PROXY STATEMENT

2011 ANNUAL MEETING OF STOCKHOLDERS

China Automotive Systems, Inc. (the "Company") is furnishing this proxy statement in connection with the solicitation of proxies by the board of directors of the Company (the "Board of Directors") for use at the annual meeting of Stockholders to be held on October 12, 2011 (Wednesday) at 10:00 am local time at the conference room of the Ambassador Hotel, 818 Wanhangu Road, Shanghai 200042 China, and at any adjournments thereof (the "Annual Meeting"). This proxy statement and the Company's annual report will be made available on internet on or before August 18, 2011.

Important Notice Regarding the Availability of Proxy Materials for the Annual Stockholders Meeting to be Held on October 12, 2011 - the Company's Annual Report for the year ended December 31, 2011 and this Proxy Statement are available at <http://www.caasauto.com/Download.asp?sortid=312>.

Only holders of the Company's common stock as of the close of business on August 15, 2011 (the "Record Date") are entitled to vote at the Annual Meeting. Stockholders who hold shares of the Company in "street name" may vote at the Annual Meeting only if they hold a valid proxy from their broker. As of the Record Date, there were 28,083,534 shares of common stock outstanding.

A majority of the outstanding shares of common stock entitled to vote at the Annual Meeting must be present in person or by proxy in order for there to be a quorum at the meeting. Stockholders of record who are present at the meeting in person or by proxy and who abstain from voting, including brokers holding customers' shares of record who cause abstentions to be recorded at the meeting, will be included in the number of stockholders present at the meeting for purposes of determining whether a quorum is present.

Each stockholder of record is entitled to one vote at the Annual Meeting for each share of common stock held by such stockholder on the Record Date. Stockholders do not have cumulative voting rights. Stockholders may vote their shares by executing the proxy following the instructions on the Notice of Internet Availability of Proxy Materials mailed to the stockholders. All proxies received by the Company that are properly executed and have not been revoked will be voted in accordance with the instructions contained in the proxies. If paper copy of the proxy materials is requested by a stockholder and a signed proxy card is received that does not specify a vote or an abstention, the shares represented by that proxy card will be voted (i) for the nominees to the Board of Directors listed on the proxy card and in this proxy statement, (ii) for the ratification of the appointment of PricewaterhouseCoopers Zhong Tian CPA as the Company's independent auditors for the fiscal year ending December 31, 2011, (iii) for the (non-binding) approval of the Company's named executive compensation program, and (iv) will be disregarded when considering the (non-binding) proposal on the frequency of advisory (non-binding) stockholder votes on the Company's named executive compensation program. The Company is not aware, as of the date hereof, of any matters to be voted upon at the Annual Meeting other than those stated in this proxy statement and the accompanying Notice of Annual Meeting of Stockholders. If any other matters are properly brought before the Annual Meeting, the proxy

gives discretionary authority to the persons named as proxies to vote the shares represented by the proxy in their discretion.

Under Delaware law and the Company's Certificate of Incorporation and Bylaws, if a quorum exists at the meeting, the affirmative vote of a plurality of the votes cast at the meeting is required for the election of directors. A properly executed proxy marked "Withhold authority" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum. For the (non-binding) vote on the frequency of advisory (non-binding) stockholder votes on the Company's named executive compensation program, the frequency with the highest vote total is considered approved. For each other item, the affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote on the item will be required for approval. A properly executed proxy marked "Abstain" with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote.

For shares held in "street name" through a broker or other nominee, the broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Thus, if stockholders do not give their broker or nominee specific instructions, their shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. Shares represented by such "broker non-votes" will, however, be counted in determining whether there is a quorum.

A stockholder of record may revoke a proxy at any time before it is voted at the Annual Meeting by (a) following the instructions on the website hosting proxy materials and voting as specified in the Notice of Internet Availability or (b) if proxy is executed in paper form, delivering another duly executed proxy bearing a later date or (c) attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not revoke a proxy unless the stockholder actually votes in person at the meeting.

