**Item 2.05. Costs Associated with Exit or Disposal Activities.**

On January 29, 2018, Woodward, Inc. (“Woodward” or the “Company”) made a determination to relocate its Duarte, California operations to the Company’s newly renovated Drake Campus in Fort Collins, Colorado. The Duarte facility, which manufactures thrust reverser actuation systems (“TRAS”), is part of the Company’s Airframe Systems business group, with approximately 350 employees.

The Duarte facility is unable to support the significant amount of new business recently awarded, including a major TRAS contract with Airbus, while maintaining the highest quality and customer service levels. After conducting a thorough study, which centered on specific criteria including facilities that meet world class standards, are not encumbered by threats of eminent domain, and have a ready and capable workforce with the ability to transition quickly, the Company selected its newly renovated Drake Campus location.

Working closely with the International Union, United Automobile, Aerospace and Agricultural Implement Workers of America (“UAW”), the Company will begin the transition process, expected to span 18-24 months.

Woodward expects to incur restructuring charges related to the transition, primarily related to severance and other employee related costs. Although Woodward cannot provide a reasonable estimate of the amount of these charges or the required cash expenditures at this time, these charges and cash expenditures could be significant.

**NOTICE REGARDING FORWARD-LOOKING STATEMENTS**

The statements in this release contain forward-looking statements that involve risks and uncertainties, including statements concerning the relocation of its Duarte, CA operations to the company’s Drake Campus in Fort Collins, CO, the intention to produce world-class products in a facility that can accommodate growth and deliver high levels of quality and customer service, and the anticipated transition process of 18-24 months. Actual results could differ materially from projections or any other forward-looking statements and we have no obligation to update our forward-looking statements, except as required by applicable law. Factors that could affect performance and could cause actual results to differ materially from projections and forward-looking statements include discussions with our employees and UAW, finalizing restructuring costs, our ability to integrate operations at the Drake Campus as well as the risk factors described in Woodward's Annual Report on Form 10-K for the year ended September 30, 2017 and any subsequently filed Quarterly Report on Form 10-Q.

**Item 9.01. Financial Statements and Exhibits.**

**(d) Exhibits**

99.1 Press Release of Woodward, Inc. dated February 1, 2018

---

**SIGNATURE**
