PROPOSAL NO. 1 — ELECTION OF DIRECTORS

Nominees for Election to the Board of Directors

The Company's Certificate of Incorporation provides for a Board of Directors consisting of nine directors divided into three classes, each class consisting of three directors. One class of directors is elected at each Annual Meeting of Shareholders. The Board is currently comprised of eight directors, three of whom are up for re-election this year.

Accordingly, at the Annual Meeting three directors are to be elected. The nominees are Messrs. Robert Burgstahler, Paul Donovan and Norman Johnson. All of the nominees are current directors previously elected by the shareholders of the Company whose terms in office expire this year. All have been recommended by the Directors Affairs/Corporate Governance Committee and by the entire Board of Directors for re-election to our Board of Directors and all of the nominees have consented to serve if elected. In the event any of these nominees is unable to serve as a director, the shares represented by the proxy will be voted for the person, if any, who is designated by the Board of Directors to replace the nominee. The Board of Directors has no reason to believe that any of the nominees will be unable to serve.

Proxies will be voted for the election of each of Messrs. Burgstahler, Donovan and Johnson unless the shareholder signing such proxy withholds authority to vote for one or more of these nominees in the manner described on the proxy card. If a quorum is present at the meeting, the three candidates for director receiving the greatest number of votes will be elected. In such event, abstentions, withheld votes and broker non-votes will not affect the outcome of the election of directors.

If elected, Messrs. Burgstahler, Donovan and Johnson will hold office for a three-year period ending in 2013 or until their respective successors are duly elected and qualified.

holding securities through Euroclear participants.

Euroclear further advises that investors that acquire, hold and transfer interests in the notes by book-entry through accounts with the Euroclear Operator or any other securities intermediary are subject to the laws and contractual provisions governing their relationship with their intermediary, as well as the laws and contractual provisions governing the relationship between such an intermediary and each other intermediary, if any, standing between themselves and the notes.

The Euroclear Operator advises that under Belgian law, investors that are credited with securities on the records of the Euroclear Operator have a co-property right in the fungible pool of interests in securities on deposit with the Euroclear Operator in an amount equal to the amount of interests in securities credited to their accounts. In the event of the insolvency of the Euroclear Operator, Euroclear participants would have a right under Belgian law to the return of the amount and type of interests in securities credited to their accounts with the Euroclear Operator. If the Euroclear Operator did not have a sufficient amount of interests in securities on deposit of a particular type to cover the claims of all Euroclear participants credited with such interests in securities on the Euroclear Operator's records, all Euroclear participants having an amount of interests in securities of such type credited to their accounts with the Euroclear Operator would have the right under Belgian law to the return of their pro rata share of the amount of interest in securities actually on deposit.

Under Belgian law, the Euroclear Operator is required to pass on the benefits of ownership in any interests in securities on deposit with it, such as dividends, voting rights and other entitlements, to any person credited with such interests in securities on its records.

Book-Entry Format

Under the book-entry format, the trustee will pay interest or principal payments to Cede & Co., as nominee of DTC. DTC will forward the payment to the direct participants, who will then forward the payment to the indirect participants (including Clearstream, Luxembourg or Euroclear) or to you as the beneficial owner. You may experience some delay in receiving your payments under this system. Neither we, the trustee under the indenture nor any paying agent have any direct responsibility or liability for the payment of principal or interest on the notes to owners of beneficial interests in the notes.

DTC is required to make book-entry transfers on behalf of its direct participants and is required to receive and transmit payments of principal, premium, if any, and interest on the notes. Any direct participant or indirect participant with which you have an account is similarly required to make book-entry transfers and to receive and transmit payments with respect to the notes on your behalf. We and the trustee under the indenture have no responsibility for any aspect of the actions of DTC, Clearstream, Luxembourg or Euroclear or any of their direct or indirect participants. In addition, we and the trustee under the indenture have no responsibility or liability for any aspect of the records kept by DTC, Clearstream, Luxembourg, Euroclear or any of their direct or indirect participants relating to or payments made on account of beneficial ownership interests in the notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests. We also do not supervise these systems in any way.

The trustee will not recognize you as a holder under the indenture, and you can only exercise the rights of a holder indirectly through DTC and its direct participants. DTC has advised us that it will only take action regarding a note if one or more of the direct participants to whom the note is credited directs DTC to take such action and only in respect of the portion of the aggregate principal amount of the notes as to which that participant or participants has or have given that direction. DTC can only act on behalf of its direct participants. Your ability to pledge notes to non-direct

participants, and to take other actions, may be limited because you will not possess a physical certificate that represents your notes.

Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the notes unless authorized by a direct participant in accordance with DTC's procedures. Under its usual

S-17

Table of Contents

procedures, DTC will mail an omnibus proxy to us as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those direct participants to whose accounts the notes are credited on the record date (identified in a listing attached to the omnibus proxy).

Clearstream, Luxembourg or Euroclear will credit payments to the cash accounts of Clearstream, Luxembourg customers or Euroclear participants in accordance with the relevant system's rules and procedures, to the extent received by its depository. These payments will be subject to tax reporting in accordance with relevant United States tax laws and regulations. Clearstream, Luxembourg or the Euroclear Operator, as the case may be, will take any other action permitted to be taken by a holder under the indenture on behalf of a Clearstream, Luxembourg customer or Euroclear participant only in accordance with its relevant rules and procedures and subject to its depository's ability to effect those actions on its behalf through DTC.

DTC, Clearstream, Luxembourg and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of the notes among participants of DTC, Clearstream, Luxembourg and Euroclear. However, they are under no obligation to perform or continue to perform those procedures, and they may discontinue those procedures at any time.

Transfers Within and Among Book-Entry Systems

Transfers between DTC's direct participants will occur in accordance with DTC rules. Transfers between Clearstream, Luxembourg customers and Euroclear participants will occur in accordance with its applicable rules and operating procedures.

DTC will effect cross-market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Clearstream, Luxembourg customers or Euroclear participants, on the other hand, in accordance with DTC rules on behalf of the relevant European international clearing system by its depository. However, cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in that system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, instruct its depository to effect final settlement on its behalf by delivering or receiving securities in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream, Luxembourg customers and Euroclear participants may not deliver instructions directly to the depositories.

Because of time-zone differences, credits of securities received in Clearstream, Luxembourg or Euroclear resulting from a transaction with a DTC direct participant will be made during the subsequent securities settlement processing, dated the business day following the DTC settlement date. Those credits or any transactions in those securities settled during that processing will be reported to the relevant Clearstream, Luxembourg customer or Euroclear participant on that business day. Cash received in Clearstream, Luxembourg or Euroclear as a result of sales of securities by or through a Clearstream, Luxembourg customer or a Euroclear participant to a DTC direct participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream, Luxembourg or Euroclear cash amount only as of the business day following settlement in DTC.

Although DTC, Clearstream, Luxembourg and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of notes among their respective participants, they are under no obligation to perform or continue to perform such procedures and such procedures may be discontinued at any time.

Table of Contents

Same-Day Settlement and Payment

The underwriters will settle the notes in immediately available funds. We will make principal and interest payments on the notes in immediately available funds or the equivalent. Secondary market trading between DTC direct participants will occur in accordance with DTC rules and will be settled in immediately available funds using DTC's Same-Day Funds Settlement System. Secondary market trading between Clearstream, Luxembourg customers and Euroclear participants will occur in accordance with their respective applicable rules and operating procedures and will be settled using the procedures applicable to conventional eurobonds in immediately available funds. No assurance can be given as to the effect, if any, of settlement in immediately available funds on trading activity (if any) in the notes.

Certificated Notes

Unless and until they are exchanged, in whole or in part, for notes in definitive form in accordance with the terms of the notes, the notes may not be transferred except (1) as a whole by DTC to a nominee of DTC or (2) by a nominee of DTC to DTC or another nominee of DTC or (3) by DTC or any such nominee to a successor of DTC or a nominee of such successor.

We will issue notes to you or your nominees, in fully certificated registered form, rather than to DTC or its nominees, only if:

we advise the trustee in writing that DTC is no longer willing or able to discharge its responsibilities properly or that DTC is no longer a registered clearing agency under the Securities Exchange Act of 1934, and the trustee or we are unable to locate a qualified successor within 90 days;

an event of default has occurred and is continuing under the indenture; or

we, at our option, elect to terminate the book-entry system through DTC pursuant to DTC procedures. If any of the three above events occurs, DTC is required to notify all direct participants that notes in fully certificated registered form are available through DTC. DTC will then surrender the global note representing the notes along with instructions for re-registration. The trustee will re-issue the notes in fully certificated registered form and will recognize the registered holders of the certificated notes as holders under the indenture.

Unless and until we issue the notes in fully certificated, registered form, (1) you will not be entitled to receive a certificate representing your interest in the notes; (2) all references in this prospectus supplement or in the accompanying prospectus to actions by holders will refer to actions taken by the depository upon instructions from their direct participants; and (3) all references in this prospectus supplement or the accompanying prospectus to payments and notices to holders will refer to payments and notices to the depository, as the registered holder of the notes, for distribution to you in accordance with its policies and procedures.

Notices

The trustee will mail notices by first class mail, postage prepaid, to each registered holder's last known address as it appears in the security register that the trustee maintains. The trustee will only mail these notices to the registered

holder of the notes, unless we reissue the notes to you or your nominees in fully certificated form.

