TO BE HELD MAY 22, 2019

GENERAL INFORMATION

This Proxy Statement is being furnished in connection with the solicitation of proxies on behalf of the Board of Directors (the "Board") of Safety Insurance Group, Inc. (the "Company" or "Safety") for the 2019 Annual Meeting of Shareholders to be held on May 22, 2019 at 10:00 a.m. at the Company's headquarters located at 20 Custom House Street, Boston, Massachusetts 02110 (the "2019 Annual Meeting").

The record date for determining shareholders entitled to vote at the 2019 Annual Meeting has been fixed at the close of business on April 1, 2019 (the "Record Date"). As of the Record Date, 15,383,794 shares of the Company's common stock, par value \$0.01 per share (the "Common Stock"), were outstanding and entitled to be voted. Every shareholder will be entitled to one vote for each share of Common Stock recorded in his or her name on the Company's books as of the Record Date. The Company mailed this Proxy Statement and the related form of proxy (the "Proxy") on or about April 9, 2019.

With respect to Proposal 1, Election of the Company's Directors, the shares of Common Stock represented by the enclosed Proxy will be voted as directed by the shareholder or, in the absence of such direction, in favor of the election of the nominees for director designated herein. So long as a quorum (a majority of issued and outstanding shares of Common Stock entitled to vote at the 2019 Annual Meeting) is present at the 2019 Annual Meeting either in person or by proxy, a plurality of the votes properly cast is required to elect each director. Votes withheld from a director nominee, abstentions and broker non-votes (when a registered broker holding a customer's shares in the name of the broker has not received voting instructions on a matter from the customer and is barred from exercising discretionary authority to vote on the matter, which the broker indicates on the Proxy Card) will be treated as present at the 2019 Annual Meeting for the purpose of determining a quorum but will not be counted as votes cast. Please note that Brokers may not vote your shares on Proposals 1, 3 or 4 without your specific instructions. Please be sure to give specific voting instructions to your broker, so that your vote can be counted.

With respect to Proposal 2, Ratification of Appointment of Independent Registered Public Accounting Firm, an affirmative vote of a majority of the shares present or represented and entitled to vote on such proposal is required for approval. Abstentions are included in the number of shares

Table of Contents

present or represented and entitled to vote on the proposal and therefore have the practical effect of a vote against the proposal.

With respect to Proposal 3, Advisory Vote on Executive Compensation, an affirmative vote of a majority of the shares present or represented and entitled to vote on such proposal is required for approval (on a non-binding, advisory basis). Abstentions are included in the number of shares present or represented and entitled to vote on the proposal and therefore have the practical effect of a vote against the proposal. Your vote is advisory and will not be binding upon the Company, the Board of Directors, or the Compensation Committee. However, the Board of Directors and the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements.

With respect to Proposal 4, Shareholder Proposal, an affirmative vote of a majority of the shares present or represented and entitled to vote on such proposal is required for approval. Abstentions are included in the number of shares present or represented and entitled to vote on the proposal and therefore have the practical effect of a vote against the proposal.

The enclosed Proxy confers discretionary authority with respect to any other proposals that may properly be brought before the 2019 Annual Meeting. As of the date hereof, management is not aware of any other matters to be presented for action at the 2019 Annual Meeting. If any other matters properly come before the 2019 Annual Meeting, however, the Proxies solicited hereby will be voted in accordance with the recommendation of the Board.

Any shareholder giving a Proxy may revoke it at any time before it is exercised by delivering written notice thereof to the Secretary. Any shareholder attending the 2019 Annual Meeting may vote in person whether or not the shareholder has previously filed a Proxy. Presence at the 2019 Annual Meeting by a shareholder who has signed a Proxy, however, does not in itself revoke the Proxy. The enclosed Proxy is being solicited by the Board. The cost of soliciting Proxies will be borne by the Company, and will consist primarily of preparing and mailing the Proxies and Proxy Statements. The Company will also request persons, firms and corporations holding shares of Common Stock in their names, or in the names of their nominees, which shares are beneficially owned by others, to send this Proxy material to and obtain Proxies from such beneficial owners and will reimburse such holders for their reasonable expenses in so doing.

The Company's Annual Report to Shareholders for the fiscal year ended December 31, 2018, including financial statements and the report of the Company's independent registered public accounting firm, PricewaterhouseCoopers LLP, thereon, accompanies this Proxy Statement. The Annual Report to Shareholders is neither a part of this Proxy Statement nor incorporated herein by reference.

Mr. Brussard continues to serve the Company as Non-Executive Chairman of the Board. From January 1999 to March 31, 2016, Mr. Brussard served as the CEO and President of the Insurance Subsidiaries. Mr. Manning retired in 2003, as Vice Chairman Strategic Business Development of FleetBoston Financial, after 32 years with FleetBoston Financial Corporation (formerly BankBoston) where he also held the positions of Comptroller and Executive Vice President and Chief Financial Officer. PROPOSAL 2

RATIFICATION OF APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP
AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2019

The Audit Committee of the Board selected PricewaterhouseCoopers LLP ("PwC") to continue as the Company's independent registered public accounting firm for 2019. PwC is the Company's independent registered public accounting firm for the most recently completed fiscal year ended December 31, 2018. A representative of PwC is expected to be present at the 2019 Annual Meeting. The representative will have an opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions from shareholders.

Ratification of PwC as our independent registered public accounting firm for the fiscal year ending December 31, 2019 requires the affirmative vote of the holders of a majority of the shares of Common Stock present in person or represented by proxy and entitled to vote. **THE BOARD RECOMMENDS VOTING FOR PROPOSAL 2 WHICH CALLS FOR THE RATIFICATION OF THE APPOINTMENT OF PWC.**

If our shareholders do not ratify the selection of PwC, the appointment of the independent registered public accounting firm will be reconsidered by our Audit Committee. Even if the selection is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent accounting firm at any time during the year if the Audit Committee believes that such a change would be in the best interests of the Company and its shareholders.

Audit Fees Billed for Services Performed Related to 2018 and 2017 Services

Audit Fees

Aggregate fees billed were \$1,158,791 and \$1,128,729 for 2018 and 2017, respectively. The fees in this category are for professional services rendered in connection with the audits of the Company's annual financial statements, including the Company's internal control over financial reporting, set forth in the Company's Annual Report on Form 10 K, the review of the Company's quarterly financial statements set forth in its Quarterly Reports on Form 10 Q, and the performance of other services that generally only the Company's independent registered public accounting firm can provide, such as consents.

Audit-Related Fees

There were no aggregate fees billed in 2018. Aggregate fees were \$38,450 for 2017. The fees in this category were for professional services rendered in connection with the employee benefit plan audit.

Tax Fees

Aggregate fees billed were \$54,675 and \$53,075 for 2018 and 2017, respectively. The fees in this category were for professional services rendered in connection with tax compliance and tax consulting services.

Table of Contents

All Other Fees

Aggregate fees billed were \$1,800 for both 2018 and 2017. The fees in this category were solely for the Company's licensing of PwC proprietary research tools.

The Audit Committee has considered and determined that the provision of non-audit services provided in 2018 and 2017 are compatible with maintaining PwC's independence.

Audit Committee's Pre-Approval Policies and Procedures

Our Audit Committee has established a policy that all audit and permissible non-audit services provided by the independent auditors will be pre-approved by the Audit Committee. These services may include audit services, audit related services, tax services and other services. The Audit Committee considers whether the provision of each non-audit service is compatible with maintaining the independence of the Company's auditors. Pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent auditors and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent auditors in accordance with this pre-approval, and the fees for the services performed to date. During fiscal years 2018 and 2017, all audit services and all non-audit services provided to the Company by PwC were pre-approved in accordance with the Audit Committee's pre-approval policies and procedures described above.

