NOTE 1 - BASIS OF PRESENTATION

The accompanying unaudited interim financial statements of Crown Equity Holdings Inc. (the “Company”) have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules of the Securities and Exchange Commission (“SEC”), and should be read in conjunction with the audited financial statements and notes thereto contained in the Company’s December 31, 2008 Annual Report filed with the SEC on Form 10-K. In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of financial position and the results of operations for the interim periods presented have been reflected herein. The results of operations for interim periods are not necessarily indicative of the results to be expected for the full year. Notes to the financial statements which would substantially duplicate the disclosure contained in the audited financial statements for the most recent fiscal year end December 31, 2008 as reported on Form 10-K, have been omitted.

Certain prior year amounts have been reclassified to conform with the current year presentation.

NOTE 2 - GOING CONCERN

As shown in the accompanying financial statements, we incurred a net loss during the three months ended March 31, 2009, have an accumulated deficit and a working capital deficit as of March 31, 2009. These conditions raise substantial doubt as to our ability to continue as a going concern. Management is trying to raise additional capital through sales of common stock. The financial statements do not include any adjustments that might be necessary if we are unable to continue as a going concern.

NOTE 3 – COMMON STOCK

During the quarter ended March 31, 2009 the Company issued 2,791,000 shares of common stock at \$0.10 per share. The shares were issued as follows:

- 2,251,000 issued for compensation of \$225,100 of which 1,810,000 shares valued at \$181,000 were issued to four related parties

Note 4 - CONTINGENCIES

There is pending litigation in Arizona small claims court - Strojnik v. Crown Equity Holdings, Inc. and Crown Partners, Inc. The Company has assessed the outcome of a loss as remote and furthermore the maximum liability in small claims court is \$2,500. Crown has not accrued any amounts related to this contingency.

### OVERVIEW

Crown Equity Holdings Inc. (the "Company") was incorporated on August 31, 1995 as "Visioneering Corporation" under the laws of the State of Nevada, to engage in any lawful corporate undertaking, including, but not limited to, selected mergers and acquisitions.

In 2007, the Company, through its wholly-owned subsidiary, Crown Trading Systems, Inc. ("CTS"), a Nevada corporation, began to develop, sell, and produce computer systems which are capable of running multiple monitors from one computer. At present, CTS is able to run 16 monitors off one CPU. In late, 2007, CTS began to attend trade shows and started selling these systems. For the three months ended March 31, 2009, CTS had gross revenues of approximately \$6,144.

Additionally, CTS has entered into reseller and distribution agreements with over 30 wholesale and retail computer components to sell their products on CTS's website, [www.crowntradingsystems.com](http://www.crowntradingsystems.com).

The Company is offering its services to companies or individuals looking to go public in the United States. It has launched a website, [www.crownequityholdings.com](http://www.crownequityholdings.com), which offers its services in a wide range of fields.

The Company's office is located at 9663 St Claude, Las Vegas, Nevada 89148.

As of March 31, 2009, the Company had no employees but was utilizing the services of independent contractors and consultants.

### RESULTS OF OPERATIONS

For the three months ended March 31, 2009 and 2008, we had revenues of \$6,144 and \$572, respectively, for a net loss of \$254,997 and \$50,589, respectively. General and administrative expense increased to \$253,985 for the three months ended March 31, 2009 as compared to \$44,816 for the same period in 2008. Interest expense incurred during the period ending March 31, 2009 was \$766 compared zero for the same period for 2008. Depreciation for both March 31, 2009 and 2008 was \$6,345. The increase in general and administrative expense was primarily attributable to the Company's growing operations and stock issued for services during the period ending March 31, 2009.

The Company will attempt to carry out its business plan as discussed above; however, it cannot predict to what extent its lack of liquidity and capital resources will hinder its business plan prior to the consummation of a business combination.

#### LIQUIDITY AND CAPITAL RESOURCES

At March 31, 2009, the Company had current assets of \$4,570 and current liabilities of approximately \$260,160, resulting in a working capital deficit of \$255,590. Accumulated deficit as of March 31, 2009 was approximately \$6,597,766. Further, there exist no agreements or understandings with regard to loan agreements by or with the Officers, Directors, principals, affiliates or shareholders of the Company.

Our existing capital is not sufficient to meet the Company's cash needs, including the costs of compliance with the continuing reporting requirements of the Securities Exchange Act of 1934, as amended. As shown in the accompanying consolidated financial statements, Crown Equity incurred a net loss of \$254,997 for the three months ended March 31, 2009, has an accumulated deficit of \$6,597,766 and a working capital deficit of \$255,590 as of March 31, 2009. These conditions raise substantial doubt as to Crown Equity's ability to continue as a going concern. Management is trying to raise additional capital through sales of common stock. The financial statements do not include any adjustments that might be necessary if Crown Equity is unable to continue as a going concern.

#### EMPLOYEES

As of March 31, 2009, the Company had no employees.

#### ITEM 3: QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

As a "smaller reporting company" as defined by Item 10 of Regulation S-K, the Company is not required to provide information required under this Item.

#### ITEM 4T: CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures.

The Company maintains disclosure controls and procedures (as defined in Rule 13a-15(e) and Rule 15d-15(e) under the Securities Exchange Act of 1934, as amended) that are designed to ensure that information required to be disclosed in our periodic reports filed under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our principal executive officer, to allow timely decisions regarding required disclosure.

Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, will be or have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty, and that breakdowns can occur because of simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people, and/or by management override of the control. The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions; over time, controls may become inadequate because of changes in conditions, and/or the degree of compliance with the policies and procedures may deteriorate. Because of the inherent limitations in a cost-effective internal control system, misstatements due to error or fraud may occur and not be detected.

The Company carried out an evaluation of the effectiveness of the design and operation of its disclosure controls and procedures pursuant to Rule 13a-15 under the Securities Exchange Act of 1934, as amended (“Exchange Act”). This evaluation was done under the supervision and with the participation of the Company’s president. Based upon that evaluation, he concluded that the Company’s disclosure controls and procedures are not effective in gathering, analyzing and disclosing information needed to satisfy the Company’s disclosure obligations under the Exchange Act.

Changes in Disclosure Controls and Procedures.

There were no significant changes in the Company’s disclosure controls and procedures, or in factors that could significantly affect those controls and procedures, since their most recent evaluation.