The proxy is solicited by the Board of Directors. The Company will pay all of the costs of soliciting proxies. In addition to solicitation by mail or through internet, officers, directors and employees of the Company may solicit proxies personally, or by telephone, without receiving additional compensation. The Company, if requested, will also pay brokers, banks and other fiduciaries who hold shares of Common Stock for beneficial owners for their reasonable out-of-pocket expenses of forwarding these materials to stockholders.

DIRECTOR NOMINATION

Criteria for Board Membership.

In recommending candidates for appointment or re-election to the Board of Directors, the nominating committee of the Board of Directors (the “Nominating Committee”) considers the appropriate balance of experience, skills and characteristics required of the Board of Directors. It seeks to ensure that a majority of the directors are independent under the rules of the Nasdaq Stock Market, that the members of the Company’s audit committee of the Board of Directors (the “Audit Committee”) meet the financial literacy and sophistication requirements under the rules of the Nasdaq Stock Market and that at least one member of the Board qualifies as an “audit committee financial expert” under the rules of the Securities and Exchange Commission (the “SEC”). Nominees for director are recommended on the basis of their depth and breadth of experience, integrity, ability to make independent analytical inquiries, understanding of the Company’s business environment and willingness to devote adequate time to Board of Directors duties.

Process for Identifying and Evaluating Nominees.

The Nominating Committee believes the Company is well served by its current directors. In the ordinary course, absent special circumstances or a material change in the criteria for membership to the Board of Directors, the Nominating Committee will re-nominate incumbent directors who continue to be qualified for service and are willing to continue as directors. If an incumbent director is not standing for re-election, or if a vacancy on the Board of Directors occurs between annual stockholder meetings, the Nominating Committee will seek out potential candidates for appointment to the Board of Directors who meet the criteria for selection as a nominee and have the specific qualities or skills being sought. Director candidates will be selected based on input from members of the Board of Directors, senior management of the Company and, if the Nominating Committee deems appropriate, a third-party search firm. The Nominating Committee will evaluate each candidate’s qualifications and check relevant references; in addition, such candidates will be interviewed by at least one member of the Nominating Committee. Candidates meriting serious consideration will meet with all members of the Board of Directors. Based on this input, the Nominating Committee will evaluate whether one of the prospective candidates is qualified to serve as a director and whether the committee should recommend to the Board of Directors that such candidate be appointed to fill a then current vacancy or presented for the approval of the stockholders, as appropriate.

Stockholder Nominees.

The Nominating Committee will consider suggestions from stockholders regarding possible director candidates for election at the annual meeting to be held in 2012. Any such nominations should be submitted to the Nominating Committee, c/o Mrs. Wei Na (secretary to the Board of Directors), and should include the following information: (a) all information relating to such nominee that is required to be disclosed pursuant to Regulation 14A under the Securities Exchange Act of 1934, including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected; (b) the names and addresses of the stockholders making the nomination and the number of shares of the Company's common stock which are owned beneficially and of record by such stockholders; and (c) appropriate biographical information and a statement as to the qualifications of the nominee, and should be submitted in the time frame described in the bylaws of the Company and under the caption, "Stockholder Proposals for 2012 Annual Meeting" below. Each director nominated in this Proxy Statement was recommended for election by the Nominating Committee and by the Board of Directors. The Board of Directors did not receive any notice of a Board of Directors nominee recommendation in connection with this Proxy Statement from any security holder. The Company has never received a proposal from a stockholder to nominate a director.

Board Nominees for the 2011 Annual Meeting.

The nominees listed in this proxy statement are the current five directors standing for re-election.

BOARD LEADERSHIP STRUCTURE

Mr. Hanlin Chen is currently chairman of the Board of Directors, and Mr. Qizhou Wu is the chief executive officer of the Company. The Company believes that there are a wide array of leadership structures that could apply to different business models and that every company should be afforded the opportunity to determine the ideal structure for its board leadership, which leadership structure may change over time. The Company's leadership structure of a separate chairman of the Board of Directors and chief executive officer has historically proven extremely effective for it in the areas of performance and corporate governance, among others. The Company does not have a lead independent director. The Company, in consideration of the size of the Board of Directors and the presence of three independent directors who constitute a majority, believes that it is not necessary to appoint a lead independent director. The Board of Directors has determined that its current structure is in the best interests of the Company and its stockholders. The Company believes the independent nature of the audit, compensation and nominating committees of the Board of Directors also ensures that the Board of Directors maintains a level of independent oversight of management that is appropriate for the Company. The Board of Directors will review from time to time the appropriateness of its leadership structure and implement any changes it may deem necessary.

