2011 ANNUAL MEETING OF STOCKHOLDERS

PROXY STATEMENT

Chimera Investment Corporation (“we”, “our” or “us”) is furnishing this proxy statement in connection with our solicitation of proxies to be voted at our 2011 annual meeting of stockholders. We will hold the annual meeting at the New York Marriott Marquis, 1535 Broadway, New York, New York 10036, on Thursday, May 26, 2011 at 11:00 a.m. New York time, and any postponements or adjournments thereof. We are sending this proxy statement and the enclosed proxy to our stockholders commencing on or about April 15, 2011. Our principal executive offices are located at 1211 Avenue of the Americas, Suite 2902, New York, New York 10036.

QUESTIONS AND ANSWERS ABOUT THE MEETING

Q: What am I voting on?

- A: (1) Election of three directors, Paul Donlin, Mark Abrams and Gerard Creagh, for terms of three years;
- (2) Approval of a non-binding advisory resolution on our executive compensation;
- (3) A recommendation, by a non-binding advisory vote, for the frequency of advisory votes on our executive compensation; and
- (4) Ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for 2011.

Q: How does the board of directors recommend that I vote on these proposals?

A: Our board of directors recommends that you vote:

- (1) “FOR” the election of each of the nominees as directors;
- (2) “FOR” approval of the non-binding advisory resolution on executive compensation;
- (3) “FOR EVERY THREE YEARS” with regard to the frequency of the shareowner vote to approve our executive compensation; and
- (4) “FOR” the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for 2011.

Q: Will our External Manager be present at the Meeting?

A: Fixed Income Discount Advisory Company, which we refer to as our Manager or FIDAC, will be present at the meeting.

Q: Who is entitled to vote at the meeting?

A: Only common stockholders of record as of the close of business on March 30, 2011, the record date, are entitled to vote at the meeting.

Q: What quorum is required for the meeting?

A: A quorum will be present at the annual meeting if a majority of the votes entitled to be cast are present, in person or by proxy. Since there were 1,027,107,362 eligible votes as of the record date, we will need at least 513,553,682 votes present in person or by proxy at the annual meeting for a quorum to exist. If a quorum is not present at the annual meeting, we expect that the annual meeting will be adjourned to solicit additional proxies. Holders of record of our common stock on the record date are entitled to one vote per share.

Q: What are the voting requirements that apply to the proposals discussed in this proxy statement?

| A: | Proposal | Vote Required | Discretionary Voting Allowed? |
|-----|---|---------------|-------------------------------|
| (1) | Election of directors | Plurality | No |
| (2) | Advisory vote on our executive compensation | Majority | No |
| (3) | Advisory vote for the frequency of advisory votes on our executive compensation | Plurality | No |
| (4) | Ratification of the appointment of Deloitte & Touche LLP | Majority | Yes |

“Majority” means, with regard to the advisory resolution on our executive compensation and the ratification of the appointment of Deloitte & Touche LLP, a majority of the votes cast at the annual meeting.

“Plurality” means (a) regard to the election of directors, that the three nominees for director receiving the greatest number of “for” votes from our shares entitled to vote will be elected. and (b) with regard to the advisory vote on the frequency of the shareowner vote on executive compensation, the option (every one, two or three years) receiving the greatest number of “for” votes will be considered the frequency recommended by stockholders.

“Discretionary voting” occurs when a bank, broker, or other holder of record does not receive voting instructions from the beneficial owner and votes those shares in its discretion on any proposal as to which the rules of the New York Stock Exchange permit such bank, broker, or other holder of record to vote. When banks, brokers, and other holders of record are not permitted under the New York Stock Exchange rules to vote the beneficial owner’s shares, the affected shares are referred to as broker “non-votes.”

Q: What is the effect of abstentions and broker “non-votes”?

A: Abstentions will be treated as shares that are present and entitled to vote for purposes of determining the presence of a quorum. An abstention is the voluntary act of not voting by a stockholder who is present at a meeting and entitled to vote. Broker “non-votes” will be treated as present and entitled to vote for purposes of determining the presence of a quorum at the annual meeting.

Abstentions and broker non-votes, if any, will have no effect on the election of the directors (Proposal No. 1), the advisory resolution on our executive compensation (Proposal No. 2), the advisory vote for the frequency of advisory votes on our executive compensation (Proposal No. 3) and the ratification of the appointment of Deloitte & Touche LLP (Proposal No. 4).

Q: How will my shares be voted if I do not specify how they should be voted?

A: Properly executed proxies that do not contain voting instructions will be voted as follows:

- (1) Proposal 1: FOR the election of directors;
- (2) Proposal 2: FOR the approval of a non-binding advisory resolution on our executive compensation;
- (3) Proposal 3: FOR EVERY THREE YEARS with regard to the frequency of the shareowner vote to approve our executive compensation; and
- (4) Proposal 4: FOR the ratification of Deloitte & Touche LLP as our independent registered public accounting firm.

The individuals named as proxies by a stockholder may vote for one or more adjournments of the annual meeting, including adjournments to permit further solicitations of proxies.

We do not expect that any matter other than the proposals described above will be brought before the annual meeting. If, however, other matters are properly presented at the annual meeting, the individuals named as proxies will vote in accordance with the recommendation of our board of directors.

Q: What do I do if I want to change my vote?

