Report of Independent Registered Public Accounting Firm

To the Board of Directors and Shareholders of Ternium S.A.:

We have reviewed the accompanying consolidated condensed balance sheet of Ternium S.A. and its subsidiaries as of September 30, 2007, and the related consolidated condensed statements of income and of changes in shareholders' equity for the nine-month periods ended September 30, 2007 and 2006 and the consolidated condensed statements of cash flows for the nine-month periods ended September 30, 2007 and 2006. These interim financial statements are the responsibility of the Company's management.

We conducted our review in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the

## Edgar Filing: Ternium S.A. - Form 6-K

objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying consolidated condensed interim financial statements for them to be in conformity with International Financial Reporting Standards.

We previously audited in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheet as of December 31, 2006, and the related consolidated statements of income, of changes in shareholders' equity and of cash flows for the year then ended (not presented herein), and in our report dated February 27, 2007 we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying consolidated balance sheet information as of December 31, 2006, is fairly stated in all material respects in relation to the consolidated balance sheet from which it has been derived

### TERNIUM S.A.

#### Notes to the Consolidated Condensed Interim Financial Statements

##### 1 General information and basis of presentation

Ternium S.A. (the "Company" or "Ternium"), a Luxembourg Corporation (Societe Anonyme), was incorporated on December 22, 2003 under the name of Zoompart Holding S.A. to hold investments in flat and long steel manufacturing and distributing companies. The extraordinary shareholders' meeting held on August 18, 2005, changed the corporate name to Ternium S.A.

Following a corporate reorganization carried out during fiscal year 2005, in January 2006 the Company successfully completed its registration process with the United States Securities and Exchange Commission ("SEC"). As from February 1, 2006, the Company's shares are listed in the New York Stock Exchange.

The name and percentage of ownership of subsidiaries that have been included in consolidation in these Consolidated Condensed Interim Financial Statements is disclosed in Note 2 to the audited Consolidated Financial Statements for the year ended December 31, 2006.

These Consolidated Condensed Interim Financial Statements have been prepared in accordance with IAS 34, "Interim Financial Reporting". These Consolidated Condensed Interim Financial Statements should be read in conjunction with the audited Consolidated Financial Statements for the year ended December 31, 2006, which have been prepared in accordance with International Financial Reporting Standards ("IFRS").

Certain comparative amounts have been reclassified to conform to changes in presentation in the current period.

The preparation of consolidated condensed interim financial statements requires management to make estimates and assumptions that might affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities as of the balance sheet dates, and also the reported amounts of revenues and expenses for the reported periods. Actual results may differ from these estimates.

Material intercompany transactions and balances have been eliminated in consolidation. However, the fact that the functional currency of the Company's subsidiaries differ, results in the generation of foreign exchange gains (losses) that are included in the consolidated condensed interim income statement under "Other financial expenses, net".

These Consolidated Condensed Interim Financial Statements were approved by the Board of Directors of Ternium on November 6, 2007.

##### 2 Accounting policies

## Edgar Filing: Ternium S.A. - Form 6-K

The accounting policies used in the preparation of these Consolidated Condensed Interim Financial Statements are consistent with those used in the audited Consolidated Financial Statements for the year ended December 31, 2006.

Recently issued accounting pronouncements were applied by the Company as from their respective dates.

During 2007, Ternium launched an incentive retention program (the "Program") applicable to certain senior officers and employees of the Company, who will be granted a number of Units throughout the duration of the Program. The value of each of these Units is based on Ternium's shareholders' equity (excluding minority interest). Also, the beneficiaries of the Program are entitled to receive cash amounts based on (i) the amount of dividend payments made by Ternium to its shareholders, and (ii) the number of Units held by each beneficiary to the Program. Units vest ratably over a period of four years beginning January 1, 2007 and will be redeemed by the Company ten years after grant date. As of September 30, 2007, the outstanding liability corresponding to the Program amounts to USD 2.3 million.