RISK OVERSIGHT

The Board of Directors has the ultimate oversight responsibility for the risk management process. A fundamental part of risk management is not only understanding the risks the Company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the Company. In setting the Company's business strategy, the Board of Directors assesses the various risks being mitigated by management and determines what constitutes an appropriate level of risk for the Company. While the ultimate risk oversight rests with the Board of Directors, various committees of the Board of Directors also have responsibility for risk management. For example, the Audit Committee focuses on financial risk, including internal controls, and receives financial risk assessment reports from management, and risks related to the compensation programs are reviewed by the compensation committee of the Board of Directors (the "Compensation Committee"). The Board of Directors is advised by these committees of significant risks and management's response via periodic updates.

DIRECTOR COMPENSATION

Based on the number of years of service to the Board of Directors, workload and performance, the Board of Directors decides on director compensation. The Board of Directors believes that the pay for the members of the board of directors was appropriate as of December 31, 2010. As effective from September 5, 2007, independent directors receive a director fee from the Company for their services as members of the Board of Directors and any committee of the Board of Directors in the amount of \$7,000 ~ \$10,000 per quarter and the chairman of Audit Committee additionally receives an allowance of \$6,000 per year. They are reimbursed for certain expenses in connection with attending Board of Directors and committee meetings of the Board of Directors. The Company has also granted, and expects to continue to grant, non-employee directors options to purchase shares of the Company's common stock. The stockholders of the Company have approved certain director grants at the annual meeting of the stockholders in 2005, which grants were included in the 2004 stock option plan. The non-employee directors options granted and not expired over three years ago are as follows.

- On June 28, 2005, the Company issued additional options to purchase 7,500 shares of common stock to each of its then three independent directors. Such stock options were vested immediately upon grant and are exercisable at \$6.83 per share over a period of five years. The exercise price represented the fair market value based on the grant date of the stock options.
- On July 6, 2006, the Company issued additional options to purchase 7,500 shares of common stock to each of its then three independent directors. Such stock options were vested immediately upon grant and are exercisable at \$7.94 per share over a period of five years. The exercise price represented the fair market value based on the grant date of the stock options.
 - On September 5, 2007, the Company issued additional options to purchase 7,500 shares of common stock to each of its then three independent directors. Such stock options were vested immediately upon grant and are exercisable at \$7.01 per share over a period of four years. The exercise price represented the fair market value based on the grant date of the stock options.
- On June 26, 2008, the Company issued additional options to purchase 7,500 shares of common stock to each of its then three independent directors. Such stock options were vested immediately upon grant and are exercisable at \$5.65 per share over a period of five years. The exercise price represented the fair market value based on the grant date of the stock options.
- On September 10, 2009, the Company issued additional options to purchase 7,500 shares of common stock to each of its then three independent directors. Such stock options were vested immediately upon grant and are exercisable at \$8.45 per share over a period of five years. The exercise price represented the fair market value based on the grant date of the stock options.
- On July 8, 2010, the Company issued additional options to purchase 7,500 shares of common stock to each of its then three independent directors. Such stock options were vested immediately upon grant and are exercisable at \$16.80 per share over a period of five years. The exercise price represented the fair market value based on the grant date of the stock options.

