The cost of solicitation will be paid by the Company and will include reimbursement paid to brokerage firms and others for their expenses in forwarding solicitation material regarding the meeting to beneficial owners in accordance with the regulations of the Securities and Exchange Commission (“SEC”). SECURITY HOLDERS ENTITLED TO VOTE

Shareholders of record of common stock of the Company at the close of business on July 25, 2014, will be entitled to vote at the Annual Meeting and at any and all adjournments thereof. If on July 25, 2014 your shares were registered directly in your name with our transfer agent, Computershare, then you are a shareholder of record. Each share of common stock entitles its owner to one vote. The number of shares of common stock of the Company (exclusive of treasury shares) outstanding at the close of business on July 25, 2014 was 11,732,632 shares.

If your shares are held in street name (which means they are held of record by a broker), you must instruct your broker how to vote the shares, or your shares will not be voted on any proposal for which the broker does not have discretionary authority to vote. Pursuant to rules governing the voting of stock by brokers, they do not have discretionary authority to vote for either (i) the election of Directors, or (ii) approval of the Golden Enterprises, Inc. 2014 Long Term Incentive Plan without instructions from the beneficial owner. Accordingly, if your shares are held in street name, it is particularly important that you instruct your broker how you wish to vote your shares on all proposals presented at the Annual Meeting. Additionally, if your shares are held in street name, since you are not the stockholder of record of such shares, you may not vote your shares in person at the annual meeting unless you request and obtain a valid voting proxy from your broker or other agent.

Stockholders who execute proxies retain the right to revoke them at any time before they are voted. If the enclosed proxy is properly signed and returned to the Company and not so revoked, the shares represented thereby will be voted in accordance with its terms. If a shareholder returns a signed proxy card but does not mark the boxes, the shares represented by that proxy card will be voted as recommended by the Board of Directors. If a shareholder does not return a signed proxy card or does not attend the Annual Meeting and vote in person, his or her shares will not be voted. Abstentions and “broker non-votes” are not counted in determining outcomes of matters being acted upon. They

are counted only for determining a meeting quorum. If a shareholder attends the Annual Meeting, he or she may vote by ballot except as previously explained with regard to shares held in street name.

In accordance with Delaware law, a list of stockholders entitled to vote at the Annual Meeting will be available at the Annual Meeting at the principal executive offices of Golden Enterprises, Inc., One Golden Flake Drive, Birmingham, Alabama, 35205, on September 18, 2014, and for ten days prior to the Annual Meeting, between the hours of 9:00 a.m. and 4:00 p.m. Central Time.

At the time of Mr. Bashinsky's death, he beneficially owned 6,698,172 shares of common stock of the Company which constituted voting control of the Company and which classified the Company as a "Controlled Company". The stock beneficially owned by Mr. Bashinsky was registered in and held by the following entities:

Common Stock Trust will terminate upon the earliest to occur of the following dates: (i) in the event the Company should be sold, five (5) years from the date of the sale of the Company, or (ii) December 31, 2020.

Upon termination of the SYB, Inc. Common Stock Trust, the assets of the Trust will be distributed generally to descendants of Sloan Y. CORPORATE GOVERNANCE

Controlled Company

The Company is deemed a "Controlled Company" within the meaning of Listing Rule 5615 of the Corporate Governance Standards of the NASDAQ Stock Market, Inc. ("NASDAQ") on which the Company's shares are traded because 53.8% of the Company's stock is owned (directly or indirectly) and/or voted by the control group (as previously described in "Voting Control" on page 6). Controlled companies are exempt from a number of NASDAQ corporate governance standards, including the requirement to have a majority of independent directors and the requirement to have director nominees selected by a nominating committee comprised of independent directors. Controlled companies are also exempt from the requirement to have the compensation of the company's officers determined by a compensation committee comprised of a majority of independent directors.

Director Independence

The Board has determined that Edward R. Pascoe, John S.P. Samford, John S. Stein, III and William B. Morton, Jr. are qualified as "Independent Directors" within the meaning of the director independence standards and Listing Rules of the NASDAQ and the SEC under the Securities and Exchange Act of 1934 ("Exchange Act"). All other directors serve on the Voting Committee described in "Security Ownership of Management" and do not qualify as Independent Directors.

Meetings of Independent Directors

The Independent Directors meet in executive sessions (with no management directors or officers present) at least twice each year. The Independent Directors met two times in the fiscal year ending May 30, 2014. All Independent Directors attended both meetings.

Committees of the Board of Directors

The Board of Directors has a Compensation Committee and an Audit Committee. The Board of Directors, as a Controlled Company, is not required to and has no standing Nominating Committee.

The Compensation Committee reviews the performance of the Executive Officers of the Company and the top executive officer of Golden Flake and recommends to the Board of Directors of the Company the appropriate compensation level and compensation and benefit programs of such officers. The Board as a whole sets officer compensation. The Compensation Committee consists of John S.P. Samford, J. Wallace Nall, Jr., Joann F. Bashinsky and F. Wayne Pate. The Compensation Committee met once during fiscal year 2014. Since the Company qualifies under NASDAQ Listing/Corporate Governance Rules as a Controlled Company, the Compensation Committee is not required to meet the independence requirements of the listing standards of NASDAQ and the non-employee director definition of Rule 16b-3 promulgated under Section 16 of the Exchange Act.

The Audit Committee reviews the results of the annual audit and quarterly financial statements, selects and engages the independent accountants, assesses the adequacy of the Company's procedures in connection with financial controls and receives and considers the independent accountants' comments as to internal controls. The Audit Committee met separately as a committee four times during fiscal year 2014. The Audit Committee meets with management to review each of the Company's quarterly and annual financial statements filed on Form 10-Q and Form 10-K, prior to the filing of those reports with the SEC. The Audit Committee's functions include the engagement of the Company's independent registered public accounting firm, review of the results of the audit engagement and the Company's financial results, review of the Company's financial statements by the independent registered public accounting firm and their opinion thereon, review of auditors' independence, review of the effectiveness of the Company's internal controls and similar functions and approval of all auditing and non-auditing service performed by the independent registered public accounting firm for the Company. The Audit Committee acts pursuant to a written charter, which is reviewed annually by the Board of Directors.

John S.P. Samford, Chairman, Edward R. Pascoe, William B. Morton, Jr. and John S. Stein, III constitute the Audit Committee of the Board of Directors. The Board of Directors has determined that all of the members of this committee qualify as independent directors under the current Listing Rules and requirements of NASDAQ and the SEC. The Board of Directors has further determined that all of the members of this committee qualify as an "audit committee financial expert" under the rules and regulations of the SEC. The Audit Committee met four times during fiscal year 2014 and took action by unanimous consent in lieu of a meeting once. See "REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS".

Meetings of the Board of Directors and Committees

During the fiscal year ended May 30, 2014, there were four regular meetings of the Board of Directors. The Compensation Committee met once and the Audit Committee met four times during the fiscal year 2013. All directors attended all of the meetings of the Board and the Committees on which they served except for one Board member who missed one Board meeting. All Directors attended at least 75% of the meetings of the Board of Directors and the Committees.

Compensation of Directors

During the fiscal year ended May 30, 2014, the Company paid each of its non-employee Directors a retainer of \$300 per month and a fee of \$2,000 for each regular Board meeting attended. The members of the Compensation Committee were each paid \$2,000 for attending the Compensation Committee meeting and the members of the Audit Committee were paid \$1,000 for each meeting attended.

Board Member Attendance at Annual Meetings

It is the policy of Golden Enterprises that each member of the Board shall make a reasonable effort to attend all meetings of the Board, applicable committee meetings and the Company's annual meeting of shareholders. All Directors attended the Annual Stockholders Meeting held last year.

Nomination of Directors

During the fiscal year ended May 30, 2014, the Company did not have a standing nominating committee. The NASDAQ rules do not require the Company to have a nominating committee since the Company was a "Controlled Company" pursuant to NASDAQ Listing Rule 5615.

The Board believes that it is not necessary to have a separate nominating committee in view of the size of the Company, and the fact that the Company is a "Controlled Company". Nominees for election as a director are determined by the entire Board. The Company believes that the Board is able to fully consider and select appropriate nominees for election to the Board without delegating that responsibility to a committee or adopting formal procedures. Candidates have traditionally been recommended to the Board by one or more of the other Directors, and there is no formal process for identifying or evaluating new Director nominees. Candidates recommended by shareholders will be evaluated in the same manner as candidates recommended by Directors. In nominating Directors, the Board will consider all relevant qualifications, as well as the needs of the Company and compliance with NASDAQ listing standards and SEC rules.

