The powers of the proxy holders will be suspended if the person executing the proxy is present at the Annual Meeting electronically and elects to vote in person. Subject to such revocation or suspension, all shares represented by each properly executed proxy received by the Company will be voted in accordance with the instructions indicated thereon, and if instructions are not indicated, will be voted in favor of (i) the election of the nominees for director named in, or otherwise nominated as set forth in this Proxy Statement, (ii) the proposal to ratify the selection of independent auditors, (iii) the proposal to approve performance-based bonuses and (iv), in the discretion of the proxy holders, on any other business that comes before the meeting.

1

Record Date and Voting

As of March 27, 2006 the outstanding voting securities of the Company consisted of 14,282,815 shares of \$.10 par value Common Stock. Each stockholder of record at the close of business on March 27, 2006 is entitled to one vote for each share then held on each matter submitted to a vote of stockholders. The presence in person electronically or by proxy of holders of a majority of the issued and outstanding Common Stock will constitute a quorum for the transaction of such business as shall properly come before the meeting.

Directors are elected by a plurality of the votes of the shares present in person electronically or by proxy and entitled to vote on the election of directors. As a result, abstentions have no effect on the election of directors. Generally, stockholder approval of other matters, such as the ratification of the selection of independent auditors and approval of the performance-based bonuses, requires the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote on the matter. Shares voted to abstain on such a matter will be treated as entitled to vote on the matter and will thus have the same effect as "no" votes.

The term "broker non-votes" refers to shares held by a broker in street name that are present by proxy but are not voted on a matter pursuant to rules prohibiting brokers from voting on non-routine matters without instructions from the beneficial owner of the shares. Broker non-votes on such matters are not counted as entitled to vote on a matter in determining the number of affirmative votes required for approval of the matter, but are counted as present for quorum purposes. The election of directors and ratification of the selection of independent certified public accountants are generally considered to be routine matters on which brokers may vote without instructions from beneficial owners. Approval of the performance-based bonuses is a non-routine matter on which brokers may not vote without instructions from beneficial owners.

Messrs. Brown, Connors and Saucedo and Drs. Kovalchik, Sherman and Swinney have been engaged in their current occupations for more than five years. Mr. Connors previously served as a director from December 1988 to July 1989. Dr. Swinney previously served as a director from 1989 to October 1995.

Board Committees and Attendance at Meetings

The Board of Directors has standing Audit, Compensation and Nominating/Corporate Governance Committees.

Audit Committee. The Board of Directors has an Audit Committee, which consists of Messrs. Brown, Connors and Saucedo (Chairman). As more fully described in the Audit Committee Charter, the Audit Committee oversees the accounting and financial reporting processes of the Company and audits of its financial statements. The Audit Committee met ten times in 2005.

During 2005, the Audit Committee consisted of three directors who are independent directors as defined under the listing standards of the Nasdaq National Market System. The Company's Board of Directors adopted a revised Audit Committee charter on July 25, 2003.

The Board of Directors has determined that Joseph R. Saucedo is an audit committee financial expert and is independent, as both those terms are defined by Securities and Exchange Commission regulations.

Compensation Committee. The Board of Directors has a Compensation Committee, consisting of Messrs. Brown, Connors and Saucedo, Drs. Kovalchik (Chairman), Sherman and Swinney. The Board has determined that all members of the Compensation Committee are independent directors under the listing standards of the Nasdaq Stock Market System. The Compensation Committee operates pursuant to a written charter adopted by the Board of Directors on July 25, 2003, a copy of which can be found on the Company's web site, www.icumed.com. The Compensation Committee, as more fully described in the Compensation Committee Report, discharges the responsibilities of the Board of Directors relating to executive and director compensation, and oversees incentive, equity based and other compensatory plans in which executive officers and key employees of the Company participate, including authorization of the grant of stock options. The Compensation Committee met five times in 2005.