### TERNIUM S.A.

Notes to the Consolidated Condensed Interim Financial Statements (Contd.)

#### 3 Segment information

Primary reporting format - business segments

Business segments: for management purposes, the Company is organized on a worldwide basis into the following segments: flat steel products, long steel products and others.

The flat steel products segment comprises the manufacturing and marketing of hot rolled coils and sheets, cold rolled coils and sheets, tin plate, welded pipes, hot dipped galvanized and electrogalvanized sheets, pre-painted sheets and other tailor-made products to serve its customers' requirements.

The long steel products segment comprises the manufacturing and marketing of billets (steel in its basic, semifinished state), wire rod and bars.

The other products segment includes products other than flat and long steel, mainly metal building systems and components, insulated panels, iron ore and pig iron.

	Flat steel products	Long steel products

3 Segment information (continued)

Secondary reporting format - geographical segments

The secondary reporting format is based on a geographical location. Ternium sells its products to three main geographical areas: South and Central America, North America, and Europe and others. The North American segment comprises principally United States, Canada and Mexico. The South and Central American segment comprises principally Argentina, Brazil, Colombia, Venezuela and Ecuador.

	South and Central America	North America

### 9 Distribution of dividends

During the annual general shareholders meeting held on June 6, 2007, the shareholders approved the consolidated financial statements and unconsolidated annual accounts for the year ended December 31, 2006 and a distribution of dividends of USD 0.05 per share (USD 0.50 per ADS), or USD 100.2 million. The dividends were paid on June 12, 2007.

### 10 Contingencies, commitments and restrictions on the distribution of profits

This note should be read in conjunction with Note 28 to the Company's audited Consolidated Financial Statements for the year ended December 31, 2006. Significant changes or events since the date of the annual report are as follows:

(i) Consorcio Siderurgia Amazonia Ltd .- PDVSA-Gas C.A. claim  
 In June 2004, the arbitration proceedings brought by Sidor against PDVSA Gas, C.A. (on the basis that PDVSA Gas had charged Sidor higher than agreed-upon prices in its supplies of gas against the application of the most favored client clause) were resolved in Sidor's favor. Accordingly, in its financial statements at December 31, 2004, Sidor reversed the USD41.4 million provision it had recorded at December 31, 2003. In July 2004, PDVSA Gas, C.A. filed an appeal with the Venezuelan courts seeking to void the arbitral award. Sidor believes that applicable Venezuelan law does not allow the courts to void an arbitral award under the circumstances and that the likelihood of loss thereunder is remote. Accordingly, Sidor did not record any liabilities in connection with the appeal. At September 30, 2007, Sidor's potential exposure under this litigation amounted to USD 151.8 million.

#### (ii) Grupo Imsa - Commitments:

(a) On December 16, 2004, Grupo Imsa entered into a ten-year steel slab supply agreement (the "Agreement") with Corus UK Limited ("Corus") together with Grupo Marcegaglia (Italy), Duferco International (Switzerland), Donkuk Steel (South Korea) (collectively referred to as the "Off-takers"). During the term of the contract, Grupo Imsa through one of its subsidiaries, will be entitled to purchase 15.4% of the production of Corus' Teeside plant, estimated between 3.2 and 3.6 million tons of steel slab per year. This represents approximately 20% of Grupo Imsa's actual steel slab needs. The Agreement also establishes a supply schedule for each of the Off-takers.

As per the Agreement, Grupo Imsa is committed to make predetermined cash payments during the term of the contract in addition to the purchase price paid for the steel slab, as follows: (i) an initial payment of USD14.3 million, (ii) twenty semi-annual payments distributed proportionately in different percentages until 2014 for a total of USD16.5 million, and (iii) additional payments for future capital investments in Corus' Teeside plant amounting to approximately

## Edgar Filing: Ternium S.A. - Form 6-K

USD15.1 million. All the payments described in (i) and (ii) above have been made prior to the acquisition of Grupo Imsa by Ternium.