A shareholder who would like to recommend a candidate for Director should send a letter to Golden Enterprises, Inc., attention of the Secretary, at One Golden Flake Drive, Birmingham, Alabama 35205. The mailing envelope must contain a clear notation indicating that the enclosed letter is a "Director Nominee Recommendation." The letter must identify the author as a shareholder and provide a brief summary of the candidate's qualifications, as well as contact information for both the candidate and the shareholder. Candidates should have relevant business and financial experience, and they must be able to read and understand fundamental financial statements. All Candidates who have been recommended will be considered by the Board for nomination. Candidates who have been nominated by the Board must evidence their willingness to serve as a Director.

Communications with the Board

Shareholders interested in communicating directly with the Board of Directors may do so by writing the Secretary of the Company, at the following address:

Board of Directors of Golden Enterprises, Inc.
C/O Corporate Secretary
One Golden Flake Drive
Birmingham, Alabama 35205

All such letters must identify the author as a shareholder. The Secretary of Golden Enterprises, Inc. will review all such communications and forward all appropriate communications to the Board.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires that Directors, certain Executive Officers and beneficial owners of more than ten percent of the stock of the Company file reports of stock ownership and changes in ownership with the Securities and Exchange Commission. These reports consist of Forms 3, Initial Statement of Ownership, 4, Statement of Changes in Beneficial Ownership, and 5, Annual Statement of Changes in Beneficial Ownership. Based upon a review of copies of such reports, or written representations. The Company believes that Section 16(a) filing requirements applicable to its Directors, Executive Officers and beneficial owners of more than ten percent of the stock of the Company were complied with during the fiscal year 2014.

Board of Directors, Duties and Committees

Directors are expected to devote sufficient time to carrying out their duties and responsibilities effectively. The Board of Directors meets regularly four times each fiscal year to review matters affecting the Company and to act on matters requiring the Board's approval. It also holds special meetings whenever circumstances require and may act by unanimous written consent without a meeting.

The Company's Board of Directors currently consists of eleven directors. Mark W. McCutcheon serves as the Chairman of the Board. The Board of Directors met four times during the fiscal year ended May 30, 2014, all of which were regularly scheduled meetings. In the last fiscal year, the Independent Directors met twice in executive sessions. All directors, with the exception of one director, attended 100% of the meetings of the Board and the meetings of the committees on which they served during the fiscal year ended May 30, 2014. One director missed one of the four scheduled meetings. The Board has a policy expecting director attendance at all Board and committee meetings and the Company's annual meeting of stockholders.

The Company's Board has established an Audit Committee and Compensation Committee. The Charter for the Audit Committee is available from the Company and is posted on the Company's website at www.goldenflake.com. The Compensation Committee has no Charter, but its duties and responsibilities are set forth in corporate minutes adopted by the Board. In addition, the Board may from time to time establish special purpose committees. There were no special purpose committees existing in the last fiscal year.

Board Leadership Structure and Risk Oversight

The business and affairs of the Company are managed under the direction of the Board of Directors. The Board of Directors is led by the Chairman of the Board. This role is currently occupied by Mark W. McCutcheon, who also serves as Chief Executive Officer. The Board of Directors has determined that having Mr. McCutcheon serve as both the Chief Executive Officer and the Chairman of the Board is in the best interest of the Company and its stockholders. The Board believes that this combination is appropriate because, in its opinion, the overseeing of Board functions is integrally related to the Chief Executive Officer's responsibility of day-to-day management of a Company this size and, that due to Mr. McCutcheon's abilities, he is also the best person to handle both duties. The Board of Directors does not however have a formal policy regarding the separation of the roles of Chief Executive Officer and Chairman of the Board as the Board of Directors believes it is in the best interests of the Company to make the determination regarding how to fulfill these functions based on the position and direction of the Company and the qualifications of the CEO and Board members. A lead independent director has not been designated because the Board does not believe it is warranted for a company of our size and complexity.

The Board of Directors as a whole establishes the Company's overall policies and standards, reviews the performance of management and considers overall risk regarding operations and goals and how those risks are being managed. The Board believes that effective risk management and control processes are critical to the Company's ability to manage the challenges that the Company faces. Management is responsible for implementing the Company's risk assessment and management functions and for reporting to the Board on its processes and assessments with respect to the management of risk. The Board, in turn, is responsible for overseeing management's risk functions. The Audit Committee monitors the processes by which management assesses and manages risk. Management meets with, or provides reports to, the Company's Audit Committee at least once per quarter to review the Company's risk profile and other risk topics. In addition, the Chief Financial Officer meets at least quarterly with the Audit Committee and the full Board to discuss the Company's financial risk, results and financial forecasts. The Compensation Committee and the Board as a whole assess the risks that the Company's overall compensation goals and objectives, as well as any compensation or other programs that are reasonably likely to create a material risk to the Company.

Corporate Governance Documents

Certain documents relating to corporate governance matters are available on the Company website at www.goldenflake.com. These corporate governance documents include, among others, the following:

- Charter for the Audit Committee of the Board;
- Code of Business Conduct and Ethics;
- Complaint Procedures for Accounting and Accounting Matters; and
- Disclosure Controls and Procedures.

Stockholders may also obtain a copy of these documents free of charge by contacting Patty Townsend, Chief Financial Officer, by email at ptownsend@goldenflake.com or by telephone at (205) 323-6161.

Director Independence

Of the eleven directors currently serving on the Board of Directors, the Board has determined that Messrs Pascoe, Samford, Morton and Stein are “Independent Directors” as defined in the rules of the NASDAQ Stock Market, Inc. (NASDAQ) Listing Rules and the SEC. As a Controlled Company, as previously discussed, the Company is exempt from certain independence requirements of the NASDAQ rules, including the requirement to maintain a majority of Independent Directors on the Board of Directors, an Independent Compensation Committee or a Standing Nominating/Corporate Governance Committee or committees performing similar function.

All members of the Audit Committee must be Independent Directors as defined by NASDAQ Policies and Practices and the SEC. The Company’s four Independent Directors serve on the Audit Committee, with Mr. Samford serving as Chairman.

Policies and Practices

The Company’s policies and practices reflect corporate governance initiatives that comply with the listing requirements of NASDAQ and the corporate governance requirements of the Sarbanes-Oxley Act of 2002, including the following:

- All members of the Audit Committee are independent;

- The Charter of the Audit Committee establishes the Committee’s duties and responsibilities;

The independent members of the Company's Board of Directors meet regularly ("executive sessions") without the presence of management;

The Company has a policy for attendance of Board members at both regular Board and committee meetings and shareholder meetings;

The Company has adopted a Code of Conduct and Ethics;

The Company has adopted Disclosure Controls and Procedures which establishes a committee for regular evaluation of internal company disclosure control and procedures;

The Company has procedures in place for the anonymous submission to the Audit Committee of employee and third party complaints on accounting, internal accounting controls or auditing matters;

The Company has policies and procedures for stockholders to communicate directly with the Board of Directors; and

The Audit Committee must review, approve and/or ratify all related party transactions.

EXECUTIVE COMPENSATION

The Objectives of the Executive Compensation Program

The Compensation Committee is responsible for establishing and administering the Company's policies governing the compensation for the Executive Officers. All actions of the Compensation Committee must be approved by the Board of Directors. Because the Company qualifies as a Controlled Company pursuant to the exception of NASDAQ Listing Rule 5615, the Compensation Committee is composed of both independent and non-independent directors. See "Committees of the Board of Directors" above.

The purpose of the Company's executive compensation program is to attract, retain and motivate qualified executives to manage the business so as to maximize profits and stockholder value. No outside consultants have been used to evaluate or determine compensation. Executive compensation in the aggregate is made up principally of the executive's annual base salary, a bonus based upon operating earnings and Company perquisites or benefits. The Compensation Committee annually considers and makes recommendations to the Board as to executive compensation including changes in base salary and cash incentive bonuses. Stock options and awards of stock have been previously granted from time to time, however, all the previous plans and unexercised options granted under the plans have expired. The Golden Enterprises, Inc. 2014 Long Term Incentive Plan (the "2014 Long Term Incentive Plan" or "Plan") is being voted on at this year's stockholders meeting. (See Proposal 2).

