Proxy Statement. The complete mailing address, including zip code, of our principal executive offices is 250 South Australian Avenue, Suite 400, West Palm Beach, Florida 33401 and our telephone number is (561) 805-8500.

PURPOSES OF THE MEETING

Edgar Filing: METROPOLITAN HEALTH NETWORKS INC - Form DEF 14A

At the Annual Meeting, our shareholders will consider and vote upon the following matters:

1. The election of seven members to our Board of Directors to serve until our next Annual Meeting of Shareholders or until their successors are duly elected and qualified;

2. To consider and vote upon a proposal to approve of and ratify the selection of Grant Thornton LLP ("Grant Thornton") as our independent auditors for the fiscal year ending December 31, 2007; and

3. Such other business as may properly come before the 2007 Annual Meeting, including any adjournments or postponements thereof.

Unless contrary instructions are indicated on the enclosed proxy card, all shares represented by valid proxies received pursuant to this solicitation (and which have not been revoked in accordance with the procedures set forth below) will be voted: (1) FOR the election of the seven nominees for director named below; and (2) FOR the approval of and ratification of Grant Thornton as our independent auditors for the fiscal year ending December 31, 2007.

In the event a shareholder specifies a different choice by means of the enclosed proxy card, his or her shares will be voted in accordance with the specification so made. The Board of Directors does not know of any other matters that may be brought before the Annual Meeting nor does it foresee or have reason to believe that proxy holders will have to vote for substitute or alternate director nominees. In the event that any other matter should come before the Annual Meeting or any director nominee is not available for election, the persons named in the enclosed proxy card will have discretionary authority to vote all proxies not marked to the contrary with respect to such matters, in accordance with their best judgment.

-1-

GENERAL INFORMATION ABOUT VOTING

Who can vote at the Annual Meeting?

You can vote or direct the voting of your shares of Common Stock if our records show that you owned the shares on Friday, April 13, 2007. A total of 50,270,964 shares of Common Stock can vote at the Annual Meeting. You are entitled to one vote for each share of Common Stock. The enclosed proxy card shows the number of shares you can vote.

How do I vote by proxy?

Follow the instructions on the enclosed proxy card to vote on each proposal to be considered at the Annual Meeting. Sign and date the proxy card and mail it back to us in the enclosed envelope. The proxyholders named on the proxy card will vote your shares as you instruct. If you sign and return the proxy card but do not vote on a proposal, the proxyholders will vote for you on that proposal. Unless you instruct otherwise, the proxyholders will vote for each of the seven director nominees and in favor of the ratification of the auditors.

Can I vote in person at the Annual Meeting rather than by completing the proxy card?

Although we encourage you to complete and return the proxy card to

Edgar Filing: METROPOLITAN HEALTH NETWORKS INC - Form DEF 14A

ensure that your vote is counted, you can attend the Annual Meeting and vote your shares in person.

Can I change my vote after I return my proxy card?

Yes. At any time before the vote on a proposal, you can change or revoke your vote by:

- o giving our Secretary a written notice revoking your proxy card at or before the Annual Meeting;
- o signing, dating, and returning to us a new proxy card at or before the Annual Meeting; or
- o attending the Annual Meeting and voting in person.

Attendance at the Annual Meeting will not, by itself, revoke a proxy. Any written notice of revocation or subsequent proxy may be sent to Metropolitan Health Networks, Inc., Attn: Roberto Palenzuela, Secretary, 250 South Australian Avenue, Suite 400, West Palm Beach, Florida 33401, or hand delivered to our Secretary at or before voting at the Annual Meeting.

When was this proxy statement sent to shareholders?

This proxy statement was first mailed on April 27, 2007 to our shareholders of record as of April 13, 2007, the record date for voting at the Annual Meeting.

What if other matters come up at the Annual Meeting?

The matters described in this proxy statement are the only matters we know will be voted on at the Annual Meeting. If other matters are properly presented at the meeting, the proxyholders will vote your shares as they see fit.

What do I do if my shares are held in "street name"?

If your shares are held in the name of your broker, a bank, or other nominee, that party should give you instructions for voting your shares.

-2-

How are votes counted?

We will hold the Annual Meeting if holders of a majority of the shares of Common Stock entitled to vote either sign and return their proxy cards or attend the meeting. If you sign and return your proxy card, your shares will be counted to determine whether we have a quorum even if you abstain or fail to vote on any of the proposals listed on the proxy card.

If your shares are held in the name of a broker or other nominee, and you do not instruct the nominee in a timely fashion how to vote your shares (so-called "Broker Nonvotes"), the broker or nominee can vote your shares as it sees fit only on matters that are determined to be routine, and not on any other proposal. Broker Nonvotes will be counted as present to determine if a quorum exists at the Annual Meeting but will not be counted as present and entitled to vote on any non-routine proposal.

Who pays for this proxy solicitation?

We do. In addition to sending you these materials, we may engage a

Edgar Filing: METROPOLITAN HEALTH NETWORKS INC - Form DEF 14A

proxy solicitation firm to contact you directly by telephone, mail or in person. We will bear such costs, if any, which are not expected to exceed \$5,000.