Nominating/Corporate Governance Committee. The Nominating/Corporate Governance Committee (the Nominating Committee) consists of Drs. Kovalchik, Sherman (Chairman) and Swinney, each of whom the Board of Directors has determined is independent under the listing standards of the Nasdaq National Market System. The Nominating Committee operates pursuant to a written charter adopted by the Board of Directors on July 25, 2003, a copy of which can be found on the Company's web site, www.icumed.com. The Nominating Committee's role is to recommend to the Board of Directors policies on Board composition and criteria for Board membership, to identify individuals qualified to serve as directors and approve candidates for director and to recommend directors for appointment to committees of the Board of Directors. The Nominating Committee also makes recommendations to the Board of Directors concerning the Company's corporate governance guidelines and codes of ethics and business conduct, oversees internal investigations of conduct of senior executives, if necessary, and conducts evaluations of the performance of the Board of Directors. The Nominating Committee, which was first appointed on October 17, 2003, met twice in 2005.

In evaluating and determining whether to recommend a person as a candidate for election as a director, the Nominating Committee considers, among other things, relevant management and/or industry experience; values such as integrity, accountability, judgment and adherence to high

performance standards; independence pursuant to the guidelines set forth in the listing standards of the Nasdaq National Market System; ability and willingness to undertake the requisite time commitment to Board service; and an absence of conflicts of interest with the Company.

The Nominating Committee may employ a variety of methods for identifying and evaluating nominees for director. The Nominating Committee will assess the need for particular expertise on the Board of Directors, the upcoming election cycle of the Board and whether any vacancies on the Board of Directors are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the

Nominating Committee will consider various potential candidates for director that may come to the Nominating Committee's attention through current directors, the Company's professional advisors, stockholders or others.

The Nominating Committee will consider candidates recommended by stockholders. The deadlines and procedures for stockholder recommendations of director candidates are the same as those described below under "Nomination of Directors and Stockholder Proposals." Following verification of the stockholder status of persons proposing candidates, the Nominating Committee will make an initial analysis of the qualifications of any candidate recommended by stockholders or others pursuant to the criteria summarized above to determine whether the candidate is qualified for service on the Company's Board before deciding to undertake a complete evaluation of the candidate. Other than the verification of compliance with procedures and stockholder status, and the initial analysis performed by the Nominating Committee, a potential candidate nominated by a stockholder will be treated like any other potential candidate during the review process by the Nominating Committee.

The Nominating Committee has approved the nominations of Jack W. Brown and Richard H. Sherman, M.D. for reelection as directors at the Annual Meeting. The Nominating Committee considered the candidates' past contributions to the Board of Directors, their willingness to continue to serve and the benefits of continuity in the membership of the Board of Directors and determined that the reelection of the three candidates was appropriate.

The Board of Directors has adopted a Code of Business Conduct and Ethics for Officers, and a copy is available on the Company's website, www.icumed.com.

During 2005, the Board met fifteen times. Each director attended more than 75% of the total of all meetings of the Board and any committees on which he serves.

It is the policy of the Company to invite and encourage all members of the board of directors to attend the annual meeting. In 2005, six directors attended the annual meeting.

Communications with Board of Directors

The Company's Board of Directors has an established process for stockholder communications. Stockholders may contact any of our Directors, including the Chairman, by writing to them c/o ICU Medical, Inc. 951 Calle Amanecer, San Clemente, California 92673. Communications addressed to the Board of Directors will be reviewed by the Secretary of the Company and directed to the Chairman of the Board for further review and distribution to certain or all members of the Board of Directors, if and as appropriate. Communications addressed to individual directors will be forwarded directly to the named director. Stockholders may also contact the Board by sending e-mail to ir@icumed.com.

Any communications directed to the Board of Directors, the Chairman or any other member of the Board that allege or report any complaint or concern regarding accounting, internal accounting controls or auditing matters will be immediately forwarded to the Chairman of the Audit Committee.

Complaints or concerns may be reported in writing or by telephoning our Corporate Governance Hotline at 1-800-886-0868. All calls are confidential.

In the past year, the Board of Directors did not receive any stockholder communications that it considered material and therefore took no action.

