INDEPENDENT ACCOUNTANTS' REPORT

To the Board of Directors and Shareholders of  
Koger Equity, Inc.  
Boca Raton, Florida

We have reviewed the accompanying condensed consolidated balance sheet of Koger Equity, Inc. and subsidiaries (the "Company") as of March 31, 2002, and the related condensed consolidated statements of operations for the three-month periods ended March 31, 2002 and 2001, the condensed consolidated statement of changes in shareholders' equity for the three-month period ended March 31, 2002 and the condensed consolidated statements of cash flows for the three-month periods ended March 31, 2002 and 2001. These financial statements are the responsibility of the Company's management.

We conducted our review in accordance with standards established by the American Institute of Certified Public Accountants. A review of interim financial information consists principally of applying analytical procedures to financial data and of making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with auditing standards generally accepted in the United States of America, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Edgar Filing: KOGER EQUITY INC - Form 10-Q

Based on our review, we are not aware of any material modifications that should be made to such condensed consolidated financial statements for them to be in conformity with accounting principles generally accepted in the United States of America.

We have previously audited, in accordance with auditing standards generally accepted in the United States of America, the consolidated balance sheet of the Company as of December 31, 2001, and the related consolidated statements of operations, changes in shareholders' equity, and cash flows for the year then ended (not presented herein); and in our report dated February 22, 2002, we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying condensed consolidated balance sheet as of December 31, 2001 is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

KOGER EQUITY, INC. AND SUBSIDIARIES  
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE THREE MONTHS  
ENDED MARCH 31, 2002 AND 2001  
(Unaudited - See Independent Accountants' Report)

1. BASIS OF PRESENTATION. The condensed consolidated financial statements include the accounts of Koger Equity, Inc. and its wholly-owned subsidiaries (the "Company"). All material intercompany transactions and accounts have been eliminated in consolidation. The financial statements have been prepared in accordance with the rules and regulations of the Securities and Exchange Commission related to interim financial statements.

During January 2002, the Company acquired all of the limited partnership units in Koger-Vanguard Partners, L.P., a Delaware limited partnership, (the "Partnership") for approximately \$16.5 million. These partnership units were convertible into 999,710 shares of the Company's common stock. The Company previously consolidated the Partnership with an associated minority interest. The acquisition of this minority interest was recorded using the purchase method of accounting. As a result, the excess of the fair value of the acquired net assets over the purchase price (approximately \$6.2 million) was recorded as a reduction in the bases of the acquired fixed assets.

During January 2001, Koger Equity, Inc. organized KRSI Merger, Inc., a Florida corporation, as a wholly owned taxable subsidiary. Effective February 1, 2001, Koger Realty Services, Inc. ("KRSI"), a Delaware corporation, was merged into this new subsidiary (the "Merger"). Pursuant to the Merger, the common stock of KRSI was repurchased at the formula price set forth in KRSI's Articles of Incorporation. Subsequent to the Merger, the name of the new Florida subsidiary was changed to Koger Realty Services, Inc. This merger was accounted for using the purchase method of accounting resulting in a reduction in the cost basis of assets of approximately \$143,000. Prior to the Merger, the Company accounted for its investment in the preferred stock of KRSI using the equity method.

The financial statements should be read in conjunction with the consolidated financial statements and notes thereto for the year ended December 31, 2001, included in the Company's Form 10-K Annual Report for the year ended December 31, 2001. The accompanying balance sheet at December 31, 2001, has been derived from the audited financial statements at that date and is condensed.

## Edgar Filing: KOGER EQUITY INC - Form 10-Q

All adjustments of a normal recurring nature which, in the opinion of management, are necessary to present a fair statement of the results for the interim periods have been made. Certain prior year amounts have been reclassified in order to conform to current year presentation. Results of operations for the three months ended March 31, 2002, are not necessarily indicative of the results to be expected for the full year.

On July 20, 2001, the Financial Accounting Standards Board (the "FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 141, "Business Combinations", and SFAS No. 142, "Goodwill and Other Intangible Assets." These Statements make significant changes to the accounting for business combinations, goodwill, and intangible assets. SFAS No. 141 eliminates the pooling-of-interests method of accounting for business combinations with limited exceptions for combinations initiated prior to July 1, 2001. In addition, it further clarifies the criteria for recognition of intangible assets separately from goodwill. This statement is effective for business combinations completed after June 30, 2001. The Company's adoption of SFAS No. 141 has not had a material impact on its condensed consolidated financial statements.