-3-

OUTSTANDING VOTING SECURITIES AND VOTING RIGHTS

The Board of Directors has set the close of business on Friday, April 13, 2007 as the record date (the "Record Date") for determining shareholders entitled to notice of and to vote at the Annual Meeting. As of the Record Date, there were 50,270,964 shares of Common Stock issued and outstanding, all of which are entitled to be voted at the Annual Meeting.

Each share of Common Stock is entitled to one vote on each matter submitted to shareholders for approval at the Annual Meeting.

Shareholders do not have the right to cumulate their votes for directors.

Our Amended and Restated Bylaws (the "Bylaws") provide that the presence, in person or by proxy, of the holders of record of a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum.

Pursuant to the Bylaws, the seven persons receiving the highest number of votes cast in his or her favor by the shares of Common Stock represented in person or by proxy at the Annual Meeting will be elected as directors (Proposal No. 1). Pursuant to the Bylaws, the affirmative vote of a majority of the outstanding shares of Common Stock represented in person or by proxy at the Annual Meeting is required to approve the ratification of auditors (Proposal No. 2).

Abstentions are counted as present for purposes of determining the presence of a quorum. Abstentions are not counted as votes cast "for" or "against" the election of any director (Proposal No. 1). However, abstentions are treated as present and entitled to vote and thus have the effect of a vote against the ratification of auditors (Proposal No. 2).

If less than a majority of the outstanding shares of Common Stock entitled to vote are represented at the Annual Meeting, a majority of the shares so represented may adjourn the Annual Meeting to another date, time or place, and notice need not be given for the new date, time or place, if the new date, time or place is announced at the Annual Meeting before an adjournment is taken.

Prior to the Annual Meeting, we will select one or more inspectors of election for the meeting. Such inspectors shall determine the number of shares of Common Stock represented at the Annual Meeting, the existence of a quorum and the validity and effect of proxies and shall receive, count and tabulate ballots and votes and determine the results thereof.

A list of shareholders entitled to vote at the Annual Meeting will be available at our offices, 250 South Australian Avenue, Suite 400, West Palm Beach, Florida 33401, for a period of ten (10) days prior to the Annual Meeting and at the Annual Meeting itself, for examination by any shareholder.

Edgar Filing: METROPOLITAN HEALTH NETWORKS INC - Form DEF 14A

ELECTION OF DIRECTORS

(Proposal No. 1)

The size of our Board of Directors is currently set at seven members and there are currently seven persons serving on the Board of Directors. Pursuant to our Bylaws, the Board of Directors must consist of no less than one and no more than eleven directors, with the exact number of directors to be determined from time to time by resolution duly adopted by the Board of Directors.

Seven directors are to be elected at the Annual Meeting to hold office until the next Annual Meeting of Shareholders or until their successors are elected and qualified. It is intended that the accompanying proxy will be voted in favor of the following persons to serve as directors unless the shareholder indicates to the contrary on the proxy card. Under Florida law and our Bylaws, the seven persons receiving the highest number of votes cast in his or her favor in person or by proxy at the Annual Meeting will be elected to our Board of Directors. Management expects that each of the nominees will be available for election, but if any of them is not a candidate at the time the election occurs, it is intended that such proxy will be voted for the election of another nominee to be recommended by the Governance & Nominating Committee and designated by the Board of Directors. Each of the seven director nominees listed below, all of whom currently serve as members of our Board of Directors, has been recommended by the Governance & Nominating Committee of the Board of Directors.

APPROVAL AND RATIFICATION OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

Edgar Filing: METROPOLITAN HEALTH NETWORKS INC - Form DEF 14A

(Proposal No. 2)

The Audit Committee is responsible for the appointment, compensation, retention and oversight of the work of our independent registered public accounting firm.

On August 18, 2006, we dismissed Kaufman, Rossin & Co., P.A. ("Kaufman") as our independent registered public accounting firm. The decision to dismiss Kaufman was approved by our Audit Committee.

Kaufman's audit reports on our financial statements for the fiscal years ended December 31, 2005 and December 31, 2004 did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. The audit report of Kaufman on management's assessment of the effectiveness of internal control over financial reporting and the effectiveness of internal control over financial reporting as of December 31, 2005 did not contain an adverse opinion or disclaimer of opinion and was not qualified or modified as to uncertainty, audit scope or accounting principles. During the fiscal years ended December 31, 2005 and December 31, 2004 and in the subsequent interim period from January 1, 2006 through August 18, 2006, there were:

(i) no disagreements between us and Kaufman on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Kaufman, would have caused Kaufman to make reference to the subject matter of the disagreement in their reports on the financial statements for such years; and

(ii) no "reportable events" as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

We have provided Kaufman with a copy of the disclosure set forth above.

On August 24, 2006, we engaged Grant Thornton as our new independent registered public accounting firm. The decision to engage Grant Thornton was approved by our Audit Committee. During the fiscal years ended December 31, 2005 and December 31, 2004 and in the subsequent interim period from January 1, 2006 through August 24, 2006, neither us nor anyone acting on our behalf consulted with Grant Thornton regarding any of the matters or events set forth in Item 304(a)(2) of Regulation S-K. We have provided Grant Thornton with a copy of the disclosure set forth in this paragraph.