-11-

### TERNIUM S.A.

#### Notes to the Consolidated Condensed Interim Financial Statements (Contd.)

10 Contingencies, commitments and restrictions on the distribution of profits (continued)

(b) On April 5, 2000, several subsidiaries of Grupo Imsa which have facilities throughout the Mexican territory, entered into a 15-year energy purchase agreement for approximately 90 MW of electricity with Tractebel Energia de Monterrey, S. de R.L. de C.V.

(c) On September 1, 1995, Grupo Imsa (through Steelscape, Inc., one of its subsidiaries located in the United States of America) entered into a fifty-year operating lease agreement with the Port of Kalama for the lease of land for a facility located in Kalama. Grupo Imsa's subsidiary has the option to extend the term of this lease for three consecutive ten-year periods. Under this lease with the Port of Kalama, the Company is responsible for removing its personal property and an environmental evaluation must be conducted at the expense of the Company. The land lease with the Port of Kalama included a free rent period and increasing rent payments and the Company is responsible for removing machinery, equipment and office furniture and restoring the premises to a suitable condition at the end of the lease term.

(d) On January 19, 2006, Grupo Imsa (through Industrias Monterrey S.A. de C.V) entered into an agreement with Gas Industrial de Monterrey, S.A. de C.V (GIMSA), under which GIMSA agrees to supply natural gas to two of Grupo Imsa's plants, based on an Annual Firm Base which is established 45 days before the commencement of the following service year and is determined based on Grupo Imsa's daily needs for the relevant period. Grupo Imsa has the obligation to purchase the agreed volume, which is subject to changes according to written communications, as established in the agreement. The price is determined on a monthly basis pursuant to the methodology approved by the Energy Regulatory Commission for prices applicable to the area.

(e) On April 1, 2003, Grupo Imsa (through Industrias Monterrey S.A. de C.V.) entered into a contract with PEMEX GAS and Petroquimica Basica for the supply of natural gas to one of Grupo Imsa's plants located in Monclova, based on an annual program established 30 days before the commencement of the following service year. This annual program is agreed based on Grupo Imsa's needs during the relevant period and Grupo Imsa has the obligation to purchase this agreed volume, which is subject to renegotiation according to the agreement. The reference price is determined based on the average of the quoted prices of several indexes plus transportation and service costs depending on the areas or cities.

(iii) Restrictions on the distribution of profits  
Under the credit agreements entered into to finance the acquisition of Hylsamex, the Company and its affiliates had some restrictions to the payment of dividends in excess of certain amounts, among other limitations (see Note 3e) to the audited Consolidated Financial Statements for the year ended December 31, 2006). As of September 30, 2007, Ternium S.A. and Siderar S.A.I.C. have fully repaid these loans, and at the same time the guarantees and restrictions imposed by the financing contracts were released.

Under Luxembourg law, at least 5% of net income per year calculated in accordance with Luxembourg law and regulations must be allocated to a reserve

## Edgar Filing: Ternium S.A. - Form 6-K

until such reserve equals 10% of the share capital. At September 30, 2007, this reserve reached the above-mentioned threshold.

Ternium may pay dividends to the extent that it has distributable retained earnings and distributable reserves calculated in accordance with Luxembourg law and regulations. Therefore, retained earnings included in the consolidated financial statements may not be wholly distributable.

Accumulated profit at January 1, 2007	499,842
Profit for the period	631,084
	-----
Total shareholders' equity under Luxembourg GAAP	5,052,178 -----

11 Acquisition of business: Grupo Imsa S.A.B. de C.V. ("Grupo Imsa")

On April 29, 2007, Ternium entered into an agreement with Grupo IMSA S.A.B. de C.V. ("Grupo Imsa") and Grupo Imsa's controlling shareholders under which Ternium obtained control of Grupo Imsa for a total consideration (equity value) of approximately USD 1.7 billion.

Under the agreement, Ternium, through its wholly owned subsidiary Ternium Internacional Espana S.L.U., made a cash tender offer under applicable Mexican law for all of the issued and outstanding share capital of Grupo Imsa at a price of US\$ 6.40 per share. Pursuant to the tender offer, Ternium acquired 25,133,856 shares representing 9.3% of the issued and outstanding capital of the company.