Executive Compensation*Compensation Committee Report*

During 2005, the Compensation Committee consisted of six directors who are not employees or former employees of, or consultants to, the Company. The Compensation Committee reviews the performance of the Company and the Chief Executive Officer, sets performance objectives, establishes the compensation of the Chief Executive Officer, recommends to the Board of Directors the compensation of the other executive officers and authorizes the grant of options to employees and awards under the Company's 2005 Long-Term Retention Plan.

The Company's policy in compensating executive officers is to establish methods and levels of compensation that will provide strong incentives to promote the profitability and growth of the Company and reward superior performance and that are sufficiently competitive to attract, retain and motivate highly competent management personnel. Compensation of executive officers includes base salary, performance-based incentive bonuses and stock-based programs, although as explained below, use of stock-based programs has been substantially curtailed starting in 2005.

The Compensation Committee has adopted an executive compensation policy which provides a base salary, incentive bonuses and stock options. Upon achievement of performance objectives, officers other than Dr. Lopez could receive, in addition to base salaries, bonuses in amounts ranging from 20% to 33% of their base salaries, and higher amounts in certain circumstances for unusual achievements. The Compensation Committee believes that incentive bonuses serve to align the interests of the executive officers with the interests of the Company's stockholders.

The base salary paid to Dr. Lopez in 2005 was set by the Compensation Committee in accordance with the Company's executive compensation policy at near the middle of the range of total compensation paid to chief executive officers of companies that the Compensation Committee deemed to be comparable to the Company. Dr. Lopez was granted options to purchase 100,000 shares in the first half of 2005. The executive compensation policy has set the incentive bonuses and the value of stock options to be awarded to Dr. Lopez at a higher percentage of his base salary than that awarded to other officers. The Compensation Committee believes that in view of the Chief Executive Officer's overall responsibility for the success of the Company, it is appropriate that a larger portion of his compensation be contingent on performance.

In 2005, the Compensation Committee decided to substantially curtail the use of stock-based compensation because of changes to accounting rules to require expense for share based payments to be recognized in the income statement. The Compensation Committee believes that if expense is to be recognized, it is more efficient for the Company to use cash rather than shares of the Company's stock, and therefore expects increasing use of cash for incentive payments, including awards under the Long-Term Retention Program.

The Company's Common Stock has at times appreciated at rates substantially different than the assumed rates and at other times the value of the Common Stock has declined. Neither the assumed appreciation rates nor the actual changes in the share value of the Company's common stock since the dates of option grants are necessarily indicative of any future value of the Common Stock. The actual realizable value of the options may be substantially greater or less than that reflected in the table depending on the actual changes in the share value during the options' terms.

The companies in the peer group selected by the Company are Merit Medical Systems, Inc., Microtek Medical Holdings, Inc., ResMed, Inc., Utah Medical Products, Inc. and Vital Signs, Inc. The basis for the selection of the companies in the peer group is that, like the Company, they are all small to mid-size producers of medical products.

Directors Compensation

During 2005, the Company paid directors who were not employees of the Company an annual retainer of \$24,000, payable currently, an annual retainer of \$12,000 payable on a deferred basis, plus \$1,000 per day for attendance at meetings of the Board and \$500 if the meeting is conducted telephonically. Pay for attendance at meetings of Committees of the Board is \$750 per day and \$375 if the meeting is conducted telephonically. Each Chairperson of a Committee of the Board also receives an annual retainer of \$5,000 plus additional pay for attendance at each meeting of the Committee of \$750 per day and \$375 if the meeting is conducted telephonically.

In 2005, each Director received grants of options to purchase 3,750 shares of Common stock of the Company under the 2001 Directors Stock Option Plan. The Board has suspended all future grants of options to purchase common stock of the Company under the 2001 Directors Stock Option Plan.

11

Employment Agreements

The Company enters into employment agreements with each named executive officer for semi-annual periods ending on June 30 and December 31, and they may be renewed for successive six-month periods upon expiration, unless terminated. The agreements may be terminated by the Company on sixty days notice. They provide for an annual base salary and a bonus payable in cash based on achievement of performance goals. Under the employment agreement with Dr. Lopez, he received quarterly grants of options to acquire the Company's stock. Under employment agreements with the other officers, options to acquire the Company's stock were awarded based on achievement of performance goals.