The Audit Committee has designated Grant Thornton as our independent registered public accounting firm for the fiscal year ending December 31, 2007. The Audit Committee has considered whether Grant Thornton's provision of services other than audit services is compatible with maintaining independence as the Company's independent registered public accounting firm.

Although ratification by shareholders is not a prerequisite to the ability of the Audit Committee to select Grant Thornton as our independent registered public accounting firm, we believe such ratification to be desirable. Accordingly, shareholders are being requested to ratify, confirm and approve the selection of Grant Thornton as our independent registered public accounting firm to conduct the annual audit of our consolidated financial statements for the year ending December 31, 2007. If the shareholders do not ratify the selection of Grant Thornton, the selection of the independent registered public accounting firm will be reconsidered by the Audit Committee; however, the Audit Committee may select Grant Thornton notwithstanding the failure of the shareholders to ratify its selection. If the appointment of Grant Thornton is ratified, the Audit Committee will continue to conduct an ongoing review of Grant Thornton's scope of engagement, pricing and work quality, among other factors, and will

Edgar Filing: METROPOLITAN HEALTH NETWORKS INC - Form DEF 14A

retain the right to replace Grant Thornton at any time.

The Audit Committee selected Grant Thornton as the best firm to deliver independent audits in light of factors such as the auditor's depth of experience, breadth of reserves, commitment to provide exceptional service, ability to handle transaction issues and location of key personnel.

-8-

Independent Registered Public Accounting Firm Fees

Audit Committee Pre-Approval Policy

Consistent with policies of the Securities and Exchange Commission regarding auditor independence, the Audit Committee has responsibility for the appointment, compensation and oversight of the work of the independent auditor. As part of this responsibility, the Audit Committee has adopted, and our Board has ratified, an Audit and Non-Audit Services Pre-Approval Policy pursuant to which the Audit Committee is required to pre-approve the audit and non-audit services performed by our independent registered public accounting firm in order to assure that these services do not impair the auditor's independence from us.

Prior to engagement of the independent auditor for the next year's audit, the independent auditor and the Chief Financial Officer submit a list of services and related fees expected to be rendered during that year within each of four categories of services to the Audit Committee for approval:

(i) Audit Services: Audit services include the annual financial statement audit (including required quarterly reviews), subsidiary audits, equity investment audits and other procedures required to be performed by the independent auditor to be able to form an opinion on our consolidated financial statements. Audit Services also include information systems and procedural reviews and testing performed in order to understand and place reliance on the systems of internal control, and consultations relating to the audit or quarterly review as well as the attestation engagement for the independent auditor's report on management's report on internal controls for financial reporting.

-9-

(ii) Audit-Related Services: Audit-related services are assurance and related services that are reasonably related to the performance of the audit or review of our financial statements, including due diligence related to potential business acquisitions/dispositions, accounting consultations related to accounting, financial reporting or disclosure matters not classified as "Audit Services," assistance with understanding and implementing new accounting and financial reporting guidance from rulemaking authorities, financial audits of employee benefit plans, agreed-upon or expanded audit procedures related to accounting and/or billing records required to respond to or comply with financial, accounting or regulatory reporting matters and assistance with internal control reporting requirements.

(iii) Tax Services: Tax services include services such as tax compliance, tax planning and tax advice; however, the Audit Committee will not permit the retention of the independent registered public accounting firm in connection with a transaction initially recommended by the independent registered public accounting firm, the sole business purpose of which may be tax avoidance and treatment which may not be supported in the Internal Revenue Code

Edgar Filing: METROPOLITAN HEALTH NETWORKS INC - Form DEF 14A

and related regulations.

(iv) All Other Services: All other services are those permissible non-audit services that the Audit Committee believes are routine and recurring and would not impair the independence of the auditor and are consistent with the Securities & Exchange Commission's rules on auditor independence.

Prior to engagement, the Audit Committee pre-approves the services and fees of the independent auditor within each of the above categories. During the year, it may become necessary to engage the independent auditor for additional services not previously contemplated as part of the engagement. In those instances, the Audit and Non-Audit Services Pre-Approval Policy requires that the Audit Committee specifically approve the services prior to the independent auditor's commencement of those additional services. Under the Audit and Non-Audit Services Pre-Approval Policy, the Audit Committee may delegate the ability to pre-approve audit and non-audit services to one or more of its members provided the delegate reports any pre-approval decision to the Audit Committee at its next scheduled meeting. As of the date hereof, the Audit Committee has not delegated its ability to pre-approve audit services.

All of the 2005 and 2006 fees paid to the Accounting Firms described above were pre-approved by the full Audit Committee in accordance with the Audit and Non-Audit Services Pre-Approval Policy.

Report of the Audit Committee

The Audit Committee is responsible for overseeing our financial reporting process on behalf of the Board of Directors. In this oversight role, the Audit Committee relies on the work and assurances of our management, which has the primary responsibility for financial statements and reports, including the system of internal controls, and of the independent auditors, who, in their report, express an opinion on the conformity of our annual financial statements to generally accepted accounting principles in the United States.

In fulfilling its oversight responsibilities, the Audit Committee has reviewed and discussed with management and the independent auditors our audited financial statements contained in our Annual Report on Form 10-K for the year ended December 31, 2006, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended. In addition, the Audit Committee has received the written disclosures and the letter from the independent accountants required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). The Audit Committee has substantively discussed with the independent auditors the auditors' independence from us and our management. The Audit Committee has also considered the compatibilities of non-audit services with the auditors' independence.