Consistent with the above-noted purpose of the executive compensation program, in recommending the aggregate annual compensation of Executive Officers, the Compensation Committee considers the individual contribution and performance of the executive, the Company's overall performance and the total return to stockholders. The Company's executive compensation program focuses on strategic plans, corporate performance measures, and specific corporate goals. The corporate performance measures which the Compensation Committee considers include sales, earnings, return on equity and comparisons of sales and earnings with prior years.

The Compensation Committee does not rely on any fixed formulae or specific numerical criteria in determining an executive's aggregate compensation. It considers corporate and personal performance criteria and the economic environment, changes in the cost of living, competitive compensation levels and the recommendations of management. The Compensation Committee exercises business judgment based on all of these criteria and the purposes of the executive compensation program.

Base Salary

The Board of Directors, upon recommendation of the Compensation Committee sets base salaries for the Company's executive officers at levels which the Company believes are fair and reasonable based on the scope of the executive officer's individual responsibilities, taking into account competitive market compensation paid by other companies for similar positions. With our named executive officers, we set base salaries based on level of responsibility, span of control and experience. Base salaries are reviewed annually, as well as at the time of hire, promotion or changes in responsibility. Base salaries may also be adjusted from time to time to realign salaries with market levels. Base salary changes also impact bonus amounts and actual bonus payouts.

Discretionary Performance-Based Bonus

The Board of Directors, upon recommendation of the Compensation Committee, has the authority to award performance-based bonuses to our executive officers payable in cash. The Board of Directors, upon recommendation of the Compensation Committee, has utilized a formula adopted at the beginning of the year for determining bonuses, which is based on performance of the Company during the fiscal year. There is no requirement that the Board continue using this formula for the payment of bonuses.

Performance Measurement

Annual, performance-based awards are intended to compensate executive officers for achieving Company-wide financial goals and objectives. These objectives relate to general profitability factors.

Generally, performance bonuses are accrued on a quarterly basis with seventy-five percent (75%) of the accrued amount paid after the end of the each of the first three quarters with the remainder of the final accrued amount paid after the end of the fiscal year when audited annual financial statements are received. All bonuses are subject to "claw-back" provisions in the event of certain actions of the officers.

The formula used for bonuses focuses on net operating profits (excluding certain extraordinary items) of the Company which exceed a required equity return on investments to determine the amount of bonuses. The bonuses provide for a percentage bonus on net profits up to a set net profit amount (excluding extraordinary items) and a different, smaller percentage bonus on net profits in excess of the set net profit amount (excluding extraordinary items).

Perquisites and Benefits

Other than the use of a Company car, the Company generally does not have programs to provide personal perquisites or executive benefits solely to executive officers. The exception is that Mr. McCutcheon, as CEO of the Company, is provided a nonqualified salary continuation plan which is generally payable beginning at retirement, disability or death, Company-provided life insurance and healthcare reimbursement. Our executive officers are eligible to participate in the same benefit programs as all other employees. These benefits include the following:

Medical and dental care plans	Flexible Spending Accounts for healthcare and dependent care spending
Life accidental death and dismemberment and disability insurance	401(k) plan
Paid time off	Non Qualified Plan (Benefit and Savings Plan)

Consistent with the Company's compensation philosophy, the Company intends to maintain its current benefits for its executive officers. However, the Board of Directors in its discretion may revise, amend, delete or add to the executive officers' benefits if it deems it advisable.

Employment Agreements, Severance Benefits and Change in Control Provisions

The Company has a non-qualified Salary Continuation Plan established for the benefit of the Company's Chief Executive Officer, Mark W. McCutcheon. The Company entered into this Salary Continuation Plan, on May 15, 2002, to ensure the performance of his role in the Company for an extended period of time. In addition, the Company also considered the critical nature of the position and the Company's need to retain him when it committed to establish this plan. The Salary Continuation Plan provides for payments of up to \$120,000 per year, as adjusted for inflation, for 15 years following death or retirement at age 65. Payments under the Salary Continuation Plan, subject to certain exceptions, are contingent upon Mr. McCutcheon remaining employed with the Company until death, disability or retirement from the Company at or after age 65. In the event of disability prior to retirement, the yearly benefit of \$120,000 is reduced by any payments of social security disability benefits and long term disability benefits which were funded or provided by the Company. The Salary Continuation Plan may be amended or terminated by the Company's Board of Directors, except that in the event of a change of control in the Company, the Salary Continuation Plan becomes irrevocable. The Plan is funded in part with life insurance on the life of Mr. McCutcheon.

PROPOSAL 2

VOTE ON GOLDEN ENTERPRISES, INC. 2014 LONG TERM INCENTIVE PLAN

We are requesting shareholder approval of the 2014 Long Term Incentive Plan, which is attached as Schedule 1, as disclosed and summarized in this Proxy Statement.

The affirmative vote of a majority of the votes cast is required for the approval of the 2014 Long Term Incentive Plan. The Board of Directors recommends a vote FOR the approval of the Golden Enterprises, Inc. 2014 Long Term Incentive Plan.

SUMMARY OF GOLDEN ENTERPRISES, INC. 2014 LONG TERM INCENTIVE PLAN

On July 17, 2014, the Company, through its Board, adopted and recommended for submission to the Company's shareholders for their approval the Golden Enterprises, Inc. 2014 Long Term Incentive Plan. The purpose of the Plan is to further the growth in earnings and market appreciation of the Company by providing long-term incentives to those officers and key employees of the Company or its subsidiaries who make substantial contributions to the Company through their ability, loyalty, industry and invention.

The Board believes that the Company should have shares available to grant awards to certain of its officers and key employees. The Board also believes that the Company and its shareholders significantly benefit from having the Company's key management employees receive such awards, and that the opportunity thus afforded these employees to acquire common stock of the Company is an essential element of an effective management incentive program. The Board further believes that stock based awards are very valuable in attracting and retaining highly qualified management personnel and in providing additional motivation to management to use their best efforts on behalf of the Company and its shareholders.

The primary features of the Plan are summarized below. This summary is qualified in its entirety by reference to the specific provisions of the Plan, the full text of which is set forth as Schedule 1 to this Proxy Statement and on the Company's website at www.goldenflake.com.

General Information

The Plan will be administered by the Stock Option Committee of the Board of Directors. The Stock Option Committee will consist of three or more members of the Board who are "non-employee directors" within the meaning of Rule 16b-3(b)(3) promulgated under the Securities Exchange Act of 1934.

The Plan authorizes the Stock Option Committee to grant to the participants in the Plan (i) stock options (which may be incentive stock options or non-qualified stock options for tax purposes), (ii) stock appreciation rights ("SARs"), (iii) restricted stock awards, (iv) performance units (which may be in stock, cash or a combination thereof), and (v) supplemental cash payments. Persons eligible to participate in the Plan shall be those officers and key employees of the Company and its subsidiaries who are in positions in which their decisions, actions and counsel significantly impact the performance of the Company or its subsidiaries. Participants are chosen from this group by the Stock Option Committee, at its discretion. Currently, there are approximately 17 employees of the Company eligible to

participate in the Plan.

25

The effective date of the Plan, subject to the approval by the Company's shareholders, will be July 17, 2014, the date it was adopted by the Board. The Plan shall continue in effect until all awards under the Plan have been satisfied by the issuance of shares or the payment of cash, but no award may be granted after the expiration of ten (10) years following such effective date.

Stock Based and Other Incentive Awards

Shares Reserved for Issuance. The aggregate number of shares of the Company's common stock which may be issued under the Plan may not exceed 750,000. Shares subject to options granted under the Plan which expire unexercised, or shares subject to awards which are otherwise forfeited or cancelled, will not count against this limit. The maximum number of shares with respect to which awards may be granted to any individual in any one year under the Plan is 100,000.

Stock Options. The Stock Option Committee will be authorized to determine the terms and conditions of all option grants, subject to the specific limitations set forth in Section 8 of the Plan. In general, no incentive stock option may be granted with an exercise price of less than the fair market value of a share of the Company's common stock on the date of grant, while non-qualified stock options may be granted at any price not less than par value, the term of an option may not be longer than ten (10) years, and any option shall be subject to certain restrictions on transferability. Payment of the option price may be in cash, check or other instrument acceptable to the Stock Option Committee, or, in the discretion of the Stock Option Committee, in the form of unrestricted common stock of the Company owned by the optionee. The Plan will give the Stock Option Committee discretion to make loans for the purchase price of the exercise of Stock Options.

