TABLE OF CONTENTS

Important factors, among others, that may affect our actual results include: changes in interest rates; changes in prepayment rates; general economic conditions, particularly as they affect the price of earning assets and the credit status of borrowers; the availability of high quality assets for purchase at attractive prices; declines in home prices; increases in mortgage payment delinquencies; changes in the level of liquidity in the capital markets which may adversely affect our ability to finance our real estate asset portfolio; changes in liquidity in the market for real estate securities, the re-pricing of credit risk in the capital markets, rating agency downgrades of securities and increases in

the supply of real estate securities available for sale, each of which may adversely affect the values of securities we own; the extent of changes in the values of securities we own and the impact of adjustments reflecting those changes on our income statement and balance sheet, including our stockholders' equity; our ability to maintain the positive stockholders' equity necessary to enable us to pay the dividends required to maintain our status as a real estate investment trust for tax purposes; and other factors not presently identified.

2

TABLE OF CONTENTS

REDWOOD TRUST, INC.

Redwood Trust, Inc. is a financial institution focused on investing in, financing, and managing residential and commercial real estate loans and securities. We seek to invest in assets that have the potential to provide high cash flow returns over a long period of time to help support our goal of distributing attractive levels of dividends per share. For tax purposes, we are structured as a real estate investment trust (REIT).

Our primary source of income is net interest income, which equals the interest income we earn from our investments in loans and securities less the interest expenses we incur from our borrowed funds and other liabilities. We assume a range of risks in our investments and the level of assumed risk dictates the manner in which we finance our purchase of and derive income from these investments.

Our investments in residential, commercial, and collateralized debt obligation, or CDO, credit enhancement securities, or CES, or below investment-grade securities, have concentrated credit risk. We finance the acquisition of most of our first-loss and equivalent CES that are directly exposed to credit losses with capital. We generally finance the acquisition of our second-loss, third-loss, and equivalent securities through our Acacia securitization program. To date, our primary credit enhancement investment focus has been in securities backed by high-quality residential and commercial real estate loans. High-quality real estate loans are loans that typically have low loan-to-value ratios, borrowers with strong credit histories, and other indications of quality relative to the range of loans within U.S. real estate markets as a whole. Our CES investment returns depend on the amount and timing of most of the interest and principal collected on the loans in the pools supporting the securities. In an ideal environment for most of our residential CES, we would experience fast loan prepayments and low credit losses which would, in turn, lead to attractive CES returns. Conversely, the return on most of our residential CES investments would be adversely affected by slow loan prepayments and high credit losses.

Our investments in real estate loans and investment-grade securities, or IGS, have less relative concentrated credit risk. To produce an attractive investment return on these lower credit risk assets, we use leverage (primarily structural leverage through securitization rather than financial leverage through the use of Redwood debt). We earn income based upon the spread between the yield on the acquired asset and the cost of funds we borrowed to acquire the asset. We have obtained most of the financing used to acquire these assets through the issuance of asset-backed securities, or ABS, under our Sequoia and Acacia securitization programs. These financings are not obligations of Redwood.

Redwood Trust, Inc. was incorporated in the State of Maryland on April 11, 1994, and commenced operations on August 19, 1994. Our executive offices are located at One Belvedere Place, Suite 300, Mill Valley, California 94941; our telephone number is (415) 389-7373.

TABLE OF CONTENTS

USE OF PROCEEDS

Unless otherwise specified in the applicable prospectus supplement for any offering of securities, we intend to use the net proceeds from the sale of securities for the acquisition of real estate assets and for general corporate purposes. Pending such uses, we may use the net proceeds from the sale of any securities to reduce short-term indebtedness.

RATIOS OF EARNINGS TO FIXED CHARGES AND EARNINGS TO FIXED CHARGES AND PREFERRED STOCK DIVIDENDS

Our ratio of earnings to fixed charges and ratio of earnings to fixed charges and preferred stock dividends for the nine months ended September 30, 2007 and each of the previous five years ended December 31 were as follows:

	Nine Months Ended September 30, 2007	Fiscal Year Ended December 31,				
		2006	2005	2004	2003	2002
Ratio of earnings to fixed charges	0.95x	1.20x	1.29x	1.56x	1.68x	1.62x
Ratio of earnings to fixed charges and preferred stock dividends	0.95x	1.20x	1.29x	1.56x	1.67x	1.56x

The ratio of earnings to fixed charges represents the number of times fixed charges are covered by earnings. Fixed charges consist of interest on outstanding asset backed securities issued and debt and amortization of debt discount and expense. The proportion deemed representative of the interest factor of operating lease expense has not been deducted as the total operating lease expense in itself was de minimis and did not affect the ratios in a material way.

Earnings consist of consolidated income before income taxes and fixed charges.

For the nine months ended September 30, 2007, consolidated income before income taxes was insufficient to cover fixed charges by \$24.5 million.

shares of our common stock,

The debt securities, the preferred stock, the common stock, the warrants, the rights, and the units are collectively referred to in this prospectus as the securities. When a particular series of securities is offered, a supplement to this prospectus will be delivered with this prospectus, which will set forth the terms of the offering and sale of the offered securities.

Our charter provides that we have authority to issue up to 50,000,000 shares of stock, par value \$0.01 per share, all of which is currently classified as common stock. Our common stock is listed on the New York Stock Exchange, and we intend to so list any additional shares of our common stock which are issued and sold hereunder. We may elect to list any future class or series of our securities issued hereunder on an exchange, but we are not obligated to do so. Under Maryland law, our stockholders generally are not liable for our debts or obligations.

DESCRIPTION OF DEBT SECURITIES

The debt securities covered by this prospectus will be our debt securities issued under an indenture to be entered into between us and a trustee to be identified in the applicable prospectus supplement. This prospectus, together with a prospectus supplement, will describe all the material terms of a particular series of debt securities. Unless otherwise specified in a supplement to this prospectus, the debt securities will be our direct, unsecured obligations and will rank equally with all of our other unsecured and unsubordinated indebtedness.

The following is a summary of the most important provisions and definitions of the form of indenture we intend to enter into with a trustee. The summary is not complete. The form of the indenture has been filed as an exhibit to the registration statement and you should read the indenture for provisions that may be important to you. Capitalized terms used in the summary have the meaning specified in the indenture.

In this description of debt securities, the words we, us, or our refer only Redwood Trust, Inc. and not to any of our subsidiaries.

Unless otherwise specified in the prospectus supplement:
the debt securities will be registered debt securities; and
registered debt securities denominated in U.S. dollars will be issued in denominations of \$2,000 and an integral multiple of \$1,000 thereafter.

6

TABLE OF CONTENTS

Exchange and Transfer

Debt securities may be transferred or exchanged at the office of the security registrar or at the office of any transfer agent designated by us.

We will not impose a service charge for any transfer or exchange, but we may require holders to pay any tax or other governmental charges associated with any transfer or exchange.

In the event of any potential redemption of debt securities of any series, we will not be required to:

issue, register the transfer of, or exchange, any debt security of that series during a period beginning at the opening of business 15 days before the day of mailing of a notice of redemption and ending at the close of business on the day of the mailing; or

register the transfer of or exchange any debt security of that series selected for redemption, in whole or in part, except the unredeemed portion being redeemed in part.

We may initially appoint the trustee as the security registrar. Any transfer agent, in addition to the security registrar, initially designated by us will be named in the prospectus supplement. We may designate additional transfer agents or change transfer agents or change the office of the transfer agent. However, we will be required to maintain a transfer agent in each place of payment for the debt securities of each series.

Global Securities

The debt securities of any series may be represented, in whole or in part, by one or more global securities. Each global security will:

be registered in the name of a depository that we will identify in a prospectus supplement;
be deposited with the depository or nominee or custodian; and
bear any required legends.

No global security may be exchanged in whole or in part for debt securities registered in the name of any person other than the depository or any nominee unless:

the depository has notified us that it is unwilling or unable to continue as depository or has ceased to be qualified to act as depository;

an event of default is continuing; or
any other circumstances described in a prospectus supplement occurs.

As long as the depository, or its nominee, is the registered owner of a global security, the depository or nominee will be considered the sole owner and holder of the debt securities represented by the global security for all purposes under the indenture. Except in the above limited circumstances, owners of beneficial interests in a global security:

will not be entitled to have the debt securities registered in their names;
will not be entitled to physical delivery of certificated debt securities; and
will not be considered to be holders of those debt securities under the indenture.

Payments on a global security will be made to the depository or its nominee as the holder of the global security. Some jurisdictions have laws that require that certain purchasers of securities take physical delivery of such securities in definitive form. These laws may impair the ability to transfer beneficial interests in a global security.

Institutions that have accounts with the depository or its nominee are referred to as participants. Ownership of beneficial interests in a global security will be limited to participants and to persons that may hold beneficial interests through participants. The depository will credit, on its book-entry registration and transfer system, the respective principal amounts of debt securities represented by the global security to the accounts of its participants.

7

TABLE OF CONTENTS

Ownership of beneficial interests in a global security will be shown on and effected through records maintained by the depository, with respect to participants' interests, or any participant, with respect to interests of persons held by participants on their behalf.

Payments, transfers, and exchanges relating to beneficial interests in a global security will be subject to policies and procedures of the depository.

The depository policies and procedures may change from time to time. Neither we nor the trustee will have any responsibility or liability for the depository's or any participant's records with respect to beneficial interests in a global security.

Payment and Paying Agent

The provisions of this paragraph will apply to the debt securities unless otherwise indicated in the prospectus supplement. Payment of interest on a debt security on any interest payment date will be made to the person in whose name the debt security is registered at the close of business on the regular record date. Payment on debt securities of a particular series will be payable at the office of a paying agent or paying agents designated by us. However, at our option, we may pay interest by mailing a check to the record holder. The corporate trust office will be designated as our sole paying agent.

We may also name any other paying agents in the prospectus supplement. We may designate additional paying agents, change paying agents, or change the office of any paying agent. However, we will be required to maintain a paying agent in each place of payment for the debt securities of a particular series.