A: You may revoke a proxy at any time before it is voted by filing with us a duly executed revocation of proxy, by submitting a duly executed proxy to us with a later date or by appearing at the annual meeting and voting in person. You may revoke a proxy by any of these methods, regardless of the method used to deliver your previous proxy. Attendance at the annual meeting without voting will not itself revoke a proxy.

Q: How will voting on any other business be conducted?

A: Other than the four proposals described in this proxy statement, we know of no other business to be considered at the annual meeting. If any other matters are properly presented at the meeting, your signed proxy card authorizes Matthew Lambiase, our Chief Executive Officer and President, and A. Alexandra Denahan, our Secretary, to vote on those matters according to their best judgment.

Q: Who will count the vote?

A: Representatives of Broadridge Financial Solutions, Inc., the independent Inspector of Elections, will count the votes.

Q: Who can attend the annual meeting?

A: All stockholders of record as of March 30, 2011 can attend the annual meeting, although seating is limited. If your shares are held through a broker and you would like to attend, please either (1) write us at Investor Relations, Chimera Investment Corporation, 1211 Avenue of the Americas, Suite 2902, New York, New York 10036 or email us at investor@chimerareit.com, or (2) bring to the meeting a copy of your brokerage account statement or an omnibus proxy (which you can get from your broker).

In addition, you must bring valid, government-issued photo identification, such as a driver's license or a passport. If you plan to attend, please check the box on your proxy card and return it as directed on the proxy card. In addition, if you are a record holder of common stock, your name is subject to verification against the list of our record holders on the record date prior to being admitted to the annual meeting. If you are not a record holder but hold shares in street name, that is, with a broker, dealer, bank or other financial institution that serves as your nominee, you should be prepared to provide proof of beneficial ownership on the record date, or similar evidence of ownership. If you do not provide valid government-issued photo identification or comply with the other procedures outlined above upon request, you will not be admitted to the annual meeting.

Security measures will be in place at the meeting to help ensure the safety of attendees. Metal detectors similar to those used in airports may be located at the entrance to the auditorium and briefcases, handbags and packages may be inspected. No cameras or recording devices of any kind, or signs, placards, banners or similar materials, may be brought into the meeting. Anyone who refuses to comply with these requirements will not be admitted.

Q: How will we solicit proxies for the annual meeting?

A: We are soliciting proxies by mailing this proxy statement and proxy card to our stockholders. We will pay the expenses incurred in connection with the printing and mailing of this proxy statement. In addition to solicitation by mail, the directors, officers and our employees, who will not be specially compensated, may solicit proxies from our stockholders by telephone, facsimile or other electronic means or in person. Arrangements also will be made with brokerage houses and other custodians, nominees and fiduciaries for the forwarding of solicitation materials to the beneficial owners of shares held of record by these persons, and we will reimburse them for their reasonable out-of-pocket expenses. We will bear the total cost of soliciting proxies.

Stockholders have the option to vote over the internet or by telephone. Please be aware that if you vote over the internet, you may incur costs such as telephone and access charges for which you will be responsible.

Q: What is “Householding” and does Chimera do this?

A: Householding is a procedure approved by the Securities and Exchange Commission under which stockholders who have the same address and last name and do not participate in electronic delivery of proxy materials receive only one copy of a company’s proxy statement and annual report from a company, bank, broker or other intermediary, unless one or more of these stockholders notifies the company, bank, broker or other intermediary that they wish to continue to receive individual copies. We engage in this practice, which is known as “householding,” as it reduces our printing and postage costs. However, if a stockholder of record residing at such an address wishes to receive a separate annual report or proxy statement, he or she may request it orally or in writing by contacting us at Chimera Investment Corporation, 1211 Avenue of the Americas, Suite 2902, New York, New York 10036, Attention: Investor Relations, by emailing us at investor@chimerareit.com, or by calling us at (646) 454-3759, and we will promptly deliver to the stockholder the requested annual report or proxy statement. If a stockholder of record residing at such an address wishes to receive a separate annual report or proxy statement in the future, he or she may contact us in the same manner. If you are an eligible stockholder of record receiving multiple copies of our annual report and proxy statement, you can request householding by contacting us in the same manner. If you own your shares through a bank, broker or other nominee, you can request householding by contacting the nominee.

Q: Could the Annual Meeting be postponed or adjourned?

A: If a quorum is not present or represented, our bylaws permit a majority of stockholders entitled to vote at the annual meeting, present in person or represented by proxy, to postpone or adjourn the meeting, without notice other than an announcement.

Q: Who can help answer my questions?

A: If you have any questions or need assistance voting your shares or if you need additional copies of this proxy statement or the enclosed proxy card, you should contact:

CORPORATE GOVERNANCE, DIRECTOR INDEPENDENCE,
BOARD MEETINGS AND COMMITTEES

Corporate Governance

We believe that we have implemented effective corporate governance policies and observe good corporate governance procedures and practices. We have adopted a number of written policies, including corporate governance guidelines, code of business conduct and ethics, and charters for our audit committee, compensation committee and nominating and corporate governance committee.

Board Oversight of Risk

The board of directors is responsible for overseeing our risk management practices and committees of the board of directors assist it in fulfilling this responsibility.