SFAS No. 142 discontinues the practice of amortizing goodwill and indefinite lived intangible assets and initiates an annual review for impairment. Impairment would be examined more frequently if certain indicators are encountered. Intangible assets with a determinable useful life will continue to be amortized over that period. The amortization provisions apply to goodwill and intangible assets acquired after September 30, 2001. SFAS No. 142 is effective for

8

fiscal years beginning after December 15, 2001. The Company adopted the Statement effective January 1, 2002. The Company's adoption of SFAS No. 142 has not had a material impact on its condensed consolidated financial statements.

In June 2001, the FASB issued SFAS No. 143, "Accounting for Asset Retirement Obligations." SFAS No. 143 requires entities to record the fair value of a liability for an asset retirement obligation in the period in which it is incurred and requires that the amount recorded as a liability be capitalized by increasing the carrying amount of the related long-lived asset. Subsequent to initial measurement, the liability is accreted to the ultimate amount anticipated to be paid, and is also adjusted for revision to the timing or amount of estimated cash flows. The capitalized cost is depreciated over the useful life of the related asset. Upon settlement of the liability, an entity either settles the obligation for its recorded amount or incurs a gain or loss upon settlement. SFAS No. 143 is required to be adopted for fiscal years beginning after June 15, 2002, with earlier application encouraged. The Company is currently assessing but has not yet determined the impact of SFAS No. 143 on its financial position and results of operations.

In August 2001, the FASB issued SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets." This statement supersedes SFAS No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed of." SFAS No. 144 retains the fundamental provisions of SFAS No. 121 for (a) recognition and measurement of the impairment of long-lived assets to be held and used and (b) measurement of long-lived assets to be disposed of by sale. SFAS No. 144 is effective for fiscal years beginning after December 15, 2001. The Company adopted the Statement effective January 1, 2002. The Company's adoption of SFAS No. 144 has not had a material impact on its condensed consolidated financial statements, but will require future sales of commercial real estate properties to be presented as discontinued operations.

## Edgar Filing: KOGER EQUITY INC - Form 10-Q

2. ORGANIZATION. Koger Equity, Inc. ("KE"), a Florida corporation, was incorporated in 1988 to own and manage commercial office buildings and other income-producing properties. KE is a self-administered and self-managed real estate investment trust (a "REIT") and its common stock is listed on the New York Stock Exchange under the ticker symbol "KE." As of March 31, 2002, KE owned and managed 121 office buildings located primarily in 12 suburban office parks in eight cities in the Southeastern United States of America.

In addition to managing its own properties, the Company provides property management services to AP-Knight LP, an affiliate of Apollo Real Estate Advisors, LP, and asset management services to Crocker Realty Trust, both related parties. As of March 31, 2002, the Company managed 75 office buildings and one retail property for AP-Knight LP.

3. FEDERAL INCOME TAXES. KE is qualified and has elected tax treatment as a REIT under the Internal Revenue Code. A corporate REIT is a legal entity that holds real estate, and through distributions to shareholders, is permitted to reduce or avoid the payment of federal income taxes at the corporate level. To maintain qualification as a REIT, in addition to certain other requirements, KE must distribute to shareholders at least 90 percent of REIT taxable income. To the extent that KE pays dividends equal to 100 percent of REIT taxable income, the earnings of KE are taxed at the shareholder level. KE has a net operating loss carryforward of approximately \$95,000, which may be used to reduce REIT taxable income. However, the use of net operating loss carryforwards is limited for alternative minimum tax purposes.

Although KRSI is consolidated with KE for financial reporting purposes, this entity is subject to federal income tax and files separate federal and state income tax returns. KRSI has recorded a provision of \$32,000 for federal income tax for the quarter ended March 31, 2002.

4. STATEMENTS OF CASH FLOWS. Cash in excess of daily requirements is invested in short-term monetary securities. Such temporary cash investments have an original maturity date of less than three months and are deemed to be cash equivalents for purposes of the statements of cash flows.