All moneys paid by us to a paying agent for payment on any debt security which remain unclaimed at the end of two years after such payment was due will be repaid to us. Thereafter, the holder may look only to us for such payment.

Consolidation, Merger, and Sale of Assets

Except as otherwise set forth in the applicable prospectus supplement, we may not consolidate with or merge into any other person, in a transaction in which we are not the surviving corporation, or convey, transfer, or lease our properties and assets substantially as an entirety to, any person, unless:

the successor, if any, is a U.S. corporation, limited liability company, partnership, trust, or other entity;
the successor assumes our obligations on the debt securities and under the indenture;
immediately after giving effect to the transaction, no default or event of default shall have occurred and be continuing;
and
certain other conditions are met.

Events of Default

Unless we inform you otherwise in the prospectus supplement, the indenture will define an event of default with respect to any series of debt securities as one or more of the following events:

- (1) failure to pay principal of or any premium on any debt security of that series when due;
- (2) failure to pay any interest on any debt security of that series for 30 days when due;
- (3) failure to deposit any sinking fund payment within 30 days of when due;
- (4) failure to perform any other covenant in the indenture continued for 90 days after being given the notice required in the indenture;
- (5) our bankruptcy, insolvency, or reorganization; and
- (6) any other event of default specified in the prospectus supplement.

An event of default of one series of debt securities is not necessarily an event of default for any other series of debt securities.

TABLE OF CONTENTS

If an event of default, other than an event of default described in clause (5) above, shall occur and be continuing, either the trustee or the holders of at least 25% in aggregate principal amount of the outstanding securities of that series may declare the principal amount of the debt securities of that series to be due and payable immediately.

If an event of default described in clause (5) above shall occur, the principal amount of all the debt securities of that series will automatically become immediately due and payable.

After acceleration the holders of a majority in aggregate principal amount of the outstanding securities of that series may, under certain circumstances, rescind and annul such acceleration if all events of default, other than the non-payment of accelerated principal, or other specified amount, have been cured or waived.

Other than the duty to act with the required care during an event of default, the trustee will not be obligated to exercise any of its rights or powers at the request of the holders unless the holders shall have offered to the trustee reasonable indemnity. Generally, the holders of a majority in aggregate principal amount of the outstanding debt securities of any series will have the right to direct the time, method, and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee.

A holder will not have any right to institute any proceeding under the indenture, or for the appointment of a receiver or a trustee, or for any other remedy under the indenture, unless:

- (1) the holder has previously given to the trustee written notice of a continuing event of default with respect to the debt securities of that series;
- (2) the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series have made a written request and have offered reasonable indemnity to the trustee to institute the proceeding; and the trustee has failed to institute the proceeding and has not received direction inconsistent with the original request
- (3) from the holders of a majority in aggregate principal amount of the outstanding debt securities of that series within 60 days after the original request.

Holders may, however, sue to enforce the payment of principal, premium, or interest on any debt security on or after the due date or to enforce the right, if any, to convert any debt security without following the procedures listed in (1) through (3) above.

We will furnish the trustee an annual statement by our officers as to whether or not we are in default in the performance of the indenture and, if so, specifying all known defaults.

Modification and Waiver

Except as provided in the next two succeeding paragraphs, we and the trustee may make modifications and amendments to the indenture (including, without limitation, through consents obtained in connection with a purchase of, or tender offer or exchange offer for, outstanding securities) and may waive any existing default or event of default (including, without limitation, through consents obtained in connection with a purchase of, or tender offer or exchange offer for, outstanding securities) with the consent of the holders of a majority in aggregate principal amount of the outstanding securities of each series affected by the modification or amendment.

However, neither we nor the trustee may make any modification or amendment without the consent of the holder of each outstanding security of that series affected by the modification or amendment if such modification or amendment would:

change the stated maturity of any debt security;
reduce the principal of, premium, if any, on or interest on any debt security;
reduce the principal of an original issue discount security or any other debt security payable on acceleration of maturity;
reduce the rate of or extend the time for payment of interest on any debt security;

9

TABLE OF CONTENTS

change the currency in which any debt security is payable;
impair the right to enforce any payment after the stated maturity or redemption date;
waive any default or event of default in payment of the principal of, premium on or interest on any debt security;
waive a redemption payment or modify any of the redemption provisions of any debt security;
adversely affect the right, if any, to convert any debt security; or
change the provisions in the indenture that relate to modifying or amending the indenture.
Notwithstanding the preceding, without the consent of any holder of outstanding securities, we and the trustee may amend or supplement the indenture:

to cure any ambiguity, defect, or inconsistency;
to provide for uncertificated securities in addition to or in place of certificated securities;
to provide for the assumption of our obligations to holders of any debt security in the case of a merger or consolidation or sale of all or substantially all of our assets;
to make any change that would provide any additional rights or benefits to the holders of securities or that does not adversely affect the legal rights under the indenture of any such holder;
to comply with requirements of the Commission in order to effect or maintain the qualification of an indenture under the Trust Indenture Act;
to conform the text of the indenture to any provision of the Description of Debt Securities to the extent that such provision in the Description of Debt Securities was intended to be a verbatim recitation of a provision of the indenture;
to provide for the issuance of additional securities in accordance with the limitations set forth in the indenture as of the date of the indenture;
to allow any guarantor to execute a supplemental indenture with respect to debt securities and to release guarantors in accordance with the terms of the indenture; or
to add additional obligors under the indenture and the securities.
The consent of holders is not necessary under the indenture to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment.

Satisfaction and Discharge; Defeasance

Legal Defeasance. The indenture provides that, unless otherwise provided by the terms of the applicable series of debt securities, we may be discharged from any and all obligations in respect of the debt securities of any series (except for certain obligations to register the transfer or exchange of debt securities of such series, to replace stolen, lost, or mutilated debt securities of such series, and to maintain paying agencies and certain provisions relating to the treatment of funds held by paying agents). We will be so discharged upon the deposit with the trustee, in trust, of money and/or U.S. government obligations or, in the case of debt securities denominated in a single currency other than U.S. dollars, foreign government obligations, that, through the payment of interest and principal in accordance with their terms, will provide money in an amount sufficient in the opinion of a nationally recognized firm of independent public accountants to pay and discharge each installment of principal, premium, and interest on and any mandatory sinking fund payments in respect of the debt securities of that series on the stated maturity of those payments in accordance with the terms of the indenture and those debt securities.

This discharge may occur only if, among other things, we have delivered to the trustee an opinion of counsel stating that we have received from, or there has been published by, the United States Internal Revenue Service a ruling or, since the date of execution of the indenture, there has been a change in the applicable United States federal income tax law, in either case to the effect that, and based thereon such opinion shall confirm that, the holders of the debt securities of that series will not recognize income, gain, or loss for

10

TABLE OF CONTENTS

United States federal income tax purposes as a result of the deposit, defeasance, and discharge and will be subject to United States federal income tax on the same amounts and in the same manner and at the same times as would have been the case if the deposit, defeasance, and discharge had not occurred.

Defeasance of Certain Covenants. The indenture provides that, unless otherwise provided by the terms of the applicable series of debt securities, upon compliance with certain conditions:

we may omit to comply with the covenant described under the heading Consolidation, Merger, and Sale of Assets and certain other covenants set forth in the indenture, as well as any additional covenants which may be set forth in the applicable prospectus supplement; and any omission to comply with those covenants will not constitute a default or an event of default with respect to the debt securities of that series, or covenant defeasance.

The conditions include:

depositing with the trustee money and/or U.S. government obligations or, in the case of debt securities denominated in a single currency other than U.S. dollars, foreign government obligations, that, through the payment of interest and principal in accordance with their terms, will provide money in an amount sufficient in the opinion of a nationally recognized firm of independent public accountants to pay and discharge each installment of principal of, premium and interest on and any mandatory sinking fund payments in respect of the debt securities of that series on the stated maturity of those payments in accordance with the terms of the indenture and those debt securities; and

delivering to the trustee an opinion of counsel to the effect that the holders of the debt securities of that series will not recognize income, gain, or loss for United States federal income tax purposes as a result of the deposit and related covenant defeasance and will be subject to United States federal income tax on the same amounts and in the same manner and at the same times as would have been the case if the deposit and related covenant defeasance had not occurred.

Covenant Defeasance and Events of Default. In the event we exercise our option to effect covenant defeasance with respect to any series of debt securities and the debt securities of that series are declared due and payable because of the occurrence of any event of default, the amount of money and/or U.S. government obligations or foreign government obligations on deposit with the trustee will be sufficient to pay amounts due on the debt securities of that series at the time of their stated maturity but may not be sufficient to pay amounts due on the debt securities of that series at the time of the acceleration resulting from the event of default. However, we shall remain liable for those payments.

Notices

Notices to holders will be given by mail to the addresses of the holders in the security register.

Governing Law

The indenture and the debt securities will be governed by, and construed under, the laws of the State of New York.

Regarding the Trustee

The indenture limits the right of the trustee, should it become a creditor of us, to obtain payment of claims or secure its claims.

The trustee is permitted to engage in certain other transactions. However, if the trustee acquires any conflicting interest, and there is a default under the debt securities of any series for which they are trustee, the trustee must eliminate the conflict or resign.

DESCRIPTION OF COMMON STOCK

All shares of common stock offered by this prospectus will be duly authorized, fully paid, and nonassessable. Holders of our common stock are entitled to receive dividends if, as, and when authorized by our board of directors and declared by us out of assets legally available for the payment of dividends. They are also entitled to share ratably in our assets legally available for distribution to our stockholders in the event of our liquidation, dissolution, or winding up, after payment of or adequate provision for all of our known debts and liabilities. These rights are subject to the preferential rights of any other class or series of our stock and to the provisions of our charter regarding restrictions on transfer of our stock.

Subject to our charter restrictions on transfer of our stock, each outstanding share of common stock entitles the holder to one vote on all matters submitted to a vote of stockholders, including the election of directors. Except as provided with respect to any other class or series of stock, the holders of our common stock will possess the exclusive voting power. There is no cumulative voting in the election of directors, which means that the holders of a majority of the outstanding shares of common stock can elect all of the directors then standing for election, and the holders of the remaining shares will not be able to elect any directors.