Governing Law

The indenture and the notes for all purposes shall be governed by and construed in accordance with the laws of the State of New York.

Table of Contents

UNITED STATES FEDERAL TAX CONSIDERATIONS

The following summary describes the material United States federal income tax consequences and, in the case of a holder that is a non-U.S. holder (as defined below), the United States federal estate tax consequences, of purchasing, owning and disposing of notes. This summary applies to you only if you are a beneficial owner of the notes and you acquire the notes in this offering for a price equal to the issue price of the notes. The issue price of the notes is the first price at which a substantial amount of the notes is sold other than to bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers.

This summary deals only with notes held as capital assets (generally, investment property) and does not deal with special tax situations such as:

dealers in securities or currencies;

traders in securities;

United States holders (as defined below) whose functional currency is not the United States dollar;

persons holding notes as part of a conversion, constructive sale, wash sale or other integrated transaction or a hedge, straddle or synthetic security;

persons subject to the alternative minimum tax;

persons subject to the unearned income Medicare contribution;

certain United States expatriates;

financial institutions;

insurance companies;

controlled foreign corporations, passive foreign investment companies and regulated investment companies and shareholders of such corporations;

entities that are tax-exempt for United States federal income tax purposes and retirement plans, individual retirement accounts and tax-deferred accounts;

pass-through entities, including partnerships and entities and arrangements classified as partnerships for United States federal tax purposes, and beneficial owners of pass-through entities; and

persons that acquire the notes for a price other than their issue price.

If you are a partnership (or an entity or arrangement classified as a partnership for United States federal tax purposes) holding notes or a partner in such a partnership, the United States federal income tax treatment of a partner in the partnership generally will depend on the status of the partner and the activities of the partnership, and you should consult your own tax advisor regarding the United States federal income and estate tax consequences of purchasing, owning and disposing of the notes.

This summary does not discuss all of the aspects of United States federal income and estate taxation which may be relevant to you in light of your particular investment or other circumstances. In addition, this summary does not discuss any United States state or local income or foreign income or other tax consequences. This summary is based on United States federal income and estate tax law, including the provisions of the Internal Revenue Code of 1986, as amended (the Internal Revenue Code), Treasury regulations, administrative rulings and judicial authority, all as in effect as of the date of this prospectus supplement. Subsequent developments in United States federal income and estate tax law, including changes in law or differing interpretations, which may be applied retroactively, could have a material effect on the United States federal income and estate tax consequences of purchasing, owning and disposing of notes as set forth in this summary. Before you purchase notes, you should consult your own tax advisor regarding the particular United States federal, state and local and foreign income and other tax consequences of acquiring, owning and disposing of the notes that may be applicable to you.

United States Holders

The following summary applies to you only if you are a United States holder (as defined below).

S-20

Table of Contents

Definition of a United States Holder

A United States holder is a beneficial owner of notes that for United States federal income tax purposes is:

an individual citizen or resident of the United States;

a corporation (or other entity classified as a corporation for these purposes) created or organized in or under the laws of the United States, any State thereof or the District of Columbia;

an estate, the income of which is subject to United States federal income taxation regardless of the source of that income; or

a trust, if (1) a United States court is able to exercise primary supervision over the trust's administration and one or more United States persons (within the meaning of the Internal Revenue Code) has the authority to control all of the trust's substantial decisions, or (2) the trust has a valid election in effect under applicable Treasury regulations to be treated as a United States person.

Payments of Interest

Interest on your notes will be taxed as ordinary interest income. In addition:

if you use the cash method of accounting for United States federal income tax purposes, you will have to include the interest on your notes in your gross income at the time you receive the interest; and

if you use the accrual method of accounting for United States federal income tax purposes, you will have to include the interest on your notes in your gross income at the time the interest accrues.

Sale, Redemption or Other Disposition of Notes

Your tax basis in your notes generally will be their cost. You generally will recognize taxable gain or loss when you sell or otherwise dispose of your notes equal to the difference, if any, between:

the amount realized on the sale or other disposition (less any amount attributable to accrued interest, which will be taxable as ordinary interest income to the extent not previously included in gross income, in the manner described under *United States Federal Tax Considerations - United States Holders - Payments of Interest*); and

your tax basis in the notes.

Your gain or loss generally will be capital gain or loss. Such capital gain or loss will be long-term capital gain or loss if at the time of the sale or other disposition, you have held the notes for more than one year. If you are a non-corporate United States holder, your long-term capital gain generally will be subject to a preferential rate of taxation. Subject to limited exceptions, your capital losses cannot be used to offset your ordinary income.

Medicare Tax on Investment Income

A tax of 3.8% will be imposed on the amount of net investment income, in the case of an individual, or undistributed net investment income, in the case of an estate or trust (other than a charitable trust), which exceeds certain threshold amounts. Net investment income as defined for United States federal Medicare contribution purposes generally includes interest payments and gain recognized from the sale or other disposition of the notes. Qualified pension trusts, which are not subject to income taxes generally, and non-U.S. individuals will not be subject to this tax. You should consult your own tax advisor regarding the effect, if any, of this tax on your ownership and disposition of the notes.

Table of Contents

Backup Withholding

In general, backup withholding may apply:

to any payments made to you of principal of and interest on your note, and

to payment of the proceeds of a sale or other disposition of your note before maturity, if you are a United States holder and you fail to provide a correct taxpayer identification number or otherwise comply with applicable requirements of the backup withholding rules.

The backup withholding tax is not an additional tax and may be credited against your United States federal income tax liability, provided that correct information is timely provided to the Internal Revenue Service.

Non-U.S. Holders

The following summary applies to you if you are a beneficial owner of a note or notes and you are neither a United States holder (as defined above) nor a partnership (or an entity or arrangement classified as a partnership for United States federal income tax purposes) (a non-U.S. holder). An individual may, subject to exceptions, be deemed to be a resident alien, as opposed to a non-resident alien, by among other ways, being present in the United States:

on at least 31 days in the calendar year, and

for an aggregate of at least 183 days during a three-year period ending in the current calendar year, counting for such purposes all of the days present in the current year, one-third of the days present in the immediately preceding year, and one-sixth of the days present in the second preceding year.

Resident aliens are subject to United States federal income tax as if they were United States citizens.

United States Federal Withholding Tax

Under current United States federal income tax laws, and subject to the discussion below, United States federal withholding tax will not apply to payments by us or any paying agent of ours (in its capacity as such) of principal of and interest on your notes under the portfolio interest exception of the Internal Revenue Code, provided that in the case of interest:

you do not, directly or indirectly, actually or constructively, own ten percent or more of the total combined voting power of all classes of our stock entitled to vote within the meaning of section 871(h)(3) of the Internal Revenue Code and the Treasury regulations thereunder;

you are not (i) a controlled foreign corporation for United States federal income tax purposes that is related, directly or indirectly, to us through sufficient stock ownership (as provided in the Internal Revenue Code), or (ii) a bank receiving interest described in section 881(c)(3)(A) of the Internal Revenue Code;

such interest is not effectively connected with your conduct of a United States trade or business; and

you provide a signed written statement on an IRS Form W-8 BEN (or other applicable form), which can reliably be related to you, certifying under penalties of perjury that you are not a United States person within the meaning of the Internal Revenue Code and providing your name and address to:

(A) us or any paying agent of ours; or

S-22

- (B) a securities clearing organization, bank or other financial institution that holds customers securities in the ordinary course of its trade or business and holds your notes on your behalf and that certifies to us or any paying agent of ours under penalties of perjury that it, or the bank or financial institution between it and you, has received from you your signed written statement and provides us or any paying agent of ours with a copy of this statement.

The applicable Treasury regulations provide alternative methods for satisfying the certification requirement described in this section. In addition, under these regulations, special rules apply to pass-through entities and this certification requirement may also apply to beneficial owners of pass-through entities.

If you cannot satisfy the requirements of the portfolio interest exception described above, payments of interest made to you will be subject to 30% United States federal withholding tax unless you provide us or any paying agent of ours with a properly executed (1) IRS Form W-8ECI (or other applicable form) stating that interest paid on your notes is not subject to withholding tax because it is effectively connected with your conduct of a trade or business in the United States, or (2) IRS Form W-8BEN (or other applicable form) claiming an exemption from or reduction in this withholding tax under an applicable income tax treaty.

United States Federal Income Tax

Except for the possible application of United States federal withholding tax (see United States Federal Tax Considerations Non-U.S. Holders United States Federal Withholding Tax above) and backup withholding tax (see United States Federal Tax Considerations Backup Withholding and Information Reporting below), you generally will not have to pay United States federal income tax on payments of principal of and interest on your notes, or on any gain realized from (or accrued interest treated as received in connection with) the sale, redemption, retirement at maturity or other disposition of your notes unless:

in the case of interest payments or disposition proceeds representing accrued interest, you cannot satisfy the requirements of the portfolio interest exception described above (and your United States federal income tax liability has not otherwise been fully satisfied through the United States federal withholding tax described above);

in the case of gain, you are an individual who is present in the United States for 183 days or more during the taxable year of the sale or other disposition of your notes, and specific other conditions are met (in which case, except as otherwise provided by an applicable income tax treaty, the gain, which may be offset by United States source capital losses, generally will be subject to a flat 30% United States federal income tax, even though you are not considered a resident alien under the Internal Revenue Code); or

the interest or gain is effectively connected with your conduct of a United States trade or business, and, if required by an applicable income tax treaty, is attributable to a United States permanent establishment maintained by you.