As required by its charter, the audit committee routinely discusses with management our significant risk exposures and the actions management has taken to limit, monitor or control such exposures, including guidelines and policies with respect to our assessment of risk and risk management. At least annually, the audit committee reviews with management our risk management program which identifies and quantifies a broad spectrum of enterprise-wide risks, and related action plans. In 2010, our full board of directors participated in this review and discussion and expects to continue this practice as part of its role in the oversight of our risk management practices. In addition, our Manager's employees report to the audit committee on various matters related to our risk exposures on a regular basis or more frequently if appropriate. At their discretion, members of the board of directors may also directly contact management to review and discuss any risk-related or other concerns that may arise between regular meetings.

Our board of directors reviewed with the compensation committee its compensation policies and practices applicable to our Manager that could affect our assessment of risk and risk management. Following such review, our board of directors determined that our compensation policies and practices, pursuant to which we pay no cash compensation to our Manager's employees since they are compensated by our Manager, do not create risks that are reasonably likely to have a material adverse effect on us. Our board of directors also considered that while we may grant our Manager's employees equity awards, such grants align their interests with our interests and do not create risks that are reasonably likely to have a material adverse effect on us. As part of its risk assessment and management activities going forward, our compensation committee also determined that our compensation committee would undertake an annual review of our compensation policies and practices as they relate to risk, the results of which will be shared with our full board of directors.

Independence of Our Directors

New York Stock Exchange rules require that at least a majority of our directors be independent of our company and management. The rules also require that our board of directors affirmatively determine that there are no material relationships between a director and us (either directly or as a partner, stockholder or officer of an organization that has a relationship with us) before such director can be deemed independent. We have adopted independence standards consistent with New York Stock Exchange rules. Our board of directors has reviewed both direct and indirect transactions and relationships that each of our directors had or maintained with us and our management. Our board of directors, based upon the fact that none of our non-employee directors have any material relationships with us other than as directors and holders of our common stock, affirmatively determined that six of our directors are independent directors under New York Stock Exchange rules. Our independent directors are Mark Abrams, Gerard Creagh, Paul Donlin, Paul A. Keenan, Dennis M. Mahoney and John P. Reilly. Jeremy Diamond and Matthew Lambiase are not considered independent because they are employees of our Manager.

Board Leadership Structure

We have separated the roles of principal executive officer and chairman of the board. Our principal executive officer is Matthew Lambiase, who is our Chief Executive Officer, President and a Director. Our chairman of the board of directors is Paul Donlin, who is an independent director. The board of directors believes this allocation of responsibilities between these two positions provides for dynamic board leadership while maintaining strong independence and is therefore an effective and appropriate leadership structure.

Board Committees and Charters

Code of Business Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics, which sets forth the basic principles and guidelines for resolving various legal and ethical questions that may arise in the workplace and in the conduct of our business. This code is applicable to all our employees, officers and directors, as well as to our Manager's officers, directors and employees when such individuals are acting for or on our behalf.

Corporate Governance Guidelines

We have adopted Corporate Governance Guidelines which, in conjunction with the charters and key practices of our board committees, provide the framework for the governance of our company.

Other Charters

Our compensation committee, audit committee and nominating and corporate governance committee have also adopted written charters which govern their conduct.

Where You Can Find These Documents

Our Code of Business Conduct and Ethics, Corporate Governance Principles, Compensation Committee Charter, Audit Committee Charter and Nominating and Corporate Governance Committee Charter are available on our website (www.chimerareit.com). We will provide copies of these documents free of charge to any stockholder who sends a written request to Investor Relations, Chimera Investment Corporation, 1211 Avenue of the Americas, Suite 2902, New York, New York 10036.

Compensation Committee

Our board of directors has established a compensation committee, which is composed of each of our independent directors, Messrs. Abrams, Creagh, Donlin, Keenan, Mahoney and Reilly. Mr. Keenan chairs the compensation committee, whose principal functions are to:

- evaluate the performance of our officers;
- evaluate the performance of our Manager;
- review the compensation and fees payable to our Manager under our management agreement;
- recommend to the board of directors the compensation for our independent directors; and
- administer the issuance of any securities under our equity incentive plan to our executives or the employees of our Manager.

For additional information on the compensation committee, please see “Compensation Committee Report” below.

Audit Committee

Our board of directors has established an audit committee, which is composed of each of our independent directors, Messrs. Abrams, Creagh, Donlin, Keenan, Mahoney and Reilly. Mr. Abrams chairs our audit committee as our board of directors has determined that Mr. Abrams is an audit committee financial expert, as that term is defined by the SEC. Each of the members of the audit committee is “financially literate” under the rules of the NYSE. The committee assists the board in overseeing:

- our accounting and financial reporting processes;
- the integrity and audits of our consolidated financial statements;
- our compliance with legal and regulatory requirements;
- the qualifications and independence of our independent registered public accounting firm; and
- the performance of our independent registered public accounting firm.

The audit committee is also responsible for engaging our independent registered public accounting firm, reviewing with the independent registered public accounting firm the plans and results of the audit engagement, approving professional services provided by the independent registered public accounting firm, reviewing the independence of the independent registered public accounting firm, considering the range of audit and non-audit fees and reviewing the adequacy of our internal accounting controls.

Our board of directors has determined that all of the directors serving on the audit committee are independent members of the audit committee under the current NYSE independence requirements and SEC rules. The activities of the audit committee are described in greater detail below under the caption "Report of the Audit Committee."