Stock Appreciation Rights. The Stock Option Committee will be authorized to grant SARs either independent of or in connection with stock options granted under the Plan. The exercise of SARs will entitle the holder thereof to an amount (the "appreciation") equal to the difference between the fair market value of a share of common stock on the date the SAR was issued and the fair market value of a share of common stock of the Company on the date the SAR is exercised. The appreciation will be payable in cash or common stock of the Company, at the discretion of the Stock Option Committee.

The exercise of SARs which are paid in common stock will be treated as the issuance of the shares of common stock to which the SARs relate for purposes of calculating the maximum number of shares which have been issued under the Plan.

Restricted Stock. The Stock Option Committee will be authorized to award restricted stock under the Plan subject to such terms and conditions as the Stock Option Committee may determine. The Stock Option Committee will have authority to determine the number of shares of restricted stock to be awarded, the price, if any, to be paid by the recipient of the restricted stock, and the date or dates on which the restricted stock will vest. The vesting of restricted stock may be conditioned upon the completion of a specified period of service with the Company, upon the attainment of specified performance goals, or upon such other criteria as the Stock Option Committee may determine. The Plan will give the Stock Option Committee discretion to make loans to the recipients for the purchase price of the restricted stock and to accelerate the vesting of restricted stock on a case by case basis at any time.

Stock certificates representing the restricted stock granted to an eligible employee will be registered in the employee's name and held in custody by the Company. However, no share of restricted stock may be sold, transferred, assigned, or pledged by the employee until such share has vested in accordance with the terms of the restricted stock award. In the event of an employee's termination of employment before all of his or her restricted stock has vested, or in the event other conditions to the vesting of restricted stock have not been satisfied prior to any deadline for the satisfaction of such conditions set forth in the award, the shares of restricted stock which have not vested will be forfeited, provided that the participant will be entitled to retain any shares of restricted stock which have been paid for by the participant. At the time restricted stock vests and all risks of forfeiture have lapsed/expired, a certificate for such vested shares will be delivered to the employee (or the beneficiary designated by the employee, in the event of death), free of all restrictions.

Performance Units. The Stock Option Committee may grant performance units under which payment may be made to the participant upon the attainment of specific performance goals. Such performance goals will be established by the Stock Option Committee and will relate to the performance of the Company (or any segment thereof) over a specified performance period, as judged under any business criteria deemed appropriate by the Stock Option Committee, including without limitation, growth in earnings, the ratio of earnings to shareholder's equity or the ratio of earnings to total capital.

As an element of each performance goal, the Stock Option Committee may establish a principal performance target and a minimum performance target. These targets may be adjusted at any time prior to payment of the performance unit to reflect major unforeseen events such as changes in laws, regulations or accounting procedures, mergers, acquisitions or divestitures or extraordinary, unusual or nonrecurring items or events, subject to the limitations of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code") discussed below. The Stock Option Committee shall determine the extent to which the performance targets have been attained, and what, if any, payment is due the participant on the performance unit. Such payment may be made, at the Stock Option Committee's discretion, in cash or common stock of the Company (based on the then current fair market value of such stock).

Notwithstanding any other provision of the Plan to the contrary, performance targets established by the Stock Option Committee with respect to performance units granted to one or more of the five (5) most highly compensated officers of the Company or its Subsidiaries will be pre-established objective performance goals within the meaning of Section 162(m) of the Code and treasury regulations promulgated thereunder. Furthermore, and notwithstanding any other provision in the Plan to the contrary, once the Stock Option Committee has established one or more performance targets with respect to a performance unit granted to any of the five (5) most highly compensated officers of the Company or its Subsidiaries, the Stock Option Committee shall have no discretion to waive or alter the targets after the expiration of the earlier of (i) the expiration of twenty-five percent of the performance period or (ii) the date on which the outcome under the target is substantially certain.

Supplemental Cash Payments. A stock option, SAR, restricted stock or performance unit award may provide for the Company to make a supplemental cash payment to a participant. Payments may be made for the purpose of, but not limited to, assisting the employee in paying income taxes resulting from an award under the Plan. In no event shall the amount of cash payment exceed the value of the award to which it relates.

Discussion of Federal Income Tax Consequences

The following statements are based on current interpretations of existing Federal income tax laws. The law is technical and complex and the statements represent only a general summary of some of the applicable provisions.

Stock Options. There are generally no Federal income tax consequences either to the optionee or to the Company upon the grant of a stock option, except that certain awards of non-qualified stock options, depending on their terms, could be subject to taxation sooner. On exercise of an incentive stock option, the optionee will not recognize any income and the Company will not be entitled to a deduction for tax purposes, although such exercise may give rise to liability for the optionee under the alternative minimum tax provisions of the Code.

Generally, if the optionee disposes of shares acquired upon exercise of an incentive stock option within two years of the date of grant or one year of the date of exercise, the optionee will recognize ordinary income and the Company will be entitled to a deduction for tax purposes in the amount equal to the excess of the fair market value of the shares on the date of exercise over the option exercise price (or the gain on sale, if less). Otherwise, the Company will not be entitled to any deduction for tax purposes upon disposition of such shares, and the entire gain for the optionee will be treated as a capital gain.

On exercise of a non-qualified stock option, the amount by which the fair market value of the shares on the date of exercise exceeds the option exercise price will generally be taxable to the optionee as ordinary income and will generally be deductible for tax purposes by the Company. The disposition of shares acquired upon exercise of a non-qualified stock option will generally result in a capital gain or loss for the optionee, but will have no tax consequences for the Company.

Stock Appreciation Rights. The grant of an SAR generally does not result in income to the grantee or in a deduction for the Company. Upon the exercise of an SAR, the grantee will recognize ordinary income and the Company will be entitled to a deduction measured by the fair market value of the shares plus any cash received.

Restricted Stock. The grant of restricted stock generally does not result in income to the grantee or in a deduction for the Company, assuming the shares transferred are subject to restrictions which constitute a "substantial risk of forfeiture." If there are no such restrictions, the grantee would recognize ordinary income upon receipt of the shares. Dividends paid to the grantee while the stock is subject to such restrictions would be treated as ordinary income for Federal income tax purposes. At the time the restrictions lapse, the grantee would recognize ordinary income, and the Company would be entitled to a deduction measured by the fair market value of the shares at the time of lapse.

Performance Units. The grant of a performance unit generally does not result in income to the grantee or in a deduction for the Company. Upon the receipt of cash or shares of common stock under a performance unit, the grantee will recognize ordinary income and the Company will be entitled to a deduction measured by the fair market value of the shares and/or any cash received.

Supplemental Cash Payments. Supplemental Cash Payments will result in ordinary income to the grantee and a deduction for the Company.

Section 409A. Certain awards granted under the Plan may be deemed to constitute "deferred compensation" within the meaning of Section 409A of the Code, and the regulations and other administrative guidance issued thereunder. Section 409A of the Code imposes potential taxes, interest and penalties on certain deferred compensation. It is the intent that the awards granted under the Plan will comply with the requirements of Section 409A of the Code and not incur the adverse tax consequences, however, certain awards hereunder may nevertheless be subject to Section 409A of the Code. Notwithstanding any provision of the Plan to the contrary and to carry out the intent of the Plan, the Committee is authorized, in its sole discretion, to amend the Plan or any award agreement as it deems necessary or appropriate to comply with Section 409A.

Change of Control

In the case of a merger or consolidation in which the Company is not the surviving corporation, or a sale of all or substantially all of the business or property of the Company, or liquidation or dissolution of the Company or in the event of a tender offer or any other change involving a threatened change in control of the Company which, in the opinion of the Stock Option Committee, could deprive the holders of the benefits intended to be conferred by awards hereunder, the Committee may, in anticipation of any such transaction or event, make such adjustments in the terms and conditions of outstanding awards to preserve the benefits intended to be conferred under the Plan by the Committee. Any such adjustments shall not, to the extent possible, violate requirements of the Code or regulations promulgated thereunder so as to adversely affect the participant. The Stock Option Committee in making such adjustments shall, at its sole discretion, determine what adjustments are equitably warranted under the circumstances including, without limitation, (i) acceleration of exercise terms, or (ii) acceleration of the lapse of restrictions, performance objectives and other terms.