9

During January 2002, the Company acquired all of the limited partnership units in Koger-Vanguard Partners, L.P., a Delaware limited partnership, for approximately \$16.5 million. These partnership units were convertible into 999,710 shares of the Company's common stock.

On January 31, 2002, the Company acquired a 31-story office building, containing approximately 805,000 rentable square feet for \$125.0 million and other transaction costs. This property is located in Atlanta, Georgia. The purchase of the property was funded with cash and by an \$80 million draw from the Company's secured revolving credit facility. As of March 31, 2002, approximately 57% of the property's rentable space was leased. The Company expects to lease the property's vacant space over the next three years.

During the three months ended March 31, 2001, the Company received 54,018 shares of its common stock as settlement of \$836,000 of notes receivables from former employees. Pursuant to the Merger, the Company acquired the net assets of KRSI in exchange for its preferred stock in KRSI. The net assets of KRSI acquired consisted of (i) cash in the amount of \$2,535,000, (ii) other assets with a fair value of \$1,016,000 and (iii) liabilities assumed with a fair value of \$937,000.

## Edgar Filing: KOGER EQUITY INC - Form 10-Q

5. EARNINGS PER COMMON SHARE. Basic earnings per common share has been computed based on the weighted average number of shares of common stock outstanding for each period. Diluted earnings per common share is similar to basic earnings per share except that the weighted average number of common shares outstanding is increased to include the number of additional common shares that would have been outstanding if the dilutive common shares (options) had been issued. The treasury stock method is used to calculate dilutive shares which reduces the gross number of dilutive shares by the number of shares purchasable from the proceeds of the options assumed to be exercised.

6. MORTGAGES AND LOANS PAYABLE. At March 31, 2002, the Company had \$327,415,000 of loans outstanding, which are collateralized by mortgages on certain operating properties. Annual maturities for mortgages and loans payable are summarized as follows (in thousands):

Year Ending December 31,		
2002	\$	11,434
2003		5,200
2004		85,629
2005		6,110
2006		23,704
Subsequent Years		195,338
		-----
Total	\$	327,415
		=====

7. DIVIDENDS. The Company paid a quarterly dividend of \$0.35 per share on February 7, 2002, to shareholders of record on December 31, 2001. During the quarter ended March 31, 2002, the Company's Board of Directors declared a quarterly dividend of \$0.35 per share payable on May 2, 2002 to shareholders of record on March 31, 2002. The Company currently expects that all dividends paid for 2002 will be treated as ordinary income to the recipient for income tax purposes.

8. SEGMENT REPORTING. The Company operates in one business segment, real estate. The Company's primary business is the ownership, development, and operation of income-producing office properties. Management operates each property as an individual operating segment and has aggregated these operating segments into a single

10

segment for financial reporting purposes due to the fact that all of the individual operating segments have similar economic characteristics. All of the Company's operations are located in the Southeastern United States.

### Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion should be read in conjunction with the condensed consolidated financial statements and related notes appearing elsewhere in this Form 10-Q, and the Management's Discussion and Analysis of Financial Condition and Results of Operations included in the Company's Annual Report on Form 10-K for the period ended December 31, 2001.

In December 2001, the Company sold ten properties comprising 75 suburban office buildings and one retail center to AP-Knight LP. The results of these properties are included in the operating results of the Company for the period ending March

## Edgar Filing: KOGER EQUITY INC - Form 10-Q

31, 2001. As a result, certain of the Company's current operating results, as compared to the prior year, have been affected by the sale of these assets.

During January 2002, the Company acquired the 999,710 limited partnership units in Koger-Vanguard Partners, L.P., a Delaware limited partnership, for approximately \$16.5 million. These partnership units were convertible into 999,710 shares of the Company's common stock.

On January 31, 2002, the Company acquired Three Ravinia Drive, an 805,972 square foot office building located in Atlanta, Georgia, for approximately \$125.0 million and other transaction costs. As of March 31, 2002, approximately 57% of the property's rentable space was leased. The Company expects to lease the property's vacant space over the next three years. The results of the Koger-Vanguard Partners, L.P. and Three Ravinia Drive acquisitions have been included in the Company's operating results for the period ending March 31, 2002 from their respective acquisition dates.