Grants of options under employment agreements were suspended in 2004. The Committee approved grants of options to the officers in April 2004 and April 2005 unrelated to the achievement of performance goals, and no options have been granted since April 2005. All options 2004 and 2005 vest six months from the date of issuance.

The Company also has an agreement with Dr. Lopez which generally provides that, in the event the Company undergoes a change in control, as defined, and his employment is terminated involuntarily or, after certain negative changes in condition of employment occur, voluntarily within 24 months of a change in control, he will be entitled to three times his annual salary and bonus, payment of bonus through the date of termination and continuation of benefits for three years, and any stock options he holds will vest in full. In addition, if any payments are subject to excise tax under Section 4999 of the Internal Revenue Code of 1986, as amended, he will be entitled to a gross up of payments to offset the effect of the excise tax. The Company will not be entitled to a tax deduction for any payments made under the agreement that are subject to the excise tax.

Life Insurance

The Diana Lopez Insurance Trust is the owner of a \$3 million life insurance policy on Dr. Lopez. The Company has in the past advanced funds to pay the premium on the policy. The Company has a collateral assignment entitling it to recover, generally from the value of the policy, all premiums paid on the policy. Because of legislative changes, the Company has ceased paying premiums on the policy, and has not reached

agreement with Dr. Lopez or the owner of the policy on the disposition of the policy. The 2003 and 2004 premiums have not been paid. The total premiums paid to date are \$479,000 and the net surrender value of the policy is approximately \$465,000. If no further premiums are paid and no other action is taken, the policy will lapse in approximately twenty-three years, at which time it will have no value.

Sports Promotion

The company sponsors a competitive free-diving team that supports Dr. Lopez's participation in free-diving competitions. Dr. Lopez holds several records for depths achieved in free-diving, that is, diving without underwater breathing equipment. The Company's name and logo are featured on the apparel and equipment of the free-diving team, and the Company is prominently identified in videos and other records of competitions that the team enters. The Company believes its corporate image is enhanced by publicity generated by the team's activities and that it should sponsor the free-diving team. Expenses incurred to sponsor the free-diving team include costs of training trips and travel to competitions, accommodations and living expenses, compensation to competition officials and team members, equipment costs and boat charter expenses. In 2005, the Company incurred approximately \$103,000 of expenses in sponsoring the free-diving team. Dr. Lopez receives no compensation for participation in the team's activities over and above his normal compensation for service as the Company's Chief Executive Officer.

SELECTION OF AUDITORS

The Audit Committee of the Board of Directors of the Company has selected McGladrey & Pullen LLP (McGladrey), as independent auditors of the Company for the year ending December 31, 2006, and has further directed that management submit the selection of independent auditors for ratification by the

12

stockholders at the Annual Meeting. McGladrey audited the Company's financial statements for the first time in 2005. Representatives of McGladrey are expected to be present at the Annual Meeting and will have an opportunity to make a statement if they so desire and respond to appropriate questions.

On May 26, 2005, Deloitte & Touche LLP (Deloitte) resigned as the Registrant's independent registered public accounting firm.

Deloitte's report on the Company's financial statements for either of the past two years did not contain an adverse opinion or a disclaimer of opinion and was not qualified or modified as to uncertainty, audit scope, or accounting principles.

During the Company's past two years and the subsequent interim period to the date of Deloitte's resignation, there have not been any disagreements with Deloitte on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to Deloitte's satisfaction, would have caused Deloitte to make reference to the subject matter of the disagreements in connection with its report, and there have not been any reportable events as defined in paragraph (a)(1)(v) of Item 304 of Regulation S-K.

On May 26, 2005, the Company's Audit Committee engaged McGladrey as the Company's independent registered public accounting firm for the year ending December 31, 2005.

The decision to change the independent registered independent public accounting firm was approved by the Company's Audit Committee.

During the past two years and the subsequent interim period up to its engagement, the Company has not (and no one on its behalf has) consulted with McGladrey on the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements, or any matter that was either the subject of a disagreement as defined in paragraph 304(a)(1)(iv) of Regulation S-K or reportable event as described in paragraph (a)(1)(v) of Item 304 of Regulation S-K.