Concurrently with the consummation of the tender offer, on July 26, 2007, all the shares of Grupo Imsa that were not tendered into the tender offer (including the shares owned by Grupo Imsa's majority shareholders), representing 90.7% of Grupo Imsa's issued and outstanding share capital were redeemed for cash pursuant to a capital reduction effected at the same price per share.

Accordingly, Ternium now owns all of Grupo Imsa's issued and outstanding share capital.

Grupo Imsa is a steel manufacturer with operations in Mexico, the United States and Guatemala. It has an annual production capacity of 2.2 million tons of hot rolled coils, 1.8 million tons of cold rolled products and 1.7 million tons of

## Edgar Filing: Ternium S.A. - Form 6-K

coated products. In addition, Grupo Imsa produces panels and other steel products.

The initial accounting for the acquisition of Grupo Imsa has been determined provisionally as the Company still needs to perform additional procedures to estimate the fair value of certain identifiable assets and liabilities.

#### 11 Acquisition of business: Grupo Imsa S.A.B. de C.V. ("Grupo Imsa") (continued)

The acquired business contributed revenues of USD 581.9 million to the Company in the period ended September 30, 2007. The book value of net assets acquired totals USD 543.9 million. The fair value of assets and liabilities arising from acquisition are as follows:

Property, plant and equipment  
Intangible assets  
Inventories  
Cash and cash equivalents  
Deferred Tax Liabilities  
Pension Benefits  
Provisions  
Borrowings  
Other assets and liabilities, net

Net

Goodwill, representing the excess of the purchase price paid over the fair value of identifiable assets, liabilities and contingent liabilities acquired, totaled USD 521.3 million.

The transactions were financed primarily through the incurrence of debt as follows:

- o Ternium made several borrowings in an aggregate principal amount of USD 125 million under a loan facility (the "Ternium Facility") with a syndicate of banks led by Calyon New York Branch as administrative agent, the proceeds of which were primarily used to finance the above described tender offer. Ternium's loans under the Ternium Facility will be repaid in nine consecutive and equal semi-annual installments commencing on July 26, 2008.
- o Ternium's subsidiary Hylsa S.A. de C.V. ("Hylsa") made several borrowings in an aggregate principal amount of 3,485 million under a loan facility (the "Hylsa Facility") with a syndicate of banks led by Calyon New York Branch as administrative agent, the proceeds of which were primarily used to finance the above described capital reduction by Grupo Imsa, to refinance existing indebtedness of Grupo Imsa and Hylsa and to pay taxes, fees and expenses

## Edgar Filing: Ternium S.A. - Form 6-K

related to the transactions.

Grupo Imsa assumed on August 3, 2007 certain of Hylsa's loans under the Hylsa Facility, as well as a portion of Hylsa's remaining unused commitments. Following the assumption date:

- o Hylsa's debt under the Hylsa Facility amounted to USD 2,070 million in principal amount, and Grupo Imsa's debt under that facility amounted to USD 1,415 million in principal amount; and
- o Grupo Imsa's unused commitment under the facility amounted to USD 140 million.

The loans of each of Hylsa and Grupo Imsa are divided in two tranches of equal principal amount. Tranche A loans will be repaid in seven equal semi-annual installments beginning on January 26, 2009, while tranche B loans will be repaid in one installment due on July 26, 2012.

Each of the Ternium Facility and the Hylsa Facility contains covenants customary for transactions of this type, including limitations on liens and encumbrances, restrictions on investments and capital expenditures, limitations on the sale of certain assets and compliance with financial ratios (e.g., leverage ratio and interest coverage ratio). There are no limitations to the payment of dividends under either facility, except in case of non compliance of the above mentioned covenants.

TERNIUM S.A.

Notes to the Consolidated Condensed Interim Financial Statements (Contd.)

