PROXY STATEMENT FOR THE 2013 ANNUAL MEETING OF STOCKHOLDERS

May 29, 2013

Information About Solicitation and Voting

The accompanying proxy is solicited on behalf of Vocera Communication, Inc.'s board of directors for use at Vocera's 2013 Annual Meeting of Stockholders (the "meeting") to be held on May 29, 2013, at 9:00am (Pacific Time), and any adjournment or postponement thereof.

Internet Availability of Proxy Materials

Under rules adopted by the U.S. Securities and Exchange Commission (the "SEC"), we are furnishing proxy materials to our stockholders primarily via the Internet, instead of mailing printed copies of those materials to each stockholder. On or about April 16, 2013, we expect to send to our stockholders a Notice of Internet Availability of Proxy Materials ("Notice of Internet Availability") containing instructions on how to access our proxy materials, including our proxy statement and our annual report. The Notice of Internet Availability also provides instructions on how to vote by telephone or through the Internet and includes instructions on how to receive a paper copy of the proxy materials by mail or an electronic copy of the proxy materials by email.

This process is designed to reduce our environmental impact and lowers the costs of printing and distributing our proxy materials without impacting our stockholders' timely access to this important information. However, if you would prefer to receive printed proxy materials, please follow the instructions included in the Notice of Internet Availability.

General Information About the Meeting

Purpose of the Meeting

At the meeting, stockholders will act upon the proposals described in this proxy statement. In addition, we will consider any other matters that are properly presented for a vote at the meeting. As of April 16, 2013, we are not aware of any other matters to be submitted for consideration at the meeting. If any other matters are properly presented for a vote at the meeting, the persons named in the proxy, who are officers of the company, have the authority in their discretion to vote the shares represented by the proxy.

Record Date; Quorum

Only holders of record of common stock at the close of business on April 9, 2013, the record date, will be entitled to vote at the meeting. At the close of business on April 9, 2013, we had 24,494,213 shares of common stock outstanding and entitled to vote.

The holders of a majority of the voting power of the shares of stock entitled to vote at the meeting as of the record date must be present at the meeting in order to hold the meeting and conduct business. This presence is called a quorum. Your shares are counted as present at the meeting if you are present and vote in person at the meeting or if you have properly submitted a proxy.

Voting Rights; Required Vote

Each holder of shares of common stock is entitled to one vote for each share of common stock held as of the close of business on April 9, 2013, the record date. You may vote all shares owned by you as of April 9, 2013, including (1) shares held directly in your name as the stockholder of record, and (2) shares held for you as the beneficial owner in street name through a broker, bank, trustee, or other nominee.

Stockholder of Record: Shares Registered in Your Name. If on April 9, 2013, your shares were registered directly in your name with our transfer agent, Computershare Trust Company, N.A., then you are considered the stockholder of record with respect to those

shares. As a stockholder of record, you may vote at the meeting or vote by telephone or through the Internet, or if you request or receive paper proxy materials by mail, by filling out and returning the proxy card.

Beneficial Owner: Shares Registered in the Name of a Broker or Nominee. If on April 9, 2013, your shares were held in an account with a brokerage firm, bank or other nominee, then you are the beneficial owner of the shares held in street name. As a beneficial owner, you have the right to direct your broker on how to vote the shares held in your account, and your broker has enclosed or provided voting instructions for you to use in directing it on how to vote your shares. However, the brokerage firm, bank or other nominee that holds your shares is considered the stockholder of record for purposes of voting at the meeting. Because you are not the stockholder of record, you may not vote your shares at the meeting unless you request and obtain a valid proxy from the firm that holds your shares giving you the right to vote the shares at the meeting.

Each director will be elected by a plurality of the votes cast, which means that the three individuals nominated for election to the Board of Directors at the meeting receiving the highest number of “FOR” votes will be elected. You may either vote “FOR” one, two or all nominees or “WITHHOLD” your vote with respect to one, two or all nominees. You may not cumulate votes in the election of directors. Approval of Proposal 2 will be obtained if the number of votes cast “FOR” the proposal at the meeting exceeds the number of votes “AGAINST” the proposal. Abstentions (shares present at the meeting and voted “abstain”) are counted for purposes of determining whether a quorum is present, and have no effect on the outcome of the matters voted upon. Broker non-votes occur when shares held by a broker for a beneficial owner are not voted either because (i) the broker did not receive voting instructions from the beneficial owner, or (ii) the broker lacked discretionary authority to vote the shares. Broker non-votes are counted for purposes of determining whether a quorum is present, and have no effect on the outcome of the matters voted upon. Note that if you are a beneficial holder and do not provide specific voting instructions to your broker, the broker that holds your shares will not be authorized to vote on the election of directors. Accordingly, we encourage you to provide voting instructions to your broker, whether or not you plan to attend the meeting.

