FOR IMMEDIATE RELEASE

Mr. Yuzhu Shi, Giant's Chairman and Chief Executive Officer commented, "In the third quarter 2010, we witnessed both top and bottom line growth on a sequential and year-over-year basis. Our improving financial results were underpinned by steady growth from our flagship ZT Online Series of games, resulting in a year-over-year improvement across most of our key operating metrics, and in particular, the expansion of our paying player base.

"We firmly recognize the need to invest in our future in order to offer the most innovative and unique features and gaming experiences. As such, our R&D efforts have focused on enhancing the content in our existing products, to keep them fresh for our core user base. Furthermore, efforts to develop and test our pipeline games, such as ZT Online 2 and our licensed games Elsword and Allods Online, remain underway and are an integral element of our diversification initiative. As we work to optimize each of our new and existing games, we are also actively pursuing international licensing agreements to further expand our player base and diversify our revenue streams. I am pleased to report that we currently have licensing agreements for some of our games in Taiwan, Japan, Brazil and Turkey, and look to extend this list to include other regions around the world in the near future.

"Our progress in building a broader, more sustainable player base has translated into strengthening financial performance. Our operations and finances remain fundamentally sound, providing us with a solid platform to pursue our growth initiatives. Looking ahead, we expect to again deliver steady revenue growth supported by the continuing health of our ZT Online Series of games, with additional growth opportunities in the coming year as some of our pipeline games begin to gain traction."

Third Quarter Fiscal 2010 Unaudited Financial Results

Net Revenue. Net revenue for the third quarter 2010 was RMB338.7 million (US\$50.6 million), representing a 5.3% increase from RMB321.7 million in the second quarter 2010 and a 16.7% increase from RMB290.2 million in the third quarter 2009.

Revenue from online games in the third quarter totaled RMB327.4 million (US\$48.9 million), representing a 4.3% increase from RMB313.8 million in the second quarter 2010 and a 13.8% increase from RMB287.5 million in the third quarter 2009. Online game net revenue increased sequentially primarily due to the growth of the ZT Online Series of games.

ACU for online games in the third quarter 2010 was 538,000, representing a 19.7% sequential decrease compared to the second quarter of 2010 and a 26.3% increase over the third quarter 2009. PCU for online games in the third quarter 2010 was 1,466,000, representing an 11.5% sequential decrease and a 14.5% increase over the third quarter 2009. ACU and PCU were down on a sequential basis due to our cleanup of gold farming and robot accounts in the ZT Online Series of games. ARPU for online games in the third quarter 2010 increased 0.8% sequentially and decreased 13.4% year-over-year quarterly to RMB225.0. ARPU remained steady on a sequential basis, but remained at lower than historic levels as Giant's newer games target various audiences with a broader range of spending habits. APA for online games in the third quarter 2010 increased 4.4% sequentially and increased 35.1% from the third quarter 2009 to 1,497,000. The sequential and year-over-year increases in APA are attributable to the increase in paying accounts within the Company's ZT Online Series of games.

FOR IMMEDIATE RELEASE

Cost of Services. Cost of services was RMB50.2 million (US\$7.5 million), representing an increase of 7.1% from the second quarter 2010 and a 10.5% increase from the third quarter 2009. The sequential increase of cost of services was mainly due to a RMB1.5 million increase of sales tax as a result of higher revenue in the third quarter 2010.

Gross Profit and Gross Margin. Gross profit for the third quarter 2010 was RMB288.5 million (US\$43.1 million), representing a 5.0% sequential increase and a 17.9% year-over-year quarterly increase. Gross margin for the third quarter 2010 was 85.2%, essentially flat compared to 85.4% in the second quarter 2010 and slightly up from 84.3% in the third quarter 2009.

Operating Expenses. Total operating expenses for the third quarter 2010 were RMB94.3 million (US\$14.1 million), representing a slight increase of 0.1% from RMB94.2 million in the second quarter 2010 and an increase of 77.5% from RMB53.1 million in the third quarter 2009. The year-over-year increase in operating expenses is mainly attributable to higher R&D expenditure.

Research and product development (“R&D”) expenses for the third quarter 2010 increased 58.8% sequentially to RMB52.6 million (US\$7.9 million) from RMB33.1 million in the second quarter 2010 and increased 114.3% year-over-year quarterly from RMB24.5 million in the third quarter 2009. The sequential and year-over-year increase in R&D expenses was mainly due to increased compensation for R&D personnel as well as an increase in R&D headcount to support the development of new game projects.

Sales and marketing (“S&M”) expenses were RMB37.4 million (US\$5.6 million) in the third quarter 2010, a sequential decrease of 17.5% from RMB45.4 million in the second quarter 2010, as the Company launched fewer new games and marketing campaigns during the third quarter 2010. S&M expenses were up 23.2% year-over-year from RMB30.4 million as the company had limited its market activities last year.

General and administrative expenses (“G&A”) for the third quarter 2010 were RMB33.7 million (US\$5.0 million), up 30.8% from RMB25.7 million in the second quarter 2010, and up 25.0% from RMB26.9 million in the third quarter 2009. The sequential and year-over-year increases were mainly caused by incremental compensation expenses recorded for the repricing of certain incentive based share options and the Company’s granting of restricted shares during the second quarter 2010.

Financial Incentive. The financial incentive, which mainly relates to sales tax received from the municipal government, was RMB29.4 million (US\$4.4 million) in the third quarter 2010, a sequential increase of 193.9% and a year-over-year increase of 2.3%. These proceeds mainly relate to the sales tax accounted for in the Company’s cost of services and is treated as a deduction in operating expenses.

Interest Income. Interest income for the third quarter 2010 was RMB37.1 million (US\$5.5 million), compared to RMB30.5 million in the second quarter 2010 and RMB23.1 million in the third quarter 2009.

FOR IMMEDIATE RELEASE

Income Tax. Income tax expense for the third quarter 2010 was RMB21.8 million (US\$3.3 million), compared to income tax expense of RMB20.0 million in the second quarter 2010 and income tax expense of RMB18.1 million in the third quarter 2009.

Net Income Attributable to the Company's Shareholders. Net income attributable to the Company's shareholders increased sequentially as a result of the increase in online game revenue and the increase of interest income during the third quarter 2010. The margin of net income attributable to the Company's shareholders was 61.6% for the third quarter 2010, compared to 57.8% in the second quarter 2010 and 68.1% in the third quarter 2009.

Cash, Cash Equivalents, Short-Term Investments and Held-To-Maturity Investments. As of September 30, 2010, Giant's cash, cash equivalents, short-term investments and held-to-maturity securities totaled RMB5,753.3 million (US\$859.9 million), compared to RMB5,496.9 million as of June 30, 2010. The sequential increase consists of cash generated by the Company's operating business.

Share Repurchase Program. In August 2009, Giant implemented a share repurchase plan, authorizing the Company to repurchase up to US\$150.0 million of its ADSs. In August, 2010, the Board of Directors decided to extend the term of the plan, which would have expired on August 30, 2010, for one additional year, unless further extended or shortened by the Board of Directors, as under the board resolution and as defined by SEC regulations. To date, the Company did not repurchase any shares under the plan