### RESULTS OF OPERATIONS.

Rental and other rental services revenues totaled \$30,595,000 for the quarter ended March 31, 2002, compared to \$41,591,000 for the quarter ended March 31, 2001. This decrease resulted primarily from the sale of assets described above. The effect of this decrease was partially offset by an increase in rental revenues (\$782,000) from two buildings constructed by the Company in 2001 and two months of revenues (\$2,206,000) from the Three Ravinia Drive property. At March 31, 2002, the Company's buildings were on average 87 percent leased with an average rental rate of \$16.82 per rentable square foot. Excluding Three Ravinia Drive, which was in its lease-up period at March 31, 2002, the remainder of the Company's buildings were on average 90 percent leased. At March 31, 2001, the Company's buildings were on average 89 percent leased with an average rental rate of \$16.22 per rentable square foot.

Management fee revenues totaled \$788,000 for the quarter ended March 31, 2002, compared to \$1,094,000 for the quarter ended March 31, 2001. This decrease was due primarily to the loss of fees from one management agreement that was terminated in 2001. This loss of fees was partially offset by fees received from AP-Knight LP under a property management agreement that began in December 2001.

Interest revenues decreased \$102,000 for the quarter ended March 31, 2002, compared to the same period last year, primarily due to a decrease in interest earned from loans to certain current and former employees and lower effective interest rates on the Company's average invested cash balance.

Property operations expense includes such charges as utilities, real estate taxes, janitorial, maintenance, property insurance, provision for uncollectible rents and management costs. The amount of property operations expense and its percentage of total rental revenues for the applicable periods are as follows:

Period	Amount	Percent of Rental and Other Rental Services
-----	-----	-----
March 31, 2002 - Quarter	\$ 10,459,000	34.2%
March 31, 2001 - Quarter	\$ 15,392,000	37.0%

Depreciation expense has been calculated on the straight-line method based upon the useful lives of the Company's depreciable assets, generally 3 to 40 years. Depreciation expense decreased \$2,012,000 for the three months ended March 31,

## Edgar Filing: KOGER EQUITY INC - Form 10-Q

2002, compared to the same period last year, due to the Company's disposition of 75 office buildings and one retail property in December 2001. Amortization expense decreased \$187,000 for the three months ended March 31, 2002, compared to the same period last year, due primarily to a decline in the Company's expenditures for deferred tenant costs and the Company's adoption of SFAS No. 142 effective January 1, 2002. SFAS No. 142 discontinues the practice of amortizing goodwill.

For the three months ended March 31, 2002, interest expense decreased due to the Company's payment of approximately \$90 million in revolving debt in December 2001. This decrease in interest expense was partially offset by the Company's \$80 million draw on its secured revolving credit facility for the purchase of an office building in Atlanta, Georgia on January 31, 2002. At March 31, 2002 and 2001, the weighted average interest rate on the Company's outstanding debt was approximately 7.00 percent and 7.65 percent, respectively.

General and administrative expenses for the three months ended March 31, 2002 and 2001, totaled \$2,510,000 and \$2,039,000, respectively. During the quarter ended March 31, 2002, the Company incurred \$435,000 of compensation expense related to special distributions that are probable of being paid under the terms of certain stock option agreements.

Direct costs of management contracts increased \$96,000 for the three months ended March 31, 2002, compared to the same period last year, due to property management services provided to AP-Knight LP beginning in December 2001.

Net income totaled \$5,151,000 for the quarter ended March 31, 2002, compared to net income of \$8,625,000 for the corresponding period in 2001. This decrease resulted primarily from the sale of assets described above.

### LIQUIDITY AND CAPITAL RESOURCES.

Operating Activities-- During the three months ended March 31, 2002, the Company generated approximately \$11.2 million in net cash from operating activities. The Company's primary internal sources of cash are (i) the collection of rents from buildings owned by the Company and (ii) the receipt of management fees paid to the Company in respect of properties managed on behalf of AP-Knight LP and Crocker Realty Trust. As a REIT for Federal income tax purposes, the Company is required to pay out annually, as dividends, at least 90 percent of its REIT taxable income (which, due to non-cash charges, including depreciation and net operating loss carryforwards, may be substantially less than cash flow). In the past, the Company has paid out dividends in amounts at least equal to its REIT taxable income. The Company believes that its cash provided by operating activities will be sufficient to cover debt service payments and to pay the dividends required to maintain REIT status through 2002.