Based on the number of the board of directors' service years, workload and performance, the Company decides on their pay. The management believes that the pay for the members of the Board of Directors was appropriate as of December 31, 2010. The compensation that directors received for serving on the Board of Directors for fiscal year 2010 was as follows:

Name	Fees earned or paid in		
	cash	Option awards ¹	Total
William E. Thomson	\$ 23,000	\$ -	\$ 23,000
Robert Tung	\$ 40,000	\$ 115,125	\$ 155,125
Guangxun Xu	\$ 30,000	\$ 115,125	\$ 145,125
Bruce C. Richardson	\$ 32,000	\$ 115,125	\$ 147,125

1. Other than the cash payment based on the number of a director's service years, workload and performance, the Company grants 7,500 option awards to each director every year. In accordance with ASC Topic 220 (formerly SFAS No. 123R), the cost of the above mentioned stock options issued to directors was measured on the grant date based on their fair value. The fair value is determined using the Black-Scholes option pricing model and certain assumptions. Please see Note 24 in the Notes to the Consolidated Financial Statements under Item 15 of the Annual Report on Form 10-K as filed with the SEC on June 28, 2011 for more details.

The cost of the above mentioned compensation paid to directors was measured based on investment, operating, technology, and consulting services they provided. All other directors did not receive compensation for their service on the Board of Directors, except the three independent directors mentioned above.

The Board of Directors has standing audit, compensation and nominating committees. The Board of Directors met four (4) times during fiscal 2010. Concerns relating to accounting, internal controls or auditing matters will immediately be brought to the attention of the Audit Committee and handled in accordance with procedures established by the Audit Committee with respect to such matters.

The Company has a policy of encouraging all directors to attend the annual stockholder meetings. This will be the seventh annual meeting since the Company's change in the Board of Directors and Management in March, 2003, as more clearly described in Part I, Item I. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Compensation Committee is responsible for setting the Company's policies regarding compensation and benefits and administering the Company's benefit plans. At the end of fiscal year 2010, the Compensation Committee consisted of Robert Tung (chairman), Guangxun Xu and Bruce Carlton Richardson. The members of the Compensation Committee approved the amount and form of compensation paid to executive officers of the Company and set the Company's compensation policies and procedures during these periods.

The primary goals of the Compensation Committee with respect to executive compensation are to attract and retain highly talented and dedicated executives and to align executives' incentives with stockholder value creation. The Compensation Committee evaluates an individual executive's work experience, time and involvement in the Company, position and personal performance, all with a goal to setting compensation levels that are comparable with executives at companies that are of the same size and stage of development and operate in the same area and industry.

The Compensation Committee will conduct an annual review of the aggregate level of the Company's executive compensation, as well as the mix of elements used to compensate the Company's executive officers. The Company compares compensation levels with amounts currently being paid to executives at similar companies in the same area and the same industry. The Company also compares compensation levels with local practices in China. The Company believes that its compensation levels are competitive with local conditions.

Elements of compensation

The Company's executive compensation consists of the following elements.

Base Salary

Base salaries for the Company's executives are established to be amounts of compensation that are similar to those paid by other companies to executives in similar positions and with similar responsibilities. Base salaries are adjusted from time to time to realign salaries with market levels after taking into account individual responsibilities, performance and experience. The Compensation Committee established a salary structure to determine base salaries and is responsible for initially setting executive officer compensation in employment arrangements with each individual. The base salary amounts are intended to reflect the Company's philosophy that the base salary should attract experienced individuals who will contribute to the success of the Company's business goals and represent cash compensation that is commensurate with the compensation of individuals at similarly situated companies.

The Company's Board of Directors and Compensation Committee have approved the current salaries for executives: \$150,000 for the Chairman, \$100,000 for the CEO, and \$60,000 for other officers in 2010.

Performance Bonus

The Company awards a performance bonus to certain executives based on the achievement of set goals. The performance bonuses awarded to executives for this year are as follows:

- Grantees: Hanlin Chen, Qizhou Wu, Shengbin Yu, Shaobo Wang, Andy Tse, Jie Li and Daming Hu.
- Conditions: The grantees must meet the following conditions; (i) based on the Company's consolidated financial statements, the year over year growth rates of net sales, net profits and earnings per share for 2010 must exceed 20%; and (ii) the average growth rate of the foregoing indicators must exceed that of China auto industry in 2010 as published by CAAM.
- Bonus: The grantees received a bonus in the amount of 50% of each officer's annual salary in 2010.

Awards for performance bonus of \$305,000 were accrued in 2010 and have been paid by the end of July, 2011.