Nominating and Corporate Governance Committee

Our board of directors has established a nominating and corporate governance committee, which is composed of each of our independent directors, Messrs. Abrams, Creagh, Donlin, Keenan, Mahoney and Reilly. Mr. Donlin chairs the committee, which is responsible for seeking, considering and recommending to the full board of directors qualified candidates for election as directors and recommending a slate of nominees for election as directors at the annual meeting of stockholders. It also periodically prepares and submits to the board for adoption the nominating and corporate governance committee's selection criteria for director nominees. It reviews and makes recommendations on matters involving general operation of the board and our corporate governance, and annually recommends to the board nominees for each committee of the board. In addition, the nominating and corporate governance committee annually facilitates the assessment of the board of directors' performance as a whole and of the individual directors and reports thereon to the board.

Our board of directors has determined that all of the directors serving on the nominating and corporate governance committee are independent members of the nominating and corporate governance committee under the current NYSE independence requirements and SEC rules.

Our nominating and corporate governance committee currently considers the following factors in making its recommendations to the board of directors: background, skills, expertise, accessibility and availability to serve effectively on the board of directors. Our nominating and corporate governance committee also conducts inquiries into the background and qualifications of potential candidates. Although the nominating and corporate governance committee does not have a formal diversity policy, it believes that diversity is an important factor in determining the composition of the board of directors. Additionally, the committee believes that it is critical to have a board of directors with diverse backgrounds in various areas as this contributes to our success and is in the best interests of our stockholders. The nominating and corporate governance committee will consider nominees recommended by our stockholders. These recommendations should be submitted in writing to our Secretary.

Our nominating and corporate governance committee uses a variety of methods for identifying and evaluating nominees for director. Our nominating and corporate governance committee regularly assesses the appropriate size of the board of directors, and whether any vacancies on the board of directors are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, our nominating and corporate governance committee considers various potential candidates for director. Candidates may come to the attention of our nominating and corporate governance committee through current members of our board of directors, professional search firms, stockholders or other persons. These candidates are evaluated at regular or special meetings of our nominating and corporate governance committee, and may be considered at any point during the year. As described above, our nominating and corporate governance committee considers properly submitted stockholder nominations for candidates for the board of directors. Following verification of the stockholder status of persons proposing candidates, recommendations are aggregated and considered by our nominating and corporate governance committee at a regularly scheduled or special meeting. If any materials are provided by a stockholder in connection with the nomination of a director candidate, such materials are forwarded to our nominating and corporate governance committee. Our nominating and corporate governance committee also reviews materials provided by professional search firms or other parties in connection with a nominee who is not proposed by a stockholder. In evaluating such nominations, our nominating and corporate governance committee seeks to achieve a balance of knowledge, experience and capability on the board of directors.

Meetings of Non-Management Directors

Our corporate governance guidelines require that the board have at least two regularly scheduled meetings each year for our non-management directors. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Our Compensation Discussion and Analysis describes our compensation program, objectives and policies for the executive officers named in this proxy statement and our executive officers generally.

Overview of Compensation Program and Philosophy

We have no employees. We are externally managed by our Manager pursuant to a management agreement between our Manager and us. All of our named executive officers are employees of our Manager. We have not paid, and do not intend to pay, any cash compensation to our named executive officers. We do not provide our named executive officers with pension benefits, perquisites or other personal benefits to them. We have no arrangements to make cash payments to our named executive officers upon their termination from service as our officers. While we do not pay our named executive officers any cash compensation, our Compensation Committee may grant our named executive officers equity awards intended to align their interests with our interests.

Cash and Other Compensation

Our named executive officers and other personnel who conduct our regular business are employees of our manager. Accordingly, we do not pay or accrue any salaries or bonuses to our officers.

Equity-Based Compensation

Our Compensation Committee may, from time to time, grant equity awards in the form of restricted stock, stock options or other types of awards to our named executive officers pursuant to our equity incentive plan. These awards are designed to align the interests of our named executive officers with those of our stockholders, by allowing our named executive officers to share in the creation of value for our stockholders through stock appreciation and dividends. These equity awards are generally subject to vesting requirements over a number of years, and are designed to promote the retention of management and to achieve strong performance for our company. These awards further provide flexibility to us in our ability to enable our Manager to attract, motivate and retain talented individuals at our Manager.

We believe our compensation policies are particularly appropriate since we are an externally managed real estate investment trust, or REIT. REIT regulations require us to pay at least 90% of our earnings to stockholders as dividends. As a result, we believe that our stockholders are principally interested in receiving attractive risk-adjusted dividends and growth in dividends and book value. Accordingly, we want to provide an incentive to our directors and management that rewards success in achieving these goals. Since we do not have the ability to retain earnings, we believe that equity-based awards serve to align the interests of our Manager's employees with the interests of our stockholders in receiving attractive risk-adjusted dividends and growth. Additionally, we believe that equity-based awards are consistent with our stockholders' interest in book value growth as these individuals will be incentivized to grow book value for stockholders over time. We believe that this alignment of interests provides an incentive to our Manager's employees to implement strategies that will enhance our long-term performance and promote growth in dividends and growth in book value.

Our equity incentive plan permits the granting of options to purchase shares of common stock intended to qualify as incentive stock options under the Internal Revenue Code, and stock options that do not qualify as incentive stock options. The exercise price of each stock option may not be less than 100% of the fair market value of our shares of common stock on the date of grant. The compensation committee will determine the terms of each option, including when each option may be exercised and the period of time, if any, after retirement, death, disability or termination of employment during which options may be exercised. Options become vested and exercisable in installments and the exercisability of options may be accelerated by the compensation committee.