-10-

The Audit Committee discussed with our independent auditors the overall scope and plans for their audit. The Audit Committee met with our independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved,

Edgar Filing: METROPOLITAN HEALTH NETWORKS INC - Form DEF 14A

that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2006, for filing with the Securities and Exchange Commission.

CORPORATE GOVERNANCE

Corporate Governance Guidelines

We have adopted corporate governance guidelines, which are available at www.metcare.com. The Corporate Governance Guidelines are also available in print to any shareholder who requests it. These principles were adopted by the Board to promote the effective functioning of the Board and its committees, to promote the interests of shareholders and other stakeholders of the Company, and to ensure a common set of expectations as to how the Board, the committees of the Board, individual directors and management should perform their functions

Director Independence and Family Relationships

We define an "independent" director in accordance with Section 121A of the AMEX Company Guide. Because it is not possible to anticipate or explicitly provide for all potential conflicts of interest that may affect independence, the Board, with the recommendation of the Governance & Nominating Committee, is responsible for affirmatively determining as to each independent director that no relationships exist which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, the Board and the Governance & Nominating Committee each review information provided by the directors with regard to each director's business and personal activities as they may relate to the us and our management.

Our Board of Directors, upon the recommendation of the Governance & Nominating Committee, has affirmatively determined that each of the following persons, constituting a majority of our Board of Directors, are "independent" and has no relationship with us, except for serving as a member of our Board of Directors and holding our securities: David A. Florman, Martin W. Harrison, Eric Haskell, Karl M. Sachs, Robert E. Shields and Barry T. Zeman. The Board further determined that Michael M. Earley is not independent because he is our President and Chief Executive Officer.

There are no family relationships among our officers and directors, nor are there any arrangements or understandings between any of our directors or officers or any other person pursuant to which any officer or director was or is

Edgar Filing: METROPOLITAN HEALTH NETWORKS INC - Form DEF 14A

to be selected as an officer or director.

Nominations for Directors

The Governance & Nominating Committee's Charter provides that shareholder nominees to the Board of Directors will be evaluated using the same guidelines and procedures used in evaluating nominees nominated by other persons. In evaluating director nominees, the Governance & Nominating Committee considers the following factors:

- o the appropriate size and the diversity of our Board;
- o our needs with respect to the particular talents and experience of our directors;
- o the knowledge, skills and experience of nominees, including experience in technology, business, finance, healthcare, administration or public service, in light of prevailing business conditions and the knowledge, skills and experience already possessed by other members of the Board;
- o familiarity with national and international business matters;
- o experience in political affairs;
- o experience with accounting rules and practices;
- o whether such person qualifies as an "audit committee financial expert" pursuant to SEC rules;
- o appreciation of the relationship of our business to the changing needs of society; and
- o the desire to balance the considerable benefit of continuity with the periodic injection of the fresh perspective provided by new members.

-12-

In identifying director nominees, the Governance & Nominating Committee will first evaluate the current members of the Board of Directors willing to continue in service. Current members of the Board with skills and experience that are relevant to our business and who are willing to continue in service shall be considered for re-nomination, balancing the value of continuity of service by existing members of the Board with that of obtaining a new perspective. Generally, the Governance & Nominating Committee strives to assemble a Board of Directors that brings to us a variety of perspectives and skills derived from business and professional experience. In doing so, the Governance & Nominating Committee also considers candidates with appropriate non-business backgrounds. If any member of the Board does not wish to continue in service or if the Governance & Nominating Committee or the Board decides not to re-nominate a member for re-election, the Governance & Nominating Committee identifies the desired skills and experience of a new nominee in light of the criteria above. Other than the foregoing, there are no specific, minimum qualifications that the Governance & Nominating Committee believes that a Committee-recommended nominee to the Board of Directors must possess, although the Governance & Nominating Committee may also consider such other factors as it may deem are in our best interests or the best interests of our shareholders.

In its deliberations, the Governance & Nominating Committee is aware that our Board must be comprised of a majority of "independent" directors, as such term is defined by the AMEX Company Guide, and at least one director who qualifies as an "audit committee financial expert" as defined by SEC rules. The Governance & Nominating Committee also believes it appropriate for certain key members of our management to participate as members of the Board.

The Governance & Nominating Committee and Board of Directors are polled for suggestions as to individuals meeting the criteria of the Governance & Nominating Committee. Research may also be performed to identify qualified

Edgar Filing: METROPOLITAN HEALTH NETWORKS INC - Form DEF 14A

individuals. To date, we have not engaged third parties to identify or evaluate or assist in identifying potential nominees. We reserve the right in the future to retain a third party search firm, if necessary.

Communication with the Board of Directors

We have a Shareholder Communication Policy for shareholders wishing to communicate with various Board committees and individual members of the Board of Directors. Shareholders wishing to communicate with the Board of Directors, our Governance & Nominating Committee, and specified individual members of the Board of Directors can send communications to the Board of Directors and, if applicable, to the Governance & Nominating Committee or to specified individual directors in writing c/o Roberto L. We do not screen such mail and all such letters will be forwarded to the intended recipient.