If you are engaged in a trade or business in the United States and interest or gain in respect of your notes is effectively connected with the conduct of your trade or business (and, if required by an applicable income tax treaty, is attributable to a United States permanent establishment maintained by you), the interest or gain generally will be subject to United States federal income tax on a net basis at the regular graduated rates and in the manner applicable to

a United States holder. However, the interest will be exempt from the withholding tax discussed in the preceding paragraphs provided that you provide a properly executed IRS Form W-8ECI on or before any payment date to claim the exemption. In addition, if you are a foreign corporation, you may be subject to a branch profits tax equal to 30% of your effectively connected earnings and profits for the taxable year, as adjusted for certain items, unless a lower rate applies to you under an applicable United States income tax treaty with your country of residence. For this purpose, you must include interest or gain on your notes in the earnings and profits subject to the branch profits tax if these amounts are effectively connected with the conduct of your United States trade or business.

United States Federal Estate Tax

If you are an individual and are not a United States citizen or a resident of the United States (as specially defined for United States federal estate tax purposes) at the time of your death, your notes will generally not be subject to the United States federal estate tax, unless, at the time of your death:

you directly or indirectly, actually or constructively, own ten percent or more of the total combined voting power of all classes of our stock that is entitled to vote within the meaning of section 871(h)(3) of the Internal Revenue Code and the Treasury regulations thereunder; or

your interest on the notes is effectively connected with your conduct of a United States trade or business.

Prospective purchasers of the notes should consult their own tax advisors regarding the estate tax rules.

Backup Withholding and Information Reporting

Under current Treasury regulations, backup withholding and information reporting will not apply to payments made by us or any paying agent of ours (in its capacity as such) to you if you have provided the required certification that you are a non-U.S. holder as described in *United States Federal Tax Considerations Non-U.S. Holders United States Federal Withholding Tax* above, and provided that neither we nor any paying agent of ours has actual knowledge or reason to know that you are a United States holder (as described in *United States Federal Tax Considerations United States Holders* above). However, we or any paying agent of ours may be required to report to the Internal Revenue Service and you payments of interest on the notes and the amount of tax, if any, withheld with respect to those payments. Copies of the information returns reporting such interest payments and any withholding may also be made available to the tax authorities in the country in which you reside under the provisions of a treaty or agreement.

The gross proceeds from the disposition of your notes may be subject to information reporting and backup withholding. If you sell your notes outside the United States through a non-United States office of a non-United States broker and the sales proceeds are paid to you outside the United States, then the United States backup withholding and information reporting requirements generally will not apply to that payment. However, United States information reporting, but not backup withholding, will apply to a payment of sales proceeds, even if that payment is made outside the United States, if you sell your notes through a non-United States office of a broker that:

is a United States person (as defined in the Internal Revenue Code);

derives 50% or more of its gross income in specific periods from the conduct of a trade or business in the United States;

is a controlled foreign corporation for United States federal income tax purposes; or

is a foreign partnership, if at any time during its tax year:

one or more of its partners are United States persons who in the aggregate hold more than 50% of the income or capital interests in the partnership; or

the foreign partnership is engaged in a United States trade or business; unless the broker has documentary evidence in its files that you are a non-U.S. person and certain other conditions are met or you otherwise establish an exemption. In circumstances where information reporting by a non-United States office of a broker is required, backup withholding will be required only if the broker has actual knowledge that you are a United States person.

Payments of the proceeds from your disposition of a note made to or through the United States office of a broker is subject to information reporting and backup withholding unless you provide an IRS Form W-8BEN certifying that you are a non-U.S. person or you otherwise establish an exemption from information reporting and backup withholding, provided that the broker does not have actual knowledge or reason to know that you are a United States person or the conditions of any other exemption are not, in fact, satisfied.

S-24

Table of Contents

You should consult your own tax advisor regarding application of backup withholding in your particular circumstances and the availability of and procedure for obtaining an exemption from backup withholding under current Treasury regulations. Any amounts withheld under the backup withholding rules from a payment to you will be allowed as a refund or a credit against your United States federal income tax liability, provided the required information is timely furnished to the United States Internal Revenue Service.

Foreign Account Tax Compliance Act

Legislation enacted in 2010, when applicable, imposes a withholding tax of 30% on payments of interest on, or gross proceeds from the disposition of, a debt instrument paid after December 31, 2012 to certain non-U.S. entities, including certain foreign financial institutions and investment funds, unless such non-U.S. entity complies with certain reporting requirements regarding its United States account holders and its United States owners. The date for implementation of these rules generally was extended by the IRS to July 1, 2014 for payment of fixed or determinable annual or periodic (FDAP) income, including interest, and to January 1, 2017 for other withholdable payments, including payments of gross proceeds. After these dates, payments of interest on, or gross proceeds from the disposition of, debt instruments made to a non-United States entity generally will be subject to the new information reporting regime; however, under recently finalized Treasury regulations, the new withholding obligations will not apply to debt instruments outstanding on January 1, 2014 (and recent IRS guidance would extend this grandfathering provision to debt instruments outstanding on July 1, 2014) that are not significantly modified and deemed reissued for U.S. federal income tax purposes after that date. Accordingly, this withholding will not apply to payments on the notes, or the gross proceeds from the disposition of the notes, unless the notes are significantly modified and deemed reissued for U.S. federal income tax purposes after June 30, 2014. Prospective purchasers of the notes should consult their own tax advisors regarding the effect, if any, of the new withholding and reporting provisions.

Table of Contents**UNDERWRITING**

We and the underwriters for the offering named below have entered into an underwriting agreement and pricing agreement with respect to the notes. Subject to certain conditions, each underwriter has severally agreed to purchase the principal amount of notes indicated in the following table.

Underwriters	Principal Amount
Deutsche Bank Securities Inc.	\$
HSBC Securities (USA) Inc.	
Morgan Stanley & Co. LLC	
Total	\$

The underwriters are committed to take and pay for all of the notes being offered, if any are taken.

Notes sold by the underwriters to the public will initially be offered at the initial public offering price set forth on the cover of this prospectus supplement. Any notes sold by the underwriters to securities dealers may be sold at a discount from the initial public offering price of up to % of the principal amount of the notes. Any such securities dealers may resell any notes purchased from the underwriters to certain other brokers or dealers at a discount from the initial public offering price of up to % of the principal amount of the notes. If all the notes are not sold at the initial offering price, the underwriters may change the offering price and the other selling terms of the notes. The offering of the notes by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part.

The notes are a new issue of securities with no established trading market. The notes will not be listed on any securities exchange or on any automated dealer quotation system. We have been advised by the underwriters that the underwriters may make a market in the notes after completion of the offering but are not obligated to do so and may discontinue market making at any time without notice. No assurance can be given as to the liquidity of the trading market for the notes. If an active public trading market for the notes does not develop, the market price and liquidity of the notes may be adversely affected.

In connection with the offering, the underwriters may purchase and sell notes in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of notes than they are required to purchase in the offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the notes while the offering is in progress.

The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the representatives have repurchased notes sold by or for the account of such underwriter in stabilizing or short covering transactions.

These activities by the underwriters in the foregoing three paragraphs may stabilize, maintain or otherwise affect the market price of the notes. As a result, the price of the notes may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time. These transactions may be effected in the over-the-counter market or otherwise.

Each underwriter has agreed that it will not offer, sell or deliver any of the notes in any jurisdiction outside the United States except under circumstances that will result in compliance with the applicable

S-26

Table of Contents

laws thereof. Each underwriter has acknowledged that no action has been taken to permit a public offering in any jurisdiction outside the United States where action would be required for such purpose. Accordingly, the notes may not be offered, sold or delivered, directly or indirectly, and neither this document nor any offering circular, prospectus, form of application, advertisement or other offering material may be distributed or published in any country or jurisdiction except under circumstances that will result in compliance with any applicable laws and regulations and the underwriters have represented that all offers, sales and deliveries by them will be made on these terms.

Each underwriter has represented and agreed that:

(a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act of 2000 (the "FSMA")) received by it in connection with the issue or sale of the notes in circumstances in which Section 21(1) of the FSMA does not apply to the issuer; and

(b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the notes in, from or otherwise involving the United Kingdom.

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "Relevant Member State"), each underwriter has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "Relevant Implementation Date") it has not made and will not make an offer of notes which are the subject of the offering contemplated by this prospectus supplement to the public in that Relevant Member State other than:

(a) to any legal entity which is a qualified investor as defined in the Prospectus Directive;

(b) to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the representatives for any such offer; or

(c) in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of notes shall require the issuer or any underwriter to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an "offer of notes to the public" in relation to any notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe the notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State, the expression "Prospectus Directive" means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in the Relevant Member State and the expression "2010 PD Amending Directive" means Directive 2010/73/EU.

We estimate that our share of the total expenses of the offering, excluding underwriting discounts and commissions, will be approximately \$.