Holders of our common stock have no preference, conversion, exchange, sinking fund, redemption, or, if listed on the New York Stock Exchange, appraisal rights and have no preemptive rights to subscribe for any of our securities. Subject to our charter restrictions on transfer of our stock, all shares of common stock will have equal dividend, liquidation, and other rights.

Transfer Agent, Registrar, and Dividend Disbursing Agent

The transfer agent, registrar, and dividend disbursing agent for our common stock is currently Computershare Investor Services, LLC.

Power to Reclassify Shares of Our Stock; Issuance of Additional Shares

Our charter authorizes our board of directors to classify and reclassify from time to time any unissued shares of our stock into other classes or series of stock, including preferred stock, and to cause the issuance of such shares. Prior to issuance of shares of each class or series, the board of directors is required by Maryland law and by our charter to set, subject to our charter restrictions on transfer of our stock, the terms, preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications and terms or conditions of redemption for each class or series. We believe that the power to issue additional shares of common stock or preferred stock and to classify or reclassify unissued shares of common or preferred stock and thereafter to issue the classified or reclassified shares provides us with increased flexibility in structuring possible future financings and acquisitions and in meeting other needs which might arise. These actions can be taken without stockholder approval, unless stockholder approval is required by applicable law or the rules of any stock exchange or automated quotation system on which our securities may be listed or traded. Although we have no present intention of doing so, we could issue a class or series of stock that could delay, defer, or prevent a transaction or a change in control of Redwood Trust that might involve a premium price for holders of common stock or otherwise be in their best interest. We have no shares of preferred stock presently outstanding.

DESCRIPTION OF PREFERRED STOCK

Our charter authorizes our board of directors to classify from time to time any unissued shares of stock in one or more classes or series of preferred stock and to reclassify any previously classified but unissued preferred stock of any class or series, in one or more classes or series. If we offer preferred stock pursuant to this prospectus in the future, the applicable prospectus supplement will describe the terms of such preferred stock, including the following, where applicable:

the designation of the shares and the number of shares that constitute the class or series;
the dividend rate (or the method of calculating dividends), if any, on the shares of the class or series and the priority as to payment of dividends with respect to other classes or series of our shares of stock;

12

whether dividends will be cumulative or non-cumulative and, if cumulative, the date from which dividends on the preferred stock will accumulate;

the dividend periods (or the method of calculating the dividend periods);

the voting rights of the preferred stock, if any;

the liquidation preference and the priority as to payment of the liquidation preference with respect to other classes or series of our stock and any other rights of the shares of the class or series upon our liquidation or winding-up;

whether or not and on what terms the shares of the class or series will be subject to redemption or repurchase at our option;

whether the shares of the class or series of preferred stock will be listed on a securities exchange or quoted on an inter-dealer quotation system;

any limitations on direct or beneficial ownership and restrictions on transfer applicable to the preferred stock, in addition to those already set forth in our charter, that may be necessary to preserve our status as a real estate investment trust; and

the other rights and privileges and any qualifications, limitations, or restrictions of the rights or privileges of the class or series.

Transfer Agent, Registrar, and Dividend Disbursing Agent

The transfer agent, registrar, and dividend disbursing agent for our preferred stock is currently Computershare Investor Services, LLC. If different, we will specify in the applicable prospectus supplement the transfer agent,

registrar, and dividend disbursing agent for any series of preferred stock offered by that prospectus supplement.

DESCRIPTION OF SECURITIES WARRANTS

We may issue securities warrants for the purchase of common stock or preferred stock, respectively referred to as common stock warrants and preferred stock warrants. Securities warrants may be issued independently or together with any other securities offered by this prospectus and any accompanying prospectus supplement and may be attached to or separate from such other securities. Each issuance of the securities warrants will be issued under a separate securities warrant agreement to be entered into by us and a bank or trust company, as securities warrant agent, all as set forth in the prospectus supplement relating to the particular issue of offered securities warrants. Each issue of securities warrants will be evidenced by securities warrant certificates. The securities warrant agent will act solely as an agent of ours in connection with the securities warrant certificates and will not assume any obligation or relationship of agency or trust for or with any holder of securities warrant certificates or beneficial owners of securities warrants.

If we offer securities warrants pursuant to this prospectus in the future, the applicable prospectus supplement will describe the terms of such securities warrants, including the following, where applicable:

the offering price;

the aggregate number of shares purchasable upon exercise of such securities warrants, and in the case of securities warrants for preferred stock, the designation, aggregate number, and terms of the class or series of preferred stock purchasable upon exercise of such securities warrants;

the designation and terms of the securities with which such securities warrants are being offered, if any, and the number of such securities warrants being offered with each such security;

the date on and after which such securities warrants and any related securities will be transferable separately; the number of shares of preferred stock or shares of common stock purchasable upon exercise of each of such securities warrants and the price at which such number of shares of preferred stock or common stock may be purchased upon such exercise;

13

TABLE OF CONTENTS

the date on which the right to exercise such securities warrants shall commence and the expiration date on which such right shall expire;

federal income tax considerations; and

any other material terms of such securities warrants.

Holders of future securities warrants, if any, will not be entitled by virtue of being such holders, to vote, to consent, to receive dividends, to receive notice with respect to any meeting of stockholders for the election of our directors or any other matter, or to exercise any rights whatsoever as stockholders of Redwood Trust.

DESCRIPTION OF RIGHTS TO PURCHASE SHARES OF COMMON OR PREFERRED STOCK

We may issue, as a dividend at no cost, to holders of record of our securities or any class or series thereof on the applicable record date, rights to purchase shares of our common stock or preferred stock, to purchase warrants exercisable for shares of our common stock or preferred stock, or to purchase units consisting of two or more of the

foregoing. In this prospectus, we refer to such rights as stockholder rights. If stockholders rights are so issued to existing holders of securities, each stockholder right will entitle the registered holder thereof to purchase the securities issuable upon exercise of the rights pursuant to the terms set forth in the applicable prospectus supplement.

If stockholder rights are issued, the applicable prospectus supplement will describe the terms of such stockholder rights including the following where applicable:

record date;
subscription price;
subscription agent;

aggregate number of shares of preferred stock, shares of common stock, warrants, or units purchasable upon exercise of such stockholder rights and in the case of stockholder rights for preferred stock or warrants exercisable for preferred stock, the designation, aggregate number, and terms of the class or series of preferred stock purchasable upon exercise of such stockholder rights or warrants;

the date on which the right to exercise such stockholder rights shall commence and the expiration date on which such right shall expire;

federal income tax considerations; and
other material terms of such stockholder rights.

In addition to the terms of the stockholder rights and the securities issuable upon exercise thereof, the prospectus supplement may describe, for a holder of such stockholder rights who validly exercises all stockholder rights issued to such holder, how to subscribe for unsubscribed securities, issuable pursuant to unexercised stockholder rights issued to other holders, to the extent such stockholder rights have not been exercised.

Holders of stockholder rights will not be entitled by virtue of being such holders, to vote, to consent, to receive dividends, to receive notice with respect to any meeting of stockholders for the election of our directors or any other matter, or to exercise any rights whatsoever as stockholders of Redwood Trust, except to the extent described in the related prospectus supplement.

DESCRIPTION OF UNITS

We may issue units consisting of two or more other constituent securities. These units may be issuable as, and for a specified period of time may be transferable only as a single security, rather than as the separate constituent securities comprising such units. The statements made in this section relating to the units are summaries only. These summaries are not complete. When we issue units, we will provide the specific terms of the units in a prospectus supplement. To the extent the information contained in the prospectus supplement differs from this summary description, you should rely on the information in the prospectus supplement.

14

TABLE OF CONTENTS

When we issue units, we will provide in a prospectus supplement the following terms of the units being issued:

the title of any series of units;
identification and description of the separate constituent securities comprising the units;
the price or prices at which the units will be issued;
the date, if any, on and after which the constituent securities comprising the units will be separately transferable;
information with respect to any book-entry procedures;
a discussion of any material or special United States federal income tax consequences applicable to an investment in the units; and

any other terms of the units and their constituent securities.

RESTRICTIONS ON OWNERSHIP AND TRANSFER AND REPURCHASE OF SHARES

In order that we may meet the requirements for qualification as a REIT at all times, among other purposes, our charter prohibits any person from acquiring or holding beneficial ownership of shares of our common stock or preferred stock (collectively, capital stock) in excess of 9.8%, in number of shares or value, of the outstanding shares of the related class of capital stock. For this purpose, the term beneficial ownership means beneficial ownership, as determined under Rule 13d-3 under the Exchange Act, of capital stock by a person, either directly or constructively under the constructive ownership provisions of Section 544 of the Internal Revenue Code of 1986, as amended (the Code), and related provisions.

Under the constructive ownership rules of Section 544 of the Code, a holder of a warrant generally will be treated as owning the number of shares of capital stock into which such warrant may be converted. In addition, the constructive ownership rules generally attribute ownership of securities owned by a corporation, partnership, estate, or trust proportionately to its stockholders, partners, or beneficiaries, respectively. The rules may also attribute ownership of securities owned by family members to other members of the same family and may treat an option to purchase securities as actual ownership of the underlying securities by the optionholder. The rules further provide when securities constructively owned by a person will be considered to be actually owned for the further application of such attribution provisions. To determine whether a person holds or would hold capital stock in excess of the 9.8% ownership limit, a person will be treated as owing not only shares of capital stock actually owned, but also any shares of capital stock attributed to that person under the attribution rules described above. Accordingly, a person who directly owns less than 9.8% of the shares outstanding may nevertheless be in violation of the 9.8% ownership limit.