Recommendations of the Board of Directors on Each of the Proposals Scheduled to be Voted on at the Meeting

The board of directors recommends that you vote **FOR** each of the Class I directors named in this proxy statement (Proposal 1) and **FOR** the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013 (Proposal 2).

Voting Instructions; Voting of Proxies

If you are a stockholder of record, you may:

- vote in person — we will provide a ballot to stockholders who attend the meeting and wish to vote in person;
- vote via telephone or via the Internet — in order to do so, please follow the instructions shown on your Notice of Internet Availability or proxy card; or
- vote by mail — if you request or receive a paper proxy card and voting instructions by mail, simply complete, sign and date the proxy card and return it before the meeting in the envelope provided.

Votes submitted by telephone or through the Internet must be received by 11:59 p.m., Eastern Time, on May 28, 2013. Submitting your proxy, whether by telephone, through the Internet or by mail if you request or received a paper proxy card, will not affect your right to vote in person should you decide to attend the meeting. If you are not the stockholder of record, please refer to the voting instructions provided by your nominee to direct it how to vote your shares. You may either vote “FOR” all of the nominees to the board of directors, or you may withhold your vote from any nominee you specify. For Proposal 2, you may vote “FOR” or “AGAINST” or “ABSTAIN” from voting. Your vote is important. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure that your vote is counted.

All proxies will be voted in accordance with the instructions specified on the proxy card. If you sign a physical proxy card and return it without instructions as to how your shares should be voted on a particular proposal at the meeting, your shares will be voted in accordance with the recommendations of our board of directors stated above.

If you received a Notice of Internet Availability, please follow the instructions included on the notice on how to access your proxy card and vote by telephone or through the Internet. If you do not vote and you hold your shares in street name, and your broker does

not have discretionary power to vote your shares, your shares may constitute “broker non-votes” (as described above) and will not be counted in determining the number of shares necessary for approval of the proposals. However, shares that constitute broker non-votes will be counted for the purpose of establishing a quorum for the meeting.

If you receive more than one proxy card or Notice of Internet Availability, your shares are registered in more than one name or are registered in different accounts. To make certain all of your shares are voted, please follow the instructions included on the Notice of Internet Availability on how to access each proxy card and vote each proxy card by telephone or through the Internet. If you requested or received paper proxy materials by mail, please complete, sign and return each proxy card to ensure that all of your shares are voted.

Expenses of Soliciting Proxies

The expenses of soliciting proxies will be paid by us. Following the original mailing of the soliciting materials, we and our agents may solicit proxies by mail, electronic mail, telephone, facsimile, by other similar means, or in person. Our directors, officers, and other employees, without additional compensation, may solicit proxies personally or in writing, by telephone, e-mail, or otherwise. Following the original mailing of the soliciting materials, we will request brokers, custodians, nominees and other record holders to forward copies of the soliciting materials to persons for whom they hold shares and to request authority for the exercise of proxies. In such cases, we, upon the request of the record holders, will reimburse such holders for their reasonable expenses. If you choose to access the proxy materials and/or vote through the Internet, you are responsible for any Internet access charges you may incur.

Revocability of Proxies

A stockholder who has given a proxy may revoke it at any time before it is exercised at the meeting by:

· delivering to the Corporate Secretary (by any means, including facsimile) a written notice stating that the proxy is revoked;

· signing and delivering a proxy bearing a later date;

· voting again by telephone or through the Internet; or

· attending and voting at the meeting (although attendance at the meeting will not, by itself, revoke a proxy).

Please note, however, that if your shares are held of record by a brokerage firm, bank or other nominee and you wish to revoke a proxy, you must contact that firm to revoke any prior voting instructions.

Electronic Access to the Proxy Materials

The Notice of Internet Availability will provide you with instructions regarding how to:

- view our proxy materials for the meeting through the Internet;
- instruct us to mail paper copies of our future proxy materials to you; and
- instruct us to send our future proxy materials to you electronically by email.

Choosing to receive your future proxy materials by email will reduce the impact of our annual meetings of stockholders on the environment and lower the costs of printing and distributing our proxy materials. If you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it.

Voting Results

Voting results will be tabulated and certified by the inspector of elections appointed for the meeting. The preliminary voting results will be announced at the meeting and posted on our website at <http://investors.vocera.com>. The final results will be tallied by the inspector of elections and filed with the SEC in a current report on Form 8-K within four business days of the meeting.