PROPOSAL TO APPROVE PERFORMANCE-BASED BONUSES

Edgar Filing: ICU MEDICAL INC/DE - Form DEF 14A

On March 22, 2006, the Compensation Committee of the Board of Directors (the Committee) approved the payment of performance-based cash bonuses (Performance Bonuses) to Dr. Lopez and Mr. O'Brien. The Performance Bonuses are to be paid for each of the five years ending December 31, 2006 through 2010 if the closing price of the Company's Common Stock on the last trading day of such year is equal to or higher than the target stock price (Target Price) for such year established by the Committee. The Performance Bonuses are intended to satisfy the requirements for qualified performance-based compensation of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). The Committee believes that the Performance Bonuses will provide benefits to the stockholders by encouraging Dr. Lopez and Mr. O'Brien to promote and strengthen the Company's investor and public relations, which may lead to improved market performance of the Company's Common Stock. We are asking the stockholders to approve the Performance Bonuses to satisfy one of the conditions for the Company's federal income tax deduction of the amounts paid as Performance Bonuses.

14

Section 162(m)

Under Section 162(m) of the Code, the Company's federal income tax deduction for a taxable year for compensation for services performed by each named executive officer listed in the Summary Compensation Table on page 9 is generally limited to \$1 million. However, compensation that qualifies under Section 162(m) as performance-based does not count against the \$1 million limit. One of the conditions that must be satisfied for compensation to qualify as performance-based under Section 162(m) is that the material terms of the compensation arrangement must be disclosed to and approved by the Company's stockholders. The material terms that must be disclosed and approved are the employees eligible to receive the compensation, a description of the business criteria on which the performance goal is based and the maximum amount of compensation that can be paid to an employee on achievement of the performance goal.

The employees eligible to be paid Performance Bonuses are George A. Lopez, Chairman of the Board, President and Chief Executive Officer of the Company, and Francis J. O'Brien, Secretary, Treasurer and Chief Financial Officer of the Company. The business criterion on which the performance goal is based is the price of the Company's Common Stock. The maximum amounts of the Performance Bonuses that can be paid for any year on achievement of the performance goal are \$1,000,000 for Dr. Lopez and \$500,000 for Mr. O'Brien. Approval of the Performance Bonuses by the stockholders will constitute approval of each of these terms for purposes of the approval required by Section 162(m). The Company will not pay any Performance Bonuses unless they are approved by the stockholders.

Our Board recommends a vote FOR approval of the Performance Bonuses.

Vote Required

Approval of the Performance Bonuses requires the affirmative vote of a majority of the shares of Common Stock present or represented by proxy and entitled to vote on the proposal at the Annual Meeting.

Payment of Performance Bonuses

The following summary of the terms of the Performance Bonuses is qualified in its entirety by reference to the terms of the Performance Bonuses set forth in Appendix A.

For each of the years ending December 31, 2006 through 2010, the Committee will establish the amount of the Performance Bonuses to be paid to each eligible employee, subject to the maximum amount described above for that employee, and the Target Price for such year. The Company will pay the Performance Bonuses for a year if the Closing Price (as defined in Appendix A) for such year is equal to or higher than the Target Price for such year. The Company will not pay the Performance Bonuses for any year if the Closing Price for such year is not equal to or higher than the Target Price for such year.

The conditions for payment of the Performance Bonuses will be deemed to be met in the event of an acquisition of the Company in which holders of the Company's Common Stock receive cash or other consideration for the Common Stock with a value equal to or higher than the Target Price for the year in which the acquisition is completed. The Company will not pay the Performance Bonus for any year to Dr. Lopez if he is not serving as Chief Executive Officer of the Company or to Mr. O'Brien if he is not serving as Chief Financial Officer of the Company, in each case on the last trading day of such year unless the conditions for payment of the Performance Bonuses are deemed to be met in connection with an acquisition of the Company.