13 Recent accounting pronouncements

(i) International Accounting Standard 23 (revised 2007), "Borrowing Costs"

In March 2007, the International Accounting Standards Board issued International Accounting Standard 23 (revised 2007), "Borrowing Costs" (the "Standard"). The Standard provides that borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset form part of the cost of that asset, while all other borrowing costs shall be recognized as an expense.

The Standard supersedes IAS 23 (revised 1993) and is applicable for annual periods beginning on or after 1 January 2009. Earlier application is permitted. If an entity applies the Standard from a date before 1 January 2009, it shall

## Edgar Filing: Ternium S.A. - Form 6-K

disclose that fact.

The Company's management has not assessed the potential impact that the application of the Standard may have on the Company's financial condition or results of operations.

(ii) IFRIC Interpretation 13, Customer Loyalty Programmes

In June 2007, International Financial Reporting Interpretations Committee ("IFRIC") issued IFRIC Interpretation 13 "Customer Loyalty Programmes" ("IFRIC 13"). IFRIC 13 applies to customer loyalty award credits that:

- (a) an entity grants to its customers as part of a sales transaction (i.e. a sale of goods, rendering of services or use by a customer of entity assets); and
- (b) subject to meeting any further qualifying conditions, the customers can redeem in the future for free or discounted goods or services.

IFRIC 13 addresses accounting by the entity that grants award credits to its customers.

An entity shall apply IFRIC 13 for annual periods beginning on or after July 1, 2008, although earlier application is permitted. If an entity applies IFRIC 13 for a period beginning before July 1, 2008, it shall disclose that fact.

The Company's management estimates that the application of IFRIC 13 will not have a material effect on the Company's financial condition or results of operations.

(iii) IFRIC Interpretation 14, IAS 19 -The Limit on a Defined Benefit Asset, Minimum Funding Requirements and their Interaction

In July 2007, IFRIC issued IFRIC Interpretation 14 "IAS 19 -The Limit on a Defined Benefit Asset, Minimum Funding Requirements and their Interaction" ("IFRIC 14"). IFRIC 14 applies to all post-employment defined benefits and other long-term employee defined benefits and addresses the following issues:

- (a) when refunds or reductions in future contributions should be regarded as available in accordance with paragraph 58 of IAS 19;
- (b) how a minimum funding requirement might affect the availability of reductions in future contributions; and
- (c) when a minimum funding requirement might give rise to a liability.

An entity shall apply this Interpretation for annual periods beginning on or after January 1, 2008. Earlier application is permitted.

-16-

TERNIUM S.A.

Notes to the Consolidated Condensed Interim Financial Statements (Contd.)

13 Recent accounting pronouncements (continued)

The Company's management has not assessed the potential impact that the application of IFRIC 14 may have on the Company's financial condition or results of operations.

(iv) International Accounting Standard 1 (revised 2007), "Presentation of Financial Statements"

## Edgar Filing: Ternium S.A. - Form 6-K

In September 2007, the International Accounting Standards Board issued International Accounting Standard 1 Revised, "Presentation of Financial Statements" ("IAS 1 Revised"). IAS 1 Revised sets overall requirements for the presentation of financial statements, guidelines for their structure and minimum requirements for their content. The main changes introduced by IAS 1 Revised in respect of the previous version of IAS 1 include the following:

- (a) a complete set of financial statements shall include a statement of financial position as at the beginning of the earliest comparative period whenever the entity retrospectively applies an accounting policy or makes a retrospective restatement;
- (b) changes in equity arising from transactions with owners in their capacity as owners shall be reported separately from non-owners changes in equity;
- (c) an entity shall disclose income tax relating relating to each component of other comprehensive income; and
- (d) the option to present distributions to equity holders (dividends) in the income statement is no longer available

IAS 1 Revised is applicable for annual periods beginning on or after January 1, 2009, although earlier application is permitted.

The Company's management has not assessed the potential impact that the application of IAS 1 Revised may have on the Company's financial condition or results of operations.