Annual Meeting Location

We will hold the meeting at our offices located at 525 Race Street, San Jose, CA 95126 on Wednesday, May 29, 2013, at 9:00am (Pacific Time).

CORPORATE GOVERNANCE STANDARDS AND DIRECTOR INDEPENDENCE

We are strongly committed to good corporate governance practices. These practices provide an important framework within which our board of directors and management pursue our strategic objectives for the benefit of our stockholders.

Corporate Governance Guidelines

Our board of directors has adopted Corporate Governance Guidelines that set forth expectations for directors, director independence standards, board committee structure and functions, stock ownership guidelines and other policies for the governance of the company. Our Corporate Governance Guidelines are available without charge on the investor relations section of our website at www.vocera.com.

Stock Ownership Guidelines

Our board of directors has adopted stock ownership guidelines. With respect to non-executive directors, not later than five years from the later of (i) July 30, 2012 or (ii) the date that an individual is initially elected as a non-employee director, such individual should beneficially own a number of shares of our common stock and vested equity awards with a value of not less than five times the then annual cash retainer for general board service paid by us to such non-employee director. With respect to our Chief Executive Officer, not later than five years from the later of (i) July 30, 2012 or (ii) the date that the individual is hired or promoted to serve as our Chief Executive Officer, such individual should beneficially own a number of shares of our common stock and vested equity awards with a value of not less than six times the then annual base salary paid to such individual. We measure compliance with these stock ownership guidelines at the end of each fiscal year.

Board Leadership Structure and Risk Oversight

Our board of directors does not have a policy on whether the role of the chairman and chief executive officer should be separate and believes that it should maintain flexibility in determining a board leadership structure appropriate for the company from time to time.

Since June 2007, Robert J. Zollars has served as Chairman and Chief Executive Officer of our company, which the board of directors has believed to be in the best interest of our company and our stockholders in light of his knowledge of our company and industry. Because Mr. Zollars is our Chairman and Chief Executive Officer, our board of directors appointed Mr. Brian D. Ascher to serve as our lead independent director. As lead independent director, Mr. Ascher, among other responsibilities, attends most of the regularly scheduled meetings at which only our independent directors are present, serves as a liaison between the chairperson and the independent directors, and performs such additional duties as our board of directors may otherwise determine and delegate.

In February 2013, our board of directors determined to separate the roles of chairman and chief executive officer in connection with a management transition effective June 1, 2013, through which Mr. Zollars will serve as our Executive Chairman and Mr. Brent D. Lang will serve as our Chief Executive Officer. Our board of directors believes this change serves our company's needs at this time by allowing our Chief Executive Officer to focus on our day-to-day business and setting the strategic direction for our company, and allowing our Executive Chairman to lead our board of directors in its fundamental role of providing independent advice to and oversight of management.

Our board of directors is primarily responsible for overseeing our risk management processes. Our board exercises its risk oversight function both directly and indirectly through its various committees. Our board, as a whole, determines the appropriate level of risk for our company, assesses the specific risks that we face and reviews management's strategies for adequately mitigating and managing the identified risks. Our audit committee, governance and nominating committee and compensation committee support our board in discharging its risk oversight duties and address risks inherent in their respective areas. We believe this division of responsibilities is an effective approach for addressing the risks we face and that our board leadership structure supports this approach.

Director Independence

Our common stock is listed on the New York Stock Exchange. The listing rules of the New York Stock Exchange require that a majority of the members of our board of directors be independent. In April 2013, our board of directors confirmed that a majority of the members of our board of directors is independent and that each of our non-employee directors is independent. Our non-employee directors are Brian D. Ascher, John B. Grotting, Jeffrey H. Hillebrand, Howard E. Janzen, John N. McMullen, Hany M. Nada and Sharon L. O'Keefe. Based upon information requested from and provided by each director concerning his background, employment

and affiliations, our board of directors determined that none of our non-employee directors has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is “independent” as that term is defined under the rules of the New York Stock Exchange and the Securities and Exchange Commission. In making this determination, our board of directors considered the relationships that each non-employee director has with our company and all other facts and circumstances our board of directors deemed relevant in determining their independence. Our board also consults with our company's legal counsel to ensure that its determinations are consistent with all relevant laws, rules and regulations regarding the definition of “independent” director. The independence of our board committee members is discussed below.

Committees of the Board of Directors

Our board of directors has established an audit committee, a compensation committee and a governance and nominating committee. The composition and responsibilities of each committee are described below. Copies of the charters for each committee are available without charge on the investor relations section of our website at www.vocera.com. Members serve on these committees until their resignations or until otherwise determined by the board of directors.