PROPOSAL 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Board adopted the shareholders' recommendation at the 2018 Annual Meeting and elected to hold a shareholder vote on "say-on-pay" annually. Accordingly, in this Proposal 3, the Company again this year seeks your vote on the following advisory resolution:

"RESOLVED, that the shareholders of the Company approve, on a non-binding advisory basis, the compensation of the Company's Named Executive Officers listed in the 2018 Summary Compensation Table included in the Proxy Statement for the 2019 Annual Meeting, as such compensation is disclosed pursuant to the disclosure rules of the Securities and Exchange Commission, including the section titled Compensation Discussion and Analysis as well as the compensation tables and other narrative executive compensation disclosures thereafter."

Our goal for the Company's executive compensation program is to attract, motivate and retain a talented, dedicated and knowledgeable team of executives who will provide leadership for the Company's success in competitive markets. We seek to accomplish this goal in a way that rewards performance and is strongly aligned with our shareholders' long-term interests.

The Company, the Board of Directors, and the Compensation Committee remain committed to the compensation philosophy, policies and objectives outlined under the heading Compensation Discussion and Analysis in the Proxy Statement. We are committed to paying for performance and making sure our decisions align with the long-term interests of Safety and its shareholders. Since our November 22, 2002 Initial Public Offering through December 31, 2018, Safety has delivered a total of 1,171% in total return to our shareholders, well above the major indexes and our property-casualty insurance peers. As always, the Board of Directors and the Compensation Committee will continue to review all elements of the executive compensation program and take any steps they deem necessary to continue to fulfill the objectives of the program.

Shareholders are encouraged to carefully review the Compensation Discussion and Analysis section, the compensation tables and other narrative discussion in the Proxy Statement which discuss in detail our compensation policies and procedures and our compensation philosophy.

Because your vote is advisory, it will not be binding upon the Company, the Board of Directors, or the Compensation Committee. However, the Board of Directors and the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements.

THE BOARD RECOMMENDS VOTING FOR THE ADOPTION OF THE RESOLUTION ABOVE APPROVING THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS.

PROPOSAL 4

SHAREHOLDER PROPOSAL

The Company has been notified that the California Public Employees' Retirement System ("CalPERS"), P.O. Box 2749, Sacramento, California, 95812-2749, the beneficial owner of at least \$2,000 in market value of the Company's common stock on the date the proposal was submitted and for at least the preceding eighteen months, intends to present the following proposal at the 2019 Annual Meeting of Shareholders. In accordance with applicable proxy regulations, the proposal and supporting statement, for which we and our Board accept no responsibility, are set forth below:

RESOLVED: That the shareowners of Safety Insurance Group, Inc. (Company) hereby request that the Board of Directors initiate the appropriate process to amend the Company's articles of incorporation and/or bylaws to provide that directors shall be elected by the affirmative vote of the majority of votes cast at an annual meeting of shareowners in uncontested elections. A plurality vote standard, however, will apply to contested director elections; that is, when the number of director nominees exceeds the number of board seats.

Supporting Statement

Is accountability by the Board of Directors important to you? As a long-term shareowner of the Company, CalPERS thinks accountability is of paramount importance. This is why we are sponsoring this proposal. This proposal would remove a plurality vote standard for uncontested elections that effectively disenfranchises shareowners and eliminates a meaningful shareowner role in uncontested director elections.

Under the Company's current voting system, a director may be elected with as little as one affirmative vote because "withheld" votes have no legal effect. This scheme deprives shareowners of a powerful tool to hold directors accountable because it makes it impossible to defeat directors who run unopposed. Conversely, a majority voting standard allows shareowners to actually vote "against" candidates and to defeat reelection of a management nominee who is unsatisfactory to the majority of shareowners who cast votes.

A substantial number of companies have already adopted this form of majority voting. More than 90% of the companies in the S&P 500 have adopted a form of majority voting for uncontested director elections. We believe the Company should join the growing number of companies that have adopted a majority voting standard requiring incumbent directors who do not receive a favorable majority vote to submit a letter of resignation, and not continue to serve, unless the Board declines the resignation and publicly discloses its reasons for doing so.

Majority voting in director elections empowers shareowners to clearly say “no” to unopposed directors who are viewed as unsatisfactory by a majority of shareowners casting a vote. Incumbent board members serving in a majority vote system are aware that shareowners have the ability to determine whether the director remains in office. The power of majority voting, therefore, is not just

12

Table of Contents

the power to effectively remove poor directors, but also the power to heighten director accountability through the threat of a loss of majority support. That is what accountability is all about.

CalPERS believes that corporate governance procedures and practices, and the level of accountability they impose, are closely related to financial performance. It is intuitive that, when directors are accountable for their actions, they perform better. We therefore ask you to join us in requesting that the Board of Directors promptly adopt the majority voting standard for uncontested director elections. We believe the Company's shareowners will substantially benefit from the increased accountability of incumbent directors and the power to reject directors shareowners believe are not acting in their best interests. Please vote FOR this proposal.

Board of Directors' Response in Opposition to Proposal No. 4

The Board unanimously recommends VOTING AGAINST this proposal. Proxies solicited by the Board of Directors will be voted "AGAINST" the proposal unless a shareholder has indicated otherwise in voting the proxy.

The Board has carefully considered the proposal submitted by the California Public Employees' Retirement System (the "CalPERS Proposal") and, following its review of the CalPERS Proposal, does not believe that the CalPERS Proposal is in the best interests of the Company or its shareholders at this time. Accordingly, the Board unanimously recommends that the Company's shareholders vote AGAINST the CalPERS Proposal.

The Board does not believe that electing directors under a majority vote standard would result in a more effective Board. Importantly, the proponent has not asserted that the Board has not acted in the best interests of the Company's shareholders. The Company's shareholders have a history of electing strong and independent Boards, not only by a plurality, but by a sizeable majority of votes cast. The Board, as so elected, has been a significant factor in the Company's consistent growth and financial stability, and has repeatedly demonstrated sound business judgment in its leadership of the Company. Consequently, the Board is hesitant to make a fundamental change to the Company's corporate governance system that already has helped the Company deliver superior performance to its shareholders over many years.

The plurality standard for uncontested seats clearly has worked without problem for our shareholders for 16 years. Institutional stockholders own approximately 84% of the Company's shares and in the prior year our directors received more than 98% "FOR" votes of the votes cast. A plurality vote standard guarantees a full board of directors as long as there are at least as many nominees as open seats, and avoids problems associated with failed elections (that is, an election in which a director is not chosen and a vacancy on the Board is created), and resulting holdover directors. A majority vote standard is problematic in these regards, and a failed election as to one or more director nominees could have other undesirable and disruptive consequences for the Company.

The Board is also concerned about other additional consequences that may result from adopting the CalPERS Proposal, including the potential unnecessary increase in the cost of soliciting

Table of Contents

shareholder votes. Implementing the CalPERS Proposal could provide special interest shareholder groups with the ability to promote “vote-no” campaigns that the Board believes are not in the Company’s best interests or the best interests of its shareholders, and would force the Company to employ a proactive telephone solicitation, second mailing or other vote-getting strategy to obtain the required votes. The end result may be increased spending for routine elections. The Board does not believe that the costs incurred by the Company in such circumstances would be a wise use of the Company’s financial and other resources.

Under the current plurality voting standard, shareholders have the ability to express disapproval of corporate policies, strategy or director candidates through the use of withhold votes. Institutional and retail investors successfully utilize withhold vote campaigns to influence corporate policies and director elections. The use of withhold votes, as opposed to implementation of majority voting, provides the Board with flexibility to appropriately respond to shareholder dissatisfaction without concern for potential corporate governance complications arising from a failed election. In addition, shareholders who are truly dissatisfied with director candidates have the ability to nominate alternative candidates and also may make recommendations for nominations directly to the Company’s Corporate Secretary by following the procedures set forth in the Company’s Bylaws and related policies.