2006 Compensation

Edgar Filing: ICU MEDICAL INC/DE - Form DEF 14A

For 2006, the Committee approved compensation for Dr. Lopez consisting of base salary of \$500,000, a bonus of up to \$500,000 payable one-half at the end of the first six months of the year and one-half at the end of the second six months, in each case at the discretion of the Committee, and a Performance Bonus of \$550,000 as described above, payable if the Target Price for 2006 is achieved. The Committee recommended and the Board approved compensation for Mr. O'Brien consisting of base salary of \$290,000, a bonus of up to

15

\$87,000 payable if certain performance goals are achieved, and a Performance Bonus of \$250,000 as described above, payable if the Target Price for 2006 is achieved. If all of the bonuses for 2006 are earned and paid, Dr. Lopez's compensation for 2006 will exceed the \$1 million limit for deductibility under Section 162(m) unless his Performance Bonus qualifies as performance-based compensation under Section 162(m). Mr. O'Brien's total compensation for 2006 is not likely to exceed \$1 million.

In addition to the foregoing amounts, however, Dr. Lopez and Mr. O'Brien could, but are not expected to, receive compensation payments under our Long-Term Retention Plan described above under Executive Compensation Long Term Retention Plan Awards. Payments under the Long-Term Retention Plan would not qualify as performance-based compensation under Section 162(m). Under an agreement described above under Executive Compensation Employment Agreements, Dr. Lopez could, but is not expected to, receive additional compensation in connection with a change in control of the Company that would not qualify as performance-based compensation under Section 162(m). Assuming that the Performance Bonuses qualify as performance-based compensation under Section 162(m), they will be the only elements of compensation paid to Dr. Lopez and Mr. O'Brien for 2006 that will not count against the \$1 million limit for deductibility under Section 162(m).

Federal Income Tax Considerations

All amounts paid pursuant to the Performance Bonuses will be taxable income to the employee when received. Subject to Section 162(m) of the Code, the Company will generally be entitled to a federal income tax deduction in the amounts of the Performance Bonuses.

Stockholder approval is only one of the conditions that must be satisfied to qualify the Performance Bonuses as performance-based compensation under Section 162(m). We anticipate that the Performance Bonuses will satisfy the other conditions to qualify for deductibility as performance-based compensation under Section 162(m). If the Performance Bonuses are approved by the stockholders, however, they will be paid if earned regardless of the failure of any other aspect of the Performance Bonuses to satisfy the requirements of Section 162(m).

The foregoing is only a summary of certain federal income taxation considerations affecting employees and the Company related to the Performance Bonuses. It does not purport to be complete and does not discuss state or local income tax laws applicable to any employee or the Company.

16

The Company knows of no other matters to be brought before the Annual Meeting. If any other matters are properly presented for action, the persons named in the accompanying proxy intend to vote on such matters in their discretion.

Such notice shall include a signed consent of each such nominee to serve as a director of the Company, if elected. A proposal that a stockholder wants the Company to include in the Proxy Statement for the 2007 Annual Meeting must be received by the Company at its principal executive offices by December 12, 2006 or if the date of the annual meeting is changed by more than 30 days from May 12, then the deadline is a reasonable time before the Company begins to print and mail its proxy materials, to be included in the Proxy Statement for that meeting, and all other conditions for such inclusion must be satisfied.

17

COMPLIANCE WITH SECTION 16(a) OF THE SECURITIES EXCHANGE ACT OF 1934

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's officers and directors and persons who own more than 10% of the Company's Common Stock to file reports on prescribed forms regarding ownership of and transactions in the Common Stock with the Securities and Exchange Commission and to furnish copies of such forms to the Company. Based solely on a review of the forms received by it, the Company believes that with respect to 2005 the following Section 16(a) filings were not filed on a timely basis: one Form 4 filing for John J. Connors.

SOLICITATION OF PROXIES

The cost of this solicitation of proxies will be borne by the Company. Solicitations will be made by mail, telephone or telegram and personally by directors, officers and other employees of the Company, but such persons will not receive compensation for such services over and above their regular salaries. The Company will reimburse brokers, banks, custodians, nominees and fiduciaries holding stock in their names or in the names of their nominees for their reasonable charges and expenses in forwarding proxies and proxy material to the beneficial owners of such stock.

ICU MEDICAL, INC.