Audit committee. Our audit committee is comprised of John N. McMullen, who is the chair of the audit committee, Howard E. Janzen and Hany M. Nada, each of whom, our board of directors has determined, meets the requirements for independence under the current New York Stock Exchange and SEC rules and regulations. Each member of our audit committee is financially literate. In addition, our board of directors has determined that Mr. McMullen is an audit committee financial expert within the meaning of Item 407(d) of Regulation S-K of the Securities Act.

All audit services to be provided to us and all permissible non-audit services, other than de minimis non-audit services, to be provided to us by our independent registered public accounting firm will be approved in advance by our audit committee. Our audit committee recommended, and our board of directors adopted, a charter for our audit committee. Our audit committee, among other things:

- oversees the accounting and financial reporting processes of our company, the audits of our company's financial statements by our company's independent registered public accounting firm and our company's internal audit function

- monitors the periodic reviews of the adequacy of the accounting and financial reporting processes and systems of internal control that are conducted by our company's independent registered public accounting firm and our company's financial and senior management, and internal audit function

-

appoints our company's independent registered public accounting firm, determines and approves the fees paid to our independent accounting firm and reviews and evaluates the qualifications, independence and performance of our independent accounting firm

- reviews and evaluates the organization and performance of our company's internal audit function
- facilitates communications among our company's independent registered public accounting firm, financial and senior management, and internal audit function, and our board of directors
- assists our board of directors in oversight of our company's compliance with legal and regulatory requirements

Compensation committee. Our compensation committee is comprised of Jeffrey H. Hillebrand, who is the chair of the compensation committee, and Brian D. Ascher and John B. Grotting. Our board of directors has determined that each member of our compensation committee meets the requirements for independence under the current New York Stock Exchange rules, a non-employee director within the meaning of Section 16 of the Securities Exchange Act of 1934, and an outside director within the meaning of Section 162(m) of the Internal Revenue Code. Our compensation committee recommended, and our board of directors adopted, an amended and restated charter for our compensation committee. Our compensation committee, among other things:

- reviews and determines the compensation of our executive officers
- administers our cash-based and equity-based compensation plans, policies and programs
- reviews and makes recommendations to our board with respect to non-employee director compensation
- reviews general plans, policies and programs relating to compensation and benefits of our employees

Our executive compensation program is administered by our compensation committee. In determining the compensation of each of our named executive officers, other than our Chief Executive Officer, our compensation committee considers the performance evaluations and compensation recommendations of our Chief Executive Officer. In the case of the Chief Executive Officer, our compensation committee evaluates his performance and independently determines whether to make any adjustments to his compensation.

Our compensation committee retained an independent compensation consultant, Compensia, Inc., to assist in structuring our executive officer compensation for 2012. Compensia provided our compensation committee with market data and analyses from a peer group of similarly-sized technology companies with similar business and financial characteristics. Compensia also provided the compensation committee with data and analyses related to competitive executive severance and change of control practices, director compensation and competitive equity compensation practices. Other than the services described above, Compensia has not provided our company or our compensation committee with any other services. No work performed by Compensia during fiscal year 2012 raised a conflict of interest.

The compensation committee has delegated in accordance with applicable law, rules and regulations, and our certificate of incorporation and bylaws, authority to an equity awards committee comprised of certain executive officers of our company the authority to make certain types of equity awards to any employee who is not an executive officer or director under our company's 2012 Equity Incentive Plan pursuant to the terms of such plan and the equity award guidelines approved by our compensation committee.

Governance and nominating committee. The governance and nominating committee is comprised of John B. Grotting, who is the chair of the governance and nominating committee, and Sharon L. O'Keefe. Our board of directors has determined that each member of our governance and nominating committee meets the requirements for independence under the current New York Stock Exchange rules and regulations. The governance and nominating committee recommended, and our board of directors adopted, an amended and restated charter for our governance and nominating committee. Our governance and nominating committee, among other things:

- identifies, evaluates and recommends nominees to our board of directors and its committees
- conducts searches for directors who have qualifications advisable for our company
- oversees the evaluation of the performance of our board of directors and its committees
- considers and makes recommendations to the board of directors regarding the composition of the board and its committees
- reviews our corporate policies and proposed waivers of the policies
- reviews developments in corporate governance practices

- evaluates the adequacy of our corporate governance practices
- oversees continuing education for our directors
- makes recommendations to our board of directors concerning corporate governance matters

Codes of Business Conduct and Ethics and other Corporate Policies

Our board of directors has adopted codes of business conduct and ethics that apply to all of our employees, officers and directors. We intend to disclose future amendments to certain provisions of our codes of business conduct and ethics, or waivers of these provisions, on our website and/or in public filings. Our employees, officers and directors are also subject to our Policy Prohibiting Insider Trading and our Related Person Transactions Policy. We provide training to our employees regarding our codes and various company policies, which all employees are required to complete. In addition, we have adopted a Whistleblower and Complaint Policy that is designed to provide a forum to which our employees, officers and directors may report violations or suspected violations of our company policies without fear of harassment, retaliation or adverse employment consequences. The full text of our policies is posted on the investor relations section of our website at www.vocera.com.