To the extent any underwriter that is not a U.S.-registered broker-dealer intends to effect sales of notes in the United States, it will do so through one or more U.S.-registered broker-dealers in accordance with the applicable U.S. securities laws and regulations, or foreign non-member brokers or dealers which are not eligible for membership in a U.S. registered securities association which have agreed that in making any sales to purchasers within the United States they will conform to the provisions of NASD

Conduct Rules 2420(a) and (b) administered by the Financial Industry Regulatory Authority (FINRA) to the same extent as though they were members of FINRA.

We have agreed to indemnify the several underwriters against certain liabilities, including liabilities under the Securities Act of 1933.

Certain of the underwriters and their respective affiliates have, from time to time, performed, and may in the future perform, various financial advisory, commercial banking and investment banking services for us and our affiliates, for which they received or will receive customary fees and expenses.

The underwriters and their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of our securities or instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in our securities and instruments.

FORWARD-LOOKING STATEMENTS

All statements, other than statements of historical fact included or incorporated by reference in this prospectus, are forward-looking statements, as that term is defined in the Private Securities Litigation Reform Act of 1995. Such statements are based on financial data, market assumptions and business plans available only as of the time the statements are made, which may become out of date or incomplete. Forward-looking statements are inherently uncertain, and investors must recognize that events could differ significantly from our expectations. In addition to the risks and uncertainties noted in this prospectus and the documents incorporated herein by reference, there are certain factors that could cause actual results for any quarter or annual period to differ materially from those anticipated by some of the statements made. These include: (1) the ability to achieve business plans, including growing existing sales and volume profitably despite high levels of competitive activity and an increasing volatile economic environment, especially with respect to the product categories and geographical markets (including developing markets) in which the Company has chosen to focus; (2) the ability to successfully manage ongoing acquisition, divestiture and joint venture activities to achieve the cost and growth synergies in accordance with the stated goals of these transactions without impacting the delivery of base business objectives; (3) the ability to successfully manage ongoing organizational changes designed to support the Company's growth strategies, while successfully identifying, developing and retaining key employees, especially in key growth markets where the depth of skilled employees is limited; (4) the ability to manage and maintain key customer relationships; (5) the ability to maintain key manufacturing and supply sources (including sole supplier and plant manufacturing sources); (6) the ability to successfully manage regulatory, tax and legal requirements and matters (including product liability, patent, intellectual property, and tax policy), and to resolve pending matters within current estimates; (7) the ability to resolve the pending competition law inquiries in Europe within current estimates; (8) the ability to successfully implement, achieve and sustain cost improvement plans in manufacturing and overhead areas, including the Company's outsourcing projects; (9) the ability to successfully manage currency (including currency issues in certain countries, such as Venezuela, China and India), debt, interest rate and commodity cost exposures and significant credit or liquidity issues; (10) the ability to manage continued global political and/or economic uncertainty and disruptions, especially in the Company's significant geographical markets, due to terrorist and other hostile activities or natural disasters (including the civil unrest in the Middle East and the Japan earthquake and tsunami) and/or disruptions to credit markets resulting from a global, regional or national credit crisis; (11) the ability to successfully manage competitive factors, including prices, promotional incentives and trade terms for products; (12) the ability to obtain patents and respond to technological advances attained by competitors and patents granted to competitors; (13) the ability to successfully manage increases in the prices of raw materials used to make the Company's products; (14) the ability to develop effective sales, advertising and marketing programs; (15) the ability to stay on the leading edge of innovation, maintain a positive reputation on our brands and ensure trademark protection; and (16) the ability to rely on and maintain key information technology systems (including Company and third-party systems) and the security over such systems and the data contained therein. DESCRIPTION OF PROCTER & GAMBLE DEBT SECURITIES

This section describes the general terms and provisions of any debt securities that we may offer in the future. A prospectus supplement relating to a particular series of debt securities will describe the specific terms of that particular series and the extent to which the general terms and provisions apply to that particular series. In this section, references to Procter & Gamble, we, our, or us refer solely to The Procter & Gamble Company.

General

We expect to issue the debt securities under an indenture, dated as of September 3, 2009, between us and Deutsche Bank Trust Company Americas, as trustee. We have filed a copy of the indenture as an exhibit to the registration statement of which this prospectus forms a part. The following summaries of various provisions of the indenture are not complete. You should read the indenture for a more complete understanding of the provisions described in this section. The indenture itself, not this description or the description in the prospectus supplement, defines your rights as a holder of debt securities. Parenthetical section and article numbers in this description refer to sections and articles in the indenture.

The debt securities will be unsecured obligations of Procter & Gamble. The indenture does not limit the amount of debt securities that we may issue under the indenture. The indenture provides that we may issue debt securities from time to time in one or more series.

Terms of a Particular Series

Any payment of principal and premium, if any, and interest, if any, required to be made on a day that is not a business day need not be made on that day, but may be made on the next succeeding business day with the same force and effect as if made on the non-business day. No interest will accrue for the period from and after the non-business day. (Section 113)

Unless otherwise indicated in the prospectus supplement relating to the particular series of debt securities, we will issue the debt securities only in fully registered form, without coupons, in denominations of \$2,000 or any multiple of \$1,000. (Section 302) We will not require a service charge for any transfer or exchange of the debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with any transfer or exchange. (Section 305)

Original Issue Discount Securities

Debt securities may be issued under the indenture as original issue discount securities to be offered and sold at a substantial discount from their stated principal amount. An original issue discount security under the indenture includes any security which provides for an amount less than its principal amount to be due and payable upon a declaration of acceleration upon the occurrence of an event of default. In addition, under regulations of the U.S. Treasury Department it is possible that debt securities which are offered and sold at their stated principal amount would, under certain circumstances, be treated as issued at an original issue discount for U.S. federal income tax purposes, and special rules may apply to debt securities which are considered to be issued as investment units. U.S. federal income tax consequences and other special considerations applicable to any such original issue discount securities, or other debt securities treated as issued at an original issue discount, and to investment units will be described in the applicable prospectus supplement.

Book-Entry Debt Securities

The debt securities of a series may be issued in the form of one or more global securities that will be deposited with a depository or its nominee identified in the prospectus supplement relating to the debt securities. In this case, one or more global securities will be issued in a denomination or total denominations equal to the portion of the total principal amount of outstanding debt securities to be represented by the global security or securities. Unless and until it is exchanged in whole or in part for debt securities in definitive registered form, a global security may not be registered for transfer or exchange except as a whole by the depository for the global security to a nominee of the depository and except in the circumstances described in the prospectus supplement relating to the debt securities. We will describe in the prospectus supplement the terms of any depository arrangement and the rights and limitations of owners of beneficial interests in any global debt security. (Sections 204 and 305)

Restrictive Covenants

In this section we describe the principal covenants that will apply to the debt securities unless the prospectus supplement for a particular series of debt securities states otherwise. We make use of several defined terms in this section. The definitions for these terms are located at the end of this section under **Definitions Applicable to Covenants**.

Restrictions on Secured Debt

If we or any Domestic Subsidiary shall incur, issue, assume or guarantee any Debt secured by a Mortgage on any Principal Domestic Manufacturing Property of ours or any Domestic Subsidiary's or on any shares of stock of any Domestic Subsidiary that owns a Principal Domestic Manufacturing Property, we will secure, or cause such Domestic Subsidiary to secure, the debt securities then outstanding equally and ratably with (or prior to) such Debt. However, we will not be restricted by this covenant if, after giving effect to the particular Debt so secured the total amount of all Debt so secured, together with all Attributable Debt in respect of sale and leaseback transactions involving Principal Domestic Manufacturing Properties, would not exceed 15% of our and our consolidated subsidiaries' Consolidated Net Tangible Assets.

In addition, the restriction will not apply to, and there shall be excluded in computing secured Debt for the purpose of the restriction, Debt secured by

- (1) with respect to any series of debt securities, Mortgages existing on the date of the original issuance of the debt securities of such series;
- (2) Mortgages on property of, or on any shares of stock of, any corporation existing at the time the corporation becomes a Domestic Subsidiary or at the time it is merged into or consolidated with us or a Domestic Subsidiary;
- (3) Mortgages in favor of us or a Domestic Subsidiary;
- (4) Mortgages in favor of U.S., State or foreign governmental bodies to secure progress or advance payments;

- (5) Mortgages on property or shares of stock existing at the time of their acquisition, including acquisition through merger or consolidation, purchase money Mortgages and construction or improvement cost Mortgages; and
- (6) any extension, renewal or refunding of any Mortgage referred to in the immediately preceding clauses (1) through (5), inclusive. (Section 1004)

The indenture does not restrict the incurrence of unsecured debt by us or our subsidiaries.

Restrictions on Sales and Leasebacks

Neither we nor any Domestic Subsidiary may enter into any sale and leaseback transaction involving any Principal Domestic Manufacturing Property, the completion of construction and commencement of full operation of which has occurred more than 180 days prior to the transaction, unless

we or the Domestic Subsidiary could incur a lien on the property under the restrictions described above under Restrictions on Secured Debt in an amount equal to the Attributable Debt with respect to the sale and leaseback transaction without equally and ratably securing the debt securities then outstanding, or

we, within 180 days, apply to either (or a combination of) the investment in one or more other Principal Domestic Manufacturing Properties or the retirement of our Funded Debt an amount not less than the greater of (1) the net proceeds of the sale of the Principal Domestic Manufacturing Property leased pursuant to such arrangement or (2) the fair market value of the Principal Domestic Manufacturing Property so leased, subject to credits for various voluntary retirements of Funded Debt.