The level of cash flow generated by rents depends primarily on the occupancy rates of the Company's buildings and changes in rental rates on new and renewed leases and under escalation provisions in existing leases. At March 31, 2002, leases representing approximately 15.4 percent of the gross annualized rent from the Company's properties, without regard to the exercise of options to renew, were due to expire during the remainder of 2002. These scheduled expirations represent 241 leases for space in buildings located in 14 of the 15 centers or locations in which the Company owns buildings. Certain of these tenants may not renew their leases or may reduce their demand for space. During the three months ended March 31, 2002, leases were renewed on approximately 77 percent of the Company's rentable square feet that were scheduled to expire during the three month period. For those leases which renewed during the

## Edgar Filing: KOGER EQUITY INC - Form 10-Q

three months ended March 31, 2002, the average rental rate per rentable square foot increased from \$17.58 to \$18.33. However, current market conditions in certain markets may require that rental rates at which leases are renewed or at which vacated space is leased be lower than rental rates under existing leases. Based upon the amount of leases that will expire during 2002 and the competition for tenants in the markets in which the Company operates, the Company has and expects to continue to offer incentives to certain new and renewal tenants. These incentives may include the payment of tenant improvement costs and, in certain markets, reduced rents during initial lease periods.

The Company has benefited from existing economic conditions and stable vacancy levels for office buildings in many of the metropolitan areas in which the Company owns buildings. The Company believes that the Southeastern United States provides significant economic growth potential due to its diverse regional economies, expanding metropolitan areas, skilled work force and moderate labor costs. However, the Company cannot predict whether such economic growth will continue and the Company is currently experiencing slower growth in the markets in which it owns buildings. Cash flow from operations could be reduced if a weakened economy resulted in lower occupancy rates and lower rental income for the Company's buildings.

Governmental tenants (including the State of Florida and the United States Government) which account for approximately 25.5 percent of the Company's leased space at March 31, 2002, may be subject to budget reductions in times of recession and governmental austerity measures. Consequently, there can be no assurance that governmental appropriations for rents may not be reduced. Additionally, certain of the private sector tenants that have contributed to the Company's rent stream may reduce their current demands, or curtail their future need, for additional office space.

Investing Activities-- During January 2002, the Company acquired all of the limited partnership units in Koger-Vanguard Partners, L.P., a Delaware limited partnership, for approximately \$16.5 million. These partnership units were convertible into 999,710 shares of the Company's common stock.

On January 31, 2002, the Company acquired Three Ravinia Drive, an 804,756 square foot office building located in Atlanta, Georgia, for approximately \$125.0 million and other transaction costs. The Company preliminarily allocated approximately \$18.8 million and \$106.5 million of the net purchase price to value of the acquired land and building, respectively. As of March 31, 2002, approximately 57% of the property's rentable space was leased. The Company expects to lease the property's vacant space over the next three years.

At March 31, 2002, substantially all of the Company's invested assets were in real properties. Improvements to the Company's existing properties have been financed through internal operations. During the three months ended March 31, 2002, the Company's expenditures for improvements to existing properties decreased \$1,778,000 from the corresponding period of the prior year. This decrease was due to the reduction in expenditures for tenant improvements primarily caused by the sale of 75 office buildings and one retail property in 2001.

Financing Activities-- The Company has a \$125 million secured revolving credit facility (\$80 million of which had been borrowed on March 31, 2002) provided by Fleet National Bank and other lenders. At March 31, 2002, the Company had one office building, containing approximately 805,000 rentable square feet, which was unencumbered. Loan maturities and normal amortization of mortgages and loans payable are expected to total approximately \$11.4 million during calendar year 2002.