No member of the Committee shall be eligible to receive Awards under the Plan while serving on the Committee, and no member of the Committee shall have been eligible to receive Awards for one year prior to serving on the Committee. The Committee shall have full and final authority in its discretion to interpret the provisions of the Plan (and any agreements relating thereto) and to decide all questions of fact arising in its application; to determine the employees to whom Awards shall be made under the Plan; to determine the type of Award to be made and the amount, size, terms and conditions of each such Award; to determine and establish additional terms and conditions not inconsistent with the Plan for any agreements entered into with participants in connection with the Plan ("Award Agreements"); to determine the time when Awards (as hereinafter defined) will be granted and when rights may be exercised, which may be after termination of employment; to adopt, alter and repeal such administrative rules, guidelines and practices governing the Plan as it shall, from time to time, deem advisable; and to make all other determinations necessary or advisable for the administration of the Plan.

(b) A majority of the Committee shall constitute a quorum, and the action of a majority of members of the Committee present at any meeting at which a quorum is present, or acts unanimously adopted in writing without the holding of a meeting, shall be the acts of the Committee. Any decision made, or action taken, by the Committee arising out of or in connection with the interpretation and administration of the Plan shall be final and conclusive; provided, however, that any such decision made or action taken may be reviewed by the Board, in which event the determination of the Board shall be final and conclusive. This provision shall not be construed to grant to any person any right to review by the Board of any decision made or action taken by the Committee.

(c) Neither the Board, the Committee, nor any member of either shall be liable for any act, omission, interpretation, construction or determination made in connection with the Plan in good faith, and the members of the Board and Committee may be entitled to indemnification and reimbursement by the Corporation in respect of any claim, loss, damage or expense (including attorney's fees) arising therefrom to the full extent permitted by law and under any directors' and officers' liability insurance that may be in effect from time to time, in all events as a majority of the Board then in office may determine from time to time, as evidenced by a written resolution thereof. In addition, no member of the Board, Committee or employee of the Corporation shall be liable for any act or failure to act hereunder by any other member of the Board, Committee or other employee or by any agent to whom duties in connection with the administration of this Plan have been delegated or for any act or failure to act by such member of the Board, Committee or employee, in all events except in circumstances involving such member's or employee's bad faith, gross negligence, intentional fraud, or intentional violation of a material statute.

Directors of the Corporation who are not salaried employees of the Corporation or its Subsidiaries shall not be eligible to participate in the Plan.

(b) Nothing in the Plan and no Award (as hereinafter defined) which is granted pursuant to the Plan shall be deemed to afford a Participant a right to continued employment with the Corporation or any Subsidiary nor in any way preclude the right of the Participant or the Corporation or any Subsidiary to terminate the employment relationship nor give the Participant any rights whatsoever to be granted Awards at any future date.

(c) A Participant shall have no entitlement to compensation or damages resulting from the termination of his or her status as a salaried employee or for the loss of any right or benefit or prospective right or benefit under the Plan.

Section 5 AWARDS UNDER THE PLAN.

Awards by the Committee under the Plan may be in the form of Incentive Stock Options, Non-Qualified Stock Options, Stock Appreciation Rights, Performance Units, Restricted Stock, Supplemental Cash Payments and such other forms as the Committee may in its discretion deem appropriate, including any combination of the above (an "Award"). No fractional shares shall be issued under the Plan, and the minimum value of any shares issued under the Plan shall be the par value at the time of Award.

Section 6. SHARES SUBJECT TO PLAN.

(a) The shares of Common Stock that may be issued under the Plan shall not exceed in the aggregate 750,000 shares of Common Stock. Such shares may be authorized and unissued shares or treasury shares. Except as otherwise provided herein, any shares subject to an option or right which for any reason expires or is terminated unexercised, as to such shares, shall again be available for granting Awards under the Plan.

(b) The maximum number of shares subject to Awards which may be granted under the Plan to any individual in any one year is 100,000 (subject to appropriate adjustments to reflect changes in the capitalization of the Corporation). Notwithstanding the above, any Award of Incentive Stock Options shall not violate limits set forth in Code Section 422 and regulations promulgated thereunder.

(c) In the event of any change in the outstanding Common Stock of the Corporation by reason of a stock dividend or distribution, recapitalization, merger, consolidation, split-up, combination, exchange of shares or otherwise, the Committee shall adjust the number of shares of Common Stock which may be issued under the Plan and the Committee shall provide for an equitable adjustment of any shares issuable pursuant to Awards outstanding under the Plan.

Section 7. EFFECTIVE DATE.

The effective date of this Plan shall be the date it is adopted by the Board, provided that the stockholders of the Corporation shall approve this Plan in accordance with Rule 16b-3 of the Securities Exchange Act of 1934 and Listing Rule 5635 of the NASDAQ Stock Market within twelve (12) months after the date of adoption. If any Awards are granted under the Plan before the date of such stockholder approval, such Awards automatically shall be granted subject to such approval.

Section 8. STOCK OPTIONS.

(a) General.

(i) Stock Options may be granted either alone or in addition to other Awards granted under the Plan. Any Stock Option granted under the Plan shall be in such form as the Committee may from time to time approve, and the provisions of Stock Option Awards need not be the same with respect to each optionee. Each Stock Option shall be evidenced by a written option agreement that shall specify, among other things, the type of Stock Option granted, the option price, the duration of the Stock Option, the number of shares of Common Stock to which the Stock Option pertains, and the schedule on which such Stock Options become exercisable (the "Option Agreement").

(ii) The Stock Options granted under the Plan may be of two types: (a) Incentive Stock Options and (b) Non-Qualified Stock Options.

(iii) The Committee shall have the authority to grant any optionee Incentive Stock Options, Non-Qualified Stock Options, or both types of Stock Options (in each case with or without Stock Appreciation Rights). To the extent that any Stock Option does not qualify as an Incentive Stock Option, it shall constitute a separate Non-Qualified Stock Option.

(iv) Anything in the Plan to the contrary notwithstanding, no term of the Plan relating to Incentive Stock Options shall be interpreted, amended or altered, nor shall any discretion or authority granted under the Plan be so exercised, so as to disqualify either the Plan or any Incentive Stock Option under Section 422 of the Code. Notwithstanding the foregoing, in the event a Participant voluntarily disqualifies a Stock Option as an Incentive Stock Option within the meaning of Section 422 of the Code, the Committee may, but shall not be obligated to, make such additional grants, Awards or bonuses as the Committee shall deem appropriate, to reflect the tax savings, if any, to the Corporation which result from such disqualification.

(b) Terms and Conditions. Stock Options granted under the Plan shall be subject to the following terms and conditions and shall contain such additional terms and conditions, not inconsistent with the terms of the Plan, as the Committee shall deem desirable:

(i) Option Price. The option price per share of Common Stock purchasable under a Stock Option shall be determined by the Committee at the time of grant but an Incentive Stock Option shall be not less than the Fair Market Value of the Common Stock on the date of the grant of the Stock Option; provided, however, if the Stock Option is an Incentive Stock Option granted to a Ten Percent Shareholder, the option price for each share of Common Stock subject to such Incentive Stock Option shall be no less than one hundred ten percent (110%) of the Fair Market Value of a share of Common Stock on the date such Incentive Stock Option is granted. The option price per share of Common Stock for a Non-Qualified Stock Option shall be determined by the Committee at the time of grant but shall not be less than the par value of the Common Stock.

(ii) Option Term. The term of each Stock Option shall be fixed by the Committee, but no Stock Option shall be exercisable more than ten (10) years after the date such Stock Option is granted.

(iii) Exercisability. Subject to Section 8(b)(x) hereof with respect to Incentive Stock Options, Stock Options shall be exercisable at such time or times and subject to such terms and conditions as shall be determined by the Committee at grant. A Stock Option may not be exercised for the purchase of a fraction of a Share of Common Stock. If the Committee provides, in its discretion, that any Stock Option is exercisable only in installments, the Committee may waive such installment exercise provisions at any time, in whole or in part, based on performance and/or such other factors as the Committee may determine in its sole discretion. Notwithstanding the above, no Incentive Stock Option granted to a Ten Percent Shareholder will be exercisable after the expiration of five (5) years from the date the Incentive Stock Option is granted.