For these reasons, the Board does not believe adopting a majority voting standard for director elections is in the best interests of the Company or its shareholders at this time. However, the Board will continue to assess developments in director voting standards, and remains committed to maintaining the high standards in corporate governance that the Board has demonstrated to date.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Introduction

Our compensation program objectives are to attract and retain individuals key to our future success, to motivate and reward employees in achieving our business goals and to align the long-term interests of employees with those of our shareholders. We are committed to paying for performance and making sure our decisions align with long-term interests of Safety and its shareholders.

In this section, we discuss and analyze our compensation practices with respect to Messrs. Murphy, Begley, Berry, Narciso and Varga, who are respectively, our Chief Executive Officer, Chief Financial Officer, and three other highest paid executives (collectively, our "Named Executive Officers") in 2018.

Executive Summary

The purpose of this summary is to help our investors understand Safety's approach to executive compensation, specifically understanding what we pay our executives, how we pay them, and why. We are committed to paying for performance and making sure our decisions align with long-term interests of Safety and its shareholders.

The Compensation Committee (the "Committee") is responsible for executive compensation at Safety. The Committee is comprised entirely of independent directors. The Committee engages Pay Governance, a leading independent executive compensation consulting firm, to help guide them in implementing best pay practices and help ensure strong pay and performance alignment. Highlights and features of our shareholder-friendly pay practices include:

- A performance-based share program, which measures our performance over a three-year period and is specifically tied to total shareholder return ("TSR")¹ and combined ratio, which is a standard insurance industry profitability metric. In 2018, performance awards represented 55% of total long-term incentive shares awarded. We believe that maintaining a long-term performance-based share program in combination with our existing performance-based annual cash bonus will help ensure strong pay and performance alignment.
- A "double trigger" rather than "single trigger" vesting acceleration in a potential change of control. For the vesting of shares to accelerate, the executive would need to be terminated and a change of control would have to occur.
- No tax gross-ups for potential excise tax that might be incurred if a change of control were to occur.
- Our equity plan prohibits share recycling and repricing of stock options without advance approval of shareholders.
- Robust stock ownership guidelines for our executives and Directors.

¹ TSR = share price appreciation + dividends

Table of Contents

- A recoupment or “clawback” policy for incentive compensation awarded to executives in the event of an accounting restatement during a three-year period in cases of material fraud, misstatement or misconduct.
- An insider trading policy that prohibits the hedging or pledging of the Company’s equity securities.

Long-term Performance

We have had strong absolute and relative TSR over the 1, 3, and 5 year periods. Our TSR of 1,171% from our November 22, 2002, Initial Public Offering (“IPO”) through December 31, 2018, is well above the major indexes and our property and casualty insurance peers.

Time Period*	TSR
1 year	6%
3 years	64%
5 years	81%

*1 year represents year-over-year growth while 3 and 5 years represent cumulative growth (e.g., for 3 years represents growth from December 31, 2015 through December 31, 2018; for 5 years represents growth from December 31, 2013 through December 31, 2018)

2018 Results and Impact on Actual Pay

2018 was a strong year for our Company as we achieved the following accomplishments:

- In 2018, earnings per share (“EPS”) was \$5.48 and earnings before income taxes was \$83.3 million. Earnings before interest, taxes, and changes in unrealized gains (losses) on equity securities was \$120.7 million, which is calculated in the table below. The Compensation Committee believes that this is an effective measure for assessing annual profitability and company performance.

Beginning in 2018, the Company was required to adopt a new accounting pronouncement from the Financial Accounting Standards Board (“FASB”) which requires changes in unrealized gains and losses on equity securities to be recorded through net income rather than through other comprehensive income. Eliminating the benefit or penalty of this adoption give a representation of true business performance. It is the core metric used in the annual incentive plan under which cash bonus payouts are tied directly to this metric.

Table of Contents

Financial Statement Line Item	2018	2017
Income before income taxes	\$ 104,251	\$ 86,700
Interest expense	90	90
Change in net unrealized gains on equity investments	16,324	-
	\$ 120,665	\$ 86,790

- Direct written premiums, a proxy for revenue growth, increased by 2.0% from \$827.3 million to \$843.7 million.
- Combined ratio, another measure of profitability, which is the sum of our loss and expense ratio, was 93.7% in 2018.

Due to the above accomplishments and other strong financial performance, we funded performance-based variable pay as follows:

- 2018 annual incentive bonus was achieved at maximum, representing 150% of target;
- The 2016 – 2018 performance awards granted on February 23, 2016 had an actual payout of 191.0%, above the targeted granted amount. Refer to the long-term incentive section below for further information.

The Committee is confident that the 2018 annual incentive and 2016 – 2018 performance share payouts are a fair reflection of the year's results.

Say on Pay Results

Safety's Board of Directors takes its duty to the Company and its shareholders seriously. We strive to follow good process, apply our best judgment, and make the best decisions we can to make Safety an even stronger and more valuable company. Our ability to perform that role is greatly enhanced when we receive thoughtful and constructive feedback from our shareholders. Our shareholders responded very favorably to our executive compensation program with 96.6% voting in support of our 2018 Say on Pay vote. We continue to welcome your input and feedback on our approach to executive compensation and these disclosure materials. We look forward to receiving your continued support on our upcoming say-on-pay vote.

Objectives of the Company's Compensation Program

The Committee is responsible for recommending to the Board compensation for the CEO and for determining the compensation of the other executive officers. The Committee acts pursuant to a charter that has been approved by the Board. The Committee bases its compensation policies and decisions on the following principles.

- Compensation should be structured to allow us to motivate, retain and attract executive talent.
- Compensation should be directly linked to the Company's and individual's performance as well as the individual's level of responsibility.
- Compensation should be driven by our long-term financial performance and in doing so work to align the interests of management and shareholders.

Table of Contents

· Compensation should reflect the value of each officer's position in the marketplace and within the Company. The Committee annually reviews executive performance and compensation, including base pay, annual cash incentives, and equity awards for our executives. The Committee considers specific recommendations regarding compensation for other executives from the CEO and reviews the CEO's annual assessment of other executives' performance. Our Committee makes a final determination of compensation amounts for our CEO and other executives with respect to each of the elements of the executive compensation program for actual compensation based on performance in the preceding year and target compensation for the current year.

Policies and Practices Related to the Company's Compensation Program

We strive to create an overall compensation package for each Named Executive Officer that satisfies these objectives, recognizing that certain elements of compensation are better suited to reflect different compensation objectives. Our primary goal is to provide strong performance-based total compensation plans that enable us to provide highly competitive compensation when our performance leads the peer group and industry.

Compensation Consultant and Compensation Study

The Committee selected and directly engaged Pay Governance as its compensation consultant. Pay Governance receives compensation only for services related to executive compensation issues, and neither it nor any affiliate company provides any other services to the Company. Pay Governance reports directly to the Committee and is responsible for reviewing Committee materials, attending Committee meetings, assisting the Committee with program design and generally providing advice and counsel to the Committee as compensation issues arise. Based on the consideration of the various factors as set forth in the rules of the SEC, the Compensation Committee has determined that its relationship with Pay Governance and the work of Pay Governance on behalf of the Committee has not raised any conflict of interest.

As part of its review of the compensation of executive management at the Company, Pay Governance recommended and the Committee approved the following thirteen companies which comprise the Company's peer group for 2018 as follows:

Donegal Group, Inc., EMC Insurance Group, Inc., Employers Holdings, Inc., Hallmark Financial Services, Inc., Hanover Insurance Group, Inc., Heritage Insurance Holdings Inc., Horace Mann Educators Corporation, Mercury General Corporation, Protective Insurance Corporation, Selective Insurance Group, Inc., State Auto Financial Corporation, United Fire Group, Inc. and Universal Insurance Holdings, Inc..

This 2018 peer group reflects the exclusion of Infinity Property and Casualty Insurance Company which was acquired in 2018 and the addition of United Fire Group, Inc.