This Code of Ethics for Senior Financial Officers, as well as our Code of Business Conduct and Ethics, applicable to all directors, officers and employees, are available on our web site at www.metcare.com. While members of our Board of Directors are not required to be present at our Annual Meetings, all members of our Board of Directors are welcome and encouraged to attend. All the members of our Board of Directors were able to attend the 2006 annual meeting.

Legal Proceedings

There are no pending, material legal proceedings to which any of our directors, officers or affiliates, any owner of record or beneficially of more than five percent of any class of our voting securities, or any associate of any such director, officer, affiliate, or security holder is a party adverse to us or any of our subsidiaries or has a material interest adverse to us.

EXECUTIVE COMPENSATION

Compensation Discussion & Analysis

General Philosophy

We compensate our senior management team through a combination of cash compensation in the form of base salary and cash incentive compensation and equity compensation awards, each of which designed (i) to be competitive with peer companies in our industry and geographic area, (ii) to attract, retain,

Edgar Filing: METROPOLITAN HEALTH NETWORKS INC - Form DEF 14A

incent and reward talented executives who we believe can contribute to our growth and success, and/or (iii) to align executives' interests with the long-term interests of our shareholders.

To determine compensation, we first establish a target overall cash compensation figure for each member of our senior management team and allocate this target amount among base salary and cash incentive compensation. We simultaneously determine whether and to what extent we believe equity compensation awards are appropriate in a given year taking into consideration, among other things, the level of grants made in prior years and whether we believe such prior grants continue to provide sufficient motivation and equity incentive to our executives.

-16-

For our most senior executive officers, including our "named executive officers" listed in the Summary Compensation Table, we have designed our cash incentive compensation program predominantly to reward the achievement of company-wide performance goals by tying awards to, among other things, (1) our operating results, (2) our success in diversifying, expanding and broadening our core business, (3) our relative competitive success and (4) our success in increasing shareholder value (collectively, the "Corporate Objectives"). The amount allocated to each of the foregoing factors varies from executive to executive and is subjectively determined by the Compensation Committee and the Board of Directors.

Board Process for Determining Compensation

Our Compensation Committee has responsibility for evaluating and administering our director, executive officer and consultant compensation plans and making recommendations to our Board of Directors with respect thereto, including with respect to the compensation of our Chief Executive Officer. The Compensation Committee is also responsible for annually reviewing and making recommendations to the Board with respect to the compensation, including individual base salaries, cash incentives and equity compensation grants of the other named executive officers. In recommending salaries for the named executive officers other than the Chief Executive Officer, the Compensation Committee consults with the Chief Executive Officer and, when it deems appropriate, other appropriate advisors.

Use of Employment Agreements

We believe that employment agreements provide us with a mechanism to assist in the retention of our executive officers and provide us with competitive protections through provisions restricting these officers, for a period of time, from commencing employment with a competitor within our service area or soliciting our employees or customers. We believe these agreements provide our officers with security upon their termination without cause or upon a change of control of the company. We are a party to employment agreements with Michael M. Earley, our Chairman and Chief Executive Officer, Robert J. Sabo, our Chief Financial Officer, Roberto L. Palenzuela, our General Counsel and Secretary and Dr. Jose Guethon, the President of our Provider Service Network (the "PSN") (collectively, the "NEO Employment Agreements"). Our former Chief Financial Officer, David S. Gartner, was a party to an employment agreement prior to the termination of his employment in October 2006. Our former President and Chief Operating Officer, Debra A. Finnel, was party to an employment agreement prior to the termination of her employment in April 2007. See the Section below entitled "Summary of Employment Agreements" and "Severance Agreements" for a description of the material terms of the NEO Employment Agreements and the severance agreements with Mr. Gartner and Ms. Finnel.

Edgar Filing: METROPOLITAN HEALTH NETWORKS INC - Form DEF 14A

The Elements of Our Executive Compensation Program

The elements of our executive compensation program are as follows:

- o cash compensation in the form of base salary;
- o cash compensation in the form of incentive compensation (i.e. performance-based bonuses); and
- o equity-based awards.

In addition, as discussed above, the NEO Employment Agreements provide for potential payments upon termination of employment for a variety of reasons, including a change in control of our company. Each of these elements are discussed below.

-17-

Pursuant to our executive compensation program for fiscal 2006, the allocation of compensation among base salary and performance-based bonus was relatively consistent among our named executive officers, with base salary generally comprising between 49% and 71% of a named executive officer's total compensation package for 2006 and the target bonus generally comprising between 29% and 32% of a named executive officer's total compensation package for 2006. As discussed below, except for an initial grant to Mr. Sabo upon the commencement of his employment, we did not award any equity-based compensation in 2006. In allocating executive compensation among these elements, we believe that the compensation of our senior-most management team- the persons having the greatest ability to influence our performance - should have a large performance based component.

Base Salaries

We include base salary as part of executive compensation because we want to provide our executive officers with a level of assured cash compensation that facilitates an appropriate lifestyle in light of their professional status and accomplishments.