This restriction will not apply to any sale and leaseback transaction

between us and a Domestic Subsidiary,

between Domestic Subsidiaries, or

involving the taking back of a lease for a period of less than three years. (Section 1005)

Definitions Applicable to Covenants

The term *Attributable Debt* means the lesser of (1) the fair market value of the Principal Domestic Manufacturing Property sold and leased back at the time of entering into a sale and leaseback transaction and (2) the total net amount of rent, discounted at 10% per annum compounded annually, required to be paid during the remaining term of any lease.

The term *Consolidated Net Tangible Assets* means our total assets, less net goodwill and other intangible assets, less total current liabilities, all as described on our and our consolidated subsidiaries' most recent balance sheet and calculated based on positions as reported in our consolidated financial statements in accordance with generally accepted accounting principles.

The term *Debt* means notes, bonds, debentures or other similar evidences of indebtedness for money borrowed.

The term *Domestic Subsidiary* means any of our subsidiaries except a subsidiary which neither transacts any substantial portion of its business nor regularly maintains any substantial portion of its fixed assets within the United States or which is engaged primarily in financing our and our subsidiaries' operations outside the United States.

The term *Funded Debt* means Debt having a maturity of more than 12 months from its date of creation.

The term **Mortgage** means pledges, mortgages and other liens.

The term **Principal Domestic Manufacturing Property** means any facility (together with the land on which it is erected and fixtures comprising a part of the land) used primarily for manufacturing or processing, located in the United States, owned or leased by us or one of our subsidiaries and having a gross book value in excess of 1.0% of Consolidated Net Tangible Assets. However, the term **Principal Domestic Manufacturing Property** does not include any facility or portion of a facility (1) which is financed by obligations the interest on which is exempt from U.S. federal income tax pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (or any predecessor or successor provision thereof), or (2) which, in the opinion of our board of directors, is not of material importance to the total business conducted by us and our subsidiaries as an entirety. (Section 101)

Table of Contents

Events of Default

Any one of the following are events of default under the indenture with respect to debt securities of any series:

- (1) our failure to pay principal of or premium, if any, on any debt security of that series when due;
- (2) our failure to pay any interest on any debt security of that series when due, continued for 30 days;
- (3) our failure to deposit any sinking fund payment, when due, in respect of any debt security of that series;
- (4) our failure to perform any other of our covenants in the indenture which affects or is applicable to the debt securities of that series, other than a covenant included in the indenture solely for the benefit of other series of debt securities, continued for 90 days after written notice as provided in the indenture;
- (5) certain events involving bankruptcy, insolvency or reorganization; and
- (6) any other event of default provided with respect to debt securities of that series. (Section 501)

If an event of default with respect to outstanding debt securities of any series shall occur and be continuing, either the trustee or the holders of at least 25% in principal amount of the outstanding debt securities of that series may declare the principal amount (or, if the debt securities of that series are original issue discount securities, the portion of the principal amount as may be specified in the terms of that series) of all the debt securities of that series to be due and payable immediately. At any time after a declaration of acceleration with respect to debt securities of any series has been made, but before a judgment or decree based on acceleration has been obtained, the holders of a majority in principal amount of the outstanding debt securities of that series may, under some circumstances, rescind and annul the acceleration. (Section 502) For information as to waiver of defaults, see the section below entitled Modification and Waiver.

A prospectus supplement relating to each series of debt securities which are original issue discount securities will describe the particular provisions relating to acceleration of the maturity of a portion of the principal amount of such original issue discount securities upon the occurrence of an event of default and its continuation.

During default, the trustee has a duty to act with the required standard of care. Otherwise, the indenture provides that the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders, unless the holders shall have offered to the trustee reasonable indemnity. (Section 603) If the provisions for indemnification of the trustee have been satisfied, the holders of a majority in principal amount of the outstanding debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee, with respect to the debt securities of that series. (Section 512)

We will furnish to the trustee annually a certificate as to our compliance with all conditions and covenants under the indenture. (Section 1007)

Defeasance

The prospectus supplement will state if any defeasance provision will apply to the debt securities. Defeasance refers to the discharge of some or all of our obligations under the indenture.

Table of Contents

Defeasance and Discharge

We will be discharged from any and all obligations in respect of the debt securities of any series if we deposit with the trustee, in trust, money and/or U.S. government securities which through the payment of interest and principal will provide money in an amount sufficient to pay the principal of and premium, if any, and each installment of interest on the debt securities of the series on the dates those payments are due and payable.

If we defease a series of debt securities, the holders of the debt securities of the series will not be entitled to the benefits of the indenture, except for

the rights of holders to receive from the trust funds payment of principal, premium and interest on the debt securities,

our obligation to register the transfer or exchange of debt securities of the series,

our obligation to replace stolen, lost or mutilated debt securities of the series,

our obligation to maintain paying agencies,

our obligation to hold monies for payment in trust, and

the rights of holders to benefit, as applicable, from the rights, powers, trusts, duties and immunities of the trustee. We may defease a series of debt securities only if, among other things, we have delivered to the Trustee an opinion of counsel to the effect that we have received from, or there has been published by, the U.S. Internal Revenue Service a ruling to the effect that holders and beneficial owners of the debt securities of the series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the deposit, defeasance and discharge and will be subject to U.S. federal income tax on the same amount and in the same manner and at the same times as would have been the case if the deposit, defeasance and discharge had not occurred. (Section 403)

Defeasance of Covenants and Events of Default

We may omit to comply with the covenants described above under Restrictions on Secured Debt (Section 1004) and Restrictions on Sales and Leasebacks (Section 1005), and the failure to comply with these covenants will not be deemed an event of default (Section 501(4)), if we deposit with the trustee, in trust, money and/or U.S. government securities which through the payment of interest and principal will provide money in an amount sufficient to pay the principal of and premium, if any, and each installment of interest on the debt securities of the series on the dates those payments are due and payable. Our obligations under the indenture and the debt securities of the series will remain in full force and effect, other than with respect to the defeased covenants and related events of default.

We may defease the covenants and the related events of default described above only if, among other things, we have delivered to the trustee an opinion of counsel, who may be our employee or counsel, to the effect that the holders and

beneficial owners of the debt securities of the series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the deposit and defeasance of the covenants and events of default, and the holders and beneficial owners of the debt securities of the series will be subject to U.S. federal income tax on the same amount and in the same manner and at the same times as would have been the case if the deposit and defeasance had not occurred. (Section 1006)

If we choose covenant defeasance with respect to the debt securities of any series as described above and the debt securities of the series are declared due and payable because of the occurrence of any event of default other than the event of default described in clause (4) under Events of Default, the amount of money and U.S. government securities on deposit with the trustee will be sufficient to pay

Table of Contents

amounts due on the debt securities of the series at the time of their stated maturity. The amount on deposit with the trustee may not be sufficient to pay amounts due on the debt securities of the series at the time of the acceleration resulting from the event of default. However, we will remain liable for these payments.

Modification and Waiver

Procter & Gamble and the trustee may make modifications of and amendments to the indenture if the holders of at least a majority in principal amount of the outstanding debt securities of each series affected by the modification or amendment consent to the modification or amendment.

However, the consent of the holder of each debt security affected will be required for any modification or amendment that

changes the stated maturity of the principal of, or any installment of principal of or interest on, any debt security,

reduces the principal amount of, or the premium, if any, or interest, if any, on, any debt security,

reduces the amount of principal of an original issue discount security payable upon acceleration of the maturity of the security,

changes the place or currency of payment of principal of, or premium, if any, or interest, if any, on, any debt security,

impairs the right to institute suit for the enforcement of any payment on any debt security, or

reduces the percentage in principal amount of debt securities of any series necessary to modify or amend the indenture or to waive compliance with various provisions of the indenture or to waive various defaults. (Section 902)

Without the consent of any holder of debt securities, we and the trustee may make modifications or amendments to the indenture in order to

evidence the succession of another person to us and the assumption by that person of the covenants in the indenture,

add to the covenants for the benefit of the holders,

add additional events of default,

permit or facilitate the issuance of securities in bearer form or uncertificated form,

add to, change, or eliminate any provision of the indenture in respect of a series of debt securities to be created in the future,

secure the securities as required by Restrictive Covenants Restrictions on Secured Debt,

establish the form or terms of securities of any series,

evidence the appointment of a successor trustee, or

cure any ambiguity, correct or supplement any provision which may be inconsistent with another provision, or make any other provision, provided that any action may not adversely affect the interests of holders of debt securities in any material respect. (Section 901)

Table of Contents

The holders of at least a majority in principal amount of the outstanding debt securities of any series may on behalf of the holders of all debt securities of that series waive compliance by us with various restrictive provisions of the indenture. (Section 1008)

The holders of a majority in principal amount of the outstanding debt securities of any series may on behalf of the holders of all debt securities of that series waive any past default with respect to that series, except

a default in the payment of the principal of or premium, if any, or interest on any debt security of that series, or

a default in respect of a provision which under the indenture cannot be modified or amended without the consent of the holder of each outstanding debt security of that series that would be affected. (Section 513)

Consolidation, Merger and Sale of Assets

If the conditions below are met, we may, without the consent of any holders of outstanding debt securities:

consolidate or merge with or into another entity, or

transfer or lease our assets as an entirety to another entity.