Equity Grant Practices

The grant date of our equity awards is scheduled in advance and is based on the timing of the completion of our annual performance and compensation review process. We have not granted stock

Table of Contents

options to our Named Executive Officers since 2003 and none of our Named Executive Officers hold any Company stock options.

Stock Ownership Guidelines and Hedging / Pledging Policy

We have stock ownership guidelines for our Named Executive Officers to help ensure alignment of our Named Executive Officers' interests with those of our shareholders. Stock ownership guidelines are set as a multiple of annual base salary divided by the current share price on the date of the annual evaluation. The multiple of annual base salary for the CEO is set at five, and for the remaining executive officers is set at three. All of our Named Executive Officers currently meet these guidelines.

Our Directors are also subject to stock ownership guidelines, which require them to have a value four times their annual cash retainer. A director must meet this requirement within five years of becoming a director. All Directors, outside of the recently appointed Ms. Meehan, currently meet the guideline.

As part of our insider trading policy, our executives and directors are already subject to an anti-hedging policy that prohibits them from purchasing financial instruments that are designed to hedge or offset any fluctuations in the market value of the Company's equity securities they hold. The insider trading policy also prohibits the pledging of the Company's equity securities.

Elements of Executive Compensation

The Committee, after reviewing information provided by Pay Governance, determines what it believes to be the appropriate level for cash and non-cash compensation components. After receiving the results of the Pay Governance study and considering our compensation philosophy and the actual practices of the selected peer group, the Committee determined that the elements of targeted overall compensation for executive officers should include the following:

Pay at Risk

A significant percentage of each named executive's target total direct compensation is "pay at risk" through long-term equity awards and annual incentive awards that are linked to actual performance. The Committee believes that the executive pay at Safety should contain a high percentage of pay at risk consistent with our pay for performance philosophy. For example in 2018, Safety's CEO had 70% of his target pay (target annual incentive and long-term incentives) at

Table of Contents

risk which was above that of peer CEOs according to the Pay Governance executive benchmarking report. The actual mix of compensation for 2018 for our CEO is shown in the chart below.

Base Salaries

Base salaries are generally targeted at the median (50th percentile) of peer group companies and reflect the roles, responsibilities and individual performance of the executives. In 2018, in accordance with the executive officers' employment contracts, salary increases were based on the change in cost of living for the Boston metropolitan market as reported by the U.S. Department of Labor statistics. This resulted in an increase of 2.9% to each NEO. The salaries of our President and Chief Executive Officer was also adjusted by the Compensation Committee to reflect current market levels.

Annual Cash Incentives

The purpose of the Annual Performance Incentive Plan is to provide designated key executive employees with meaningful financial rewards for the accomplishment of our annual financial and strategic objectives. This annual cash incentive compensation award directly reflects the actual performance of the Company. This direct reflection of Company performance is illustrated by the 2018 awards, under which, as discussed below, performance results exceeded the maximum payout and resulted in a maximum payout to our Named Executive Officers

Under the Annual Performance Incentive Plan, once the threshold performance level (as defined by the Committee annually) has been achieved, the payouts may range from 50% to 150% of the target payout.

Table of Contents

The 2018 payout opportunity for our executive officers ranged as follows:

Position	% of Salary Payable		
	Threshold	Target	Maximum
Chief Executive Officer	40%	80%	120%
Other Executive Officers	30%	60%	90%

On or before the end of the first 90 days of each fiscal year, the Committee selects the participants to whom incentive awards are granted, establishes the target incentive awards, and establishes the performance objective or objectives that will determine the dollar amount available for these incentive awards. Performance objectives are based upon the relative or comparative achievement of one or more of the following criteria, as determined by the Committee: net income, earnings before interest, taxes, and changes in unrealized gains (losses) on equity securities, as described on page 20, earnings before interest and taxes (“EBIT”), EPS, return on shareholders’ equity, expense management, profitability of an identifiable business unit or product, ratio of claims to revenues, revenue growth, earnings growth, total shareholder return, cash flow, return on assets, operating income, net economic profit (operating earnings minus a charge for capital), customer satisfaction, agency satisfaction, employee satisfaction, quality of services, strategic innovation, or any combination of the foregoing.

For 2018, the financial measure established by the Committee was earnings before interest, taxes, and changes in unrealized gains (losses) on equity securities, as described on page 20. The Compensation Committee believes this is an effective measure for assessing annual profitability and company performance.

The target goal for 2018 was \$54.8 million and was based on the average of the actual EBIT achievements for 2017 and 2016 on which the executives were paid bonuses. Note in prior years EBIT was the target as the change in unrealized gains (losses) on equity securities was an accounting pronouncement adopted in 2018 under Financial Statement Accounting Board requirements. This establishes a consistent methodology tied to the operating results of the Company as explained on page 20. This means that if the actual achievement was above 150% of that year’s target, the goal setting calculation uses the 150% achievement for determining the two-year average. This practice avoids penalizing the executives for over achievement and creating unachievable performance goals. The two-year average also enables us to set targets that provide for a reasonable time to adjust to factors that are out of the Company’s control, such as changes in regulatory requirements or unusual weather occurrences. Once the target goal is set, the range of performance is 50% (threshold) to 150% (exceptional) of this target, and the payouts are based on achievement relative to the goal. The Committee prorates the payouts within this range to correspond to the actual performance.

For 2018, our actual earnings before interest, taxes, and changes in unrealized gains (losses) on equity securities of \$120.7 million was 220% of our \$54.8 million target. For 2017 our actual financial performance of \$86.7 million was 277% of our \$31.3 million target. This resulted in a 150% of target payout for both 2018 and 2017 as follows.

Long-Term Incentives (“LTI”)

On April 2, 2018, the Company’s Board of Directors adopted the Safety Insurance Group, Inc. 2018 Long-Term Incentive Plan (“the 2018 Plan”), which was subsequently approved by our shareholders at the 2018 Annual Meeting of Shareholders. The 2018 Plan enables the grant of stock awards, performance shares, cash-based performance units, other stock-based awards, stock options, stock appreciation rights, and stock unit awards, each of which may be granted separately or in tandem with other awards. Eligibility to participate includes officers, directors, employees and other individuals who provide bona fide services to the Company. The 2018 Plan supersedes the Company’s 2002 Management Omnibus Incentive Plan (“the 2002 Incentive Plan”). No awards were granted under the 2018 Plan during 2018.

We use our incentive plans to grant long-term equity-based incentive awards. A description of the 2018 Plan can be found in the narrative following the Grants of Plan-Based Awards table. Long-term incentive compensation, which may include nonqualified stock options, incentive stock options, stock appreciation rights and restricted stock awards, is intended to reinforce the long-term growth in shareholder value of the Company by linking pay to the value of our shares. The amounts awarded annually are based on the performance of the Company. The actual amount awarded and accumulated reflects our historical performance.

On February 26, 2018, the Committee, after reviewing information provided by Pay Governance, determined what it believed to be the appropriate level of each of the various compensation components. The Committee awarded restricted stock awards under the 2002 Incentive Plan with an aggregate total market value of \$3,150,000 as of the date of the grant to the executive team. The executives were granted 55% of their overall LTI mix in the form of performance-based restricted shares, while the remaining 45% were in the form of time-based restricted shares. Shares will not be earned or vested until performance criteria and / or time requirements are met. The distribution resulted in the following share allocation:

Name	2018 Time-Based Stock Award Shares	2018 Performance-Based Stock Award Shares	2018 Total Stock Award Shares	2018 Total Stock Award Value
George M. Murphy	4,797	6,094	10,891	\$ 800,000
William J. Begley, Jr.	2,398	3,047	5,445	400,000
James D. Berry	2,398	3,047	5,445	400,000
Paul J. Narciso	2,099	2,666	4,765	350,000

Stephen A. Varga	2,099	2,666	4,765	350,000
---------------------	-------	-------	-------	---------

As noted above, executives are granted 55% of their overall LTI mix in the form of performance-based restricted shares, while the remaining 45% is in the form of time-based restricted shares. The performance share design has the following features: three-year performance measurement period tied to the Company's relative TSR versus its property-casualty insurance company peers (weighting of 40%) and Safety's three-year average combined ratio (weighting of

25

Table of Contents

60%), which is a standard insurance industry profitability metric. The Committee believes that a three-year average combined ratio is a strong long-term proxy for performance, and used with relative TSR will ensure strong pay and performance alignment while ensuring sufficient line of sight for executives. Actual payouts can range from 0% to 200%, depending on actual performance. The TSR portion of the performance share design employs a shareholder friendly feature that caps payout to 100% of target if absolute TSR is negative (even though the Company might have exceeded target in the relative TSR metric). The earned performance shares will cliff vest after the three-year performance period based on the performance measures attained.