Each named executive officer's employment agreement specifies a minimum level of base salary. The Board of Directors, however, may, in its discretion, set each executive's salary at any higher level that it deems appropriate. Accordingly, the Compensation Committee generally evaluates and sets the base salaries for our named executive officers annually. Changes in each officer's base salary on an annual basis depend upon the Compensation Committee's and the Board's assessment of company and individual performance. For 2006, the Compensation Committee set each named executive officer's base salary as follows:

Name	2006 Base Salary (\$)
-----	-----
Michel M. Earley	300,000
Debra A. Finnel(1)	300,000
Robert J. Sabo (2)	250,000
David S. Gartner (3)	203,300
Roberto L. Palenzuela	203,300
Jose A. Guethon, M.D.	275,000
-----	-----

(1) Ms. Finnel's employment with us was terminated on April 9, 2007. However,

Edgar Filing: METROPOLITAN HEALTH NETWORKS INC - Form DEF 14A

in accordance with her Separation Agreement, dated April 9, 2007, Ms. Finnel will continue to receive her base salary for twelve months following the Separation Date.

(2) Mr. Sabo commenced his employment with us in November 2006 and, accordingly, he received approximately \$26,900 in base salary during the 2006 fiscal year.

(3) Mr. Gartner resigned effective October 16, 2006 (the "Separation Date"). However, in accordance with his Transition and Severance agreement, dated August 18, 2006, Mr. Gartner will continue to receive his base salary for 15 months following the Separation Date.

The base salary of each of our named executive officers in 2006 was materially the same as such officer's base salary in 2005, except for inflation related adjustments and with the exception of the salary of Dr. Guethon who was promoted to his current position of President of the PSN in 2006. In connection with this promotion, Dr. Guethon's base salary was raised from \$250,000 to \$275,000, upon the recommendation of our Chief Executive Officer and in light his relative importance in the organization and the additional responsibilities he was being asked to perform in connection with his new job position.

In addition, in November 2006, we hired Mr. Sabo to serve as our Chief Financial Officer. In determining his compensation package, we considered both the information in the Watson Study as well as his prior experience. His base salary for his period of service in 2006 was set at \$26,900 (approximately \$250,000 per annum). In addition, he was entitled to participate in our executive bonus plan in 2006 on a pro rated basis. In connection with the commencement of his employment with us, we granted him options to purchase 200,000 shares of our Common Stock. In accordance with our stock option grant policies, the exercise price of the options was set at the closing price of our Common Stock on the AMEX on the day immediately preceding his start date. The options are scheduled to vest ratably over a four year period.

-18-

To assist us establish base salaries for fiscal 2005 for our Chief Executive Officer, Chief Operating Officer, Chief Financial Officer, Vice Presidents and other key members of senior management, in 2004, we engaged Watson Wyatt & Co. ("Watson"), a nationally recognized consulting firm, to perform a study (the "Watson Study") of the compensation of these individuals as compared to compensation of persons serving in similar positions at 13 comparable companies (the "Peer Group"), including:

o	Continuicare Corporation	o	Wellcare Health Plans, Inc.	o	Molina
o	Centene Corporation	o	Pediatrix Medical Group,	o	Pediatr
					Inc. Am
o	Vistacare, Inc.	o	Horizon Health Corporation	o	America
o	Amedisys, Inc.	o	Safeguard Health	o	Integra
			Enterprises, Inc.		
o	Comprehensive Care Corporation				

The companies included as part of the Peer Group are either direct competitors of ours in our markets, managed care companies headquartered in

Edgar Filing: METROPOLITAN HEALTH NETWORKS INC - Form DEF 14A

similar areas to our markets, or companies, which at the time of the Watson Study, had market capitalization comparable to ours and who were perceived to recruit executives with similar skills and background to our management team.

To determine base salaries for 2005, our Compensation Committee used "benchmark" comparisons to the Peer Group to establish points of reference to determine whether and to what extent we are providing competitive levels of salary for our executives.

For 2005, the median results of the Peer Group benchmark comparisons were the starting point of the analysis of base salary for each of the named executive officers. However, the Compensation Committee also analyzed a number of other factors in determining appropriate salary levels, including, but not limited to:

- o the reported base salaries being paid by our perceived most comparable competitor, Continucare Corporation;
- o the reported base salaries being paid by the other Peer Group companies that were closest to our size and characteristics;
- o the relative experience and skills of the subject named executive officer;
- o the level of responsibilities assigned to the subject named executive officer;
- o his or her historical performance in light of the Corporate Objectives; and
- o our operating performance to date during his or her tenure as with us.

In order to assist the Compensation Committee determine recommendations for 2007 compensation, we have engaged Watson to perform an updated study of the competitiveness of the compensation of our senior management team, including our named executive officers. As of the date of this proxy statement, the Compensation Committee has not yet established its recommendations for 2007 compensation.

Assuming target performance levels are met, the amount of cash compensation that we provide in the form of base salary generally is used as a measure for the amount of annual cash incentive under our executive bonus plan, which is described below.