Our equity incentive plan also permits the granting of shares of our common stock in the form of restricted common stock. A restricted common stock award is an award of shares of common stock that may be subject to forfeiture (vesting), restrictions on transferability and such other restrictions, if any, as the compensation committee may impose at the date of grant. The shares may vest and the restrictions may lapse separately or in combination at such times, under such circumstances, including, without limitation, a specified period of employment or the satisfaction of pre-established criteria, in such installments or otherwise, as our compensation committee may determine.

We may also grant unrestricted shares of common stock, which are shares of common stock awarded at no cost to the participant or for a purchase price determined by the compensation committee, under our equity incentive plan. The compensation committee may also grant shares of our common stock, stock appreciation rights, dividend equivalent rights, and other stock and non-stock-based awards under the equity incentive plan. These awards may be subject to such conditions and restrictions as the compensation committee may determine, including, but not limited to, the achievement of certain goals or continued employment with us through a specific period. Each award under the plan may not be exercisable more than 10 years after the date of grant.

Our equity incentive plan provides that the compensation committee has the discretion to provide that all or any outstanding options and stock appreciation rights will become fully exercisable, all or any outstanding stock awards will become vested and transferable and all or any outstanding options and awards will be earned, all or any outstanding awards may be cancelled in exchange for a payment of cash or all or any outstanding awards may be substituted for awards that will substantially preserve the otherwise applicable terms of any affected awards previously granted under the equity incentive plan if there is a change in control of us.

The compensation committee does not use a specific formula to calculate the number of equity awards and other rights awarded to executives under our equity incentive plan. The compensation committee does not explicitly set future award levels/opportunities on the basis of what the executives earned from prior awards. While the compensation committee will take past awards into account, it will not solely base future awards in view of those past awards. Generally, in determining the specific amounts to be granted to an individual, the compensation committee will take into account factors such as the individual's position, his or her contribution to our company, market practices as well as the recommendations of our Manager.

We have not and do not intend to either backdate stock options or grant stock options retroactively. Presently, we do not have designated dates on which we grant stock option awards. We do not intend to time stock options grants with our release of material nonpublic information for the purpose of affecting the value of executive compensation.

We have designed our compensation policy in an effort to provide the proper incentives to our Manager's employees to maximize our performance in order to serve the best interests of our stockholders. We seek to achieve this objective through the granting of restricted stock under our equity incentive plan. Consistent with our view that this component of compensation is designed to provide long term incentives, we expect the restricted stock to vest in equal installments over four, five or ten year periods from the date of grant. Consistent with the foregoing, all grants of restricted stock we made in 2008 have a vesting period of ten years.

Tax Considerations

Section 162(m) of the Internal Revenue Code, or the Code, generally disallows a tax deduction to public corporations for compensation, other than performance-based compensation, over \$1 million paid to the chief executive officer and next four highest compensated executive officers to the extent that compensation of a particular executive exceeds \$1 million in any one year. There are certain exceptions for qualified performance-based compensation in accordance with the Code and corresponding regulations. We expect our equity plan awards paid to our executive officers will qualify as performance-based compensation deductible for federal income tax purposes under Section 162(m), but do not expect any non-performance based equity awards such as time vested restricted stock or stock units to qualify for such treatment. However, given the fact that we are presently externally managed by our external manager and the only compensation that currently may be paid to our executive officers are long-term incentive awards pursuant to our equity incentive plan, it is unlikely that Section 162(m) will have any material effect on us.

Compensation Committee Report

The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

None of our named executives has the right to terminate employment and receive severance payments from us and we are not required to make payments to an executive upon a change of control of us. However, all unvested shares of restricted stock we have granted under our equity incentive plan will vest immediately upon the executive's death. The following table presents the potential value our named executive officers would be entitled to in connection with such vesting and assumes that the triggering event took place on December 31, 2010.

| Name | Benefit | Termination with Cause or Voluntary Termination | Termination without Cause or for Good Reason | Death or Disability | Other Post Employment Obligations |

(1) We have valued the benefit based on the potential gain executives would have realized if the restricted stock had vested on December 31, 2010.

Compensation Policies and Practices as They Relate to Risk Management

We did not pay any compensation of any sort to our named executive officers and did not have any employees during the year ended December 31, 2010 and, therefore, our compensation policies and practices are not reasonably likely to have a material adverse effect on us. We pay our Manager a management fee that is a percentage of our stockholders' equity. This management fee is not tied to our performance and, as a result, we believe this management fee is not reasonably likely to have a material adverse effect on us. We have designed our compensation policies and practices and the incentives established by the policies and practices, as such policies and practices relate to or affect risk taking by our Manager on our behalf, in a manner that we believe will not cause our Manager to seek to make higher risk investments as the compensation payable to our Manager avoids placing undue emphasis on the maximization of net income at the expense of other criteria, such as preservation of capital, to achieve higher management fees. We have designed our compensation policy in an effort to provide the proper incentives to our Manager's employees to maximize our performance in order to serve the best interests of our stockholders. Our board of directors monitors our compensation policies and practices to determine whether its risk management objectives are being met with respect to incentivizing our Manager's employees.