Both time vested awards and performance awards granted include a retirement provision. For time vested awards, if termination of service occurs on or after the first anniversary of the date of grant and because of retirement after attaining age 62 with at least 10 years of service with the Company, the periods of restriction shall expire on the date of termination of service with respect to 100% of the shares subject to remaining periods of restriction.

For performance vested awards, if during the performance period, the grantee's termination of service occurs because of the grantee's retirement after attaining age 62 with at least 10 years of service with the Company, the award shall not be forfeited on the retirement date, but the number of shares earned shall be equal to the number of shares earned determined based on actual attainment of the performance measures as of the end of the performance period multiplied by a fraction, the numerator of which is the number of months (rounded up to the next integer) from the beginning of the performance period until the date of termination of service, and the denominator of which is 36.

The 2016 – 2018 performance awards granted on February 23, 2016 had an actual payout of 191.0%, above the targeted granted amount compared to 86.5% payout in the prior year. The actual payout of 191.0% is based on Safety's combined ratio for the three year period ending December 31, 2018 of 95.6% (a 187% payout), and TSR performance of 70% relative performance at the 89th percentile (a 198% payout). The award to Mr. Murphy included a one-time grant of 10,000 performance shares in connection with his promotion to Chief Executive Officer in 2016.

Name	Year	Performance Based Granted Value	Performance Based Number of Shares	Actual Number of Shares	Additional Number of Shares
George M. Murphy	2016	1,063,000	17,246	32,935	15,689
William J. Begley, Jr.	2016	275,000	4,529	8,649	4,120

The 2016 - 2018 SAFT Average Combined Ratio target was set at the beginning of the period and was based off a formulaic calculation: the median of a four year historical performance peer combined ratio performance. For relative TSR, we are ranked compared to the same performance peer group that is used in the combined ratio target.

At December 31, 2018, the performance awards granted on February 26, 2018, and February 22, 2017 would be projected to payout at 181% and 163% respectively. These amounts are calculated based on the Company's actual combined ratio to date, as well as relative TSR performance (compared to its performance peer group) to date. Final actual results may differ and will continue to be calculated until the end of each award's applicable performance period.

Performance-Based Nonqualified Deferred Compensation

We maintain a nonqualified deferred compensation plan, the Executive Incentive Compensation Plan (the "EICP") to further our objective of providing our executive officers with compensation that is competitive with that provided by comparable companies. The EICP is a performance-based program that allocates 1.75% of our insurance subsidiaries annual consolidated statutory net income to a pool that is then distributed as deferred compensation to the eligible executives. The amount allocated is based on the total annual cash compensation (salary plus annual incentive received, or deferred, in the year) of the eligible executives. Our insurance subsidiaries experienced a combined statutory net income of \$94.9 million in 2018, and Messrs. Murphy, Begley, Berry, Narciso and Varga earned the following allocations under the EICP in 2018: \$507,906, \$275,616, \$214,368, \$156,426, and \$162,342, respectively. The allocations are retained

Table of Contents

by the Company, invested in mutual funds, and only paid to the executive upon employment termination as defined in the EICP.

The EICP also provides a deferred compensation benefit with a supplemental matching provision similar to our 401(k) plan. Our intention is to provide additional retirement benefits to eligible executives in the absence of a traditional defined benefit pension arrangement. The provision enables the executive officer to elect to defer amounts from current compensation above the federally limited amount that can be deferred under our tax-qualified 401(k) plan and receive an employer matching contribution on such supplemental deferrals. In accordance with the EICP, we make a matching contribution annually at the close of each plan year in an amount equal to 75% of the participant's elective deferrals under the plan up to a maximum amount of 8% of the participant's compensation. The participant's compensation for this purpose means the participant's base salary and annual incentive received (or deferred) in the plan year. Amounts deferred under the EICP do not include amounts deferred under the 401(k) plan, thus our matching contributions under the EICP do not include amounts we have matched under the 401(k) plan. We made the following employer matching contributions for 2018 to the EICP on behalf of the Named Executive Officers: Mr. Murphy - \$36,994; Mr. Begley - \$36,584; Mr. Berry - \$14,943; Mr. Narciso - \$17,233; and Mr. Varga - \$15,163.

A description of our Named Executive Officers' benefits under the EICP and other material terms of the EICP can be found in the narrative following the Nonqualified Deferred Compensation Plan table.

Other Employee Benefits

In addition to the main elements of compensation previously discussed in this section, our Named Executive Officers are eligible for the same welfare and other benefits as are available to all of our employees. These benefits include medical and dental insurance, short-term and long-term disability insurance, life and accidental death insurance, and a 401(k) plan. The 401(k) plan allows employees to contribute on a pre-tax basis up to the maximum allowed under federal law. At the close of each plan year, the Company makes a matching contribution equal to 100% of the amount each participant contributed during the plan year from their total pay, up to a maximum amount of 8% of the participant's base salary, provided the participant is employed on the last day of the plan year. We have no defined benefit pension plan for employees at this time.

We provide our Named Executive Officers with limited perquisites that the Committee believes are reasonable and competitive. In 2018 these perquisites included use of an automobile parking space.

The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management, and based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and Form 10 K.

Compensation Policies and Practices as They Relate to the Company's Risk Management

The Compensation Committee considers, among other things, in establishing and reviewing our executive compensation program, whether the program pays the executives for performance and whether the program encourages unnecessary or excessive risk taking. The Compensation Committee reviews annually the principal components of executive compensation and believes that our allocation of compensation among base salary and annual and long-term incentives encourages our executives to deliver strong results for our shareholders without taking excessive risk. We set base salaries at levels that provide our executives with assured cash compensation that, when combined with annual and long-term incentive awards, motivates them to perform at a high level without encouraging inappropriate risk taking to achieve a reasonable level of compensation. With respect to incentive opportunities under our annual incentive plan, we believe that our use of measurable corporate financial performance goals and multiple performance levels associated with minimum, target and maximum achievable payouts, together with the Compensation Committee's discretion to reduce awards, serve to mitigate against excessive risk-taking. We also believe that our strategic balancing of annual incentives and long-term incentives in the form of restricted stock and performance shares, with multi-year vesting schedules, encourages our executives to deliver incremental value to our shareholders while discouraging short-term risk taking that could negatively affect the value of their long-term awards. The Company's robust stock ownership guidelines combined with high level executive stock ownership additionally help mitigate short-term risk-taking. The Compensation Committee believes that these incentive plans appropriately balance risk, payment for performance and the desire to focus executives on specific financial and leadership measures and that they do not encourage unnecessary or excessive risk taking. We believe that the Company's compensation policies and practices for all employees, including non-executive officers, are reasonable and do not create any material risk or adverse effect on the Company.

and President of the Company for a term ending December 31, 2018. The employment agreement requires formal action to renew for an additional one-year term by the Compensation Committee at least 90 days in advance of the scheduled expiration date, unless Mr. Murphy notifies the Company of his decision to decline any additional term before at least 120 days prior to this scheduled expiration date.