PERFORMANCE-BASED BONUSES

For each of the years ended December 31, 2006 through 2010, ICU Medical, Inc. (the Company) shall pay cash bonuses (Performance Bonuses) to George A. Lopez (Lopez) and Francis J. O'Brien (O'Brien), currently the Chief Executive Officer and the Chief Financial Officer, respectively, of the Company, if the closing price of the Company's Common Stock on the Nasdaq National Stock Market on the last trading day of such year as reported by *The Wall Street Journal* (the Closing Price) is equal to or higher than the target stock price (Target Price) for such year established by the Compensation Committee (the Committee) of the Company's Board of Directors. During the first quarter of each such year, the Committee will establish the amount of the Performance Bonuses to be paid, which may not exceed \$1,000,000 for Lopez or \$500,000 for O'Brien, and the Target Price for such year. The Committee may not change either the Performance Bonus amounts or the Target Price for any year after the last day of the first quarter of such year.

If the Closing Price for a year is equal to or higher than the Target Price for such year, the Company shall pay the Performance Bonuses for such year to Lopez and O'Brien no later than January 10 of the next year. The Company shall not pay all or part of the Performance Bonuses for any year if the Closing Price for such year was not equal to or higher than the Target Price for such year.

The Committee shall not establish a Performance Bonus for any year, for Lopez if he is no longer serving as Chief Executive Officer of the Company, or for O'Brien if he is no longer serving as Chief Financial Officer of the Company. The Company shall not pay all or part of the Performance Bonus for any year to Lopez if he is not serving as Chief Executive Officer of the Company or to O'Brien if he is not serving as Chief Financial Officer of the Company, in each case on the last trading day of such year unless the conditions for payment of the Performance Bonuses are deemed to be met as provided below in connection with an acquisition of the Company. The fact that either Lopez or O'Brien shall be eligible to receive payment of a Performance Bonus for any year shall not entitle him to continued employment or to continue to serve as Chief Executive Officer or Chief Financial Officer, as the case may be, until the last trading day of such year.

If no sales of the Company's Common Stock are reported for the last trading day of any year, the Closing Price for such year shall instead be the closing price on the last preceding trading day for which sales are reported, provided that if no sales are reported for the last ten trading days of such year, the Closing Price shall be the mean between the high bid and low asked prices for the Common Stock on the last trading day of such year. If the Company's Common Stock ceases to be traded or quoted on the Nasdaq National Stock Market, the Closing Price for any year shall be based on the closing price of, or the high bid and low asked prices for, as the case may be, the Company's Common Stock on the primary stock exchange or quotation system on which the Common Stock is traded or quoted (as determined by the Committee) or, if the Common Stock is not traded or quoted on an exchange or system, the mean between the high bid and low asked prices for the Company's Common Stock quoted by a recognized securities dealer selected by the Committee that regularly quotes the Company's Common Stock. If the Company's Common Stock is not traded or quoted on any established stock exchange or established quotation system or regularly quoted by any recognized securities dealer on the last trading day of any year, there will be no Closing Price for such year, and the Company shall not pay all or part of the Performance Bonus for such year unless the conditions for payment of the Performance Bonuses are deemed to be met as provided below in connection with an acquisition of the Company.

In the event of an acquisition of the Company by means of a merger, acquisition of assets or acquisition by means of a tender or exchange offer or otherwise of a majority of the Common Stock of the Company in which holders of the Company's Common Stock receive cash or other consideration for the Common Stock, the conditions for payment of the Performance Bonuses shall be deemed to be met, and they shall be paid

A-1

upon the completion of the acquisition, if the value of the per share consideration received by holders of the Company's Common Stock in connection with the acquisition, as determined by the Compensation Committee, is equal to or higher than the Target Price for the year in which the acquisition is completed.

In the event of a stock dividend, a stock split, a reverse stock split or a recapitalization of the Company's Common Stock, the Committee shall make an appropriate adjustment to the Target Price established for the year in which such event occurs and determine the equity security of the Company to which the adjusted Target Price will apply, in which event all references to Common Stock in the preceding paragraphs shall be deemed references to such equity security.