We have agreed that we will engage in a consolidation, merger or transfer or lease of assets as an entirety only if

either we are the surviving entity or the entity formed by the consolidation or into which we are merged or which acquires or leases our assets is a corporation, partnership, limited liability company or trust organized and existing under the laws of any United States jurisdiction and assumes our obligations on the debt securities and under the indenture,

after giving effect to the transaction no event of default would have happened and be continuing, and

various other conditions are met. (Article Eight)

Regarding the Trustee

Deutsche Bank Trust Company Americas is the trustee under the indenture, and also serves as trustee under the indenture relating to the debt securities of PGIF. In addition, affiliates of Deutsche Bank Trust Company Americas may perform various commercial banking and investment banking services for Procter & Gamble and its subsidiaries from time to time in the ordinary course of business.

DESCRIPTION OF PGIF DEBT SECURITIES

This section describes the general terms and provisions of any debt securities that PGIF may offer in the future. A prospectus supplement relating to a particular series of debt securities will describe the specific terms of that particular series and the extent to which the general terms and provisions apply to that particular series. In this section, references to PGIF, we, our or us refer solely to Procter & Gamble International Funding SCA, and references to Procter & Gamble refer to The Procter & Gamble Company.

General

We expect to issue the debt securities under an indenture, dated as of September 3, 2009, among PGIF, as issuer, Procter & Gamble, as guarantor and Deutsche Bank Trust Company Americas, as trustee. We have filed a copy of the indenture as an exhibit to the registration statement of which this prospectus forms a part. The following summaries of various provisions of the indenture are not complete. You should read the indenture for a more complete understanding of the provisions described in this section. The indenture itself, not this description or the description in the prospectus supplement, defines your rights as a holder of debt securities. Parenthetical section and article numbers in this description refer to sections and articles in the indenture.

The debt securities will be unsecured obligations of PGIF and will be fully and unconditionally guaranteed by The Procter & Gamble Company. The indenture does not limit the amount of debt securities that we may issue under the indenture. The indenture provides that we may issue debt securities from time to time in one or more series.

Table of Contents

Original Issue Discount Securities

Debt securities may be issued under the indenture as original issue discount securities to be offered and sold at a substantial discount from their stated principal amount. An original issue discount security under the indenture includes any security which provides for an amount less than its principal amount to be due and payable upon a declaration of acceleration upon the occurrence of an event of default. In addition, under regulations of the U.S. Treasury Department it is possible that debt securities which are offered and sold at their stated principal amount would, under certain circumstances, be treated as issued at an original issue discount for federal income tax purposes, and special rules may apply to debt securities which are considered to be issued as investment units. Federal income tax consequences and other special considerations applicable to any such original issue discount securities, or other debt securities treated as issued at an original issue discount, and to investment units will be described in the applicable prospectus supplement.

Additional Amounts

All payments made by PGIF under or with respect to the debt securities will be made free and clear of and without withholding or deduction for or on account of any present or future taxes, duties, levies, imposts, assessments or other governmental charges of whatever nature imposed or levied by or on behalf of Luxembourg (or any political subdivision or taxing authority thereof or therein) and any interest, penalties and other liabilities with respect thereto (hereinafter collectively, Taxes) unless PGIF is required to withhold or deduct Taxes by law (including any law or directive of the European Union) or by the interpretation or administration thereof. In the event that PGIF is required to so withhold or deduct any amount for or on account of any Taxes from any payment under or with respect to the debt securities PGIF will pay such additional amounts (referred to herein as Additional Amounts) as may be necessary so that the net amount (including Additional Amounts) received by each holder of the debt securities after such withholding or deduction will equal the amount that such holder would have received if such Taxes had not been required to be withheld or deducted; provided, however, that PGIF will not be required to pay any such Additional Amounts with respect to any payment to a holder of a debt security for or on account of:

(a) any Taxes that would not have been so imposed, deducted or withheld but for the existence of any present or former personal or business connection between such holder or the beneficial owner of such debt security, as the case may be, and Luxembourg (or any political subdivision or taxing authority thereof or therein) other than the mere receipt of such payment or the ownership or holding of such debt security;

(b) any estate, inheritance, net wealth, gift, sales, value added, transfer, stamp, excise or personal property tax or any similar Taxes;

(c) any Taxes that are payable otherwise than by withholding or deduction from a payment to such holder or the beneficial owner of such debt security;

(d) any Taxes imposed, deducted or withheld as a result of the failure of such holder or the beneficial owner of such debt security to duly and timely comply with any applicable certification, information, identification, documentation or other reporting requirements concerning the nationality, residence, identity or connection with Luxembourg (or any political subdivision or taxing authority thereof or therein) of such holder or the beneficial owner of such debt security, as the case may be, or to make any valid or timely declaration or similar claim, if such compliance or such declaration or similar claim is required by a statute, treaty, regulation or administrative practice of Luxembourg (or any political subdivision or taxing authority thereof or therein) as a precondition to relief or exemption from all or part of such Taxes;

(e) any Taxes which would not have been so imposed, deducted or withheld but for the presentation of such debt security for payment on a date more than 10 days after the date on which such payment became due and payable or the date on which payment is duly provided for, whichever occurs later;

(f) any Taxes required to be withheld pursuant to a law in effect as of the date hereof, including any withholding under the European Council Directive 2003/48/EC or any other Directive on the taxation of savings implementing the conclusions of the ECOFIN council meeting of 26th-27th November, 2000, or any law implementing or complying with, or introduced in order to conform to, such Directive;

Table of Contents

(g) any Taxes required to be deducted or withheld by any paying agent from any payment in respect of such debt security if such payment could be made without such withholding by at least one other paying agent;

(h) any Taxes imposed on or deducted or withheld from a payment to such holder or the beneficial owner of such debt security that is not the sole beneficial owner of such debt security or is a fiduciary, partnership, limited liability company or other similar entity, but only to the extent that a beneficial owner of such debt security, a beneficiary or settlor with respect to such fiduciary or member of such partnership, limited liability company or similar entity would not have been entitled to the payment of Additional Amounts had such beneficial owner, settlor, beneficiary or member received directly its beneficial or distributive share of such payment; or

(i) any combination of (a), (b), (c), (d), (e), (f), (g) and (h) above.

PGIF will also make any applicable withholding or deduction and remit the full amount deducted or withheld to the relevant taxing authority in accordance with applicable law. PGIF will furnish to the trustee, within 30 days after the date the payment of any Taxes deducted or withheld is due pursuant to applicable law, certified copies of tax receipts evidencing payment of such Taxes or, if such tax receipts are not reasonably available to PGIF, such other documentation reasonably acceptable to the trustee evidencing such payment by PGIF.

PGIF will pay any issue, registration, documentation, stamp or other similar taxes or duties imposed by Luxembourg (or any political subdivision or taxing authority thereof or therein) in connection with the execution, delivery, payment or performance of the indenture, the debt securities or the guarantee and shall indemnify each holder and beneficial owner of the debt securities for all liabilities arising from any failure to pay, or delay in paying, such taxes or duties.

Redemption for Changes in Withholding Taxes

The debt securities also may be redeemed at the option of PGIF, in whole but not in part, at a redemption price equal to 100% of the principal amount of the debt securities to be redeemed, together with interest accrued and unpaid to the date fixed for redemption, at any time, on giving not less than 30 nor more than 60 days notice (which notice shall be irrevocable), if (a) PGIF has or will become obligated to pay Additional Amounts as a result of any change in or amendment to the laws, treaties, regulations or rulings of Luxembourg or any political subdivision or any taxing authority thereof or therein affecting taxation, or any change in or amendment to an official application, interpretation, administration or enforcement of such laws, treaties, regulations or rulings (including a holding by a court of competent jurisdiction), which change or amendment becomes effective on or after the date specified in the prospectus supplement or (b) any action shall have been taken by any taxing authority, or any action has been brought in a court of competent jurisdiction, in Luxembourg or any political subdivision or taxing authority thereof or therein, including any of those actions specified in (a) above (whether or not such action was taken or brought with respect to PGIF) or any change, clarification, amendment, application or interpretation of such laws, treaties, regulations or rulings shall be officially proposed, in any case on or after the date specified in the prospectus supplement, which results in a substantial likelihood that PGIF will be required to pay Additional Amounts on the next interest payment date; provided, however, that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which PGIF would be, in the case of a redemption for the reasons specified in (a) above, or there would be a substantial likelihood that PGIF would be, in the case of a redemption for the reasons specified in (b) above, obligated to pay such Additional Amounts if a payment in respect of the debt securities were then due. Prior to the publication of any notice of redemption pursuant to this paragraph, PGIF shall deliver to the trustee a certificate signed by a duly authorized officer of PGIF stating that PGIF is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent of the right of PGIF so to redeem have occurred.