The Compensation Committee approved the renewal of Mr. Murphy's contract in 2018 for an additional one-year term. Under the terms of the employment agreement, Mr. Murphy is entitled to receive an annual base salary increase on an annual basis to reflect increases in the cost of living index specified therein or as otherwise determined by the Board or the Committee. As determined in the sole discretion of the Board, Mr. Murphy is also eligible to receive an annual bonus based on performance. Mr. Murphy is also entitled to other benefits, including reimbursement of expenses, paid vacations, health, life and other similar insurance benefits and use of a Company car, all as determined by the Board.

Other Named Executive Officers. We entered into employment agreements on an annual basis effective January 1st of the respective year. The employment agreements require formal action to renew for an additional one-year terms by the Compensation Committee at least 90 days in advance of the scheduled expiration date, unless the executive notifies the Company of his decision to decline any additional term before at least 120 days prior to this scheduled expiration date. The Compensation Committee approved the renewal of these contracts in 2018 for an additional one-year term. Under their respective employment agreements, Messrs. Begley, Berry, Narciso, and Varga are entitled to receive annual increases to reflect increases in the cost of living index specified therein or as otherwise determined by the Board or the Committee. As determined in the sole discretion of the Board or the Committee, Messrs. Begley, Berry, Narciso and Varga are each eligible to receive an annual bonus based on performance. In addition, Messrs. Begley, Berry, Narciso and Varga are also entitled to other benefits, including reimbursement of expenses, paid vacations, health, life and other similar insurance benefits.

Restricted Stock Awards

In 2018, the Committee approved time-based restricted stock awards for our Named Executive Officers under our Incentive Plans. Provided there is no termination in service, the shares vest on February 26, 2019, 2020 and 2021 with respect to 30%, 30%, and 40% of the shares, respectively. The shares have voting and dividend rights and are held in custody by the Company during the period of restriction.

In addition to time-based awards, the Committee approved performance-based restricted stock awards for our Named Executive Officers. These performance shares will cliff vest after a three-year performance period provided certain performance measures are attained. A portion of these awards, which contain a market condition, vest according to the level of total shareholder return achieved by the Company compared to its property-casualty insurance peers over a three-year period. The remainder, which contain a performance condition, vest according to the level of Company's combined ratio results compared to its property-casualty insurance peers over the same three-year performance period.

Actual payouts can range from 0% to 200% of target shares awarded depending upon the level of achievement of the respective market and performance conditions during a three fiscal-year

Table of Contents

performance period ending at the end of 2019. Compensation expense for performance-based share awards is based on the probable number of awards expected to vest using the performance level most likely to be achieved at the end of the performance period. Performance-based awards with market conditions are accounted for and measured differently from an award that has a performance or service condition. The effect of a market condition is reflected in the award's fair value on the grant date. That fair value is recognized as compensation cost over the requisite service period regardless of whether the market-based performance objective has been satisfied.

Equity Compensation Plan Information

The following table sets forth information regarding all of our equity compensation plans as of December 31, 2018.

Equity compensation plans not approved by shareholders	-	-	-
Total	-	\$ -	350,000

(1) The equity compensation plan approved by shareholders is the 2018 Long-Term Incentive Plan, which we refer to in this Proxy Statement as the 2018 Plan.

The prior 2002 Management Omnibus Plan had 137,804 shares remaining to satisfy actual performance-based restricted stock awards that were granted under the plan and vest in 2019, 2020, and 2021. No new grants can be made under the 2002 Management Omnibus Plan.

(1) Represents employer matching contributions credited to the NEOs' EICP accounts in January 2018 for the plan year ended December 31, 2017 on behalf of each NEO who contributed during the plan year (Mr. Murphy-\$33,240, Mr. Begley-\$34,313, Mr. Berry-\$14,244, Mr. Narciso-\$14,066, and Mr. Varga-\$11,891); and annual deferred compensation bonuses credited to the NEOs' EICP accounts in February 2018 and earned for the year ended 2017 under the EICP (Mr. Murphy-\$289,068, Mr. Begley-\$178,324, Mr. Berry-\$139,847, Mr. Narciso-\$105,076, and Mr. Varga-\$100,934).

The EICP is a non-qualified deferred compensation plan designed to provide a means for retirement savings. With proper notice and approval by the Company, eligible employees may make elective deferral contributions of up to 75% of salary and 100% of annual cash incentives. We make a matching contribution annually in the amount of 75% of the participant's elective deferral up to a maximum amount of 8% of the participant's base salary plus annual cash incentive received during the plan year. We also make a fixed contribution annually in the amount of 1.75% of the combined statutory net income of our insurance subsidiaries. Elective deferrals, Company matching contributions, and the portion of the Company fixed contribution allocated to an eligible individual are credited to an account established for the individual. To measure gains and losses, the accounts are treated as though invested in mutual funds selected by the participants. Participants may change the mutual funds in which their accounts are notionally invested on a daily basis. The balance of an individual's account is distributed in a lump sum upon an employee's termination of employment, or six months thereafter if required to comply with applicable tax law, or upon change in control.

Under the EICP, change in control is defined to mean a change in control event, as that term is used in Section 409A of the Internal Revenue Code. Section 409A defines a change in control event to include a change in ownership, a change in effective control, or a change in the ownership of a substantial portion of assets. A change in ownership of the corporation occurs when one person or a group acquires stock that combined with stock previously owned, controls more than 50% of the value or voting power of the stock of the corporation. A change in effective control occurs on the date that, during any 12 month period, either (i) any person or group acquires stock possessing 30% of the voting power of the corporation, or (ii) the majority of the board is replaced by persons whose appointment or election is not endorsed by a majority of the board. A change in ownership of a substantial portion of assets occurs on the date that a person or a group acquires, during any 12 month period, assets of the corporation having a total gross fair market value equal to 40% or more of the total gross fair market value of all of the corporation's assets. The definition also contains exceptions that may cause a transaction or event meeting one of the foregoing definitions

not to constitute a change in control event if the acquired or selling entity, or its shareholders, retains, directly or indirectly, a sufficient interest in the surviving or acquiring entity.

Potential Payments Upon Termination or Change in Control

As previously discussed, we have entered into employment agreements with each of the Named Executive Officers. Certain provisions relating to termination of employment and change in control are common to each of the employment agreements. These common provisions include, among other things, the following:

- if the executive's employment is terminated by us for a reason other than cause, material breach, death, disability or continuous poor performance, or is terminated by the executive for good reason or as a result of our willful and material violation of the executive's employment agreement or certain other agreements between the executive and us, then we must provide (i) any earned but unpaid base salary and bonus, (ii) a lump sum payment equal to the annual salary he would have received during the remaining term of his employment agreement; and (iii) life and health insurance benefits (but not disability insurance benefits) substantially similar to those the executive and any covered dependents were receiving immediately prior to the date of termination through the remaining portion of the term of his employment agreement (collectively, the "Severance Payment");
- if the executive's employment is terminated by us for a reason other than cause, material breach, death, disability or continuous poor performance, or is terminated by the executive for good reason or as a result of our willful and material violation of the executive's employment agreement or certain other agreements between the executive and us, in each case, within three years after a change in control, then we must provide the greater of the Severance Payment or the following: (i) any earned but unpaid base salary and bonus, (ii) a lump sum payment equal to, for the CEO and CFO, three times, and for the remaining Named Executive Officers, two times, the sum of (1) the executive's base salary in effect immediately prior to the date of termination and (2) the most recent annual bonus paid to the executive, and (iii) life and health insurance benefits for a three-year period after the date of termination (for the CEO and CFO) and for the two-year period after the date of termination (for the remaining Named Executive Officers);
- The agreements contain non-competition and non-solicitation provisions; and
- Each executive has agreed not to disclose confidential information.