Any transfer of shares of capital stock or warrants that would cause us to be disqualified as a REIT or that would create a direct or constructive ownership of shares of capital stock in excess of the 9.8% ownership limit, or result in the shares of capital stock being beneficially owned, within the meaning of Section 856(a) of the Code, by fewer than 100 persons, determined without any reference to any rules of attribution, or result in our being closely held within the meaning of Section 856(h) of the Code, will be null and void, and the intended transferee will acquire no rights to those shares or warrants. These restrictions on transferability and ownership will not apply if our board of directors determines that it is no longer in our best interests to continue to qualify as a REIT.

Any purported transfer of shares of capital stock or warrants that would result in a purported transferee owning, directly or constructively, shares in excess of the 9.8% ownership limit due to the unenforceability of the transfer restrictions described above will constitute excess securities. Excess securities will be transferred by operation of law to Redwood Trust as trustee for the exclusive benefit of the person or persons to whom the excess securities are ultimately transferred, until such time as the purported transferee retransfers the excess securities. While the excess securities are held in trust, a holder of such securities will not be entitled to vote or to share in any dividends or other distributions with respect to such securities and will not be entitled to exercise or convert such securities into shares of capital stock. Excess securities may be transferred by the purported transferee to any person (if such transfer would not result in excess securities) at a price not

15

TABLE OF CONTENTS

to exceed the price paid by the purported transferee (or, if no consideration was paid by the purported transferee, the fair market value of the excess securities on the date of the purported transfer), at which point the excess securities will automatically be exchanged for the stock or warrants, as the case may be, to which the excess securities are

attributable. If a purported transferee receives a higher price for designating an ultimate transferee, such purported transferee shall pay, or cause the ultimate transferee to pay, such excess to us. In addition, such excess securities held in trust are subject to purchase by us at a purchase price equal to the lesser of (a) the price per share or per warrant, as the case may be, in the transaction that created such excess securities (or, in the case of a devise or gift, the market price at the time of such devise or gift), reduced by the amount of any distributions received in violation of the charter that have not been repaid to us, and (b) the market price as reflected in the last reported sales price of such shares of stock or warrants on the trading day immediately preceding the date of the purchase by us as reported on any exchange or quotation system over which such shares of stock or warrants may be traded, or if not then traded over any exchange or quotation system, then the market price of such shares of stock or warrants on the date of the purported transfer as determined in good faith by our board of directors, reduced by the amount of any distributions received in violation of the charter that have not been repaid to us.

Upon a purported transfer of excess securities, the purported transferee shall cease to be entitled to distributions, voting rights, and other benefits with respect to the shares of capital stock or warrants except the right to payment of the purchase price for the shares of capital stock or warrants on the retransfer of securities as provided above. Any dividend or distribution paid to a purported transferee on excess securities prior to our discovery that shares of capital stock have been transferred in violation of our charter shall be repaid to us upon demand. If these transfer restrictions are determined to be void, invalid, or unenforceable by a court of competent jurisdiction, then the purported transferee of any excess securities may be deemed, at our option, to have acted as an agent on our behalf in acquiring the excess securities and to hold the excess securities on our behalf.

All certificates representing shares of capital stock and warrants will bear a legend referring to the restrictions described above.

Any person who acquires shares or warrants in violation of our charter, or any person who is a purported transferee such that excess securities result, must immediately give written notice or, in the event of a proposed or attempted transfer that would be void as set forth above, give at least 15 days prior written notice to us of such event and shall provide us such other information as we may request in order to determine the effect, if any, of the transfer on our status as a REIT. In addition, as required under the REIT provisions of the Code, every record owner of more than 5.0%, during any period in which the number of record stockholders is 2,000 or more, or 1.0%, during any period in which the number of record stockholders is greater than 200 but less than 2,000 or more, or 1/2%, during any period in which the number of record stockholders is 200 or less, of the number or value of our outstanding shares will receive a questionnaire from us by January 30 requesting information as to how the shares are held. In addition, our charter requires that such stockholders must provide written notice to us by January 30 stating the name and address of the record stockholder, the number of shares beneficially owned and a description of how the shares are held. In practice, we have generally permitted our stockholders to comply with the foregoing charter requirement by responding to our annual REIT questionnaire. Further, each stockholder upon demand is required to disclose to us in writing such information with respect to the direct and constructive ownership of shares and warrants as our board of directors deems reasonably necessary to comply with the REIT provisions of the Code, to comply with the requirements of any taxing authority or governmental agency or to determine any such compliance.

Our board of directors may increase or decrease the 9.8% ownership limit. In addition, to the extent consistent with the REIT provisions of the Code, our board of directors may, pursuant to our charter, waive the 9.8% ownership limit for a purchaser of our stock. As a condition to such waiver the intended transferee must give written notice to the board of directors of the proposed transfer no later than the fifteenth day prior to any transfer which, if consummated, would result in the intended transferee owning shares in excess of the ownership limit. Our board of directors may also take such other action as it deems necessary or advisable to protect our status as a REIT. Pursuant to our charter, our board of directors has, from time to time, waived the ownership limit for certain of our stockholders.

TABLE OF CONTENTS

The provisions described above may inhibit market activity and the resulting opportunity for the holders of our capital stock and warrants to receive a premium for their shares or warrants that might otherwise exist in the absence of such provisions. Such provisions also may make us an unsuitable investment vehicle for any person seeking to obtain ownership of more than 9.8% of the outstanding shares of our capital stock.

CERTAIN PROVISIONS OF MARYLAND LAW AND OF OUR CHARTER AND BYLAWS

We have summarized certain terms and provisions of the Maryland General Corporation Law and our charter and bylaws. This summary is not complete and is qualified by the provisions of our charter and bylaws, and the Maryland General Corporation Law. See [Where You Can Find More Information](#).

For restrictions on ownership and transfer of our capital stock contained in our charter, see [Restrictions on Ownership and Transfer and Repurchase of Shares](#).

Maryland Business Combination Act

Under the Maryland Business Combination Act, business combinations between a Maryland corporation and an interested stockholder or an affiliate of an interested stockholder, as such terms are defined in the Act, are prohibited for five years after the most recent date on which the interested stockholder becomes an interested stockholder. These business combinations include a merger, consolidation, share exchange, or, in circumstances specified in the statute, an asset transfer or issuance or reclassification of equity securities. The statute permits various exemptions from its provisions, including business combinations that are exempted by provision in the charter of the corporation. Our charter provides that we elect not to be governed by the provisions of the Maryland Business Combination Act.

Maryland Control Share Acquisition Act

The Maryland Control Share Acquisition Act causes persons who acquire beneficial ownership of stock at levels of 10%, 33%, and more than 50% (control share acquisitions) to lose the voting rights of such stock unless voting rights are restored by the stockholders at a meeting by vote of two-thirds of all the votes entitled to be cast on the matter (excluding stock held by the acquiring stockholder or the corporation's officers or employee directors). The Maryland Control Share Acquisition Act affords a cash-out election for stockholders other than the acquiring stockholder, at an appraised value (but not less than the highest price per share paid by the acquiring person in the control share acquisition), payable by the corporation, if voting rights for more than 50% of the outstanding stock are approved for the acquiring person. Under certain circumstances, the corporation may redeem shares acquired in a control share acquisition if voting rights for such shares have not been approved. The statute does not apply (a) to shares acquired in a merger, consolidation, or share exchange if the corporation is a party to the transaction or (b) to acquisitions approved or exempted by the charter or bylaws of the corporation. A corporation's board of directors has an opt-out power, exercisable through amendment of the corporation's bylaws (which could be changed by the stockholders), to exempt in advance any control share acquisition from the Maryland Control Share Acquisition Act. Our bylaws contain a provision exempting from the Maryland Control Share Acquisition Act acquisitions by certain persons of shares of our common stock in accordance with waivers from the ownership limit in our charter granted to such persons by our board of directors.

The Maryland Control Share Acquisition Act could have the effect of discouraging offers to acquire us and of increasing the difficulty of consummating any such offers.

Classification of Board of Directors, Vacancies, and Removal of Directors

Our charter and bylaws provide for a board of directors with staggered terms divided in to three classes, with terms of three years each. The number of directors in each class and the expiration of each class term, as of the date of this prospectus, are as follows:

Class I	3 Directors	Expires 2010
Class II	3 Directors	Expires 2008
Class III	3 Directors	Expires 2009

At each annual meeting of our stockholders, successors of the class of directors whose term expires at that meeting will be elected to serve for a three-year term and until their successors are elected and qualify

17

TABLE OF CONTENTS

and the directors in the other two classes will continue in office. A board of directors with staggered terms may delay, defer, or prevent a change in our control or other transaction that might involve a premium over the then prevailing market price for our common stock or other attributes that our stockholders may consider desirable. In addition, a board of directors with staggered terms could prevent stockholders who do not agree with the policies of our board of directors from replacing a majority of the board of directors in two years.

Pursuant to our election to be subject to certain provisions of the Maryland General Corporation Law, any vacancy on our board of directors may be filled only by the affirmative vote of a majority of the remaining directors in office, even if the remaining directors do not constitute a quorum, and any director elected to fill a vacancy shall serve for the remainder of the full term of the directorship in which such vacancy occurred and until a successor is elected and qualifies. Under the Maryland General Corporation Law, if the directors have been divided into classes, unless the charter provides otherwise (which our charter does not), a director may be removed only for cause by the affirmative vote of a majority of all the votes entitled to be cast generally for the election of directors.

Charter Amendments and Extraordinary Corporate Actions

Under Maryland law, a Maryland corporation generally cannot dissolve, amend its charter, merge, sell all or substantially all of its assets, engage in a share exchange, or engage in similar transactions outside the ordinary course of business, unless approved by the affirmative vote of stockholders entitled to cast at least two-thirds of the votes entitled to be cast on the matter. However, a Maryland corporation may provide in its charter for approval of these matters by a lesser percentage, but not less than a majority of all of the votes entitled to be cast on the matter. Our charter provides for approval of these matters by the affirmative vote of the holders of a majority of the total number of shares entitled to vote on the matter.