-19-

Cash Incentive Compensation

Our executive bonus plan is a performance-based cash incentive plan designed to promote our interests and the interests of our shareholders by providing employees with financial rewards upon achievement of specified business objectives, as well as helping us attract and retain key employees. Under this plan, additional cash is payable to our named executive officers based upon the degree that, the performance goals recommended by the Compensation Committee and approved by the Board generally during the first half of the fiscal year are met. While satisfaction of performance goals are the primary consideration in determining bonuses, we also recognize individual contributions as well as other considerations and have used, and will continue

Edgar Filing: METROPOLITAN HEALTH NETWORKS INC - Form DEF 14A

to use, these other measurers in considering bonus awards. The amount of cash incentive compensation earned by our named executive officers in 2006 is set forth in the "Non-Equity Incentive Plan Compensation" column of the 2006 Summary Compensation Table. We anticipate that these amounts will be paid in May 2007.

For 2006, the target annual cash incentive compensation for each of the named executive officers was 42% of base salary, although actual cash incentive compensation payable under our executive bonus plan to each named executive officer could have been as high as 80% of base salary or as low as zero depending on satisfaction of the Performance Goals.

In 2006, we established a threshold goal of year-end income after allocated overhead and before income taxes for our PSN segment. Approximately 82% of the target income must have been realized in 2006 before we paid any annual incentive compensation, which target we did achieve in 2006. Subject to the foregoing sentence, the performance goals are weighted so that the recipient can receive part of an award in the event that some, but not all, of the target results are achieved. We do not believe in an "all-or-nothing" approach.

For 2006, the Compensation Committee recommended and the Board established performance goals for each of our named executive officers. The Chief Executive Officer also approved the goals of our other named executive officers. Each of our named executive officers was assigned the same types of performance goals in 2006 with respect to the following measures of operating performance (the "Performance Goals"). Each Performance Goal was assigned the weight indicated in the table below. For each type of Performance Goal, we established minimum and target numbers. Assuming the target numbers were reached for each Performance Goal, the annual cash incentive compensation for each of the named executive officers would equal the target of 42% of their respective base salaries.

Performance Goal Types

As
Perf

PSN segment's year-end gain after allocated overhead and before income taxes

Ratio of total medical expenses to revenue for our PSN business at fiscal year end

Aggregate of the HMO's membership for each month during the fiscal year

Average level of achievement by vice presidents and senior vice presidents reporting to the named executive officers of certain individual objectives established by the Compensation Committee for each vice president and senior vice president

Year end membership level of the HMO

At its April 2007 meeting, the Compensation Committee reviewed each named executive's achievement of these Performance Goals during 2006 and approved cash incentive compensation under our executive bonus plan. Each of our named executive officers achieved between 63% and 65% of the Performance Goals and earned cash incentive compensation equal to between 27% and 41% of his or her 2006 base salary.

Edgar Filing: METROPOLITAN HEALTH NETWORKS INC - Form DEF 14A

Our Chief Executive Officer elected to forgo his receipt of the \$81,000 bonus amount earned by him under the executive bonus plan in 2006.

Equity Compensation

The primary form of equity compensation that we have awarded to date consist of non-qualified stock options, which we believe provides a strong motivation to our executives to continue to seek growth in our business. We are currently assessing the desirability of utilizing restricted stock grants in addition to option grants. Grants of restricted stock are increasingly becoming a trend in our industry and we believe that this type of award may provide an equally motivating form of incentive compensation while permitting us to issue fewer shares, thereby reducing potential dilution of our shareholders.

-20-

In determining the size of stock option grants to named executives, the Committee considers similar awards to individuals holding comparable positions in our Peer Group, our operating results and performance, individual performance against the individual's objectives, as well as the allocation of overall share usage attributed to executives and the total number of shares issued in the grant relative to our outstanding shares. We do not place particular emphasis on any one factor but rather analyze the appropriateness of rewarding equity compensation in light of each of these considerations.

Options are generally granted pursuant to our Omnibus Equity Compensation Plan. Our stock options generally vest ratably on an annual basis over a three or four year service period and expire after a ten year term. The exercise price for option grants is based on the closing price of our Common Stock on the date of the grant. Stock options only have compensatory value if the market price of the common stock increases after the grant date.

With the exception of options granted in connection with significant promotions and new hires, we generally make equity awards at the first meeting of the Compensation Committee and the Board of Directors following the availability of our financial results for the prior year.

In 2006, we did not grant any stock options to our named executive officers, other than options granted to Mr. Sabo in connection with the commencement of his employment with us. In making this determination, we believed that, in light of the significant option grants to the named executive officers in the two preceding fiscal years, our named executive officers' interests were substantially aligned with the long-term interests of our shareholders and such prior grants continued to provide ample financial motivation to our named executive officers.

In the past, we also have granted restricted stock to certain of our senior management team in lieu of a portion of cash incentive compensation described in the preceding section. We determine the fair market value of our Common Stock based on the closing price of our Common Stock the day prior to the grant date. We then reduce the cash bonus award earned by the fair value of the restricted shares granted. The recipient of the restricted shares is generally required to remain employed with us for two years following the grant date as a condition to the vesting of the restricted shares. The Company does not currently anticipate continuing the practice of issuing equity in lieu of payment of a portion of cash bonus in the future.

Severance Benefits and Change in Control Payments

Pursuant to our NEO Employment Agreements, our named executive officers

Edgar Filing: METROPOLITAN HEALTH NETWORKS INC - Form DEF 14A

are entitled to receive certain severance payments upon their death, disability, termination without cause, resignation for good reason and upon a change in control of the Company. These benefits are designed to promote stability and continuity of senior management as well as to recognize the potential difficulty for such individuals to locate comparable employment within a short period of time. Information regarding applicable payments under such agreements for the named executive officers is provided under the heading "Potential Payments Upon Termination of Change-In-Control."