COMPENSATION OF DIRECTORS

Pursuant to our compensation policies and program for directors, we compensate only those directors who are independent under the NYSE listing standards. Any member of our board of directors who is also an employee of our Manager is referred to as an excluded director. Each excluded director does not receive additional compensation for serving on our board of directors.

Our compensation program for non-employee directors currently provides for a \$55,000 annual cash retainer and \$500 per board or committee meeting attended in person (\$250 if attended telephonically). The Chair of our Audit Committee also received an additional annual retainer of \$10,000. We also reimburse our directors for their travel expenses incurred in connection with their attendance at full board and committee meetings. Our non-excluded directors are eligible to receive restricted common stock, option and other stock-based awards under our equity incentive plan. Directors are permitted, although not required, to receive stock in lieu of cash.

Director Compensation

The table below summarizes the compensation paid by us to our non-employee directors for the year ended December 31, 2010.

| Name | Fees Earned or Paid in Cash | Stock Awards (2) | Option Awards | Non-Equity Incentive Plan Compensation | Change in Pension Value and Deferred Compensation Earnings | All Other Compensation | Total |

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

This section discusses certain direct and indirect relationships and transactions involving us and certain persons related to us.

Management Agreement

We entered into a management agreement with FIDAC, our Manager, in connection with our initial public offering. The management agreement requires our Manager to manage our business affairs in conformity with the policies and the investment guidelines that are approved and monitored by our board of directors. The management agreement has an initial term that ended December 31, 2010, with automatic, one-year renewals at the end of each calendar year following the initial term, subject to approval by our independent directors.

We pay our Manager a management fee quarterly in arrears in an amount equal to 1.50% per annum, calculated quarterly, of our stockholders' equity. For purposes of calculating the management fee, our stockholders' equity means the sum of the net proceeds from any issuances of our equity securities since inception (allocated on a pro rata daily basis for such issuances during the fiscal quarter of any such issuance), plus our retained earnings at the end of such quarter (without taking into account any non-cash equity compensation expense incurred in current or prior periods), less any amount that we pay for repurchases of our common stock, and less any unrealized gains, losses or other items that do not affect realized net income (regardless of whether such items are included in other comprehensive income or loss, or in net income). This amount is adjusted to exclude one-time events pursuant to changes in generally accepted accounting principles in the United States, or GAAP, and certain non-cash charges after discussions between our Manager and our independent directors and approved by a majority of our independent directors. The management fee will be reduced, but not below zero, by our proportionate share of any CDO management fees FIDAC receives in connection with the CDOs in which we invest, based on the percentage of equity we hold in such CDOs. The management fee is payable independent of the performance of our investment portfolio. If we invest in any collateralized debt obligation or investment fund managed by our Manager or any of its affiliates, then the annual management fee payable by us to our Manager is reduced by an amount equal to the management fee allocable to the equity supporting our investment in such collateralized debt obligation or investment fund, except in cases where our Manager or any of its affiliates does not receive a fee in connection with the management of such collateralized debt obligation or investment fund.

For the year ended December 31, 2010 our Manager earned a management fee of \$40.9 million. We also paid our Manager \$465,000, which was our pro rata portion of rent, telephone, utilities, office furniture, equipment, machinery and other office, internal and overhead expenses of our Manager and its affiliates required for our operations.

Restricted Stock Grants

We granted 116,244 shares of stock to our independent directors during the year ended December 31, 2010 which vested immediately. During the year ended December 31, 2010, 146,400 shares of restricted stock we had awarded to our Manager's employees during 2008 vested and 21,070 shares were forfeited or cancelled. At December 31, 2010 there are approximately 885,000 unvested shares of restricted stock issued to employees of our Manager's employees.

Financing Arrangements with RCap

In September 2009, we entered into a residential mortgage-backed securities repurchase agreement with RCap. This agreement contains customary representations, warranties and covenants. Until April 30, 2010, we were borrowing \$93.6 million under this repurchase agreement. Since then, we have not borrowed any amounts under this agreement. We have been in compliance with all covenants of this agreement since we entered into this agreement.

Other Relationships

Matthew Lambiase, our President and Chief Executive Officer, one of our directors and the Managing Director and Head of Business Development for Annaly and our Manager, is the son of one of Annaly's directors, John A. Lambiase. A. Alexandra Denahan, our Chief Financial Officer and Secretary and the Controller of Annaly and our Manager, is the sister of Wellington J. Denahan-Norris, the Vice Chairman of Annaly and Chief Investment Officer and Chief Operating Officer of Annaly and our Manager. James Zurovchak, Senior Vice President, Structured Products of FIDAC, is the son-in-law of Dennis Mahoney, one of our Directors.

Approval of Related Person Transactions

Our code of business conduct and ethics requires all of our personnel to be scrupulous in avoiding a conflict of interest with regard to our interests. The code prohibits us from entering into a business relationship with an immediate family member or with a company that the employee or immediate family member has a substantial financial interest unless such relationship is disclosed to and approved in advance by our board of directors.

Each of our directors and executive officers is required to complete an annual disclosure questionnaire and report all transactions with us in which they and their immediate family members had or will have a direct or indirect material interest with respect to us. We review these questionnaires and, if we determine it necessary, discuss any reported transactions with the entire board of directors. We do not, however, have a formal written policy for approval or ratification of such transactions, and all such transactions are evaluated on a case-by-case basis. If we believe a transaction is significant to us and raises particular conflict of interest issues, we will discuss it with our legal counsel, and if necessary, we will form an independent board committee which has the right to engage its own legal and financial counsel to evaluate and approve the transaction.