Advance Notice of Director Nominations and New Business

Our bylaws provide that with respect to an annual meeting of stockholders, nominations of individuals for election to the board of directors, and the proposal of business to be considered by stockholders may be made only (i) pursuant to our notice of the meeting, (ii) by the board of directors or (iii) by a stockholder who is entitled to vote at the meeting and who has complied with the advance notice procedures of the bylaws. With respect to special meetings of

stockholders, only the business specified in our notice of the meeting may be brought before the meeting.

MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following is a general summary of the material United States federal income tax considerations relevant to our status as a REIT and to your investment in our common stock. Your tax treatment will vary depending upon the terms of the specific securities you acquire, as well as your particular situation. This discussion does not address all aspects of U.S. federal income taxation that may be relevant to a particular stockholder in light of its personal investment circumstances or to certain types of investors subject to special tax rules (including financial institutions, insurance companies, broker-dealers and, except to the limited extent discussed below, tax-exempt entities and foreign taxpayers) and it does not discuss any aspects of state, local or foreign country tax law. This discussion assumes that you hold your common stock as a capital asset (generally, property held for investment) under the Code. You should also be aware that the material U.S. federal income tax considerations relevant to your ownership of a particular type or class of securities offered by this prospectus will be provided in an applicable prospectus supplement that relates to those securities. This summary is for general information only and is not tax advice.

The information in this summary is based upon current law, including the Code, existing Treasury Department regulations, revenue rulings, revenue procedures, proposed regulations and case law, all of which are subject to change both prospectively or retroactively. Moreover, relevant laws or other legal authorities may change in a manner that could adversely affect the tax considerations contained in this discussion. This summary does not discuss any state, local or foreign tax consequences associated with our election to be taxed as a REIT.

You are urged to consult the applicable prospectus supplement accompanying this prospectus, as well as your tax advisors, regarding the specific tax consequences to you of:

the acquisition, ownership, and/or sale or other disposition of our common stock or other types of securities offered under this prospectus, including the federal, state, local, foreign and other tax consequences; and potential changes in the applicable tax laws and regulations described below.

Taxation of Redwood Trust

We have elected to be taxed as a REIT under the Code, commencing with our taxable year ended December 31, 1994. We believe that we have been organized and have operated in a manner that has allowed us to qualify for taxation as a REIT under the Code commencing with our taxable year ended December 31, 1994, and we intend to continue to be organized and operate in this manner.

In reading the discussion set forth below, it should be noted that although Redwood Trust is combined with all of its subsidiaries for financial accounting purposes, for federal income tax purposes only Redwood Trust, Sequoia Mortgage Funding Corporation and Juniper Trust, Inc. (and their assets and income) constitute the REIT, and Redwood Trust's remaining domestic corporate subsidiaries constitute taxable entities subject to regular corporate income taxes. Redwood Trust's foreign subsidiaries (*i.e.*, Acacia CDO 4, Ltd., Acacia CDO 5, Ltd., Acacia CDO 6, Ltd., Acacia CDO 7, Ltd., Acacia CDO 8, Ltd., Acacia CDO 9, Ltd., Acacia CDO 10, Ltd., Acacia CDO 11, Ltd., Acacia CDO 12, Ltd., Acacia CRE CDO 1, Ltd. and Acacia Option ARM 1 CDO, Ltd. are not generally subject to U.S. corporate income taxes (see Taxable REIT Subsidiaries below).

In connection with the filing of our registration statement of which this prospectus is a part, our tax counsel, Chapman and Cutler LLP, has rendered an opinion to the effect that, exclusive of our taxable REIT subsidiaries, we have been organized in conformity with the requirements for qualification as a REIT under the Code, and our actual and proposed methods of operation should enable us to continue to qualify as a REIT under the Code. This opinion is based upon current applicable law and various assumptions and representations made by us as to factual matters, including representations made by us in a certificate provided by our officers and descriptions of our methods of operation contained in our periodic reports filed with SEC. Ultimately, our ability to qualify and be taxed as a REIT depends on actual operating results and compliance with the various tests for qualification as a REIT relating to our income, assets, distributions, stock ownership and certain administrative matters, the results of which are not reviewed by our tax counsel on an ongoing basis. No assurance can be given that the actual results of our operations for any one taxable year will satisfy those requirements. Moreover, certain aspects of our operations have not been considered by the courts or the

Internal Revenue Service (IRS) in any published authorities that interpret the requirements for REIT status. There can be no complete assurance that the courts or the IRS will agree with our tax counsel's opinion.

In any year in which Redwood Trust qualifies as a REIT, we generally are not subject to federal income tax on that portion of our REIT taxable income or capital gain that is distributed to our stockholders. We are, however, subject to federal income tax at normal corporate income tax rates upon any undistributed taxable income or capital gain.

In addition, notwithstanding our qualification as a REIT, we may also be subject to tax in certain other circumstances.

As described below, if the REIT fails to satisfy the REIT Gross Income Tests, but nonetheless maintains its qualification as a REIT because certain other requirements are met, we will generally be subject to a 100% tax on the greater of the amount by which the REIT fails either the 75% or the 95% Gross Income Test. We will also be subject to a tax of 100% on net income the REIT derives from any prohibited transaction, which refers to dispositions of property held by the REIT classified as property held for sale to customers in the ordinary course of business of the REIT (*i.e.*, dealer property). We do not believe that we have or will engage in transactions that would result in the REIT being classified as a dealer or deemed to have disposed of dealer property; however, there can be no assurance that the IRS will agree. If the REIT has (i) net income from the sale or other disposition of foreclosure property which is held primarily for sale to customers in the ordinary course of business or (ii) other non-qualifying income from foreclosure property, we will be subject to federal income tax on such income at the highest corporate income tax rate. In addition, a nondeductible excise tax, equal to 4% of the excess of required distributions over the amounts actually distributed, will be imposed on us for each calendar year to the extent that dividends paid during the year, or declared during the last quarter of the year and paid during January of the succeeding year, are less than the sum of (1) 85% of the REIT ordinary income, plus (2) 95% of the REIT capital gain net income, plus (3) any undistributed income remaining from earlier years. We may also be subject to the corporate alternative minimum tax, as well as other taxes in certain situations not presently contemplated.

We may also voluntarily revoke our election to be taxed as a REIT, although we have no intention of doing so, in which event we will be prohibited from electing REIT status for the year to which the revocation relates and the following four tax years.

If we failed to qualify as a REIT in any particular year, we would be subject to federal income tax as a regular, domestic corporation, and our stockholders would be subject to tax in the same manner as stockholders of a regular corporation. In such event, we could be subject to potentially substantial income tax liability in respect of each tax year that we fail to qualify as a REIT as well as the four tax years following the year of the failure and, as a result, the amount of earnings and cash available for distribution to our stockholders could be significantly reduced.

We intend to monitor on an ongoing basis our compliance with the requirements for qualifying as a REIT. In order to maintain our REIT status, we may be required to limit the types of assets that the REIT might otherwise acquire, or hold certain assets at times when we might otherwise have determined that the sale or other disposition of such assets would have been more prudent.

REIT Qualification

The following is a brief summary of certain technical requirements that we must meet on an ongoing basis in order to qualify, and remain qualified, as a REIT under the Code.

Stock Ownership Tests

Our capital stock must be held by at least 100 persons for at least 335 days of a twelve-month year, or a proportionate part of a short tax year. In addition, no more than 50% of the value of our capital stock may be owned, directly or indirectly, by five or fewer individuals at any time during the last half of the tax year. Under the Code, most tax-exempt entities, including employee benefit trusts and charitable trusts (but excluding trusts described in Section 401(a) and exempt under Section 501(a) of the Code), are generally treated as individuals for these purposes. We must satisfy these stock ownership requirements each tax year. We must solicit information from certain of our stockholders to verify ownership levels and must maintain records regarding those who do not respond. Our charter imposes certain repurchase obligations and restrictions regarding the transfer of our shares in order to aid in meeting the stock ownership requirements. If we were to

20

TABLE OF CONTENTS

fail either of the stock ownership tests, we would generally be disqualified from REIT status, unless, in the case of the five or fewer requirement, the good faith exemption is available.

Asset Tests

We must generally meet the following asset tests (the REIT Asset Tests) at the close of each quarter of each tax year:

at least 75% of the value of the REIT's total assets must consist of qualified real estate assets, government securities, cash, and cash items (the 75% Asset Test);

the value of the REIT's assets consisting of securities (other than those includible under the 75% Asset Test) must not exceed 25% of the total value of the REIT's assets;

the value of the REIT's assets consisting of securities of one or more taxable REIT subsidiaries must not exceed 20% of the value of the REIT's total assets; and

the value of securities held by the REIT, other than securities of a taxable REIT subsidiary or securities taken into account for purposes of the 75% Asset Test, must not exceed (i) 5% of the value of the REIT's total assets in the case of securities of any one non-government issuer, and (ii) 10% of the outstanding vote or value of any such issuer's securities.

For purposes of the above tests, the term value generally means, with respect to securities for which market quotations are readily available, the market value of such securities, and with respect to other securities and assets, fair value as determined in good faith by the REIT.

In applying the above tests, a REIT is generally required to re-value all of its assets at the end of any quarter in which it acquires a substantial amount of new securities or other property other than qualified real estate assets. We intend to closely monitor the purchase, holding, and disposition of the REIT's assets in order to comply with the REIT Asset

Tests. We expect that substantially all of our assets will be qualified real estate assets and intend to limit or hold through taxable REIT subsidiaries any assets not qualifying as qualified real estate assets so as to comply with the above REIT Asset Tests. If it is anticipated that the above limits would be exceeded, we intend to take appropriate measures to avoid exceeding such limits, including the disposition of non-qualifying assets within the permitted time periods for cure.