(iv) Method of Exercise. Stock Options may be exercised in whole or in part at any time during the option period, by giving written notice of exercise to the Corporation specifying the number of shares to be purchased, accompanied by payment in full of the purchase price, in cash, by check or such other instrument as may be acceptable to the Committee. As determined by the Committee, in its sole discretion, at or after grant, payment in full or in part may also be made in the form of unrestricted Common Stock owned by the optionee (based on the Fair Market Value of the Common Stock on the date the option is exercised, as determined by the Committee). No shares of Common Stock resulting from the exercise of a Stock Option shall be issued until full payment therefor has been made. An optionee shall have the rights to dividends or other rights of a stockholder with respect to shares subject to the Stock Option when the optionee has given written notice of exercise and has paid in full for such shares.

(v) Non-transferability of Options. Except as otherwise set forth in this Section 8(b), no Stock Option shall be transferable by the optionee otherwise than by will or by the laws of descent and distribution, and all Stock Options shall be exercisable, during the optionee's lifetime, only by the optionee. For purposes of paragraphs (vi), (vii), (viii) and (ix) of this Section 8(b), a transferred option may be exercised by the transferee only to the extent that the optionee would have been entitled had the option not been transferred. Stock Options may not be sold, pledged, assigned, mortgaged, transferred or disposed of in any manner except by exercise or as set forth above.

(vi) Termination by Death. Unless otherwise determined by the Committee at grant, if any optionee's employment with the Corporation or any Subsidiary terminates by reason of death, the Stock Option may thereafter be immediately exercised, to the extent then exercisable (or on such accelerated basis as the Committee shall determine at or after grant), by the legal representative of the estate or by the legatee of the optionee under the will of the optionee, for a period of one (1) year from the date of such death or until the expiration of the stated term of such Stock Option, whichever period is the shorter. In the event of termination of employment by reason of death, if an Incentive Stock Option is exercised after the expiration of the exercise periods that apply for purposes of Section 422 of the Code, such Stock Option will thereafter be treated as a Non-Qualified Stock Option.

(vii) Termination by Reason of Disability. Unless otherwise determined by the Committee at grant, if any optionee's employment with the Corporation or any Subsidiary terminates by reason of Disability, any Stock Option held by such optionee may thereafter be exercised, to the extent it was exercisable at the time of termination due to Disability (or on such accelerated basis as the Committee shall determine at or after grant), but may not be exercised after one (1) year from the date of such termination of employment or the expiration of the stated term of such Stock Option, whichever period is the shorter; provided, however, that, if the optionee dies within such one year period, any unexercised Stock Option held by such optionee shall thereafter be exercisable to the extent and within the time period to which it was exercisable at the time of death. In the event of termination of employment by reason of Disability, if an Incentive Stock Option is exercised after the expiration of the exercise periods that apply for purposes of Section 422 of the Code, such Stock Option will thereafter be treated as a Non-Qualified Stock Option.

(viii) Termination by Reason of Retirement. Unless otherwise determined by the Committee at grant, if an optionee's employment with the Corporation or any Subsidiary terminates by reason of Normal Retirement or Early Retirement (with Committee consent), under a formal plan or policy of the Corporation, any Stock Option held by such optionee shall expire upon the earlier of (i) the expiration date set forth in the Stock Option Agreement to which such Stock Option is subject, or (ii) three (3) months from the date of such Normal or Early Retirement. An optionee shall not be deemed to have retired during any leave of absence of the optionee authorized by the Corporation or any Subsidiary under its standard personnel practices. In the event of termination of employment by reason of Retirement, if an Incentive Stock Option is exercised after the expiration of the exercise periods that apply for purposes of Section 422 of the Code, such Stock Option will thereafter be treated as a Non-Qualified Stock Option.

(ix) Termination for Other Reasons. Except as provided in 8(b)(vi), (vii) and (viii), or except as otherwise determined by the Committee, all Stock Options shall terminate on the earlier to occur of (i) the expiration date set forth in the Stock Option Agreement which such Stock Option is subject or (ii) three (3) months from the date of termination of employment, Notwithstanding the above, if the termination of employment was for Cause, then any Stock Options shall expire upon the termination of the Participant's employment.

(x) Limit on Value of Incentive Stock Option First Exercisable Annually. The aggregate Fair Market Value (determined at the time of grant) of the Common Stock for which Incentive Stock Options are exercisable for the first time by a Participant during any calendar year under the Plan (and/or any other stock option plans of the Corporation or any Subsidiary) shall not exceed \$100,000.

(xi) If Common Stock acquired by exercise of an Incentive Stock Option granted under the Plan is disposed of either within two years following the date of grant of the Incentive Stock Option or one year following the transfer of the Common Stock to the Participant (a "Disqualifying Disposition"), the holder of the Common Stock shall, immediately prior to such Disqualifying Disposition, notify the Corporation in writing of the date and terms of such Disqualifying Disposition and provide such other information regarding the Disqualifying Disposition as the Corporation may reasonably require.

Section 9. STOCK APPRECIATION RIGHTS.

Stock Appreciation Rights ("SAR(s)") shall be evidenced by SARs Agreements in such form not inconsistent with the Plan as the Committee shall approve from time to time, which agreements shall contain in substance the following terms and conditions:

(a) Award. An SAR shall entitle the Participant to receive upon exercise the excess of (a) the Fair Market Value of a specified number of shares of Common Stock at the time of exercise over (b) a specified price which shall not be less than one hundred percent (100%) of the Fair Market Value of the Common Stock at the time the SAR was granted, or, if granted in connection with a previously issued Stock Option, not less than 100% of the Fair Market Value of the Common Stock at the time such option was granted. A SAR may be granted in connection with all or any portion of a previously or contemporaneously granted Stock Option (including, in addition to options granted under the Plan, options granted under other plans of the Corporation), or not in connection with a Stock Option.

(b) Term. SARs shall be granted for a period of not more than ten (10) years, and shall be exercisable in whole or in part at such time or times and subject to such other terms and conditions as shall be prescribed by the Committee at the time of grant.

(c) Payment. Upon exercise of an SAR, payment shall be made by the Corporation in the form of Common Stock (at the Fair Market Value on the date of exercise), in cash, or in a combination thereof, as the Committee may determine.

- (d) Effect on Shares. The exercise of an SAR, where payment is made in the form of Common Stock, shall be treated as the issuance of Common Stock for purposes of calculating the maximum number of shares which have been issued under the Plan.
- (e) Stock Appreciation Right Granted with Incentive Stock Option. An SAR granted in connection with an Incentive Stock Option may be exercised only if and when the Fair Market Value of the Common Stock subject to the Incentive Stock Option exceeds the exercise price of such Stock Option.
- (f) Termination of Stock Appreciation Rights. A Participant who voluntarily terminates employment or whose employment is terminated involuntarily for Cause will forfeit all SAR.
- (g) Termination by Death, Disability or Retirement. Any Participant granted an SAR who by reason of death, disability or Normal or Early Retirement shall have the right to exercise any SARs granted to such Participant in accordance with time limitations set forth in Sections 8(b)(vi), (vii) and (viii).

Section 10. PERFORMANCE UNITS.

Performance Units shall be evidenced by Performance Unit Agreements in such form not inconsistent with the Plan as the Committee shall approve from time to time. Such agreements shall contain in substance the following terms and conditions:

- (a) Performance Period. The performance period for a Performance Unit shall be established by the Committee and shall be not more than ten (10) years.
- (b) Valuation of Units. A value for each Performance Unit shall be established by the Committee, together with principal and minimum performance targets to be achieved with respect to the Performance Unit during the performance period. The Participant shall be entitled to receive one hundred percent (100%) of the value of the Performance Unit if the principal target is achieved during the performance period, but shall be entitled to receive nothing for such Performance Unit if the minimum target is not achieved during the performance period. The Participant shall be entitled to receive a stated portion of the value of the Performance Unit for performance during the performance period which meets or exceeds the minimum target but fails to meet the principal target.
- (c) Performance Targets. The performance targets established under the Plan shall relate to the performance of the Corporation or any segment thereof (collectively referred to in this Section 10 as "Corporation's Performance") over the performance period, and may be established in terms of growth in earnings or equity, ratio of earnings to stockholders' equity or to total capital, or any other performance standards as may be determined by the Committee. Multiple targets may be used and may have the same or different weighting, and they may relate to the Corporation's absolute performance or the Corporation's performance as measured against that of other companies, or any other standards as may be determined by the Committee.
- (d) Adjustments. At any time prior to payment of the Performance Units, the Committee may adjust previously established performance targets and other terms and conditions, to reflect major unforeseen events such as changes in laws, regulations or accounting policies or procedures, mergers, acquisitions or divestitures or extraordinary, unusual or nonrecurring items or events.