Compensation Committee Interlocks and Insider Participation

Since January 1, 2012, the following directors have been members of our compensation committee: Messrs. Ascher, Grotting and Hillebrand. None of them has at any time been one of our officers or employees. None of our executive officers serves or in the past has served as a member of the board of directors or compensation committee of any entity that has one or more of its executive officers serving on our board of directors or our compensation committee.

Board and Committee Meetings and Attendance

The board of directors and its committees meet throughout the year on a pre-determined schedule, and also hold special meetings and act by written consent from time to time. During 2012, the board of directors held 8 meetings, including telephonic meetings, the audit committee held 11 meetings, the compensation committee held 5 meetings and the governance and nominating committee did not hold any meetings as our board of directors oversaw the establishment of our company's corporate governance practices in 2011 and 2012 in connection with our initial public offering. Our governance and nominating committee plans to meet on a quarterly basis in 2013 and going forward. None of the directors attended fewer than 75% of the aggregate of the total number of meetings held by the board

of directors during his or her tenure and the total number of meetings held by all committees of the board of directors on which such director served during his or her tenure.

Typically, in conjunction with the regularly scheduled meetings of the board, the independent directors meet regularly in executive sessions outside the presence of management.

Board Attendance at Annual Stockholders' Meeting

We encourage each member of our board of directors to attend our annual meetings of stockholders. We do not have a formal policy regarding attendance of annual meetings by the members of our board of directors. We may consider in the future whether our company should adopt a more formal policy regarding director attendance at our company's annual meetings. We completed our initial public offering in April 2012 and did not have an annual meeting of our stockholders in 2012.

Presiding Director of Independent Director Meetings

The independent directors meet in regularly scheduled executive sessions without management to promote open and honest discussion. Our lead independent director is currently Mr. Ascher.

Communication with Directors

Stockholders and interested parties who wish to communicate with our board of directors, non-management member of our board of directors as a group, a committee of the board of directors or a specific member of our board of directors (including our chairman or lead independent director, if any) may do so by letters addressed to the attention of our Corporate Secretary.

All communications are reviewed by the Corporate Secretary and provided to the members of the board of directors consistent with a screening policy providing that unsolicited items, sales materials, and other routine items and items unrelated to the duties and responsibilities of the board of directors not be relayed on to directors. Any communication that is not relayed is recorded in a log and made available to our board of directors.

The address for these communications is:

NOMINATIONS PROCESS AND DIRECTOR QUALIFICATIONS

Nomination to the Board of Directors

Candidates for nomination to our board of directors are selected by our board of directors based on the recommendation of the governance and nominating committee, our certificate of incorporation and bylaws, our Corporate Governance Guidelines, and the criteria adopted by our board of directors regarding director qualifications. In recommending candidates for nomination, the governance and nominating committee considers candidates recommended by directors, officers, employees, stockholders and outside consultants, using the same criteria to evaluate all candidates. Evaluations of candidates generally involve a review of background materials, internal discussions and interviews with selected candidates as appropriate and, in addition, the committee may engage consultants or third-party search firms to assist in identifying and evaluating potential nominees.

Additional information regarding the process for properly submitting stockholder nominations for candidates for membership on our board of directors is set forth below under “Stockholder Proposals to be Presented at Next Annual Meeting.”

Director Qualifications

With the goal of developing a diverse, experienced and highly-qualified board of directors, the governance and nominating committee is responsible for developing and recommending to the board of directors the desired qualifications, expertise and characteristics of members of our board of directors, including the specific minimum qualifications that the committee believes must be met by a committee-recommended nominee for membership on our board of directors and any specific qualities or skills that the committee believes are necessary for one or more of the members of our board of directors to possess.