Edgar Filing: KOGER EQUITY INC - Form 10-Q

The foregoing discussion contains forward-looking statements concerning 2002. The actual results of operations for 2002 could differ materially from those projected because of factors affecting the financial markets, reactions of the Company's existing and prospective investors, the ability of the Company to identify and execute development projects and acquisition opportunities, the ability of the Company to renew and enter into new leases on favorable terms, and other risk factors. See Item 7. "Management's Discussion and Analysis of Financial Condition and Results of Operations - - Cautionary Statement Relevant to Forward-Looking Information for Purpose of the 'Safe Harbor' Provisions of the the

13

Private Securities Litigation Reform Act of 1995" in the Company's Annual Report on Form 10-K for the Fiscal Year Ended December 31, 2001.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Interest Rate Risk. The Company currently has a \$125 million secured revolving credit facility with a variable interest rate. The Company may incur additional variable rate debt in the future to meet its financing needs. Increases in interest rates on such debt could increase the Company's interest expense, which would adversely affect the Company's cash flow and its ability to pay dividends to its shareholders. The Company has not entered into any interest rate hedge contracts in order to mitigate the interest rate risk with respect to the secured revolving credit facility. As of March 31, 2002, the Company had borrowed \$80 million under the secured revolving credit facility. If the weighted average interest rate on this variable rate debt were 100 basis points higher or lower, annual interest expense would be increased or decreased by approximately \$800,000.

	-----	-----	
Total	8,287,000	7,710,881	
	=====	=====	

Weighted Average - Total Company

Weighted Average - Operational Buildings

Weighted Average - Building in Lease-up

- (1) The percent leased rates have been calculated by dividing total rentable square feet leased in an office building by rentable square feet in such building.
- (2) Rental rates are computed by dividing (a) total annualized base rents (which excludes expense pass-through and reimbursements) for a Koger Center or location as of March 31, 2002 by (b) the rentable square feet applicable to such total annualized rents.
- (3) Currently in a lease-up period. The Company considers an acquired building to be in a lease-up period until the earlier of 85% occupancy or 18 months.
- (4) An engineering survey of the newly acquired property is ongoing. Square footage amounts represent the Company's best current estimates.

- (b) The following schedule sets forth for all of the Company's buildings (i) the number of leases which will expire during the remainder of calendar year 2002, calendar years 2003 through 2010, and years subsequent to 2010, (ii) the total rentable area in square feet covered by such leases, (iii) the percentage of total rentable square feet represented by such leases, (iv) the average annual rent per square foot for such leases, (v) the current annualized base rents represented by such leases, and (vi) the percentage of gross annualized base rents contributed by such leases. This information is based on the buildings owned by the Company on March 31, 2002 and on the terms of leases in effect as of March 31, 2002, on the basis of then existing base rentals, and without regard to the exercise of options to renew. Furthermore, the information below does not reflect that some leases have provisions for early termination for various reasons, including, in the case of government entities, lack of budget appropriations. Leases were renewed on approximately 77 percent of the Company's rentable square feet which were scheduled to expire during the three months ended March 31, 2002.

Edgar Filing: KOGER EQUITY INC - Form 10-Q

Period	Number of Leases Expiring	Number of Square Feet Expiring	Percentage of Total Square Feet Leased Represented by Expiring Leases	Average Annual Rent per Square Foot Under Expiring Leases	Total Annualized Rents Under Expiring Leases
2002	241	1,004,157	15.1%	\$17.21	\$ 17,284,4
2003	224	1,407,817	21.1%	15.70	22,107,4
2004	201	943,501	14.2%	16.77	15,821,6
2005	109	622,961	9.3%	17.87	11,133,3
2006	74	598,209	9.0%	18.04	10,789,7
2007	27	611,355	9.2%	16.57	10,129,9
2008	19	422,108	6.3%	18.20	7,684,3
2009	21	459,243	6.9%	18.28	8,394,2
2010	3	116,495	1.7%	17.19	2,002,5
Other	10	478,360	7.2%	14.12	6,752,8
Total	929	6,664,206	100.0%	\$16.82	\$112,100,4

(c) The Company believes that Funds from Operations is one measure of the performance of an equity real estate investment trust. Funds from Operations should not be considered as an alternative to net income as an indication of the Company's financial performance or to cash flow from operating activities (determined in accordance with accounting principles generally accepted in the United States of America) as a measure of the Company's liquidity, nor is it necessarily indicative of sufficient cash flow to fund all of the Company's needs. Funds from Operations is calculated as follows (in thousands):

	Three Months Ended March 31, 2002
Net Income	\$ 5,151
Depreciation - real estate	6,042
Amortization - deferred tenant costs	364
Amortization - goodwill	--
Minority interest	20
(Gain) loss on sale of furniture and equipment	(1)
Funds from Operations	\$11,576