(e) **Payments of Performance Units.** Following the conclusion of each performance period, the Committee shall determine the extent to which performance targets have been attained for such period as well as the other terms and conditions established by the Committee. The Committee shall determine what, if any, payment is due on the Performance Units and whether such payment shall be made in cash, in Common Stock, or partially in cash and partially in Common Stock. Any payments made in Common Stock shall be calculated based on the Fair Market Value of the Common Stock. Payments shall be made as promptly as practicable following the end of the performance period unless deferred subject to such terms and conditions as may be prescribed by the Committee.

(f) **Termination by Death, Disability or Retirement.** Any Participant granted a Performance Unit pursuant to this Section 10, who, by reason of death, Disability or Normal or Early Retirement, terminates employment before the end of the performance period, may be entitled to receive a portion of any earned Performance Unit. The Committee, in its discretion, will determine the amount, if any, of the Performance Unit earned and the time at which payment will be made.

(g) **Other Termination.** A Participant who voluntarily terminates employment or whose employment is terminated for Cause will forfeit all rights under the Performance Unit.

(h) **Section 162(m) Provisions.** Notwithstanding any other provision of the Plan to the contrary, performance targets established by the Committee for the top five most highly compensated officers of the Corporation and any Subsidiary shall be pre-established objective performance goals within the meaning of Section 162(m) of the Code and regulations promulgated thereunder. Furthermore, and notwithstanding any other provision of the Plan to the contrary, once the Committee has established one or more performance targets with respect to a Performance Unit granted to one of the top five most highly compensated officers of the Corporation, the Committee shall have no discretion to waive or alter the targets after the earlier of (i) the expiration of twenty-five percent (25%) of the performance period or (ii) the date on which the outcome under the targets is substantially certain.

Section 11. RESTRICTED STOCK AWARDS.

(a) **Administration.** Shares of Restricted Stock may be issued either alone or in addition to other Awards granted under the Plan. The Committee shall determine the officers and key employees of the Corporation and its Subsidiaries to whom, and the time or times at which, grants of Restricted Stock will be made, the number of shares to be Awarded, the price, if any, to be paid by the recipient of Restricted Stock (subject to Section 11(b) hereof), the time or times within which such Awards may be subject to forfeiture, and all other conditions of the Awards. The Committee may also condition the grant of Restricted Stock upon the attainment of specified performance goals, or such other criteria as the Committee may determine, in its sole discretion. The provisions of Restricted Stock Awards need not be the same with respect to each recipient.

(b) **Awards and Certificates.** The prospective recipient of an Award of shares of Restricted Stock shall not have any rights with respect to such Award, unless and until such recipient has executed an agreement evidencing the Award (a "Restricted Stock Award Agreement") and has delivered a fully executed copy thereof to the Corporation, and has otherwise complied with the then applicable terms and conditions.

(i) Awards of Restricted Stock must be accepted within a period of ninety (90) days (or such shorter period as the Committee may specify) after the Award date by executing a Restricted Stock Award Agreement and paying whatever price, if any, is required.

(ii) A stock certificate in respect of shares of Restricted Stock shall be issued in the name of each Participant who is Awarded Restricted Stock. Such certificate shall be registered in the name of the Participant, and shall bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Award, substantially in the following form:

"The transferability of this certificate and the shares of stock represented hereby are subject to the terms and conditions (including forfeiture) of the Golden Enterprises, Inc. 2014 Long Term Incentive Plan and a Restricted Stock Award Agreement entered into between the registered owner and the Corporation. Copies of such Plan and Agreement are on file in the offices of the Corporation, One Golden Flake Drive, Birmingham, Alabama 35205."

(iii) The Committee shall require that the stock certificates evidencing such shares be held in custody by the Corporation until the restrictions thereon shall have lapsed, and that, as a condition of any Restricted Stock Award, the participant shall have delivered a stock power, endorsed in blank, relating to the Common Stock covered by such Award.

(c) Restrictions and Conditions. The shares of Restricted Stock Awarded pursuant to this Section 11 shall be subject to the following restrictions and conditions:

(i) Subject to the provisions of this Plan and the Restricted Stock Award Agreements, during such period as may be set by the Committee commencing on the grant date (the "Restriction Period"), the participant shall not be permitted to sell, transfer, pledge or assign shares of Restricted Stock Awarded under the Plan. Within these limits, the Committee may, in its sole discretion, provide for the lapse of such restrictions in installments and may accelerate or waive such restrictions in whole or in part based on performance and/or such other factors as the Committee may determine, in its sole discretion.

(ii) Except as provided in paragraph (c)(i) of this Section 11, the Participant shall have, with respect to the shares of Restricted Stock, all of the rights of a stockholder of the Corporation, including the right to vote and to receive any dividends. Dividends paid in stock of the Corporation or stock received in connection with a stock split with respect to Restricted Stock shall be subject to the same restrictions as on such Restricted Stock. Certificates for shares of unrestricted Stock shall be delivered to the participant promptly after, and only after, the period of forfeiture shall expire without forfeiture in respect of such shares of Restricted Stock.

(iii) Subject to the provisions of the Restricted Stock Award Agreement and this Section 11, upon termination of employment for any reason during the Restriction Period, all shares still subject to restriction shall be forfeited by the participant; provided, however, that the Participant shall be entitled to retain the shares of Restricted Stock which have been paid for by the participant.

(iv) Except as hereinafter set forth, a Participant who voluntarily terminates employment or whose employment is terminated for Cause shall forfeit all unvested shares of Restricted Stock. In the event of death or Disability, the Committee may, in its sole discretion, waive in whole or in part any or all remaining restrictions with respect to such participant's shares of Restricted Stock.

Section 12. SUPPLEMENTAL CASH PAYMENTS.

Subject to the Committee's discretion, Stock Options, Stock Appreciation Rights, Performance Units, or Restricted Stock agreements may provide for the payment by the Corporation of a supplemental cash payment ("Supplemental Cash Payment") after the exercise of a Stock Option or Stock Appreciation Right, at the time of payment of a Performance Unit or at the end of the restriction period of a Restricted Stock Award. Supplemental Cash Payments shall be subject to such terms and conditions as shall be provided by the Committee at the time of grant, provided that in no event shall the amount of each payment exceed:

- (a) In the case of a Stock Option, the excess of the Fair Market Value of a share of Common Stock on the date of exercise over the option price, multiplied by the number of shares for which such option is exercised, or
- (b) In the case of a Stock Appreciation Right, Performance Unit or Restricted Stock Award, the value of the shares and other consideration paid or issued in payment by the Corporation of such Award(s).

Section 13. SALE OR MERGER OF CHANGE IN CONTROL.

In the case of a merger or consolidation in which the Corporation is not the surviving corporation, or a sale of all or substantially all of the business or assets of the Corporation, or liquidation or dissolution of the Corporation, or in the event of a tender offer or any other change involving a threatened change in control of the Corporation which, in the opinion of the Committee, could deprive the holders of the benefits intended to be conferred by Awards hereunder, the Committee may, in anticipation of any such transaction or event, either at the time of grant or thereafter, make such adjustments in the terms and conditions of outstanding Awards, as the Committee in its sole discretion determines are equitably warranted under the circumstances including, without limitation, (i) acceleration of exercise terms, or (ii) acceleration of the lapse of restrictions and/or performance objectives or other terms. Anything contained in the Plan to the contrary notwithstanding, (i) in the case of Incentive Stock Options, no adjustment under this Section 13 shall be appropriate if such adjustment (A) would constitute a modification, extension or renewal of such Incentive Stock Options within the meaning of Sections 422 and 424 of the Code, and the regulations promulgated thereunder, or (B) would, under Section 422 of the Code and the regulations promulgated thereunder, be considered the adoption of a new plan requiring stockholder approval and (ii) in the case of an option that is a Non-Qualified Stock Option, no adjustment under this Section 13 shall be appropriate if such adjustment would constitute a modification, extension or renewal of such Non-Qualified Stock Option within the meaning of Section 409A of the Code, and the regulations thereunder.

Section 14. GENERAL PROVISIONS.

