Item 2.02. Results of Operations and Financial Condition.

On July 23, 2007, the company issued a press release announcing financial results for the quarter ended June 30, 2007. Attached hereto as Exhibit 99.1 is a copy of the company's press release dated July 23, 2007 announcing the company's financial results for this period.

The press release includes a discussion of revenue, net of fuel surcharges. The company provided this additional disclosure because management believes removing this source of revenue provides a more consistent basis for comparing results of operations from period to period. This financial measure in the press release has not been determined in accordance with generally accepted accounting principles ("GAAP"). Pursuant to Regulation G, the company has included a reconciliation of these non-GAAP financial measures to most directly comparable GAAP financial measures.