Stock Option Awards

The stock options plan proposed by management, which aims to incentivize and retain core employees, to meet employees' benefits, the Company's long term operating goals and shareholder benefits, was approved at the 2004 Annual Meeting of Stockholders, and the maximum common shares for issuance under this plan is 2,200,000 with a period of 10 years.

The Company has not granted any stock option to management in 2010 and 2009. The stock option granted for management in 2008 was as follows, which was approved by the Board of Directors and Compensation Committee.

- On December 10, 2010, remaining 1/3 of the granted stock option shall be vested and become exercisable

Other Compensation

Other than the base salary for the Company's executive officers, the performance bonus and the stock option awards referred to above, the Company does not have any other benefits and perquisites for its executive officers. However, the Compensation Committee in its discretion may provide benefits and perquisites to these executive officers if it deems advisable to do so.

Employment contracts and termination of employment

All of the Company's executive officers have executed standard employment agreements with the Company, which are governed under PRC law. Other than the amount of compensation, the terms and conditions of the employment agreements with the executive officers are substantially the same as those of the Company's standard employment agreements with non-executive employees. The Company's standard employment agreements are for a fixed period of three years and may be renewed upon notice from the employee and consent of the Company. The Company may terminate an employment agreement upon thirty days' notice if an employee is not suitable for the job due to medical or other reasons. An employee may terminate his or her employment agreement without cause upon one month's notice. The compensation stated in the agreement is the basic salary and is subject to adjustment on an annual basis.

Role of Executives in Executive Compensation Decisions

The Compensation Committee seeks input from our chairman and chief executive officer when discussing the performance of, and compensation levels for, executives other than such persons. The Company may not engage the Company's independent auditor to render any audit or non-audit service unless the service is approved in advance by the Audit Committee or the engagement to render the service is entered into pursuant to the Audit Committee's pre-approval policies and procedures. On an annual basis, the Audit Committee may pre-approve services that are expected to be provided to the Company by the independent auditor during the fiscal year. At the time such pre-approval is granted, the Audit Committee specifies the pre-approved services and establishes a monetary limit with respect to each particular pre-approved service, which limit may not be exceeded without obtaining further pre-approval under the policy. PROPOSAL 1 — ELECTION OF DIRECTORS

At the Annual Meeting, the stockholders will vote on the election of five directors to serve for a one-year term until the 2012 annual meeting of stockholders and until their successors are elected and qualified. The Board of Directors has unanimously approved the nomination of Hanlin Chen, Qizhou Wu, Guangxun Xu, Bruce Carlton Richardson and Robert Tung for election to the Board of Directors. The nominees have indicated that they are willing and able to serve as directors. If any of these individuals becomes unable or unwilling to serve, the accompanying proxy may be voted for the election of such other person as shall be designated by the Board of Directors. The Directors will be elected by a plurality of the votes cast, in person or by proxy, at the Annual Meeting, assuming a quorum is present. Stockholders do not have cumulative voting rights in the election of directors.

The Board of Directors recommends a vote “for” the election of Hanlin Chen, Qizhou Wu, Guangxun Xu, Bruce Carlton Richardson and Robert Tung as directors.

Unless otherwise instructed, it is the intention of the persons named in the proxy to vote shares represented by properly executed proxy for the election of Hanlin Chen, Qizhou Wu, Guangxun Xu, Bruce Carlton Richardson and Robert Tung.

PROPOSAL 2 — RATIFICATION OF INDEPENDENT AUDITORS

At the Annual Meeting, the stockholders will be asked to ratify the appointment of PricewaterhouseCoopers Zhong Tian CPA as the Company’s independent auditors for the fiscal year ending December 31, 2011. Representatives of PricewaterhouseCoopers Zhong Tian CPA are expected to be present at the Annual Meeting and will have the opportunity to make statements if they desire to do so. Such representatives are also expected to be available to respond to appropriate questions.

The Board of Directors recommends a vote “for” the ratification of the appointment of PricewaterhouseCoopers Zhong Tian CPA as the Company’s independent auditors for the fiscal year ending December 31, 2011.