For purposes of these employment agreements,

- Change in control is defined, in general terms, to mean the closing of (i) a merger, combination, consolidation or similar business transaction involving the Company after which our shareholders cease to own a majority of the surviving entity, directly or indirectly, (ii) a sale or transfer of all or substantially all of our assets, other than to an entity the majority of which is owned by our shareholders or (iii) a sale of a majority of the Company's common shares, other than to an entity the majority of which is owned by our shareholders;
- Cause means the executive's (i) commission or conviction of any crime or criminal offense involving monies or other property or any felony; (ii) commission or conviction of fraud or

Table of Contents

- embezzlement; (iii) uncured material and knowing violation of any obligations imposed upon him personally; or (iv) egregious misconduct involving serious moral turpitude;
- Good reason means (i) a material reduction in the executive's authority, perquisites, position, or responsibilities; (ii) relocation of our primary place of business or the executive to another office more than 75 miles from Boston, Massachusetts; or (iii) our willful and material violation of the employment agreement or any agreement between the executive and us; in each case that is uncured;
 - Material breach means the executive's uncured (i) breach of any of his fiduciary duties to us or our shareholders or making of a willful misrepresentation or omission, in each case which would reasonably be expected to materially adversely affect our business, properties, assets, condition (financial or other) or prospects; (ii) willful, continual and material neglect or failure to discharge his duties, responsibilities or obligations; (iii) habitual drunkenness or substance abuse which materially interferes with the executive's ability to discharge his duties, responsibilities or obligations; or (iv) willful and material violation of any non-competition, non-disparagement, or confidentiality agreement.

2002 Omnibus Incentive Plan ("2002 Plan")

Under the 2002 Plan, upon a termination by the Company for a reason other than for cause or disability, all unvested shares of restricted stock which were not granted during the year of termination will vest. Under the 2018 Plan, "cause" means (i) the willful engaging by the participant in misconduct that is demonstrably injurious to the Company (monetarily or otherwise), as determined by the Board in its sole discretion, (ii) the participant's conviction of, or pleading guilty or nolo contendere to, a felony involving moral turpitude, (iii) the participant's violation of any confidentiality, non-solicitation, or non-competition covenant to which the participant is subject, or (iv) the participant's poor performance, as determined by reasonable business objectives, after written notice from the Company and a reasonable opportunity to correct such poor performance. If, while any award granted under the 2002 Plan remains outstanding, a change in control of the Company occurs, then all restrictions on restricted stock awards will lapse.

The Compensation Committee adopted a policy to remove the requirement that all awards made after the date of the amendment vest upon a change in control (i.e. "single trigger" vesting), which gives the Compensation Committee the flexibility to grant awards that vest upon an award recipient's termination of employment upon or following a change in control (i.e., "double trigger" vesting).

Under the 2002 Plan, a change in control is defined, in general terms, to include the closing of (i) a merger, combination, consolidation or similar business transaction involving the Company after which our shareholders cease to own a majority of the surviving entity, directly or indirectly; (ii) a sale or transfer of all or substantially all of our assets, other than to an entity the majority of which is owned by our shareholders; or (iii) a sale of a majority of the Company's Common Shares, other than to an entity the majority of which is owned by our shareholders.

The following table sets forth the estimated incremental payments and benefits, beyond existing compensation and benefit entitlements described in this Proxy Statement that are not contingent upon a termination or change in control, payable to each NEO upon termination of his

employment or a change in control of the Company, assuming that the triggering event occurred on December 31, 2018. We have not included amounts that would be provided upon a termination of employment under contracts, agreements, plans or arrangements, such as our 401(k) plan or our vacation policy, to the extent they are available generally to all of our salaried employees and do not discriminate in scope, terms, or operation in favor of our executive officers. Amounts shown below do not include amounts in the NEOs' EICP deferred compensation accounts as of December 31, 2018. Excise tax gross-up reimbursements were eliminated from the executive officers respective employment agreements in December 2012 and hence, are not included in the amounts shown below.

(1) If there is a change in control but there is no termination of employment, the NEO would not be entitled to receive any incremental benefit under his respective employment agreement with the Company.

(1) If there is a change in control followed by termination by the Company for a reason other than cause, material breach, poor performance, death or disability or by the executive for good reason, the NEO would be entitled to incremental payments and benefits under his respective employment agreement with the Company. Amounts in the "Termination Without Cause or For Good Reason" column include the following:

Equity Awards. Under the 2002 Plan, upon a change in control and subsequent termination, any restrictions imposed upon restricted stock awards will lapse. The estimated value as of December 31, 2018 of the previously granted restricted stock awards that would have been accelerated for each NEO is as follows:

Mr. Murphy-\$3,272,400; Mr. Begley-\$1,375,062; Mr. Berry-\$1,227,150; Mr. Narciso - \$1,073,837; and Mr. Varga-\$986,219. The estimated value of restricted stock awards was calculated based upon the closing price of our common stock on December 31, 2018.

Annual Incentive. Under the Annual Performance Incentive Plan, upon a change in control and subsequent termination, all performance objectives for the current Performance Period would be deemed to have been achieved at target levels of performance. The amount payable to each NEO based upon such assumed performance as of December 31, 2018 would have been as follows: Mr. Murphy-\$600,000; Mr. Begley-\$277,860; Mr. Berry - \$216,120; Mr. Narciso-\$157,620; and Mr. Varga-\$163,620.

Lump Sum Payments. The amount payable at three times annual base plus bonus for Mr. Murphy and Mr. Begley and at two times annual base plus bonus for the remaining NEOs would have been as follows: Mr. Murphy-\$4,798,080; Mr. Begley-\$2,604,300; Mr. Berry-\$1,350,400; Mr. Narciso - \$984,940; and Mr. Varga-\$1,022,400.

Life and Health Insurance Benefits. The NEOs are entitled to Company provided life and health benefits for three years after the termination date for Mr. Murphy and Mr. Begley and two years after the termination date for the remaining NEOs. The amounts are estimated as follows: Mr. Murphy-\$62,117; Mr. Begley-\$66,092; Mr. Berry-\$42,673; Mr. Narciso-\$41,357; and Mr. Varga-\$41,491.

(2) Amounts in this column reflect incremental amounts payable upon a termination of the NEO's employment by the Company for cause or due to the NEO's poor performance or material breach. The estimated incremental payments shown in this column include three months of base salary and life and health benefits. The three months' of base salary and life and health benefits would be payable upon the Company's termination of the NEO's employment

Table of Contents

due to the NEO's poor performance, but would not be payable upon the Company's termination of the NEO's employment with cause or due to his material breach.

(3) The estimated incremental payments shown in this column include the following incremental payments and benefits:

Lump Sum Payments. The amount payable equal to the annual base salary which would have been due under the remaining term of the NEOs employment contracts are as follows: Mr. Murphy-\$750,000; Mr. Begley - \$463,100; Mr. Berry-\$360,200; Mr. Narciso-\$262,700; and Mr. Varga-\$272,700.

Equity Awards. Under the 2002 Omnibus Plan, if the termination by the Company is for a reason other than cause, all unvested shares of restricted stock which were not granted during the year in which the termination occurs will vest. The estimated value as of December 31, 2018 of the previously granted awards that would have been accelerated for each NEO is as follows: Mr. Murphy - \$2,381,407; Mr. Begley - \$929,607; Mr. Berry - \$781,695;

Mr. Narciso-\$684,013; and Mr. Varga-\$596,395. The estimated value of restricted stock awards was calculated based upon the closing price of our common stock on December 31, 2018.

Life and Health Insurance Benefits. The NEOs are entitled to Company provided life and health benefits equal to the benefits which would have been provided under the remaining term of their respective employment contracts. The amounts are estimated as of December 31, 2018 as follows: Mr. Murphy-\$20,706 Mr. Begley - \$22,031; Mr. Berry-\$21,337; Mr. Narciso-\$20,679; and Mr. Varga-\$20,746.