Since the identification, evaluation and selection of qualified directors is a complex and subjective process that requires consideration of many intangible factors, and will be significantly influenced by the particular needs of our board of directors from time to time, our board of directors has not adopted a specific set of minimum qualifications, qualities or skills that are necessary for a nominee to possess, other than those that are necessary to meet U.S. legal, regulatory and NYSE listing requirements and the provisions of our certificate of incorporation, bylaws, Corporate Governance Guidelines, and charters of our board committees. In addition, neither our board of directors nor our governance and nominating committee has a formal policy with regard to the consideration of diversity in identifying nominees. When considering nominees, our governance and nominating committee may take into consideration many factors including, among other things, a candidate’s independence, integrity, skills, financial and other expertise, breadth of experience, soundness of judgment, diversity of viewpoints and experience and knowledge about our

business or industry and ability to devote adequate time and effort to responsibilities of our board of directors in the context of its existing composition. Through the nomination process, the governance and nominating committee seeks to promote board membership that reflects a diversity of business experience, expertise, viewpoints, personal backgrounds and other characteristics that are expected to contribute to the board of directors' overall effectiveness. The brief biographical description of each director set forth in Proposal 1 below includes the primary individual experience, qualifications, attributes and skills of each of our directors that led to the conclusion that each director should serve as a member of our board of directors at this time.

PROPOSAL NO. 1

ELECTION OF CLASS I DIRECTORS

PROPOSAL NO. 1 — ELECTION OF CLASS I DIRECTORS

Our board of directors is divided into three classes. Each class serves for three years, with the terms of office of the respective classes expiring in successive years. Directors and director nominees in Class I will stand for election at this meeting. The terms of office of directors in Class II and Class III do not expire until the annual meetings of stockholders to be held in 2014 and 2015, respectively. Our governance and nominating committee nominated Mr. Hillebrand and Mr. Nada, our two incumbent Class I directors, and Mr. Lang, a new Class I director, for election as Class I directors at the 2013 annual meeting. At the recommendation of our governance and nominating committee, our board of directors proposes that each of the three Class I nominees be elected as a Class I director for a three-year term expiring at the 2016 Annual Meeting of Stockholders and until such director’s successor is duly elected and qualified or until such director’s earlier resignation or removal.

Shares represented by proxies will be voted “FOR” the election of each of the three Class I nominees, unless the proxy is marked to withhold authority to so vote. If any nominee for any reason is unable to serve or for good cause will not serve, the proxies may be voted for such substitute nominee as the proxy holders, who are officers of our company, might determine. Each nominee has consented to being named in this proxy statement and to serve if elected. Proxies may not be voted for more than three directors. Stockholders may not cumulate votes in the election of directors.

Director Compensation

We compensate our independent directors with a combination of cash and equity. The form and amount of compensation paid to our independent directors for serving on our board of directors and its committees is designed to be competitive in light of industry practices and the obligations imposed by such service. In order to align the long-term interests of our directors with those of our stockholders, a portion of the director compensation is provided in equity-based compensation. The value of total annualized compensation of our independent directors is targeted to be at approximately the median of a peer group of similarly-sized technology companies with similar business and financial characteristics. The director compensation practices of this peer group of companies was the benchmark used when considering the competitiveness of our independent director compensation in 2012. Our compensation committee's independent compensation consultant, Compensia, Inc., collected and developed the competitive data and analyses for benchmarking independent director compensation.

Annual and Meeting Fees. Each director who is not affiliated with one of our principal stockholders receives an annual base cash retainer of \$30,000 for such service, to be paid quarterly. Additionally, we compensate our board of directors for service on our committees and for service as our lead independent director as follows:

- The chair of our audit committee receives an annual cash retainer of \$15,000 for such service, paid quarterly, and each of the other members of the audit committee receives an annual cash retainer of \$5,000, paid quarterly. The chair of our compensation committee receives an annual cash retainer of \$10,000 for such service, paid quarterly, and each of the other members of the compensation committee receives an annual cash retainer of \$5,000, paid quarterly.
- The chair of our governance and nominating committee receives an annual cash retainer of \$7,500 for such service, paid quarterly, and the other member of the governance and nominating committee receives an annual cash retainer of \$2,500, paid quarterly.
- Our lead independent director receives an annual cash retainer of \$10,000 for such service, paid quarterly.

Equity Awards.

In February 2012, our board of directors approved non-plan grants of 6,038 shares of restricted common stock to each of our non-employee directors who are not affiliated with one of our significant stockholders, which directors are Messrs. Grotting, Hillebrand, Janzen and McMullen. These grants had a fair market value of approximately \$75,000 based on a price per share of our common stock of \$12.42, the fair value of one share of our common stock on the grant date as determined by our board of directors. The restricted stock vests over two years beginning on the grant date with 50% of the shares vesting on the first anniversary of the grant date and the remaining 50% vesting on the second anniversary. The restricted stock automatically vests in full in the event of a change of control of our company.

On March 27, 2012, our board of directors approved an option to purchase 33,333 shares to Ms. O'Keefe in connection with her appointment as a director. The option exercise price per share is equal to the initial public offering price of \$16.00 per share. The shares subject to the option will vest over three years in equal monthly installments. The option shares automatically vest in full upon a change of control of our company.