PROPOSAL 3 — APPROVAL OF EXECUTIVE COMPENSATION

The recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, enables the Company’s stockholders to vote to approve, on an advisory (non-binding) basis, the compensation of the named executive officers as disclosed in this proxy statement in accordance with the SEC’s rules, commonly referred to as a “Say-on-Pay.”

As described under the heading “Executive Compensation—Compensation Discussion and Analysis,” the Company’s executive compensation program is designed to attract, motivate and retain our named executive officers, who are critical to the Company’s success. The Company believes that the various elements of its executive compensation program work together to promote its goal of ensuring that total compensation should be related to both the Company’s performance and individual performance.

Stockholders are urged to read the “Executive Compensation—Compensation Discussion and Analysis” section of this proxy statement, which discusses how the Company’s executive compensation policies implement its compensation philosophy, and the “Executive Compensation—Compensation of Executive Officers” section of this proxy statement, which contains narrative discussion and tabular information about the compensation of the Company’s named executive officers, including information about fiscal 2010 compensation of the Company’s named executive officers. The Compensation Committee and the Company’s Board of Directors believe that these policies are effective in implementing the Company’s compensation philosophy and in achieving its goals.

The Company is asking its stockholders to indicate their support for its executive compensation as described in this proxy statement. This Say-on-Pay proposal gives the Company's stockholders the opportunity to express their views on its named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of the Company's named executive officers and the philosophy, policies and practices described in this proxy statement. Accordingly, the Company is asking its stockholders to approve, on an advisory basis, the compensation of the named executive officers, as disclosed in this Proxy Statement pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis and the other related tables and disclosure.

The Say-on-Pay vote is advisory, and therefore not binding on the Company, the Compensation Committee or the Board of Directors. However, the Company's Board of Directors and its Compensation Committee value the opinions of the stockholders and, to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, the Company will consider stockholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

The Board of Directors recommends voting "for" the approval of the Company's executive compensation program, as described in the "Executive Compensation—Compensation Discussion and Analysis" and "Executive Compensation—Compensation of Executive Officers" sections of this proxy statement.

PROPOSAL 4 — APPROVAL OF FREQUENCY OF STOCKHOLDER VOTE ON EXECUTIVE COMPENSATION

In connection with Proposal 3, the Dodd-Frank Act also requires that the Company include in this proxy statement a separate advisory (non-binding) stockholder vote to advise on how frequently the Company should seek a Say-on-Pay vote. By voting on this Proposal 4, stockholders may indicate whether they would prefer an advisory vote on Named Executive Officer compensation once every one, two or three years.

Our Board of Directors has not made a recommendation regarding this policy in order to seek input from the Company's stockholders regarding the frequency with which they would like to vote on this issue. The Company understands that stockholders may have different views as to what is the best approach for the Company, and it looks forward to hearing from stockholders on this Proposal.

You may cast your vote on your preferred voting frequency by choosing the option of one year, two years, three years or abstain from voting. Under SEC rules, the Company will be required to permit stockholders to vote on the frequency of the Say-on-Pay vote at least once every six years.

The Board of Directors is not making any recommendation on how stockholders should vote on this matter. The selection regarding the frequency of the stockholder vote on executive compensation receiving the highest number of "FOR" votes shall be deemed approved. However, because this vote is advisory and not binding on the Board of Directors or the Company in any way, the Board of Directors may decide that it is in the best interests of the stockholders and the Company to hold an advisory vote on executive compensation more or less frequently than the option approved by the stockholders.

INCORPORATION BY REFERENCE

The SEC allows the Company to "incorporate by reference" information into this proxy statement, which means that the Company can disclose important information to you by referring you to other documents that we have filed separately with the SEC and made available to you with the copy of this proxy statement. The information incorporated by reference is deemed to be part of this proxy statement. This proxy statement incorporates by reference the financial statements of the Company as contained in the Company's annual report on Form 10-K filed by the Company on June 28, 2011, which is made available together with this proxy statement on the website specified above to all stockholders in connection with the annual meeting.

As of the time of preparation of this proxy statement, neither the Board of Directors nor management intends to bring before the meeting any business other than the matters referred to in the Notice of Annual Meeting and this proxy statement.