In addition, we will not invest in any collateralized debt obligation or security structured or managed by our Manager or any of its affiliates unless the investment is approved in advance by a majority of our independent directors.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Our compensation committee is comprised solely of the following independent directors: Messrs. Abrams, Creagh, Donlin, Keenan, Mahoney and Reilly. None of them is serving or has served as an officer or employee of us or any affiliate or has any other business relationship or affiliation with us, except his service as a director.

EQUITY COMPENSATION PLAN INFORMATION

We have adopted an equity incentive plan to provide incentives to our independent directors, employees of our Manager and its affiliates, and other service providers to stimulate their efforts toward our continued success, long-term growth and profitability and to attract, reward and retain personnel.

The following table provides information as of December 31, 2010, concerning shares of our common stock authorized for issuance under our existing equity incentive plan.

| Plan Category | Number of securities to be issued upon exercise of outstanding options | Weighted-average exercise price of outstanding options | Number of securities remaining available for future issuance under Incentive Plan (excluding previously issued) |
|---|--|--|--|
| Incentive Plan approved by stockholders | - | - | 38,742,025 |
| Incentive Plan not approved by stockholders | - | - | - |

REPORT OF THE AUDIT COMMITTEE

Since the consummation of our initial public offering, we have had an audit committee composed entirely of non-employee directors. The members of the audit committee meet the independence and experience requirements of the New York Stock Exchange. The board of directors has determined that Mr. Abrams is the audit committee financial expert and is an independent director within the meaning of the applicable rules of the Securities and Exchange Commission and the New York Stock Exchange. The Audit Committee met five times in 2010. The audit committee has adopted a written charter outlining the practices it follows. A full text of our audit committee charter is available for viewing on our website at www.chimerareit.com. Any changes in the charter or key practices will be reflected on our website.

During 2010, at each of our meetings, the audit committee met with the Chief Financial Officer and our independent registered public accounting firm. The audit committee's agenda is established by the audit committee's chairman. The audit committee engaged Deloitte & Touche LLP as our independent registered public accounting firm and reviewed with our Chief Financial Officer and the independent registered public accounting firm, overall audit scope and plans, the results of external audit examination, evaluations by the independent registered public accounting firm of our internal controls and the quality of our financial reporting.

The audit committee has reviewed and discussed the audited consolidated financial statements with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the consolidated financial statements. In addressing the quality of management's accounting judgments, members of the audit committee asked for and received management's representations that our audited financial statements have been prepared in conformity with GAAP, and have expressed to both management and registered public accounting firm their general preference for conservative policies when a range of accounting options is available.

In its meetings with representatives of the independent registered public accounting firm, the audit committee asks them to address, and discusses their responses to several questions that the audit committee believes are particularly relevant to its oversight. These questions include:

Are there any significant accounting judgments made by management in preparing the consolidated financial statements that would have been made differently had the registered public accounting firm themselves prepared and been responsible for the consolidated financial statements?

Based on the registered public accounting firm's experience, and their knowledge of us, do our consolidated financial statements fairly present to investors, with clarity and completeness, our financial position and performance for the reporting period in accordance with generally accepted accounting principles, and SEC disclosure requirements?

Based on the registered public accounting firm's experience, and their knowledge of us, have we implemented internal controls that are appropriate?

The audit committee believes that, by thus focusing its discussions with the independent registered public accounting firm, it can promote a meaningful dialogue that provides a basis for its oversight judgments.

The audit committee also discussed with the independent registered public accounting firm other matters required to be discussed by the registered public accounting firm with the audit committee under the standards of Public Company Accounting Oversight Board (United States) (required communication with the audit committee). The audit committee received and discussed with the registered public accounting firm their annual written report on their independence from us and our management, which is made pursuant to applicable requirements of the Public Company Accounting Oversight Board, and considered with the registered public accounting firm whether the provision of non-audit services is compatible with the registered public accounting firm's independence.

In performing all of these functions, the audit committee acts only in an oversight capacity and, necessarily, in its oversight role, the audit committee relies on the work and assurances of our management, which has the primary responsibility for the consolidated financial statements and reports, and of the independent registered public accounting firm, who, in their reports, express an opinion on the conformity of our annual consolidated financial statements to generally accepted accounting principles and on the effectiveness of our internal control over financial reporting as of year end.

In reliance on these reviews and discussions, and the report of the independent registered public accounting firm, the audit committee has recommended to our board of directors, and our board of directors has approved, that the consolidated audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2010, for filing with the Securities and Exchange Commission.

PROPOSAL 2
APPROVAL OF A NON-BINDING ADVISORY VOTE
APPROVING EXECUTIVE COMPENSATION

General

Our board of directors is committed to corporate governance best practices and recognizes the significant interest of stockholders in executive compensation matters. We are providing this advisory vote as required pursuant to Section 14A of the Securities Exchange Act. The stockholder vote will not be binding on us or the board of directors, and it will not be construed as overruling any decision by us or the board of directors or creating or implying any change to, or additional, fiduciary duties for us or the board of directors.