In July 2012, upon the recommendation of our compensation committee, our board of directors approved a guideline for consideration of an initial equity grant to non-employee directors joining our board with a fair market value of up to \$200,000 on the date of grant and vesting over three years, and a subsequent annual equity grant to our non-employee directors with a fair market value of \$75,000 on the date of grant and vesting fully on the twelve month anniversary from the date of grant. Both the initial and the subsequent annual grants would be of restricted stock units under our 2012 Equity Incentive Plan and provide for the restricted stock units to automatically vest in full in the event of a change of control of our company.

In April 2013, upon the recommendation of our compensation committee, our board of directors revised the guideline for the annual equity grants to non-employee directors to provide for an automatic grant to each non-employee director on June 3, 2013 of restricted stock units having a fair market value of \$100,000 on the date of grant and an annual grant on June 1 of each year thereafter of restricted stock units having a fair market value of \$75,000 on the date of grant. Each restricted stock unit will vest in full on June 1 of the next calendar year after the year of the award, subject to the director's continuous service through such vesting date, and will automatically vest in full upon a change of control of our company.

The following table provides information for the fiscal year ended December 31, 2012 regarding all compensation awarded to, earned by or paid to each person who served as an independent director for some portion or all of 2012. Mr. Zollars, our current Chief Executive Officer, did not receive any compensation for his service as a director during the fiscal year ended December 31, 2012.

PROPOSAL NO. 2

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our audit committee has selected PricewaterhouseCoopers LLP as our principal independent registered public accounting firm to perform the audit of our consolidated financial statements for the fiscal year ending December 31, 2013. As a matter of good corporate governance, our audit committee has decided to submit its selection of the principal independent registered public accounting firm to our company's stockholders for ratification.

Ratification by our stockholders of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm is not required by applicable law, our certificate of incorporation, our bylaws or otherwise. However, our board of directors is submitting the selection of PricewaterhouseCoopers LLP to our stockholders for ratification as a matter of good corporate practice. In the event that PricewaterhouseCoopers LLP is not ratified by our stockholders, our audit committee will reconsider whether to retain that firm. Even if the selection is ratified, our audit committee in its discretion may direct the selection of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of our company and stockholders.

PricewaterhouseCoopers LLP audited our financial statements for the fiscal year ended December 31, 2012. Representatives of PricewaterhouseCoopers LLP are expected to be present at the meeting, in which case they will be given an opportunity to make a statement at the meeting if they desire to do so, and will be available to respond to appropriate questions.

Principal Accountant Fees and Services

We regularly review the services and fees from its independent registered public accounting firm. These services and fees are also reviewed with our audit committee annually. In accordance with standard policy, PricewaterhouseCoopers LLP periodically rotates the individuals who are responsible for our audit.

In addition to performing the audit of our consolidated financial statements, PricewaterhouseCoopers LLP provided various other services during fiscal 2012 and 2011. Our audit committee has determined that PricewaterhouseCoopers LLP's provisioning of these services, which are described below, does not impair PricewaterhouseCoopers LLP's independence from us. The aggregate fees billed for fiscal 2012 and 2011 for each of the following categories of services are as follows:

<u>Fees Billed to Vocera</u>	Fiscal Year 2012	Fiscal Year 2011
Audit fees ⁽¹⁾	\$1,380,000	\$1,494,500
Audit related fees ⁽²⁾	-	-
Tax fees ⁽³⁾	10,000	24,570
All other fees	-	-
Total fees	\$1,390,000	\$1,519,070

(1) “*Audit fees*” include fees for audit services primarily related to the audit of the our annual consolidated financial statements; the review of our quarterly consolidated financial statements; registration statements, comfort letters, consents, and assistance with and review of documents filed with the SEC; and other accounting and financial reporting consultation and research work billed as audit fees or necessary to comply with the standards of the Public Company Accounting Oversight Board (United States). For the year ended December 31, 2012 the Company incurred fees of \$713,000 in connection with its Initial Public Offering and Follow On Offering. For the year ended December 31, 2011 the Company incurred fees of \$1,031,500 in connection with its Initial Public Offering.

(2) “*Audit related fees*” include fees billed for assurance and related services reasonably related to the performance of the audit or review of our fiscal 2012 and 2011 consolidated financial statements. No such services were provided by PricewaterhouseCoopers LLP in 2012 or 2011.

(3) “*Tax fees*” include fees for tax compliance and advice. Tax advice fees encompass a variety of permissible services, including technical tax advice related to federal and state income tax matters; assistance with sales tax; and assistance with tax audits.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

Our audit committee's policy is to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent registered public accounting firm and management are required to periodically report to the audit committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date. Our audit committee may also pre-approve particular services on a case-by-case basis. All of the services relating to the fees described in the table above were approved by our audit committee.