Beginning in 2005, if we fail one or more of the REIT Asset Tests we may nonetheless avoid losing our REIT status if we satisfy either (i) a de minimis exception or (ii) certain reasonable cause and disclosure requirements and pay certain penalties. The de minimis exception applies only to the last REIT Asset Test described and is limited to violations not exceeding the lesser of 1% of our total assets at the end of such quarter or \$10 million. The reasonable cause exception requires that we make certain disclosures to the IRS, establish that the failure was due to reasonable cause and not willful neglect and pay a penalty equal to the greater of \$50,000 or an amount equal to tax at the highest corporate tax rate on the income derived from such non-qualifying assets during period from identification to cure. Both exceptions also require that we dispose of the related assets within six months after the last day of the quarter in which we identify the failure or that we otherwise cure the failure within the same time period by, for instance, increasing our percentage ownership of other qualified assets.

Gross Income Tests

We must generally meet the following gross income tests (the REIT Gross Income Tests) for each tax year:

at least 75% of the REIT's gross income must be derived from certain specified real estate sources, including interest income and gain from the disposition of qualified real estate assets, foreclosure property or qualified temporary investment income (*i.e.*, income derived from new capital within one year of the receipt of such capital) (the 75% Gross Income Test); and

21

TABLE OF CONTENTS

at least 95% of the REIT's gross income for each tax year must be derived from sources of income qualifying for the 75% Gross Income Test, or from dividends, interest, and gains from the sale of stock or other securities not held for sale in the ordinary course of business (the 95% Gross Income Test).

We intend to maintain our REIT status by carefully monitoring our income, including income from hedging transactions and sales of mortgage assets, to comply with the REIT Gross Income Tests. In computing compliance with the 95% Gross Income Test, we must evaluate whether and how income generated by interest rate caps and other hedging instruments undertaken by the REIT fit within this test. Generally speaking, to the extent an interest rate cap or other hedging instrument was acquired to reduce the interest rate risks with respect to any indebtedness incurred or to be incurred by the REIT to acquire or carry real estate assets and was properly identified at inception, we can exclude such income for purposes of computing compliance with the 95% Gross Income Test. Under certain circumstances, for example, (i) the sale of a substantial amount of assets by the REIT to repay borrowings in the event that other credit is unavailable or (ii) an unanticipated decrease in qualifying income of the REIT which results in the non-qualifying income exceeding 5% of gross income, we may be unable to comply with certain of the REIT Gross Income Tests. Inadvertent failures to comply with the REIT Gross Income Tests will not result in disqualification of the REIT if certain disclosure and reasonable cause criteria are met and a 100% tax on the amount equal to the qualified income shortfall is paid. See *Taxation of Redwood Trust* above for a discussion of the tax consequences of failure to comply with the REIT provisions of the Code.

Distribution Requirements

We generally are required to distribute to our stockholders an amount equal to at least 90% of our REIT taxable income determined before applying the deduction for dividends paid and by excluding net capital gains. Such

distributions must be made in the tax year to which they relate or, if declared before the timely filing of our tax return for such year and paid not later than the first regular dividend payment after such declaration, in the following tax year.

The IRS has ruled generally that if a REIT's dividend reinvestment plan allows stockholders of the REIT to elect to have cash distributions reinvested in shares of the REIT at a purchase price equal to at least 95% of the fair market value of such shares on the distribution date, then such distributions generally qualify towards this distribution requirement. We maintain a Direct Stock Purchase and Dividend Reinvestment Plan, or DRP, and intend that the terms of our DRP will comply with the IRS public rulings regarding such plans.

If we fail to meet the distribution test as a result of a retroactive adjustment to our REIT taxable income, we may be able to avoid disqualification as a REIT by paying a deficiency dividend within a specified time period and in accordance with other requirements set forth in the Code. We would be liable for interest based on the amount of the deficiency dividend. A deficiency dividend is not permitted if the deficiency is due to fraud with intent to evade tax or to a willful failure to file a timely tax return.

Qualified REIT Subsidiaries

A Qualified REIT Subsidiary is any corporation in which a REIT owns 100% of the stock issued by such corporation and for which no election has been made to classify it as a taxable REIT subsidiary. Sequoia Mortgage Funding Corporation and Juniper Trust, Inc. are each wholly-owned subsidiaries treated as Qualified REIT Subsidiaries. As such, their assets, liabilities, and income are generally treated as assets, liabilities, and income of the REIT for purposes of each of the above REIT qualification tests.

Taxable REIT Subsidiaries

A Taxable REIT Subsidiary is any corporation in which a REIT owns stock (directly or indirectly) and for which the REIT and such corporation make a joint election to classify the corporation as a Taxable REIT Subsidiary. Effective January 1, 2001, RWT Holdings, Inc., or Holdings, and Redwood Trust elected to treat Holdings, Sequoia Residential Funding, and Holdings' other subsidiaries as Taxable REIT Subsidiaries of Redwood Trust. Since 2001, Redwood Trust has made Taxable REIT Subsidiary elections for Acacia CDO 1, Ltd., Acacia CDO 2, Ltd., Acacia CDO 3, Ltd., Acacia CDO 4, Ltd., Acacia CDO 5, Ltd., Acacia CDO 6, Ltd., Acacia CDO 7, Ltd., Acacia CDO 8, Ltd., Acacia CDO 9, Ltd., Acacia CDO 10, Ltd., Acacia CDO 11,

22

TABLE OF CONTENTS

Ltd., Acacia CDO 12, Ltd., Acacia Option ARM 1 CDO, Ltd., Acacia CRE CDO 1, Ltd., Acacia CRE CDO 2, Ltd., Acacia CDO 13, Ltd., RESIX Finance Limited, Crest G-Star-2A, Ltd., Millstone III CDO, Ltd., GSAA 2006-NIM8, Ltd., Markov CDO I, Ltd., Millstone IV CDO, Ltd., Juniper Holdings, Inc., Redwood Mortgage Funding, Inc. and Redwood Asset Management, Inc.. As Taxable REIT Subsidiaries, they are not subject to the REIT asset, income, and distribution requirements nor are their assets, liabilities, or income treated as assets, liabilities, or income of Redwood Trust for purposes of each of the above REIT qualification tests.

We generally intend to engage in securitization transactions (other than certain non-REMIC, debt-for-tax securitizations) through our Taxable REIT Subsidiaries. In addition, we generally intend to make a Taxable REIT Subsidiary election with respect to any other corporation in which we acquire equity or equity-like securities constituting more than 10% by vote or value of such corporation's equity and that is not otherwise a Qualified REIT Subsidiary. However, the aggregate value of all of our Taxable REIT Subsidiaries must be limited to 20% of the total value of the REIT's assets. In addition, we will be subject to a 100% penalty tax on any rent, interest, or other charges

that we impose on any Taxable REIT Subsidiary in excess of an arm's length price for comparable services. We expect that any rents, interest, or other charges imposed on Holdings or any other Taxable REIT Subsidiary will be at arm's length prices.

We generally expect to derive income from our Taxable REIT Subsidiaries by way of dividends. Such dividends are not real estate source income for purposes of the 75% Gross Income Test. Therefore, when aggregated with our other non-real estate source income, such income must be limited to 25% of the REIT's gross income each year. We will monitor the value of our investment in, and the distributions from, our Taxable REIT Subsidiaries to ensure compliance with all applicable REIT income and asset tests.

Taxable REIT Subsidiaries doing business in the United States are generally subject to corporate level tax on their net income and generally will be able to distribute only net after-tax earnings to their stockholders, including Redwood Trust, as dividend distributions. The Acacia entities are considered foreign subsidiaries not engaged in trade or business in the United States for tax purposes and therefore are not subject to U.S. corporate income taxation. However, the Acacia entities are characterized as controlled foreign corporations (CFCs) under the Code and therefore we are required to recognize dividend income equal to the net income derived from our investment in these entities without regard to whether distributions are made. Dividend income that we earn from the Acacia CFCs is generally taxed as ordinary income and any losses that we might recognize on our equity investments in the CFCs will generally be treated as capital losses. There is no guarantee that the IRS will not take the position that the Acacia entities are doing business in the U.S., which position, if sustained, would subject the Acacia entities to corporate level tax on their effectively connected U.S. trade or business income. If this were to occur, then the Acacia entities would generally only be able to contribute net after-tax earnings to REIT dividend distributions.

Failure to Qualify

The JOBS Act of 2004 added and modified several provisions in the Code that would allow us to cure good faith or de minimis violations of the requirements for maintaining REIT status. In addition to those provisions already described, beginning in 2005, we can also cure REIT qualification failures if we establish that such failure was due to reasonable cause and not willful neglect and we pay a penalty of \$50,000 for each such failure. However, if we fail any of the REIT qualification tests described previously in any tax year and the cure provisions provided by the Code do not apply, the REIT would be subject to federal income tax (including any applicable alternative minimum tax) on its taxable income at the regular corporate income tax rates. Distributions to stockholders in any year in which we fail to qualify as a REIT would not be deductible by us, nor would distributions generally be required to be made under the Code. Further, unless entitled to relief under certain other provisions of the Code, we would also be disqualified from re-electing REIT status for the four tax years following the year in which it became disqualified.

Tax Treatment Generally of U.S. Persons Investing in Our Common Stock

The discussion under this heading only applies to stockholders that are U.S. persons. A U.S. person is a person who is:

A citizen or resident of the United States;

23

TABLE OF CONTENTS

A corporation, partnership, or other entity created or organized in the United States or under the laws of the United States or any political subdivision thereof;

An estate whose income is includible in gross income for federal income tax purposes regardless of its source; or

A trust, if (1) a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have authority to control all substantial decisions of the trust, or (2) the trust was in existence on August 26, 1996, was treated as a domestic trust before such date, and has made an election to continue to be treated as a U.S. person.

Unless you are a tax-exempt entity, for any tax year in which we are treated as a REIT for federal income tax purposes, distributions (including constructive or in-kind distributions) made to you (and not designated as capital gain dividends) will generally be subject to tax as ordinary income to the extent of the REIT's current and accumulated earnings and profits as determined for federal income tax purposes. If the amount distributed exceeds your allocable share of such earnings and profits, the excess will be treated as a return of capital to the extent of your tax basis in the common stock, which will not be subject to tax, and thereafter as a taxable gain from the sale or exchange of a capital asset.