As discussed in the Compensation Discussion and Analysis beginning on page 19 of this proxy statement, our board of directors believes that our compensation program is directly linked to our principal business objective of generating income for our stockholders. For example:

While we do not pay our named executive officers any cash compensation, our Compensation Committee may grant our named executive officers equity awards intended to align their interests with those of our stockholders, by allowing our named executive officers to share in the creation of value for our stockholders through stock appreciation and dividends.

These equity awards are generally subject to vesting requirements over a number of years, and are designed to promote the retention of management and to achieve strong performance for our company.

These awards further provide flexibility to us in our ability to enable our Manager to attract, motivate and retain talented individuals at our Manager.

For these reasons, the board of directors recommends that stockholders vote in favor of the following resolution:

“RESOLVED, that the compensation paid to the company’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.”

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE APPROVAL OF THIS RESOLUTION.

PROPOSAL 3
APPROVAL OF A NON-BINDING ADVISORY RESOLUTION
ON THE FREQUENCY OF STOCKHOLDER VOTING
ON OUR EXECUTIVE COMPENSATION

We are seeking a vote from stockholders as to whether an advisory vote on executive compensation should occur every one, two or three years. The option (every one, two or three years) receiving the greatest number of “for” votes will be considered the frequency recommended by stockholders. We are providing this advisory vote as required pursuant to Section 14A of the Securities Exchange Act. The stockholder vote will not be binding on us or the board of directors, and it will not be construed as overruling any decision by us or the board of directors or creating or implying any change to, or additional, fiduciary duties for us or the board of directors.

A vote that occurs every three years will permit stockholders to evaluate our executive compensation program against our long-term performance. We believe that our compensation program is directly linked to our principal business objective of generating income for our stockholders.

We take a long-term view towards our performance, and therefore believe it is most appropriate for stockholders to express their views on our compensation program every three years. In determining to recommend that the stockholders select a frequency of once every three years, our board of directors considered how an advisory vote at such frequency will provide our stockholders with sufficient time to evaluate the effectiveness of our overall compensation philosophy, objectives and practices in the context of our long-term business results for such period, while avoiding overemphasis on short-term fluctuations in compensation and business results that could occur over shorter periods of time. An advisory vote occurring once every three years will also permit our stockholders to fully observe and evaluate the impact of any changes to our executive compensation philosophy and objectives which have occurred since the last advisory vote on executive compensation, including any changes in response to the outcome of a prior advisory vote on executive compensation.

If a stockholder has a concern about our compensation program and would like to contact us, our board of directors and our Compensation Committee may be contacted either individually or as a group at anytime as noted under “Communications with the board of directors” in this proxy statement.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU SELECT “EVERY THREE YEARS” FOR THE FREQUENCY OF ADVISORY VOTES ON EXECUTIVE COMPENSATION.

**PROPOSAL 4
RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The accounting firm of Deloitte & Touche LLP and its affiliated entities, or D&T, has served as our independent registered public accounting firm since our formation in June 2007. During this time, it has performed accounting and auditing and tax services for us. We expect that representatives of D&T will be present at the annual meeting, will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions. If the appointment of D&T is not ratified, our audit committee will reconsider the appointment.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR 2011.

Relationship with Independent Registered Public Accounting Firm

In addition to performing the audits of our financial statements and management’s assessment of the effectiveness of the internal control over financial reporting in 2010, D&T provided audit-related services for us during 2010. The aggregate fees billed for 2010 and 2009 for each of the following categories of services are set forth below:

Audit Fees: The aggregate fees billed by D&T for audits and reviews of our 2010 financial statements were \$656,625. The aggregate fees for the audit of the Company’s internal control over financial reporting were \$50,000 for 2010. The aggregate fees billed by D&T for audits and reviews of our 2009 financial statements were \$523,900. The aggregate fees for the audit of the Company’s internal control over financial reporting were \$55,000 for 2009.

Audit-Related Fees: The aggregate fees billed by D&T for audit-related services during 2010 were \$121,000. The audit-related services in 2010 principally included due diligence and accounting consultation relating to our secondary public offerings. The aggregate fees billed by D&T for audit-related services during 2009 were \$92,000. The audit-related services in 2009 principally included due diligence and accounting consultation relating to our secondary public offerings.

Tax Fees: The aggregate fees billed by D&T for tax services for 2010 were \$108,790. The aggregate fees billed by D&T for tax services for 2009 were \$80,262.

All Other Fees: D&T did not perform any other kinds of services for us during 2010 or 2009, and we did not pay D&T any additional fees.

The audit committee has also adopted policies and procedures for pre-approving all non-audit work performed by D&T. Specifically, the audit committee pre-approved the use of D&T for the following categories of non-audit services: merger and acquisition due diligence and audit services; tax services; internal control reviews; employee benefit plan audits; and reviews and procedures that we request D&T to undertake to provide assurances on matters not required by laws or regulations. In each case, the audit committee also set a specific annual limit on the amount of such services which we would obtain from D&T, and required management to report the specific engagements to the audit committee on a quarterly basis, and also obtain specific pre-approval from the audit committee for any engagement over five percent of the total amount of revenues estimated to be paid by us to D&T during the then current fiscal year. Our audit committee approved the hiring of D&T to provide all of the services detailed above prior to D&T’s engagement. None of the services related to the Audit-Related Fees described above was approved by the audit committee pursuant to a waiver of pre-approval provisions set forth in applicable rules of the Securities and Exchange Commission.