Retirement Plan

The Metropolitan Health Networks 401(k) Plan (the "401(k) Plan") is a tax qualified employee savings and retirement plan covering our eligible employees, including our named executive officers. At our discretion, we may make a matching contribution and a non-elective contribution to the 401(k) Plan. The rights of the participants in the 401(k) Plan to our contributions do not fully vest until such time as the participant has been employed by us for three years. In 2006, we made full matching contributions to our named executive officers.

Perquisites and Other Benefits

We provide our named executive officers with perquisites and other personal benefits that we and the Compensation Committee believe are reasonable and consistent with our overall compensation program to better enable the Company to attract and retain talented employees for key positions. We periodically review the levels of perquisites and other personal benefits provided to named executive officers.

-21-

The named executive officers are each provided automobile allowances and cell phone allowances. We believe these allowances enable our executives to be available to customers and employees at all times. In addition, we reimburse our Chief Executive Officer for the cost of health insurance for a non-employee.

The named executive officers also participate in our medical, dental and life insurance plans to the same extent as our other employees. Upon relocation, key executive officers may receive, at the discretion of the Board of Directors, a relocation allowance in amounts individually negotiated at the time of relocation.

Compensation Committee Report

Our Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

Potential Payments Upon Termination or Change-In-Control.

The tables below reflect the amount of compensation payable to each of the named executive officers in the event of termination of such executive's employment. The amount of compensation payable to each named executive officer pursuant to his or her employment agreement (i) upon termination for cause or resignation without good reason, (ii) upon termination without cause or resignation for good reason, (i) upon termination for cause or resignation without good reason, (iii) in the event of disability or death of the executive and (iv) upon termination following a change of control is shown below. The amounts shown assume that such termination was effective as of December 31, 2006, and thus include amounts earned through such time and are estimates of the amounts which would be paid out to the executives upon their termination. The actual amounts to be paid out can only be determined at the time of such executive's separation from the Company.

Payments Made Upon Termination For Cause or Resignation Without Good Reason

In the event a named executive officer is terminated for cause or resigns his or her employment without good reason, we are required pursuant to our employment agreements to:

- o pay the executive any unpaid base salary earned through the date of termination or resignation; and
- o reimburse the executive for reasonable business expenses incurred prior to the date of termination or resignation.

Under our employment agreements, "cause" is defined to include (i) an action or omission of the executive which constitutes a willful and material breach of, or failure or refusal (other than by reason of disability) to perform his or her duties under the employment agreement, which is not cured within 15 days after notice thereof, (ii) fraud, embezzlement, misappropriation of funds or breach of trust in connection with his or her services under the employment agreement, (iii) conviction of a felony or any other crime which involves dishonesty or a breach of trust or (iv) gross negligence in connection with the performance of the executive's duties under the employment agreement, which is not cured within 15 days after notice thereof.

Edgar Filing: METROPOLITAN HEALTH NETWORKS INC - Form DEF 14A

Under our employment agreements, "good reason" is defined to include (i) the assignment to the executive of any duties or responsibilities inconsistent in any respect with the executive's position or a similar position in the Company or one of our subsidiaries, (ii) any other action by us which results in a substantial and compelling diminution of the executive's position, authority, duties or responsibilities, excluding an isolated, insubstantial and inadvertent action not taken in bad faith which we remedy within 15 days of notice by the executive or (iii) our breach of certain provisions of the employment agreement, other than an isolated, insubstantial and inadvertent failure not taken in bad faith which we remedy promptly after receipt of notice by the executive, (iii) our requiring the executive to be based at any office or location outside the area for which he or she was originally hired to work, except for travel reasonably required in the performance of his or her responsibilities. Any good faith determination of "good reason" made by our Board of Directors is conclusive pursuant to our employment agreements.

Upon an executive's termination for cause or resignation without good reason, any options granted to such executive pursuant to our Omnibus Equity Compensation Plan (the "Omnibus Plan") and vested as of the date of termination or resignation will generally remain exercisable for a period of up to three months, although our Compensation Committee has the right to cancel or suspend the option if the executive is terminated for cause or the Compensation Committee determines that the executive is competing or has competed with us. Any unvested options granted pursuant to the Omnibus Plan will immediately terminate.

Payments Made Upon Termination Without Cause, Resignation For Good Reason, Death or Disability

In the event a named executive officer is terminated without cause, resigns his or her employment for good reason, dies or becomes disabled, we are required pursuant to our employment agreements to:

- o pay the executive (or his estate, as applicable) any unpaid base salary earned through the date of termination or resignation;

- o reimburse the executive for reasonable business expenses incurred prior to the date of termination or resignation; and
- o pay the executive (or his estate, as applicable) for any unused vacation days.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act") requires our directors and executive officers, and persons who own more than ten percent (10%) of the outstanding Common Stock, to file with the SEC initial reports of ownership on Form 3 and reports of changes in ownership of Common Stock on Forms 4 or 5. Such persons are required by SEC regulation to furnish us with copies of all such reports they file.