Distributions designated by us as capital gain dividends will generally be subject to tax as long-term capital gain to you, to the extent that the distribution does not exceed the REIT's actual net capital gain for the tax year. Alternatively, we can also elect by written notice to our stockholders to designate a portion of the REIT's net capital gain income as being retained and pay directly the tax on such net capital gains. In that instance, generally if you are required to include the deemed capital gains dividend in income, you will be entitled to claim a credit or refund on your tax return for the tax paid by the REIT with respect to such deemed dividend, and you will be entitled to increase your tax basis in our shares by an amount equal to the excess of the deemed capital gain dividend over the tax you are deemed to have paid.

Distributions by us, whether characterized as ordinary income or as capital gain, are not eligible for the corporate dividends received deduction that exists under current law. Furthermore, distributions by us characterized as ordinary income generally will not be subject to the reduced 15% and 5% tax rates otherwise effective for certain types of dividends as of January 1, 2003. However, dividend distributions by us characterized as capital gain distributions recognized subsequent to May 5, 2003, will be subject to the reduced 5% and 15% tax rates made effective by the Jobs and Growth Tax Relief Reconciliation Act of 2003.

In the event that we realize a loss for the tax year, you will not be permitted to deduct any share of that loss. Further, if we (or a portion of our assets) were to be treated as a taxable mortgage pool, or if we were to hold residual interests in real estate mortgage investment conduits, or REMICs, any excess inclusion income derived therefrom and allocated to you would not be allowed to be offset by any net operating losses.

Dividends declared during the last quarter of a tax year and actually paid during January of the following tax year are generally treated as if received on December 31 of the tax year in which they are declared and not on the date actually received. In addition, we may elect to treat certain other dividends distributed after the close of the tax year as having been paid during such tax year, but you will be treated as having received such dividend in the tax year in which the distribution is made.

Generally, a dividend distribution of earnings from a REIT is considered for estimated tax purposes only when the dividend is made. However, any person owning at least 10% of the vote or value of a closely-held REIT must accelerate recognition of year-end dividends received from the REIT in computing estimated tax payments. We are not currently, and do not expect to be, a closely-held REIT.

Upon a sale or other disposition of the common stock, you would generally recognize a capital gain or loss in an amount equal to the difference between the amount realized and your tax basis in such stock, which gain or loss generally will be long-term if the stock was held for more than twelve months. Any loss on the sale or exchange of common stock held by you for six months or less will generally be treated as a long-term capital loss to the extent of any designated capital gain dividends received by you. If common stock is sold after a record date but before a payment date for declared dividends on such stock, you will nonetheless be

TABLE OF CONTENTS

required to include such dividend in income in accordance with the rules above for distributions, whether or not such dividend is required to be paid over to the purchaser.

If we make a distribution of stockholder rights with respect to its common stock, such distribution generally will not be treated as taxable when made. However, if the fair market value of the rights on the date of issuance is 15% or more of the value of the common stock, or if you so elect regardless of the value of the rights, you must make an allocation of its existing tax basis between the rights and the common stock based on their relative value on the date of the issuance of the rights. On the exercise of the rights, you will generally not recognize gain or loss. Your tax basis in the shares received from the exercise of the rights will be the amount paid for the shares plus the basis, if any, of the rights exercised. Distribution of stockholder rights with respect to other classes of securities holders generally would be taxable based on the value of the rights on the date of distribution.

We are required under Treasury Department regulations to demand annual written statements from the record holders of designated percentages of our stock disclosing the actual and constructive ownership of such stock and to maintain permanent records showing the information we have received as to the actual and constructive ownership of such stock and a list of those persons failing or refusing to comply with such demand.

In any year in which we do not qualify as a REIT, distributions made to you would be taxable in the same manner discussed above, except that no distributions could be designated as capital gain dividends, distributions would be eligible for the corporate dividends received deduction and may be eligible for the reduced tax rates on dividends (if paid out of previously-taxed earnings), the excess inclusion income rules would not apply, and you would not receive any share of our tax preference items. In such event, however, we would be subject to potentially substantial federal income tax liability, and the amount of earnings and cash available for distribution to you could be significantly reduced or eliminated.

Information Reporting and Backup Withholding with Respect to Our Common Stock

We will report to our U.S. stockholders and the IRS the amount of distributions paid or deemed paid during each calendar year, and the amount of tax withheld, if any. Under the backup withholding rules, a stockholder may be subject to backup withholding with respect to distributions paid (at the rate generally equal to the fourth lowest rate of federal income tax then in effect (currently 28%)) unless such holder (a) is a corporation or comes within certain other exempt categories and, when required, demonstrates that fact; or (b) provides a taxpayer identification number, certifies as to no loss of exemption from backup withholding, and otherwise complies with applicable requirements of the backup withholding rules. A stockholder that does not provide us with its correct taxpayer identification number may also be subject to penalties imposed by the IRS. Any amount paid as backup withholding will be creditable against the stockholder's income tax liability. In addition, we may be required to withhold a portion of dividends and capital gain distributions to any stockholders that do not certify under penalties of perjury their non-foreign status to us.

Tax Treatment Generally of Tax-Exempt Entities Investing in Our Common Stock

The discussion under this heading only applies to you if you are a tax-exempt entity. Subject to the discussion below

regarding a pension-held REIT, a tax-exempt stockholder is generally not subject to tax on distributions from us or gain realized on the sale of the common stock or preferred stock, provided that:

you do not incur indebtedness to purchase or hold our common stock or preferred stock;
your shares are not otherwise used in an unrelated trade or business; and

we do not distribute dividends to you that are treated as excess inclusion income as defined under the Code. It should be emphasized that if the REIT were to hold a residual interest in a REMIC, or if a pool of the REIT's assets were to be treated as a taxable mortgage pool, a portion of the dividends paid to a tax-exempt stockholder may be subject to tax as unrelated business taxable income or UBTI. Although we do not intend to acquire such residual interests at the REIT or believe that we, or any portion of our assets, will be treated as a taxable mortgage pool, no assurance can be given that the IRS might not successfully maintain that such a taxable mortgage pool exists.

25

TABLE OF CONTENTS

If a qualified pension trust (*i.e.*, any pension or other retirement trust that qualifies under Section 401(a) of the Code) holds more than 10% by value of the interests in a pension-held REIT at any time during a tax year, a substantial portion of the dividends paid to the qualified pension trust by such REIT may constitute UBTI. For these purposes, a pension-held REIT is a REIT (i) that would not have qualified as a REIT but for the provisions of the Code which look through qualified pension trust stockholders in determining ownership of stock of the REIT and (ii) in which at least one qualified pension trust holds more than 25% by value of the equity interest of such REIT or one or more qualified pension trusts (each owning more than a 10% interest by value in the REIT) hold in the aggregate more than 50% by value of the equity interests in such REIT. Assuming compliance with the ownership limit provisions in our charter, it is unlikely that pension plans will accumulate sufficient stock to cause us to be treated as a pension-held REIT.

Distributions to certain types of tax-exempt stockholders exempt from federal income taxation under Sections 501(c)(7), (c)(9), (c)(17), and (c)(20) of the Code may also constitute UBTI, and such prospective investors should consult their tax advisors concerning the applicable set aside and reserve requirements.

U.S. Tax Treatment Generally of Foreign Persons Investing in Our Common Stock

The discussion under this heading only applies to you if you are not a U.S. person as defined above under Tax Treatment Generally of U.S. Persons Investing in Our Common Stock (hereinafter, a foreign shareholder).

This discussion provides only a brief summary of certain United States federal tax consequences that apply to you, but does not consider any specific facts or circumstances that may apply to you and your particular situation. Therefore, we urge you to consult your tax advisor regarding the U.S. federal income tax consequences of acquiring, holding, and disposing of our stock, or any tax consequences that may arise under the laws of any foreign, state, local, or other taxing jurisdiction.

Distributions paid by us out of our earnings and profits, as determined for United States federal income tax purposes, to a foreign shareholder will generally be subject to withholding of United States federal income tax at the rate of 30%, unless reduced or eliminated by an applicable tax treaty or unless such dividends are treated as effectively connected with a United States trade or business. Distributions paid by us in excess of our earnings and profits will be treated as a tax-free return of capital to the extent of the holder's adjusted basis in his shares, and thereafter as gain from the sale or exchange of a capital asset as described below. If it cannot be determined at the time a distribution is

made whether such distribution will exceed our earnings and profits, the distribution will be subject to withholding at the same rate as dividends. Amounts so withheld, however, will be refundable or creditable against the foreign shareholder's United States federal tax liability if it is subsequently determined that such distribution was, in fact, in excess of our earnings and profits. If the receipt of the dividend is treated as being effectively connected with the conduct of a trade or business within the United States by a foreign shareholder, the dividend received by such holder will be subject to the United States federal income tax on net income that applies to United States persons generally (and, with respect to corporate holders and under certain circumstances, to the branch profits tax).

For tax years prior to 2005, certain capital gains distributions by a REIT to a foreign shareholder that are attributable to gain from the sales or exchanges by us of United States real property interests will be treated as if such gain were effectively connected with a United States business and will thus be subject to tax at the normal capital gain rates applicable to United States stockholders (subject to applicable alternative minimum tax) under the provisions of the Foreign Investment in Real Property Tax Act of 1980, or FIRPTA. Also, distributions subject to FIRPTA may be subject to a 30% branch profits tax in the hands of a foreign corporate stockholder not entitled to a treaty exemption. We are required to withhold 35% of any distribution that could be designated by us as a capital gains dividend. This amount may be credited against the foreign shareholder's FIRPTA tax liability. Effective for tax years beginning in 2005, FIRPTA does not apply to REIT capital gain distributions (so long as they are made with respect to a class of REIT stock that is regularly traded on an established securities market in the United States) to a foreign investor that does not own more than 5% of the REIT's stock during the taxable year in which such distribution is received. Such distributions are instead treated by the investor as a regular, rather than capital gain, dividends. It should also be noted that mortgage loans without substantial equity or with shared appreciation features generally would not be classified as United States real property interests.