Book-Entry Debt Securities

The debt securities of a series may be issued in the form of one or more global securities that will be deposited with a depository or its nominee identified in the prospectus supplement relating to the debt securities. In this case, one or more global securities will be issued in a denomination or total denominations equal to the portion of the total principal amount of outstanding debt securities to be represented by the global security or securities. Unless and until it is exchanged in whole or in part for debt securities in definitive registered form, a global security may not be registered for transfer or exchange except as a whole by the depository for the global security to a nominee of the depository and except in the circumstances described in the prospectus supplement relating to the debt securities. We will describe in the prospectus supplement the terms of any depository arrangement and the rights and limitations of owners of beneficial interests in any global debt security. (Sections 204 and 305)

Restrictive Covenants

In this section we describe the principal covenants that will apply to the debt securities unless the prospectus supplement for a particular series of debt securities states otherwise. We make use of several defined terms in this section. The definitions for these terms are located at the end of this section under **Definitions Applicable to Covenants**.

Restrictions on Secured Debt

If Procter & Gamble or any Domestic Subsidiary shall incur, issue, assume or guarantee any Debt secured by a Mortgage on any Principal Domestic Manufacturing Property of Procter & Gamble s or any Domestic Subsidiary s or on any shares of stock of any Domestic Subsidiary that owns a Principal Domestic Manufacturing Property, we will cause Procter & Gamble or such Domestic Subsidiary to secure the debt securities then outstanding and/or the Procter & Gamble guarantee of the debt securities then outstanding, as the case may be, equally and ratably with (or prior to) such Debt. However, this restriction will not apply if, after giving effect to the particular Debt so secured the total amount of all Debt so secured, together with all Attributable Debt in respect of sale and leaseback transactions involving Principal Domestic Manufacturing Properties, would not exceed 15% of Procter & Gamble s and its consolidated subsidiaries Consolidated Net Tangible Assets.

In addition, the restriction will not apply to, and there shall be excluded in computing secured Debt for the purpose of the restriction, Debt secured by

- (1) with respect to any series of debt securities, Mortgages existing on the date of the original issuance of the debt securities of such series;
- (2) Mortgages on property of, or on any shares of stock of, any corporation existing at the time the corporation becomes a Domestic Subsidiary or at the time it is merged into or consolidated with Procter & Gamble or a Domestic Subsidiary;
- (3) Mortgages in favor of Procter & Gamble or a Domestic Subsidiary;

- (4) Mortgages in favor of U.S., State or foreign governmental bodies to secure progress or advance payments;
- (5) Mortgages on property or shares of stock existing at the time of their acquisition, including acquisition through merger or consolidation, purchase money Mortgages and construction or improvement cost Mortgages; and

The indenture does not restrict the incurrence of unsecured debt by us or the incurrence of unsecured debt by Procter & Gamble or its other subsidiaries.

Restrictions on Sales and Leasebacks

Neither Procter & Gamble nor any Domestic Subsidiary may enter into any sale and leaseback transaction involving any Principal Domestic Manufacturing Property, the completion of construction and commencement of full operation of which has occurred more than 180 days prior to the transaction, unless

Procter & Gamble or the Domestic Subsidiary could incur a lien on the property under the restrictions described above under *Restrictions on Secured Debt* in an amount equal to the *Attributable Debt* with respect to the sale and leaseback transaction without equally and ratably securing the debt securities then outstanding or

within 180 days, Procter & Gamble applies to either (or a combination of) the investment in one or more other Principal Domestic Manufacturing Properties or the retirement of Funded Debt of Procter & Gamble an amount not less than the greater of (1) the net proceeds of the sale of the Principal Domestic Manufacturing Property leased pursuant to such arrangement or (2) the fair market value of the Principal Domestic Manufacturing Property so leased, subject to credits for various voluntary retirements of Funded Debt of Procter & Gamble. This restriction will not apply to any sale and leaseback transaction

between Procter & Gamble and a Domestic Subsidiary,

between Domestic Subsidiaries or

involving the taking back of a lease for a period of less than three years. (Section 1005)

PGIF

PGIF may not engage in any business activities other than those related to (a) financing the business and operations of Procter & Gamble or any of its subsidiaries, (b) the establishment and maintenance of its existence, and (c) any activities related or ancillary thereto or necessary in connection therewith.

Definitions Applicable to Covenants

The term *Attributable Debt* means the lesser of (1) the fair market value of the Principal Domestic Manufacturing Property sold and leased back at the time of entering into a sale and leaseback transaction and (2) the total net amount of rent, discounted at 10% per annum compounded annually, required to be paid during the remaining term of any lease.

The term *Consolidated Net Tangible Assets* means Procter & Gamble's total assets, less net goodwill and other intangible assets, less total current liabilities, all as described on Procter & Gamble's and its consolidated subsidiaries most recent balance sheet and calculated based on positions as reported in Procter & Gamble's consolidated financial

statements in accordance with generally accepted accounting principles.

The term "Debt" means notes, bonds, debentures or other similar evidences of indebtedness for money borrowed.

Table of Contents

The term **Domestic Subsidiary** means any subsidiary of Procter & Gamble except (i) PGIF and (ii) a subsidiary which neither transacts any substantial portion of its business nor regularly maintains any substantial portion of its fixed assets within the United States or which is engaged primarily in financing Procter & Gamble and Procter & Gamble's subsidiaries' operations outside the United States.

The term **Funded Debt** means Debt having a maturity of more than 12 months from its date of creation.

The term **Mortgage** means pledges, mortgages and other liens.

The term **Principal Domestic Manufacturing Property** means any facility (together with the land on which it is erected and fixtures comprising a part of the land) used primarily for manufacturing or processing, located in the United States, owned or leased by Procter & Gamble or one of its subsidiaries and having a gross book value in excess of 1.0% of Consolidated Net Tangible Assets. However, the term **Principal Domestic Manufacturing Property** does not include any facility or portion of a facility (1) which is financed by obligations the interest on which is exempt from U.S. federal income tax pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (or any predecessor or successor provision thereof), or (2) which, in the opinion of the board of directors of Procter & Gamble, is not of material importance to the total business conducted by Procter & Gamble and its subsidiaries as an entirety. (Section 101)

Events of Default

Any one of the following are events of default under the indenture with respect to each series of debt securities:

- (1) the failure to pay principal of or premium, if any, on any debt security of that series when due;
- (2) the failure to pay any interest on any debt security of that series when due, continued for 30 days;
- (3) the failure to deposit any sinking fund payment, when due, in respect of any debt security of that series;
- (4) the failure by us or Procter & Gamble to perform any other of the covenants in the indenture which affects or is applicable to the debt securities of that series, other than a covenant included in the indenture solely for the benefit of other series of debt securities, continued for 90 days after written notice as provided in the indenture;
- (5) release of Procter & Gamble from its obligations in respect of its guarantee of any debt security of that series;
- (6) certain events involving bankruptcy, insolvency or reorganization of us or Procter & Gamble; and
- (7) any other event of default provided with respect to debt securities of that series. (Section 501)

If an event of default with respect to outstanding debt securities of any series shall occur and be continuing, either the trustee or the holders of at least 25% in principal amount of the outstanding debt securities of that series may declare

the principal amount (or, if the debt securities of that series are original issue discount securities, the portion of the principal amount as may be specified in the terms of that series) of all the debt securities of that series to be due and payable immediately. At any time after a declaration of acceleration with respect to debt securities of any series has been made, but before a judgment or decree based on acceleration has been obtained, the holders of a majority in principal amount of the outstanding debt securities of that series may, under some circumstances, rescind and annul the acceleration. (Section 502) For information as to waiver of defaults, see the section below entitled Modification and Waiver.

A prospectus supplement relating to each series of debt securities which are original issue discount securities will describe the particular provisions relating to acceleration of the maturity of a portion of the principal amount of such original issue discount securities upon the occurrence of an event of default and its continuation.

Table of Contents

During a default, the trustee has a duty to act with the required standard of care. Otherwise, the indenture provides that the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders, unless the holders shall have offered to the trustee reasonable indemnity. (Section 603) If the provisions for indemnification of the trustee have been satisfied, the holders of a majority in principal amount of the outstanding debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee, with respect to the debt securities of that series. (Section 512)

We and Procter & Gamble will furnish to the trustee annually a certificate as to the compliance by us and Procter & Gamble with all conditions and covenants under the indenture. (Section 1007)

Defeasance

The prospectus supplement will state if any defeasance provision will apply to the debt securities. Defeasance refers to the discharge of some or all of our obligations under the indenture and Procter & Gamble's obligations in respect of its guarantee of the debt securities.

Defeasance and Discharge

We will be discharged from any and all obligations in respect of the debt securities of any series, and Procter & Gamble will be discharged from any and all obligations in respect of its guarantee of the debt securities of any series, if we or Procter & Gamble deposit with the trustee, in trust, money and/or U.S. government securities which through the payment of interest and principal will provide money in an amount sufficient to pay the principal of and premium, if any, and each installment of interest on the debt securities of the series on the dates those payments are due and payable.