(4) The estimated payments shown in this column include the lump sum payments and life and health insurance benefits as shown in note (4). Under the 2002 Omnibus Plan, if the termination by the NEO is for good reason, all unvested shares of restricted stock will be forfeited. Hence, the amounts shown in this column do not include an incremental benefit related to equity awards.

(5) The estimated incremental payments shown in this column include a lump sum payment equal to 100% of the NEO's base salary, Company provided life and health insurance benefits for one year, and the estimated value of all unvested restricted stock awards as of December 31, 2018 as shown in note (2).

DIRECTOR COMPENSATION

Our bylaws provide that at the discretion of the Board, the directors may be paid their expenses, if any, at each meeting of the Board and may be paid a fixed sum for attendance at each meeting of the Board or a stated salary as a director. Since we completed our initial public offering of common stock on November 27, 2002, directors who are employees have not received any compensation for serving as directors and directors who were not our employees have received an annual retainer paid in quarterly installments. The annual Director fees are \$75,000 annually for each non-management director. Director fees also include an additional \$60,000 annually to the Chairman of the Board, an additional \$10,000 annually to the Chairman of the Audit Committee, an additional \$5,000 annually to the Chairman of our Compensation Committee, the Chairman of our Nominating and Governance Committee, and the Chairman of our Investment Committee.

On February 26, 2018, the Compensation Committee approved grants of 1,000 shares of restricted stock to each of our non-employee directors effective on such dates. Board of Director members must maintain stock ownership equal to at least four times their annual retainer. This requirement must be met within five years of becoming a director.

The following table sets forth the fees paid to the non-employee members of the Board for services provided in 2018.

Name	Fees Earned or Paid in			Total
	Cash	Stock Awards (1)	All Other Compensation	
David F. Brussard	\$ 135,000	75,050	\$ -	\$ 210,050

Peter J. Manning	85,000	75,050	-	160,050
David K. McKown	80,000	75,050	-	155,050
Thalia M. Meehan	75,000	75,050	-	150,050

(1) The amounts in this column represent 1,000 shares granted to each Director multiplied by the closing price of the stock on the date of the grant. As of December 31, 2018, no directors who are not our employees held unvested stock awards or unexercised stock options.

REPORT OF THE AUDIT COMMITTEE

The primary purpose of the Audit Committee is to assist the Board in its general oversight of the Company's accounting and financial reporting process, and is more fully described in its charter which the Board and the Audit Committee have adopted and is included as Appendix A to this Proxy Statement.

Each member of the Audit Committee satisfies the definition of an "independent director" as established by Rule 4200 of the NASDAQ Marketplace Rules. The Audit Committee is a separately-designated standing committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934.

Management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over the accounting and financial reporting process. PwC is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and to express an opinion on the financial statements and on the Company's internal control over financial reporting. The Audit Committee's responsibility is to monitor and oversee these processes.

In connection with the audit of the Company's consolidated financial statements for the year ended December 31, 2018, the Audit Committee has:

- reviewed and discussed the audited consolidated financial statements with management and PwC;
- discussed with the independent auditors the matters required to be discussed by Public Company Accounting Oversight Board Auditing Standard 1301, Communications with Audit Committees, as amended;
- received the written disclosures and the letter from the independent auditors required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, and has discussed with the independent auditors their independence;
- met and held discussions with the head of the Company's internal audit group; and
- reviewed our written charter and practices and determined that they meet the applicable requirements of the NASDAQ Marketplace Rules and the SEC.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board, and the Board approved, that the audited consolidated financial statements be included in the Company's Annual Report on Form 10 K for the fiscal year ended December 31, 2018, and be filed with the SEC.

Respectfully submitted,

PETER J. MANNING, CHAIRMAN

FREDERIC H. LINDEBERG

DAVID K. MCKOWN

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors, executive officers and persons who own more than ten percent of the Common Stock to file with the SEC initial reports of ownership and reports of changes in ownership of the Common Stock and other equity securities, if any. Executive officers, directors and greater than ten percent beneficial owners are required to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based solely on the Company's review of the copies of such reports furnished to the Company and written representations that no other reports were required during the fiscal year ended December 31, 2018, all Section 16(a) filing requirements applicable to its executive officers, directors and greater than ten percent beneficial owners were complied with.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Our Compensation Committee consists of David K. McKown (Chairman), Frederic H. Lindeberg and Peter J. Manning, who are three independent non-employee directors who have no "interlocking" relationships as defined by the SEC, or other relationships with us that would call into question their independence as a member of the Compensation Committee. During fiscal year 2018, none of our executive officers served (i) as a member of the compensation committee or board of directors of another entity, one of whose executive officers served on our compensation committee, or (ii) as a member of the compensation committee of another entity, one of whose executive officers served on our board.

Table of Contents

PAY RATIO

We are providing the following information to comply with Item 402(u) of Regulation S-K. We have determined that our pay ratio for 2018 is 39 to 1, calculated pursuant to SEC rules by dividing our CEO's annual total compensation set forth in the Summary Compensation Table for 2018 (\$3,096,189) by \$78,460, which represents the median of the annual total compensation of our employees (other than our CEO) for 2018. We identified our median employee as of December 31, 2018, using our entire workforce of approximately 627 employees. Total compensation including cash bonuses and stock related awards were used to determine the median employee for 2018. We then calculated the median employee's annual total compensation based on the proxy rules for determining the annual total compensation of our NEOs in order to determine the pay ratio.

SEC rules for identifying the median employee and calculating the pay ratio allow companies to apply various methodologies and make various assumptions that may differ from other companies' methodologies and/or assumptions. As a result, the pay ratio reported by the Company may not be comparable to the pay ratio reported by other companies.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Review and Approval of Related Party Transactions

We have adopted and maintain a code of business conduct and ethics that applies to all directors, executive officers and employees. The code covers matters that we believe are supportive of high standards of ethical business conduct, including those regarding legal compliance, conflicts of interest, insider trading, maintenance of corporate books and records, gifts and entertainment, political contributions, confidentiality, public communications, special obligations applicable to our CFO and members of the audit committee, and standards and procedures for compliance with the code. Among other things, the code covers all transactions required to be disclosed in this related party transactions section of the proxy statement. The code can be found on our website at www.SafetyInsurance.com. Shareholders may also obtain a copy of the code by writing to the Office of Investor Relations at the address set forth under "Available Information."

The code does not distinguish between potential conflict of interest transactions involving directors or executive officers and those involving other employees. It notes that all covered persons shall be responsible for the enforcement of the policies set forth in the code and will be held accountable for any violations of the code. Any of our officers or employees having any information or knowledge regarding any transaction or activity prohibited by the code shall promptly report the same to our CFO, who shall review and determine whether to approve of potential conflicts of interest for employees. Review and approval of potential conflicts of interests of officers and directors shall be made by the audit committee of our board of directors.

The code does not expressly set forth the standards that would be applied in reviewing, approving or ratifying transactions in which our directors, executive officers or 5% stockholders have a material interest. We expect that in connection with the review, approval or ratification of any such transaction, our CFO and audit committee will be provided with all material information then available regarding the transaction, the nature and extent of the director's, executive officer's or 5% stockholder's interest in the transaction, and the terms upon which the products, services or other

Table of Contents

subject matter of the transaction could be provided by alternative sources. We expect that any such transaction would be approved or ratified only if our CFO or audit committee, as applicable, concluded in good faith that it was in our interest to proceed with it. We expect that pre-approval will be sought for any such transaction when practicable, and when pre-approval is not obtained, that any such transaction will be submitted for ratification as promptly as practicable.

Delivery of Documents to Shareholders Sharing an Address

We have adopted a procedure approved by the SEC, called "householding." Under this procedure, shareholders of record who have the same address and last name and do not participate in electronic delivery of proxy materials will receive only one copy of our Annual Report and Proxy Statement unless one or more of these shareholders notifies us that they wish to continue receiving individual copies. This procedure will reduce our printing costs and postage fees. Shareholders who participate in householding will continue to receive separate proxy cards.