26

TABLE OF CONTENTS

A foreign shareholder will generally not be subject to United States federal income tax on gain recognized on a sale or other disposition of its shares of either common or preferred stock unless (i) the gain is effectively connected with the conduct of a trade or business within the United States by the foreign shareholder, (ii) in the case of a foreign shareholder who is a nonresident alien individual and holds such shares as a capital asset, such holder is present in the United States for 183 or more days in the tax year and certain other requirements are met, or (iii) the foreign shareholder is subject to tax under the FIRPTA rules because we are not domestically controlled. Gain that is effectively connected with the conduct of a business in the United States by a foreign shareholder will be subject to the United States federal income tax on net income that applies to United States persons generally (and, with respect to corporate holders and under certain circumstances, to the branch profits tax) but will not be subject to withholding. foreign shareholders should consult applicable treaties, which may provide for different rules.

Gain recognized by a foreign shareholder upon a sale of either common stock or preferred stock will generally not be subject to tax under FIRPTA if we are a domestically-controlled REIT, which is defined generally as a REIT in which at all times during a specified testing period less than 50% in value of its shares were held directly or indirectly by non-United States persons. Because only a minority of our stockholders are believed to be foreign shareholders, we anticipate that we will qualify as a domestically-controlled REIT. Accordingly, a foreign shareholder should not be subject to United States federal income tax from gains recognized upon disposition of its shares.

State, Local and Foreign Tax Consequences

State, local and foreign income tax laws may differ substantially from the corresponding federal income tax laws, and this discussion does not purport to describe any aspect of the tax laws of any state, local or foreign jurisdiction. Consequently, we urge you to consult your tax advisor regarding the effect of state, local and/or foreign tax laws with respect to our treatment as a REIT and an investment in Redwood Trust.

TABLE OF CONTENTS**PLAN OF DISTRIBUTION**

We may sell the securities offered pursuant to any applicable prospectus supplement, directly to one or more purchasers or through dealers, agents, or underwriters. We may sell the securities offered pursuant to any applicable prospectus supplement in at-the-market equity offerings or on a negotiated or competitive bid basis through underwriters or dealers or directly to other purchasers or through agents. We will name any underwriter, dealer, or agent involved in the offer and sale of the securities in the applicable prospectus supplement. We reserve the right to sell the securities directly to investors on our own behalf in those jurisdictions where and in such manner as we are authorized to do so.

We may distribute the securities from time to time in one or more transactions:

at a fixed price or prices, which may be changed;
at market prices prevailing at the time of sale;
at prices related to prevailing market prices; or
at negotiated prices.

We may also, from time to time, authorize underwriters, dealers, or other persons, acting as our agents, to offer and sell the securities upon the terms and conditions as are set forth in the applicable prospectus supplement. In connection with the sale of the securities, underwriters may be deemed to have received compensation from us in the form of underwriting discounts or commissions and may also receive commissions from purchasers of the securities for whom they may act as agent. Underwriters may sell the securities to or through dealers, and dealers may receive compensation in the form of discounts, concessions, or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agent.

We will describe in the applicable prospectus supplement any underwriting compensation we pay to underwriters or agents in connection with the offering of the securities, and any discounts, concessions, or commissions allowed by underwriters to participating dealers. Dealers and agents participating in the distribution of the securities may be deemed to be underwriters, and any discounts and commissions received by them and any profit realized by them on resale of the securities may be deemed to be underwriting discounts and commissions. We may enter into agreements with any underwriters, dealers, and agents which may entitle them to indemnification against and contribution toward certain civil liabilities, including liabilities under the Securities Act of 1933, as amended, or the Securities Act, and to reimbursement for certain expenses. We will describe any indemnification agreements in the applicable prospectus supplement.

Unless we specify otherwise in the applicable prospectus supplement, any securities issued hereunder other than shares of our common stock will be a new issue with no established trading market. If we sell any shares of our common stock pursuant to a prospectus supplement, such shares will be listed on the New York Stock Exchange, subject to official notice of issuance. We may elect to list any of the securities issued hereunder on any exchange, but we are not obligated to do so. It is possible that one or more underwriters or agents may make a market in the securities issued hereunder, including our common stock, but will not be obligated to do so and may discontinue any market making at any time without notice. Therefore, we cannot assure you as to the liquidity of the trading market for the securities.

If indicated in the applicable prospectus supplement, we may authorize underwriters, dealers, or other persons acting as our agents to solicit offers by certain institutions or other suitable persons to purchase the securities from us at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts providing for

payment and delivery on the date or dates stated in the prospectus supplement. We may make delayed delivery with various institutions, including commercial and savings banks, insurance companies, pension funds, investment companies, and educational and charitable institutions. Delayed delivery contracts will be subject to the condition that the purchase of the securities covered by the delayed delivery contracts will not at the time of delivery be prohibited under the laws of any jurisdiction in the United States to which the purchaser is subject. The underwriters and agents will not have any responsibility with respect to the validity or performance of these contracts.

TABLE OF CONTENTS

To facilitate an offering of the securities, certain persons participating in the offering may engage in transactions that stabilize, maintain, or otherwise affect the price of the securities. This may include over-allotments or short sales of the securities, which involves the sale by persons participating in the offering of more securities than we sold to them. In these circumstances, these persons would cover the over-allotments or short positions by making purchases in the open market or by exercising their over-allotment option. In addition, these persons may stabilize or maintain the price of the securities by bidding for or purchasing securities in the open market or by imposing penalty bids, whereby selling concessions allowed to dealers participating in the offering may be reclaimed if securities sold by them are repurchased in connection with stabilization transactions. The effect of these transactions may be to stabilize or maintain the market price of the securities at a level above that which might otherwise prevail in the open market. These transactions may be discontinued at any time.

Certain of the underwriters, dealers, or agents and their respective associates may be customers of, and/or engage in transactions with, and perform services for us in the ordinary course of business.

LEGAL MATTERS

The validity of the securities will be passed upon for us by Venable LLP, Baltimore, Maryland. Certain tax matters will be passed upon for us by Chapman and Cutler LLP, San Francisco, California.

INFORMATION NOT REQUIRED IN PROSPECTUS

Item 14. *Other Expenses of Issuance and Distribution.*

The following table itemizes the expenses incurred by the Registrant in connection with the issuance and registration of the securities being registered hereunder. All amounts shown are estimates except the Securities and Exchange Commission registration fee.

SEC registration fee	\$ (1)
Printing and engraving expenses	\$ (2)
Legal fees and expenses	\$ (2)
Accounting fees and expenses	\$ (2)
Blue Sky fees and expenses	\$ (2)
Fees of rating agencies	\$ (2)
Miscellaneous fees and expenses	\$ (2)
Total	\$ (2)

- (1) Under SEC Rules 456(b) and 457(r), the SEC registration fee will be paid at the time of any particular offering of securities under the registration statement, and is therefore not currently determinable.
- (2) These fees are calculated based on the securities offered and the number of issuances and accordingly cannot be estimated at this time.

Item 15. *Indemnification of Directors and Officers.*

Maryland law permits a Maryland corporation to include in its charter a provision limiting the liability of its directors and officers to the corporation and its stockholders for money damages except for liability resulting from (a) actual receipt of an improper benefit or profit in money, property, or services or (b) active and deliberate dishonesty established by a final judgment as being material to the cause of action. The charter of the registrant contains such a provision which eliminates such liability to the maximum extent permitted by Maryland law.

The charter and bylaws of the registrant require it, to the maximum extent permitted by Maryland law, to indemnify and to pay or reimburse reasonable expenses in advance of final disposition of a proceeding to (a) any present or former director or officer or (b) any individual who, while a director or officer of the registrant and at the request of the registrant, serves or has served as a director, officer, partner, or trustee of another corporation, real estate investment trust, partnership, joint venture, trust, employee benefit plan, or any other enterprise from and against any claim or liability to which such person may become subject or which such person may incur by reason of his or her service in any such capacity. The bylaws of the registrant establish certain procedures for indemnification and advance of expenses pursuant to applicable law and the registrant's charter. The charter and bylaws also permit the registrant to indemnify and advance expenses to any person who served a predecessor of the registrant in any of the capacities described above and to any employee or agent of the registrant or a predecessor of the registrant.

The MGCL requires a corporation (unless its charter provides otherwise, which the registrant's charter does not) to indemnify a director or officer who has been successful, on the merits or otherwise, in the defense of any proceeding to which he or she is made, or threatened to be made, a party by reason of his or her service in that capacity. The

MGCL permits a corporation to indemnify its present and former directors and officers, among others, against judgments, penalties, fines, settlements and reasonable expenses actually incurred by them in connection with any proceeding to which they may be made, or threatened to be made, a party by reason of their service in those or other capacities unless it is established that (a) the act or omission of the director or officer was material to the matter giving rise to the proceeding and (i) was committed in bad faith or (ii) was the result of active and deliberate dishonesty, (b) the director or officer actually received an improper personal benefit in money, property, or services or (c) in the case of any criminal proceeding, the director or officer had reasonable cause to believe that the act or omission was unlawful. However, under the MGCL, a Maryland corporation may not indemnify for an adverse judgment in a suit by or in the right of the

II-1

TABLE OF CONTENTS

corporation or for a judgment of liability on the basis that personal benefit was improperly received, unless in either case a court orders indemnification, and then only for expenses. In addition, the MGCL permits a corporation to advance reasonable expenses to a director or officer upon the corporation's receipt of (a) a written affirmation by the director or officer of his or her good faith belief that he or she has met the standard of conduct necessary for indemnification by the corporation and (b) a written undertaking by him or her or on his or her behalf to repay the amount paid or reimbursed by the corporation if it shall ultimately be determined that the standard of conduct was not met.

TABLE OF CONTENTS

Item 17. Undertakings

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement.

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

Provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the registration statement is on Form S-3 or Form F-3 and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date;

II-3

TABLE OF CONTENTS

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities: The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities

Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of section 310 of the Trust Indenture Act (Act) in accordance with the rules and regulations prescribed by the Commission under section 305(b)(2) of the Act.

(d) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