If a series of debt securities is defeased, the holders of the debt securities of the series will not be entitled to the benefits of the indenture, except for

the rights of holders to receive from the trust funds payment of principal, premium and interest on the debt securities,

the rights of holders to receive any Additional Amounts,

the obligation to register the transfer or exchange of debt securities of the series,

the obligation to replace stolen, lost or mutilated debt securities of the series,

the obligation to maintain paying agencies,

the obligation to hold monies for payment in trust, and

the rights of holders to benefit, as applicable, from the rights, powers, trusts, duties and immunities of the trustee. A series of debt securities may be defeased only if, among other things, we have delivered to the Trustee an opinion of counsel to the effect that we have received from, or there has been published by, the Internal Revenue Service a ruling to the effect that holders and beneficial owners of the debt securities of the series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the deposit, defeasance and discharge and will be subject to federal income tax on the same amount and in the same manner and at the same times as would have been the case if the deposit, defeasance and discharge had not occurred. (Section 403)

Table of Contents

Defeasance of Covenants and Events of Default

We and Procter & Gamble may omit to comply with the covenants described above under Restrictions on Secured Debt (Section 1004) and Restrictions on Sales and Leasebacks (Section 1005), and the failure to comply with these covenants will not be deemed an event of default (Section 501(4)), if we or Procter & Gamble deposit with the trustee, in trust, money and/or U.S. government securities which through the payment of interest and principal will provide money in an amount sufficient to pay the principal of and premium, if any, and each installment of interest on the debt securities of the series on the dates those payments are due and payable. Our obligations under the indenture and the debt securities of the series, and Procter & Gamble's obligations in respect of its guarantee of the debt securities of the series, will remain in full force and effect, other than with respect to the defeased covenants and related events of default.

The covenants and the related events of default described above may be defeased only if, among other things, we have delivered to the trustee an opinion of counsel, who may be our employee or counsel, to the effect that the holders and beneficial owners of the debt securities of the series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the deposit and defeasance of the covenants and events of default, and the holders and beneficial owners of the debt securities of the series will be subject to U.S. federal income tax on the same amount and in the same manner and at the same times as would have been the case if the deposit and defeasance had not occurred. (Section 1006)

If we choose covenant defeasance with respect to the debt securities of any series as described above and the debt securities of the series are declared due and payable because of the occurrence of any event of default other than the event of default described in clause (4) under Events of Default, the amount of money and U.S. government securities on deposit with the trustee will be sufficient to pay amounts due on the debt securities of the series at the time of their stated maturity. The amount on deposit with the trustee may not be sufficient to pay amounts due on the debt securities of the series at the time of the acceleration resulting from the event of default. However, we and Procter & Gamble will remain liable for these payments.

Modification and Waiver

PGIF, Procter & Gamble and the trustee may make modifications of and amendments to the indenture if the holders of at least a majority in principal amount of the outstanding debt securities of each series affected by the modification or amendment consent to the modification or amendment.

However, the consent of the holder of each debt security affected will be required for any modification or amendment that

changes the stated maturity of the principal of, or any installment of principal of or interest on, any debt security,

reduces the principal amount of, or the premium, if any, or interest, if any, on, any debt security,

reduces the amount of principal of an original issue discount security payable upon acceleration of the maturity of the security,

changes the place or currency of payment of principal of, or premium, if any, or interest, if any, on, any debt security,

releases Procter & Gamble from its obligation in respect of the guarantee of any debt security,

impairs the right to institute suit for the enforcement of any payment on any debt security, or

reduces the percentage in principal amount of debt securities of any series necessary to modify or amend the indenture or to waive compliance with various provisions of the indenture or to waive various defaults. (Section 902)

Table of Contents

Without the consent of any holder of debt securities, PGIF, Procter & Gamble and the trustee may make modifications or amendments to the indenture in order to

evidence the succession of another person to us or Procter & Gamble, as the case may be, and the assumption by that person of the covenants in the indenture,

add to the covenants for the benefit of the holders,

add additional events of default,

permit or facilitate the issuance of securities in bearer form or uncertificated form,

add to, change, or eliminate any provision of the indenture in respect of a series of debt securities to be created in the future,

secure the securities or the Procter & Gamble guarantee of the securities as required by Restrictive Covenants Restrictions on Secured Debt,

establish the form or terms of securities of any series,

evidence the appointment of a successor trustee, or

cure any ambiguity, correct or supplement any provision which may be inconsistent with another provision, or make any other provision, provided that any action may not adversely affect the interests of holders of debt securities in any material respect. (Section 901)

The holders of at least a majority in principal amount of the outstanding debt securities of any series may on behalf of the holders of all debt securities of that series waive compliance by us or Procter & Gamble with various restrictive provisions of the indenture. (Section 1008)

The holders of a majority in principal amount of the outstanding debt securities of any series may on behalf of the holders of all debt securities of that series waive any past default with respect to that series, except

a default in the payment of the principal of or premium, if any, or interest on any debt security of that series, or

a default in respect of a provision which under the indenture cannot be modified or amended without the consent of the holder of each outstanding debt security of that series that would be affected. (Section 513)

Consolidation, Merger and Sale of Assets

If the conditions below are met, PGIF and Procter & Gamble, as the case may be, may, without the consent of any holders of outstanding debt securities:

consolidate or merge with or into another entity, or

transfer or lease their assets as an entirety to another entity.

PGIF may engage in a consolidation, merger or transfer or lease of assets as an entirety only if

either PGIF is the surviving entity or the entity formed by the consolidation or into which we are merged or which acquires or leases our assets is either Procter & Gamble or a corporation,

partnership, limited liability company, or trust wholly owned by Procter & Gamble and organized and existing under the laws of any United States jurisdiction or any member country of the European Union and assumes our obligations on the debt securities and under the indenture,

after giving effect to the transaction no event of default would have happened and be continuing, and

various other conditions are met. (Article Eight)

In addition, Procter & Gamble may engage in a consolidation, merger or transfer or lease of assets as an entirety only if

either Procter & Gamble is the surviving entity or the entity formed by the consolidation or into which Procter & Gamble is merged or which acquires or leases Procter & Gamble's assets is a corporation, partnership, limited liability company or trust organized and existing under the laws of any United States jurisdiction and assumes all obligations of Procter & Gamble under the indenture and its guarantee of the debt securities,

PLAN OF DISTRIBUTION

We and/or PGIF may sell debt securities in one or more transactions from time to time to or through underwriters, who may act as principals or agents, directly to other purchasers or through agents to other purchasers.

A prospectus supplement relating to a particular offering of debt securities may include the following information:

the terms of the offering,

the names of any underwriters or agents,

the purchase price of the securities,

the net proceeds from the sale of the securities,

any delayed delivery arrangements,

any underwriting discounts and other items constituting underwriters' compensation,

any initial public offering price, and

any discounts or concessions allowed or reallocated or paid to dealers.

The distribution of the debt securities may be effected from time to time in one or more transactions at a fixed price or prices, which may be changed, at market prices prevailing at the time of sale, at prices related to prevailing market prices or at negotiated prices.

Underwriting Compensation

In connection with the sale of debt securities, underwriters may receive compensation from us, PGIF or from purchasers for whom they may act as agents, in the form of discounts, concessions or commissions. Underwriters may sell debt securities to or through dealers, and the dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents.

Underwriters, dealers and agents that participate in the distribution of debt securities may be deemed to be underwriters under the Securities Act. Any discounts or commissions that they receive from us and/or PGIF and any profit that they receive on the resale of debt securities may be deemed to be underwriting discounts and commissions

under the Securities Act. If any entity is deemed an underwriter or any amounts deemed underwriting discounts and commissions, the prospectus supplement will identify the underwriter or agent and describe the compensation received from us and/or PGIF.

Indemnification

We and/or PGIF may enter agreements under which underwriters and agents who participate in the distribution of debt securities may be entitled to indemnification by us and/or PGIF against various liabilities, including liabilities under the Securities Act, and to contribution with respect to payments which the underwriters, dealers or agents may be required to make.

Table of Contents

Related Transactions

Various of the underwriters who participate in the distribution of debt securities, and their affiliates, may perform various commercial banking and investment banking services for us and PGIF from time to time in the ordinary course of business.

Delayed Delivery Contracts

We and PGIF may authorize underwriters or other persons acting as our agents to solicit offers by institutions to purchase debt securities from us and/or PGIF pursuant to contracts providing for payment and delivery on a future date. These institutions may include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others, but in all cases we and/or PGIF must approve these institutions. The obligations of any purchaser under any of these contracts will be subject to the condition that the purchase of the debt securities shall not at the time of delivery be prohibited under the laws of the jurisdiction to which such purchaser is subject. The underwriters and other agents will not have any responsibility in respect of the validity or performance of these contracts.

No Established Trading Market

The debt securities, when first issued, will have no established trading market. Any underwriters or agents to or through whom we and/or PGIF sell debt securities for public offering and sale may make a market in the securities but will not be obligated to do so and may discontinue any market making at any time without notice. No assurance can be given as to the liquidity of the trading market for the debt securities.

Price Stabilization and Short Positions

If underwriters or dealers are used in the sale, until the distribution of the securities is completed, rules of the Securities and Exchange Commission may limit the ability of any underwriters to bid for and purchase the securities. As an exception to these rules, representatives of any underwriters are permitted to engage in transactions that stabilize the price of the securities. These transactions may consist of bids or purchases for the purpose of pegging, fixing or maintaining the price of the securities. If the underwriters create a short position in the securities in connection with the offering, i.e., if they sell more securities than are set forth on the cover page of the prospectus supplement, the representatives of the underwriters may reduce that short position by purchasing securities in the open market.

We and PGIF make no representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the securities. In addition, we and PGIF make no representation that the representatives of any underwriters will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.