Equity-Based Compensation

Equity-based compensation provides employees a common interest with our stockholders to increase the value of our common stock. Equity awards are granted to employees, including our executive officers, in the form of stock options with an exercise price equal to the fair market value on the date of grant and restricted stock units. Stock options have value only if the stock price increases over time. In addition, equity grants, including restricted stock units, help retain key employees because they typically cannot be fully exercised or settled for a specified vesting period, and if not exercised or vested are forfeited if the employee leaves the employ of our company. We believe that the vesting provision also helps focus our employees on long-term performance. In May 2012, we granted options to purchase 81,000, 47,500 and 36,000 shares of our common stock to Messrs. Zollars, Lang and Zerella, respectively, each at an exercise price of \$24.15 per share. Each of these stock options vests as to 1/4th of the shares of common stock underlying the options on the first anniversary of the vesting commencement date and as to 1/48th of the shares of common stock underlying the option each month thereafter. In addition, in May 2012, we also granted 36,000, 21,000 and 16,000 restricted stock units to Messrs. Zollars, Lang and Zerella, respectively. Each of these restricted stock units vests in three equal annual installments commencing on May 31, 2013.

2012 Executive Bonus Plan

The 2012 executive bonus plan was based on the attainment of two company-wide performance measures, revenue and adjusted EBITDA, with the target bonus attributable to revenues accounting for 50% of an executive's target bonus and the target bonus attributable to adjusted EBITDA accounting for 50% of the executive's target bonus. Each named executive officer had an overall bonus percentage expressed as a percentage of his salary. If both the metrics were achieved at the target level, the named executive officer would receive the target level of bonus. For a bonus to be paid in respect of either of the company-wide metrics, that metric had to be achieved at least at the 80% level, and achievement of between 80% and 100% would produce bonus payments of 20-100% of target. For performance on a company-wide metric above 100%, a maximum bonus percentage of 200% of target could be earned for achievement at the 120% level, and bonus payments from 100% to 200% of target could be earned for performance between 100% and 120% of the target metric. The target bonus percentages for each of our named executive officers were initially as follows: Mr. Zollars—70%; Mr. Lang—55%; and Mr. Zerella—55%. In May 2012, our compensation committee revised the target bonuses for each of our named executive officers to reflect dollar amounts as opposed to percentages. The revised target bonus amounts for each of our named executive officers were as follows: Mr. Zollars—\$405,000; Mr. Lang—\$203,000; and Mr. Zerella—\$201,000.

In February 2013, based on our 2012 corporate performance, our compensation committee determined that we achieved the revenue target at approximately the 98% level and that we achieved the adjusted EBITDA target at approximately the 196% level. This resulted in bonus payments of approximately 46% of the target bonus as a result of the achievement of the revenue target and 100% of the target bonus as a result of the achievement of the adjusted EBITDA target, for an aggregate bonus payment of approximately 146% of each named executive officer's target bonus.

“Householding” — Stockholders Sharing the Same Address

The SEC has adopted rules that permit companies and intermediaries (such as brokers) to implement a delivery procedure called “householding.” Under this procedure, multiple stockholders who reside at the same address may receive a single copy of our annual report and proxy materials, including the Notice of Internet Availability, unless the affected stockholder has provided other instructions. This procedure reduces printing costs and postage fees, and helps protect the environment as well.

We expect that a number of brokers with account holders who are our stockholders will be “householding” our annual report and proxy materials, including the Notice of Internet Availability. A single Notice of Internet Availability and, if applicable, a single set of annual report and other proxy materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that it will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent. Stockholders may revoke their consent at any time by contacting Broadridge, either by calling toll-free (800) 542-1061, or by writing to Broadridge, Householding Department, 51 Mercedes Way, Edgewood, New York, 11717.

Upon written or oral request, we will promptly deliver a separate copy of the Notice of Internet Availability and, if applicable, annual report and other proxy materials to any stockholder at a shared address to which a single copy of any of those documents was delivered. To receive a separate copy of the Notice of Internet Availability and, if applicable, annual report and other proxy materials, you may write or call our Investor Relations department at 525 Race Street, San Jose, California 95126, Attn: Investor Relations, telephone number (443) 213-0502.

Any stockholders who share the same address and currently receive multiple copies of our Notice of Internet Availability or annual report and other proxy materials who wish to receive only one copy in the future can contact their bank, broker or other holder of record to request information about householding or our Investor Relations department at the address or telephone number listed above.