(a) Governmental or Other Regulations. Each Award under the Plan shall be subject to the requirement that, if at any time the Committee shall determine that (a) the listing, registration or qualification of the shares of Common Stock subject or related thereto upon any securities exchange or under any state or federal law, or (b) the consent or approval of any government regulatory authority, or (c) an agreement by the recipient of an Award with respect to the disposition of shares of Common Stock, is necessary or desirable as a condition of, or in connection with, the granting of such Award or the issue or purchase of shares of Common Stock thereunder, such Award may not be consummated in whole or in part unless such listing, registration, qualification, consent, approval or agreement shall have been effected or obtained free of any conditions not acceptable to the Committee. A participant shall agree, as a condition of receiving any Award under the Plan, to execute any documents, make any representations, agree to restrictions on stock transferability and take any actions which in the opinion of legal counsel to the Corporation is required by any applicable law, ruling or regulation.

(b) Rights of a Stockholder. The recipient of any Award under the Plan, unless otherwise provided by the Plan, shall have no rights as a stockholder with respect thereto unless and until certificates for shares of Common Stock are issued to the recipient.

(c) No Additional Rights. Nothing set forth in this Plan shall prevent the Board from adopting other or additional compensation arrangements, subject to stockholder approval if such approval is required; and such arrangements may be either generally applicable or applicable only in specific cases. Nothing in the Plan or in any agreement entered into pursuant to the Plan shall confer upon any participant the right to continue in the employment of the Corporation or its Subsidiaries, or affect any right which the Corporation or such Subsidiaries may have to terminate the employment of the participant.

(d) Withholding. Whenever the Corporation proposes or is required to issue or transfer shares of Common Stock under the Plan, the Corporation shall have the right to require the recipient to remit to the Corporation or provide indemnification satisfactory to the Corporation for, an amount sufficient to satisfy any federal, state or local withholding tax requirements prior to the issuance or delivery of any certificate or certificates for such shares. Whenever payments are to be made in cash, such payments shall be net of an amount sufficient to satisfy any federal, state or local withholding tax requirements.

(e) Non-Assignability. No Award under the Plan shall be assignable or transferable by the participant except by will or by the laws of descent and distribution. During the life of a participant, such Award shall be exercisable only by the participant or by the participant's guardian or legal representative.

(f) Unfunded Status of Plan. The Plan is intended to constitute an "unfunded" plan with a substantial risk of forfeiture for incentive and deferred compensation. With respect to any payments not yet made to a participant or optionee by the Corporation, nothing set forth herein shall give any such participant or optionee any rights that are greater than those of a general creditor of the Corporation. In its sole discretion, the Committee may authorize the creation of trusts or other arrangements to meet the obligations created under the Plan to deliver Common Stock or payments in lieu of or with respect to Awards hereunder; provided, however, that the existence of such trusts or other arrangements is consistent with the unfunded status of the Plan.

(g) Non-Uniform Determination. The Committee's determinations under the Plan (including, without limitation, determinations of the persons to receive Awards, the form, amount and timing of such Awards, the terms and provisions of Awards and the agreements evidencing the Awards, and the establishment of values and performance targets) need not be uniform and may be made by it selectively among persons who receive, or are eligible to receive, Awards under the Plan, whether or not such persons are similarly situated. Notwithstanding anything contained in the

Plan, the Corporation may make loans to participants in connection with Awards under the Plan or otherwise.

(h) Amendment or Termination. The Board may amend, modify, suspend or terminate the Plan at any time; provided, however, that without stockholder approvals the Board may not increase the maximum number of shares which may be issued under the Plan (except increases pursuant to Section 6(c) hereof), change the class of employees eligible to receive Awards, extend the period during which any Award may be exercised, extend the term of the Plan or change the minimum option price or otherwise revise or amend the Plan in a way which would require the approval of Shareholders. The termination or any modification, suspension or amendment of the Plan shall not, without the consent of a participant, adversely affect the participant's rights under an Award previously granted except as provided in Section 13 hereof. The Committee may amend the terms of any Award or option theretofore granted, prospectively or retroactively, but no such amendment shall impair the rights of any holder without his consent. The Committee may also substitute new Stock Options for previously granted Stock Options including options granted under other plans applicable to the participant and previously granted Stock Options having higher option prices. Notwithstanding the foregoing, the Committee may (but shall not be required to) amend the Plan without obtaining the consent of any Participant to the extent necessary (as determined by the Committee in its sole discretion) to meet the requirements of Section 409A of the Code and the guidance issued thereunder such that the additional taxes and penalties set forth in Section 409A(a)(i)(B) of the Code will not apply to transactions contemplated by the Plan or any Participant's Option Agreement with respect to a Stock Option or the Shares acquired or any other Awards granted under the Plan. The Corporation shall have no liability whatsoever for or in respect of any decision to take action to attempt to so comply with Code Section 409A, any omission to take such action or for the failure of any such action taken by the Corporation to so comply.

(i) Use of Proceeds. The proceeds received by the Corporation from the sale of Common Stock pursuant to the sale or exercise of Awards under the Plan shall be added to the Corporation's general funds and used for general corporate purposes.

(j) Section 16. It is intended that the Plan and any grants made to a person subject to Section 16 of the Securities Exchange Act of 1934 meet all of the requirements of Rule 16b-3 thereunder. If any provision of the Plan or any Award hereunder would disqualify the Plan or such Award, or would otherwise not comply with Rule 16b-3, such provision or Award shall be construed or deemed amended to conform to Rule 16b-3 and such amendment shall not be deemed to violate Subsection (h) above.

(k) No Restriction on Right of Corporation to Effect Corporate Changes. Nothing in the Plan shall affect the right or power of the Corporation or its stockholders to make or authorize any or all adjustments, recapitalizations, reorganizations or other changes in the Corporation's capital structure or its business, or any merger or consolidation of the Corporation, or any issue of stock or of options, warrants or rights to purchase stock or of bonds, debentures, preferred or prior preference stocks whose rights are superior to or affect the Common Stock or the rights thereof or which are convertible into or exchangeable for Common Stock, or the dissolution or liquidation of the Corporation, or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding, whether of a similar character or otherwise.

(l) Section 409A Taxation. All provisions of the Plan shall be construed and interpreted in a manner consistent with the requirements for avoiding/delaying taxes or penalties under Section 409A of the Code, if possible. Each Participant is solely responsible and liable for the satisfaction of all taxes and penalties that may be imposed on or for the account of such Participant in connection with the Plan or any other Plan maintained by the Corporation (including any taxes and penalties under Section 409A of the Code), and neither the Corporation nor any Subsidiary shall have any obligation to indemnify or otherwise hold such Participant (or any beneficiary) harmless from any or all of such taxes or penalties. In the event that it is reasonably determined by the Committee that, as a result of Section 409A of the Code, payments made by the Corporation in respect of any Stock Option or other Award under the Plan may not be made at the time contemplated by the terms of the Plan or the relevant Award agreement, as the case may be, without causing the Participant holding such Stock Option or other Award to be subject to taxation under Section 409A of the Code, the Corporation will make such payment on the first day that would not result in the Participant incurring any tax liability under Section 409A of the Code.

(m) Withholding Taxes.

(i) Whenever Shares are to be issued in satisfaction of Awards granted under this Plan, the Corporation may require the Participant to remit to the Corporation an amount sufficient to satisfy applicable tax withholding requirements prior to the delivery of any certificate or certificates for such Shares. Whenever, under this Plan, payments in satisfaction of Awards are to be made in cash by the Corporation, such payment will be net of an amount sufficient to satisfy applicable tax withholding requirements.

(ii) When, under applicable tax laws, a Participant incurs tax liability in connection with the exercise or vesting of any Award that is subject to tax withholding and the Participant is obligated to pay the Corporation the amount required to be withheld, the Committee may in its sole discretion allow the Participant to satisfy the minimum tax withholding obligation by electing to have the Corporation withhold from the Shares to be issued up to the minimum number of Shares having a Fair Market Value on the date that the amount of tax to be withheld is to be determined that is not more than the minimum amount to be withheld; but in no event will the Corporation withhold Shares if such withholding would result in adverse accounting consequences to the Corporation. Any elections by a Participant to have Shares withheld for this purpose will be made in accordance with the requirements established by the Committee for such elections and be in writing in a form acceptable to the Committee.

(n) Construction of Plan. The validity, interpretation, and administration of the Plan and of any rules, regulations, determinations, or decisions made thereunder, and the rights of any and all persons having or claiming to have any interest therein or thereunder, shall be determined exclusively in accordance with the laws of the State of Delaware.

(o) Duration of the Plan. The Plan shall remain in effect until all Awards under the Plan have been satisfied by the issuance of shares or the payment of cash, but no Award shall be granted more than ten (10) years after the effective date hereof.
